"GSA Customer Purchase Order" ("Order") means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.

"License" means the limited, personal, non-sublicensable, non-exclusive, nontransferable right to use the Software (including the Database, if any) for the term set forth in the Order, and in accordance with this Agreement and the Order.

"License Fees" means the agreed upon license fees for the Software (including the Database, if any) included in an Order based on the GSA Schedule Price List.

"Licensee" means the ordering activity authorized to place an Order against the GSA Schedule Contract GS-35F-0511T on which the Products are included.

"Maintenance" means a limited-term, non-exclusive, non-sublicensable, nontransferable right to: (a) receive the technical support described in Section 5, (b) receive Software Upgrades, if any, (c) receive and use the Database Updates, if any, and (d) use SaaS Email and SaaS Web (when set forth in the Order), in accordance with this Agreement and the Order.

"Maintenance Term" means the agreed upon time period for the provision of Maintenance in an Order. **"Permitted Capacity"** means the number of Devices, Seats, Users, or other license metrics as set forth in the Order.

"Products" means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, SaaS and Forcepoint packaged service offerings.

"SaaS" or "Software as a Service" means Forcepoint's software-as-a-service offerings, including SaaS Web and/or SaaS Email.

"Software" means Forcepoint's proprietary software applications, in object code only.

"Software Upgrades" means certain modifications or revisions to the Software, but excludes new products for which Forcepoint generally charges a separate fee. **"User"** means (i) any person utilizing Licensee's network with access to the Products directly or indirectly, who is an employee, temporary employee, agent, consultant and/or independent contractor (collectively referred to as "personnel," hereinafter), or guest of Licensee (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Licensee's email system or network. For SaaS Email, up to 5 aliases may be considered one User. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single User).

"Virus" or "Malware" means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

SaaS Email Definitions

"Average Emails Per Seat" or "Average Emails Per User" means the total number of emails processed in performance of SaaS Email divided by the number of Devices, Seats, or Users in the Order.

"Bulk Mail" means a large number of email messages with similar content sent or received in a single operation or a series of related operations.

"SaaS Email" means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

"Open Relay" means an email server configured to receive email from an unauthorized third party and that forwards the email to other recipients who are not part of the server's email network.

"Spam" means a large number of unsolicited email messages (typically over 500 per month) with similar content sent or received in a single operation or a series of related operations.

SaaS Web Definitions

"Average Bandwidth Per Seat" or "Average Bandwidth Per User" means the total bandwidth used in the performance of SaaS Web divided by the number of Devices, Seats, or Users in the Order.

"Web Content" means any data and requests for data processed by SaaS Web including, but not restricted to that accessed using the Internet protocols HTTP and FTP.

“SaaS Web” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

2. Software License. Subject to the provisions contained in this Agreement, and timely payment of the applicable Fees, Forcepoint hereby grants Licensee a License to use the Software, and Software Upgrades provided pursuant to Maintenance, identified in the Order solely for Licensee’s internal business purposes up to the Permitted Capacity set forth in the Order. Provided Licensee pays the Maintenance Fees, Forcepoint will provide Licensee with Maintenance. Subject to compliance with the terms of this Agreement, Licensee may relocate or transfer the on-premise Product for use on a different server within its location. Licensee shall not, and shall not permit anyone else to copy the on-premise Products, other than copies made solely for data backup and testing purposes. Any source code provided to Licensee by Forcepoint is subject to the terms of this Agreement. Licensee understands that its right to use the Products is limited by the Permitted Capacity purchased, and Licensee’s use may in no event exceed the Permitted Capacity authorized under the applicable Order. The Permitted Capacity provided in the Order(s) represents minimum amounts that Licensee has committed to for the Maintenance Term. If Licensee’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. Provision of SaaS.

3.1 Forcepoint will use commercially reasonable efforts to provide SaaS for the Maintenance Term. The then-current Service levels for SaaS are attached as Exhibit B for information purposes. Forcepoint makes no service level commitments for email that is determined by Forcepoint to be Bulk Mail.

3.2 If Forcepoint determines that the security or proper function of SaaS would be compromised due to third-party, hacking, denial of service attacks or other activities originating from or directed at Licensee’s network, Forcepoint may immediately suspend SaaS until the problem is resolved. Forcepoint will promptly notify and work with Licensee to resolve the issues.

3.3 If SaaS is suspended or terminated, Forcepoint will reverse all configuration changes made during SaaS enrollment. It is Licensee’s responsibility to make the server configuration changes necessary to reroute email for SaaS Email and reroute Web Content for SaaS Web.

3.4 Forcepoint may modify, enhance, replace, or make additions to the Products. Forcepoint may use Malware, Spam, and other information passing through the Products for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Forcepoint Products and services.

3.5 Licensee must not use SaaS Email as an Open Relay.

3.6 Licensee must not use the Products to distribute Spam or Malware.

3.7 If in any one (1) calendar month the Average Emails per Device, Seat or Average Emails Per User is greater than ten thousand (10,000), Licensee will make reasonable efforts to implement and maintain an accurate list of all valid email addresses belonging to Licensee for which SaaS Email scans inbound or outbound email. Licensee’s Average Emails Per Seat or Average Emails Per User must not be greater than thirty thousand (30,000) in any one (1) calendar month.

3.8 Licensee’s Average Bandwidth Per Seat or Average Bandwidth Per User must not be greater than 0.02Mbps in any one (1) calendar month.

4. Licensee Obligations.

4.1 Licensee will (a) comply with all applicable federal laws, statutes and regulations, (b) only use the Products for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its personnel, and (c) not use the Products to transmit Spam, Malware, or excessive email as defined in section 3.7.

4.2 Licensee must (a) have the authority, rights, or permissions to use all domains registered to the Products, and (b) obtain any legally required consents from its personnel, and (c) not use the Products to filter, screen, manage or censor Internet content for consumers without permission from the affected consumers and Websense’s express prior written approval.

4.3 Forcepoint will not be liable for any claims, demands, suits, or proceedings (“Claims”) made or brought against Forcepoint by a third party alleging or related to Licensee’s (i) violation of its obligations in this Section 4; (ii) infringement of intellectual property rights; (iii) civil or criminal offenses; (iv) transmission or posting of obscene, indecent, or pornographic materials; (v) transmission or posting of any material which is slanderous, defamatory, offensive, abusive, or menacing or which causes annoyance or needless anxiety to any other person; or (vi) transmission of information through the Products.

5. Technical Support.

5.1 Product technical support includes (i) standard technical support, Error corrections or workarounds so that the Software operates in substantial conformance with the Documentation, and (ii) the provision of Database Updates and Software Upgrades, if and when available, all of which are provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found <https://www.forcepoint.com/technical-support-termsservice-anddescription>. Standard technical support includes online website and portal access, and telephone support during business hours. Database Updates and Software Upgrades will be provided to Licensee only if Licensee has paid the appropriate Maintenance Fees for the Permitted Capacity. Forcepoint may require Licensee to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available pursuant to the execution of a new or modified Order and are also subject to the terms of this Agreement.

5.2 Forcepoint’s obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Licensee’s use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

5.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product. Forcepoint reserves the right to terminate the Maintenance or increase the associated fees upon 60 days prior written notice should Licensee not stay current with a supported release in accordance with this Section.

6. Intellectual Property Rights. The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and

Licensee agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Licensee under this Agreement. Licensee may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Licensee in this Agreement are reserved to Forcepoint. No ownership of the Products passes to Licensee. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Licensee may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint's prior written consent.

7. Protection and Restrictions.

7.1 Each party (the "Disclosing Party") may disclose to the other (the "Receiving Party") certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. "Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as "Confidential," "Proprietary" or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement.

Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information.

Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party's personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

7.2 Licensee will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Licensee may use the Products only for its internal business purposes. Licensee will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee's personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a 'service bureau' basis; (vii) disclose or publish, without Forcepoint's prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary Products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products solely for the benefit of Licensee; provided, however, Licensee remains responsible for its personnel's compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

8. Reserved.

9. Limited Warranty; Remedies; Disclaimer.

9.1 For ninety (90) days beginning on the date of the Order for the License, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and the Agreement by Licensee, will operate in substantial conformance with the Documentation under normal use ("Warranty Period"). Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Licensee's requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

9.2 Licensee must promptly notify Forcepoint during the Warranty Period in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint's responsibility, Forcepoint shall, within thirty (30) days of its receipt of Licensee's written notice, (i) correct the Error or provide a workaround; (ii) provide Licensee with a plan reasonably acceptable to Licensee for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint's discretion, then Forcepoint may terminate the affected Product License and Licensee will be entitled to a refund of the Fees paid for the affected Product. This paragraph sets forth Licensee's sole and exclusive remedy and Forcepoint's entire liability for any breach of warranty related to the Products.

9.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) use of the Products inconsistent with the accompanying

Documentation, (iii) Licensee's failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

9.4 THE WARRANTIES SET FORTH IN THIS SECTION 9 ARE IN LIEU OF, AND FORCEPOINT, EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

10. **Limitation of Liability.** NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

11. **Indemnification.** In the event of a third-party claim, suit or proceeding against Licensee asserting that use of the Product as permitted in this Agreement infringes a third-party's patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its expense will defend Licensee and indemnify Licensee against costs, expenses (including reasonable attorneys' fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint's obligation under this Section is contingent upon Licensee providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C. 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Licensee to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint's opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Licensee's continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Licensee the unused pre-paid Maintenance Fees paid for the affected Product applicable to the balance of the then current Maintenance Term. SUBJECT TO FAR 52.212-4 (h), THIS SECTION SETS FORTH FORCEPOINT'S ENTIRE LIABILITY AND OBLIGATION AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

12. **Term and Termination.**

12.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Maintenance Term, Licensee's right to receive Maintenance to the Products ends.

12.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Licensee's decision to purchase a license to the products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Licensee must execute an Order for a new License. Licensee's continued use of the Products after executing a new Order is subject to this Agreement. For purposes of clarification, Licensee is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

12.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Licensee must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1, Definitions, 6, Intellectual Property Rights, 7, Protection and Restrictions, 8, Financial Terms, 9, Limited Warranty: Remedies; Disclaimer, 10, Limitation of Liability, 11, Indemnification, 12, Term and Termination, 14, Government Restricted Rights, 15, Export, 16, Compliance and 17, General survive the termination of this Agreement.

13. **Compliance with Laws.** Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Licensee must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

14. **Rights of Government Licensees.** The Products meet the definition of "commercial item" in Federal Acquisition Regulation ("FAR") 2.101, were developed entirely at private expense, and are provided to Government Licensees exclusively under the terms of this Agreement. Software, including Software Upgrades, is "commercial computer software" and applicable

Documentation and media are "commercial computer software documentation," as those terms are used in FAR 12.212 and DFARS 227.7202. Use of the Products by the U.S. Government constitutes acknowledgment of Forcepoint's proprietary rights therein, and of the exclusive applicability of this Agreement.

15. **Export.** The Products are subject to export controls of the United States ("Export Controls"). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries ("Prohibited Country" or "Prohibited Countries"). It also prohibits export or reexport of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S.

Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the "Lists"). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles ("Prohibited Uses"). Licensee represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

16. **Compliance.** Subject to Government security requirements, Forcepoint has the right to monitor the Licensee's systems to confirm its authorized use of the Products. Upon Forcepoint's request Licensee will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Licensee acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager's operation.

17. **General.** For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Forcepoint may periodically send Licensee messages of an informational or advertising nature via email Licensee may choose to "opt-out" of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Licensee acknowledges and agrees that by sending such email and "opting out" it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Licensee acknowledges that Forcepoint may use Licensee's company name only in a general list of Forcepoint customers. subject to the restrictions contained in GSAR 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Licensee or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Licensee's and its personnel's use of the Products for its own purposes outside of the Agreement. Licensee may not transfer any of Licensee's rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 "Assignment of Claims" (Jan. 1986) and FAR subpart 42.12 "Novation and Change-of-Name Agreements" (Sep. 2013).

Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party's reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Licensee agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.

Section - EXHIBIT A
FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Licensees' use of Forcepoint Products. Licensees are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support, Premium Support, and Mission Critical Support offerings are additional charge support options, and are only provided after Licensee has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Through the combination of available resources, Licensee can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Licensees receive access to:

- 24x7x365 online support located at: [Support](#)
- the Knowledgebase and Documentation
- the Customer Forum
- Tech Alerts Maintenance
- download software updates and patches
- submit and track support cases
- Five (5) incidents¹⁰ per Maintenance year for telephone and online access to technical support engineers during normal business hours for the region where Licensee is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:

- Address Licensee open cases in a timely, professional and courteous manner
- Assign a trouble case number used to track status and as a reference for Licensee inquiries
- Communicate the status of open cases
- Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:

- 24/7 support for Severity Level 1 & 2 issues
- No limit on the number of incidents per Maintenance year for telephone and online access to technical support engineers
- Priority access to technical support engineers
- Priority support
- Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on [Support](#) at: [Global Technical Support Programs](#)

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:

- An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Licensee's technical issues
- Premium Priority access to technical support engineers
- Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Licensee to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Licensee's environment, the TAM will work with Licensee to:

- Provide strategic support planning around Licensee's use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Licensee receives access to:

- Technical Account Manager:
 - Expedited case handling and escalation path
 - Account related inquiries and assistance o Available for an annual on-site visit
 - Collaborative strategic support planning

¹⁰ An "incident" is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year maintenance holders may aggregate and use the allotted incidents at any time during the then-current Maintenance Term. Incidents do not rollover to a renewal Maintenance Term. Assisted support for SaaS support will not count as an incident.

These benefits are described in more detail at: [Global Technical Support Programs](#)

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Licensee in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Licensee to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Licensee will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions and activities of the regional TAMs for the Licensee on a global level. Upon gaining an understanding of Licensee’s environment, the GAM and regional TAMs will work with Licensee to:
 - Provide strategic support planning around Licensee’s use of the Forcepoint Products
 - Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Licensee receives access to:

- Technical Account Manager:
 - o Expedited case handling and escalation path o Account related inquiries and assistance
 - Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](#)

6. **Forcepoint Mission Critical Support Elite:** Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support’s Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Licensee for:
 - On-site upgrade assistance (up to 1 per year, 2 days maximum)
 - On-site issue resolution assistance (up to 1 per year, 2 days maximum)
 - Quarterly health check review via remote sessions
 - Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
 - Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: [Global Technical Support Programs](#)

7. **Forcepoint Hardware Support:** Hardware support for Forcepoint appliances is available to licensees with current Maintenance for Forcepoint software applications running on the hardware. Support for hardware is available only during the Maintenance Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Licensee’s business location on record (see Section 10, Licensee Responsibilities)

These benefits are described in more detail at: www.websense.com

For non-Forcepoint branded hardware, Licensee must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times:** Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Licensee by a member of the Forcepoint Technical Support team or by the Licensee online at [Support](#).

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:

For all Forcepoint Products other than Forcepoint SaaS Products:

Severity Level	Initial Response		
	Standard	Premium	Mission Critical

	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite
<p>Severity One (highest severity) Business is severely impacted. - a Forcepoint product is not functioning and no viable workaround is available - Customer environment compromised or at risk for significant data corruption - Mission critical application is down or the majority of users are not able to conduct business</p>	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes
<p>Severity Two Business is disrupted but functioning. - a Forcepoint product's functionality is severely impacted - Mission critical applications or the majority of users are impacted.</p>	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour
<p>Severity Three Business is not affected but symptoms exist. - a Forcepoint product is functioning in a restricted fashion and a workaround exists - Mission critical applications are functional with some end users affected</p>	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours
<p>Severity Four (lowest severity) A request for information. - Request for product information or questions regarding how to use the product Minimal impact to customer business a request for product modification</p>	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day

Hardware On-Site Parts Replacement Response Times:

Hardware Appliance	Initial Response (after phone-based troubleshooting is completed)		
	Standard Support	Premium & Premium Priority Support	Mission Critical Support (including Global & Elite)

<p>V10000 M5000 M7500 M10000</p>	<p>Not Available</p>	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement¹¹</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>
<p>V5000</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement^{2 3}</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement^{2 3} (additional purchase required)</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>
<p>X10G</p>	<p>Not Available</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>

For Forcepoint SaaS Products only:

(24/7 Support will be available for Severity Level-One and Level-Two issues.)

Severity Level	Initial Response			Resolution Target
	Standard	Premium	Mission Critical	

¹¹ Subject to service availability within the service location. For additional information on service availability and locations visit: [Support](#) ³

Standard Support for V5000 is available only with maintenance purchased to Forcepoint Web Security.

	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite	
One - Service unavailable or, if applicable, Virus infection occurring	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes	As soon as possible but no later than within one business day of the call
Two – Partial loss of Service but, as applicable, Web Content and/or email are still being processed	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour	As soon as practicable but within two business days or as otherwise agreed between Forcepoint and the customer
Three - Service is available, but technical questions or configuration issues	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours	As soon as practicable or as otherwise agreed between Forcepoint and the customer
Four – Information Issues, reporting questions, password resets	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day	At the time of response or as soon as practicable thereafter or as otherwise agreed between Forcepoint and the customer

9. **Service Level Guidelines: Response Time and Request Resolution¹²:**

Service Level Compliance: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
- o Business hours are Monday through Friday, during the hours set forth in the region where Licensee resides as set forth at: [Contact Support](#) (“Business Hours”) o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Licensees.

Escalation response levels: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Licensee on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

Support for hardware: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: [Target Response Times](#)

10. **Licensee Responsibilities:** In order to efficiently resolve problems, it is important that there be clear and effective communications between Licensee and Forcepoint. The first step of the process requires an accurate reporting of the problem by Licensee. Licensee will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Licensee name
- Maintenance Key information
- Support PIN of the day for Licensee’s Cloud security account
- Technical contact information including: name, telephone number and email address
- Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
- Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Licensee should retain and use this case number in order to facilitate future communications regarding the matter.

¹² Service levels are applicable for the software configurations described at [Certified Product Matrix](#). Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.

In order to receive on-site parts replacement for a hardware Severity One problem, Licensee must keep a current record with Forcepoint of the business location on record for the physical location of the hardware.¹³ Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

- Licensee must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration¹⁴
- Updates to a physical location must be completed prior to dispatching of authorized technicians
- Licensee or Licensee's authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware¹⁵
- Missed service calls due to Licensee's unavailability may result in additional charges for the follow-up service call

be provided where:

- Hardware is repurposed or modified from its original configuration
- Hardware has missing or altered serial numbers or Service Tags
- Hardware has been serviced by someone other than a Forcepoint-authorized service provider
- Premium or Mission Critical Support maintenance has expired

11. **Technical Support Channels:** There are two ways for Licensees to engage support:

- Open a case online at: [Support](#)
- Open a case via telephone: [Contact Support](#)⁸

12. **Support Escalation Channels:** If after following the procedures for creation of a technical support case Licensee desires to escalate a support issue, the following escalation path to a Technical Support Manager in Licensee's region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Technical Support Americas		1-858-458-2940
Technical Support EMEA		+44-203 02 444 01
Technical Support APAC	Australia/New Zealand:	+61 2 9414 0033
	India:	+1-858-332-0061
	China, Japan, SE Asia:	+86 (10) 5884-4200

Escalation contacts are available 24 hours a day, 7 days a week to service Licensee's Severity 1 business needs.

¹³ A service technician will only be dispatched after Forcepoint and Licensee have concluded phone-based troubleshooting and determined that a Severity One problem exists.

¹⁴ Registrations may take up to 10 business days to complete.

¹⁵ In the event that Licensee is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. ⁸ Toll-free numbers are provided for Licensees of Premium and Mission Critical Support in some geographies.

Security Service Level Agreement

1. Terms and Conditions

Forcepoint™ is a premier provider of SaaS security services. Forcepoint provides these SLAs in order to demonstrate its ongoing commitment to provide top-quality SaaS security service offerings for world class organizations and businesses.

- 1.1 Forcepoint provides these SLAs subject to the terms and conditions of the then current Forcepoint Subscription Agreement at [Subscription Agreement](#). The defined terms therein shall have the same meaning when used in this SLA. The current version of these SLAs can be found at [Forcepoint SaaS Security Service Level Agreement](#).
- 1.2 In order to receive a Service Credit under any of these SLAs, the Subscriber must make a credit request in writing within thirty (30) days of the occurrence of the breach in service levels (or earlier if specifically set forth below). The Subscriber must also promptly provide Forcepoint with evidence as reasonably requested by Forcepoint of the SLA violation subject to the Service Credit request. A "Service Credit" entitles the Subscriber to the free use of the affected SaaS security service for the time period set forth in the applicable SLA.
- 1.3 Credits for any Subscriber problems with Forcepoint SaaS Security services will be provided under a single SLA for a single claim, with the SLA that the claim is based upon determined by the Subscriber. One claim cannot result in Service Credits under multiple SLAs.

1.4 The SLAs will not apply to situations where:

- The SaaS Security service is unavailable for an hour or less, and the Subscriber fails to report the unavailability in writing to Forcepoint within five (5) days thereafter.
- The SaaS Security service is incorrectly configured by the Subscriber.
- The Subscriber provides incorrect configuration information to Forcepoint.
- Forcepoint is performing scheduled or routine maintenance of the SaaS Security service, where the Subscriber has been notified of the maintenance no less than five (5) days in advance.
- The Subscriber's applications or equipment or Internet connection has failed.
- For SaaS Email Security, where an account is not configured to use two or more co-location sites (clusters).
- The Subscriber has acted as an open relay or open proxy, or has been using the service to send spam or viruses, or otherwise is using the SaaS Security service in violation of the Forcepoint Subscription Agreement.
- The Subscriber has used the SaaS Security service for thirty (30) days or less.
- The Subscriber is a trial or evaluation customer.
- The failure of the SLA is based on reasons beyond Forcepoint's reasonable control as set out in the Forcepoint Subscription Agreement.

1.5 The remedies set forth in these SLAs are the Subscriber's sole and exclusive remedy for any failure by Forcepoint to comply with the SLAs. Further information regarding remedies is set forth in the Forcepoint Subscription Agreement.

2. SLAs for SaaS Email Security

2.1 Message Tracking.

· For 95% of all emails processed, the following will be available for review in the Message Center within five (5) minutes of receipt of an email: Detailed SMTP logs and all emails that are quarantined (including those that failed a content filtering rule, were classified as spam or were infected with a virus).

- If more than 5% of email logs or quarantined emails processed in any calendar month are not available for review within 5 minutes when the Subscriber is using the portal and following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day's Service Credit for each email log or quarantined email that did not meet this service level, subject to a maximum credit of five (5) days in any one month.

2.2 Service Availability

- The SaaS Email Security service will be available 99.999% of the time.
- SaaS Email Security "Service Unavailability" means the inability of the email filtering service to receive and process email in substantial conformance with Forcepoint's published documentation for the email filtering service, as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
- In the event of Service Unavailability for more than 0.001% of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day's Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one month.

2.3 Service Management

- For 99% of all non-spam emails less than 2 Mega Bytes in size, the time required to process an email will be less than sixty (60) seconds.
- If in any one calendar month, 1% or more of all processed non-spam emails less than 2 Mega Bytes in size takes sixty (60) seconds or longer for Forcepoint to process (following receipt, ready for processing, to attempted delivery), following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day's Service Credit for each email that takes sixty (60) seconds or longer to receive, process and attempt to deliver, subject to a maximum credit of five (5) days in any one month. This SLA applies only to legitimate business email (non-bulk email) and does not apply to emails 2 Mega Bytes or larger in size, denial of service (DOS) attacks, or email loops.

2.4 Spam Detection Rates

- Spam will be detected at a rate of 99% or above during each calendar month for Subscriber's use of the antispam service.
- The spam SLA does not apply to emails using a majority of Asian language (or other non-English or non-European language) or emails sent to invalid mailboxes.
- In the event the spam detection rate drops below 99% for a period of more than five (5) days in any one calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one (1) month's Service Credit.

2.5 Virus Detection

- For Subscribers subscribing to the anti-virus service, Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside email that has passed through the SaaS Email Security service. This excludes links (URLs) inside email messages that take the Subscriber to a website where Viruses can be downloaded.
- A "Known Virus" means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint's SaaS Email Security service, at least thirty (30) minutes before the time the

email was processed by the SaaS Email Security service. This SLA does not apply to forms of email abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

- In the event that Forcepoint identifies a Known Virus but does not stop the infected email, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected email. If such action prevents the infection of the Subscriber's systems, then the remedy defined in this Section 2.5 shall not apply. Subscriber's failure to promptly act on such information will also result in the remedy defined in this Section 2.5 being inapplicable.

- In the event that one or more Known Viruses in any calendar month passes through the email filtering service undetected and infects the Subscriber's systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month's Service Credit, subject to the Subscriber providing evidence acceptable to Forcepoint that the SaaS Email Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

- The Virus Detection SLA for SaaS Email Security will not apply if (a) the Virus was contained inside an email that could not be analyzed by the email filtering service, such as an encrypted email or a password-protected file, (b) the Virus infection occurred because an email which had been identified as containing a Virus was released by Forcepoint on the request of the Subscriber, or by the Subscriber through the email filtering portal, or (c) there is deliberate self-infection by the Subscriber or its authorized user.

3. SLAs for SaaS Web Security

3.1 Service Availability

- The SaaS Web Security service will be available 99.999% of the time.

- SaaS Web Security "Service Unavailability" means the SaaS Web Security service being unable to receive, process and forward Web Content in substantial conformance with Forcepoint's published documentation as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.

- In the event of Service Unavailability for 0.001% or more of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will provide the Subscriber a credit of one day's Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one calendar month.

3.2 Virus Detection

- Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside Web Content that has passed through the SaaS web protection service module of the SaaS Web Security service.

- A "Known Virus" means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint's SaaS Web Security service, at least thirty (30) minutes before the time the Web Content was processed by the web filtering service. This SLA does not apply to forms of Web Content abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

- In the event that Forcepoint identifies a Known Virus but does not stop the infected Web Content, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected Web Content. If such action prevents the infection of the Subscriber's systems, then the remedy defined in this Section 3.2 shall not apply. Subscriber's failure to promptly act on such information will also result in the remedy defined in this Section 3.2 being inapplicable.

- In the event that one or more Known Viruses in any calendar month passes through the SaaS Web Security service undetected and infects the Subscriber's systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month's Service Credit, subject to the Subscriber providing evidence that the SaaS Web Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

- The Virus Detection SLA for web security will not apply if (a) the Virus was contained inside Web Content that could not be analyzed by the web security service, such as HTTPS or a password-protected file, (b) the user bypassed the web security service when downloading the Web Content, (c) the Subscriber configured the service to not filter the web content, or (d) there is deliberate self-infection by the Subscriber or its authorized user.

4. SLAs for Email Archiving

4.1 Service Availability

- The SaaS email archiving service will be available 99.99% of the time over a calendar month.

- SaaS email archiving "Service Unavailability" means the inability of the email archiving server to receive and transmit Subscriber's requests to store and retrieve archived email in conformance with Forcepoint's published documentation, as may be updated by Forcepoint from time to time, and measured over a full calendar month.

- In the event of Service Unavailability for more than 0.01% for any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day's Service Credit for each calendar month where Service Unavailability exceeds 0.

. FORCEPOINT NETWORK SECURITY PRODUCTS LICENSE AGREEMENT

THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT LICENSEE AGREES TO THE TERMS AND CONDITIONS IN THIS LICENSE AGREEMENT AND THE MATERIALS REFERENCED HEREIN (“AGREEMENT”) BETWEEN LICENSEE AND FORCEPOINT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.

“**Database**” means proprietary database(s) of IPS rules, URL addresses, email addresses, Malware, applications and other valuable information.

“**Database Updates**” means changes to the content of the Databases.

“**Device**” or “**Node**” means any kind of computer, electronic appliance, or device capable of processing data, including without limitation diskless workstations, personal computer workstations, networked computer workstations, homeworker/teleworker home-based systems, file and print servers, email servers, Internet gateway devices, storage area network servers (SANs), terminal servers or portable workstations connected or connecting to the server(s) or network that is authorized to access or use the Products, directly or indirectly. In the case of a virtual system, each virtual machine or instance running the Product is considered to be a Device or Node.

“**Documentation**” means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Licensee.

“**Error**” means a material failure of the Product to conform to the Documentation, which is reported by Licensee and replicable by Forcepoint.

“**Forcepoint**” means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simonscourt Road, Dublin 4, Ireland; or (iii) Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement.

“**GSA Customer Purchase Order**” (“**Order**”) means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.

“**Hardware**” or “**Unit**” means a single instance of computer hardware purchased from Forcepoint as described in the Order. “**License**” means the limited, personal, non-sublicensable, non-exclusive, nontransferable right to use the Software (including the Database) for the term set forth in the Order, (ii) in combination with the Hardware (if provided in the Order), and (iii) in accordance with this Agreement and the Order.

“**License Fees**” means the agreed upon license fees for the Software (including the Database) included in an Order based on the GSA Schedule Price List.

“**Licensee**” means the ordering entity authorized to place an Order against the GSA Schedule Contract GS-35F-0511T on which the Products are included.

“**Maintenance**” means a limited, non-exclusive, personal, non-sublicensable, nontransferable right to receive during the Maintenance Term: (a) the technical support described in Section 5 (Technical Support), and (b) Software Upgrades, if any.

“**Maintenance Term**” means the agreed upon time period for the provision of Maintenance in an Order. “**Permitted Capacity**” means the number of Devices, Units, Nodes, or other license metrics as set forth in the Order.

“**Products**” means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, Hardware, and Forcepoint packaged service offerings.

“**Software**” means Forcepoint’s proprietary software applications, in object code only.

“**Software Upgrades**” means certain modifications or revisions to the Software and/or the Database, provided solely pursuant to Maintenance, but excludes new products for which Forcepoint generally charges a separate fee.

“**Subscription**” means a limited, non-exclusive, personal, non-sublicensable, nontransferable right during the Subscription Term to: (a) receive and use the Database Updates, and (b) use the Products, in accordance with this Agreement and the Order. “**Subscription Fees**” means the agreed upon fees in an Order.

“**Subscription Term**” means the agreed upon time period in an Order.

“**Virus**” or “**Malware**” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

2. Software License. Subject to the provisions contained in this Agreement, and timely payment of the applicable Fees, Forcepoint hereby grants Licensee a License and if applicable a Subscription to use the Software and Software Upgrades provided pursuant to Maintenance identified in the Order solely for Licensee’s internal business purposes up to the Permitted Capacity. Provided Licensee pays the Maintenance Fees, Forcepoint will provide Licensee with Maintenance. Upon renewal, Maintenance must be purchased for each Product purchased and running in Subscriber’s environment. Licensee shall not and shall not permit anyone else to copy the Products, other than copies made solely for data backup and backup recovery testing purposes. Except as otherwise set forth in this Agreement, any source code provided to Licensee by Forcepoint is subject to the terms of this Agreement. Licensee understands that its right to use the Products is limited by the Permitted Capacity, and Licensee’s Use combined use may in no event exceed the authorized Permitted Capacity. If Licensee’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. Technical Support.

3.1 The support period is defined in the Order, and begins (i) on the date of the Order if a new purchase, or (ii) on the renewal date of the expiration of a previous support period. Product technical support includes standard technical support, Error corrections or workarounds so that the Software operates in substantial conformance with the Documentation provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found <https://www.forcepoint.com/technical-support-terms-service-and>

description. Standard technical support includes online website and portal access, and telephone support during business hours. Maintenance will be provided to Licensee only if Licensee has paid the appropriate Maintenance Fees for the Support Term. Forcepoint may require Licensee to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available for additional cost and are also subject to the terms of this Agreement. In the event Product support expires prior to renewing support Licensee must also purchase technical support to cover the lapsed support period between the date technical support expires and the date it is renewed. In the event technical support has lapsed for one year or more, Forcepoint may charge a reinstatement fee upon renewal in addition to Licensee's purchase of technical support for the lapsed period equal to the amount the Licensee would have paid if technical support had not lapsed.

3.2 Forcepoint's obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Licensee's use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

3.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product. Forcepoint reserves the right to terminate the Maintenance or increase the associated fees upon 60 days prior written notice should Licensee not stay current with a supported release in accordance with this Section.

3.4 For the support period set forth in an Order, the Hardware support covers defects in materials and workmanship in the Hardware. The Hardware support does not cover: (a) software, including the operating system and software added to the Hardware, or the reloading of software; (b) non-Forcepoint branded products and accessories; (c) problems to the extent they result from (i) external causes such as accident, abuse, misuse, or problems with electrical power, (ii) servicing not authorized by Forcepoint, (iii) usage that is not in accordance with Hardware instructions, (iv) failure to follow the Hardware instructions or failure to perform preventive maintenance, (v) problems caused by using accessories, parts, or components not supplied or directed by Forcepoint; (d) normal wear and tear; and (e) Hardware with missing or altered service tags or serial numbers.

4. Intellectual Property Rights.

4.1 The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and Licensee agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Licensee under this Agreement. Licensee may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Licensee in this Agreement are reserved to Forcepoint and its licensors. No ownership of the Products passes to Licensee. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Licensee may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint's prior written consent. The Products may include programs or code that are licensed under an Open Source Software ("OSS") license model. OSS programs and code are subject to the terms, conditions and obligations of the applicable OSS license, and are SPECIFICALLY EXCLUDED FROM ALL WARRANTY AND SUPPORT OBLIGATIONS DESCRIBED ELSEWHERE IN THIS AGREEMENT.

4.2 The Hardware is sold by Forcepoint subject to the condition that the sale does not convey any license under any patent claim covering complete equipment, or any assembly, circuit combination, method or process in which any such Hardware are used as components. However, upon sale, title for the Hardware equipment shall pass to Licensee. Forcepoint, its licensors or suppliers retain all proprietary rights in and to any Hardware sold. Forcepoint and its suppliers reserve all its rights under such patent claims. Any software supplied with the Hardware is proprietary to Forcepoint or its licensors, and use of the software is subject to the terms of this Agreement.

5. Protection and Restrictions.

5.1 Each party (the "Disclosing Party") may disclose to the other (the "Receiving Party") certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. "Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as "Confidential," "Proprietary" or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement. Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party's personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information may be released, despite being characterized as

“confidential” by the vendor. 5.2 Licensee will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Licensee may use the Products only for its internal business purposes. Licensee will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee’s personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a ‘service bureau’ basis; (vii) disclose or publish, without Forcepoint’s prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary Products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products solely for the benefit of Licensee; provided, however, Licensee remains responsible for its personnel’s compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

6. Reserved.

7. Limited Warranty; Remedies; Disclaimer.

7.1 For ninety (90) days beginning on the date of the Order for the License, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and this Agreement by Licensee, will operate in substantial conformance with the Documentation under normal use (“Warranty Period”). Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Licensee’s requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

7.2 Licensee must promptly notify Forcepoint during the Warranty Period in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint’s responsibility, Forcepoint shall, within thirty (30) days of its receipt of Licensee’s written notice, (i) correct the Error or provide a workaround; (ii) provide Licensee with a plan reasonably acceptable to Licensee for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint’s discretion, then Forcepoint may terminate the affected Product License and Licensee will be entitled to a refund of the Fees paid for the affected Product. This paragraph sets forth Licensee’s sole and exclusive remedy and Forcepoint’s entire liability for any breach of warranty related to the Products.

7.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) use of the Products inconsistent with the accompanying Documentation, (iii) Licensee’s failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

7.4 THE WARRANTIES SET FORTH IN THIS SECTION 7 ARE IN LIEU OF, AND FORCEPOINT EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

8. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; or (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

9. Indemnification. In the event of a third-party claim, suit or proceeding against Licensee asserting that use of the Product as permitted in this Agreement infringes a third-party’s patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its expense will defend Licensee and indemnify Licensee against costs, expenses (including reasonable attorneys’ fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint’s obligation under this Section is contingent upon Licensee providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Licensee to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint’s opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at

its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Licensee's continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Licensee the unused pre-paid Maintenance Fees paid for the affected Product applicable to the balance of the then current Maintenance Term. SUBJECT TO FAR 52.212-4 (h), THIS SECTION SETS FORTH FORCEPOINT'S ENTIRE LIABILITY AND OBLIGATION AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

10. Term and Termination.

10.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order.. Upon termination or expiration of the Maintenance Term, Licensee's right to receive Maintenance to the Products ends.

