Dear Ann Arbor Transportation Commission,

My name is Chelsea Coon, and I am the current co-Director of New Member Education for the Ford Leadership Forum chapter at U-M. A significant part of our new member programming involves researching and creating a policy proposal for an area of local policy, and, this semester, we are focusing on transportation policy in Ann Arbor. Due to your commission's expertise, I was wondering if a member of your team would be willing to come speak to our group about the history of transportation policy in Ann Arbor and recent developments/proposals. If you are interested, we meet on Thursdays at 7pm and would love to host you on either this Thursday (3/12) or next Thursday (3/19), either in-person or via Zoom. Thank you for your consideration!

Best,

Chelsea Coon
