Subject: Circle K redevelopment

I'm sending my opinion concerning the Circle K redevelopment at the corner of East Stadium Blvd. and Packard. After studying the two proposals, I support the Preliminary Alternative Plan, which places the new building along the south edge of the property, with the lights and any activity facing away from the neighboring residences.

I have lived in the Iroquois neighborhood for fifty years. We have never had serious problems with the gas station at this corner. I hope the Planning Commission, in their wisdom, will approve the plan that takes this neighborhood into account, keeping noise and light pollution to a minimum and giving us a safe area for vehicle and pedestrian safety.
