Subject: Farmers market hours

Categories: Blue Category

I have been at Farmer's market for at least 30 years, and most of my business sales have been conducted between the hours of 12pm and 2pm. People usually want something sweet after they eat. It would awful for my customers who have been coming to the market for 30 years and make a special trip to see me after lunch and find me gone! at 1 pm. Please keep the current market hours as they are 6:00am to 3:00pm.

**Respectfully,
Sherry Toney**
