

A black and white photograph of a busy city street. In the foreground, a group of people are walking across a crosswalk. To the right, a street sign on a pole reads "USE PED SIGNAL" with a bicycle icon. The background shows a row of buildings, including one with a "NOODLES & COMPANY" sign. The scene is set in an urban environment with brick sidewalks and a mix of modern and older architecture.

DDA DEVELOPMENT PLAN UPDATES

Agenda

1. March 2024 Workshop Summary
 1. Circulation Study
 2. Comprehensive Plan
2. Elevate - DDA Placemaking Program

DDA TIF Workplan + Coordination Downtown Planning Efforts

City Comprehensive Plan (Planning Department led, DDA involvement)

- Guide the City's physical development, policymaking, and programming over the next 25 years +, including a new downtown plan.
- Provide a framework for achieving the City's desired goals, ensuring its diversity, supporting investment and promoting desired change.

Downtown Circulation Study (DDA-led, with Transportation Department cost share)

- Study how street changes can meet a range of community goals and create an implementation strategy. This includes the remaining bike connections into and through downtown, transit priority streets, an event street evaluation, and a 5th & Division two-way traffic feasibility study.

MDOT Jurisdictional Transfer Study (Transportation Department led, DDA involvement)

- Identify the cost and benefits of City ownership of the trunklines to inform a discussion about future ownership of these corridors.