10.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Licensee's decision to purchase a license to the products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Licensee must execute an Order for a new License. Licensee's continued use of the Products after executing a new Order is subject to this Agreement. For purposes of clarification, Licensee is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

10.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Licensee must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1 Definitions, 4 Intellectual Property Rights, 5 Protections and Restrictions, 7 Limited Warranty; Remedies; Disclaimer, 8 Limitation of Liability, 9 Indemnification, 10 Term and Termination, 12 Rights of Government Licensees, 13 Export, 14 Compliance, 15 General shall survive the termination of this Agreement.

11. Compliance with Laws. Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Licensee must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

12. Rights of Government Licensees. The Products meet the definition of "commercial item" in Federal Acquisition Regulation ("FAR") 2.101, were developed entirely at private expense, and are provided to Government Licensees exclusively under the terms of this Agreement. Software, including Software Upgrades, is "commercial computer software" and applicable Documentation and media are "commercial computer software documentation," as those terms are used in FAR 12.212 and DFARS 227.7202. Use of the Products by the U.S. Government constitutes acknowledgment of Forcepoint's proprietary rights therein, and of the exclusive applicability of this Agreement.

13. Export. The Products are subject to export controls of the United States ("Export Controls"). Export or diversion contrary to U.S. and E.U. law is prohibited. U.S. and E.U. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries ("Prohibited Country" or "Prohibited Countries"). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the "Lists"). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles ("Prohibited Uses"). Licensee represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

14. Compliance. Subject to Government security requirements, Forcepoint has the right to monitor the Licensee's systems to confirm its authorized use of the Products. Upon Forcepoint's request Licensee will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Licensee acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager's operation.

15. General. For the purposes of customer service, technical support, and as a means of facilitating interactions with its endusers, Forcepoint may periodically send Licensee messages of an informational or advertising nature via email. Licensee may choose to "opt-out" of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Licensee acknowledges and agrees that by sending such email and "opting out" it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Licensee acknowledges that Forcepoint may use Licensee's company name only in a general list of Forcepoint customers subject to the restrictions contained in GSAR 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Licensee or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Licensee's and its personnel's use of the Products for its own purposes outside of the Agreement. Licensee may not transfer any of Licensee's rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 "Assignment of Claims" (May 2014) and FAR subpart 42.12 "Novation and Change-of-Name Agreements." Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States in the absence of specific shipping instructions, Forcepoint will ship Hardware by the method it deems most advantageous using standard commercial packaging. Forcepoint is responsible for obtaining insurance against damage to the Hardware during shipment. At the

time Hardware is picked up by the common carrier from a Forcepoint location it is delivered, and title and risk of loss passes to Licensee. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party's reasonable control, including, acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers.. This Agreement, the underlying GSA Schedule Contract GS-35F0511T, the Schedule Price List, and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Licensee agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.

FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Subscribers' use of Forcepoint Products. Subscribers are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support is included with a Subscription upon payment of the associated Subscription Fees. All Premium Support and Mission Critical Support offerings are additional charge support options, and are only provided after Subscriber has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Forcepoint Standard Support is included with the Subscription. Through the combination of available resources, Subscriber can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Subscribers receive access to:

- 24x7x365 online support located at: [Support](#)
- the Knowledgebase and Documentation
- the Customer Forum
- Tech Alerts Subscription
- download software updates and patches
- Five (5) incidents¹⁶ per Subscription year for telephone and online access to technical support engineers during normal business hours for the region where Subscriber is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:

- Address Subscriber open cases in a timely, professional and courteous manner
- Assign a trouble case number used to track status and as a reference for Subscriber inquiries
- Communicate the status of open cases
- Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:

- 24/7 support for Severity Level 1 & 2 issues
- No limit on the number of incidents per Subscription year for telephone and online access to technical support engineers
- Priority access to technical support engineers
- Priority support
- Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on [Support](#) at: [Global Technical Support Programs](#)

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:

- An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Subscriber's technical issues
- Premium Priority access to technical support engineers
- Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Subscriber to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Subscriber's environment, the TAM will work with Subscriber to:

- Provide strategic support planning around Subscriber's use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Subscriber receives access to:

- Technical Account Manager:
 - Expedited case handling and escalation path
 - Account related inquiries and assistance
 - Available for an annual on-site visit

¹⁶ An "incident" is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year subscription holders may aggregate and use the allotted incidents at any time during the then-current Subscription Term. Incidents do not rollover to a renewal Subscription Term. Assisted support for SaaS support will not count as an incident.

- Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](#)

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Subscriber in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Subscriber to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Subscriber will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions and activities of the regional TAMs for the Subscriber on a global level. Upon gaining an understanding of Subscriber’s environment, the GAM and regional TAMs will work with Subscriber to:

- Provide strategic support planning around Subscriber’s use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Subscriber receives access to:

- Technical Account Manager:
 - Expedited case handling and escalation path
 - Account related inquiries and assistance
- Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](#)

6. **Forcepoint Mission Critical Support Elite:** Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support’s Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Subscriber for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: [Global Technical Support Programs](#)

7. **Forcepoint Hardware Support:** Hardware support for Forcepoint appliances is available to subscribers with a current Subscription for Forcepoint software applications running on the hardware. Support for hardware is available only during the Subscription Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Subscriber’s business location on record (see Section 10, Subscriber Responsibilities)

These benefits are described in more detail at: www.forcepoint.com

For non-Forcepoint branded hardware, Subscriber must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times:** Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Subscriber by a member of the Forcepoint Technical Support team or by the Subscriber online at [Support](#).

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:

For all Forcepoint Products other than Forcepoint SaaS Products:

Severity Level	Initial Response
----------------	------------------

	Standard	Premium		Mission Critical		
	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite
<p>Severity One (highest severity) Business is severely impacted. - a Forcepoint product is not functioning and no viable workaround is available - Customer environment compromised or at risk for significant data corruption - Mission critical application is down or the majority of users are not able to conduct business</p>	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes
<p>Severity Two Business is disrupted but functioning. a Forcepoint product's functionality is severely impacted Mission critical applications or the majority of users are impacted.</p>	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour
<p>Severity Three Business is not affected but symptoms exist. - a Forcepoint product is functioning in a restricted fashion and a workaround exists - Mission critical applications are functional with some end users affected</p>	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours
<p>Severity Four (lowest severity) A request for information. Request for product information or questions regarding how to use the product Minimal impact to customer business a request for product modification</p>	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day

Hardware On-Site Parts Replacement Response Times:

Hardware Appliance	Initial Response (after phone-based troubleshooting is completed)
---------------------------	--

	Standard Support	Premium & Premium Priority Support	Mission Critical Support (including Global & Elite)
V10000 M5000 M7500 M10000	Not Available	Standard 3-Year, 4-Hour Onsite Parts Replacement ¹⁷ <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)	Standard 3-Year, 4-Hour Onsite Parts Replacement ² <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)
V5000	Standard 3-Year, Next Business Day Onsite Parts Replacement ^{2 3} <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ^{2 3} (additional purchase required)	Standard 3-Year, Next Business Day Onsite Parts Replacement ² <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)	Standard 3-Year, Next Business Day Onsite Parts Replacement ² <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)
X10G	Not Available	Standard 3-Year, Next Business Day Onsite Parts Replacement ² <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)	Standard 3-Year, 4-Hour Onsite Parts Replacement ² <hr/> Optional 5-Year, 4-Hour Onsite Parts Replacement ² (additional purchase required)

For Forcepoint SaaS Products only:

(24/7 Support will be available for Severity Level-One and Level-Two issues.)

Severity Level	Initial Response	Resolution Target
----------------	------------------	-------------------

¹⁷ Subject to service availability within the service location. For additional information on service availability and locations visit: [Support](#) ³
 Standard Support for V5000 is available only with a subscription purchased to Forcepoint Web Security.

	Standard	Premium		Mission Critical			
	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite	
One - Service unavailable or, if applicable, Virus infection occurring	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes	As soon as possible but no later than within one business day of the call
Two – Partial loss of Service but, as applicable, Web Content and/or email are still being processed	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour	As soon as practicable but within two business days or as otherwise agreed between Forcepoint and the customer
Three - Service is available, but technical questions or configuration issues	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours	As soon as practicable or as otherwise agreed between Forcepoint and the customer
Four – Information Issues, reporting questions, password resets	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day	At the time of response or as soon as practicable thereafter or as otherwise agreed between Forcepoint and the customer

9. **Service Level Guidelines: Response Time and Request Resolution¹⁸:**

Service Level Compliance: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels:
 - o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
 - o Business hours are Monday through Friday, during the hours set forth in the region where Subscriber resides as set forth at: [Contact Support](#) ("Business Hours")
 - o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Subscribers.

Escalation response levels: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Subscriber on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

Support for hardware: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: [Target Response Times](#)

10. **Subscriber Responsibilities:** In order to efficiently resolve problems, it is important that there be clear and effective communications between Subscriber and Forcepoint. The first step of the process requires an accurate reporting of the problem by Subscriber. Subscriber will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Subscriber name
- Subscription Key information
- Support PIN of the day for Subscriber's Cloud security account

¹⁸ Service levels are applicable for the software configurations described at [Certified Product Matrix](#). Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.

- Technical contact information including: name, telephone number and email address
- Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
- Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Subscriber should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Subscriber must keep a current record with Forcepoint of the business location on record for the physical location of the hardware.¹⁹ Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

- Subscriber must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration²⁰
- Updates to a physical location must be completed prior to dispatching of authorized technicians
- Subscriber or Subscriber's authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware²¹
- Missed service calls due to Subscriber's unavailability may result in additional charges for the follow-up service call

be provided where:

- Hardware is repurposed or modified from its original configuration
- Hardware has missing or altered serial numbers or Service Tags
- Hardware has been serviced by someone other than a Forcepoint-authorized service provider
- Premium or Mission Critical Support subscription has expired

11. **Technical Support Channels:** There are two ways for Subscribers to engage support:

- Open a case online at: [Support](#)
- Open a case via telephone: [Contact Support](#)⁸

12. **Support Escalation Channels:** If after following the procedures for creation of a technical support case Subscriber desires to escalate a support issue, the following escalation path to a Technical Support Manager in Subscriber's region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Technical Support Americas		1-858-458-2940
Technical Support EMEA		+44-203 02 444 01
Technical Support APAC	Australia/New Zealand:	+61 2 9414 0033
	India:	+1-858-332-0061
	China, Japan, SE Asia:	+86 (10) 5884-4200

Escalation contacts are available 24 hours a day, 7 days a week to service Subscriber's Severity 1 business needs.

¹⁹ A service technician will only be dispatched after Forcepoint and Subscriber have concluded phone-based troubleshooting and determined that a Severity One problem exists.

²⁰ Registrations may take up to 10 business days to complete.

²¹ In the event that Subscriber is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. ⁸ Toll-free numbers are provided for Subscribers of Premium and Mission Critical Support in some geographies.

FORCEPOINT SUBSCRIPTION AGREEMENT

THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT THE GSA CUSTOMER (“SUBSCRIBER”) AGREES TO THE TERMS AND CONDITIONS IN THIS SUBSCRIPTION AGREEMENT AND THE MATERIALS REFERENCED HEREIN (“AGREEMENT”) BETWEEN SUBSCRIBER AND FORCEPOINT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.

“**Databases**” means proprietary database(s) of URL addresses, email addresses, Malware, applications and other valuable information.

“**Database Updates**” means changes to the content of the Databases.

“**Device**” or “**Seat**” means (i) each computer (whether physical or virtual), electronic appliance or device that is authorized to access or use the Products, directly or indirectly; or (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Subscriber’s email system or network. For SaaS Email, up to 5 aliases may be considered one Device. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single Device).

“**Documentation**” means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Subscriber.

“**Error**” means a material failure of the Product to conform to the Documentation, which is reported by Subscriber and replicable by Forcepoint.

“**Forcepoint**” means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simonscourt Road, Dublin 4, Ireland; or (iii)

Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement.

“**GSA Customer Purchase Order**” (“**Order**”) means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.

“**Permitted Capacity**” means the number of Devices, Seats, Users, or other license metrics as set forth in the Order. “**Products**” means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, SaaS, and Forcepoint packaged service offerings.

“**SaaS**” or “**Software as a Service**” means Forcepoint’s software-as-a-service offerings, including SaaS Web and/or SaaS Email.

“**Software**” means Forcepoint’s proprietary software applications, in object code only.

“**Software Upgrades**” means certain modifications or revisions to the Software, but excludes new products for which Forcepoint generally charges a separate fee.

“**Subscriber**” means the ordering activity authorized to place an Order against the GSA Schedule Contract, GS-35F-0511T on which the Products are included.

“**Subscription**” means a non-exclusive, nontransferable right to use the Products in accordance with this Agreement and the Order.

“**Subscription Fees**” means the agreed upon fees in an Order based on the GSA Schedule Price List.

“**Subscription Term**” means the agreed upon time period in an Order.

“**User**” means (i) any person utilizing Subscriber’s network with access to the Products directly or indirectly, who is an employee, temporary employee, agent, consultant and/or independent contractor (collectively referred to as “personnel,” hereinafter), or guest of Subscriber (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Subscriber’s email system or network.

For SaaS Email, up to 5 aliases may be considered one User. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single User). “**Virus**” or “**Malware**” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

SaaS Email Definitions

“**Average Emails Per Seat**” or “**Average Emails Per User**” means the total number of emails processed in performance of SaaS Email divided by the number of Devices, Seats, or Users in the Order.

“**Bulk Mail**” means a large number of email messages with similar content sent or received in a single operation or a series of related operations.

“**SaaS Email**” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

“**Open Relay**” means an email server configured to receive email from an unauthorized third party and that forwards the email to other recipients who are not part of the server’s email network.

“**Spam**” means a large number of unsolicited email messages (typically over 500 per month) with similar content sent or received in a single operation or a series of related operations.

SaaS Web Definitions

“**Average Bandwidth Per Seat**” or “**Average Bandwidth Per User**” means the total bandwidth used in the performance of SaaS Web divided by the number of Devices, Seats, or Users in the Order.

“**Web Content**” means any data and requests for data processed by SaaS Web including, but not restricted to that accessed using the Internet protocols HTTP and FTP.

“SaaS Web” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

2. **Product Subscription.** Subject to the provisions contained in this Agreement, and timely payment of the applicable fees, Forcepoint hereby grants Subscriber, for the Subscription Term, a Subscription, to use the Products identified in the Order solely for Subscriber’s internal business purposes up to the Permitted Capacity set forth in the Order. Subject to compliance with the terms of this Agreement, Subscriber may relocate or transfer the on-premise Product for use on a different server within its location. Subscriber shall not, and shall not permit anyone else to copy the on-premise Products, other than copies made solely for data backup and testing purposes. Any source code provided to Subscriber by Forcepoint is subject to the terms of this Agreement. Subscriber understands that its right to use the Products is limited by the Permitted Capacity purchased, and Subscriber’s use may in no event exceed the Permitted Capacity authorized under the applicable Order. The Permitted Capacity provided in the Order(s) represents minimum amounts that Subscriber has committed to for the Subscription Term. If Subscriber’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.
3. **Provision of SaaS.**
 - 3.1 Forcepoint will use commercially reasonable efforts to provide SaaS for the Subscription Term. The then-current Service levels for SaaS are attached as Exhibit B for information purposes. Forcepoint makes no service level commitments for email that is determined by Forcepoint to be Bulk Mail.
 - 3.2 If Forcepoint determines that the security or proper function of SaaS would be compromised due to third-party, hacking, denial of service attacks or other activities originating from or directed at Subscriber’s network, Forcepoint may immediately suspend SaaS until the problem is resolved. Forcepoint will promptly notify and work with Subscriber to resolve the issues.
 - 3.3 If SaaS is suspended or terminated, Forcepoint will reverse all configuration changes made during SaaS enrollment. It is Subscriber’s responsibility to make the server configuration changes necessary to reroute email for SaaS Email and reroute Web Content for SaaS Web.
 - 3.4 Forcepoint may modify, enhance, replace, or make additions to the Products. Forcepoint may use Malware, Spam, and other information passing through the Products for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Forcepoint Products and services.
 - 3.5 Subscriber must not use SaaS Email as an Open Relay.
 - 3.6 Subscriber must not use the Products to distribute Spam or Malware.
 - 3.7 If in any one (1) calendar month the Average Emails Per Seat or Average Emails Per User is greater than ten thousand (10,000), Subscriber will make reasonable efforts to implement and maintain an accurate list of all valid email addresses belonging to Subscriber for which SaaS Email scans inbound or outbound email. Subscriber’s Average Emails Per Seat or Average Emails Per User must not be greater than thirty thousand (30,000) in any one (1) calendar month.
 - 3.8 Subscriber’s Average Bandwidth Per Seat or Average Bandwidth Per User must not be greater than 0.02Mbps in any one (1) calendar month.
4. **Subscriber Obligations.**
 - 4.1 Subscriber will (a) comply with all applicable federal laws, statutes and regulations, (b) only use the Products for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its personnel, and (c) not use the Products to transmit Spam, Malware, or excessive email as defined in section 3.7.
 - 4.2 Subscriber must (a) have the authority, rights, or permissions to use all domains registered to the Products, and (b) obtain any legally required consents from its personnel, and (c) not use the Products to filter, screen, manage or censor Internet content for consumers without permission from the affected consumers and Websense’s express prior written approval.
 - 4.3 Forcepoint will not be liable for any claims, demands, suits, or proceedings (“Claims”) made or brought against Forcepoint by a third party alleging or related to Subscriber’s (i) violation of its obligations in this Section 4; (ii) infringement of intellectual property rights; (iii) civil or criminal offenses; (iv) transmission or posting of obscene, indecent, or pornographic materials; (v) transmission or posting of any material which is slanderous, defamatory, offensive, abusive, or menacing or which causes annoyance or needless anxiety to any other person; or (vi) transmission of information through the Products.
5. **Technical Support.**
 - 5.1 Product technical support includes (i) standard technical support, Error corrections or workarounds so that the Products operate in substantial conformance with the Documentation, and (ii) the provision of Database Updates and Software Upgrades, if and when available, all of which are provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found at <https://www.forcepoint.com/technicalsupportterms-service-and-description>. Standard technical support includes online website and portal access, and telephone support during business hours. Database Updates and Software Upgrades will be

provided to Subscriber Forcepoint may require Subscriber to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available pursuant to the execution of a new or modified Order and are also subject to the terms of this Agreement.

- 5.2 Forcepoint's obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Subscriber's use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.
- 5.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product.

6. Intellectual Property Rights. The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and Subscriber agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Subscriber under this Agreement. Subscriber may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Subscriber in this Agreement are reserved to Forcepoint. No ownership of the Products passes to Subscriber. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Subscriber may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint's prior written consent.

7. Protection and Restrictions.

- 7.1 Each party (the "Disclosing Party") may disclose to the other (the "Receiving Party") certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. "Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as "Confidential," "Proprietary" or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement.

Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party's personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information may be released, despite being characterized as "confidential" by the vendor. For the avoidance of doubt, Licensee agrees that Licensee's initial response to any such request to provide Forcepoint Products will be to assert the trade secret exceptions to any disclosure requirements.

- 7.2 Subscriber will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Subscriber may use the Products only for its internal business purposes. Subscriber will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Subscriber's personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi)

use the Products to provide processing services to third parties, or otherwise use the same on a 'service bureau' basis; (vii) disclose or publish, without

Forcepoint's prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary Products. Subject to the terms of this Agreement, Subscriber may allow its personnel to use the Products solely for the benefit of Subscriber; provided, however, Subscriber remains responsible for its personnel's compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

8. Reserved.

9. Limited Warranty; Remedies; Disclaimer.

9.1 For the Subscription Term, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and the Agreement by Subscriber, will operate in substantial conformance with the Documentation under normal use. Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Subscriber's requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

9.2 Subscriber must promptly notify Forcepoint in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint's responsibility, Forcepoint shall, within thirty (30) days of its receipt of Subscriber's written notice, (i) correct the Error or provide a workaround; (ii) provide Subscriber with a plan reasonably acceptable to Subscriber for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint's discretion, then Forcepoint may terminate the affected Product Subscription and Subscriber will be entitled to a refund of the unused Subscription Fees paid for the affected Product applicable to the balance of the then-current Subscription Term. This paragraph sets forth Subscriber's sole and exclusive remedy and Forcepoint's entire liability for any breach of warranty related to the Products.

9.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) use of the Products inconsistent with the accompanying Documentation, (iii) Subscriber's failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

9.4 THE WARRANTIES SET FORTH IN THIS SECTION 9 ARE IN LIEU OF, AND FORCEPOINT,, EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER

WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

10. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law.

11. Indemnification. In the event of a third-party claim, suit or proceeding against Subscriber asserting that use of the Product as permitted in this Agreement infringes a third-party's patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its expense will defend Subscriber and indemnify Subscriber against costs, expenses (including reasonable attorneys' fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint's obligation under this Section is contingent upon Subscriber providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C. 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Subscriber to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint's opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Subscriber's continued use of the

Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Subscriber the unused Subscription Fees paid for the affected Product applicable to the balance of the then-current Subscription Term.

SUBJECT TO FAR 52.212-4(h), THIS SECTION SETS FORTH FORCEPOINT'S ENTIRE LIABILITY AND OBLIGATION AND SUBSCRIBER'S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

12. Term and Termination.

- 12.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Subscription Term, Subscriber's right to use the Products ends.
- 12.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Subscriber's decision to purchase a subscription to Products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Subscriber must execute an Order for a new Subscription. Subscriber's continued use of the Products after executing a new Order is subject to this Agreement. For purposes of clarification, Subscriber is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.
- 12.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Subscriber must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1, Definitions, 6, Intellectual Property Rights, 7, Protection and Restrictions, 8, Financial Terms, 9, Limited Warranty: Remedies; Disclaimer, 10, Limitation of Liability, 11, Indemnification, 12, Term and Termination, 14, Government Restricted Rights, 15, Export, 16, Compliance and 17, General survive the termination of this Agreement.
13. Compliance with Laws. Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Subscriber must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.
14. Government Restricted Rights. The Products are provided with "RESTRICTED RIGHTS." Use, duplication, or disclosure by the U.S. Government is subject to restrictions as set forth in FAR 52.227-14 "Rights in Data" (Dec. 2007) and DFARS 252.227-70155 "Technical Data-Commercial Items" or its successors. The U.S. Government acknowledges Forcepoint's proprietary rights in the products and services. Contractor or Manufacturer is Forcepoint.
15. Export. The Products are subject to export controls of the United States ("Export Controls"). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries ("Prohibited Country" or "Prohibited Countries"). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the "Lists"). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles ("Prohibited Uses"). Subscriber represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.
16. Compliance. Subject to Government security requirements, Forcepoint has the right to monitor the Subscriber's systems to confirm its authorized use of the Products. Upon Forcepoint's request, Subscriber will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Subscriber acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager's operation.
17. General. For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Forcepoint may periodically send Subscriber messages of an informational or advertising nature via email. Subscriber may choose to "opt-out" of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Subscriber acknowledges and agrees that by sending such email and "opting out" it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Subscriber acknowledges that Forcepoint may use Subscriber's company name only in a general list of Forcepoint customers. subject to the restrictions contained in GSAR 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Subscriber or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Subscriber's and its personnel's use of the Products for its own purposes outside of the Agreement. Subscriber may not transfer any of Subscriber's rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 "Assignment of Claims" (Jan. 1986) and FAR subpart 42.12 "Novation and Change-of-Name Agreements" (Sep. 2013).

Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly

posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party's reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Subscriber agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.

Section - EXHIBIT A FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Subscribers' use of Forcepoint Products. Subscribers are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support is included with a Subscription upon payment of the associated Subscription Fees. All Premium Support and Mission Critical Support offerings are additional charge support options, and are only provided after Subscriber has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Forcepoint Standard Support is included with the Subscription. Through the combination of available resources, Subscriber can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Subscribers receive access to:

- 24x7x365 online support located at: [Support](#)
- the Knowledgebase and Documentation
- the Customer Forum
- Tech Alerts Subscription
- download software updates and patches
- submit and track support cases
- Five (5) incidents²² per Subscription year for telephone and online access to technical support engineers during normal business hours for the region where Subscriber is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:

- Address Subscriber open cases in a timely, professional and courteous manner
- Assign a trouble case number used to track status and as a reference for Subscriber inquiries
- Communicate the status of open cases
- Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:

- 24/7 support for Severity Level 1 & 2 issues
- No limit on the number of incidents per Subscription year for telephone and online access to technical support engineers
- Priority access to technical support engineers
- Priority support
- Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on [Support](#) at: [Global Technical Support Programs](#)

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:

²² An "incident" is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year subscription holders may aggregate and use the allotted incidents at any time during the then-current Subscription Term. Incidents do not rollover to a renewal Subscription Term. Assisted support for SaaS support will not count as an incident.

- An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Subscriber's technical issues
- Premium Priority access to technical support engineers
- Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Subscriber to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Subscriber's environment, the TAM will work with Subscriber to:

- Provide strategic support planning around Subscriber's use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Subscriber receives access to:

- Technical Account Manager:
 - Expedited case handling and escalation path
 - Account related inquiries and assistance
 - Available for an annual on-site visit
 - Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](#)

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Subscriber in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Subscriber to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Subscriber will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions and activities of the regional TAMs for the Subscriber on a global level. Upon gaining an understanding of Subscriber's environment, the GAM and regional TAMs will work with Subscriber to:

- Provide strategic support planning around Subscriber's use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Subscriber receives access to:

- Technical Account Manager:
 - Expedited case handling and escalation path
 - Account related inquiries and assistance
 - Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](#)

6. **Forcepoint Mission Critical Support Elite:** Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support's Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Subscriber for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
- Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: [Global Technical Support Programs](#)

7. **Forcepoint Hardware Support:** Hardware support for Forcepoint appliances is available to subscribers with a current Subscription for Forcepoint software applications running on the hardware. Support for hardware is available only during the Subscription Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- "Retain your hard drive" option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Subscriber's business location on record (see Section 10, Subscriber Responsibilities)

These benefits are described in more detail at: www.forcepoint.com

For non-Forcepoint branded hardware, Subscriber must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times:** Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Subscriber by a member of the Forcepoint Technical Support team or by the Subscriber online at [Support](#).

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:

For all Forcepoint Products other than Forcepoint SaaS Products:

Severity Level	Initial Response					
	Standard	Premium		Mission Critical I		
	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite
Severity One (highest severity) Business is severely impacted. - a Forcepoint product is not functioning and no viable workaround is available - Customer environment compromised or at risk for significant data corruption - Mission critical application is down or the majority of users are not able to conduct business	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes
Severity Two Business is disrupted but functioning. - a Forcepoint product's functionality is severely impacted - Mission critical applications or the majority of users are impacted.	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour
Severity Three Business is not affected but symptoms exist. - a Forcepoint product is functioning in a restricted fashion and a workaround exists - Mission critical applications are functional with some end users affected	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours

<p>Severity Four (lowest severity) A request for information. - Request for product information or questions regarding how to use the product</p> <p>Minimal impact to customer business</p> <p>a request for product modification</p>	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day
---	-----------------------	-----------------------	-----------------------	----------------------	----------------------	----------------------

Hardware On-Site Parts Replacement Response Times:

Hardware Appliance	Initial Response (after phone-based troubleshooting is completed)		
	Standard Support	Premium & Premium Priority Support	Mission Critical Support (including Global & Elite)
<p>V10000</p> <p>M5000</p> <p>M7500</p> <p>M10000</p>	Not Available	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement²³</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>
V5000	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement^{2,3}</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement^{2,3} (additional purchase required)</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>
X10G	Not Available	<p>Standard 3-Year, Next Business Day Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>	<p>Standard 3-Year, 4-Hour Onsite Parts Replacement²</p> <hr/> <p>Optional 5-Year, 4-Hour Onsite Parts Replacement² (additional purchase required)</p>

²³ Subject to service availability within the service location. For additional information on service availability and locations visit: [Support](#) ³ Standard Support for V5000 is available only with a subscription purchased to Forcepoint Web Security.

For Forcepoint SaaS Products only:

(24/7 Support will be available for Severity Level-One and Level-Two issues.)

Severity Level	Initial Response						Resolution Target
	Standard	Premium		Mission Critical			
	Standard Support	Premium Support	Premium Priority Support	Mission Critical Support	Mission Critical Support Global	Mission Critical Support Elite	
One - Service unavailable or, if applicable, Virus infection occurring	Up to 1 Business Hour	Up to 45 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 30 Minutes	Up to 15 Minutes	As soon as possible but no later than within one business day of the call
Two – Partial loss of Service but, as applicable, Web Content and/or email are still being processed	Up to 4 Business Hours	Up to 4 Hours	Up to 3 Hours	Up to 2 Hours	Up to 2 Hours	Up to 1 Hour	As soon as practicable but within two business days or as otherwise agreed between Forcepoint and the customer
Three - Service is available, but technical questions or configuration issues	Up to 8 Business Hours	Up to 8 Business Hours	Up to 6 Business Hours	Up to 4 Business Hours	Up to 4 Business Hours	Up to 2 Business Hours	As soon as practicable or as otherwise agreed between Forcepoint and the customer
Four – Information Issues, reporting questions, password resets	Up to 2 Business Days	Up to 2 Business Days	Up to 2 Business Days	Up to 1 Business Day	Up to 1 Business Day	Up to 1 Business Day	At the time of response or as soon as practicable thereafter or as otherwise agreed between Forcepoint and the customer

9. **Service Level Guidelines: Response Time and Request Resolution²⁴:**

Service Level Compliance: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day. o Business hours

²⁴ Service levels are applicable for the software configurations described at [Certified Product Matrix](#). Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.

are Monday through Friday, during the hours set forth in the region where Subscriber resides as set forth at: [Contact Support](#) (“Business Hours”)

- o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Subscribers.

Escalation response levels: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Subscriber on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

Support for hardware: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: [Target Response Times](#)

10. **Subscriber Responsibilities:** In order to efficiently resolve problems, it is important that there be clear and effective communications between Subscriber and Forcepoint. The first step of the process requires an accurate reporting of the problem by Subscriber. Subscriber will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Subscriber name
- Subscription Key information
- Support PIN of the day for Subscriber’s Cloud security account
- Technical contact information including: name, telephone number and email address
- Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
- Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Subscriber should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Subscriber must keep a current record with Forcepoint of the business location on record for the physical location of the hardware.²⁵ Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

- Subscriber must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration²⁶
- Updates to a physical location must be completed prior to dispatching of authorized technicians
- Subscriber or Subscriber’s authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware²⁷
- Missed service calls due to Subscriber’s unavailability may result in additional charges for the follow-up service call

be provided where:

- Hardware is repurposed or modified from its original configuration
- Hardware has missing or altered serial numbers or Service Tags
- Hardware has been serviced by someone other than a Forcepoint-authorized service provider • Premium or Mission Critical Support subscription has expired

11. **Technical Support Channels:** There are two ways for Subscribers to engage support:

- Open a case online at: [Support](#)
- Open a case via telephone: [Contact Support](#)⁸

12. **Support Escalation Channels:** If after following the procedures for creation of a technical support case Subscriber desires to escalate a support issue, the following escalation path to a Technical Support Manager in Subscriber’s region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Technical Support Americas	1-858-458-2940
Technical Support EMEA	+44-203 02 444 01

²⁵ A service technician will only be dispatched after Forcepoint and Subscriber have concluded phone-based troubleshooting and determined that a Severity One problem exists.

²⁶ Registrations may take up to 10 business days to complete.

²⁷ In the event that Subscriber is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. ⁸ Toll-free numbers are provided for Subscribers of Premium and Mission Critical Support in some geographies.

Section - EXHIBIT B

Security Service Level Agreement

1. Terms and Conditions

Forcepoint™ is a premier provider of SaaS security services. Forcepoint provides these SLAs in order to demonstrate its ongoing commitment to provide top-quality SaaS security service offerings for world class organizations and businesses.

1.1 Forcepoint provides these SLAs subject to the terms and conditions of the then current Forcepoint Subscription Agreement at [Subscription Agreement](#). The defined terms therein shall have the same meaning when used in this SLA. The current version of these SLAs can be found at [Forcepoint SaaS Security Service Level Agreement](#).

1.2 In order to receive a Service Credit under any of these SLAs, the Subscriber must make a credit request in writing within thirty (30) days of the occurrence of the breach in service levels (or earlier if specifically set forth below). The Subscriber must also promptly provide Forcepoint with evidence as reasonably requested by Forcepoint of the SLA violation subject to the Service Credit request. A "Service Credit" entitles the Subscriber to the free use of the affected SaaS security service for the time period set forth in the applicable SLA.

1.3 Credits for any Subscriber problems with Forcepoint SaaS Security services will be provided under a single SLA for a single claim, with the SLA that the claim is based upon determined by the Subscriber. One claim cannot result in Service Credits under multiple SLAs.

1.4 The SLAs will not apply to situations where:

- The SaaS Security service is unavailable for an hour or less, and the Subscriber fails to report the unavailability in writing to Forcepoint within five (5) days thereafter.
- The SaaS Security service is incorrectly configured by the Subscriber.
- The Subscriber provides incorrect configuration information to Forcepoint.
- Forcepoint is performing scheduled or routine maintenance of the SaaS Security service, where the Subscriber has been notified of the maintenance no less than five (5) days in advance.
- The Subscriber's applications or equipment or Internet connection has failed.
- For SaaS Email Security, where an account is not configured to use two or more co-location sites (clusters).
- The Subscriber has acted as an open relay or open proxy, or has been using the service to send spam or viruses, or otherwise is using the SaaS Security service in violation of the Forcepoint Subscription Agreement.
- The Subscriber has used the SaaS Security service for thirty (30) days or less.
- The Subscriber is a trial or evaluation customer.
- The failure of the SLA is based on reasons beyond Forcepoint's reasonable control as set out in the Forcepoint Subscription Agreement.

1.5 The remedies set forth in these SLAs are the Subscriber's sole and exclusive remedy for any failure by Forcepoint to comply with the SLAs. Further information regarding remedies is set forth in the Forcepoint Subscription Agreement.

2. SLAs for SaaS Email Security

2.1 Message Tracking.

- For 95% of all emails processed, the following will be available for review in the Message Center within five (5) minutes of receipt of an email: Detailed SMTP logs and all emails that are quarantined (including those that failed a content filtering rule, were classified as spam or were infected with a virus).
- If more than 5% of email logs or quarantined emails processed in any calendar month are not available for review within 5 minutes when the Subscriber is using the portal and following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day's Service Credit for each email log or quarantined email that did not meet this service level, subject to a maximum credit of five (5) days in any one month.

2.2 Service Availability

- The SaaS Email Security service will be available 99.999% of the time.
- SaaS Email Security "Service Unavailability" means the inability of the email filtering service to receive and process email in substantial conformance with Forcepoint's published documentation for the email filtering service, as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
- In the event of Service Unavailability for more than 0.001% of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day's Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one month.

2.3 Service Management

- For 99% of all non-spam emails less than 2 Mega Bytes in size, the time required to process an email will be less than sixty (60) seconds.
- If in any one calendar month, 1% or more of all processed non-spam emails less than 2 Mega Bytes in size takes sixty (60) seconds or longer for Forcepoint to process (following receipt, ready for processing, to attempted delivery), following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day's Service Credit for each email that takes sixty (60) seconds or longer to receive, process and attempt to deliver, subject to a maximum credit of five (5) days in any one month. This SLA applies only to legitimate business email (non-bulk email) and does not apply to emails 2 Mega Bytes or larger in size, denial of service (DOS) attacks, or email loops.

2.4 Spam Detection Rates

- Spam will be detected at a rate of 99% or above during each calendar month for Subscriber's use of the antispam service.
- The spam SLA does not apply to emails using a majority of Asian language (or other non-English or non-European language) or emails sent to invalid mailboxes.
- In the event the spam detection rate drops below 99% for a period of more than five (5) days in any one calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one (1) month's Service Credit.

