Subject: March 4, Ann Arbor Planning Committee Meeting Agenda Item to allow multi-family dwellings in single family neighborhoods... ● STOP!

To Whom It May Concern, It has just come to my attention that one or more items on tonight's City Planning Committee's Meeting may be an item focused on allowing the building of multi-family housing units in what has been and currently is, on single-family housing, streets and/or in single family housing neighborhoods. ● 🙅 STOP ● I am adamantly against this idea/plan and do NOT support the City Planning Committee's attempt to turn my street/neighborhood into a subdivision filled with condominiums and/or apartments.

Do Not Change Zoning in my Barton/Traver Road/David's Court neighborhood to allow for additional, multi-living dwellings to be built on my street or in my neighborhood.
