**Subject:** Support for A2 for ALI

To Whom It Might Concern,

I am writing as a private citizen and homeowner in A2 as well as a professor of urban sustainability. I would like to voice 100% for the rezoning effort being undertaken by the city. Although I understand some of the concerns raised by my fellow citizens, I believe that if properly done, rezoning will lead to a more dynamic, sustainable, and prosperous Ann Arbor.

Please forge ahead with the rezoning plan. The long term gains will outweigh the short term political costs.

Respectfully
