Dear Ms. Bridges, I saw that you were listed as the primary engineer for the Miller Avenue improvements project, and I wanted to reach out to thank you and all who have been a part of this remarkable effort as it comes to a close.

I live off of Newport Road and use Miller pretty much daily. I am an avid cyclist, and I'm so grateful that the city has committed the resources to have a protected bike path along Miller. Likewise, the speed humps should calm traffic that often in the past has been far too fast.

Thank you for your work for the city and for your leadership of this terrific project. Yours, Jeff Abernathy
