Subject: Proposed use of building on Packard Road

I am writing with my concerns regarding the proposed use of the building at 1202 Packard Road as a medical marijuana distribution site. It is my understanding that the Planning Commission will be making a decision on the proposed use. I am concerned with the location of the building in close proximity to a buddist temple on one side and a family grocery store on the other side, on a busy street with few parking spaces. I am concerned about increased congestion in a still relatively-quiet neighborhood. More appropriate sites in downtown or in detached buildings with parking, are already functioning in Ann Arbor. Please advice me regarding appropriate input re. your decision on this matter.

with thanks in advance,
