Dear Ms. Rampson,

Thank you for the opportunity to respond to the proposed rezoning of 336 East Ann Street from D1 to D2 zoning. Per our discussion, our intention would be to develop additional office space at a future date and provide more employment opportunities in downtown Ann Arbor. The proposed rezoning limits our ability to do so. Our request is to remove 336 East Ann Street from the downzoning proposal.

We appreciate the invitation to provide comment and would work closely with City Planning on any future projects to ensure that we meet the needs of the community.

Sincerely,