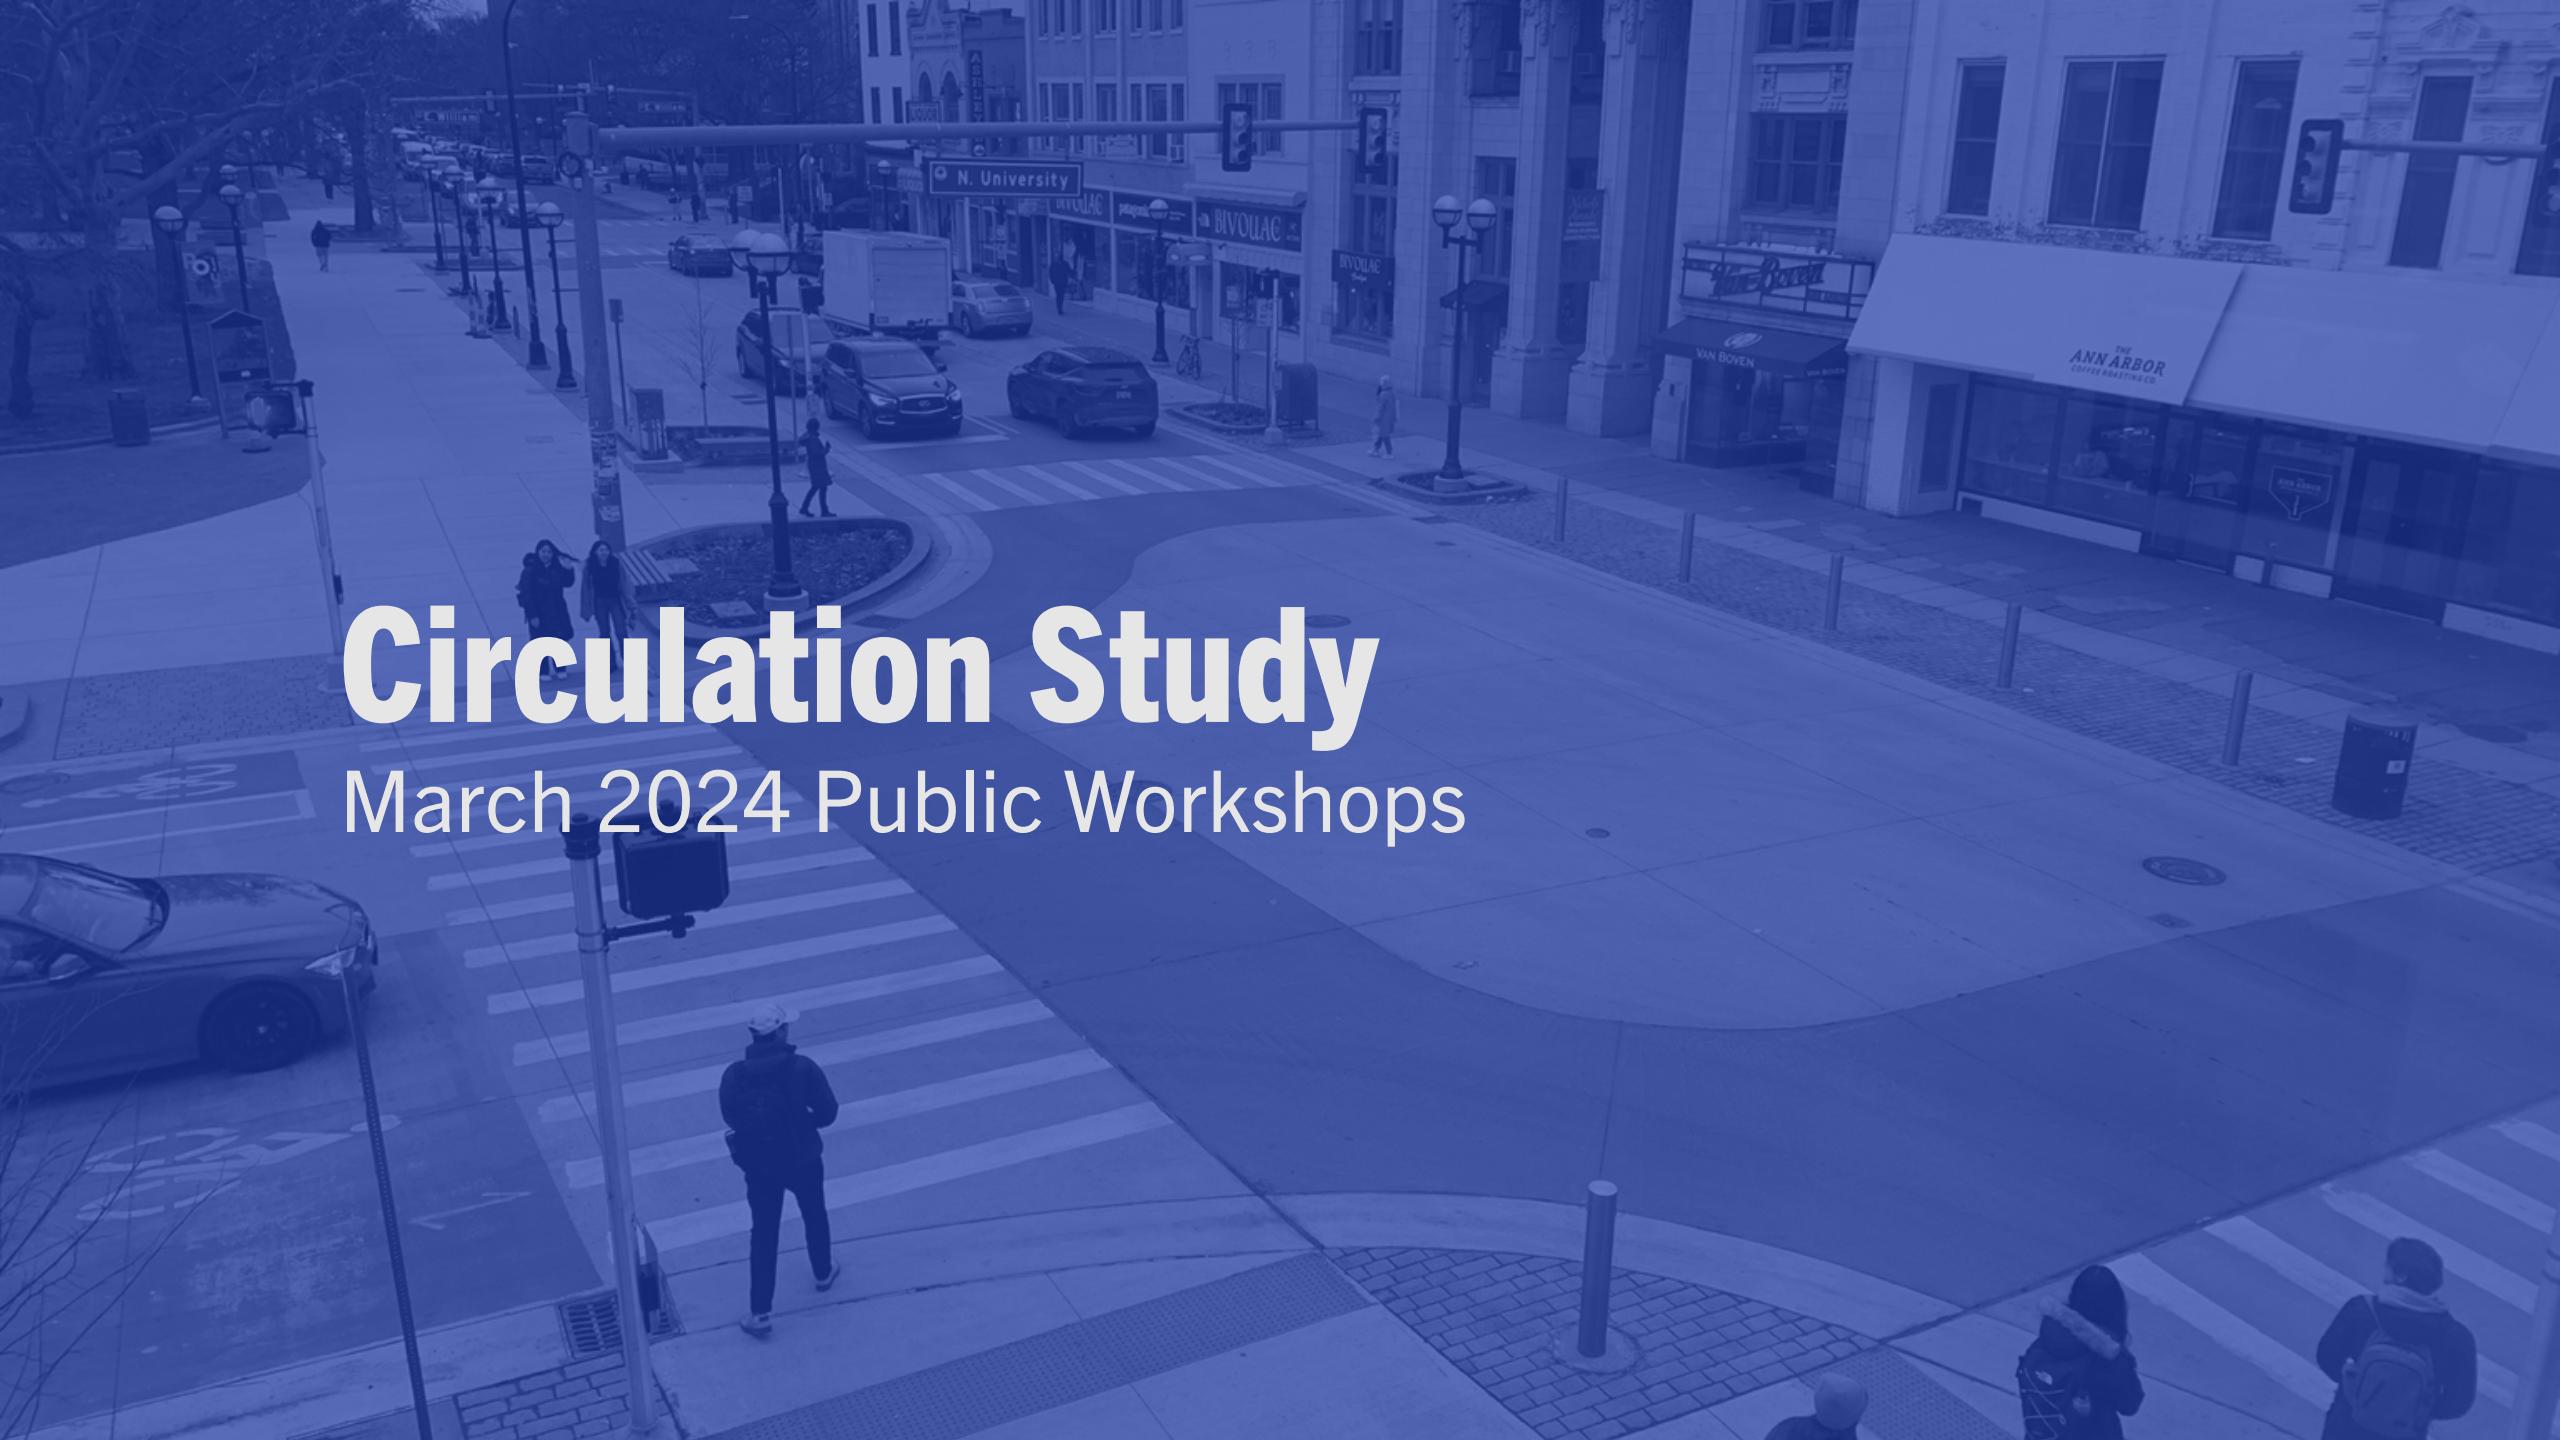

Downtown Energy Utility Study (DDA/OSI co-led)

- Assess solar and geothermal opportunities downtown to support the creation of a Public Energy Utility.

