Upzoning issue for A2

1) Please allow me to make you aware that I am **NOT in favor** of changing our lovely neighborhoods that will result from the push for UpZoning, developing 3-4 story high multiple unit/purpose buildings that do NOT match the intention or the original aesthetics around A2.

2) I believe it is **UNDEMOCRATIC** to avoid notifying A2 residents (ie, taxpayers and registered voters) of your plans to change the very properties we live on and next to. We have NOT been asked for our input, how did y'all arrive at this decision?

I'm for affordable housing in A2 but this won't get it based on the real evidence from previous efforts/examples. A more surgical approach to density and affordable housing will be crucial to maintain what made A2 a unique place to live. I've been a resident since 1987.

Thank you,