2.5 Virus Detection

- For Subscribers subscribing to the anti-virus service, Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside email that has passed through the SaaS Email Security service. This excludes links (URLs) inside email messages that take the Subscriber to a website where Viruses can be downloaded.
- A "Known Virus" means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint's SaaS Email Security service, at least thirty (30) minutes before the time the email was processed by the SaaS Email Security service. This SLA does not apply to forms of email abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

- In the event that Forcepoint identifies a Known Virus but does not stop the infected email, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected email. If such action prevents the infection of the Subscriber's systems, then the remedy defined in this Section 2.5 shall not apply. Subscriber's failure to promptly act on such information will also result in the remedy defined in this Section 2.5 being inapplicable.
 - In the event that one or more Known Viruses in any calendar month passes through the email filtering service undetected and infects the Subscriber's systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month's Service Credit, subject to the Subscriber providing evidence acceptable to Forcepoint that the SaaS Email Security service failed to detect the Known Virus within five (5) working days of the Virus infection.
 - The Virus Detection SLA for SaaS Email Security will not apply if (a) the Virus was contained inside an email that could not be analyzed by the email filtering service, such as an encrypted email or a password-protected file, (b) the Virus infection occurred because an email which had been identified as containing a Virus was released by Forcepoint on the request of the Subscriber, or by the Subscriber through the email filtering portal, or (c) there is deliberate self-infection by the Subscriber or its authorized user.
- 3. SLAs for SaaS Web Security**
- 3.1 Service Availability**
- The SaaS Web Security service will be available 99.999% of the time.
 - SaaS Web Security "Service Unavailability" means the SaaS Web Security service being unable to receive, process and forward Web Content in substantial conformance with Forcepoint's published documentation as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
 - In the event of Service Unavailability for 0.001% or more of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will provide the Subscriber a credit of one day's Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one calendar month.
- 3.2 Virus Detection**
- Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside Web Content that has passed through the SaaS web protection service module of the SaaS Web Security service.
 - A "Known Virus" means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint's SaaS Web Security service, at least thirty (30) minutes before the time the Web Content was processed by the web filtering service. This SLA does not apply to forms of Web Content abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.
 - In the event that Forcepoint identifies a Known Virus but does not stop the infected Web Content, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected Web Content. If such action prevents the infection of the Subscriber's systems, then the remedy defined in this Section 3.2 shall not apply. Subscriber's failure to promptly act on such information will also result in the remedy defined in this Section 3.2 being inapplicable.
 - In the event that one or more Known Viruses in any calendar month passes through the SaaS Web Security service undetected and infects the Subscriber's systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month's Service Credit, subject to the Subscriber providing evidence that the SaaS Web Security service failed to detect the Known Virus within five (5) working days of the Virus infection.
 - The Virus Detection SLA for web security will not apply if (a) the Virus was contained inside Web Content that could not be analyzed by the web security service, such as HTTPS or a password-protected file, (b) the user bypassed the web security service when downloading the Web Content, (c) the Subscriber configured the service to not filter the web content, or (d) there is deliberate self-infection by the Subscriber or its authorized user.
- 4. SLAs for Email Archiving**
- 4.1 Service Availability**
- The SaaS email archiving service will be available 99.99% of the time over a calendar month.
 - SaaS email archiving "Service Unavailability" means the inability of the email archiving server to receive and transmit Subscriber's requests to store and retrieve archived email in conformance with Forcepoint's published documentation, as may be updated by Forcepoint from time to time, and measured over a full calendar month.
 - In the event of Service Unavailability for more than 0.01% for any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day's Service Credit for each calendar month where Service Unavailability exceeds 0.

Fortinet, Inc.
1090 Kifer Road
Sunnyvale, CA 94086

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Fortinet, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - ee) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

FORTINET, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. License Grant.

This is a license, not a sales agreement, between Ordering Activity and Contractor. The term "Software", as used throughout this Attachment A, includes all Fortinet and third party firmware and software provided to Ordering Activity with, or incorporated into, Fortinet appliances and any stand-alone software provided to Ordering Activity by Contractor, with the exception of any open source software contained in Fortinet's Products which is discussed in detail in section 15 below, and the term "Software" includes any accompanying documentation, any updates and enhancements of the software or firmware provided to Ordering Activity by Contractor, at its option. Contractor grants to Ordering Activity a non-transferable (except as provided in section 5 ("Transfer") and section 13 ("Open Source Software") below), non-exclusive, revocable (in the event of your failure to comply with these terms or in the event Contractor is not properly paid for the applicable Product) license to use the Software solely for Ordering Activity's internal business purposes (provided, if a substantial portion of Ordering Activity's business is to provide managed service provider services to Ordering Activity's end-customers, Ordering Activity may use the Software embedded in FortiGate and supporting hardware appliances to provide those services, subject to the other restrictions in this Attachment A), in accordance with the terms set forth in this Attachment A and subject to any further restrictions in Fortinet documentation, and solely on the Fortinet appliance, or, in the case of blades, CPUs or databases, on the single blade, CPU or database on which Fortinet installed the Software or, for stand-alone Software, solely on a single computer running a validly licensed copy of the operating system for which the Software was designed, or, in the case of blades, CPUs or databases, on a single blade, CPU or database. For clarity, notwithstanding anything to the contrary, all licenses of Software to be installed on blades, CPUs or databases are licensed on a per single blade, solely for one blade and not for multiple blades that may be installed in a chassis, per single CPU or per single database basis, as applicable. The Software is "in use" on any Fortinet appliances when it is loaded into temporary memory (i.e. RAM). Ordering Activity agrees that, except for the limited, specific license rights granted in this section 1, Ordering Activity receive no license rights to the Software.

2. Limitation on Use.

Ordering Activity may not attempt to, and, if Ordering Activity is a corporation, Ordering Activity is responsible to prevent Ordering Activity's employees and contractors from attempting to, (a) modify, translate, reverse engineer, decompile, disassemble, create derivative works based on, sublicense, or distribute the Software; (b) rent or lease any rights in the Software in any form to any third party or make the Software available or accessible to third parties in any other manner; (c) except as provided in section 5, transfer assign or sublicense right to any other person or entity, or (d) remove any proprietary notice, labels, or marks on the Software, Products, and containers.

3. Proprietary Rights.

All rights, title, interest, and all copyrights to the Software and any copy made thereof by Ordering Activity and to any Product remain with Fortinet. Ordering Activity acknowledges that no title to the intellectual property in the Software or other Products is transferred to Ordering Activity and Ordering Activity will not acquire any rights to the Software or other Products except for the specific license as expressly set forth in section 1 ("License Grant") above.

4. Limited Warranty.

Contractor provides this limited warranty for its product only to the single Ordering Activity person or entity that originally purchased the Product from Contractor or its authorized reseller or distributor and paid for such Product. The warranty is only valid for Products which are registered on Fortinet's Support Website: <https://support.fortinet.com>; or on the TalkSwitch support website: <http://global.talkswitch.com>; or such other website as provided by Contractor. For the below software warranty to start, registration must take place within three hundred sixty-five (365) days from the date the Product was originally shipped from Contractor's facilities or the warranty is null and void and will not be honored. For the hardware warranty, such warranty starts on the earlier of the date of Product registration on Fortinet's Support Website or ninety (90) days from the date that the Product was originally shipped from Contractor's facilities. It is the Contractor distributor's and reseller's responsibility to make clear to the Ordering Activity the date the product was originally shipped from Contractor, and it is the Ordering Activity's responsibility to understand the original ship date from the party from which the end user purchased the product. All warranty claims must be submitted in writing to Contractor before the expiration of the warranty term or such claims are waived in full, i.e. ninety (90) days from the earlier of registration or the automatically started term for hardware and spare parts claims and three hundred sixty-five (365) days from registration within three hundred sixty-five (365) days from shipment for software claims. Contractor provides no warranty for any beta, donation or evaluation Products, for any spare parts not purchased directly from Contractor by the Ordering Activity, for any accessories, or for any stand-alone software.

Contractor warrants that the hardware portion of the Products, including spare parts unless noted otherwise ("Hardware") will be free from material defects in workmanship as compared to the functional specifications for the period set forth as follows and applicable to the Product type ("Hardware Warranty Period"): a three hundred sixty-five (365) day limited warranty for the Hardware excluding spare parts, and, for spare parts, solely a ninety (90) days limited warranty. Contractor's obligation shall be to repair or replace the defective Hardware at no charge to the original owner. This obligation is exclusive of transport fees, labor or installation costs, and any other cost which are not directly associated to the Product. Such repair or replacement will be rendered by Contractor through Fortinet at an authorized Fortinet service facility as determined by Fortinet. The replacement Hardware need not be new or of an identical make, model, or part; Contractor may, in its discretion, replace the defective Hardware (or any part thereof) with any reconditioned Product that Contractor reasonably determines is substantially equivalent (or superior) in all material respects to the defective Hardware. The Hardware Warranty Period for the repaired or replacement Hardware shall be for the greater of the remaining Hardware Warranty Period or ninety days from the delivery of the repaired or replacement Hardware. If Contractor determines in its reasonable discretion that a material defect is incapable of correction or that it is not practical to repair or replace defective Hardware, the price paid by the original purchaser for the defective Hardware will be refunded by Contractor upon return to Contractor of the defective Hardware. All Hardware (or part thereof) that is replaced by Contractor, or for which the purchase price is refunded, shall become the property of Contractor upon replacement or refund.

Contractor warrants that the software portion of Hardware Products will substantially conform to Contractor's then current functional specifications for the Software, as set forth in the applicable documentation for a period of ninety (90) days ("Software Warranty Period"), if the Software is properly installed on approved Hardware and operated as contemplated in its documentation. Contractor's obligation shall be to Government Reseller Amendment to the Gigamon Distribution Agreement

repair or replace the non-conforming Software with software that substantially conforms to Contractor's functional specifications. Except as otherwise agreed by Contractor in writing, the replacement Software is provided only to the original licensee, and is subject to the terms and conditions in this Attachment A of the license granted by Contractor for the Software. The Software Warranty Period shall extend for an additional ninety (90) days after any replacement software is delivered. If Contractor determines in its reasonable discretion that a material non-conformance is incapable of correction or that it is not practical to repair or replace the non-conforming Software, the price paid by the original licensee for the non-conforming Software will be refunded by Contractor; provided that the non-conforming Software (and all copies thereof) is first returned to Contractor. The license granted respecting any Software for which a refund is given automatically terminates immediately upon refund. For purpose of the above hardware and software warranties, the term "functional specifications" means solely those specifications authorized and published by Contractor that expressly state in such specifications that they are the functional specifications referred to in this section 6 of this Attachment A, and, in the event no such specifications are provided to you with the Software or Hardware, there shall be no warranty on such Software.

5. Disclaimer of Other Warranties and Restrictions.

EXCEPT FOR THE LIMITED WARRANTY SPECIFIED IN SECTION 4 ABOVE, THE PRODUCT AND SOFTWARE ARE PROVIDED "AS-IS" WITHOUT ANY WARRANTY OF ANY KIND INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY, IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, OR WARRANTY FOR FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IF ANY IMPLIED WARRANTY CANNOT BE DISCLAIMED IN ANY TERRITORY WHERE A PRODUCT IS SOLD, THE DURATION OF SUCH IMPLIED WARRANTY SHALL BE LIMITED TO NINETY (90) DAYS FROM THE DATE OF ORIGINAL SHIPMENT FROM CONTRACTOR. EXCEPT AS EXPRESSLY COVERED UNDER THE LIMITED WARRANTY PROVIDED HEREIN, THE ENTIRE RISK AS TO THE QUALITY, SELECTION AND PERFORMANCE OF THE PRODUCT IS WITH THE PURCHASER OF THE PRODUCT. NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE HARDWARE WARRANTY PERIOD DISCUSSED ABOVE DOES NOT APPLY TO CERTAIN FORTINET PRODUCTS, INCLUDING FORTIFONE WHICH HAS A NINETY (90) DAY LIMITED WARRANTY AND FORTITOKEN WHICH HAS A 365 DAY WARRANTY FROM THE DATE OF SHIPMENT FROM CONTRACTOR'S FACILITIES, AND THE SOFTWARE WARRANTY DOES NOT APPLY TO CERTAIN FORTINET PRODUCTS, INCLUDING FORTIGATE-ONE AND VDOM SOFTWARE.

The warranty in Section 4 above does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Contractor or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Contractor, (c) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, donation, testing or demonstration purposes or for which Contractor does not charge a purchase price or license fee. In the case of beta, testing, evaluation, donation or free Software or Product, the end user acknowledges and agrees that such Software or Product may contain bugs or errors and could cause system failures, data loss and other issues, and the Ordering Activity agrees that such Software or Product is provided "as-is" without any warranty whatsoever, and Contractor disclaims any warranty or liability whatsoever. An Ordering Activity's use of evaluation or beta Software or Product is limited to thirty (30) days from original shipment unless otherwise agreed in writing by Contractor.

6. U.S. Government End Users.

The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying documentation by the United States Government shall be governed solely by the terms of this Attachment A and shall be prohibited except to the extent expressly permitted by the terms of this Attachment A and its successors.

7. Open Source Software.

Fortinet's products may include software modules that are licensed (or sublicensed) to the user under the GNU General Public License, Version 2, of June 1991 ("GPL") or GNU Lesser General Public License, Version 2.1, of February 1999 ("LGPL") or other open source software licenses which, among other rights, permit the user to use, copy, modify and redistribute modules, or portions thereof, and may also require attribution disclosures and access to the source code ("Open Source Software"). The GPL requires that for any Open Source Software covered under the GPL, which is distributed to someone in an executable binary format, that the source code also be made available to those users. For any Open Source Software covered under the GPL, the source code is made available on this CD or download package. If any Open Source Software licenses require that Contractor provide rights to use, copy or modify a Open Source Software program that are broader than the rights granted in this Attachment A, then such rights shall take precedence over the rights and restrictions herein. All open source software modules are licensed free of charge. There is no warranty for these modules, to the extent permitted by applicable law. The copyright holders provide these software modules "AS-IS" without warranty of any kind, either expressed or implied. In no event will the copyright holder for the open source software be liable to you for damages, including any special, incidental or consequential damages arising out of the use or inability to use the software modules, even if such holder has been advised of the possibility of such damages. A full copy of this license, including additional open source software license disclosures and third party license disclosures applicable to certain Fortinet products, may be obtained by contacting Contractor through Fortinet's Legal Department at legal@fortinet.com.

EXHIBIT A – FORTICARE/FORTIGUARD SERVICES

DEFINITIONS

1. "Ordering Activity" means any person or entity that has purchased a Service Contract from Contractor.
2. "Defective Unit" means a Product purchased by the Ordering Activity which has ceased to operate in accordance with Fortinet's Product Documentation.
3. "Hardware" means the Fortinet computer peripheral devices excluding all Software incorporated in or bundled with such devices.
4. "No Trouble Found Unit(s)" means a Product that has been returned to Fortinet as a Defective Unit by the Ordering Activity, and is later discovered to be in proper working order.

5. "Product(s)" means any Fortinet Hardware with associated Software or stand-alone Software product which is/are available for sale.
6. "Registration Date" means the date when the Service Contract is registered via Fortinet's website: <https://support.fortinet.com>.
7. "Renewal Service Contract" means a Service Contract (FortiCare and/or FortiGuard), as identified in Contractor's then current GSA price list, which may be purchased for any hardware that has previously been registered with an accompanying Service Contract at Fortinet's Support site.
8. "Return Material Authorization" or "RMA" means the required number or code obtained from Fortinet prior to returning a Defective Unit for a Replacement Unit.
9. "Replacement Unit" means a Product shipped by Fortinet to replace an Ordering Activity reported Defective Unit for which the Ordering Activity has obtained an RMA.
10. "Service Contract" means the purchase order for the Services purchased by the Ordering Activity as evidenced by their Service Contract Registration Document.
11. "Service Plan Documentation" means the Fortinet issued collateral, product description, or documentation which outlines the Services to be performed by Fortinet.
12. "Service Contract Registration Document" means the electronic document emailed by Fortinet with a contract registration number to the email address provided for in the Order Documentation which contains the Ordering Activity's entitlements.
13. "Services" means any individual or combination of Support and/or Subscription services purchased by the Ordering Activity and evidenced in the Ordering Activity's Service Entitlement Document.
14. "Software" means the Fortinet computer software which is licensed in object code form, including any error corrections, updates and bug fixes provided by Fortinet.
15. "Subscription Services" means Fortinet's FortiGuard suite of services, per Fortinet's current Customer Support Services Reference Guide, which may include one or all of the following: Antivirus, Antispam, IPS, and Web Filtering.
16. "Support" or "Support Services" means Fortinet's technical telephone, email, and web assistance provided by Fortinet or its Partners, per Fortinet's current Customer Support Services Reference Guide, to help the Ordering Activity with problem resolutions.

SUPPORT AND SUBSCRIPTION SERVICE CONTRACTS OFFERED

1. Service Contracts Offered. Contractor through Fortinet offers various Support and Subscription Service Contracts ranging in hours of operation and included Services. In addition, Fortinet offers Subscription Services and other Product service offerings to protect Ordering Activity's newly purchased assets.
2. Ordering and Use. Each Service Contract purchased by Ordering Activity is valid for a single unit of Product. For clarity, use of a Service Contract with a replacement unit, or with certain upgraded units identified by Contractor through Fortinet as applicable to the Service Contract, shall not be considered a material breach of this Attachment A.

TERMS OF SERVICE

1. Registration. Ordering Activity must register the Product for which the Service Contract was purchased within three hundred sixty-five (365) days from the date of the original shipment by Contractor through Fortinet of the applicable Product and Service Contract to Ordering Activity. SERVICE CONTRACTS WHICH ARE NOT REGISTERED WITHIN THREE HUNDRED SIXTY-FIVE (365) DAYS FROM THE DATE THE SERVICE CONTRACT WAS ORIGINALLY SHIPPED FROM CONTRACTOR THROUGH FORTINET SHALL BE FORFEITED AND CONTRACTOR SHALL HAVE NO OBLIGATION TO THE ORDERING ACTIVITY REGARDING THIS ATTACHMENT A OR ANY RELATED SUPPORT SERVICES. It is Ordering Activity's responsibility to ensure it knows the deadline to register the Service Contract within the three hundred sixty-five (365) day period. Notwithstanding anything to the contrary, Contractor through Fortinet may register any Renewal Service Contract upon invoicing. Upon renewal of the Service Contract, Ordering Activity authorizes Contractor through Fortinet to automatically register the Renewal Service Contract for subsequent renewal periods for which a purchase order has been placed.
2. Renewal Registration. In order to maintain a continual service period, the effective date of any Renewal Service Contract shall begin as set forth herein, (the "Renewal Service Contract Effective Date"). In the event that registration of a Renewal Service Contract is beyond ten (10) calendar days following the expiration date of the previous Service Contract, such Renewal Service Contract Effective Date will be the later of (a) the calendar day following the expiration date of the Ordering Activity's previous service Contract and (b) the date that is one hundred eighty (180) calendar days prior to the actual registration date of the Renewal Service Contract. The above does not apply if Renewal Service Contracts are registered and started within ten (10) calendar days following the expiration date of the Ordering Activity's previous Services Contract. In such case the start date shall be the date of registration.

For example and for illustration purposes only, in the event a one year Renewal Service Contract is registered ninety (90) days after the expiration date of the Services contract being renewed, the term of such Renewal Service Contract will terminate 275 days (365 – 90) from the date of registration of such Renewal Service Contract. As another example, in the event a one year Renewal Service

Contract is registered two-hundred (200) days after the expiration date of the Services contract being renewed, the term of such Renewal Service Contract will terminate 180 days from the date of registration of such Renewal Service Contract.

- Support Policy. The delivery of all Services shall be subject to and provided in accordance with Contractor through Fortinet's then current Customer Support Services Reference Guide ("Reference Guide"). The Reference Guide details the Service and Support process and any service levels provided by Contractor through Fortinet with your specific Fortinet Support Services. The Reference Guide is available at the following link <https://support.fortinet.com/Login/UserLogin.aspx>. The Reference Guide is subject to change and Fortinet shall post notices of any changes on the support website <https://support.fortinet.com/Login/UserLogin.aspx> with no less than thirty (30) days notice prior to the effective date of the change. The Ordering Activity hereby agrees and acknowledges that by continuing to accept Services beyond the effective date of the change as provide for in any notification, the Ordering Activity accepts and agrees the changes to the Reference Guide. Furthermore, the Ordering Activity hereby acknowledges and agrees that Ordering Activity is solely responsible for adhering to and monitoring Contractor through Fortinet's support website for updates and changes to the Reference Guide.
- Product Life Cycle Policy. All Services provided hereunder are subject to Fortinet's Product Life Cycle Policy which is available Fortinet's Support website.

POINT OF CONTACT

Contractor through Fortinet may, at its option, provide the Services directly or indirectly, through any of its FortiPartner, agents, or sub-contractors.

DESCRIPTION OF PROGRAMS

- Principle Period of Services. Services are provided during the hours described in the Reference Guide.
- Telephone and Email Support. All telephone and email support will be delivered in accordance with any Service Plan Documentation and Fortinet's Support Policy.
- Web-based Support. The Fortinet corporate website www.fortinet.com provides access to a variety of information including on-line documentation. To engage Customer Services and Support on an ongoing basis, an account must be created on the Fortinet support website <https://support.fortinet.com>. This site includes access to the FortiCare ticketing system for product and contract registration as well as creation of ticket and webchat requests. It may also include Subscription Service updates, Maintenance and Feature Releases, and technical support alerts. Login information and passwords are provided upon registration of the account. Ordering Activity hereby agrees and warrants that only authorized information technology personnel shall have access to the login and password information. Contractor through Fortinet shall use reasonable efforts to ensure web access is available on a 24x7x365 basis, but will not be responsible for internet downtime beyond its reasonable control.
- Hardware Support. If the Customer's Service Contract includes hardware support, the Services shall be delivered as described in the applicable Service Plan Documentation and shall be provided in accordance with Fortinet's Support Policy. Please refer to Fortinet's Support Policy regarding the Hardware Support claim process. For Service Contracts containing Advanced Hardware repair or replacement, Contractor through Fortinet is not responsible for any delays in delivery related to export or customer regulations or processes. For any Service Contract which incorporates four-hour replacement Services, Ordering Activity acknowledges that Contractor through Fortinet shall have 30-days from the date of Product's Registration Date to stage replacement Product in a local depot ("Staging Period"). As such Ordering Activity's four-hour replacement Services shall not commence until the end of such Staging Period.
- Software/Firmware Updates. If Ordering Activity's Service Contract includes software/firmware updates, all official software and firmware maintenance releases and feature updates shall be included in this Attachment A. Ordering Activity may access such updates via password-protected web access. Ordering Activity may install only one (1) copy of the upgrade per product covered by a Service Contract. Support shall be provided on the then-current major release of Product and the previous release of software. At Contractor through Fortinet's option, Fortinet may provide technical assistance on older versions of a registered Product, but such services may be limited and are not guaranteed. Support Services do not include education/training-related services or professional services such as installation or network configuration.
- Real-Time Updates. If the Ordering Activity's Service Contract contains Subscription Services, the Ordering Activity will have access to Contractor through Fortinet's real-time Anti-Virus and Network Intrusion Detection System ("NIDS") updates that will protect the Ordering Activity against some of the latest network-based threats. These updates may either be pushed to properly configured and authorized Products, retrieved on a pre-scheduled basis, or retrieved manually by the Ordering Activity.

EXCLUSIONS

- General. Ordering Activity acknowledges that software and/or hardware is/are neither perfect nor error-free and that, despite commercially reasonable efforts, Contractor through Fortinet may be unable to provide answers to, or be able to resolve, some or all requests for software or hardware support. The Services provided by Contractor through Fortinet hereunder do not include warranty, support and/or maintenance for any third party software or hardware, whether or not such third party software or hardware is provided by Contractor through Fortinet. Contractor through Fortinet is not required to provide Services for problems arising from: (i) Ordering Activity's failure to implement all maintenance or features issued under this Attachment A; (ii) any alterations of or additions to the Products performed by parties other than Contractor through Fortinet; (iii) accident, negligence, or misuse of the Products (such as, without limitation, operation outside of environmental specifications or in a manner for which the Products were not designed); or (iv) interconnection of the Products with other products not supplied by Contractor through Fortinet.

2. On-Site Support Not Included. Support Services are strictly limited to telephone and electronic support.
-

LICENSE

All updates or upgrades to Software or Hardware provided for under this Attachment A shall be deemed to be included within the Products and subject to these Attachment A License terms and conditions. Further, Ordering Activity hereby agrees (i) not to create or attempt to create by reverse engineering, disassembly, decompilation or otherwise, the source code, internal structure, hardware design or organization of the Product or support updates or software, or any part thereof, or to aid or to permit others to do so, except and only to the extent as expressly required by applicable law; (ii) not to remove any identification or notices of any proprietary or copyright restrictions from any Product or support updates or software; (iii) not to copy the Product or support updates or software, modify, translate or, unless otherwise agreed, develop any derivative works thereof or include any portion of the Software in any other software program; (iv) only to use the Product and support updates and software for internal business purposes, and (v) to keep confidential any software and support updates and not share them with third parties.

WARRANTY

Except as expressly stated otherwise, maintenance releases, updates and upgrades provided hereunder are warranted for the remaining software warranty period of the original Product purchased, if any, as specified in this Attachment A. Nothing in this Attachment A shall be construed as expanding or adding to the warranty set forth above. Contractor cannot guarantee that every question or problem raised in connection with the Services will be addressed or resolved. EXCEPT FOR WARRANTIES CLEARLY AND EXPRESSLY STATED HEREIN, NOTWITHSTANDING ANYTHING TO THE CONTRARY, CONTRACTOR MAKES, AND ORDERING ACTIVITY RECEIVE, NO OTHER WARRANTIES OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, ARISING IN ANY WAY OUT OF, RELATED TO, OR UNDER THIS ATTACHMENT A OR THE PROVISION OF MATERIALS OR SERVICES HEREUNDER, AND, TO THE EXTENT PERMISSIBLE BY LAW, FORTINET SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF SATISFACTORY QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS.

Fujitsu Network Communications, Inc.
2801 Telecom Parkway
Richardson, TX 75082

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Fujitsu Network Communications, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

FUJITSU NETWORK COMMUNICATIONS

FUJITSU NETWORK COMMUNICATIONS LICENSE, WARRANTY AND SUPPORT TERMS

1. **Grant of License.** Upon delivery or access of the Licensed Product to Ordering Activity and payment by Ordering Activity of the applicable annual license fee for base software and individually licensed Software features or other consideration as determined by Contractor, Contractor grants to Ordering Activity a restricted, personal, nontransferable and non-exclusive right-to-use license to the Software that is embedded in, loaded, activated, or downloaded into applicable Fujitsu Network Communications ("FNC") equipment and use of the Documentation, solely for Ordering Activity's internal business purposes and only on or for the products Ordering Activity obtains from Contractor.
2. **U.S. Government Rights.** If the Licensed Products are being provided to the United States Government they are, to the maximum extent permitted under applicable laws and regulations, provided pursuant to the terms, and subject to the limitations, of this Attachment A. To the extent that applicable laws and regulations grant the Government greater rights than provided by this Attachment A, then the Government receives only the minimum rights required by such laws and regulations. Development of the Licensed Products was privately funded and use, reproduction, or disclosure is subject to restrictions set forth in any of the following that are applicable: paragraph (c) of the Commercial Computer Software - Restricted Rights (June 1987) clause at FAR 52.227-19, the Restricted Rights Notice of subparagraph (g)(3) of the Rights in Data - General (June 1987) clause at FAR 52.227-14, DFARS 227.7202-3, and the Technical Data - Commercial Items (Nov. 1995) clause at DFARS 252.227-7015, all as may be amended from time to time.
3. **Restrictions.** Ordering Activity may not: (i) modify, adapt, translate, reverse engineer, disassemble, decompile, or otherwise attempt to derive source code from or create or prepare derivative works of or from the Licensed Products, (ii) distribute, sublicense, rent, lease, loan, or make unauthorized copies of any portion of the Licensed Products, (iii) publicly display visual output or publish any test results of the Software, or (iv) use the Software in inherently high-risk applications such as, but not limited to, aircraft navigation or communications, nuclear facilities, mass transit, or medical emergency communications. Ordering Activity is authorized to make one copy of the Software in any machine-readable medium for backup or archival purposes in support of Ordering Activity's permitted use hereunder. Ordering Activity may not lend, sublicense, rent or lease the Software, or otherwise make it available to any third party, or transfer or assign this Attachment A or any rights hereunder. Any portion of the Software merged into another software program will continue to be subject to the terms and conditions of this Attachment A. The Software is licensed as a single product with individual Software license features, and it may not be separated for use other than as permitted above.
4. **SOFTWARE ACCESS.** Ordering Activity may obtain the Software by downloading a copy from the FNC website or a CD, or entering the applicable machine line code ("TL1 Command") on equipment preloaded with the Software.
5. **Ownership of the Licensed Products.** The Licensed Products are licensed, not sold. Ordering Activity agrees that all right, title, and interest, including all copyright, patent, trademark, trade secret and other intellectual property rights in and to the Licensed Products and all complete or partial copies thereof belong exclusively to FNC or its licensors, and this Attachment A does not transfer or assign any such rights. The Licensed Products are protected by copyright and other laws and international treaties. Ordering Activity agrees to mark any copies of the Software Ordering Activity is permitted to make under this Attachment A with the applicable copyright notice provided by FNC. Except as expressly granted in this Attachment A, no right or license, whether express or implied, by estoppel or otherwise, is granted in any copyright, patent, trademark, trade secret, or other intellectual property of FNC or its licensors.
6. **Warranty Disclaimer and Limitation.** EXCEPT AS PROVIDED IN THE AGREEMENT BETWEEN CONTRACTOR AND ORDERING ACTIVITY, THE LICENSED PRODUCTS ARE LICENSED TO ORDERING ACTIVITY "AS IS". CONTRACTOR DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE, AND ANY WARRANTIES CLAIMED TO ARISE FROM PERFORMANCE OR CUSTOM OR USAGE OF TRADE WITH RESPECT TO THE LICENSED PRODUCTS. ORDERING ACTIVITY ASSUMES ALL RISK RELATING TO USE OF THE LICENSED PRODUCTS. IN NO EVENT WILL CONTRACTOR BE LIABLE FOR ANY INDIRECT, SPECIAL, EXEMPLARY, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING FROM LOST PROFITS, BUSINESS INTERRUPTION, COST OF PROCUREMENT OF SUBSTITUTE GOODS, LOSS OF DATA, OR ANY OTHER LOSS ARISING OUT OF THE USE OF OR INABILITY TO USE THE LICENSED PRODUCTS, EVEN IF CONTRACTOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

GitLab, Inc.
1233 Howard St #2F
San Francisco, CA 94103

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached GitLab, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
GitLab, Inc.

GitLab, Inc. LICENSE, WARRANTY AND SUPPORT TERMS

1. LICENSE AND SUPPORT

1.1 Subject to the terms and conditions of this Agreement, GitLab hereby grants to Customer and its Affiliates (as defined below) a limited, non-exclusive, nontransferable, non-sublicensable license for Customer's and its Affiliates' employees and contractors to (1) internally (a) use, reproduce, modify, prepare derivative works based upon, and display the code of GitLab Enterprise Edition at the tier level selected by Customer with the specifications generally promulgated by GitLab from time to time (the "Software"), excluding additional Products for the Enterprise Edition unless listed on the Quote, solely (i) for its internal use in connection with the development of Customer's and/or its Affiliates' own software, and (ii) by the number of internal users for which Customer has paid GitLab; and (b) use the documentation, training materials or other materials supplied by GitLab (the "Other GitLab Materials"); and (2) modify the Software and publish patches to the Software, solely by the number of internal users for which Customer has paid GitLab. Notwithstanding anything to the contrary, Customer agrees that GitLab and/or its licensors (as applicable) retain all right, title and interest in and to all Software incorporated in such modifications and/or patches, and all such Software may only be used, copied, modified, displayed, distributed, or otherwise exploited in full compliance with this Agreement, and with a valid GitLab Enterprise Edition subscription for the correct number of user seats. The Software and Other GitLab Materials are collectively referred to herein as the "Licensed Materials." "Affiliate" means any entity(ies) controlling, controlled by, and/or under common control with a party hereto, where "control" means the ownership of more than 50% of the voting securities in such entity.

1.2 Subject to the terms hereof, GitLab will provide reasonable support to Customer for the Licensed Materials as set forth in the underlying GSA Schedule Contract. 1.2.1 GitLab will use reasonable commercial efforts to respond to support questions by phone or email during the next business day at the latest. The number of support questions is not limited.

2. RESTRICTIONS AND RESPONSIBILITIES

2.1 Except as expressly authorized in Section 1.1, Customer will not, and will not permit any third party to: use the Licensed Materials for any purpose other than as specifically authorized in Section 1, or in such a manner that would enable any unlicensed person to access the Licensed Materials; use the Licensed Materials or any other GitLab software for timesharing or service bureau purposes or for any purpose other than its own internal use (including without limitation, sublicensing, distributing, selling, reselling any of the foregoing); except as expressly permitted herein; use the Licensed Materials in connection with any high risk or strict liability activity (including, without limitation, space travel, firefighting, police operations, power plant operation, military operations, rescue operations, hospital and medical operations or the like); use the Licensed Materials or software other than in accordance with this Agreement and in compliance with all applicable laws and regulations (including but not limited to any privacy laws, and laws and regulations concerning intellectual property, consumer and child protection, obscenity or defamation); or use the Licensed Materials in any manner that (1) is harmful, fraudulent, deceptive, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, or libelous (including without limitation, accessing any computer, computer system, network, software, or data without authorization, breaching the security of another user or system, and/or attempting to circumvent any user authentication or security process), (2) impersonates any person or entity, including without limitation any employee or representative of GitLab, or (3) contains a virus, Trojan horse, worm, time bomb, unsolicited bulk, commercial, or "spam" message, or other harmful computer code, file, or program (including without limitation, password guessing programs, decoders, password gatherers, keystroke loggers, cracking tools, packet sniffers, and/or encryption circumvention programs).

2.2 Customer will cooperate with GitLab in connection with the performance of this Agreement by making available such personnel and information as may be reasonably required, and taking such other actions as GitLab may reasonably request. Customer will also cooperate with GitLab in establishing a password or other procedures for verifying that only designated employees of Customer have access to any administrative functions of the Licensed Materials. Customer shall maintain during the term of this Agreement and through the end of the third year after the date on which the final payment is made under this Agreement, books, records, contracts and accounts relating to the payments due GitLab under this Agreement (collectively, the "Customer Records"). GitLab may, at its sole expense, upon 30 days' prior written notice to Customer and during Customer's normal business hours and subject to industry-standard confidentiality obligations, hire an independent third party auditor to audit the Customer Records only to verify the amounts payable under this Agreement.

2.3 Customer will be responsible for maintaining the security of Customer's account, passwords (including but not limited to administrative and user passwords) and files, and for all uses of Customer account with or without Customer's knowledge or consent.

3. CONFIDENTIALITY

3.1 Each party (the "Receiving Party") understands that the other party (the "Disclosing Party") has disclosed or may disclose information relating to the Disclosing Party's technology or business (hereinafter referred to as "Proprietary Information" of the Disclosing Party). Without limiting the foregoing, the Licensed Materials are GitLab Proprietary Information.

3.2 The Receiving Party agrees: (i) not to divulge to any third person any such Proprietary Information, (ii) to give access to such Proprietary Information solely to those employees with a need to have access thereto for purposes of this Agreement, and (iii) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the party takes with its own proprietary information, but in no event will a party apply less than reasonable precautions to protect such Proprietary Information. The Disclosing Party agrees that the foregoing will not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public without any action by, or involvement of, the Receiving Party, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. In any event, GitLab may collect data with respect to and report on the aggregate response rate and other aggregate measures of the Licensed Materials' performance and Customer's usage of the Licensed Materials; provided that GitLab will

not identify Customer as the source of any such data without Customer's prior written consent. However, courts of competent jurisdiction may require certain information to be released. Federal agencies are subject to the Freedom of Information Act (FOIA) (5USC 552), and some information may be released despite being characterized as confidential by GitLab.

