Subject: Comprehensive plan input

Hello,

I am a registered voter living in Ann Arbor at 2320 Parkwood Ave 48104. I am writing to urge the commission to allow for more density in the new comprehensive plan. Ann Arbor faces a severe housing shortage and an overwhelming amount of traffic due to the high number of people who need to commute in and out of the city. Allowing for more density will help to ease the housing shortage and allow more people to use public transportation, which would ease traffic congestion. I hope the commission is not swayed by the highly vocal citizens who argue against density and think that plans for more density are fueled by some sort of corruption.

The time for action is now. We should not pause the new plan. We must act boldly to ensure the future success of Ann Arbor.

Thank you,

Patrick McSweeneyh
