

# 7-Year Street Tree Pruning Cycle\*

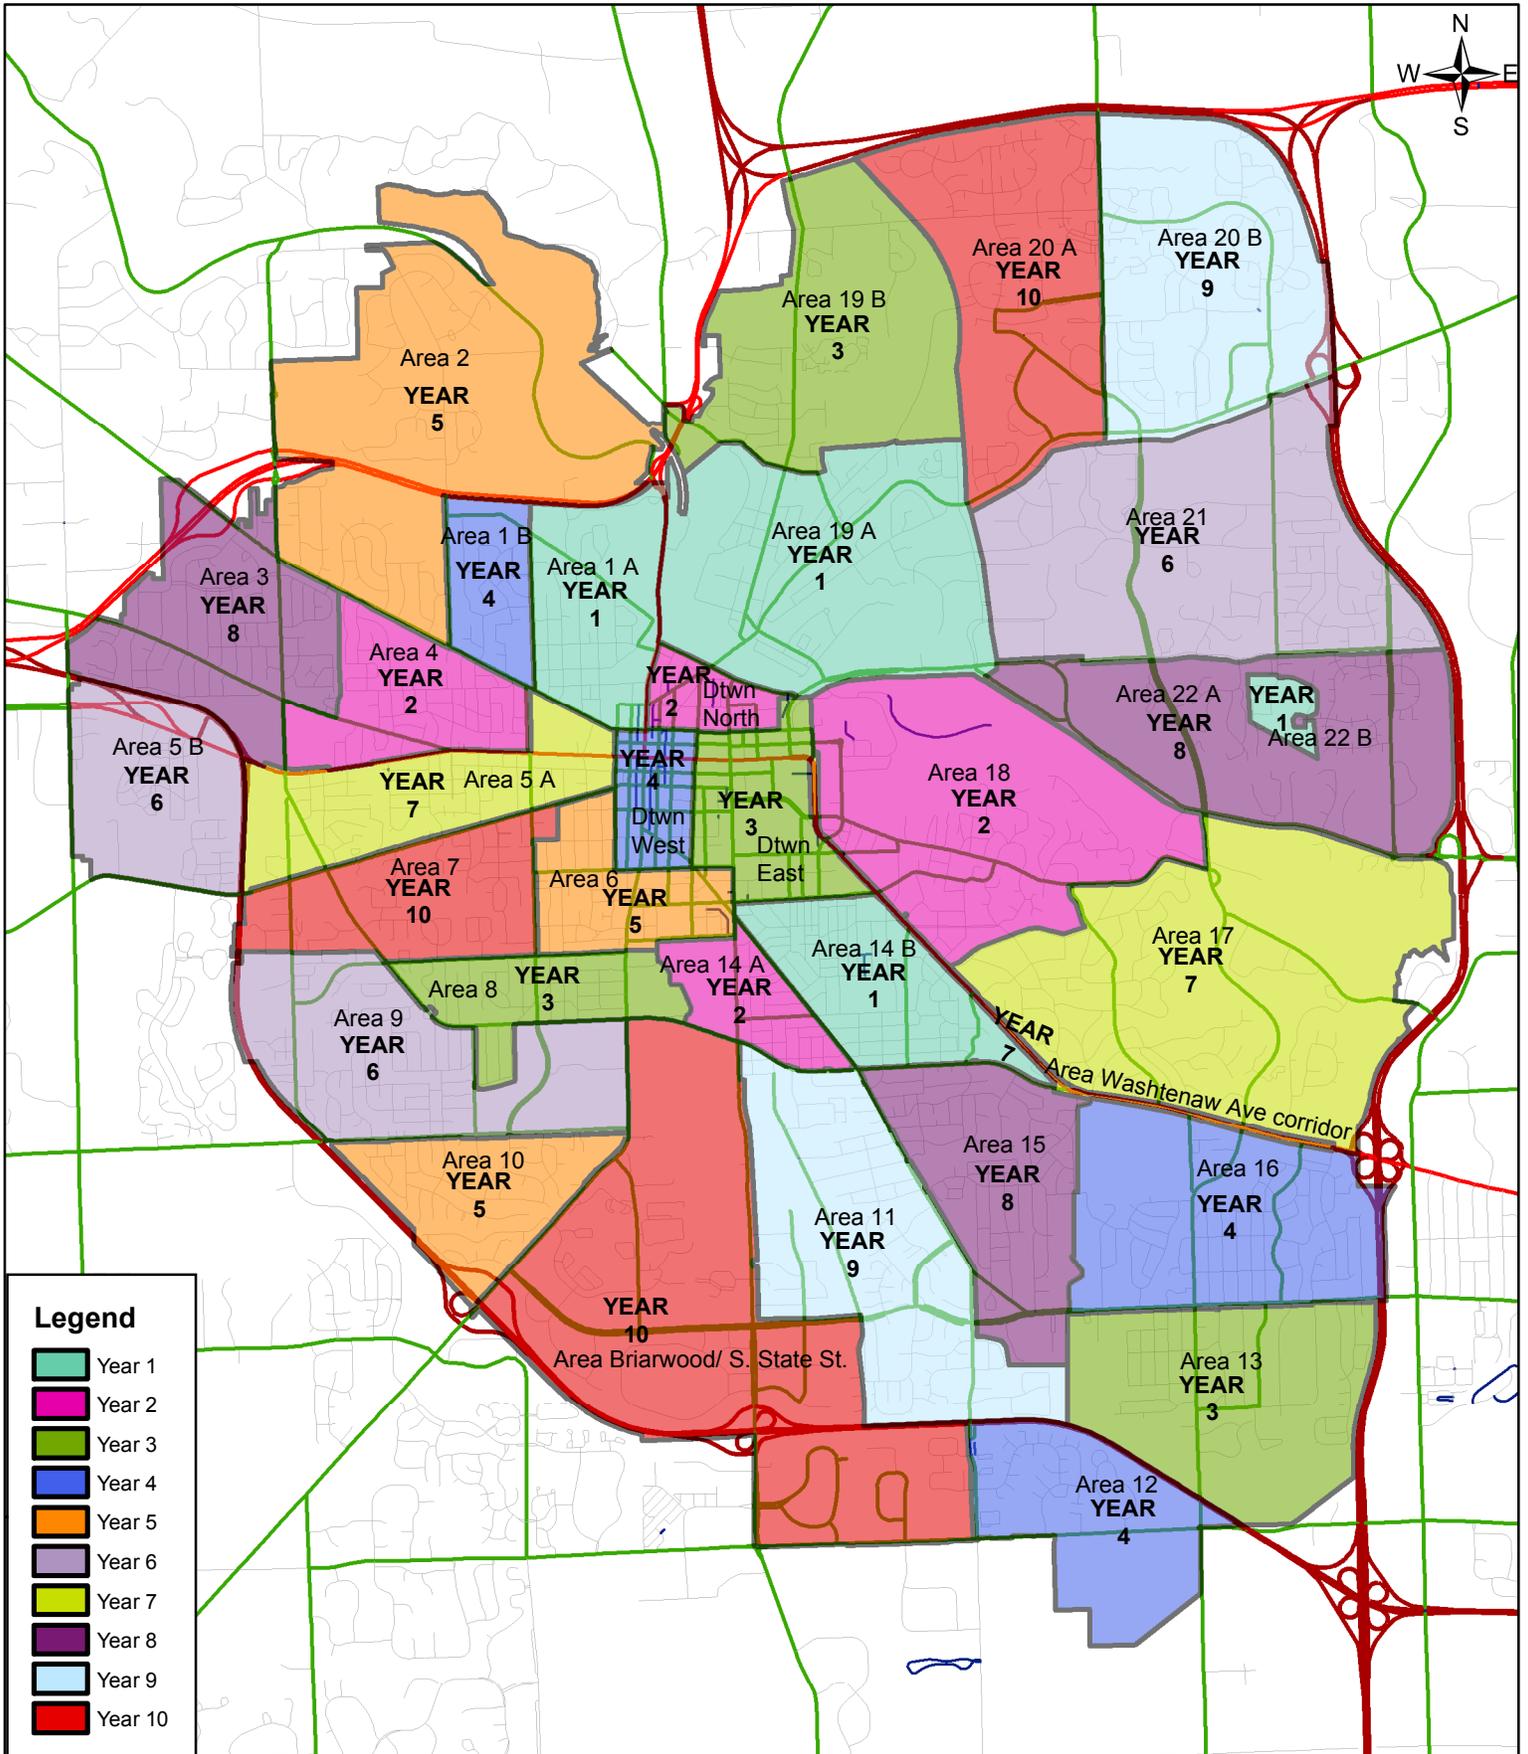

\*The year a specific Area is scheduled to be pruned is subject to change

Note: Areas selected for each year are based on resources needs, including tree size and species composition; geographic location; date last pruned, if known; and number of trees in area.

# 10-Year Street Tree Pruning Cycle\*

The year a specific Area is scheduled for pruning is subject to change

\*Based on 2017 bid prices and the approved FY18 street tree pruning program budget, it will take 10 years to complete a full street tree pruning cycle.

Note: Areas selected for each year are based on resource needs, including tree size and species composition; geographic location; date last pruned, if known; and number of trees in area.
