Subject: Woodbury Gardens Rezoning Question

Hello,

I am a resident of Woodbury Gardens.

In the public hearing notice it was mentioned that “The site plan project would partially redevelop one parcel...”.

Which parcel on the map provided is being redeveloped?

These plans sound like many buildings will be torn down in the process and will need some residents to relocate.

More specifically, does the redevelopment require residents of 1330 Astor Avenue to relocate?

Thank you,
Shane Schroeder
