AAPD Data Collection and Analysis

Vice-Chair F. Todoro discussed where the commission is on data analysis. The AAPD has finalized their search for a data analysis. A candidate has been chosen to help establish a data collection process to best fit our needs in Ann Arbor. This will help us to review what is going on now, how calls come in and how calls are being assigned. We are still working on some of the strategic plans this month, and hope to bring the commission more information in November.

Revisions to the Complaint Review Process

Vice Chair F. Todoro discussed working out a process that helps ICPOC with information on complaints from AAPD. Due to unforeseen changes

in personnel and Covid-19 our process was slowed down. Now we're looking at establishing Standard Operating Procedures on how a complaint is processed. Possibly sharing access to these steps with the community via ICPOC website. Vice-Chair F. Todoro has documented four procedures she will formalize and share with the commission at November's meeting.