3.3. Both parties will have the right to disclose the existence but not the terms and conditions of this Agreement, unless such disclosure is approved in writing by both Parties prior to such disclosure, or is included in a filing required to be made by a party with a governmental authority (provided such party will use reasonable efforts to obtain confidential treatment or a protective order) or is made on a confidential basis as reasonably necessary to potential investors or acquirers.

4. INTELLECTUAL PROPERTY RIGHTS

4.1 Except as expressly set forth herein, GitLab alone (and its licensors, where applicable) will retain all intellectual property rights relating to the Licensed Materials and any suggestions, ideas, enhancement requests, feedback, code, recommendations or other information provided by Customer or any third party relating to the Licensed Materials, which are hereby assigned to GitLab. Customer will not copy, distribute, reproduce or use any of the foregoing except as expressly permitted under this Agreement. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the Licensed Materials, or any intellectual property rights.

4.2 Customer shall not remove, alter or obscure any of GitLab's (or its licensors') copyright notices, proprietary legends, trademark or service mark attributions, patent markings or other indicia of GitLab's (or its licensors') ownership or contribution from the Licensed Materials. Additionally, Customer agrees to reproduce and include GitLab's (and its licensors') proprietary and copyright notices on any copies of the Licensed Materials, or on any portion thereof, including reproduction of the copyright notice. Notwithstanding anything to the contrary herein, any part of the Licensed Materials distributed by GitLab as part of the GitLab Community Edition is licensed under the terms of the MIT License.

4.3 Customer and its licensors shall (and Customer hereby represents and warrants that they do) have and retain all right, title and interest (including, without limitation, sole ownership of) all software, information, content and data provided by or on behalf of Customer or made available or otherwise distributed through use of the Licensed Materials ("Content") and the intellectual property rights with respect to that Content. Subject to the foregoing, GitLab may participate in the defense and/or settlement of any applicable Claim with counsel of its choosing at its own expense to the extent permitted by 28 U.S.C. 516

4.4 GitLab will defend, indemnify and hold Customer harmless from liability and other amounts paid or payable to unaffiliated third parties resulting from (i) the infringement or violation of any intellectual property or proprietary rights by the Licensed Materials or (ii) the violation of applicable law or regulation by GitLab in performance of its obligations hereunder, provided GitLab is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume control over defense and settlement thereof. Subject to the foregoing, Customer may participate in the defense and/or settlement of any claim that is indemnifiable by GitLab with counsel of its choosing at its own expense. The foregoing obligations do not apply with respect to portions or components of the Licensed Materials (i) not created by GitLab, (ii) that are modified after delivery by GitLab, (iii) combined with other products, processes or materials where the alleged infringement relates to such combination, (iv) where Customer continues allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement, or (v) where Customer's use of the Licensed Materials is not strictly in accordance with this Agreement and all related documentation.

5. PAYMENT OF FEES

5.1 Unless and until GitLab and Customer have executed a quote document specifically referencing this Agreement with respect to amounts due on account of the Licensed Materials (a "Quote", which is hereby incorporated by reference, if applicable), Customer will pay GitLab the applicable fees as set forth at <https://about.gitlab.com/pricing/> (the "Pricing") for the Licensed Materials selected and/or used by Customer (the "Fees") without any right of set-off or deduction. To the extent applicable, Customer will pay GitLab for additional services, such as integration fees or other consulting fees agreed by both parties hereto in writing (email to suffice). On each anniversary of the Effective Date, GitLab will invoice Customer with respect to any and all additional Customer users of the Licensed Materials beyond those for whom Customer has pre-paid, as of such date (and for whom the Fees due pursuant to such invoice will be the per-year user fee set forth in the Quote or Pricing (as applicable) with respect to the year just ended, and the per-year user fee set forth in the Quote or Pricing (as applicable) with respect to all subsequent years, unless otherwise agreed in writing by both parties (collectively, a "True-Up"). For Customers that have pre-paid all Fees for multi-year subscriptions for Licensed Materials pursuant to a Quote, on each anniversary of the Effective Date during the term of this Agreement, (i) a new license key will be provided, and (ii) a True-Up will be conducted. All additional users purchased shall be coterminated through the end of the original Subscription period.

5.2 All payments and invoice terms will be made in accordance with FAR 52.212-4 and the underlying GSA Schedule Contract. Except as expressly set forth in this Agreement, all Fees paid and/or due hereunder (including any prepaid amounts) are non-refundable, including without limitation if this Agreement is terminated in accordance with Section 6 below. If Customer terminates this Agreement pursuant to Section 6.2 within 45 calendar days from receipt of the initial invoice for the Licensed Materials, GitLab will refund all Fees paid hereunder.

5.3 Payments not received when due shall be governed by the Prompt Payment Act (31 USC 3901 *et seq*) and Treasury regulations at 5 CCR 1315. Additionally, notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. Gitlab shall state separately on its invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

6. TERMINATION

6.1 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this agreement must be made as a dispute under the Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Geotab shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

6.2 Customer's rights to the Licensed Materials, and any licenses granted hereunder, shall terminate upon any termination of this Agreement. **7. WARRANTY; CUSTOMER SOFTWARE SECURITY**

GitLab represents and warrants that (i) it has all rights and licenses necessary for it to perform its obligations hereunder, and (ii) it will not knowingly include, in any GitLab software released to the public and provided to Customer hereunder, any computer code or other computer instructions, devices or techniques, including without limitation those known as disabling devices, Trojans, or time bombs, that are intentionally designed to disrupt, disable, harm, infect, defraud, damage, or otherwise impede in any manner, the operation of a network, computer program or computer system or any component thereof, including its security or user data. If, at any time, GitLab fails to comply with the warranty in this Section, Customer may promptly notify GitLab in writing of any such noncompliance. GitLab will, within thirty (30) days of receipt of such written notification, either correct the noncompliance or provide Customer with a plan for correcting the noncompliance.

8. WARRANTY DISCLAIMER

Gitlab warrants that the SOFTWARE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. Except as just stated, THE LICENSED MATERIALS, SOFTWARE AND GITLAB PROPRIETARY INFORMATION AND ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS-IS," WITHOUT ANY WARRANTIES OF ANY KIND. GITLAB HEREBY DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT.

9. LIMITATION OF LIABILITY

IN NO EVENT WILL EITHER PARTY OR THEIR LICENSORS BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE USE OF THE LICENSED MATERIALS OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT, ANY DELAY OR INABILITY TO USE THE LICENSED MATERIALS OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT OR OTHERWISE ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION, LOSS OF REVENUE OR ANTICIPATED PROFITS OR LOST BUSINESS OR LOST SALES, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR OTHERWISE, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF DAMAGES. THE TOTAL LIABILITY OF EACH PARTY AND ITS LICENSORS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), OR OTHERWISE, WILL NOT EXCEED, IN THE AGGREGATE, THE GREATER OF (i) ONE THOUSAND DOLLARS (\$1,000), OR (ii) THE FEES PAID TO GITLAB HEREUNDER IN ONE YEAR PERIOD ENDING ON THE DATE THAT A CLAIM OR DEMAND IS FIRST ASSERTED. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Gitlab's negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law or (4) express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

10. U.S. GOVERNMENT MATTERS

Notwithstanding anything else, Customer may not provide to any person or export or re-export or allow the export or re-export of the Licensed Materials or any software or anything related thereto or any direct product thereof (collectively "Controlled Subject Matter"), in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of the Treasury Office of Foreign Assets Control, or any other United States or foreign agency or authority. Without limiting the foregoing Customer acknowledges and agrees that the Controlled Subject Matter will not be used or transferred or otherwise exported or re-exported to countries as to which the United States maintains an embargo (collectively, "Embargoed Countries"), or to or by a national or resident thereof, or any person or entity on the U.S. Department of the Treasury's List of Specially Designated Nationals or the U.S. Department of Commerce's Table of Denial Orders (collectively, "Designated Nationals"). The lists of Embargoed Countries and Designated Nationals are subject to change without notice. Use of the Licensed Materials is representation and warranty that the user is not located in, under the control of, or a national or resident of an Embargoed Country or Designated National. The Controlled Subject Matter may use or include encryption technology that is subject to licensing requirements under the U.S. Export Administration Regulations. As defined in FAR section 2.101, any software and documentation provided by GitLab are "commercial items" and according to DFAR section 252.2277014(a)(1) and (5) are deemed to be "commercial computer software" and "commercial computer software documentation." Consistent with DFAR section 227.7202 and FAR section 12.212, any use modification, reproduction, release, performance, display, or disclosure of such commercial software or commercial software documentation by the U.S. Government will be governed solely by the terms of this Agreement and will be prohibited except to the extent expressly permitted by the terms of this Agreement.

11. MISCELLANEOUS

If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable. This Agreement is not assignable, transferable or sublicensable by either party without the other party's prior written consent, not to be unreasonably withheld or delayed; provided that either party may transfer and/or assign this Agreement to a successor in the event of a sale of all or substantially all of its business or assets to which this Agreement relates. Both parties agree that this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed or otherwise agreed to by each party, except as otherwise provided herein. No agency, partnership, joint venture, or employment is created as a result of this Agreement and neither party has any authority of any kind to bind the other in any respect whatsoever. All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or

EC America, Inc.

a subsidiary of  immixGroup

registered mail (return receipt requested), postage prepaid. GitLab will not be liable for any loss resulting from a cause over which it does not have direct control. This Agreement will be governed by the Federal laws of the United State of America.

Globalscape, Inc.

San Antonio, TX 78249

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

4. **Scope.** This Rider and the attached Globalscape, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract").
5. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The Government Customer is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.
 - f) **Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.
 - g) **Assignment.** All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.
 - h) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.
 - i) **Customer Indemnities.** Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.
 - j) **Contractor Indemnities.** All Manufacturer Specific Terms that (1) violate DOJ's jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.
 - k) **Renewals.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

- l) **Future Fees or Penalties.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.
 - m) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.
 - n) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
 - o) **Installation and Use of the Software.** Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
 - p) **Dispute Resolution and Venue.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
 - q) **Advertisements and Endorsements.** Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.
 - r) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
 - s) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.
6. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Attachment A – GlobalSCAPE

1. **SOFTWARE.** The capitalized term "Software" refers to the object code for the computer program known as Enhanced File Transfer Server Enterprise (or EFT Server Enterprise) Version 7.1, including the Server Program and the Administrator Interface and all Optional Add-On Modules, which may include without limitation the AWE Module (as defined in Section 2 below), you may purchase and any updates, supplemental code or programs provided to you by GlobalSCAPE with or in connection with Enhanced File Transfer Server Enterprise Version 7.1, such as the user's manual and Help file, any components, any related media and printed materials, and any related "online" or electronic documentation.

2. GRANT OF LICENSE.

A. **EVALUATION LICENSE.** If you acquired the license for any component of the Software on an evaluation or trial basis, you may use the Software without charge for the evaluation period. Your evaluation period begins on the day the evaluation serial number is issued by GlobalSCAPE. You must pay the license fee and activate your copy in the manner required below to continue to use the Software after the evaluation period. An evaluation license for the Software may not be transferred to any other person.

B. STANDARD LICENSE.

(i) **SERVER PROGRAM.** You may install and use one copy of the Server Program on that number of server computers for which you have purchased a separate license as indicated on your ordering document.

(ii) **ADMINISTRATOR INTERFACE.** For so long as you have an active license to use the Server Program, you may copy, install and use the Administrator Interface on as many personal desktop computers as you wish.

(iii) OPTIONAL ADD-ON MODULES.

(a) **WEB TRANSFER CLIENT.** You may concurrently use that number of Web Transfer Clients for which you have paid a separate license fee as indicated on your invoice or sales receipt. If you wish to increase the number of concurrent users after your initial license purchase, upon issuing an order for the additional license fee you will be issued a new registration serial number which will be utilized to activate the additional Web Transfer Client licenses purchased and to re-activate the Web Transfer Client licenses previously purchased.

(b) **SECURE AD HOC TRANSFER MODULE.** If you have purchased a separate license for the Secure Ad Hoc Transfer module (hereafter referred to as "SAT Module"), you may install and use one copy of the SAT Module on that number of server computers for which you have purchased a license as indicated on your ordering document. The SAT Module shall be installed solely on the same server(s) as the Server Program. It is your duty, at your cost, to install and maintain the SAT Module and to acquire, install and maintain Microsoft IIS and all necessary equipment and connectivity required to use the SAT Module. Notwithstanding the restrictions in Section 7.1 but subject at all times to GlobalSCAPE's rights set forth in Section 13, you may modify the SAT Module solely to customize the web interface to the Software created through the SAT Module. Upon modification, however, GlobalSCAPE shall have no further obligations under Section 8 or any related M & S Plan in relation to the Secure SAT module. If you purchase

additional copies of the SAT Module for back-up or archival purposes, you will need to make all applicable modifications to the newly licensed copies.

(c) **ADVANCED WORKFLOW ENGINE.** If you have purchased a separate license for the Advanced Workflow Engine module ("AWE Module"), you may install and use one copy of the AWE Module on that number of computers for which you have purchased a license as indicated on your invoice or sales receipt. You may not separate the AWE Module for use on more than one computer. Certain consents required to be obtained from GlobalSCAPE pursuant to this Agreement may also require the consent of Network Automation, Inc. ("NAI"). You acknowledge that you have only the limited, non-exclusive right to use and copy the AWE Module as expressly stated in this Agreement and that GlobalSCAPE and NAI, as the case may be, retains title to the Software and all other rights not expressly granted herein.

(d) **MOBILE TRANSFER CLIENT.** If you have purchased a license for The Mobile Transfer Client (hereafter referred to as "MTC") module, each user for which you have paid may install and use the MTC on as many devices as desired. For example, if you purchase a license to the MTC for up to 99 users, up to 99 individuals can use the MTC on any device(s) on which they choose to install the MTC application, but only up to 99 named individuals, in aggregate, may access and use the MTC module. If you wish to increase the number of users after your initial license purchase, upon issuing an order for the additional license fee, you will be issued a new registration serial number that will be used to activate the additional MTC licenses purchased and to re-activate the licenses previously purchased.

(e) **WORKSPACES.** If you have purchased a license for Workspaces, each user for which you have paid may create as many Workspaces as desired. For example, if you purchase a Workspaces license for up to 99 Workspace owners, up to 99 individuals can create and maintain Workspaces at a given time. If you wish to increase the number of users after your initial license purchase, upon issuing an order for the additional license fee, you will be issued a new registration serial number that will be used to activate the additional Workspaces licenses purchased and to re-activate the licenses previously purchased.

C. STANDBY OR DEVELOPMENT LICENSE. If you have purchased a license to use the Server Program and/or the Add-On on a non-production basis, then you may use the Server Program and/or Add-On so licensed only as follows:

(i) **STANDBY LICENSE:** One (1) copy on a standby computer that is not processing traffic or doing work of any kind except in the event that, and only for so long as, the primary production server upon which the Server Program license is associated is offline.

(ii) **DEVELOPMENT LICENSE:** One (1) copy on a server (and associated desktop personal computers) used solely for testing, evaluation, or API development, so long as such server does not process actual traffic in a production environment.

D. ACTIVATION. You must activate the evaluation or standard license for the Software by entering the evaluation or registration serial number as prompted by the Software and as otherwise instructed by GlobalSCAPE

E. RESERVED.

3. RIGHT TO COPY OR BACKUP. You may make one copy of the Software or the installation media for the Software solely for back-up or archival purposes at no additional charge.

4. UPGRADES. To use Software identified as an upgrade, or new version, you must first be licensed for the Software identified by GlobalSCAPE as eligible for the upgrade and issue an order for the purchase of the upgrade or new version. After upgrading, you may no longer use the Software that formed the basis for your upgrade eligibility and the license for that Software shall be deemed immediately terminated upon your installation of the upgrade.

5. TRANSFER. You may use the Software solely for your internal business process as contemplated by this Agreement and shall not license, sub-license, sell, re-sell, rent, lease, lend, transfer, assign, distribute, time share or otherwise commercially exploit or make the Software available to any third party, other than as contemplated by this Agreement, without the prior written consent of GlobalSCAPE. You shall not sell, sell access to, or sell use of the Software or utilize the Software as the basis for any software as a service or application service provider solution that You offer for sale or license to third parties. You shall not use the Software in connection with the provision of a service to any third party that includes file transfer or any other service that is a substitute for some or all the Software's functions without the prior written consent of GlobalSCAPE. If modifications are made to a SAT Module as permitted herein, such modification may only be used for your internal business purposes and may not be licensed or sublicensed or otherwise provided to any third party. You may, however, make a one-time permanent transfer of all of your license rights to the Software to another party, provided that: (a) the transfer must include all of the Software, including all component parts, programs, media, printed materials, all registration serial numbers, all modules you purchase in conjunction with the Software, and this license in connection with the sale of all or substantially all of the assets for that line of business; (b) you do not retain any copies of the Software, full or partial, including copies stored on a computer or other storage device; (c) the person to whom you transfer the Software agrees to be bound by the terms of this license; and (d) you provide notice to GlobalSCAPE at least 10 days prior to such transfer of the identity and contact information for the transferee and such transferee is not a competitor of GlobalSCAPE as determined by GlobalSCAPE in its sole discretion. If you purchased the license for the Software on a multi-computer basis-that is, one registration serial number valid for the number of computers indicated on your invoice, you may permanently assign your rights under this license to only a single person or entity. Notwithstanding anything else in this Agreement to the contrary, a license for the Software provided on a free, promotional, or "not-for-resale" (NFR) basis may be used only for testing, demonstration or evaluation and may not be sold or transferred to another person in any manner.

6. INFORMATION COLLECTION AND PRIVACY. The Software includes a feature that assigns a unique identifier to your computer based on system information. The Software reports this identifier to GlobalSCAPE either when you install the Software, enter your evaluation serial number, or enter your registration serial number, or upon the occurrence of each of these. During the evaluation period, the Software will contact our registration and activation servers periodically to verify that the Software is still eligible for use

on an evaluation basis. The Software may also identify and report to us your Windows language identifier setting, IP address, and the date and time of installation and/or activation. GlobalSCAPE uses this information to count installations, detect piracy of the Software, and develop rough statistical data regarding the geographic location of the Software users. GlobalSCAPE may tie this information to personally identifiable information it has about you. GlobalSCAPE may use any non-proprietary information you provide as part of obtaining support services for GlobalSCAPE's business purposes, including product support and development.

7. RESTRICTIONS. You may not reduce the Software to human readable (or source code) form, reverse engineer, de-compile, disassemble, merge, adapt, or modify the Software, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. You may not use the Software to perform any unauthorized transfer of information, such as copying or transferring a file in violation of a copyright, in violation of any laws related to the transfer of encrypted data or for any illegal purpose.

8. MAINTENANCE AND TECHNICAL SUPPORT SERVICES. If you purchased a maintenance and support plan ("M & S Plan"), GlobalSCAPE shall provide the support services at the level agreed by you and Contractor in an applicable ordering document and as defined in the GlobalSCAPE Maintenance and Support Guide (Exhibit 1) (the "Guide"). To be eligible for maintenance and support services, the Server Program and the Administrator Interface as well as all associated Add-On Modules must be covered by an active M & S Plan.

9. RESERVED.

10. SECURITY. The Software creates a means for others to gain access to your computer. Although we have taken commercially reasonable measures to prevent unauthorized persons from gaining access to your computer via the Software, we cannot foresee or control the actions of third parties. Therefore, use of the Software will make you vulnerable to security breaches that you might not otherwise face and could result in the loss of your privacy or property. You are responsible for your use of the Software or otherwise. Use of secure passwords and keeping passwords confidential are not the responsibility of GlobalSCAPE or the Software.

11. RESERVED.

12. RESERVED.

13. INTELLECTUAL PROPERTY. You acknowledge that you have only the limited, non-exclusive right to use and copy the Software as expressly stated in this Agreement and that GlobalSCAPE retains title to the Software and all other rights not expressly granted. You agree not to remove or modify any copyright, trademark, patent, or other proprietary notices that appear, on, in or with the Software. The Software and all derivatives thereof, including any modifications made to the SAT Module are protected by United States copyright, patent and trademark law and rights granted by international treaties related to intellectual property rights. The Software is copyright (c) 2004-2015 GlobalSCAPE, Inc. All rights reserved.

14. EXPORT RESTRICTIONS. THE SOFTWARE CONTAINS ENCRYPTION TECHNOLOGY THAT IS CONTROLLED FOR EXPORT BY THE U.S. GOVERNMENT. You agree to comply fully with all relevant export laws and regulations of the United States ("Export Laws") to assure that (i) the Software is not exported, directly or indirectly (including as a result of providing access to the Software to a national or resident of and embargoed or restricted country), in violation of Export Laws, or the applicable laws of any other jurisdiction or (ii) or provided to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Commerce Department's Table of Denial Orders or Entity List. Among other things, the Export Laws provide that the Software may not be exported or re-exported to certain countries that are embargoed or restricted, or to certain restricted persons. Embargoed and restricted countries currently include but are not limited to Cuba, Iran, Libya, North Korea, Syria and Sudan. In addition to other restrictions described in this section, you may not use the Software, or export the Software to any destination where you know or have reason to know that the Software may be used, in connection with the proliferation of nuclear, chemical or biological weapons or missiles.

15. WARRANTIES. THE WARRANTY IS LIMITED TO NINETY (90) DAYS FROM YOUR RECEIPT OF A COPY OF THE SOFTWARE. COMPUTER PROGRAMS ARE INHERENTLY COMPLEX, AND THE SOFTWARE MAY NOT BE FREE OF ERRORS. THE SOFTWARE IS PROVIDED WITH ALL FAULTS AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT IS WITH YOU. GLOBALSCAPE DISCLAIMS ALL LIABILITY FOR ANY ACTION THAT YOU, YOUR DESIGNEE, OR YOUR AGENTS MIGHT TAKE IN CONNECTION WITH, OR IN RELIANCE UPON, THE TRANSMISSION OR RECEIPT OF ANY MESSAGE USING THE SOFTWARE. SOME STATES DO NOT ALLOW LIMITATIONS ON IMPLIED WARRANTIES SO THESE LIMITATIONS MAY NOT APPLY TO YOU.

16. RESERVED.

17. U.S. GOVERNMENT. The Software is commercial computer software developed solely at private expense. The rights of civilian and non-civilian agencies of the U.S. Government to use, disclose and reproduce the Software are governed by the terms of this Agreement. Publisher is GlobalSCAPE Inc., 4500 Lockhill-Selma, Suite 150, San Antonio, Texas, 78249, USA.

Exhibit 1 – Client Support Services Maintenance and Support Guide Meeting Client Needs

Our Client Support Services team is committed to helping you, our trusted partner, be successful! To this end, Globalscape offers world-class client support and product maintenance to help ensure that your Globalscape implementation is a success. We take pride in optimizing the business value of your security solution and realize that one size doesn't always fit all. That's why we've developed varying levels of technical support to ensure that you get the service your business deserves.

Online services include product updates, user guides, a knowledgebase, online help files, printable documentation, a user community discussion forum, and more. In addition to our self-service resources that are available to all customers at the Globalscape website, we offer two Maintenance and Support plans: a Standard Plan and a Platinum Plan. Both plans include the same level of software maintenance protection. The Platinum Maintenance and Support plan provides you with emergency support anytime, 24 hours per day, seven days per week from your assigned support technicians. As part of this commitment, our maintenance and support program includes the following:
World Wide Web Support

Take advantage of the easy-to-use, 24-hour support resources that are available on the Globalscape Support Center Web site at <http://support.globalscape.com>. Online services include product updates/ notifications, user's guides, a knowledge base, online help files, printable documentation, a user community discussion forum and more.

Email Support

Submit your request via our online submission form available on the Globalscape Support Center Web site at <http://www.globalscape.com/support/techsupport.aspx> and receive an answer via email or telephone. Our response will include a ticket number and the name of the assigned support professional.

Telephone Support

Standard Support Plan members can call us at 1-210-366-3993, Monday through Friday from 8:00 A.M. to 6:00 P.M. (Central Time) for help with any product-related issue.

Additionally, Platinum Support Plan members can receive emergency after-hours technical support 24 hours per day, seven days per week. After hours Platinum Support services are available only via a special telephone number that will be provided when you purchase a Platinum Support Plan.

Maintenance and Support Plans

Included with your active support plan is software maintenance, which provides all major upgrades and minor updates that are publicly released during the term of the agreement at no additional charge. Free upgrades must be requested or obtained while the maintenance and support plan remains in force.

Globalscape offers both Standard and Platinum Support plans for our enterprise software solutions. Both plans include the same level of software maintenance protection. A Platinum Maintenance and Support plan provides you with emergency access to our support professionals anytime, 24 hours per day, seven days per week.

Plan Details

Plan Benefits	Standard Plan	Platinum Plan
Priority Telephone Support	Regular business hours	24h/7d*
Minimum Term	12 Months	12 Months
Priority Email Technical Support†	Unlimited	Unlimited
Access to the User Discussion Forum	Unlimited	Unlimited
Access to Online Self-Help Resources	Unlimited	Unlimited
Software Upgrades and Updates	Unlimited	Unlimited

†Email technical support is available through our online submission form.

Business Hours

Our regular business hours are Monday through Friday from 8:00 A.M. to 6:00 P.M. (Central Time). Platinum support plan members can call the Platinum Support Line anytime, 24 hours per day, seven days per week*.

*Routine requests are handled during normal business hours. Priority service for production system emergencies is available at any time.

†Email technical support is available through our online submission form.

Contacting Technical Support

Type of Contact	Address or Number	Hours
Standard Technical Support Line	1-210-366-3993	8:00am to 6:00pm M – F

Troubleshooting and Diagnostics

When contacting the Globalscape Technical Support team, it is important to provide as much detail as possible about the problem. Please gather as much diagnostic and logging information as possible to help us in our diagnosis of the issue. Be prepared to provide us with relevant error logs or messages including server log files, screen shots, and event log reports. At a minimum, please gather the following details. If you are submitting an inquiry via our online submission form, please provide these details with your submission:

- Your name and company name
- Your telephone number and email address
- The name of the program and complete version information (From Help > About)
- Product serial number (From Help > About or Platinum Support Plan membership card)
- Your operating system and specific version information
 - o A complete description of the problem including:
 - o All of the steps necessary to reproduce the problem
- A description of the environment and the network; useful information includes the data flow, Java runtime version, and database versions

Generally, service tickets are not closed until you and the Globalscape Support Professional both agree that the issue has been satisfactorily resolved. However, Globalscape support may close a service ticket if you have not provided requested information within a reasonable period.

Your Responsibilities

During the course of an issue's diagnosis and resolution, we ask you to respond to all technical information requests as quickly as possible so that our Technical Support team can resolve your case in a timely manner.

Level of Severity	After-hours Acknowledgement ¹	Target Initial 2 Response Time	Resolution ³
Production system outage Product unusable, complete disruption of work, critical business impact. No workaround immediately available.	Standard Plan - Not Applicable Platinum Plan - One Hour	Standard Plan - Same Business Day Platinum Plan - Two Hours	<ul style="list-style-type: none"> • Satisfactory workaround is provided • Product patch is provided • Fix incorporated into future release • Fix or workaround incorporated into knowledge base
Major feature or function failure Operations are severely restricted, but a workaround is available.	Standard Plan - Not Applicable Platinum Plan - One Hour	Standard Plan - One Business Day Platinum Plan - 12 Hours	<ul style="list-style-type: none"> • Satisfactory workaround is provided • Product patch is provided • Fix incorporated into future release • Fix or workaround incorporated into knowledge base
Minor feature or function failure. General usage questions. Product not working as designed. Minor usage impact; acceptable workaround deployed. Documentation, general information, or enhancement requested.	Standard Plan - Not Applicable Platinum Plan - One Hour	Standard Plan - Three Business Days Platinum Plan - One Business Day	<ul style="list-style-type: none"> • Answer to question is provided • Satisfactory workaround provided • Fix or workaround incorporated into knowledge base • Fix incorporated into future release

1. After-Hours Acknowledgement: An initial call back to acknowledge our receipt of the issue and to determine the level of severity. The acknowledgement may be combined with the Initial Response.
2. Target Initial Response Time: Globalscape uses commercially reasonable efforts to respond within the target response time but cannot guarantee response times.
3. Resolution: A satisfactory resolution may not be immediately available or provided with the initial response, in which case Globalscape will use commercially reasonable means and effort to provide a resolution within a reasonable period.

Issue Escalation

Our support professionals follow predefined processes to gather information for identification and resolution of issues. For some issues, our support professionals may need to escalate the issue to software development in order to resolve it.

The escalation process allows for wider review of the issue, including technical and management directives for applying additional resources to the problem, and increased levels of communication between your organization and Globalscape.

If at any time you are not satisfied with the level of support that is being provided to you, we encourage you to bring this to the attention of Globalscape's management staff. Please contact one of the Globalscape Support managers listed below. At our discretion, we may assign an account manager, product manager, or problem resolution team to focus on your issue.

Director, EFT Product Support	Amit Patel	1-210-293-7909	apatel@globalscape.com
Senior Director, Client Support Services	Jason Reams	1-210-308-8267	jreams@globalscape.com

Scope of Technical Support

While we are happy to support your use of our products, and will help in overcoming any difficulties you may encounter, there are certain limitations to the technical support that we can provide.

- Technical Support is limited to the reporting and correction of product defects and installation and configuration assistance.
- Technical Support does not include support for problems related to the failure of your system, network, or environment to comply with the system requirements for the software.
- Technical Support does not include support for development or consulting issues such as COM or other programmatic development. This includes HTML development and custom script creation.
- While we constantly strive to assist in any way we can, there can be situations that are outside our control. Technical support does not include support for any other issues not directly related to the workings of our software.
- Technical support is offered for recent versions of Globalscape software only. Technical support for older versions is available only through our online self-help resources.

It is always recommended that you begin by examining the program help files, knowledgebase articles, and user forums if you are interested in customizing your environment or software beyond the availability of technical support options. You can also engage the services of our Professional Services team, described on our website at <http://www.globalscape.com/services/pro-services.aspx>.

Globalscape End of Life (EOL) and Support Life Policy

Rapidly changing technologies as well as competitive pressures influence the level, timing, and nature of demand for a particular product or group of products. These factors drive the need to introduce new products and services and to actively plan for end-of-life for older software versions as well as specific product lines. With that in mind, we have provided the Globalscape end-of-life (EOL) policy to help customers better manage their end-of-life transition and to understand the role that Globalscape can play in helping to migrate to alternative Globalscape technologies. A copy of the policy can be provided upon request.

Support Agreement

The technical support services described in this Guide are provided pursuant to the terms of the License Agreement you entered into as a condition to the installation of the software indicated below.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

7. **Scope.** This Rider and the attached Guidance Software ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract").
8. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The Government Customer is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.
 - f) **Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.
 - g) **Assignment.** All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.
 - h) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.
 - i) **Customer Indemnities.** Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.
 - j) **Contractor Indemnities.** All Manufacturer Specific Terms that (1) violate DOJ's jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.
 - k) **Renewals.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

- l) **Future Fees or Penalties.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.
- m) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.
- n) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
- o) **Installation and Use of the Software.** Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
- p) **Dispute Resolution and Venue.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- q) **Advertisements and Endorsements.** Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.
- r) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- s) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.
- t) **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

GUIDANCE SOFTWARE

GUIDANCE SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS:

- 1.1 "Attachment A" means these supplemental Guidance Software License and Maintenance Terms and Conditions.
- 1.2 "Concurrent User" means one (1) user running one (1) interactive or batch session of any Licensed Product (or one (1) of each of the Licensed Products in a licensed bundle listed on any purchase order, in any combination) on one (1) computer at one given moment.
- 1.3 "Concurrent Connection" means one (1) Concurrent User connected to one target computer for analysis during an interactive or batch session of any Licensed Product at one given moment. For any license that specifies the number of Concurrent Connections, the Licensed Product must be accessed only from within the site where it is installed.
- 1.4 "Ordering Activity" means the entity named on any applicable purchase order delivered to Contractor hereunder for the purchase of any particular Licensed Product.
- 1.5 "Effective Date" means the date that Ordering Activity's applicable purchase order for the purchase of any particular Licensed Product is accepted by Contractor.
- 1.6 "Guidance" means Guidance Software, Inc.
- 1.7 "Licensed Product" means Guidance's proprietary computer program(s) in object code form (including any accompanying Documentation, manuals, Upgrades, Releases, embedded third party computer program(s), databases, enhancements, and instructions, purchased by delivered to Customer and any copies thereof pursuant to this Attachment A. Licensed Product shall include, without limitation, the EnCase® Enterprise SAFE Server Software, any EnScript® programming language, the EnCase® Examiner Software and the node

servlets. Licensed Product shall also include the accompanying computer disks, hardware security device and, if applicable, any hardware computer, hard drive or server delivered to Ordering Activity by Guidance.

1.8 "Standard Support Policy" means Guidance's then-current Standard Support Policy which is described herein as Exhibit B.

1.9 "Supported Computer(s)" means one or more computers owned or leased by Ordering Activity, and under Ordering

Activity's control, of a manufacturer, model and operating system for which Guidance offers a current version of the Licensed Product. Subject to the restrictions set forth in this Attachment A, the Ordering Activity may at its sole discretion and expense transfer or move the Licensed Product from one Supported Computer to another Supported Computer at any time.

2. LICENSE GRANT:

2.1 General. Subject to the terms and conditions of this Attachment A, Contractor grants and Ordering Activity accepts a nonexclusive, non-sublicenseable, non-transferable and perpetual copyright license during the term of this Attachment A, solely for Ordering Activity's own internal business purposes, to execute one instance of the Licensed Product only on the Supported Computer(s) by employees of Ordering Activity (and/or consultants or contractors of Ordering Activity, provided such consultants or contractors have entered into confidentiality agreement with Ordering Activity containing terms no less restrictive than those set forth in Section 3, below, and provided that Ordering Activity remains responsible for any breach of this Attachment A by such consultants or contractors). The Licensed Product may not be used (i) on a service bureau or time-sharing basis; (ii) for consulting or managed security services provided to third parties; or (iii) in a for-hire engagement for revenue or other consideration on Supported Computer(s) or third party computers. Other than as explicitly set forth in this Attachment A, Ordering Activity shall not permit any other person or entity to access or use the Licensed Product. The computer program(s) are provided in and may be used in machine-readable object code form only.

2.2 Copies. The Ordering Activity may make one archival or back-up copy of the software licensed hereunder, provided that such copy is not used simultaneously or concurrently with the original software, and only if Contractor and Contractor's vendors' copyright and proprietary notices on the software are included on such copy.

2.3 Ordering Activity Modifications and Enhancements. Ordering Activity may not make any modifications or enhancements to the Licensed Product, create any derivative works of the Licensed Product, or merge or separate the Licensed Product or any component thereof without Contractor's prior written consent. Ordering Activity acknowledges the Licensed Product contains embedded software programs that Contractor distributes subject to a restricted license. Ordering Activity agrees not to use the embedded software programs except in conjunction with the Licensed Product. Ordering Activity agrees not to decompile, reverse compile, disassemble or otherwise reverse engineer the Licensed Product, or permit, help, or encourage others to do so, or to use the Licensed Software for purposes of competitive analysis of the Licensed Software, the development of a competing software product or service or any other purpose that is to the Contractor's commercial disadvantage. Ordering Activity agrees not to run (or publish the results of) any benchmark tests on the Licensed Product without first obtaining Contractor's approval.

2.4 Proper Use of Licensed Product. The Ordering Activity acknowledges that the continued integrity of the Licensed Product and Contractor's performance of its obligations described in this Attachment A are dependent upon the proper use and maintenance of the Licensed Product by Ordering Activity. Proper use and maintenance means that Ordering Activity will (i) install all Upgrades and Releases delivered to Ordering Activity hereunder, (ii) use the Licensed Product in accordance with the documentation supplied by Contractor through Guidance and the terms and conditions of this Attachment A, and (iii) follow Guidance's instructions for installing new Releases and Upgrades and for correcting and circumventing software bugs.

