Ann Arbor DDA

FY26 and FY27 Budget Work Session –

TIF Funds

- Budget Basics
- Budget Highlights
- Budget Summaries
- Next Steps

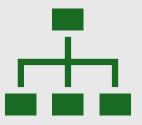

Budget Basics

Budget Basics Overview

Our budget process is informed by statute, City ordinance, the development plan, etc.

Organizational Structure

Our financial statements are presented by system, but our budgets are approved by fund –

General/TIF Fund

Housing Fund

Public Art Fund

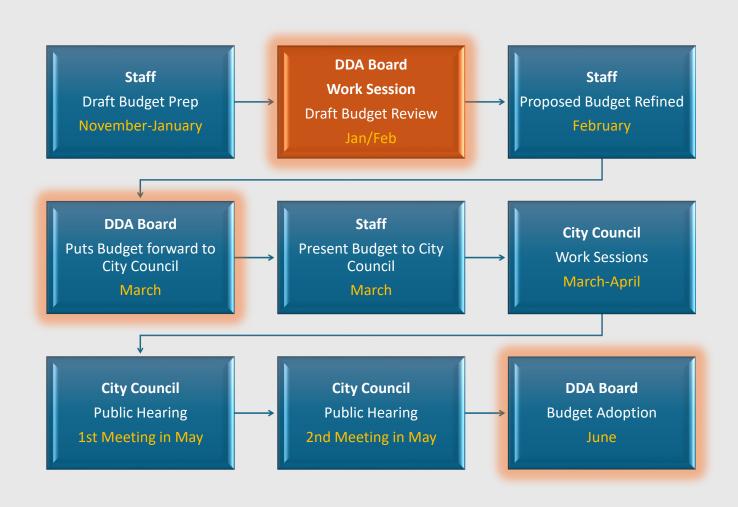

Bi-Annual Process

FY26 is the first year of the two-year cycle when we budget for year one and plan for year two.

