

CONTRACT EXTENSION No. 1
BETWEEN THE CITY OF ANN ARBOR
AND SAK CONSTRUCTION, LLC

This is Extension No. 1 ("Extension") to the Contract between the City of Ann Arbor, a Michigan municipal corporation, located at 301 E. Huron St. Ann Arbor, Michigan 48104 ("City") and SAK Construction, LLC, a Missouri limited liability company, 864 Hoff Road, O'Fallon, Missouri 63366 ("Contractor") for the 2023 Sewer Lining Project, RFP 23-41, A2-0002180 dated 1-11-2024 ("Contract"). City and Contractor are referred to collectively herein as "the Parties."

Recitals:

Whereas, the City Administrator is authorized to approve the extension of the Contract for an additional one-year period on the same terms and conditions, subject to the availability of funds;

Whereas, the City and Contractor desire to extend the Contract for the one-year period commencing May 1, 2025 and ending April 30, 2026 on the same terms and conditions.

Terms:

1. The Parties agree to extend the Contract for a period of one year commencing May 1, 2025 and ending April 30, 2026 ("Extension Period").
2. Contractor shall perform sewer lining and other work as specified in the Extension and RFP 23-41 during the Extension Period. The revised Project Schedule Detailed Specification set out in Attachment A and the new sewer lining locations set forth in Attachment C, attached hereto, shall apply to work performed during the Extension Period.
3. The City shall pay the Contractor for the performance of work under the Extension during the Extension Period the unit prices and amounts as set forth in Attachment B which shall not exceed the total amount of Four Million, Two Hundred Eighty Seven Thousand, Eight Hundred Seventy Five and 12/100 Dollars (\$4,287,875.12). Contractor shall submit invoices as required under the Contract. Payments are subject to approval of the Contract Administrator.
4. Contractor shall provide an updated performance bond and material and Labor bond reflecting the Extension Period and new not to exceed compensation amount.
5. Contractor shall maintain, during the extension period, all insurance required under the Contract, and shall comply with all terms and conditions thereof, including but not limited to Contract Compliance requirements under City Code Chapter 112 and Living Wage requirements under City Code Chapter 23.
6. All terms, conditions, and provisions of the Contract between the Parties unless specifically amended above, are to apply to this Extension and are made a part of it as though expressly rewritten, incorporated, and included herein.
7. This Extension shall be binding on the Parties' heirs, successors and assigns.

**DETAILED SPECIFICATION
FOR
PROJECT SCHEDULE**

1 of 2

DESCRIPTION

Examination of Plans, Specifications, and Work Site: Bidders shall carefully examine the Bid Form, plans, specifications and the work site until the Bidder is satisfied as to all local conditions affecting the contract and the detailed requirements of construction. The submission of the bid shall be considered prima facie evidence that the Bidder has made such examination and is satisfied as to the conditions to be encountered in performing the work and all requirements of the contract.

The entire work under this Contract shall be completed in accordance with, and subject to, the scheduling requirements as outlined below, and all other requirements of the Contract Documents.

1. The Contractor shall begin the work of this project on or before **May 1, 2025**, and only upon receipt of the fully executed Contract and Notice to Proceed. Appropriate time extensions shall be granted if the Notice to Proceed is delayed beyond this date.
2. The entirety of work under this Contract, including but not limited to sanitary sewer inspection, cleaning, televising, and rehabilitation (cured-in-place pipe [CIPP] lining); manhole rehabilitation; the removal of any and all traffic control devices; and the installation/maintenance of the needed temporary soil erosion and sedimentation control devices, shall be completed by the Final Completion date of **April 30, 2026**.

The Contractor shall not begin the work before the applicable date(s) as describes herein without approval from the Project Engineer, and in no case before the receipt of the fully executed Contract Extension.

Time is of the essence in the performance of the work of this contract. The Contractor is expected to mobilize sufficient personnel and equipment and work throughout all authorized hours to complete the project within the specified time/date of this Contract. Should the Contractor demonstrate that work must occur on Sundays in order to maintain the project schedule, they may do so between the hours of 9:00 a.m. and 5:00 p.m. with prior approval from the City. The Contractor will submit authorization requests for any Sunday work a minimum of three working days in advance of the day of the proposed work. There will be no additional compensation due to the Contractor for work performed on Sundays.

Prior to the start of any construction, the Contractor shall submit a detailed progress schedule of work for the Engineer's review and approval. Work shall not start until a schedule is approved in writing by the Engineer. The Contractor shall update the approved work schedule upon request by the Engineer and present it to the Engineer within seven days of said request.

The City's decision to delete locations, add locations, change the limits of construction limits at any locations, or, the City's contribution to a delay of the construction at any one location shall not entitle the Contractor to receive additional compensation for work on any other location(s), nor shall it relieve the Contractor of any responsibilities for completion of work on any other location(s).

**DETAILED SPECIFICATION
FOR
PROJECT SCHEDULE**

2 of 2

The Engineer may delay or stop the work due to threatening weather conditions. The Contractor shall not be compensated for unused materials or downtime due to rain, or the threat of rain. The Contractor is solely responsible for repairing all damages to the work and to the site, including road infrastructures, road subgrades, and any adjacent properties, which are caused as a result of working in the rain.

The Contractor shall not work in the dark except as approved by the Engineer and only when lighting for night work is provided as detailed elsewhere in this contract. The Engineer may stop the work or may require the Contractor to defer certain work to another day, if, in the Engineer's opinion, the work cannot be completed within the remaining daylight hours, or if inadequate daylight is present to either properly perform or inspect the work. The Contractor will not be compensated for unused materials or downtime, when delays or work stoppages are directed by the Engineer for darkness and/or inadequate remaining daylight reasons. The Contractor is solely responsible for repairing all damages to the work and to the site, including road infrastructures, road subgrades, and any adjacent properties, which are caused as a result of working in the dark.

No work shall be performed, or lane closures permitted during the holiday periods, as defined by the Engineer.

Failure to complete all work as specified herein within the times specified herein, including time extensions granted thereto as determined by the Engineer, shall entitle the City to deduct from the payments due the Contractor, **\$1,500.00** in Liquidated Damages, and not as a penalty, for delays in the completion of the work for each and every calendar day beyond any "Complete Work" date for each location, and beyond the overall project completion date as required by this Detailed Specification.

Liquidated Damages will be assessed until the required work is completed in the current construction season. If, with the Engineer's approval, work is extended beyond seasonal limitations, the assessment of Liquidated Damages will be discontinued until the work is resumed in the following construction season.

If the work required by this construction contract is not completed by the specified date(s) including any extensions of time granted thereto, at the sole discretion of the City of Ann Arbor, this Contract may be terminated with no additional compensation due to the Contractor, and the Contractor may be forbidden to bid on future City of Ann Arbor projects for a period of at least three (3) years. If the Engineer elects to terminate the Contract, contract items paid for on a Lump Sum basis shall be paid up to a maximum percentage equal to the percentage of the contract work that has been completed.