3. OWNERSHIP AND PROPRIETARY RIGHTS: Title to, ownership of, and all rights in patents, copyrights, trade secrets, trade dress, and all other proprietary rights in all Licensed Product does not transfer to Ordering Activity and shall remain in Contractor and/or Contractor's third party vendors and licensors. In addition, Contractor may furnish Ordering Activity with its (or its third party vendor's or licensor's) proprietary or confidential information ("Confidential Information") in connection with the provision of Licensed Product and support. Ordering Activity shall protect such Confidential Information of Contractor to the same degree it protects its own Confidential Information, but with no less than a reasonable degree of care. Licensed Product licensed hereunder shall also be considered Confidential Information of Contractor and, except as specifically permitted herein, shall not be disclosed to any third party.

4. TRAINING:

Training. Provided that Ordering Activity has purchased Guidance Training Passports ("Passports") for training classes related to the Licensed Product on an applicable purchase order, such classes are subject to availability and must be reserved in advance. Ordering Activity acknowledges that certain classes have prerequisites. Each Passport permits Ordering Activity to send one (1) designated representative to an unlimited number of Guidance training classes given for one year commencing on the Effective Date. Ordering Activity must designate the representative to Contractor either on the applicable purchase order or otherwise in

writing prior to reserving a course. No credit or refund will be given for any classes that are not taken and Ordering Activity shall be responsible for all travel and lodging expenses of its personnel to take such classes.

5. TERM OF LICENSES:

- 5.1 Term. The licenses granted hereunder commence on the Effective Date and remain in effect perpetually (or, if a shorter term is specified on any applicable quote/purchase order, for the length of such term). Upon expiration or termination of a license, Ordering Activity's right to use the Licensed Product licensed thereunder shall immediately end and Ordering Activity shall: (i) promptly return all Licensed Product (including any and all hardware dongles or other Guidance hardware on which the Licensed Product was delivered) and Guidance Confidential Information and all copies thereof to Guidance; (ii) erase all Licensed Product from the memory of its computer(s) and storage devices or render it non-readable; and (iii) upon Contractor through Guidance's request, certify in writing that Ordering Activity has satisfied its obligations hereunder.

6. SOFTWARE MAINTENANCE SERVICE ("SMS"):

- 6.1 General. If SMS is included or has been elected by Ordering Activity on an applicable purchase order, Contractor through Guidance will provide the services specified in this Section 5 and under Guidance's Standard Support Policy (Exhibit B herein), for the applicable Licensed Product. Guidance will evaluate problems submitted by Ordering Activity and consult with Ordering Activity to determine if it is a Defect.
- 6.2 Term. The initial SMS term shall commence on the Effective Date of the purchase order and remain in effect for the term purchased by Ordering Activity on any applicable purchase order. If one (1) year of SMS has been purchased, the SMS fee for that year is twenty percent (20%) of the license's single payment amount, and the term of SMS expires on the date one (1) year from the Effective Date. If two (2) years of SMS has been purchased, the SMS fee for that year is eighteen percent (18%) of the license's single payment amount, and the term of SMS expires on the date two (2) years from the Effective Date. If three (3) years of SMS have been purchased, the SMS fee for each year is sixteen percent (16%) of the license's single payment amount, payment for all three (3) years is due on the date specified in any applicable quote/purchase order, and the term of SMS expires on the date three (3) years from the Effective Date. Thereafter, subsequent SMS terms may be agreed upon by the parties, under the then-current Guidance SMS program, provided that: (a) Ordering Activity timely pays or has paid the applicable fees for any products or services from Contractor; (b) Contractor through Guidance continues to offer SMS to its customers generally for the Licensed Product, and (c) Ordering Activity remains in compliance with its obligations hereunder. Contractor through Guidance shall make commercially reasonable efforts to provide Ordering Activity with written notice of the fee for the next subsequent SMS term not less than sixty (60) days prior to the renewal date. Contractor may increase its SMS fees for subsequent SMS terms, but the amount of any such increase shall not exceed (i) if the immediately preceding SMS term was one (1) year, three percent (3%) of the fee applicable to the immediately preceding SMS term, (ii) if the immediately preceding SMS term was two (2) years, six percent (6%) of the fee applicable to the immediately preceding SMS term, or (iii) if the immediately preceding SMS term was three (3) years, nine percent (9%) of the fee applicable to the immediately preceding SMS term. Failure to make timely payment of any SMS fee shall not constitute a waiver by Contractor of such fee, the obligation to make such payment, or a valid termination of SMS. Contractor reserves the right to refuse to provide SMS while any accrued SMS fees or other fees remain unpaid. Each SMS term shall constitute a separate contract between the parties. Without prejudice to the foregoing, SMS shall automatically terminate on the date of termination of this Attachment A.
- 6.3 Non-Continuous Coverage; Lapse. In the event Ordering Activity does not maintain continuous SMS services, Contractor through Guidance may, in its discretion, refuse to provide any further SMS to Ordering Activity. Nothing herein shall require Contractor through Guidance to accept a future SMS renewal from Ordering Activity.
- 6.4 Definitions. For the purposes of this Attachment A, the following definitions shall apply: "Defect" means a material error in program logic or documentation attributable to Guidance which prevents the performance of a principal computing function as set forth in Guidance's published specifications for the Licensed Product. "Upgrade" means a revision of the Licensed Product with minor changes and/or Defect corrections (e.g. a change in the numbers to the right of the period X.XX). Upgrades generally occur between each Release of the Licensed Product. "Release" means a new version of the Licensed Product with new features and/or significant enhancements to existing Licensed Product products (e.g. a change to the numbers left of the period X.XX). "Documentation" means the user or system manuals and other published material delivered with the Licensed Product to Ordering Activity, which include the specifications. "Suite" is a collection of Modules. "Module" means a version of the Licensed Product designed to increase functionality for certain specific tasks or to serve the requirements of a subset of users, rather than being of general applicability and is considered outside the scope of this Licensed Product licensed under this Agreement.

6.5 Scope of Services.

- 6.5.1 Contractor through Guidance shall provide SMS in a manner that is consistent with its Standard Support Policy, as described herein under Exhibit B.

6.5.2 Ordering Activity will receive any available Upgrades so long as Ordering Activity has paid for SMS. Contractor through Guidance will provide instructions and/or revised user Documentation to assist the transition in installing Upgrades.

6.5.3 Ordering Activity will receive any available Releases so long as Ordering Activity has paid for SMS. However, new products, Suites and Modules are not included without charge and will be available only for an additional fee.

6.6 Service Limitations: Contractor through Guidance will support only the current Release of the Licensed Product and the immediately preceding Release. Guidance shall make reasonable efforts to accommodate support questions for all other Releases. All associated computer hardware and operating system software must be maintained at the latest Release and Upgrade levels supported by Guidance. For support issues that are not Defects or, when Guidance determines that any requested assistance has exceeded a reasonable level, Guidance may provide some reasonable assistance (determined in Guidance's sole discretion) to help optimize or enhance Ordering Activity's use of the Licensed Product.

7. **WARRANTY:** Contractor warrants, for period of one (1) year from the Effective Date ("Warranty Period"), that each item of Licensed Product shall be free from Defects. To the maximum extent permitted by applicable law, Ordering Activity's remedy and Contractor's obligation shall be to correct or circumvent any Defect reported to Contractor within the Warranty Period which causes and continues to cause a system-critical disruption of the Ordering Activity's business operations; provided, however, that: (i) Ordering Activity shall promptly notify Contractor of any Defects discovered and shall furnish to Contractor adequate supporting documentation and details to substantiate and to assist Contractor in the identification and detection of such Defect; and (ii) the Defect can be reproduced by Contractor on properly functioning equipment controlled by Contractor. In addition, with respect to certain hardware, to the extent the original equipment manufacturer offers its own hardware warranty, Contractor will pass-through such warranty to Ordering Activity.

8. **EXCLUSION OF WARRANTIES:** EXCEPT FOR THE WARRANTIES SET FORTH IN SECTION 7, ABOVE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, CONTRACTOR DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. CONTRACTOR DOES NOT WARRANT THAT THE OPERATION OF THE LICENSED PRODUCT IS WITHOUT INTERRUPTION OR DEFECT FREE, OR THAT THE LICENSED PRODUCT WILL MEET ORDERING ACTIVITY'S REQUIREMENTS. THE WARRANTY SET FORTH IN SECTION 6, ABOVE, IS CONTINGENT UPON (A) THE PROPER USE OF THE LICENSED PRODUCT IN ACCORDANCE WITH SECTION 2, AND (B) THE LICENSED PRODUCT NOT BEING SUBJECT TO UNUSUAL PHYSICAL OR ELECTRICAL STRESS, OR INTERFERENCE FROM APPLICATIONS, DERIVATIVE WORKS, OR CONFIGURATIONS PROVIDED BY THIRD PARTIES. THE WARRANTY SET FORTH IN SECTION 6, ABOVE, DOES NOT EXTEND TO DEFECTS IN THE LICENSED PRODUCT THAT RESULT FROM (A) ORDERING ACTIVITY'S FAILURE TO IMPLEMENT ALL UPGRADES AND RELEASES ISSUED BY CONTRACTOR DURING THE WARRANTY PERIOD, OR (B) TO THE EXTENT SUCH MODIFICATIONS WERE MADE BY ORDERING ACTIVITY TO ITS OPERATING ENVIRONMENT.

9. **U.S. GOVERNMENT END-USERS:** The Licensed Product and accompanying documentation are "Commercial Items" and "Commercial software documentation," as such terms are used in 48 C.F.R. 12.212 (SEPT 1995) and are provided to the Government (i) for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or (ii) for acquisition by or on behalf of units of the Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 (JUN 1995) and 227.7203-3 (JUN 1995).

EXHIBIT A – ADDITIONAL SUPPLEMENTAL TERMS AND CONDITIONS

ENCASE® UNLIMITED COMPONENT LICENSES

1. Definition of Unlimited Component License. An EnCase Enterprise Unlimited Component License includes any EnCase Enterprise product shipping as of the date that such Unlimited Component License is purchased by a Ordering Activity, including an unlimited amount of the following components that can be deployed on Ordering Activity's Sites/Supported Computers (as defined in the Standard Terms):

▪ Enterprise Examiners	▪ Enterprise ProSuites	▪ Enterprise SAFEs
▪ Enterprise Snapshot	▪ Enterprise Concurrent Connections	▪ EnScripts that ship with the base purchase of EnCase Enterprise

However, a Unlimited Component License does NOT include:

▪ EnCase Forensic	▪ EnCase eDiscovery	▪ EnCase Portable
▪ EnCase Neutrino	▪ EnCase Cybersecurity	▪ training, services

▪ hardware	▪ third party products	▪ any other software or hardware that are not shipped with base purchases of EnCase Enterprise
------------	------------------------	--

2. Software Maintenance Services (“SMS”). For clarification, the EnCase Enterprise Unlimited Component License purchased by Ordering Activity represents an additional software license (and obligation to pay SMS for such Licensed Products) to those licenses already in place with Ordering Activity. For further clarification, SMS fees for the Licensed Products already licensed by Ordering Activity (i.e. not part of the Unlimited Component License) shall continue to apply in accordance with any agreement applicable to such License.

ENCASE® NODE-BASED LICENSES

1. Definition of Node. Ordering Activity acknowledges and agrees that pricing under this Attachment A is based on Ordering Activity’s representation of the number of Ordering Activity’s Supported Computers which can be both (i) connected to via its internal network, and (ii) investigated using the Licensed Product purchased hereunder (“Nodes”).
2. Node Restriction. Ordering Activity represents and warrants that the number of Nodes referenced on the Contractor Quote delivered to Ordering Activity or any applicable purchase order delivered by Ordering Activity to Contractor represents all of the Nodes on Ordering Activity’s computer networks, and all of the Nodes on the networks of Ordering Activity’s subsidiaries, parent companies, and affiliates. Ordering Activity agrees that the license granted under the Attachment A is restricted for use on the number of Nodes identified on the Contractor Quote delivered to Ordering Activity. Ordering Activity agrees to provide Node Confirmation Statement, to Contractor within 15 days of each anniversary of the Effective Date of Licensed Product purchase.
3. Annual Node Update or Confirmation. Within fifteen (15) days following each one-year anniversary of the Effective Date (“Anniversary Date”), Ordering Activity shall provide Contractor with one of the following documents:
 - 3.1 Guidance Node Confirmation Statement, to confirm there is no change to the number of Nodes since the Effective Date or last Anniversary Date occurring after the Effective Date; or
 - 3.2 A Guidance Node Update Statement, to account for any increase in the number of Nodes that are capable of being investigated by the Licensed Software Products.

ENCASE® CYBERSECURITY LICENSES

Remediation. As a condition to the license granted to Ordering Activity to use EnCase Cybersecurity pursuant to the Standard Terms, Ordering Activity acknowledges the Licensed Products contain remediation functionalities (“Remediation”), and agrees that the following clause forms an integral part of this Attachment A:

Ordering Activity acknowledges and agrees that the purpose of Remediation is to correct, remediate, delete or wipe data that has been identified as unauthorized, against policy, corrupt or possibly infected by certain computer viruses, contaminants, or disabling devices including, but not limited to, any back door, “time bomb”, drop dead device, encrypted imbedded key, node lock, time out or other function, codes, commands or instructions that may have the effect or be used to access, alter, delete, damage or disable software and/or hardware on Ordering Activity’s computer network. It is possible and, indeed probable that utilizing Remediation will delete or destroy data that may otherwise be useful, valuable or important to Ordering Activity. Ordering Activity agrees that it is using Remediation at its own risk and that if it does not assume the risk of a loss of valuable electronic data, it should not use Remediation.

Notwithstanding anything to the contrary in the Attachment A, Contractor through Guidance hereby provides Remediation “AS IS” with all faults and without warranty or guarantee that it will be able to remediate any or all data problems, known or unknown. Ordering Activity hereby releases Contractor from any and all liability as to Ordering Activity or third party data, intellectual property, unauthorized content, privileged and/or confidential material that is destroyed in the process of using software that has Remediation activated.

EXTERNAL INVESTIGATION LICENSES

1. Use Restriction. Licensed Products licensed hereunder may be used by Ordering Activity, in its capacity as a Contractor authorized consultant and/or service provider, in accordance with these Standard Terms: (i) on external networks to analyze data collected from such networks in connection with criminal investigations, provided that all Licensed Products licensed hereunder

are removed from external computer networks upon completion of external data collection work on such networks and/or for such client(s).

ENCASE® EDISCOVERY LICENSES

1. Definitions. The following defined terms used in this Exhibit of Attachment A have the following meanings:

1.1 "Customer Data" means all electronic data or information submitted by Ordering Activity to the Service.

1.2 "Ingestion" means the process of receiving Customer Data submitted by Ordering Activity and loading such Customer Data into the Service.

1.3 "Order Forms" means any ordering document(s) (i.e. purchase orders or other similar documentation) setting forth the terms for purchasing Access to the Service entered into between Ordering Activity and Contractor.

1.4 "Service" means the online, Web-based applications and platform provided by Contractor through Guidance via <http://www.CaseCentral.com> (the "Website") and/or other designated by Guidance to Ordering Activity, that are ordered by Ordering Activity under an Order Form, including associated offline components but excluding third party applications.

1.5 "Storage" means the data storage space on Guidance (or Guidance affiliate/partner) servers allocated to Ordering Activity for the storage of Customer Data uploaded to the Service by Users.

1.6 "Term" is defined in Section 3.1 below.

1.7 "Users" means individuals who are authorized by Ordering Activity to Access the Service and have been supplied user identifications and passwords for the Service. Users may include but are not limited to employees, consultants, contractors and agents of Ordering Activity, or third parties which Ordering Activity transacts business.

2. Service

2.1 License to Access; Restrictions. Pursuant to this Exhibit of Attachment A and an applicable Order Form, Contractor through Guidance shall make the Service available to Ordering Activity for Users to access and use ("Access") the Service during the Term, for Ordering Activity's internal business purposes only, via the Internet. Contractor through Guidance will host the Service and reserves the right to make changes and updates to the functionality and/or documentation of the Service from time to time. Ordering Activity may Access the Service until the Term expires or is terminated as provided herein. Ordering Activity agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by Guidance regarding future functionality or features. The method and means of providing the Service, and Ordering Activity with Access to the Service, shall be under the exclusive control, management, and supervision of Guidance, giving due consideration to the requests of Ordering Activity. Ordering Activity may not alter, resell or sublicense the Service or provide it as a service bureau. Ordering Activity agrees not to reverse engineer the Service or its software or other technology. Ordering Activity will not use or access the Service to: (i) build a competitive product or service, (ii) make or have made a product using similar ideas, features, functions or graphics of the Service, (iii) make derivative works based upon the Service or the Web Site's content, or (iv) copy any features, functions or graphics of the Service or Web Site. Ordering Activity will not "frame" or "mirror" the Service.

2.2 User Accounts. The number of Users authorized to Access the Service shall be limited to the number of Users set forth on any applicable Order Form. User subscriptions are for designated Users and cannot be shared or used by more than one User, but may be reassigned to new Users replacing former Users who no longer require ongoing Access. Ordering Activity is responsible for all User actions in violation of these terms and any activities that occur under Ordering Activity's User accounts. Ordering Activity is responsible for maintaining the security and confidentiality of all User usernames and passwords. Ordering Activity agrees to notify Guidance immediately of any unauthorized use of any Service username or password or account or any other known or suspected breach of the Service's or Web Site's security.

2.3 Terms of Use; Compliance with Law. Guidance reserves the right to remove (but is not obligated to do so), and Ordering Activity and Users may not use the Service to store or transmit, any Customer Data that is infringing, libelous, or otherwise unlawful or tortious material, or any material in violation of third-party privacy rights. Ordering Activity and Users will comply with all applicable laws regarding Customer Data and use of the Service, including laws involving private data or data subject to export control.

2.4 Ownership. These terms grant no ownership rights to Ordering Activity. No license is granted to Ordering Activity except as to Access of the Service as expressly stated herein. The Guidance name, any Guidance logos, and the product names associated with the Service are trademarks of Guidance or third parties, and they may not be used without Guidance's prior written consent. Use, resale or exploitation of the Service and/or the Website except as expressly permitted in these Terms is strictly prohibited. Guidance shall have a royalty-free, worldwide, transferable,

sublicenseable, irrevocable, perpetual license to use or incorporate into the Service any suggestions, enhancement requests, recommendations or other feedback provided by Ordering Activity and/or Users, relating to the operation of the Service. Subject to the limited rights expressly granted hereunder, Guidance reserves all rights, title and interest in and to the Service and Website, including all related intellectual property rights. No rights are granted to Ordering Activity or Users hereunder other than as expressly set forth herein.

3. Term; Termination.

3.1 Term. Unless terminated in accordance with the terms of the Schedule Contract, the Service shall be provided by Contractor through Guidance commencing on the Effective Date and continuing for twelve (12) months thereafter (or any other period identified on an applicable Order Form)(the "Initial Term").

3.2 Termination.

3.3 Payments Upon Termination. Upon the expiration or termination of the Term for any reason, Ordering Activity shall pay to Contractor all undisputed amounts due and payable hereunder. Upon any termination for cause by Ordering Activity, Contractor shall refund Contractor any prepaid Fees covering the remainder of the Term of all subscriptions after the effective date of termination.

3.4 Return of Customer Data. In the event that the Term is terminated (for any reason) or expires, Contractor through Guidance will, within thirty (30) days of a Ordering Activity's request, make available one backup of the Customer Data in Guidance's standard format. Ordering Activity agrees and acknowledges that Contractor through Guidance has no obligation to retain and may delete all Customer Data that remains in Guidance's possession or control more than 60 days after termination of the Term.

4. Service Level Agreement, Force Majeure.

4.1 SLA. During the Term, Contractor through Guidance shall provide the Service for not less than 99.0% of time during any particular calendar month subject to causes beyond Guidance's reasonable control and scheduled maintenance. Guidance shall provide prompt maintenance and support seven days per week during regular business hours (9 AM to 9 PM Eastern Time), or within three (3) hours after notification during all other times and on U.S. holidays.

5. Customer Data; Data Security and Backup.

5.1 All Customer Data submitted by Ordering Activity to Contractor through Guidance, whether posted by Ordering Activity or by Users, must be submitted in a format satisfactory to Guidance and will remain the sole property of Customer or such Users to the full extent provided by law.

5.2 Ordering Activity will have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness of and copyright permissions for all Customer Data. Contractor through Guidance will not use the Customer Data for any purpose other than to provide the Service to Customer and for anonymous statistical reporting purposes. Guidance may aggregate anonymous statistical data regarding use and functioning of its system by its various Users. Such aggregated statistical data will be the sole property of Guidance.

5.3 Contractor through Guidance will use commercially reasonable security measures to protect Customer Data against unauthorized disclosure or use. Guidance shall backup all Customer Data at a secure facility operated in accordance with generally accepted industry standards.

6. Disclaimers; Warranties and Limitations

6.1 Warranties. Contractor warrants that the Service shall perform materially in accordance with these terms and the functionality of the Service will not be materially decreased during the Term. For any breach of either such warranty, Ordering Activity's remedy shall be as provided in the "Payments Upon Termination" section above.

6.2 THE WARRANTIES EXPRESSLY STATED HEREIN ARE THE SOLE AND EXCLUSIVE WARRANTIES OFFERED BY

CONTRACTOR. THERE ARE NO OTHER WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. EXCEPT AS EXPRESSLY STATED HEREIN, THE SERVICE AND WEB SITE ARE PROVIDED TO CUSTOMER ON AN "AS IS" AND "AS AVAILABLE" BASIS. ORDERING ACTIVITY ASSUMES ALL RESPONSIBILITY FOR DETERMINING WHETHER THE SERVICE OR THE INFORMATION GENERATED THEREBY IS ACCURATE OR SUFFICIENT FOR CUSTOMER'S PURPOSES. CONTRACTOR DOES NOT WARRANT THAT USE OF THE SYSTEM WILL BE ERROR-FREE OR UNINTERRUPTED. CONTRACTOR IS NOT RESPONSIBLE FOR SOFTWARE INSTALLED OR USED BY ORDERING ACTIVITY OR USERS OR FOR THE OPERATION OR PERFORMANCE OF THE INTERNET.

EXHIBIT B - STANDARD SUPPORT POLICY FOR SOFTWARE MAINTENANCE SERVICES ("SMS")

1. Definitions

"Defect" means a material error in program logic or documentation attributable to Guidance which prevents the performance of a principle computing function as set forth in Guidance's published specifications for the Software. "Upgrade" means a revision of the Software with minor changes and/or Defect corrections (e.g. a change in the numbers to the right of the period X.XX). Upgrades generally occur between each Release of the Software. "Release" means a new version of the Software with new features and/or significant enhancements to existing Software products (e.g. a change to the numbers left of the period X.XX). "Documentation" means the user or system manuals and other published material delivered with the Software to Ordering Activity, which include the specifications. "Module" means a version of the Software designed to increase functionality for certain specific tasks or to serve the requirements of a subset of users, rather than being of general applicability and is considered outside the scope of this Software licensed under this Agreement.

2. Software Included in SMS

Ordering Activity will receive any available Upgrades so long as Ordering Activity has paid for SMS. Contractor through Guidance will provide instructions and/or revised user Documentation to assist the transition in installing Upgrades.

Ordering Activity will receive any available Releases so long as Ordering Activity has paid for SMS. However, new products or new Modules are not included.

3. Service Included in SMS

Contractor through Guidance will remedy Defects by using reasonable efforts to (i) provide a bug fix, patch or workaround procedure, and/or (ii) incorporate a permanent Defect correction in the next Upgrade or Release of the Software. If the problem is not a Defect, (a) Guidance will notify Ordering Activity as soon as possible and if determination of the problem cannot be made via phone, email or remote support; (b) Guidance may, in its sole discretion, provide a remedy by the same means as specified in Sections (i) and (ii) above.

4. SMS Service Limitations

Contractor through Guidance will support only the current Release of the Software and the immediately preceding Release. All associated computer hardware and operating system software must be maintained at the latest Release and Upgrade level for proper functioning. Guidance may provide some reasonable assistance (determined in Guidance's sole discretion and subject to Ordering Activity's acceptance) to help optimize or enhance Ordering Activity's use of the Software.

5. Methods of Providing SMS and Response Times

Telephone, Web and Email Support

The Initial Acknowledgement represents the maximum length of time allowed for the Support Consultants to acknowledge receipt of your support request, and route the request to the appropriate person for resolution. After Initial Acknowledgment of a Ordering Activity's support request, Contractor through Guidance will make commercially reasonable attempts to remedy any reported Defects.

Web and E-mail Acknowledgement will include:

- Support Consultant's name
- Incident ID number
- Status of the problem
- Indication of when you will receive a solution or update

The following table represents the maximum length of time allowed for initial acknowledgement to occur:

Communication Type	Initial Acknowledgement
Telephone	90% of Phone Calls during Business Hours will receive immediate voice contact with Support Consultants
Voice-mail	Ordering Activities who leave a voicemail for support professionals will receive a return call within (2) Business Hours
Web	Assigned to Support Consultant Within 2 Hours
E-mail	Assigned to Support Consultant Within 2 Hours

For purposes of this SMS Policy only, "Business Hours" shall mean the following Pacific Standard/Daylight Times: 24 hours a day, Sunday 7:00 p.m. through Friday 6:00 p.m. excluding national holidays in the United States and United Kingdom.

On-Line Support

Guidance's On-Line Support Center provides the following capabilities:

Access via Web to Solutions Database

Receive Support e-Bulletins via E-mail Critical Problem Alerts via E-mail Report Product Defects via Web Submit Suggestions via the Web Access Product Documentation On-Line Patches & Upgrades Incident Submission via the Web Incident Submission via E-mail

Guidance software products are managed according to a product life-cycle management program with planned and scheduled updates. Guidance SMS subscribers receive these software Updates and Releases at no charge and will receive notice of such improvements.

Emergency On-site Support

In the case of a critical situation, where an unresolved issue is having extreme impact on your business, emergency on-site assistance is available within 48 hours. You can specifically request on-site assistance, or Contractor through Guidance may determine the need as part of the escalation management process.

Escalation Procedure

If Ordering Activity reasonably believes that the reporting of a Defect has not received the appropriate response from Contractor through Guidance (as stated within this policy), the Ordering Activity may escalate the matter. The following Guidance personnel will be made aware of the matter and respond personally to Ordering Activity, in the following time frame:

- 48 Hours After Reporting Defect: GSI Technical Support Manager

- 96 Hours After Reporting Defect: GSI Vice President, Technical Support

120 Hours After Reporting Defect: GSI Vice President, Worldwide Sales

Gupta Technologies
1420 Rocky Ridge Drive, Suite 380
Roseville, CA 95661

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Gupta Technologies** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

GUPTA TECHNOLOGIES

GUPTA TECHNOLOGIES LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS

- a) "Application Solution" defined as the Application Solution developed by Ordering Activity with the Software.
- b) "Central Processing Unit (CPU)" defined as a computation hardware unit such as a microprocessor that serves as the main arithmetic and logic unit of the computer.
- c) "Developer Seat" defined as a single computer utilized by a single person at any one time to perform the tasks associated with the development of Application Solutions.
- d) "Deployment Software" defined as the Deployment Software specified in Exhibit A and licensed by payment of the proper License Fee.
- e) "Development Software" defined as the Development Software specified in Exhibit A and licensed by payment of the proper License Fee.
- f) "Services" defined as Unify provided Services for Support and Maintenance, Consulting and Training services.
- g) "Software" defined as the Development and Deployment Software, including User Documentation as defined in Exhibit A. Unify reserves the right to discontinue Software at its sole discretion. The Software is protected by applicable intellectual property laws including copyright laws and international treaties.
- h) "User Documentation" defined as the Unify user manual(s) and other materials on the proper installation and use of the Software, which is normally distributed with the Software.

2. LICENSE GRANT AND LIMITATIONS

2.1 License Grant. Pursuant to this Attachment A, Ordering Activity agrees to properly license and pay the appropriate License Fee for the Software (as set forth on Exhibit A and or the Contractor quote), and Contractor agrees to grant Ordering Activity a non-exclusive, non-transferable, non-assignable license to use the Development Software to design, develop, test and maintain the Application Solutions, and to use the Deployment Software to deploy the Application Solutions into a production environment subject to the conditions set forth in this Attachment A.

2.2 Limitations. All rights not expressly granted herein are reserved by Contractor and/or its licensors. Without limiting the generality of the preceding sentence, Ordering Activity agrees: (i) not to modify, port, translate, localize, or create derivative works of the Software; (ii) not to disassemble, decompile, reverse engineer or otherwise reduce the Software to human perceptible form, except as permitted by the 1991 EC Directive; (iii) not to remove, or allow to be removed, any Contractor or its Licensors copyright, trade secret, or other proprietary rights notice from any Software; (iv) not to make copies of the Software except for normal backup purposes; (v) not to transfer, assign, (except as permitted by Section 9.2) re-use or re-license the Software licenses to any third party without the prior written consent of Contractor; and (vi) not to use the Software to develop an Application Solution for re-sale or usage as an Application Service Provider or any other "access fee basis".

3. GUPTA TECHNOLOGIES SERVICES

3.1 Ordering Activity will purchase Support and Maintenance Services for the first year from Contractor under the terms and conditions set forth in Exhibit B. All items (upgrades and updates) delivered by Contractor through Gupta Technologies shall be deemed to become a part of the applicable Software licensed hereunder and shall be subject to all terms and conditions of this Attachment A.

3.2 Ordering Activity may obtain Consulting Services from Contractor through Gupta Technologies under the terms and conditions as defined in Exhibit C. Ordering Activity may also participate in Gupta Technologies's standard training programs by contacting info@GuptaTechnologies.com.

4. TITLE

4.1 Title, ownership and all intellectual property rights in and to the Software belong exclusively to Gupta Technologies and its licensors (which licensors shall have third party beneficiary rights to the extent permitted by applicable law). This Attachment A grants Ordering Activity no additional express or implied license, right or interest in any copyright, patent, trade secret, trade name, trademark, invention or other intellectual property right of Gupta Technologies. Ordering Activity will not sell, assign, lease, transfer, encumber or allow any security interest on the Software or take any action that would cause the Software to be placed in the public domain.

5. LIMITED WARRANTIES

5.1 Contractor warrants that (i) it has full right to enter into and perform this Attachment A; (ii) to the best of Contractor's knowledge, the Software does not violate any intellectual property rights of a third party under applicable patent or copyright laws; (iii) during the first sixty (60) days of normal use from the date Ordering Activity receives the Software from Contractor, the media will be free of defects in materials and workmanship and the Software will perform substantially in accordance with the Documentation or Contractor will replace the defective media without charge if returned to Contractor during this period; and (iv) Contractor warrants that it will perform the work associated with the Services in accordance with professional standards for similar work.

5.2 EXCEPT FOR THESE EXPRESS LIMITED WARRANTIES, ORDERING ACTIVITY ACCEPTS THE SOFTWARE AND SERVICES "AS IS", WITH NO OTHER WARRANTIES OR CONDITIONS OF ANY KIND, WHETHER EXPRESS, OR IMPLIED BY STATUTE, COMMON LAW, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Contractor has no control over the conditions under which Ordering Activity uses the Software and does not and cannot warrant the results obtained by such use. Additionally, Contractor makes no warranties that the Software will satisfy Ordering Activity's data processing needs or function without interruption, errors or defects. Contractor makes no warranties regarding the applications developed with the Software or regarding Software which has been modified or altered by any party other than Contractor or to any problems caused by computer hardware or operating systems. The parties further agree that Contractor shall not be liable to Ordering Activity for any delay or failure of Contractor to perform its obligations hereunder if such delay or failure arises from any cause beyond the reasonable control of Contractor, such as acts of God, delays or non-responsiveness of Ordering Activity, or the temporary unavailability of qualified personnel.

EXHIBIT A - Products licensed by this EULA

1. DEFINITIONS

- a) "Developer Seat-based" is defined as requiring the Ordering Activity to purchase a license for each computer where the Software is installed and used by a Developer to develop the Application Solutions.
- b) "CPU-based" is defined as requiring the Ordering Activity to purchase a license equal to or greater than the number of CPUs in the computer(s) where the deployed Application Solution, including the Software, is installed.
- c) "User-based" is defined as any machine or device that executes, utilizes or displays the Software. User would include a server, client, or X-terminal as a hardware device or software emulator, batch processes, interactive users, and connecting devices.

2. SOFTWARE LICENSED:

Gupta Technologies Vision AppBuilder	1 User-
Gupta Technologies Vision AppServer Desktop	1 User
Gupta Technologies Vision AppServer Enterprise	_ CPUs

EXHIBIT B - Software Support & Maintenance Services Terms and Conditions

Contractor through Gupta Technologies is pleased to provide the Annual Software Support and Maintenance Services (the "Support Services") to Ordering Activity. Gupta Technologies has developed multiple Support Service offerings to meet the individual needs of each of our valued customers. Gupta Technologies agrees to provide the Support Services pursuant to the Attachment A terms and conditions and the additional Support Services terms and conditions below:

1. Annual Software Support and Maintenance Service Programs.

- 1.1 Ordering Activity is required to purchase the first year of Support Services for the Software purchased.
- 1.2 All updates, patches, fixes and other error corrections pertaining to the Software provided to Ordering Activity shall become a part of the Gupta Technologies Software, which is licensed under the terms and conditions of the Attachment A.

EXHIBIT C - Consulting Services Terms and Conditions

1. Consulting Agreement Terms and Conditions

1.1 Pursuant to the Attachment A terms and conditions and the additional Consulting Services terms and conditions as follows, Contractor through Gupta Technologies agrees to provide, upon Ordering Activity's request, the consulting services ("Assignments") described on separately executed assignment orders (the "Assignment Orders").

2. Assignment(s) Scope and Changes

2.1 Each Assignment Order shall define a specific Assignment authorized by Ordering Activity, the Assignment schedule or term, the applicable rates and charges, and any other specific terms and conditions as required to complete the Assignment. Each Assignment Order shall be governed by the terms and conditions of this Exhibit C and only the terms or conditions set forth herein.

2.2 Contractor through Gupta Technologies reserves the right to select and assign personnel to each Assignment based on the skill classifications required and available personnel resources. Should an employee be unable to perform the required services because of reasons beyond Gupta Technologies's reasonable control, Gupta Technologies will replace such person within a reasonable period of time. Gupta Technologies shall have the right to use third parties in performance of its obligations and services hereunder and for purposes of this Consulting Agreement all references to Gupta Technologies or its employees shall be deemed to include such third parties. Gupta Technologies shall insure that all such third parties shall execute confidentiality agreements as may be necessary to comply with Gupta Technologies's obligations or confidentiality under any confidentiality agreements between the parties.

3. Ownership

3.1 All development tools, database management programs, programming languages, or programs provided by Contractor through Gupta Technologies which contain any of Gupta Technologies's proprietary program code or related documentation (the "Gupta Technologies Software") are not Works Made for Hire and shall belong exclusively to Gupta Technologies and no ownership rights thereto shall accrue in any manner to Ordering Activity. This Attachment A grants no express or implied license, right or interest in any copyright, patent, trade secret, trade name, trademark, invention or other intellectual property right of Gupta Technologies. Ordering Activity will not sell, assign, lease, transfer, encumber or allow any security interest on the Gupta Technologies Software or take any action that would cause the Gupta Technologies Software to be placed in the public domain. Ordering Activity shall not disassemble, decompile, reverse engineer or otherwise reduce the Gupta Technologies Software to human perceptible form.

