Amendment for DC-2

RESOLVED , That the Ann Arbor City Clerk will send copies of this resolution to Citizens' Climate Lobby (CCL), the Climate Leadership Council (CLC), U.S. Senators Debbie Stabenow and Gary Peters, and U.S. Congresswoman Debbie Dingle.

RESOLVED , That the Ann Arbor City Council directs the City Administrator devise a plan to effectively advocate the Carbon Fee and Dividend Plan and describe actionable efforts the City can take to get that plan adopted.

Thank you,  
Jack

**To:** Beaudry, Jacqueline  
**Subject:** Amendment to CA-1 (DS-2)

Amend paragraph 4 as follows:

4. Early Termination/~~Transportation Use~~. City reserves the right to terminate this Lease ~~for use of all or a portion of the site to facilitate public transportation~~ with 12 months advance written notification to University. Termination under this provision will be automatically effective on the date specified in the notice and City shall have no further obligation to University under this Lease except that if the 12-month notice period occurs so as to cross annual payment periods (i.e. for example: notice period June-May/annual payment period September-August), University shall be entitled to a rebate of that portion of the annual payment applicable to the months after the termination date. ~~Upon initiating formal planning for construction of a new commuter rail station, relocating the Ann Arbor Amtrak intercity passenger station or developing a local connector service contemplating use of a part, or all, of Lot A, City shall notify University of such planning considerations. Notification shall be in writing and will include information regarding University input in City's planning process. City will work cooperatively with University while considering enhancing transportation service to this location. The planning process will assure both parties' interests are included in all considerations. It is recognized that provision of high capacity public mass transportation service to this site is intended to increase access and mobility resulting in a decrease in the need for surface parking by University. Notwithstanding the above, it is understood by the parties that participation by University in the planning process does not negate or otherwise impact City's right to terminate this Lease for the reason stated.~~

Thank you,  
Jack
