**Subject:** Comprehensive Plan

I would like to add my voice to that of Jeff Crockett and others who are dismayed to see how unsupportive the Plan is for historic districts. Historic districts are not the enemy of density or affordability. They are one of the elements that contribute to the appeal of our city and they support the history and the diversity of Ann Arbor.

What appears to be a movement to undermine the historic districts in order to meet other goals of the city is ill-considered and unnecessary. Please include language that supports historic districts into the Comprehensive Plan.

Thanks you, Elleanor Crown