Ongoing Data Collection & Analysis

- Pandemic Recovery Report
- State of Downtown Report
- Project outcome tracking
- Utility needs assessments
- Public Restroom + Placemaking Programs

The updated Downtown Plan will refine a downtown vision; these efforts collectively will identify downtown needs.

A high-angle, color photograph of a city street intersection. The scene includes a crosswalk, a traffic light, and several buildings with storefronts. One building has a sign for "N. University". There are cars on the road and people walking on the sidewalks. The image has a slight blue tint.

Circulation Study

March 2024 Public Workshops

Circulation Study Overview

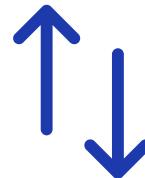

Four Study Areas

Bikeway Connections

Transit Priority Streets

Fifth & Division

Downtown Planning Public Workshops

DAC Summary

May 10, 2024

DDA *Elevate* Program Update

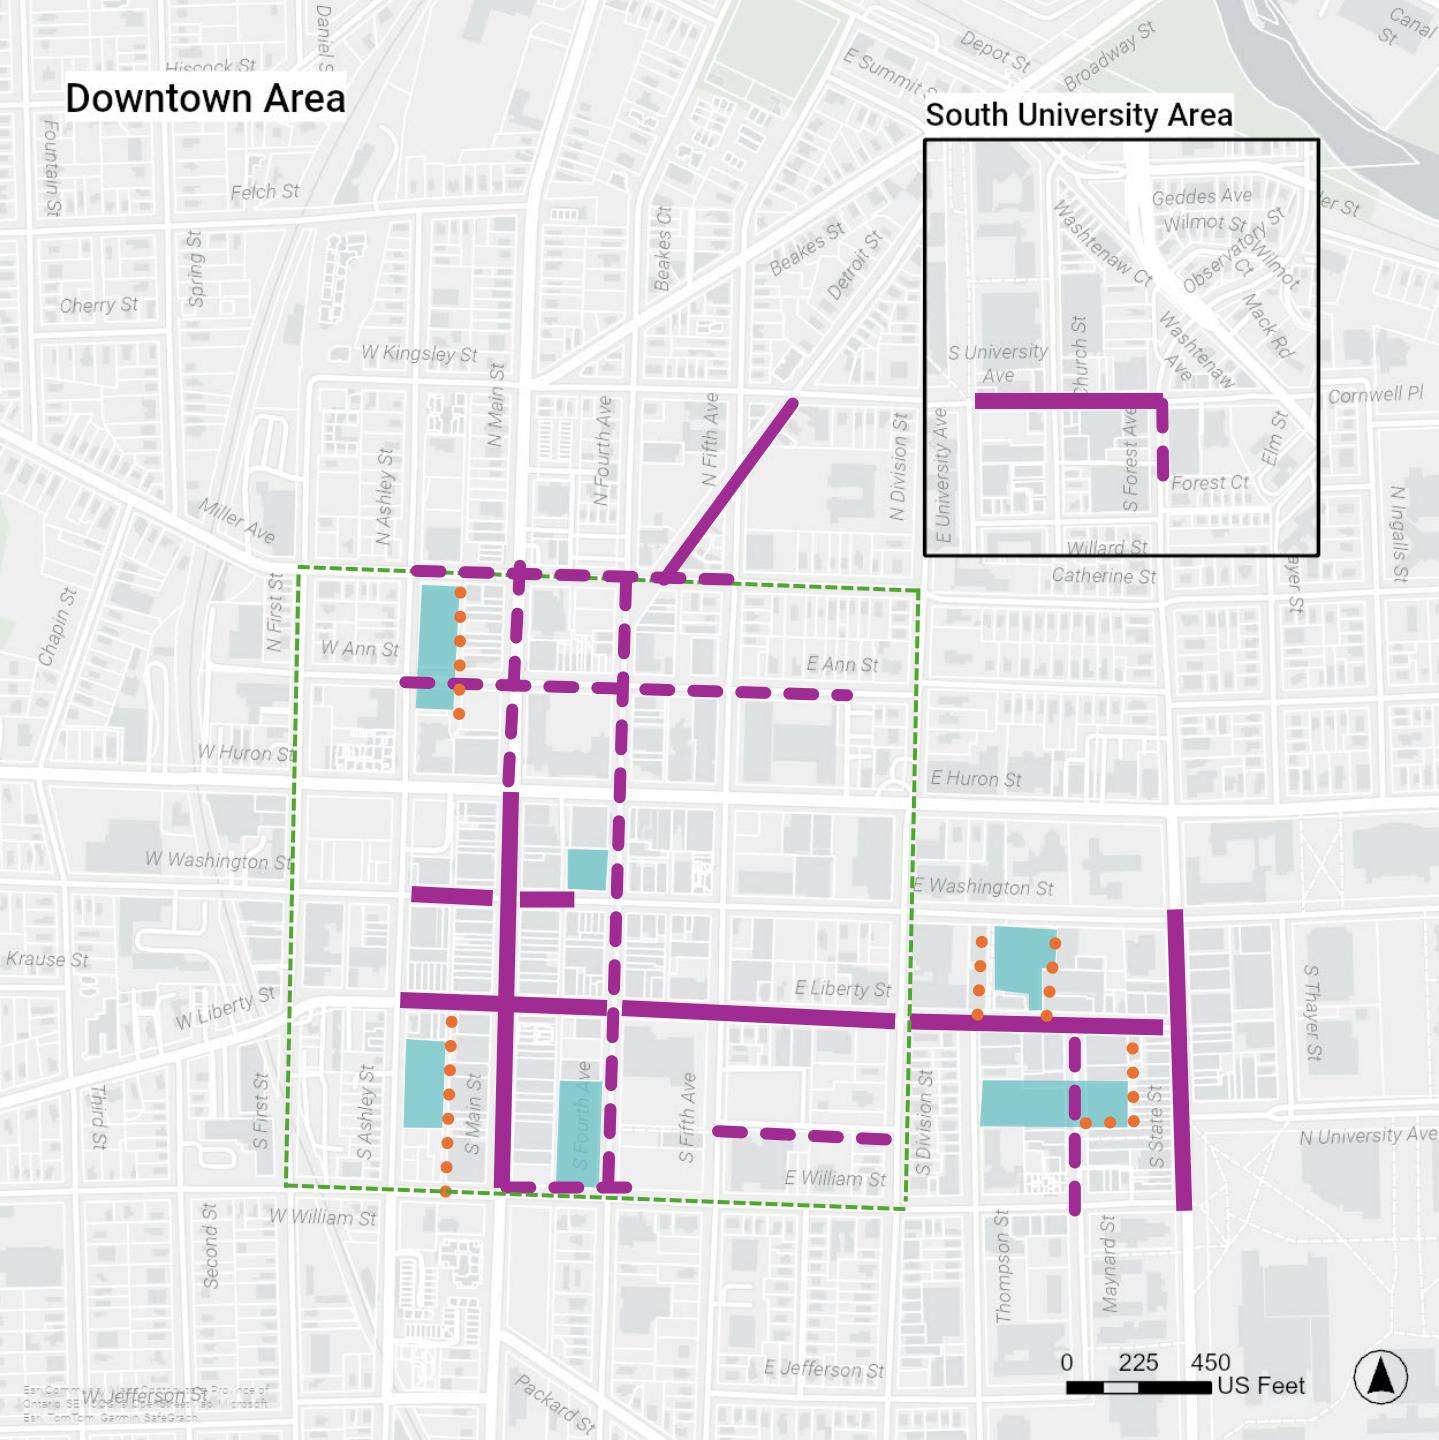

YEAR 1 FOCUS

In the first year of the *Elevate* Program, we will focus on filling an art and placemaking gap – elements that do not currently exist downtown and that other organizations are not already focusing on. Through this effort, the DDA will prioritize play and interaction while also achieving the other program goals. The existing downtown art and placemaking efforts are primarily geared toward adults. By designing for children, we can create spaces that everyone can enjoy.

DRAFT PLACEMAKING LOCATIONS

-  Parking Structures
-  Destination/Event Corridors
-  Pedestrian Connections
-  Alleys (parking structure connections)
-  Bikeway Corridors

NEXT STEPS

- Meet with the City Attorney and Public Services
- Refine Program Details
- Recommended Adoption – June 5th, 2024
- Year One - monitor and adjust
