This is from the neighbors directly behind us. The guy from the city mentioned that they would be the most critical ones since our house sits so close to the back property line.

To Whom It May Concern:

We support the plan for the screened porch addition proposed by Inge and David Miller and Meadowlark Builders at 1125 Fair Oaks Pkwy, Ann Arbor, MI 48104. The plan looks like a positive enhancement to the house and seems compatible with the historic neighborhood.

Sincerely,

This is from the neighbor on the garage side of the house. Not as critical, but I figured neighbors on all sides would be worth it. One more coming!

To Whom It May Concern:

I am writing in support of the Screened Porch Addition that Inge and David Miller are planning at 1125 Fair Oaks Pkwy, Ann Arbor, MI 48104. I live next door at 1111 Fair Oaks Parkway. I've seen the design and believe it is appropriate for their house and compatible with other houses on our street. It is my understanding that Meadowlark Builders will handle the project, and that the company has a fine reputation.

Sincerely,