Budget Basics

Timeline

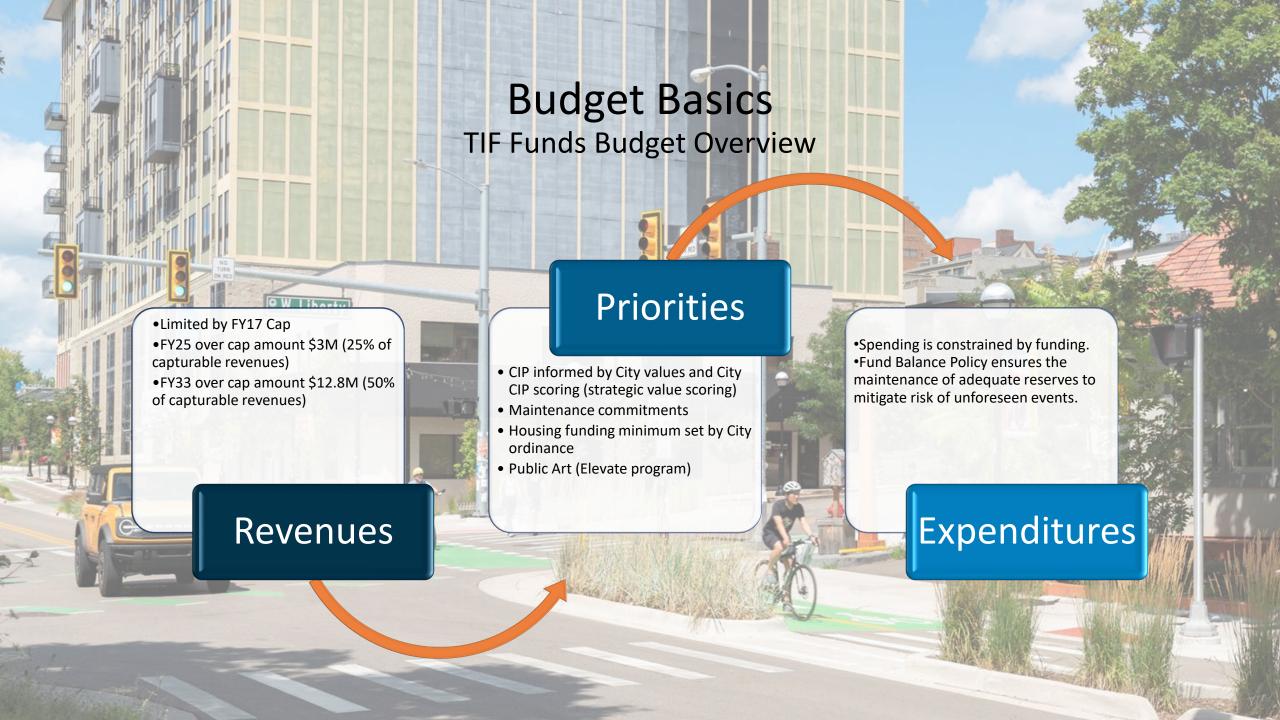

- **Budget year -** July 1 thru June 30 (FY26)
- DDA Budget must be adopted before July 1.
- City Budget includes DDA Budget as component unit
- DDA Budget goes thru City public hearing process
- DDA Budget is adopted by DDA Board after approval by City per statute

Budget Basics

Development Plan Schedule and Budget Coordination

- Budget Consideration: Include capacity to implement a new Development and TIF Plan.
- A budget provides capacity to spend but does not require it.

Actual	Projected	Budget	Budget	Estimated	Estimated	Estimated	Estimated	Estimated	Estimated
FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	FY 2031	FY 2032	FY 2033

Budget Highlights Debt Allocation General/TIF Fund

- A debt reallocation is proposed beginning in FY26.
- It will shift \$1.1M of annual debt payments from the TIF system to the Parking system.
- The new distribution better aligns with our current model for debt allocation.

Project Name	2026	2027	2028	2029	2030	2031
Annual DDA General Capital Improvements and Maintenance	450,000	500,000	500,000	550,000	550,000	550,000

Total TIF	1,963,000	3,758,000	775,000	825,000	3,825,000	3,825,000
Total Grant	400,000	600,000				

Budget Highlights Capital Improvement Plan General/TIF Fund & Public Art Fund

- The DDA participates in the City's Capital Improvement Plan (CIP) process as required by City Ordinance.
- CIP values are approved without regard to year and can 'rollover' from year to year.

		FY25	FY26	FY27
		Projected	Requested	Requested
Contingecy	Admin/Operations	250,000	500,000	
	Operations - Service Tear	m	1,000,000	1,030,000
	CIP - Bollards		6,000,000	
	Total Contingency	250,000	7,500,000	1,030,000

Budget Highlights Contingency General/TIF Fund

- Contingency new budget category
- Development Plan create capacity in FY26 & FY27 dependent on TIF cap adjustment

Contingency - Service Team Responsibilities General/TIF Fund

- Sidewalk & curbside cleaning, weeding, trash & debris removal
- Landscape maintenance
- Alley power washing

Contingency - Service Team Responsibilities General/TIF Fund

- Snow removal and ice melt application at sidewalk ramps, bus stops, ADA parking spaces, and benches
- **Bikeway delineator** maintenance / replacement
- Brick, bench, and bike hoop **repairs**
- Supplemental pedestrian trash can service when visitor volume is high

Contingency - Service Team Responsibilities General/TIF Fund

- Barricade deployment
- Seasonal light installation
- Provide a consistent presence and service connection to
 - Educate and remind business owners of code requirements
 - Connect directly with A2 fix it to report streetlight outages and infrastructure concerns
 - Connect those in need with services

Contingency – Barricades & Downtown Events General/TIF Fund

EXISTING CONDITIONS & CHALLENGES

Barricade ownership & management – solution needed

- No one City department staffs or manages barricades.
- Without City involvement, all barricades must be flexible and light weight so event managers can place and manage them.

Existing Barricades- replacement solution needed

- Event staff can move and place them, which allows for flexibility
- That same flexibility results in the barricades being moved out of place and breaking over time
- Trip hazard even when placed appropriately
- Unattractive & confusing

DDA Service Team – a potential solution

DDA overseeing management & operations creates the opportunity to have attractive, safe barricades

Contingency – Barricade Placement

General/TIF Fund

Access Point

 Where treatments need flexibility to open for emergency vehicle access, services, maintenance, etc.

