**Subject:** Planning Commission meeting tonight  
**Importance:** High

Please forward my email to the members of the Planning Commission in advance of tonight's meeting if possible. I wish I could attend in person, as I feel very strongly about this topic both as a professional and as an Ann Arbor resident.

I am the Executive Director of the Interfaith Hospitality Network (IHN) at Alpha House. IHN provides emergency shelter and housing support services to children and families experiencing homelessness in Washtenaw County. I am also a member of the Board of Directors of the Washtenaw Housing Alliance and the HIV/AIDS Resource Center.

**I would like to express my strong support for the Planning Commission members to approve the Ann Arbor Housing Commission's Platt Rd Property proposal to re-zone their property, located at 3451 Platt Road – just south of Packard Road.**

As the director of an agency that works with children and families experiencing homelessness, I see the need for more affordable housing units every day. The AAHC is an incredible partner and provides a vital service to our community. We need to support this initiative which takes direct action to reduce homelessness by providing quality affordable housing and services to help house the families and children most in need in our community.

Thank you for your time and consideration.  
Nicole
