Subject: Please Support the Climate Emergency Resolution

Dear members of city council,

I am writing to ask you to please support the Climate Emergency Resolution put forward.

We are in a very privileged position where we can take stronger actions than more undeserved areas. We have a duty to utilize that privilege for good to demonstrate integrity and what is possible. We have already pushed passed the limits of what this earth and ecosystems can tolerate and we must do everything we can to try and mitigate and repair what we can.

Thank you.

Hi Council Members,

The subject line says it all - please pass DC-5, the Climate Emergency Resolution. I am all for it and for your other sustainability and climate action work. Passing the Climate Emergency Resolution is what a community like Ann Arbor does - in part to set an example for other cities of what needs to be done and without delay! Thank you.
