Subject: 2025 Comprehensive Re-Zoning Plan

Dear Sir:

I want to make my objects clear regarding the proposed re-zoning of all Ann Arbor neighborhoods to permit four-story buildings of unspecified height (with no accommodation for the additional parking required). This sort of irresponsible re-zoning will destroy the character and livability of neighborhoods like mine, which is over 100 years old, that make the City of Ann Arbor one of the most desirable locations to live in Michigan. Please do not kill that which is of great value to the citizens of this city.

Sincerely,  
Bruce Block  
1319 Olivia Ave
