

To whom it may concern,

In regards to the proposed construction on 1854 Upland Drive, it is unreasonable to build 4 houses here. The city already has problems maintaining the road without added homes.

Furthermore, this is a small dirt road with only one entrance and exit. It is not a place for a mini-subdivision which would ruin the peaceful, country-like atmosphere of our small neighborhood.

Two houses would be a more reasonable addition to our space here.

Thank you,

Karenda Seiler
