Hi all,

My job contract will likely end in May 2023, which is three months sooner than was earlier communicated to me by my employers at the School of Public Health, University of Michigan. As you know, I'm not a citizen and so I cannot legally remain in the US once my contract ends, unless I am able to find another job in the US. I need to spend all my spare time looking for another job and planning my move.

I can no longer attend any Renters Commission meetings, including the monthly meetings.

I appreciate being given the opportunity to serve.

Thanks,
Richa
