Travis Radina- Ann Arbor City Council

300 E. Huron St.
Ann Arbor, MI 48104

Dear Mr. Radina,

We are writing this letter to specifically request to amend the Consent Judgement for the property located at 2857 Packard Rd. We have been communicating with Mr. Bob Weber, the owner of the property, for months on the specifics of our proposed development as well as potential paths to purchase his land. There is no formal agreement in place with Mr. Weber. Mr. Weber has indicated to us verbally that he is in support of us purchasing the property and constructing our proposed development. We have presented/ submitted preliminary plans to the city for review. The plans submitted were a collaboration between several local consultants and Thrive Collaborative.

Your attention to this matter is greatly appreciated.

Sincerely,

Joey Jonna
