

Subject:

Supporting the variance request for 518 w summit

Hello Jon and Courtney,

My name is Molly Burton and my husband (Juri Jacoby) and I are residents of 813 Hillcrest Drive in Ann Arbor. We are writing to support the variance request for 518 West Summit being submitted by Tom and Jess Waters.

We are incredibly supportive of a standard fountain street setback of 25' rather than 40' that results from the neighboring plots being through lots. The 40' setback will make for an odd placement in the yard, not only being visibly strange for the neighborhood but also mis using the land itself.

We cannot attend the meeting on Wednesday night, so wanted to write this letter in support prior for your consideration.

Thank you,
Molly and Juri
