Subject: Comments about ZBA22-2015; 611 Ironwood Drive

We would like to submit our support of Dana and Samuel Robinson to keep their existing 6 foot, 100% opaque fence on their property. We are neighbors with them and share a driveway. We consider their "front yard" to be off of our driveway and NOT off of Dexter Ave. The fence was installed by the builder prior to them buying and moving into the home in 2021. The fence has ensured that they have privacy and security for their dog away from the very busy road (Dexter). The fence also looks nice and does not require renovations or changes in any way to update the value of our neighborhood. We fully support them to be able to keep the fence and have no issues with it staying.