3.2 Except as provided in 3.1 above, Contractor through **Gupta Technologies** agrees that all work undertaken by **Gupta Technologies** under this Attachment A or any Assignment Order (in whole or in part, either alone or jointly with others) shall be the sole property of Ordering Activity. Ordering Activity shall be the sole owner of all rights in connection therewith. Furthermore, except as provided in section 3.1 above, all works of authorship will be "works made for hire" to the extent allowed by law. Ordering Activity acknowledges that during the term of this Attachment A **Gupta Technologies** will be acting as a consultant to other entities and, providing **Gupta Technologies** does not violate these terms and conditions, Ordering Activity shall have no rights in any such work provided by **Gupta Technologies** to such entities.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Haivision (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - u) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - v) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - w) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - x) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - y) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - z) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
- aa) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
- bb) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- cc) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

- dd) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- ee) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- ff) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- gg) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- hh) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- ii) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- jj) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- kk) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- ll) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- mm) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- nn) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- oo) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- pp) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in

the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

9. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

Haivision Network Video

Haivision Network Video LICENSE, WARRANTY AND SUPPORT TERMS

1 DEFINITIONS

- 1.1. Entitlement. The collective set of applicable documents (e.g., warranty, support and maintenance documents, data sheets, etc.) authorized by Haivision Systems Inc. or its affiliate Haivision (collectively, "Haivision") evidencing your obligation to pay associated fees (if any) for the license, associated Services, and the authorized scope of use of Product under the applicable Ordering Document.
- 1.2. License Fee. License Fee shall mean the consideration paid to Haivision for use of the Product. The License Fee is part or all of the price paid for the relevant Product in applicable Ordering Document
- 1.3. Product. Product shall mean the executable version of Haivision's computer software, program or code, in object code format (specifically excluding source code), together with any related material including, but not limited to the hardware, Reference Manuals or database schemas provided for use in connection with the Product and including, without limitation, all Upgrades through the date of installation.
- 1.4. Reference Manuals. Reference Manuals shall mean the most current version of the documentation for use in connection with the Product provided by Haivision to You.
- 1.5. Third-Party Content. Services or materials, which are not proprietary to Haivision or may not be part of the materials of the company, entity or individual using the Product.
- 1.6. Updates. Updates shall mean any periodic software releases, additions, fixes, and enhancements thereto, release notes for the Product and related Reference Manuals, (other than those defined elsewhere in this section as Upgrades) which have no value apart from their operation as part of the Product and which add minor new functions to the Product, but none so significant as to warrant classification as an Upgrade, which may be provided by Haivision to fix critical or non-critical problems in the Product on a scheduled, general release basis. Updates to the Product ("Version") are denoted by number changes to the right of the decimal point for a version and revision number (for example, going from 2.0.0 to 2.1.0).
- 1.7. Upgrades. Upgrades shall mean any modification to the Product made by Haivision, which are so significant, in Haivision's sole discretion, as to warrant their exclusion under the current license grant for the Product. Upgrades of Product are denoted by number changes to the left of the decimal point for a release number (for example, going from 2.0 to 3.0).
- 1.8. You (or Your). The ordering activity specified in the Entitlement, or for evaluation purposes, the entity performing the evaluation.

2 RIGHTS AND RESTRICTIONS

2.1. License to Use. Subject to the terms and conditions set forth herein and subject to the terms of the applicable Ordering Document, Haivision hereby grants to You a non-exclusive, personal, limited and non-transferable right and license to use the Product in accordance with the terms of this Agreement. This license is granted to You and not, by implication or otherwise, to any parent, subsidiary or affiliate of Yours without Haivision's specific prior written consent. This license is for the limited use of the Product by You for the purpose of creating, managing, distributing and viewing IP Video assets. This license does not grant any license for content whatsoever. All rights not expressly granted to You by this Agreement are reserved by Haivision.

2.2. Restrictions.

- (a) Reproduction. You shall not copy, modify, distribute, use or allow access to any of the Product, except as explicitly permitted under this Agreement and only in the quantities designated in the Entitlement. However, You have the right to make copies of the Product solely for archival purposes, but only in quantities necessary and typical for your Organization. You shall not modify, adapt, translate, export, prepare derivative works from, decompile, reverse engineer, disassemble or otherwise attempt to derive source code, hardware designs or other proprietary information from the Product or any internal data files generated by the Product, or use the Product embedded in any third party hardware or software. You shall also not use the Product in an attempt to, or in conjunction with, any device, program or service designed to circumvent technological measures employed to control access to, or the rights in other work protected by copyright laws. You shall not remove, modify, replace or obscure Haivision's copyright and patent notices, trademarks or other proprietary rights notices affixed to or contained within any Product. No right is granted hereunder for any third party who obtains access to any Product through You to use the Product to perform services for third parties. Most sublicensing arrangements are prohibited under this Agreement.
- (b) Ownership. The Product is conditionally licensed and not sold. As between the parties, Haivision and/or its licensors owns and shall retain all right, title and interest in and to all of the Product, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein, and nothing in this Agreement shall be deemed to transfer to You any ownership or title to the Product. You agree that you will not remove, alter or otherwise obscure any proprietary rights notices appearing in the Product. All Haivision technical data and computer software is commercial in nature and developed solely at private expense.

3 RESERVED.

4 REPRESENTATIONS, DISCLAIMER

- 4.1. Limited Warranty. Haivision warrants that: (i) the Product will operate substantially in accordance with the Reference Manuals provided and (ii) any media on which the Product is provided will be free of material damage and defects in materials and

workmanship under normal use for a term of ninety (90) days (the "Warranty Period") after its delivery date. As Your sole and exclusive remedy for any breach of this warranty, Haivision will use its commercially reasonable efforts to correct any failure of the Product to operate substantially in accordance with the Reference Manuals which is not the result of any improper or unauthorized operation of the Product and that is timely reported by You to Haivision in writing within the Warranty Period, provided that in lieu of initiating commercially reasonable efforts to correct any such breach, Haivision may, in its absolute discretion, either: (i) replace the Product with other software or technology which substantially conforms to the Reference Manuals or (ii) refund to You a portion of the fee paid for the relevant Product, whereupon this Agreement shall terminate. This warranty shall immediately terminate if You or any third party makes or attempts to make any modification of any kind whatsoever to the Product, engages in any improper or unauthorized operation of the Product, including uses prohibited by the Entitlement or installs or uses the Product on or in connection with any hardware or software not specified in the Entitlement or product data sheets.

4.2. **Warranty Disclaimers.** THE EXPRESS WARRANTIES SET FORTH IN SECTION 4.1 ABOVE IN RESPECT TO THE PRODUCT ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, OR STATUTORY, REGARDING THE PRODUCT, OR ITS OPERATION, FUNCTIONALITY, PERFORMANCE, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS (ALL OF WHICH ARE DISCLAIMED). HAIVISION DOES NOT WARRANT THAT ANY OF THE PRODUCT(S) WILL MEET ALL OF YOUR NEEDS OR REQUIREMENTS, OR THAT THE USE OF ANY OF THE PRODUCT(S) WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ALL ERRORS WILL BE DETECTED OR CORRECTED.

4.3. Reserved.

5 RESERVED.

6 OTHER PROVISIONS

6.1. **Export and Other Restrictions.** This Agreement, and all Your rights and Your obligations under this Agreement, are subject to all applicable U.S. Government laws and regulations relating to exports including, but not limited to, the U.S. Department of Commerce Export Administration Act and its associated Regulations and all administrative acts of the U.S. Government thereunder. In the event the Product or the Hardware is exported from the United States or re-exported from a foreign destination, You shall ensure that the distribution and export/re-export of the Product or the Hardware is in compliance with all laws, regulations, orders, or other restrictions of the U.S. Export Administration Act and its associated Regulations. You agree that neither you nor any of your Affiliates will export/re-export any Product, any hardware on which the Product is loaded or embedded, technical data, process, or service, directly or indirectly, to any country for which the United States government (or any agency thereof) requires an export license, other governmental approval, or letter of assurance, without first obtaining such license, approval or letter.

6.2. **Content.** Your data and/or your use of the Product may not: (i) interfere in any manner with the functionality or proper working of the Product; (ii) stream any material that is copyrighted, protected by trade secret or otherwise subject to third party proprietary rights, including privacy and publicity rights, unless You are the owner of such rights or have permissions from the rightful owner to post the material; (iii) constitute, promote, facilitate or permit any illegal activities, including without limitation, activities that might be libelous or defamatory, invasive of privacy or publicity rights, abusive or otherwise malicious or harmful to any person or entity; (iv) distribute, share or facilitate unauthorized data, malware, viruses, Trojan horses, spyware, worms or other malicious or harmful distributions; or (v) otherwise violate, misappropriate or infringe the intellectual property, privacy, publicity, contractual or other proprietary rights of any third party.

6.3. **Consent to Use Data.** You agree that Haivision may collect and use technical data and related information, including but not limited to technical information about Your device, system and application software and peripherals, that is gathered periodically to facilitate the provision of software updates, product support and other services to You (if any) related to the Product. Haivision may use this information, as long as it is in a form that does not personally identify You, to improve its products or to provide services or technologies to You.

6.4. Reserved.

6.5. Reserved.

6.6. Reserved.

6.7. **Third Party Content.** Haivision is not responsible for examining or evaluating the data, accuracy, completeness, timeliness, validity, copyright compliance, legality, decency, quality or any other aspect of any Third Party Content. Haivision does not warrant or endorse and does not assume and will not have any liability or responsibility to You or any other person for any Third Party content.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Hewlett Packard Enterprises (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in

the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Hewlett Packard Enterprises**

Hewlett Packard Enterprises LICENSE, WARRANTY AND SUPPORT TERMS

HPE CUSTOMER PASS THROUGH TERMS

HPE's obligations with respect to products or services supplied by HPE and procured by an end-user customer (hereinafter "Customer") from authorized HPE Business Partners are limited to the terms and conditions in these HPE CUSTOMER PASS THROUGH TERMS ("Terms") and the specific Supporting Material included with the HPE supplied products and services. HPE is not responsible for the acts or omissions of HPE Business Partners, for any obligations undertaken by them or representations that they may make, or for any other products or services that they supply to Customer.

1. **Orders. "Order"** means the accepted order issued by Customer under the GSA Schedule Contract, including any HPEbranded supporting material which is identified as incorporated either by attachment or reference ("**Supporting Material**"). Supporting Material may include (as examples) product lists, hardware or software specifications, standard or negotiated service descriptions, data sheets and their supplements and statements of work (SOWs), HPE Care Pack Support Service Agreement, published warranties and service level agreements, and may be available to Customer in hard copy or by accessing a designated HPE website, provided that in the event of inconsistency between the terms of any Supporting Material and the terms of the GSA Schedule Contract (including HPE's GSA Addendum), the latter shall control to the extent of the inconsistency.
2. **Title.** When HPE delivers to Customer directly, risk of loss or damage and title for hardware products will pass upon delivery to Customer or its designee. Where permitted by law, HPE retains a security interest in products sold until full payment is received.
3. **Installation.** If HPE is providing installation with the product purchase, HPE's site guidelines (available upon request) will describe Customer requirements. HPE will conduct its standard installation and test procedures to confirm completion.
4. **Support Services.** HPE's support services will be described in the applicable Supporting Material, which will cover the description of HPE's offering, eligibility requirements, service limitations and Customer responsibilities, as well as the Customer systems supported.
5. **Software-as-a-Service.** HPE's online software-as-a-service solution that HPE provides to Customer, including support, and related professional services will be described in the Supporting Material ("**SaaS**"). The SaaS term is specified in the Supporting Material or HPE quotation (the "**SaaS Term**"). If Customer previously purchased a perpetual license to the on-premise version of the HPE branded software product ("**HPE Software**"), the price of SaaS shall reflect such purchase and such pre-existing license shall be deemed to be used in relation to SaaS. During the SaaS Term, Customer may not use such HPE Software installed on Customer infrastructure except in connection with receipt of SaaS.
6. **SaaS Rescheduling.** Customer has the one-time right to reschedule the Order start date without charge (for a date that is no more than three (3) months after the originally scheduled start date) upon no less than three (3) business days' written notice prior to the date that delivery is scheduled to begin.
7. **Professional Services.** - Reserved
8. **Professional Services Acceptance-** Reserved.
9. **Eligibility.** HPE's service, support and warranty commitments do not cover claims resulting from:

1. improper use, site preparation, or site or environmental conditions or other non-compliance with applicable Supporting Material;
 2. modifications or improper system maintenance or calibration not performed by HPE or authorized by HPE;
 3. failure or functional limitations of any non-HPE software or product impacting systems receiving HPE support or service;
 4. malware (e.g. virus, worm, etc.) not introduced by HPE; or
 5. abuse, negligence, accident, fire or water damage, electrical disturbances, transportation by Customer, or other causes beyond HPE's control.
- 10. Dependencies.** HPE's ability to deliver services will depend on Customer's reasonable and timely cooperation and the accuracy and completeness of any information from Customer needed to deliver the services.
- 11. Change Orders.** Reserved
- 12. Product Performance.** All HPE-branded hardware products are covered by HPE's limited warranty statements that are provided with the products or otherwise made available. Hardware warranties begin on the date of delivery or if applicable, upon completion of HPE installation, or (where Customer delays HPE installation) at the latest 30 days from the date of delivery. Non-HPE branded products receive warranty coverage as provided by the relevant third party supplier.
- 13. Software Performance.** HPE warrants that its branded software products will conform materially to their specifications and be free of malware at the time of delivery. HPE warranties for software products will begin on the date of delivery and unless otherwise specified in Supporting Material, will last for ninety (90) days. HPE does not warrant that the operation of software products will be uninterrupted or error-free or that software products will operate in hardware and software combinations other than as authorized by HPE in Supporting Material.
- 14. Services Performance.** Services are performed using generally recognized commercial practices and standards.
- 15. SaaS Performance.** SaaS is provided consistent with generally recognized practices and standards for software-as-a-service. HPE does not warrant that SaaS will be uninterrupted or error free.
- 16. Services with Deliverables.** If Supporting Material for services defines specific deliverables, HPE warrants those deliverables will conform materially to their written specifications for 30 days following delivery. If Customer notifies HPE of such non-conformity during the 30 day period, HPE will promptly remedy the impacted deliverables or refund to Customer the fees paid for those deliverables and Customer will return those deliverables to HPE.
- 17. SaaS Performance.** SaaS is provided consistent with generally recognized practices and standards for software-as-a-service. HPE does not warrant that SaaS will be uninterrupted or error free.
- 18. Services with Deliverables.** If Supporting Material for services defines specific deliverables, HPE warrants those deliverables will conform materially to their written specifications for 30 days following delivery. If Customer notifies HPE of such non-conformity during the 30 day period, HPE will promptly remedy the impacted deliverables or refund to Customer the fees paid for those deliverables and Customer will return those deliverables to HPE.
- 19. Product Warranty Claims.** When we receive a valid warranty claim for an HPE hardware or software product, HPE will either repair the relevant defect or replace the product. If HPE is unable to complete the repair or replace the product within a reasonable time, Customer will be entitled to a full refund upon the prompt return of the product to HPE (if hardware) or upon written confirmation by Customer that the relevant software product has been destroyed or permanently disabled. HPE will pay for shipment of repaired or replaced products to Customer and Customer will be responsible for return shipment of the product to HPE.
- 20. Remedies.** This Agreement states all remedies for warranty claims. To the extent permitted by law, HPE disclaims all other warranties.
- 21. Intellectual Property Rights.** No transfer of ownership of any intellectual property will occur under these Terms. Customer grants HPE a non-exclusive, worldwide, royalty-free right and license to any intellectual property that is necessary for HPE and its designees to perform the ordered support services. If deliverables are created by HPE specifically for Customer and identified as such in Supporting Material, HPE hereby grants Customer a worldwide, non-exclusive, fully paid, royalty-free license to reproduce and use copies of the deliverable internally.

- 22. Intellectual Property Rights Infringement.** For Federal government customers, the Government will control litigation or settlement of any patent infringement claims arising out of the performance of this contract and brought against the government notwithstanding anything to the contrary in a "Patent Indemnity" provision of this contract or other related transaction document. HPE reserves the right to intervene in the proceedings at its own expense through counsel of its choice.
- 23. License Grant.** HPE grants Customer a non-exclusive license to use the version or release of the HPE-branded software listed in the Order. Permitted use is for internal purposes only (and not for further commercialization), and is subject to any specific software licensing information that is in the software product or its Supporting Material.
- 24. Updates.** Customer may order new software versions, releases or maintenance updates ("Updates"), if available, separately or through an HPE software support agreement. Additional licenses or fees may apply for these Updates or for the use of the software in an upgraded environment. Updates are subject to the license terms in effect at the time that HPE makes them available to Customer.
- 25. License Restrictions.** HPE may monitor use/license restrictions remotely and, if HPE makes a license management program available, Customer agrees to install and use it within a reasonable period of time. Customer may make a copy or adaptation of a licensed software product only for archival purposes or when it is an essential step in the authorized use of the software. Customer may use this archival copy without paying an additional license only when the primary system is inoperable. Customer may not copy licensed software onto or otherwise use or make it available on any public external distributed network. Licenses that allow use over Customer's intranet require restricted access by authorized users only. Customer will also not modify, reverse engineer, disassemble, decrypt, decompile or make derivative works of any software licensed to Customer under these Terms unless permitted by statute, in which case Customer will provide HPE with reasonably detailed information about those activities.
- 26. License Term and Termination.** Unless otherwise specified, any license granted is perpetual in the case of a limited-term license, upon expiration, Customer will either destroy all copies of the software or return them to HPE, except that Customer may retain one copy for archival purposes only.
- 27. License Transfer.** Customer may not sublicense, assign, transfer, rent or lease the software or software license except as permitted by HPE. HPE-branded software licenses are generally transferable subject to HPE's prior written authorization, and payment to HPE of any applicable fees. Upon such transfer, Customer's rights shall terminate and Customer shall transfer all copies of the software to the transferee. Transferee must agree in writing to be bound by the applicable software license terms. Customer may transfer firmware only upon transfer of associated hardware.
- 28. License Compliance.** HPE may audit Customer compliance with the software license terms. Upon reasonable notice, HPE may conduct an audit during normal business hours (with the auditor's costs being at HPE's expense). If an audit reveals underpayments then Customer will pay to HPE such underpayments. If underpayments discovered exceed five (5) percent of the contract price, Customer will reimburse HPE for the auditor costs.
- 29. Confidentiality.** Information exchanged under these Terms will be treated as confidential if identified as such at disclosure or if the circumstances of disclosure would reasonably indicate such treatment. Confidential information may only be used for the purpose of fulfilling obligations or exercising rights under these Terms, and shared with employees, agents or contractors with a need to know such information to support that purpose. Confidential information will be protected using a reasonable degree of care to prevent unauthorized use or disclosure for 3 years from the date of receipt or (if longer) for such period as the information remains confidential. These obligations do not cover information that: i) was known or becomes known to the receiving party without obligation of confidentiality; ii) is independently developed by the receiving party; or iii) where disclosure is required by law or a governmental agency.
- 30. Personal Information.** Each party shall comply with their respective obligations under applicable data protection legislation. HPE does not intend to have access to personally identifiable information ("PII") of Customer in providing services. To the extent HPE has access to Customer PII stored on a system or device of Customer, such access will likely be incidental and Customer will remain the data controller of Customer PII at all times. HPE will use any PII to which it has access strictly for purposes of delivering the services ordered. **For SaaS purposes, Customer** acknowledges that HPE may route, process or store, and could access business contact information and the data that Customer enters into HPE's SaaS infrastructure, from countries other than the country from which Customer entered such data.
- 31. US Federal Government Use.** If software is licensed to Customer for use in the performance of a US Government prime contract or subcontract, Customer agrees that consistent with FAR 12.211 and 12.212, commercial computer software, documentation and technical data for commercial items are licensed under HPE's standard commercial license.

- 32. Global Trade Compliance.** Products and services provided under these Terms are for Customer's internal use and not for further commercialization. If Customer exports, imports or otherwise transfers products and/or deliverables provided under these Terms, Customer will be responsible for complying with applicable laws and regulations and for obtaining any required export or import authorizations. HPE may suspend its performance under these Terms to the extent required by laws applicable to either party.
- 33. Limitation of Liability.** Reserved
- 34. Force Majeure.** Neither party will be liable for performance delays nor for non-performance due to causes beyond its reasonable control, except for payment obligations.
- 35. General.** These Terms represent our entire understanding with respect to its subject matter and supersede any previous communication or agreements that may exist. Modifications to these Terms will be made only through a written amendment signed by HPE and Customer.

Aruba Networks, Inc. End-User Software License Agreement ("Agreement")

YOU SHOULD CAREFULLY READ THE FOLLOWING TERMS BEFORE INSTALLATION OR USE OF ANY SOFTWARE PROGRAMS FROM ARUBA NETWORKS, INC. AND ITS AFFILIATES OR AIRWAVE WIRELESS (COLLECTIVELY, "ARUBA"). INSTALLATION OR USE OF SUCH SOFTWARE PROGRAMS SHALL BE DEEMED TO CONFIRM YOUR ACCEPTANCE OF THESE TERMS. IF THESE TERMS ARE CONSIDERED AN OFFER, ACCEPTANCE IS EXPRESSLY LIMITED TO THESE TERMS. YOUR RIGHTS UNDER THIS AGREEMENT BEGIN WHEN YOU RECEIVE YOUR LICENSE KEY FROM ARUBA, AND NOT ON THE DATE THAT YOU INSTALL THE SOFTWARE. IT IS UP TO YOU TO INSTALL THE SOFTWARE PROMPTLY UPON RECEIPT OF A LICENSE KEY FROM ARUBA. IF YOU DO NOT AGREE WITH THESE TERMS, YOU MUST PROMPTLY RETURN ALL SUCH SOFTWARE AND HARDWARE PRODUCTS TO ARUBA (OR IF YOU PURCHASED SUCH PRODUCTS FROM A RESELLER, THE RESELLER FROM WHICH YOU PURCHASED SUCH PRODUCTS) AND ANY FEES YOU HAVE PAID FOR SUCH PRODUCTS WILL BE REFUNDED.

1. LICENSE

Subject to your full compliance with all the terms and restrictions set forth in this agreement ("Agreement"), Aruba grants you a non-exclusive, non-transferable (except as expressly permitted below), non-sublicensable license to use the Aruba software programs ("Programs"). Any third party software programs obtained through the use of the Programs are exclusively subject to the terms and conditions accompanying those third party programs ("Third Party Programs"). The Programs may use certificates, provisioning profiles, keys, and other such authorization and management controls that you provide as part of your use of the Programs ("Controls"). Aruba disclaims any responsibility whatsoever for your usage of such Controls as part of the Program(s) and you agree not to hold Aruba responsible for such usage of such Controls.

2. PROPRIETARY RIGHTS

Aruba and its suppliers shall at all times retain title, all ownership rights, and all intellectual property rights in and to the Programs, including any and all rights to error corrections, enhancements, new releases, and other work product that may be created in connection with technical support services that Aruba provides (collectively, "Support Enhancements"). Support Enhancements will be considered Programs for purposes of this Agreement, subject to all of the rights, obligations and restrictions set forth herein. The Programs in source code form remain a confidential trade secret of Aruba and/or its suppliers. The Programs are protected by the copyright and other intellectual property laws of the United States and international treaties. You acknowledge that, in the course of using the Programs, you may obtain or learn information relating to the Programs, which may include, without limitation, information relating to the performance, reliability or stability of the Programs, operation of the Programs, knowhow, techniques, processes, ideas, algorithms, and software design and architecture ("Proprietary Information"). As between the parties, such Proprietary Information shall belong solely to Aruba. During and after the term of this Agreement, you shall hold in confidence and protect, and shall not use

REVISED 04 16 2014

(except as expressly authorized by this Agreement) or disclose, Proprietary Information to any third party.

3. RESTRICTIONS ON USE AND TRANSFER

A. Programs from Aruba may be used solely for the internal use and operation of an Aruba network by you or your organization. All Programs may only be run directly on Aruba's hardware products or an Aruba-provided virtual machine, except that Programs specifically designed by Aruba to operate on third party hardware platforms may be run on such third party hardware platforms. All Programs may be copied solely for installation and back-up purposes in support of your licensed use. You may not modify the Programs in any manner without the prior written approval of Aruba. You may not perform interoperability testing on the Programs without the prior written approval of Aruba. You may physically

transfer the base operating system Programs and this Agreement to another party only if (i) all related hardware products are transferred along with the Programs, (ii) the other party accepts the terms and restrictions of this Agreement, (iii) all copies of Programs and related documentation that are not transferred to the other party are destroyed or returned to Aruba, and (iv) you comply with all applicable laws including any import/export control regulations. Separately licensed Programs which have been loaded onto the hardware to add features or enable functions may not be transferred.

B. You shall not (and you shall not permit others to), directly or indirectly, modify, translate, decompile, disassemble, or reverse engineer the Programs (except to the extent applicable laws specifically prohibit such restriction) or any copy, in whole or in part, or otherwise attempt to discover the source code or underlying ideas or algorithms of the Programs; copy (except for the purposes set forth above), rent, lease, distribute, or otherwise transfer rights to the Programs; or remove any proprietary notices or labels on the Programs.

C. You shall not disclose any Proprietary Information, including any information relating to the performance or operation of the Programs (including any benchmarking or other testing results) to any third party without the express prior written consent of Aruba. You may not engage a third party to perform security testing on the Programs unless that third party enters into a written non-disclosure agreement directly with Aruba.

D. You understand and agree that some of the Programs are designed to automatically communicate certain network parameters and other information about the Programs and their performance back to Aruba. Aruba uses this information (a) to monitor the performance of the Programs; (b) to alert You in the event that upgrades or updates are available; and (c) as necessary to comply with Aruba's legal obligations and to protect Aruba's legal rights. Aruba will not use any information gathered in this manner for any other purpose.

4. LIMITED WARRANTY AND DISCLAIMER

Aruba warrants to you (and only you) that any media on which the Programs are recorded will be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date the Programs are delivered to you. If a defect in any such media should occur during this 90-day period, the media may be returned to Aruba (or if you received such Programs from a reseller, to such reseller) and Aruba or the reseller, as applicable, will replace the media without charge to you. Aruba shall have no responsibility to replace media if the failure of media results from accident, abuse or misuse of the media.

ALL THIRD PARTY PROGRAMS ARE PROVIDED AS-IS AND ARUBA EXPLICITLY DISCLAIMS ANY RESPONSIBILITY WHATSOEVER FOR THE PERFORMANCE OR NON-PERFORMANCE OF SUCH THIRD PARTY PROGRAMS. ARUBA AND ITS SUPPLIERS DO NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE PROGRAMS WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE PROGRAMS WILL BE UNINTERRUPTED OR ERROR-FREE. EXCEPT FOR THE EXPRESS WARRANTY ABOVE, THE PROGRAMS ARE PROVIDED TO YOU WITH NO WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

5. LIMITATION OF LIABILITY

YOUR EXCLUSIVE REMEDY AND THE ENTIRE LIABILITY OF ARUBA AND ITS SUPPLIERS RELATED TO THE PROGRAMS SHALL BE EXPRESSLY LIMITED TO REPLACEMENT OF MEDIA AS PROVIDED ABOVE. IN NO EVENT WILL ARUBA OR ANYONE ELSE WHO HAS

BEEN INVOLVED IN THE CREATION, PRODUCTION, OR DELIVERY OF THE PROGRAMS BE LIABLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOST PROFITS OR LOST DATA, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6. TERM

This Agreement is effective until terminated, and shall automatically apply to any future upgrades or updates to any Programs or any additional features of any Programs, except as otherwise specified by Aruba. You may terminate this Agreement at any time by destroying all copies of the Programs and related documentation. This Agreement will terminate automatically, with respect to any Program or feature of any Program, at the end of the applicable term of any limited-term license purchased by you, or if you fail to comply with any term or condition of this Agreement, including any failure to pay any associated license and related fees due by you in full and any attempt to transfer a copy of the Programs to another party except as provided in this Agreement. You agree that upon such termination, you will destroy all copies of the Programs and related documentation.

7. U.S. GOVERNMENT

RESTRICTED RIGHTS

If you are acquiring the Programs on behalf of the U.S. Government, the following provisions apply: (i) if the Programs are supplied to the Department of Defense or any related agency of service, the Programs are subject to "restricted rights" as that term is defined in Defense Federal Acquisition Regulations ("DFAR") in Section 252.227-7013(c)(1); and (ii) if the Programs are supplied to any other unit or agency of the United States Government, the Programs are considered "restricted computer software" and the Government's rights in the Programs are set forth in the Federal Acquisition Regulations ("FAR") in Section 52.227-19(c)(2). Use, duplication or disclosure by the Government is subject to the restrictions set forth in such sections. You represent that you are not acquiring the Programs on behalf of a government other than the U.S. Government.

0510550-03

8. GENERAL

You acknowledge that you have read this Agreement, understand it and agree to be bound by its terms and restrictions. You further agree that this license is the complete and exclusive statement of your agreement with Aruba and supersedes any proposal or prior agreement, oral or written, and any other communications relating to the subject matter of this license. This Agreement may only be modified in writing. Any waivers and amendments of this Agreement or any of its terms shall be effective only if made by nonpreprinted agreements clearly understood by both parties to be an amendment or waiver. This Agreement shall be governed by and construed under the laws of the state of California, USA as if made and entered into in that state by two residents thereof and without regard to the United Nations Convention on Contracts for the International Sale of Goods.

If you are located in the People's Republic of China, all disputes arising from or relating to the subject matter of this Agreement must be resolved in Hong Kong by the Hong Kong International Arbitration Centre pursuant to its rules of arbitration then in effect, and the arbitration shall be conducted in English. If you are located outside of the People's Republic of China, all disputes arising from or relating to the subject matter of this Agreement shall be resolved by and you hereby consent to binding arbitration conducted in the English language in San Francisco, California, USA pursuant to California law and the rules of the Judicial Arbitration and Mediation Service (JAMS.) Judgment upon any award so rendered may be entered in any court having jurisdiction or application may be made to such court for judicial acceptance of any award and an order of enforcement, as the case may be.

Notwithstanding the foregoing, each party shall have the right at any time to seek injunctive or other forms of equitable relief from any court of competent jurisdiction. If any provision of this Agreement is held by a court of competent jurisdiction to be illegal, invalid or unenforceable, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable.

IMPORTANT

HireVue, Inc.
10876 S. River Front Parkway, Suite 500
South Jordan, Utah 84095

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached HireVue, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
10. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
HireVue, Inc.**

HireVue, Inc. LICENSE, WARRANTY AND SUPPORT TERMS

MASTER SERVICE AGREEMENT

HireVue, Inc. ("HireVue") a Delaware corporation located at 10876 S. River Front Parkway, Suite 600, South Jordan, UT 84095, offers Services (defined below) through its proprietary Platform (defined below). HireVue hereby agrees to provide its Services to the Buyer identified on a Service Order (defined below) executed in connection with this Master Service Agreement, who desires to subscribe to and use HireVue Services in accordance with the terms and conditions set forth in this Master Service Agreement ("Agreement"). Buyer and HireVue are referred to herein each individually as a "Party" and collectively as the "Parties".

1. Definitions.

- 1.1. "Authorized Users" means those individuals designated by or invited by Buyer, in accordance with this agreement, to use the Services.
- 1.2. "Buyer Content" means all content created by or provided by Buyer or its Authorized Users and submitted to the Platform.
- 1.3. "Documentation" shall mean the descriptions of the HireVue Services set forth at <http://hirevue.com/product-documentation>.
- 1.4. "End User" means a user of the Platform that responds to requests from Buyer or its Authorized Users through the Platform.
- 1.5. "Platform" means the HireVue team acceleration platform including any related mobile applications, used to deliver the Services, features and functionality described in the Documentation.
- 1.6. "Responses" means all responses to Buyer Content submitted to the Platform by End User.
- 1.7. "Scheduled Downtime" means the following Scheduled Downtime periods ("Maintenance Windows") currently reserved by HireVue, which may be changed from time to time on notice to Buyer: A maximum of four (4) hours per semi-monthly period between the hours of Midnight (12:00 A.M.) and 4:00 A.M. Mountain Time.
- 1.8. "Services" means, collectively, the Platform and related services provided hereunder, including the Subscription Services, the features and functionality described in the Documentation, and any other professional services and customer support.
- 1.9. "Service Order" means the document that specifies the Services to which the Buyer has subscribed, the applicable subscription term(s), and applicable fees. This document may also be referred to as a "Purchase Order", the form and substance of which must be approved by both Parties in writing.
- 1.10. "Site Availability" means the percentage calculated by dividing (a) the Site Uptime by (b) the difference between the total amount of clock time and the Scheduled Downtime actually used by HireVue, in a given Month.
- 1.11. "Site Uptime" shall mean the total time in a month during which all material parts of the HireVue website are operating properly and available for access and use by Authorized Users.
- 1.12. "Subscription Services" are defined as the HireVue hosted software services to which the Buyer purchases a subscription pursuant to a Service Order.
- 1.13. "Unscheduled Downtime" means the number of seconds the Services are unavailable in a particular month which are due to (i) force majeure events beyond the reasonable control of HireVue or HireVue's service providers, or (ii) a general failure of the Internet.
- 1.14. "Usage Data" means entirely anonymized data not attributable to any Authorized User, End User or Buyer which reflects data points such as volume of interviews and general patterns of use.

2. Ordering, Services and Data.

- 2.1. Buyer shall order Services by mutual execution of a Service Order which provides, at a minimum, the specific Subscription Services ordered and the price and term for such Subscription Services. The Service Order shall be incorporated into this Agreement by reference and in the event of a conflict between the terms of a Service Order and this Master Service Agreement, the terms of the Service Order shall prevail. Additional Services ordered in any subsequent Service Orders shall be governed by, and incorporated by reference into this Agreement.
- 2.2. HireVue hereby grants to Buyer permission during the applicable subscription term identified in the applicable Service Order to allow Authorized Users to access and use the features and functions of the HireVue Services for which Buyer has paid all applicable fees via a browser or the HireVue mobile application ("Mobile App") for Buyer's internal business use.
- 2.3. Buyer hereby grants HireVue permission during the Term to (i) reproduce, distribute, display and perform Buyer Content to Authorized Users and End User in connection with providing the Subscription Services on behalf of Buyer, and (ii) to access and use the Responses ("Buyer Data") to provide the Subscription Services to and on behalf of Buyer.
- 2.4. Buyer and HireVue acknowledge and agree that, as between Buyer and HireVue, Buyer Data is the property of Buyer. Buyer shall be responsible to ensure the End User has given legally sufficient consent for Buyer's collection, retention and use of their Responses. HireVue shall provide a mechanism in the Platform to collect such consent.
- 2.5. HireVue collects and uses Usage Data for its internal research and development purposes and may disclose Usage Data in an aggregated format that in no way identifies Buyer or any particular Authorized User or End User.
- 2.6. Except for the rights expressly granted herein, no other rights, are granted to Buyer under this Agreement, whether expressly, by implication, estoppel, or otherwise, and all rights not expressly granted herein are reserved by HireVue. All right, title and interest in and to the Services, any software used by HireVue in connection with the Services, and related documentation are and shall remain the exclusive property of HireVue and/or its licensors, and nothing herein grants to Buyer any right to access copies of any such software, whether in source or object code form. Buyer acknowledges and agrees that: (i) the Platform, any software used in connection with the Services and related documentation are protected under U.S. and foreign copyright and other intellectual property laws; (ii) HireVue and its licensors retain all copyrights and other intellectual property rights in the Platform, any software used in connecting with the Platform and related documentation; and (iii) Buyer acquires no ownership in or to the Platform, software, data, or related documentation.

3. Fees and Payment.

- 3.1. Fees for Subscription Services are invoiced annually in advance, net thirty, or as otherwise expressly agreed and set forth in terms of the GSA Schedule Contract and Service Order or Purchase Order, and payments are due thirty (30) days from date of invoice. If all undisputed invoices are not paid when due, HireVue reserves the right to suspend access to the Services until payment is current. Such suspension shall not extend the expiration date of Services ordered. Except as expressly provided herein all amounts paid hereunder are final and nonrefundable.
- 3.2. The Contract Price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. HireVue shall include applicable taxes that will be stated separately on invoices issued to the Customer. Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1.

4. Term, Termination, and Expiration of Agreement and Renewal.

- 4.1. The term of this Agreement shall commence upon execution of this Agreement ("Effective Date") and shall continue until the sooner to occur of: (i) expiration of all Service Orders; or (ii) termination per Section 4.2 ("Term").
- 4.2. When the licensee is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, HireVue shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.
- 4.3. Upon any expiration or termination of the Agreement, Buyer will cease all use of the Services and destroy all copies Documentation (if any) that are in Buyer's possession or under Buyer's control. Upon termination or expiration of the Agreement or a specific Service Order, Buyer shall have the following options with regard to Buyer Content and Buyer Data related to each of the terminated or expired Services: 1) if Buyer requests in writing, on or prior to the date of such termination or expiration, HireVue shall provide Buyer with a copy of the Buyer Data stored on HireVue servers, and HireVue shall then delete all such Buyer Data from HireVue servers; 2) Buyer may purchase a read-only subscription to the Platform for an annual fee equal to 15% of the last annualized subscription fee for up to three years or as otherwise mutually agreed by Parties; or 3) HireVue shall purge remaining Buyer Content and Buyer Data from the HireVue servers, and HireVue shall have no further responsibility to retain copies of Buyer Data. The parties agree and acknowledge that the foregoing requirement does not apply to Analytical Data to the extent it does not contain or embody Buyer Data in a form that can be attributed to Buyer.

