Subject: Dhu Varren - Nixon - Green Road developments

Hi Igor,

I attended the community meeting this week at Clague school regarding the Dhu Varren - Nixon - Green Road intersection. Like many of those in attendance, I was disappointed that a comprehensive study was not undertaken. Nixon Road is very congested already. It is only going to get much worse with all of the planned housing units. Just looking at the Dhu Varren - Green Road intersection does not provide a complete picture. There will no doubt be exits from the new housing development onto Nixon Road at other points besides Dhu Varren and this should be reviewed. If not, the City is doing a less than adequate job of planning.

Although this meeting was not to discuss the planned housing units, I must express my dismay that the City of Ann Arbor would allow such a large number of housing units to be added in this area. My schedule did not allow me to participate at the meetings when the new developments were discussed. I have lived in this area for over ten years. I always knew and expected the land would be developed at some point. I did not, however, expect the City of Ann Arbor to allow so much housing in the same area and all at once. You are basically dropping a small city in the middle of this section of Ann Arbor... and as you heard at the meeting, most of the residents are not happy about it.

Thank you for your time.
Sabrina Keeley
