Hello Transportation Commissioners,  
If you could please take the time to check out this episode of the Strong Towns Podcast. It is long, but it covers a lot of subjects relevant to improving our transportation system.

<https://podcast.strongtowns.org/e/road-design-creates-aggressive-drivers-we-can-fix-that/>

Part of what it covers is the Strong Towns Crash Analysis Studio. Commissioner Houk's <https://crashesinannarbor.org/> could be the seeds of a municipal crash analysis studio for Ann Arbor if we are so moved. I really appreciate the work everyone is doing to make Ann Arbor a better place.

Thank you,  
Seth Peterson