4.4. Unless otherwise stated in a Service Order, the start date for Subscription Services purchased under this Agreement shall be the date Buyer is provided login credentials for the Platform.

5. **Restrictions on Use.** Buyer shall not, and shall prevent its Authorized Users from using the Platform to: (i) resell, rent, lend, lease, distribute, or timeshare the Platform or otherwise use the Platform on behalf of any third party (including on a "service bureau" or similar basis), or otherwise provide third parties with access or grant third parties rights to the Platform other than as expressly permitted by HireVue, (ii) alter or remove any marks or proprietary legends contained in the Platform; (iii) circumvent or otherwise interfere with any authentication or security measures of the Platform; (iv) interfere with or disrupt the integrity or performance of the Platform; (v) send SPAM or any other form of duplicative and unsolicited messages, other than marketing and promotional messages to End Users as enabled by the intended features of the Platform; (vi) access all or any portion of the Platform by means of any crawler, scraper, bot, spider, or any other similar script or automated process; (vii) transmit through or post on the Platform unlawful, immoral, libelous, tortious, infringing, or defamatory material; or (viii) transmit material containing software viruses or other harmful or deleterious computer code, files, scripts, agents, or programs. Buyer shall not reverse engineer, decompile, disassemble or otherwise attempt to discover the object code, source code or underlying ideas or algorithms of the Platform, and shall not modify, translate, or create derivative works based on any element of the Platform.

6. **Buyer's Responsibilities.**

6.1. Buyer understands and acknowledges that HireVue is solely a technology platform provider and does not participate in the interview, selection, or hiring of candidates, which is Buyer's sole responsibility, notwithstanding use of the Service as a part of and in connection with such activities. Accordingly, it is Buyer's sole responsibility to comply with all applicable laws regarding its use of the Service and with the Buyer Content it presents to its Authorized Users and End Users, including without limitation all applicable employment and hiring laws and regulations and all record keeping and data protection regulations in connection with the collection, processing, disclosure, subject access requests, retention, and transfer of personally identifiable data under the laws of the country and any other local jurisdiction in which Buyer is operating or collecting and transferring personal data. HireVue shall have no liability related to the Buyer Content presented to Buyer's Authorized Users or End Users, or for record keeping requirements and data protection obligations applicable to Buyer unless expressly assumed by HireVue pursuant to this Agreement.

6.2. Buyer is responsible for providing and maintaining adequate facilities, computer equipment, internet connections, connectivity and firewall access required for the use of the Services. Such technical requirements can be viewed at <http://hir.vu/15S5OOH>.

6.3. Buyer agrees not to ask Respondents for, and to instruct Respondents not to provide, any PHI or SPI in any Responses. Should Buyer become aware that any PHI or SPI is provided by an End Users in any Response, Buyer agrees to promptly notify HireVue and request redaction of such information from the interview or deletion of the interview where redaction is not feasible. As used herein PHI means Protected Health Information as that term is defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA). SPI means Sensitive Personal Information consisting of date of birth, social security number, driver's license or other state-issued identification number, or financial account information.

6.4. Buyer shall notify HireVue in the event of a subject access request (or equivalent request from Respondents) and provide HireVue direction with regard to correcting or deleting personal data in response to such requests made to Buyer. HireVue shall notify Buyer within five (5) business days if it receives any such subject access requests related to End Users and both parties shall cooperate to provide a response and take action in compliance with applicable legal requirements.

7. **Warranty**

7.1. HireVue shall provide the Services in a professional and workmanlike manner and in compliance with the Documentation in all material respects. During the subscription term set forth in an applicable Service Order, in the event that Buyer notifies HireVue that the Services do not materially conform to the specifications set forth in such Service Order and the product documentation provided by HireVue, HireVue shall use commercially reasonable efforts to provide Buyer with support to address such non-conformity. EXCEPT AS EXPRESSLY SET FORTH HEREIN, THE SERVICES ARE PROVIDED "AS-IS" AND "WHERE-IS", AND HIREVUE MAKES NO OTHER REPRESENTATIONS, WARRANTIES, OR CONDITIONS, EXPRESS, IMPLIED, OR STATUTORY, TO BUYER OR ANY OTHER PERSON OR ENTITY AND EXPRESSLY DISCLAIMS TO THE FULLEST EXTENT PERMITTED BY LAW ANY AND ALL SUCH IMPLIED OR STATUTORY WARRANTIES AND CONDITIONS WITH RESPECT TO THE SERVICES, INCLUDING WITHOUT LIMITATION WITH RESPECT TO THE RESPONSES, METRICS, SCORES, AND ANALYTICS, INCLUDING BUT NOT LIMITED TO THOSE AS TO THE ACCURACY, SECURITY, RELIABILITY, PERFORMANCE, RESULTS, TIMELINESS, COMPLETENESS, TITLE, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF THE SERVICES, DELIVERABLES OR ANY INFORMATION PROVIDED IN CONNECTION THEREWITH, OR ANY SELECTIONS OR HIRING DECISIONS MADE BY BUYER IN CONNECTION WITH THE USE OF THE SERVICES OR OTHERWISE. HIREVUE DOES NOT WARRANT THAT THE SERVICES WILL ALWAYS BE AVAILABLE OR ERROR-FREE, AND MAKES NO

RESPRESENTATION OR WARRANTY WITH RESPECT TO ANY RESULTS OBTAINED FROM USE OF THE SERVICES. THIS AGREEMENT DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(O). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

7.2. HireVue shall provide Buyer and the Authorized Users access to the Subscription Services at all times outside of Scheduled Downtime periods. Excluding Scheduled Downtime, HireVue guarantees a minimum Site Availability of ninety-nine percent (99.0%) during each month. Excluded from this Site Availability calculation shall be Unscheduled Downtime. However, HireVue and its service providers will use commercially reasonable efforts to provide and maintain the Services in accordance with the terms of the Agreement during such Unscheduled Downtime.

7.3. Buyer understands and agrees that Buyer's download and/or use of any third party software or services (e.g. web browser or video plug ins) made available or required in conjunction with or through the Services is at Buyer's own discretion and risk and that Buyer will be solely responsible for any damages to Buyer's computer system or loss of data that results from the download or use of such third party software and services.

7.4. HireVue shall not be liable to Buyer under any circumstances in which a third party mobile application host (i.e. Apple, Google, RIM, etc.) or a third party service provider (i.e. Verizon, ATT, Sprint, etc.) fails to provide continuous connectivity or other service required for download, communication, or other functionality of the Platform.

7.5. Some states or other jurisdictions do not allow the exclusion of implied warranties, so the above exclusions may not apply to Buyer. Buyer may also have other rights that vary from state to state and jurisdiction to jurisdiction.

8. **Optional Features.** The following terms apply if Buyer enters a subscription for, uses or enables the following HireVue products, features or functionality.

8.1. If Buyer subscribes to use Coordinate (formerly known as Reschedge), Buyer hereby grants to HireVue the right to collect and store credentials for and to access Buyer's email and calendar application solely for the purpose of enabling functionality of Coordinate. Such information shall be considered Buyer's Confidential Information pursuant to section 14 below.

8.2. **Public Share Links.** If Buyer uses HireVue's Public Share Links feature to publish links to Buyer Content or Buyer Data on social media or other public mediums, Buyer agrees: a) Buyer has all the rights and licenses necessary to publicly share any content made accessible through the Public Share Links (including consent from the End User as applicable); b) Buyer shall not publicly share any content through the Public Share Links which is inappropriate, defamatory, profane, libelous, tortuous or in any way illegal; and c) HireVue shall have the right to remove any Public Share Links to content that violate (a) or (b) as solely determined by HireVue.

8.3. **Direct Access Links.** Buyer shall not be permitted to activate Direct Access Links functionality.

8.4. **Integrations.** HireVue and/or Buyer may partner with certain third party applicant tracking and other service providers (each, an "Integration Partner") to provide for integration of certain features of the Subscription Services (each, an "Integration"). If Buyer accesses HireVue's Services through the use of an Integration HireVue hereby authorizes Buyer to access and use the Subscription Services that Buyer has purchased hereunder through such Integrations. Buyer understands that Integration Partners may apply separate terms and charge separately for use of such Integrations, and that Buyer shall be solely responsible for compliance with any such terms and payment of any such fees charged by Integration Partners for Buyer's implementation and use of such Integrations. HIREVUE SHALL HAVE NO LIABILITY TO BUYER IF SUCH INTEGRATION IS UNAVAILABLE DUE TO ACTS OR OMISSIONS OF THE INTEGRATION PARTNER OR OUTAGES OF THE INTEGRATION PARTNER SOLUTION. SHOULD HIREVUE'S RIGHT TO INTEGRATE WITH SUCH INTEGRATION PARTNER SOLUTION TERMINATE, BUYER'S RIGHT TO USE THE INTEGRATION TO ACCESS THE HIREVUE SERVICES HEREUNDER SHALL ALSO TERMINATE AND BUYER MAY ACCESS THE HIREVUE SERVICES DIRECTLY THROUGH THE HIREVUE PLATFORM.

8.5. **Insights** (otherwise known as "IRIS"). Buyer hereby grants to HireVue permission during the Term to perform (or have a third-party service provider perform) certain processing, transcription, transformation, and analytics on the non-personally identifiable information included in Buyer Data and associated meta data and derivatives thereof (such as text transcripts of audio and audiovisual components, subsequent actions and results, etc.), alone and together with Usage Data, to derive certain mathematical, derivative, index, scoring, metric, associative, predictive, comparative, statistical, algorithmic, and contextual data therefrom (the "Analytical Data"). Unless otherwise stated in the Service Order, HireVue may use Analytical Data in connection with developing, enhancing, maintaining, supporting, and providing the HireVue Service to Buyer and HireVue's other customers, provided that HireVue may not disclose Buyer Data to any third party in raw form, or disclose any personal information regarding Authorized Users or End Users, or identify Buyer, Authorized Users or End Users on an individual basis as the source of such Analytical Data. In the event that the applicable Service Order excludes the foregoing rights and the Service Order includes the Insights Service, (a) Analytical Data will only be used to provide the Insights Service to Buyer, and (b) the Insights Service will NOT provide any analytical data derived from any other HireVue customers' use of the HireVue Service.

9. **Publicity.** During the term of this Agreement, Buyer hereby agrees that HireVue shall have the right, but not the obligation, to list Buyer as a customer who uses the Services on the HireVue website and/or in presentations and link to Buyer landing pages. HireVue will remove Buyer's name from any such list within thirty (30) days after any termination of this Agreement or upon Buyer's request. Neither party may issue any press release concerning this Agreement without the other party's consent. HireVue acknowledges that advertising is limited by GSAR 552.203-71.

10. **Severability.** If any provision of this Agreement is invalid, illegal, or unenforceable under any applicable statute or rule of law, it is to that extent to be deemed omitted. The remainder of the Agreement shall be valid and enforceable to the maximum extent possible.

11. **Assignment.** This Agreement may not be assigned by either party without the other party's prior written approval, except that either party may assign this Agreement in connection with any merger, or reorganization or any sale or transfer of all or substantially all of its assets or stock. If the assigning party is Buyer and the merger or acquisition results in the size of the surviving or successor entity being materially larger than the size of Buyer prior to the merger or acquisition, Buyer and HireVue will meet in good faith to determine a commensurate increase in price for the remaining subscription period for any unlimited use subscriptions which will be executed in a new written Service Order and/or Purchase Order. Subject to the foregoing, this Agreement shall be binding upon the parties, and upon their heirs, acquirers, executors, personal representatives, administrators, and assignees.

12. **Indemnification and Limitation of Liability**

12.1. HireVue shall indemnify, defend and hold harmless Buyer and its affiliates and their respective officers, directors, employees, agents and contractors, from and against, and pay any costs, expenses and amounts finally awarded or agreed to in settlement of, any and all third party claims to the extent such claims are based upon (i) the negligence and/or willful misconduct of HireVue in performing this Agreement, (ii) any allegation that the software underlying the Platform, when used as provided and in accordance with the terms and conditions of this Agreement, infringes such third party's intellectual property rights, or (iii) HireVue's violation of applicable laws.

12.2. Reserved.

12.3. In all requests for indemnification under Section 12.1 above (i) Buyer shall promptly provide HireVue with written notice thereof and, at HireVue's request and expense, reasonable cooperation, information, and assistance in connection therewith; and (ii) HireVue shall have control and authority with respect to the defense, settlement, or compromise thereof, provided that it shall not settle any such claim without prior written consent of the indemnified party, which consent shall not be unreasonably withheld, conditioned, or delayed. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

12.4. IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY UNDER THIS AGREEMENT FOR INDIRECT, SPECIAL, PUNITIVE, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, DAMAGES TO PROPERTY, DAMAGES FOR LOSS OF USE, LOSS OF TIME, LOSS OF PROFITS OR INCOME, LOSS OF DATA, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES) EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, EXCEPT FOR INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 12.1 ABOVE, UNDER NO CIRCUMSTANCES WILL EITHER PARTY'S TOTAL AGGREGATE LIABILITY UNDER THIS AGREEMENT EXCEED THE GREATER OF (1) AN AMOUNT EQUAL TO THE FEES PAID OR PAYABLE BY BUYER FOR THE SERVICE ORDER(S) THE CLAIMS ARE BASED ON OR (2) \$50,000. SOME STATES OR OTHER JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF CERTAIN DAMAGES, SO THE ABOVE EXCLUSIONS MAY NOT APPLY TO BUYER. BUYER MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE AND JURISDICTION TO JURISDICTION.

12.5. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM HIREVUE'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

13. **Independent Contractors.** HireVue and Buyer are independent contractors, and nothing in this Agreement shall be deemed to create any partnership, joint venture, agency, franchise, sales representative, or employment relationship between the Parties. Neither Party is an agent or representative of the other nor is either Party authorized to, and shall not, make any warranties or representations or assume or create any other obligations on behalf of the other.

14. **Confidentiality.** 14.1. Each party (each a "Discloser") agrees that, in the course of performing its obligations hereunder, either might provide to the other (the "Recipient") or develop information identified as confidential or that reasonably could be construed as confidential ("Confidential Information"). HireVue's Confidential Information shall include, but shall not be limited to, HireVue's trade secrets, know-how, user manuals and screens, service development plans, service specifications, computer programs, marketing plans, financial data, and Buyer's Confidential Information shall include, but shall not be limited to raw Buyer Data (excluding Analytical Data to the extent not embodying raw Buyer data), billing information, software, and systems. During the Term of this Agreement and at all times thereafter, the Recipient and its employees and agents shall maintain the confidentiality of the Confidential Information and not sell, license, publish, display, distribute, disclose or otherwise make available the Confidential Information to any third party nor use such Confidential Information except, in either case, as authorized by this Agreement or in connection with the performance or enforcement of this Agreement. The Recipient shall not disclose any such Confidential Information to persons not an employee or agent of Recipient nor to its Affiliates without the prior written consent of the Discloser. Any misuse or breach hereof must be reported promptly. Nevertheless and notwithstanding the foregoing statement, each party will attempt to comply with legally executed subpoena served upon such party.

14.2. The non-use and non-disclosure obligations of this Section 14 shall not apply to any information that (a) was already known to the Recipient at the time of disclosure, (b) was already in the public domain at the time of disclosure, or (c)

was received or developed by the Recipient independent of any information received from the Discloser. Recipient may disclose information pursuant to a request under applicable law. Unless prohibited by law, if the information requested is Discloser Confidential information, Recipient shall notify Discloser of the request and give Discloser a reasonable opportunity to establish that the Discloser Confidential Information is exempt from disclosure under one or more exemptions under applicable law.

- 14.3. HireVue recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor. Notwithstanding the foregoing, the Parties will utilize best efforts to obtain the maximum protection available for HireVue Confidential Information.
- 15. **Compliance with Laws.** The parties shall, in the performance of all obligations hereunder, fully comply with all applicable international, Federal, State and local laws, ordinances, treaties, rules, regulations, orders and policies applicable to or binding upon them.
- 16. **E-Business Activities.** Either party may use a third party service provider in connection with ebusiness activities (e.g., to route or translate EDI or XML messages, or to host web based services). The party contracting with a service provider must require that such service provider (a) use information disclosed to or learned by such service provider in connection with providing services solely for the purpose of providing the applicable services, and (b) not disclose such information to any third party. Each party will be liable for the acts or omissions of its service provider in connection with activities contemplated by this Agreement.
- 17. **Survival.** The provisions of this Agreement that are intended to survive termination or expiration of this Agreement in order to achieve the fundamental purposes of this Agreement will survive termination or expiration.
- 18. **Entirety of Agreement.** The parties agree that this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist Service Order and/or Purchase Order(s), is the complete and exclusive statement of the agreement between the parties, which supersedes and merges all prior proposals, understandings and all other agreements, oral or written, between the parties relating to the subject matter of this Agreement. In no event will contractual terms inserted in a Buyer's purchase order be incorporated into or made a part of this Agreement.
- 19. **Force Majeure.** Except for any obligation to pay amounts due, either Party hereto will be temporarily excused from performance hereunder, in whole or in part, for any period of time that the Party is prevented from performing its obligations as a result of an act of God, governmental regulation or act, war, natural catastrophe, civil disobedience, court order, or other cause beyond the Party's reasonable control. Such non-performance will not constitute grounds for default.
- 20. **Governing Law.** This Agreement is made in accordance with and is governed and construed under The Federal Laws of The United States, without reference to conflicts of laws principles.
- 21. **Legal Advice.** Buyer acknowledges and agrees that HireVue has not and will not provide Buyer with any legal advice and specifically HireVue has not given legal advice regarding compliance with employment, data privacy, or other relevant laws, rules, or regulations in the jurisdictions in which Buyer uses the Services nor will Buyer construe any HireVue communications as legal advice. Buyer agrees that it is solely responsible for drafting and approving its own Buyer Content, including legal review as necessary.
- 22. **Reserved.**
- 23. **Acknowledgement.** Each party acknowledges that it has read and understands this Agreement, expressly agrees the signatory hereto has full power and authority to execute this Agreement, and agrees to be bound by its terms and conditions. Further, it represents that it has consulted, or has had the opportunity to consult with its legal, tax, and financial advisors in connection with the execution and performance of the Agreement. Buyer understands and agrees that except as expressly set forth in Section 4.2 HireVue offers no buy-backs, money back guarantees, or refunds. Buyer acknowledges and agrees that Buyer is not relying upon any verbal or written representations whatsoever, except as expressly set forth in this Agreement. This Agreement can only be modified in writing, signed by the parties, or their duly authorized representatives. Buyer acknowledges and agrees that HireVue does not guarantee or represent that any software or services conveyed or provided hereunder, when or where accessed, used, provided, or installed, will guarantee any results.

By signing below, the signatory expressly acknowledges and agrees he/she has all requisite power and authority to bind HireVue or Buyer, as applicable, to the terms of this Agreement.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Infinera Corporation** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in

the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A-INFINERA

THIS ATTACHMENT A establishes the terms and conditions for use of any Infinera software that is embedded on or supplied with Infinera equipment.

1. Right to Use License; Restrictions. Subject to these terms, the Ordering Activity is hereby granted a personal, non-transferable, non-exclusive license, without right to sublicense, to use the copy and version of Infinera software and any documentation that is supplied therewith (the "Software") for its own internal business purposes and in object form only. Each license is specific to the release and particular network element with which it is supplied. The license to use the Software does not include and the Ordering Activity shall not, without Infinera's prior written consent, (i) reproduce (except as expressly set forth herein), modify, translate or create any derivative work of all or any portion of the Software; (ii) sell, rent, lease, loan the Software or otherwise transfer the license granted hereunder; (iii) reverse engineer, reverse assemble or otherwise attempt to gain access to the source code of the Software, (iv) display or disclose the software to any third party other than persons employed by the End User who are using it on the Ordering Activity's behalf at the Ordering Activity's premises (v) use the software for third party training, commercial time sharing or service bureau use; (vi) remove, alter, cover or obfuscate any copyright notices, trademark notices or other proprietary rights notices placed or embedded on or in the Software; (vii) unbundle any components of the Software; (viii) remove any Software from any Infinera equipment in which it is embedded; or (ix) cause or permit any third party to do any of the foregoing. Ordering Activity may make one copy of the Software solely for backup and archival purposes. Ordering Activity will include on any copy of the Software it makes all markings, notices and legends affixed to or embedded in the Software. Ordering Activity will maintain a record of the number and location of all copies of Software that it makes, and will make those records available to Infinera on request.

2. Ownership Ordering Activity acknowledges that the license granted under this Agreement does not provide Ordering Activity with title to or ownership of the Software, but only a right of limited use under the terms and conditions of this Agreement. Sole title to the Software and documentation and to any corrections, bug fixes, enhancements, modifications, updates, upgrades, new versions, derivative works and copies of the Software and documentation, and to any associated patents, trademarks, trade secrets, copyrights or other intellectual property rights, remains with Infinera or its licensors.

2. Warranty Disclaimer. EXCEPT AS SET FORTH IN EXHIBIT A, INFINERA MAKES NO OTHER WARRANTY TO THE ORDERING ACTIVITY, EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THE SOFTWARE, OR ANY PART THEREOF, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF TITLE, AVAILABILITY, RELIABILITY, USEFULNESS, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ARISING FROM COURSE OF PERFORMANCE, DEALING, USAGE, OR TRADE. INFINERA DOES NOT WARRANT THAT ANY EQUIPMENT, SOFTWARE, OR PART THEREOF WILL MEET ORDERING ACTIVITY'S REQUIREMENTS OR BE UNINTERRUPTED, TIMELY, AVAILABLE, SECURE, OR ERROR-FREE, OR THAT ANY ERRORS IN THE EQUIPMENT OR THE SOFTWARE WILL BE CORRECTED.

3. Reserved.

4. Export Restrictions. Ordering Activity acknowledges that Infinera products are U.S. origin goods and agrees not to export, re-export, transfer or allow third parties to access any Infinera products that it purchases or licenses where such export, re-export, transfer or access is not permitted under the applicable rules and regulations of the United States Government and agencies.

5. Reserved.

6. Exhibit A PRODUCT WARRANTY

1.01 Warranty Term. Infinera warrants that during the Hardware Warranty Period or Software Warranty Period, as applicable, the Products shall be free from defects in design, material and workmanship under normal use and service, and shall conform to Infinera's applicable Specifications. The respective Hardware and Software Warranty Periods for Products are set forth in the table below and commence upon shipment of the Product.

	DTN-X (XTC-2, 2E, 4 & 10)	DTN	FlexILS (MTC- 9)	XT-500	CX (CX-10E, CX- 40E, CX- 100E)	XTM- Series (TM-102, 301, 3000 & NID & EDU)	XTG- Series
--	------------------------------------	-----	------------------------	--------	--	--	----------------

HW Term / SW Term	2 years / 90 days	1 year / 90 days	1 year / 90 days	1 year / 90 days			
-------------------	-------------------	-------------------	-------------------	-------------------	------------------	------------------	------------------

1.02 Warranty Exceptions. The Parties acknowledge and agree that Infinera shall not be liable pursuant to Section 2.01 for: (i) Products that are abused or improperly handled or stored by any person other than Infinera or its authorized services agents; (ii) Products that are maintained, repaired, modified or altered by any person other than Infinera or its authorized service agents; (iii) damage to Products that occurs from any cause other than ordinary use (such as, for example, acts of nature, accident, fire, lightning, water damage, neglect, misuse, improper installation or testing, or unauthorized attempts to repair, alter or modify); (iv) normal wear and tear or obsolescence; (v) use of the Product not in accordance with the Specifications or any operational materials provided by Infinera; or (vi) use of the Products with third party products not sold by Infinera, e.g., using grey market or third party products not purchased from Infinera with Products without Infinera's express written consent. In addition, Infinera shall not be responsible for any Products that are installed by companies and/or contractors that are not certified to install the Products.

1.03 Third Party Products. If an Ordering Activity procures or installs a product not developed or manufactured by Infinera ("Third Party Product"), then Infinera makes no warranty with respect to such Third Party Product, and Ordering Activity's use of such product is at their own risk and may void the warranty for the Products in which such Third Party Product is installed. Further, Infinera shall have no obligation to provide hardware or software support for such Third Party Product.

1.04 Warranty Procedure. During the applicable Hardware Warranty Period or Software Warranty Period, Ordering Activity promptly shall notify Infinera of all potential warranty claims pursuant to this Agreement. If it is determined by Infinera that an item of Product needs to be returned, a return material authorization ("RMA") number shall be assigned by Infinera.

1.05 Hardware RMA Process. During the Hardware Warranty Period, Infinera shall, within thirty (30) calendar days of receipt of a returned item of Product with a valid RMA number, repair or replace and, if needed, redesign, any such item (hereinafter an "item") that is defective as to design, workmanship or materials, provided that: written notice of any defect is given to Infinera promptly upon discovery of the claimed defect, such notice is given to Infinera within the Hardware Warranty Period specified above, and the defective item is promptly returned to Infinera. All repaired and replaced parts shall be shipped preloaded with the current version of the Software used by Ordering Activity. Ordering Activity agrees to return such item of Product within thirty (30) days of the date an RMA ticket is opened for such item. All decisions to repair or replace or redesign shall be at Infinera's option. If Infinera provides an advance replacement Product to Ordering Activity and does not receive the failed Product from Ordering Activity within seven (7) calendar days of the date such replacement Product was sent to Ordering Activity, Ordering Activity agrees to purchase such replacement Product and pay the Purchase Price for the replacement Product provided by Infinera.

Any item repaired or replaced by Infinera pursuant to the terms of this warranty shall continue to be warranted for the longer of the remainder of the original Hardware Warranty Period for such Product or ninety (90) days. Item(s) which are replaced hereunder shall automatically become the property of Infinera and their replacement shall become the property of Ordering Activity. Infinera shall be responsible for the cost of shipping and insuring the items to and from Ordering Activity.

1.06 Software Maintenance Releases. During the Software Warranty Period and during any period for which the Ordering Activity has purchased Software Subscription Services, Infinera agrees to provide to Ordering Activity all applicable maintenance releases for the Software for software bug fixes for a release of Software purchased by Ordering Activity for the shorter of: (i) two (2) years from the initial release date of the Software; or (ii) the release date for the second Software release following such Software release. The Parties agree that Infinera shall have the right to provide such maintenance releases of Software as part of a general release of Software; provided, however, that such provision of a Software release shall not grant Ordering Activity with additional right to use licenses to any additional features included in such release. Notwithstanding anything to the contrary in this Agreement, Infinera makes no warranty with respect to any third party software included with the Products. Ordering Activity's sole remedy with respect to such third party software shall be pursuant to the original licensor's warranty, if any, to Ordering Activity, to the extent permitted by the original licensor.

Exhibit B
SUPPORT SERVICES

7. 1 EXTENDED WARRANTY SERVICES

1.1 Extended Hardware Warranty. Ordering Activity shall have the option to purchase annual extensions to the Hardware Warranty Period for the hardware portion of the Product (the "Extended Hardware Warranty").

1.2 Reserved.

1.3 Reserved.

8. 2. SOFTWARE SUBSCRIPTION/SUPPORT SERVICE

Ordering Activity may purchase an annual software subscription service (the "Software Subscription Service") for the Software to the extent eligible for Software Subscription Service, for the first year from the purchase of the Product, for each DTC, OTC, and ATC. For the Infinera DTN-X, this service is called the "Software Support Service", and the Ordering Activity may purchase an annual software support service for each XTC chassis, as well as for each DTN-X line card (AOLM, AOLX, SOLM, or SOLX). After the first year from the date of purchase of the Product, the Ordering Activity shall have the option to purchase the Software Subscription/Support Service on an annual basis. The Software Subscription/Support Service entitles Ordering Activity to all new software releases (on an "if and when available" basis) of the Software. The Software Subscription/Support Service shall be available to Ordering Activity on an annual basis, commencing on the date set forth in the purchase order, and shall apply to each new DTC, OTC, ATC, XTC, or DTN-X line card on the date the Product comprising such DTC, OTC, ATC, XTC, or DTN-X line card has been Accepted by Ordering Activity. The Parties acknowledge and agree that Infinera has no obligation to develop any future Software.

The Infinera Software Subscription/Support Service commences upon Product Acceptance. .. The Parties acknowledge and agree that the Software Subscription/Support Service shall apply to all DTCs, OTCs, ATCs, XTCs, and DTN-X line cards deployed in Ordering Activity's network, including any laboratory equipment.

Ordering Activity may elect to discontinue this Software Subscription/Support Service at any time. Upon such discontinuation, Infinera shall remit to Ordering Activity the pro rata portion of pre-paid fees for the Software Subscription/Support Service. In the event that Ordering Activity elects to issue a new purchase order to reinstate coverage under the Software Subscription/Support Service after discontinuing such service, or Ordering Activity elects to purchase the Software Subscription/Support Service at any time after the date any Product is first Accepted by Ordering Activity under this Agreement, Ordering Activity agrees that it shall be obligated to pay a reinstatement fee equal to the fees that Ordering Activity would have paid under the Software Subscription/Support Service for any period of discontinuation.

9. 3. EF&I SERVICES

Site Survey and Detailed Engineering Package:

Conduct a site survey of each equipment site location to verify local conditions

Prepare site issues report

o Includes conditions requiring remediation prior to install and/or other such items, and their assignments to responsible parties

• Prepare initial Engineering Design Package (EDP)/Engineering Document

o Includes installer's SOW, installation notes, list of equipment and installation materials, site access/security requirements, cable running list (power, fiber and data), floor plan, cable run diagram, grounding schematic, rack/cabinet facing diagram, link engineering drawings, node acceptance document, link acceptance document, IP design and commissioning data

• Prepare installation materials per specifications o Materials can include, per engineering design: Infinera racks/cabinets; vertical fiber duct to connect existing horizontal duct to fiber management in new/existing equipment rack/cabinet (up to 2 per rack/cabinet); intra-bay power cable and DC power cable runs for the chassis site locations (assuming no intermediary connection points); power, ground, lugs and terminations; intra-shelf/node line side fiber patch cables; intra-node Nodal Control and Timing (NCT) CAT5 Ethernet cabling; and labeling materials. Materials for client side fibers can also be defined, and quoted outside of scope. Breakers and/or fuses for chassis site locations and rack spacer/cable managers are also included, per engineering design, for deployments in the Americas.

• Refine engineering design package (use mutually agreed-upon format)

o Includes contact list, directions to site (or GPS coordinates), Installer's SOW, Installer work items and installation notes, list of equipment and installation materials, floor plan drawing and rack elevation drawing, equipment shelf detail drawings, cable running lists (power, fiber and data), cable run diagram, power cable assignment and management information, optical fiber assignment and management information, commissioning data.

• Prepare and furnish final as-built Engineering Design Packages (EDPs)/Engineering Documents

PROPRIETARY AND CONFIDENTIAL

Note: Non-NEBS cabinets are provided for standard Turnkey Install within the EMEA and APAC region. NEBS compliant cabinets are available as Out of Scope work. For all other regions, racks are provided for DTN/ATN standard Turnkey Install and NEBS-compliant cabinets are provided for standard DTN-X standard Turnkey Install.

Materials Planning and Procurement:

- Procure, stage and deliver to site locations the following materials, as applicable:
 - Infinera equipment rack(s)/cabinet(s) and spacers/cable managers (if DTN-X cabinet is not ordered).
 - Rack/cabinet mounting hardware, anchors and top-support materials for each equipment rack/cabinet
 - Infinera provided PDU/Fuse panel for Infinera OTC/ATC site locations only
- Power cables – Ground cable to connect new rack/cabinet to existing grounding system o Ground cable to bond Infinera chassis to rack/cabinet
- Ground cable to connect new rack to existing grounding system
- Ground lugs, H-Taps, earth bar connection(s) and all necessary associated materials
- 2" or 4" Fiber duct or copex equivalent (vertical on rack/cabinet). (Express downspouts that are not required to be cut in are included in standard scope of work. Any downspouts that require a cut are Out of Scope work.)
- Line-side and intra-node fibers
Consumables (to include velcro, cable ties, labels, waxed cord, etc.)

Install Site Infrastructure:

- Accept delivery of Infinera equipment and materials at third-party storage facility o For DTN-X it is preferred to drop ship directly to site with inside delivery.
- Unpack, inventory, inspect and deliver all equipment and installation materials to site location footprint
- Install new rack/cabinet, or use existing equipment rack/cabinet at each site location footprint
- Install a fuse panel/PDU into new or existing equipment rack/cabinet at each Infinera OTC/ATC site location
- Ground all new equipment racks/cabinets to existing ground system
- Install and terminate DC power cabling (single insulated by default, double insulated if required) from customer Battery Distribution Fuse Bay (BDFB)/Power distribution Panel (PDP) to Infinera equipment shelves and install and terminate power to an appropriate fuse panel in OTC/ATC site locations.
- Infinera DC power cable sizing is based on Infinera equipment maximum draw @ 55 degrees Celsius. Any other calculations using other than 55 degrees Celsius is Out of Scope.
- The following table defines the power runs included with the standard Scope of Work. Delivery of power runs beyond the listed specifications is considered Out of Scope Work.

Product Line/Chassis	Number and Type of Feeds	Max Cable Length*	Max Cable Size
DTN/ DTC	One (1) A Feed and Return, and One (1) B Feed and Return	Up to 50 ft (14.24 m)	4/0 AWG or 25 mmsq
ATN/ ATC	One (1) A Feed and Return, and One (1) B Feed and Return	Up to 30 ft (9 m)	14 AWG or 2.5 mmsq
OLA/ OTC	One (1) A Feed and Return, and One (1) B Feed and Return	Up to 30 ft (9 m)	12 AWG or 4 mmsq
DTN-X/ XTC-10	Up to Six (6) A Feeds and Returns, and Six (6) B Feeds and Returns	Up to 30 ft (9 m)	1/0 AWG or 35 mmsq in EMEA
DTN-X/ XTC-4	Up to Four (4) A Feeds and Returns, and Four (4) B Feeds and Returns	Up to 30 ft (9 m)	1/0AWG or 35 mmsq in EMEA

*Cable lengths are measured on the cable ladder, from the middle of the top of the equipment rack to the middle of the top of the BDFB/PDP.

- Label racks/cabinets and power cable according to approved customer standard. If no customer standard is provided, Infinera will label per established Infinera practice.

PROPRIETARY AND CONFIDENTIAL

- 'Red-Line' engineering specifications
- Daily site clean-up and disposal of waste
- Supply of all required installation tools

Perform Equipment Installation & Commissioning:

- Unpack, inventory, and inspect all equipment
Install all new chassis' in the rack/cabinet per the EDP/Engineering Document
Ground (bond) the new chassis' to the rack(s)/cabinet(s)
- Install modules in the chassis' per the EDP/Engineering Document
- If required, connect pre-terminated, existing power cables to each Infinera chassis.
- Install, scope, clean, measure insertion loss, test and connect all of the intra-node fiber jumpers and Line side fiber jumpers from equipment to customer line side fiber patch panels. (Standard service provides line side fibers up to 30 meter length, of SC-SC connector type.)
- Install Nodal Control and Timing (NCT) and DCN Ethernet cabling per the EDP/Engineering Document (if required)
- Label equipment shelves and intra node fiber, power cables & data cables per approved customer standard. If no customer standard is provided, Infinera will label per established Infinera practice.
- Perform site quality audit checklist
- Provide 'Rack Face' as-build EDP/Engineering Document and intra-node fiber diagram

Commission and Turn Up Equipment:

- Verify DC power and grounding
- Unpack and inspect all circuit packs & chassis backplanes
- Install all circuit packs
- Inspect, clean and install all intra-node fiber cables
- Connect any pre-existing, pre-terminated intra-node and Data Communication Network (DCN) management data cables (if required).
- Commission and configure equipment with pre-furnished network design and DCN/OSC IP Addresses
- Connect pre-installed fiber jumpers to Infinera line side modules per the EDP/Engineering Document (if required)
- Perform span clean up if required
- Install attenuators/pads per EDP/Engineering Document.

