**Subject:** proposal to remove the “building on stilts” at 2929 Plymouth Rd

Good evening,

I am emailing to provide feedback regarding the proposal to remove the “building on stilts” at 2929 Plymouth Rd for a UMCU building with three drive-through lanes that run through Prairie St. I reside in the Orchard Hills/Bromley neighborhood, I have a family membership at OHAC pool where my teenage daughters are lifeguards each summer and I am a business owner leasing space in the office building at 3001 Plymouth Rd. As it is presently, this is an highly congested area during school and rush hours turning onto and out of Prairie St. Adding a bank with three drive-through lanes that enter/exit onto the neighborhood of Prairie St. will only create more traffic where there is already high congestion. Finally, Plymouth Rd. has a large number of banks already. There is no need to add one more. It is my opinion that this proposal be denied.

Sincerely,

Julie Boster, LMSW, CAADC (she/her)
