Please pause the Comprehensive Land Use Plan

I'm writing to ask you to please pause the Comprehensive Land Use Plan, and bring it back to the drawing board so that more input from residents can be included. Granted some of us, who watch local government meetings, are aware of the plan, although I don't agree with its contents. But there are many many more Ann Arbor residents who only recently became aware of the plan. You say it's no big deal and merely a guide. But you certainly know that the Comprehensive Plan is more than merely a guide. It will be the blueprint used for our city's zoning. And that zoning determines the future of Ann Arbor. So, all residents should have a say. You call yourselves progressives, but true progressives do not rule from the top down, and do not advocate for trickle down, as Reagan did. So please pause the Comprehensive Land Use Plan so everyone who chooses to help create it has that chance.

I would appreciate a reply. Thanks. -Peace, Kitty