Extension Area

 Where treatments can be more permanent or semi-permanent for duration of the event or seasonal street.

Sidewalk Area

 Where treatments can be more permanent or semi-permanent for duration of the event or seasonal street.

Contingency – Retractable Bollards

General/TIF Fund

Northville case study

- Ameristar SP100 Lift-Assist Bollard
- Northville's Ameristar option is lift-assist and highly recommended. Requires staff/operator to deploy/undeploy
- 7,000 lbs vehicle at 30-mph
- Approximately 55" install depth
- 4-foot spacing
- Access key allows for single person to deploy less than
 5 minutes per street section to deploy.
- Cover hatches oriented in snow-plow direction

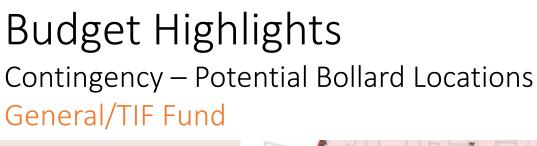

Contingency – Retractable Bollards

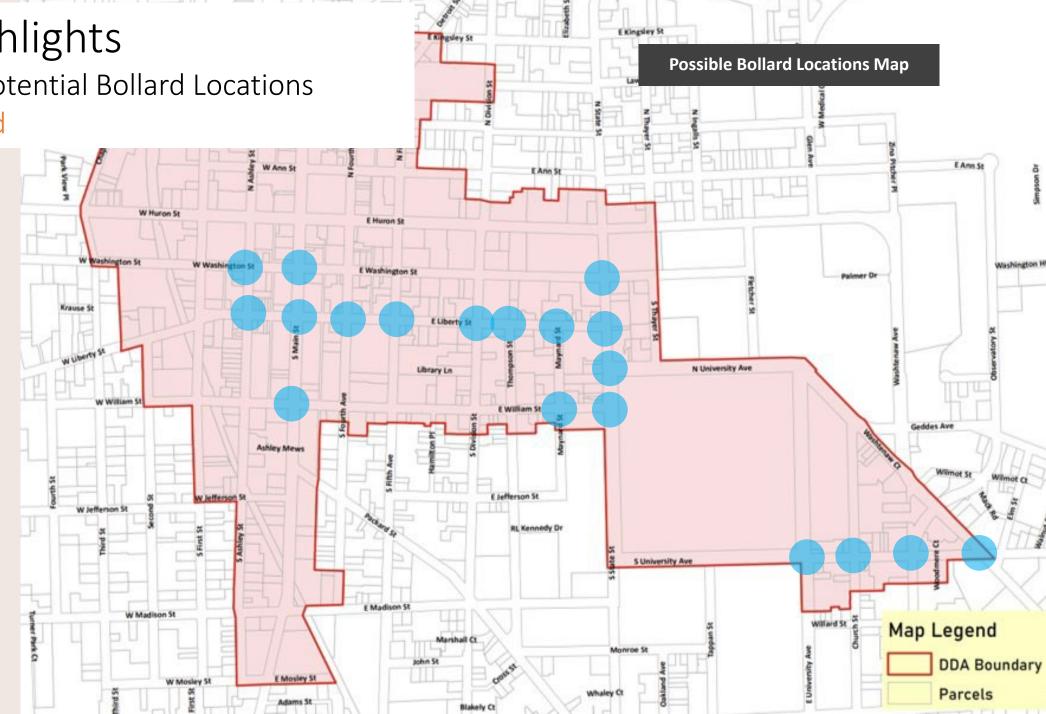

General/TIF Fund

SPECIFIC TREATMENTS

- Retractable event bollards
- Located at intersections that coincide with event streets

Contingency – Meridian PVBS General/TIF Fund

SPECIFIC TREATMENTS

- Strong & durable, but easy to move with the proper tools.
- Hand-moveable with carry pole but requires organizer training/resources (prevents passersby from moving).
- Requires delivery to site.
- If used as part of a closure, pair with other aesthetic treatments.

Budget Summaries

Budget Summary FY25 Budget vs Projected General/TIF Fund

- TIF Revenue millage rates increased
- Contingency reallocated from Admin to separate category
- CIP timing/planning reductions
