I'm writing to give my full support to the project at 530 N. Division. Mr Selby has done due diligence with the neighbors and the Historic District Commission to get this right and he has! When he's finished, this may be an award-winning project and a model for other cities to follow in terms of historic preservation, neighborhood sensitivity, and responsible climate-change building practices. It's a winner in my book and I hope you will pass it unanimously.

Sincerely,
