Rezoning Request: 1007 Woodlawn

Rezoning Request

- Argus Farm Stop has experienced a strong welcome from the neighborhood.
- The rezoning will support a more functional and aesthetically pleasing service area at 1007 Woodlawn for our farm deliveries and operations.
- The project has received full support through the citizen input process and has been done in close collaboration with the neighboring Buddhist society.
- The rezoning:
 - Is aligned with Ann Arbor's 20-minute neighborhood concept
 - supports local farms and producers through everyday access to their goods at Argus and
 - supports continued operation by Argus in this neighborhood location.
