Dear Chairman John Mirsky, Ann Arbor Energy Commission,

I have enjoyed the opportunity to serve on the Ann Arbor Energy Commission, however I must resign from the Commission at this time. My professional and personal obligations do not allow me the time to devote to the position that I believe are required to address the very real challenges we face in our energy usage and future. I am happy that the Ann Arbor Energy Commission is filled with passionate climate advocates and energy professionals. I hope to be able to contribute in different ways to the city's decarbonization efforts and A2Zero ambitions. I am interested in finding other ways to contribute. I am open to working on an individual effort and am willing to make myself available if there are any questions that you have where my expertise in the utility space could be of help.

Warm regards,

A handwritten signature in black ink that reads "Teresa E. Hatcher". The signature is written in a cursive style with a large, flowing 'T' and 'H'.
