Dear Ms. Mccreeedy,

I am pleased to extend an invitation for you to speak at [CoMotion MIAMI 2026](#), taking place **April 28th and 29th, 2026**, in downtown Miami.

CoMotion MIAMI is an international forum dedicated to shaping the future of urban mobility and transportation. It convenes visionary public- and private-sector leaders to explore the future of mobility in one of the world's leading hubs for transportation innovation and urban transformation.

The 2026 program will spotlight **“Urban Mobility in the Age of AI,”** examining how artificial intelligence and emerging technologies are transforming the movement of people and goods across metropolitan regions.

Given your expertise in urban mobility and transportation planning as Transportation Manager for the City of Ann Arbor Mobility Office, we would be delighted to include you in a featured panel on advancing multimodal transportation solutions and improving citywide mobility. Your perspective would be a valuable addition to this international gathering of policymakers, investors, and industry leaders.

While we are unable to cover travel expenses, we hope the opportunity to engage with a highly curated, global audience – and to help shape the conversation around the next phase of urban mobility – will make participation worthwhile.

Please let me know your availability and any specific topics you would like to cover by **March 9<sup>th</sup>, 2026**. If interested, I would also be happy to share a short briefing on the program themes or to organize a call to discuss your potential contribution to the conference in more detail.

Attached is an official invitation from our Founder & CEO, John Rossant. We hope you can join us – it would be a privilege to have you.

Sincerely,  
Celia Zuberec
