Re: QUOTATION

Dear Keith:

D3W Industries is happy to provide Planet Breeze P to the City of Ann Arbor at a per gallon rate of \$61.00, when purchased in totes of 275 gallons or greater which constitutes a savings of over a 10% versus our list price. This pricing agreement can be extended for up to two- one year renewals at no increase in cost if the supplier and the City Administrator agree. Approval for subsequent fiscal years is subject to the availability of funding by the City.

Thank you, if you have questions please advise.

Regards,

Nick Lionas