Note: For ATN install, additional manual adjustment of span performance may be required to bring system in line with span engineering design specifications. If such adjustments are necessary because Infinera was provided with inaccurate fiber span information prior to the install project, additional labor fees shall apply for making span performance adjustments. The labor shall be rendered via the Infinera On_Site Engineering Service.

Note: For the Infinera ILS2 Line system, additional manual adjustment of Raman span performance may be required to bring system in line with span engineering design specifications. Such adjustments must be performed via the Infinera On Site Engineering Service.

Note: For SLTE Activation, additional manual adjustment of span performance may be required to bring system in line with span engineering design specifications. Such adjustments must be performed via the Infinera SLTE Link Activation Service.

Note: For networks carrying 40GbE and higher transmission rates, additional fees shall apply for testing. These fees shall be charged via the Infinera On Site Engineering Service.

Perform Test, Acceptance, and 24 Hour Bit-Error Rate Test (BERT):

- Alarm clearing on each span and digital link
Inspect and validate performance for each span and digital link
Furnish appropriate test equipment for the applicable service types
- Configure and run BERT on a single end to end circuit; standard test period is 24 hours
- Provide BERT results in a mutually agreed upon format
- Provide notification to customer operations for node / network acceptance
- Perform equipment and alarm verification testing
- Provide link design as-build diagram
- Provide node/link acceptance documentation

Program Management and Technical Oversight:

- Identify/assign a dedicated Infinera Program Manager as the single point of contact for all project logistics, schedules and technical issues. Program Manager responsibilities include:
 - Recommend best practices
 - Manage all survey and installation, test and turn up schedules
 - Provide regular updates to customer management within a mutually agreed upon time interval
- Identify/assign a Lead Technical Oversight Engineer or Tech Support Engineer whose responsibilities include, but are not limited to:
 - Prior to deployment, assist customer with technical requirements, i.e. IP Addressing o Primary technical interface for Field Teams in all aspects of installation, commissioning, troubleshooting, route validation and testing
 - Interface and assist Ordering Activities with technical issues during the deployment process
 - Span and digital link turn-up, testing and acceptance

Ordering Activities Responsibilities

- Provide Infinera with pre-survey data, which includes:
 - Site address, site contact information, and access information o Aisle/bay rack/cabinet assignment(s) o Aisle/bay/breaker assignments for DC Power (if applicable) o Specific DC power requirements – i.e. cable size, cable diversity
 - Aisle/bay/shelf assignments for Outside Plant (OSP) fiber panel(s)
 - Aisle/bay/shelf assignment for DCN management network connectivity (where applicable)
 - Any specific hardware requirements – i.e. specific DC breakers, AC to DC rectifier systems, specific fiber jumper manufacturer or requirement, etc. o IP Addressing schemes
 - Specific installation standards outside of Telcordia GR-1275 o Labeling standards
 - Testing requirements and scope – i.e. if testing is beyond the scope described in this document
- Coordination of site access.
- Ensure that authorized staff for operation and maintenance is available during the entire EF&I period to provide assistance with Infinera Customer Support when requested.
 Notify Infinera of any additions, relocations or changes to equipment via Infinera program manager and/or sales account team. Do not contact Infinera Support hotline (877-INF-5288) or email <techsupport@infinera.com>

Assumptions and Additional Conditions

Ordering Activity must have all pre-work 100% complete.

- All sites must be accessible by standard vehicles.
- Reasonable site access will be provided to all engineering, installation, and test personnel.
- Provide complete and accurate site location information.

10. 4. INFINERA SPARES MANAGEMENT- NEXT BUSINESS DAY ARRIVAL

General. Infinera shall provide Ordering Activity with spares management services Next Business Day Arrival (“Spares Management NBD”). Spares Management NBD requires an annual service contract with Infinera that provides, in the event of a hardware failure, an advanced delivery of a replacement module will arrive at the designated Ordering Activity site no later than the following business day after the Return Material Authorization (RMA) request is issued by Infinera. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days. Infinera will provide delivery of a hardware replacement module by the next business day provided that the RMA number is issued before 2PM local time (PST in North America, or CET in Europe). All RMAs issued after 2PM local time will be processed the next business day and arrive the following business day thereafter.

Scope of Service. Spares Management includes the following:

- Access by Ordering Activity to the Infinera Customer Support Technical Assistance Center (TAC) 24 hours a day, 7 days a week, 365 days a year (24x7x365) to request a spare module.
- Obligation for the spare to arrive at the designated Ordering Activity’s site by the next business day of Infinera’s confirmation of the need for the dispatch with the appropriate spare module.
- Note that Spares Management NBD is available only for those cities mutually agreed upon by the Parties.

Assumptions and Additional Conditions. The provision of the Spares Management by Infinera is subject to each of the following assumptions:

- This Service does not include on-site engineer dispatch service(s). However, this service can be combined with the purchase of an Infinera First Line Maintenance service, which is sold separately.

- For all Ordering Activity laboratory equipment, and unless otherwise mutually agreed upon, this service shall provide Next Business Day Ship replacement service.
- Infinera shall not be obligated to provide Spares Management NBD until 45 days after the issuance and acceptance of a purchase order in accordance with the applicable agreement, and Ordering Activity has provided a complete list of its sites that are to be covered by this Service (addresses/GPS coordinates consistent with the delivery locations for the Product).
- In the event Ordering Activity purchases Spares Management NBD for Product following expiration of the Warranty Period, it must also purchase an Extended Hardware Warranty Service for a concurrent duration for such Product.
- Spares Management must be purchased for Ordering Activity's entire network.

Ordering Activity Responsibilities. The Ordering Activity shall be responsible for each of the following:

- Cooperate with Infinera to confirm that Infinera has a complete listing of all Products, including serial numbers, in order to properly establish and track service entitlement.
- Provide a site identification or site contact number.
- Ensure that authorized staff for operation and maintenance is available during the entire support period to provide Infinera with information (e.g., model, serial number, current failure symptoms) upon request.
- The defective module is not required to be returned before Infinera delivers a replacement. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days.
- Notify Infinera of any additions, changes and relocations of equipment covered under this service.

Exclusions. The following items and conditions are excluded from the Spares Management NBD Service (and any calculation of performance penalties):

- RMA/FRU Exchange for Defects or malfunctions caused by:
- Actions of personnel not contracted by the Ordering Activity or Infinera;
- Failure of the Ordering Activity to follow Infinera's installation, operation, or maintenance instructions;
- Failure of Equipment that is not serviced by Infinera;
- Abuse, misuse, or negligent acts of personnel not contracted by Infinera.
- FRU Defects or malfunctions caused by:
- Modifications made to FRUs by non-Infinera personnel; or
- The attachment to FRUs of Equipment not being supported by Infinera
- Consumable items that are not under maintenance support coverage as described in the FRU list.
- Delivery of documentation

11. 5. INFINERA SPARES MANAGEMENT – 4 HOUR SPARES ARRIVAL

The Infinera Spares Management – 4 Hour Spares Arrival Service requires an annual service contract with Infinera. In the event of a hardware failure, this Service provides advanced delivery of a replacement module to the designated Ordering Activity site within 4 hours from the time the Return Material Authorization (RMA) was issued and approved by Infinera. The defective module is not required to be returned before Infinera delivers a replacement. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days.

Assumptions and Additional Conditions

- Infinera shall provide Spares Management Service in accordance with an agreed upon schedule once the following occur (i) acceptance of a purchase order for the Spares Management Service and (ii) the Ordering Activity has provided a complete list of its sites to be covered by this service (addresses/GPS coordinates consistent with the delivery locations for the Product).
- The Infinera Spares Management – 4 Hour Spares Arrival Maintenance Service is available only for those cities and/or zip/postal codes specified on the Infinera then-current service coverage map. Service coverage outside of this range shall be mutually agreed upon on a case-by-case basis.
If the Ordering Activity purchases the Infinera Spares Management - 4 Hour Arrival Maintenance Service for equipment following expiration of the warranty period, it must also purchase an Extended Hardware Warranty for a concurrent duration.
- This Service does not include on-site engineer dispatch service(s).
- The Infinera Spares Management – 4 Hour Spares Arrival Service shall not apply to customer laboratory equipment, unless otherwise mutually agreed upon.
- The Infinera Spares Management – 4 Hour Spares Arrival Service must be purchased for the Ordering Activity's entire network (excluding customer laboratory equipment), or as otherwise mutually agreed upon.

Ordering Activity Responsibilities

PROPRIETARY AND CONFIDENTIAL

- Provide a site identification or site contact number.
- Ensure that authorized staff for operation and maintenance is available during the entire support period to provide Infinera Customer Support with information (e.g., model, serial number, current failure symptoms) upon request.
- Provide Infinera with a complete listing of all Covered Products and their deployed locations. The information must include the FRU type, serial number, and site location. The Ordering Activity is further responsible for providing Infinera with updates whenever this information changes. Infinera must have up-to-date information on Ordering Activity inventory at all times in order to maintain the 4 Hour arrival SLA provided by this service. Notify Infinera of any additions, relocations or changes to equipment via Infinera support hotline (877-INF-5288) or email techsupport@infinera.com.courses on the Product.

12. 6. INFINERA FIRST LINE MAINTENANCE – 4 HOUR ENGINEER ARRIVAL

The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service provides an on-site Technical Support Engineer (TSE) to remove a defective module and install its replacement, or to facilitate fault isolation that cannot be performed remotely. The TSE will arrive at the Ordering Activity site within 4 hours of Infinera confirmation that a dispatch is required. This Service is available on a 24 hours a day, 7 days a week, 365 days a year (24x7x365) basis. This Service provides:

- Access to the Infinera Ordering Activity Support Technical Assistance Center (TAC) on a 24x7x365 basis to request dispatch of an engineer. If it is determined by Infinera that a module needs to be returned to Infinera, or that further on-site resolution is required, an Infinera TSE will be dispatched.
- An Infinera TSE will arrive at the designated Ordering Activity site within 4 hours of Infinera's dispatch confirmation.

Assumptions and Additional Conditions

- Replacement modules are not included with this Service. However, the above Service can be combined with the purchase of an Infinera Spares Management Service, which is sold separately under an additional SOW.
- Infinera shall provide FLM Service in accordance with an agreed upon schedule once the following occur (i) acceptance of a purchase order for the FLM Service and (ii) and the Ordering Activity has provided a complete list of its sites to be covered by this service (addresses/GPS coordinates consistent with the delivery locations for the Product).
- The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service is available only for those cities and/or zip/postal codes specified on the Infinera then-current service coverage map. Service coverage outside of this range shall be mutually agreed upon on a case-by-case basis.
- The determination as to whether or not the dispatch of a TSE is necessary will be made by Infinera at its discretion. The Infinera First Line Maintenance - 4 Hour Engineer Arrival Service is subject to geographic restrictions. Please refer to the Infinera 4 hour FLM coverage map for details, or talk with an Infinera Sales Representative.
- The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service must be purchased for the Ordering Activity's entire network, or as otherwise mutually agreed upon.

Ordering Activity Responsibilities

- Provide Infinera with a complete listing of all products covered by this Service, including serial numbers, in order to properly establish and track service entitlement.
- Provide site identification badge and on-site Ordering Activity staff contact information, for the TSE.
- Ensure that authorized staff for operation and maintenance is available during the entire support period, to provide Infinera with information (e.g., model, serial number, current failure symptoms) upon request.
- Notify Infinera of any additions, changes and relocations of equipment covered under this Service.

13. 7. Infinera Technical Training

The Infinera Learning Experience is a comprehensive suite of training courses and modules to train Ordering Activity personnel in the installation, administration, maintenance, and operations of the Infinera Digital Optical Network. Infinera utilizes the latest in learning technologies and methodologies to create a personalized learning environment, providing timely and relevant information in easily accessible formats.

Infinera offers its training courses in two formats:

- **Classroom Learning Format:** Infinera offers all of its courses in a classroom learning format with extensive hands-on labs on the latest Infinera equipment. Infinera has classroom locations at headquarters in Sunnyvale (CA, U.S.), London, and Hong Kong. Infinera can also deliver most class types at the Ordering Activity location.
- **E-Learning Format:** Infinera also offers many courses, videos, and tutorials in e-learning format. Most of our instructor-led courses require pre-requisites which are completed through e-learning. Elearning content is accessed through a compatible web browser to Infinera's Learning

Management System. Ordering Activity can choose to access the content on per course basis or an annual subscriptions. The annual subscription allows access to all Infinera Customer e-learning content for one year from purchase date.

Learning Management

The Infinera Learning Experience includes customer learning management. Our 24x7 online system is accessible through a compatible browser and will keep track of all aspects of the training experience. Each Ordering Activity and each student will have their own training record where Infinera will maintain training paths, recommended curriculums, completion status, exams, certifications, exams, and feedback.

The system will supply the necessary reports for managers to track the progress of their staff. Training Credits

The Infinera Learning Experience uses a "training units" model. In its simplest form, Ordering Activities buy training units which are good for one year from the date of purchase, then use the training units to purchase various training classes. The primary advantages of buying training units instead of classes directly in \$USD are flexibility and price protection. There are two types of training units – one type is for eLearning, and the other type is for instructor-led.

Infinera DTN-X Training Course Descriptions – Core Courses

- DTN-X Overview Course – This course is primarily delivered as an e-learning offering and can be completed at the student's own pace. The course provides an overview of Infinera Digital Optical Network architecture, network applications, and product descriptions. This will include topics such as DTN-X and Optical Line Amplifier system architecture, hardware overview, signal flow, and an overview of the architecture, features, and capabilities of the Infinera Graphical Node Manager (GNM) and Infinera Digital Network Administrator (DNA). This class is also available per request in an instructor – led format. In a classroom, the minimum class size is 4 and maximum class size is 25.
- DTN-X Field Engineering – This three-day hands-on technical training course focuses on field personnel and training them to be able to turn up and test the DTN-X product line. The course will provide an overview describing the procedures to commission a Switching Transport Chassis (XTC). This will include such topics as commissioning a GNE, an SNE, an Expansion Chassis, fiber a digital span, provisioning a circuit, and interpreting alarms. This course has a prerequisite requirement of DTN-X theory and hardware description to be completed via e-learning. This course, combined with the e-learning will prepare a student for field engineering certification exam. The minimum class size is 4 and recommended maximum class size is 8. Because this course is very much hands-on in a lab environment, this course is only available at an Infinera facility in Sunnyvale, London, or Hong Kong.
- DTN-X NOC Engineering – This three-day hands-on technical training course will provide an overview describing the procedures for operations, administration, maintenance, and provisioning of the DTN-X. This will include use of DNA, alarm descriptions, troubleshooting, circuit pack configuration, querying and provisioning a working network element, understanding performance monitoring and alarm clearing techniques. Students will receive hands-on exercises for three days for OAM&P capabilities of the DTN-X. This course has a prerequisite requirement of DTN-X theory and hardware description to be completed via e-learning. This course, combined with the e-learning will prepare a student for NOC engineering certification exam. The minimum class size is 4 and the maximum class size is 12.

Infinera DTN-X Training Course Descriptions – Additional Courses

- DNA Fundamentals – This two-day hands-on technical training is designed for NOC Engineers who carry out surveillance and troubleshooting of the DTN/DTN-X network using Digital Network Administrator (DNA).
- Network Customer Service – This two-day hands-on technical training is designed for Ordering Activity Technical Support Engineers who rectify customer reported circuit issues on the DTN and DTN-X network.
- DTN-X Provisioning – This two-day hands-on technical training is designed for Service Delivery Engineers who design and provision services in the DTN/DTN-X network.
- DTN-X Deployment – This three-day hands-on technical training is designed for Deployment Engineers performing commissioning and configuration activities from a remote location using Digital Network Administrator (DNA) and Graphical Node Manager (GNM) who adds capacity on the network, confirms power levels, set thresholds, set up cross connects for trib to trib testing and ensure successful deployments of new nodes.
- Site Engineering – This four-day hands-on technical training is designed for Site Engineers who carry out site surveys and create work order packages for field techs to install and commission network elements and module adds. This training course will show the student how to configure a node, including addresses for the DCN, GMPLS and OSC, configure Line Modules and Band Mux Modules (BMMs), make all physical connections and other configuration options as well as performing software upgrades. Hands on exercises are done using Graphical Node Manager (GNM).
- First-Line Maintenance – This two-day hands-on technical training is designed for engineers who carry out first line maintenance activities. This training course will show the student how replace modules, retrieve logs, back up databases and perform other activities when given remote instructions and guidance from the Network Operations Center.
- Network Planning – This two-day hands-on technical training is designed for Network Planners who design the network with Infinera assistance. This training course will show the student how to manage network capacity, how to add and configure Line Modules and Band Multiplexing Modules (BMMs), plan and design node administration such as DCN and GMPLS IP addresses and NTP configuration, read optical power measurements, given an introduction to Digital Network Administrator (DNA) including in depth lessons on critical tools such as Digital Link Viewer (DLV) and Digital

PROPRIETARY AND CONFIDENTIAL

Bandwidth Manager (DBM). Students will also be given lectures to fully understand the signal flow through the DTN/DTN-X including explanations on Forward Error Correction (FEC) and Q-Values.

Infinera Training Course Descriptions – Legacy Products (DTN/ATN) DTN and ATN courses are available upon request.

Training Course Recommendations by Role

Infinera recommends the following training courses, by student role:

Train Personnel for...	Detailed Description	Recommended Course(s)...
Technical Product Overview Only	For any staff requiring an introductory overview to the Infinera Digital Optical Network system.	Infinera DTN/ATN Product Overview
Installation and Commissioning	For staff that undertake the installation and commissioning of the equipment.	Infinera DTN/ATN Turn Up and Test
Maintenance and Field Operations	For staff that undertake maintenance of the equipment. This course needs to cover the details of the methods of operation, routine maintenance tasks, and fault finding	Infinera DTN/ATN Turn Up and Test Certification
	For staff that undertake the operation and maintenance of the transmission equipment on fields, directed by NOC personnel.	Infinera DTN/ATN OAM&P Certification
Network Management (I.e. NOC)	For staff who undertake the monitoring of the network from a central location, e.g. Network Operating Center (NOC), or similar.	Infinera Management Suite (DNA) Overview + Infinera DTN/ATN Troubleshooting
Configuration Management	For staff that undertake the remote provisioning of equipment using the Network Element Management System.	Infinera DTN/ATN OAM&P Course
Network Administration	For the network administrator who is in charge of managing servers for backup/restore, defining user's profiles and password, managing security and connection to the Data communication network; this course includes all applications and features of EMS/NMS	Infinera Management Suite (DNA) Overview

Network Planning	For network planning staff responsible for network modeling, planning and design.	Infinera Network Planning System Training (available through your Infinera Sales Engineer) + Infinera Management Suite (DNA) Overview
------------------	---	---

Scheduling Courses

Infinera flexibly schedules and provides its courses based on Ordering Activity request, and therefore there is no “set schedule” for our course offerings. To schedule an Infinera course, simply submit your training request to the Infinera Global Customer Technical Assistance Center (via phone, email, or Infinera Customer Web Portal), and a training specialist will work with you to schedule the appropriate courses.

Exhibit C
14. SOFTWARE SUPPORT

Conditions to Provision of Services. During the Software Warranty Period, Infinera shall make available the following services to Ordering Activity for the Software:

15. 1. HELP DESK SUPPORT

Infinera shall provide a service desk (contacted through a telephone help line) to assist Ordering Activity in obtaining a quick response to network faults or troubleshooting questions (the “Technical Assistance Center” or “TAC”). The service desk shall log and track trouble tickets for reported faults within the scope of 3rd Line Support. The TAC help desk will be available 24 hours per day, 7 days per week and every day of the year (24 x 7 x 365). The number for the Infinera’s Technical Assistance Center is:

877-INF-5288 (463-5288) / Main 408-572-5200 email: techsupport@infinera.com fax: 408-572-5343

Additional access phone numbers for Infinera’s Technical Assistance Center:

16. 2. SERVICE ESCALATION PROCEDURES

2.1 Defect Severity Levels. Defects (classified as Critical, Major, or Minor defects) for all Products are defined in this Section. The classification and reclassification of the defect level shall be at the reasonable discretion of Infinera; provided, however, that such classifications and reclassifications shall be in accordance with the definitions set forth in this Section. In the event a defect is subsequently reclassified to a higher severity level, the Service Restoration time period shall begin at the time the defect is reclassified.

- (a) Critical Defects. "Critical Defects" means conditions under which the Product is inoperative and Ordering Activity's inability to use the Product creates an emergency situation with respect to Ordering Activity's business operations. This condition generally is characterized by a loss of network connectivity or service affecting a major customer or multiple other customers due to Product failure and requires immediate restoration or correction.
- (b) Major Defects. "Major Defects" means conditions under which the Product is usable by Ordering Activity, with limited functions, but creates a manageable situation with respect to Ordering Activity's business operations. The condition is not critical to overall Ordering Activity operations and does not severely restrict such operations.
- (c) Minor Defects. "Minor Defects" means conditions under which the Product is usable and the condition does not adversely affect Ordering Activity's operations. These problems are those resulting in a minor failure that is cosmetic or de minimis in nature.

2.2 Initial Response; Service Restoration; Defect Resolution. With respect to the terms utilized in the table below, the following definitions shall apply:

"Defect Resolution" is the time elapsed from Ordering Activity's report of a defect to the time Infinera provides a final correction or modification of the Product that corrects the root cause of the defect.

"Initial Response" means the time it takes from Ordering Activity's initial report of the defect until Ordering Activity speaks with the appropriate Infinera subject matter expert as set forth in the escalation table below. The measurement of Initial Response time does not apply when a Ordering Activity call is related to a previously reported defect.

"Service Restoration" means the time it takes Infinera to apply a functional resolution to the reported defect, meaning Infinera provides Ordering Activity with a temporary fix or workaround that solves a reported defect and that can be used by Ordering Activity with minimal inconvenience and minimal impact on Ordering Activity's business operations.

Infinera shall exercise continuous and uninterrupted efforts, twenty-four (24) hours a day, seven (7) days a week, to achieve Service Restoration for any Critical Defects as soon as possible after reported by Ordering Activity. Without limiting the generality of the foregoing, the Parties agree that the time frames for Initial Response, Service Restoration and Defect Resolution set forth in the following table represent the estimated time limit for Initial Response, Service Restoration and Defect Resolution and Infinera shall use all reasonable efforts to achieve time frames that are better than the time frames set forth below.

Severity Level	Initial Response	Service Restoration / Work Around	Defect Resolution
Critical Defect1	Immediate (15 minutes)	4 hours	20 days for a patch (without hardware/firmware design change); 180 days (with hardware/firmware design change) in next Maintenance Release

Major Defect	30 minutes	24 hours	45 days for a patch (without hardware/firmware design change); 180 days (with hardware/firmware design change) in next Maintenance Release
Minor Defect	1 hour	N/A	Next Maintenance Release

1 With respect to all Critical Defects, Infinera shall provide hourly status updates to Ordering Activity until Service Restoration has been achieved.

2.3 Escalation of Unresolved Defects within Infinera. For all defects reported by Ordering Activity, Ordering Activity shall have the right to require Infinera to escalate Ordering Activity's defect to the next appropriate tier in the applicable Infinera support organization. Such escalation is not intended to and shall not diminish Infinera's obligations to restore and resolve defects within the applicable time frames. In addition, Infinera shall observe the following management notification procedures with respect to all unrestored Critical Defects:

- (a) Service Interruption. Upon Ordering Activity's report to Infinera of the existence of a Critical Defect, Infinera shall notify Infinera's Tier 3 Support via an Infinera technical support engineer and any additional Infinera personnel as needed by Product. If Service Restoration with respect to a Critical Defect has not been achieved within thirty (30) minutes after the defect is reported by Ordering Activity to an Infinera technical support manager, as applicable, Infinera shall notify the appropriate Infinera supervisory management of the unrestored condition. If Service Restoration has not been achieved within one (1) hour after the defect is reported, the next higher level of Infinera supervisory management shall be notified of the unresolved condition.
- (b) Extended Service Interruption. Upon the occurrence of an Critical Defect that: (i) affects multiple customers and Service Restoration has not been achieved within thirty (30) minutes following Ordering Activity's report to Infinera of such Critical Defect; or (ii) affects special facilities, such as 911, governmental facilities, military, commercial airports, etc.; or (iii) includes media involvement (an "Extended Service Interruption" or "ESI"), then in addition to the Infinera personnel identified in subsection (a) above, Infinera shall notify Infinera's Vice President of Service and Support and the Vice President of Hardware Engineering or Vice President of Software Engineering, depending on the nature of the defect, as applicable. Such notification shall be made by means of Infinera's call center via telephone, facsimile or e-mail commencing within sixty (60) minutes following Ordering Activity's report to Infinera of the Critical Defect and concluding within thirty (30) minutes thereafter.

Technical and management escalation contact information for the persons set forth in this Section are as follows:

Level	Name	Position	Phone #	Email
Tier3 Support	24/7 TAC	Technical Support Engineer	1-877-463-5288	techsupport@infinera.com
Technical Support Director	Charlie Plitt	Director, Technical Assistance Center, Service and Support	1-877-463-5288	cplitt@infinera.com
VP, Service and Support, Office of the Chief Operating Officer	Lonny Orona	Vice President, Global Service and Support	1-877-463-5288	lorona@infinera.com

2.4 Measurement of Response, Restoration and Resolution of Defects. Infinera shall provide to Ordering Activity a report that summarizes the percentage of defects responded to, restored and resolved within the time frames specified in this Section 2.

2.5 Reviews. As part of its ongoing support services, Infinera shall provide Operational reviews and service reports within mutually agreed to time frames (but no less than quarterly), which reports shall include, without limitation: (i) a detailed summary and status of all defects reported by Ordering Activity; (ii) the number of remote accesses by Infinera into Ordering Activity's systems; (iii) the number of Maintenance and Support Services-related on-

PROPRIETARY AND CONFIDENTIAL

site visits; (iv) Maintenance Releases sent and applied to Products; (v) analysis of hardware and Software release schedules; and (vi) an analysis of RMA requests and fulfillment of same by Infinera.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **InfoReliance Corporation** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

INFORELIANCE CORPORATION

INFORELIANCE CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS

Attachment A – InfoReliance Corporation

LICENSE TERMS AND CONDITIONS

1. DEFINITIONS. Certain capitalized terms used in this Agreement shall have the meanings set forth or cross-referenced below.

1.1 “Authorized Systems” shall in any case be limited to computer systems owned, operated or under the supervision and control of Licensee, and such computer systems means any kind of device capable of processing data and includes any of the following types of computer devices: diskless workstations, personal computer workstations, networked computer workstations, homemaker/teleworker home-based systems, file and print servers, email servers, Internet gateway devices, storage area network servers (SANS), terminal servers, portable workstations connected or connecting to the server(s) or network or mobile/smart phone.

1.2 “Authorized User” shall have the meaning set forth in Section 2.3.

1.3 “Confidential Information” shall mean all written or oral information, disclosed by either Party to the other, related to the operations of either Party or a third party that has been identified as confidential or that by the nature of the information or the circumstances surrounding disclosure ought reasonably to be treated as confidential. Without limiting the generality of the foregoing, the Company Software shall be considered Company’s Confidential Information.

1.4 “Company Software” shall mean the machine-readable, executable version of Company’s proprietary application software licensed by Company to Licensee, herein *CloudHASH Security Suite*, *CloudHASH Security Rapid Query* and, under the license purchased by Licensee, including Updates and Upgrades.

1.5 “Documentation” shall mean Company’s standard user manuals and/or related documentation generally made available to licensees of the Company Software.

1.6 “Support” means the support services offered by Company for the support and maintenance of the Software. During the first year of the Term, without additional charges, Licensee will be granted Support by: (i) being provided rights to Updates and Upgrades; and (ii) being provided both a telephone number and email contact address for contact to the Company support personnel. Licensee is not granted further rights to any Support, and Licensee has no further right to Support, including without limitation any further Updates and Upgrades or access to Company support personnel (or continued use of the telephone number and email contact address for contact to the Company support personnel) unless Licensee has applied and/or installed all Updates and Upgrades offered by the Company. (Support periods under the GSA Schedule licenses require certain limits, including in autorenewal, and, as a consequence, future Support acquisition under the GSA Schedule may require an execution of a renewal agreement for that Support at that time.)

1.7 “Updates” are related to Company Software content and include without limitation all DATs, signature sets, policy updates, and database updates for the Company Software, which are made generally available to Company’s customer base as a part of the Company Software and which are not separately priced or marketed by Company.

1.8 “Upgrade” means any and all improvements in the Company Software, which are made generally available to Company’s customer base as a part of the Company Software and which are not separately priced or marketed by Company.

2. LICENSE AND USAGE OF SOFTWARE.

2.1 License Usage. Subject to the terms and conditions of this Agreement and applicable ordering document, Company hereby grants to Licensee a non-exclusive, non-transferable, non-sublicenseable right and license during the Term to install and operate the Company Software on one (1) Authorized System per each individual license acquired under the GSA Schedule, solely in accordance with applicable Documentation provided by Company, solely for use by Authorized Users, and solely for Licensee’s internal business purposes.

2.2 Documentation License. Subject to the terms and conditions of this Agreement and applicable ordering document, Company hereby grants to Licensee a non-exclusive, non-transferable, non-sublicenseable right and license during the Term to make copies of the Documentation provided by Company, solely for use by Authorized Users in connection with the exercise of rights granted in Section 2.1.

2.3 Authorized Users. For purposes of this Agreement, the term “**Authorized Users**” shall mean any individual employee, agent or contractor of Licensee accessing or using the Company Software solely on behalf and for the benefit of Licensee in the operation of Licensee’s business. Licensee acknowledges and agrees that it shall be responsible for all acts and omissions of Authorized Users, and any act or omission by an Authorized User which, if undertaken by Licensee, would constitute a breach of this Agreement, shall be deemed a breach of this Agreement by Licensee. Licensee shall undertake reasonable efforts to make all Authorized Users aware of the provisions of this Agreement as applicable to such Authorized User’s use of the Company Software, and shall cause Authorized Users to comply with such provisions.

2.4 Reserved.

2.5 Ownership of Company Software Subject to the rights granted in Sections 2.1 and 2.2, Company retains all right, title and interest in and to the Company Software, the Documentation and associated intellectual property rights, and Licensee acknowledges that it neither owns nor acquires any rights in any of the foregoing not expressly granted by this Agreement. Licensee further acknowledges that Company retains the right to use the Company Software for any purpose in Company’s sole discretion, and Company reserves all rights not expressly granted in this Agreement.

2.6 General Usage Restrictions.

(a) Licensee will not use the Company Software or Documentation for any purposes beyond the scope of the licenses granted in this Agreement and applicable ordering document.

(b) Without limiting the generality of the foregoing, Licensee will not (i) authorize or permit use of the Company Software or Documentation by persons other than Authorized Users; (ii) market or distribute the Company Software or Documentation; (iii) assign, sublicense, sell, lease or otherwise transfer or convey, or pledge as security or otherwise encumber, Licensee’s rights under the licenses granted in Sections 2.1 and 2.2;

PROPRIETARY AND CONFIDENTIAL

(iv) use the Company Software in any time-sharing or service bureau arrangement, including, without limitation, any use to provide services or process data for the benefit of, or on behalf of, any third party; (v) modify the Company Software or Documentation, except with the prior written consent of Company; (vi) combine or integrate the Company Software with hardware, software or technology not provided to Licensee by Company hereunder, provided that use of the standard application programming interface of the Company Software, as contemplated in the Documentation, will not be considered to violate the foregoing; (vii) decompile, disassemble, reverse engineer or otherwise attempt to obtain or perceive the source code from which any component of the Company Software is compiled or interpreted, and Licensee hereby acknowledges that nothing in this Agreement shall be construed to grant Licensee any right to obtain or use such source code; or (viii) make copies of the Company Software or Documentation other than a reasonable number of copies solely for archival purposes.

(c) Licensee shall undertake all measures necessary to ensure that its use of the Company Software and the Documentation complies in all respects with any contractual or other legally binding obligations of Company to any third party, provided that Company has notified Licensee with respect to any such obligations. Licensee shall not enter into any contractual relationship or other legally binding obligation with any third party which shall have the purpose or effect of encumbering the use by Company of the Company Software or the Documentation.

(d) Licensee shall undertake all measures necessary to ensure that its use of the Company Software and the Documentation complies in all respects with all applicable laws, statutes, regulations, ordinances or other rules promulgated by governing authorities having jurisdiction over the Parties, the Company Software or the Documentation, including, without limitation, by means of obtaining any permits, licenses and/or approvals required with respect to export regulations promulgated by the Bureau of Export Administration or any other agency or department of the federal government of the United States of America. Licensee acknowledges that Company makes no representation or warranty that the Company Software may be exported without appropriate licenses or permits under applicable law, or that any such license or permit has been, will be or can be obtained.

(e) Licensee shall duplicate all proprietary notices and legends of Company and its suppliers or licensors upon any and all copies of the Company Software and Documentation made by Licensee. Licensee shall not remove, alter or obscure any such proprietary notice or legend.

2.7 Reserved.

3. RESERVED.

4. CONFIDENTIALITY RIGHTS AND OBLIGATIONS.

4.1 Reserved.

4.2 Mutual Confidentiality Obligations. Subject to the provisions of the Freedom of Information Act, 5 U.S.C. § 552, and the Trade Secrets Act, 18 U.S.C. 1905, each Party agrees as follows: (i) to use the Confidential Information only for the purposes described herein; (ii) that such Party will not reproduce the Confidential Information and will hold in confidence and protect the Confidential Information from dissemination to, and use by, any third party; (iii) that neither Party will create any derivative work from Confidential Information disclosed to such Party by the other Party; (iv) to restrict access to the Confidential Information to such of its personnel, agents, and/or consultants, if any, who have a need to have access and who have been advised of and have agreed to treat such information in accordance with the terms of this Agreement; and (v) to return or destroy all Confidential Information of the other Party in its possession upon termination or expiration of this Agreement.

4.3 Confidentiality Exceptions. Notwithstanding the foregoing, the provisions of Sections 4.1 and 4.2 shall not apply to Confidential Information that: (i) is publicly available or in the public domain at the time disclosed other than by breach of this Agreement; (ii) is or becomes publicly available or enters the public domain through no fault of the recipient; (iii) is rightfully received by the recipient from persons not bound by confidentiality obligations with respect thereto; (iv) is already in the recipient's possession free of any confidentiality obligations with respect thereto prior to its first receipt from the disclosing Party under this Agreement; (v) is independently developed by the recipient without access to the Confidential Information of the disclosing Party; or (vi) is approved for release or disclosure by the disclosing Party without restriction. Notwithstanding the foregoing, each Party may disclose Confidential Information to the limited extent required: (A) As required by law; (B) in order to comply with the order of a court or other governmental body, or as otherwise necessary to comply with applicable law, provided that the Party making the disclosure pursuant to the order shall first have given notice to the other Party and shall allow the Disclosing Party to obtain confidential treatment or to limit the scope of the required disclosure or have made its own reasonable effort to obtain a protective order in such form acceptable to the Disclosing Party; or (C) to establish a Party's rights under this Agreement, including to make such court filings as it may be required to do.

5. WARRANTIES; DISCLAIMERS.

5.1 Representations and Warranties. Each Party hereby represents and warrants: (i) that it is duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation; and (ii) that this Agreement, when executed and delivered, will constitute a valid and binding obligation of such Party and will be enforceable against such Party in accordance with its terms. Company warrants that the SOFTWARE will, for a period of sixty (60) days from the date of receipt by Licensee, perform substantially in accordance with Company's documentation accompanying the SOFTWARE. In the event of a breach of this warranty, Licensee's exclusive remedy shall be the repair or replacement of the SOFTWARE by Company at no increase in price. Notwithstanding the foregoing, COMPANY may elect to provide a refund in lieu of replacement or repair.

5.2 Disclaimer. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, COMPANY DISCLAIMS ANY AND ALL OTHER PROMISES, REPRESENTATIONS AND WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, DATA ACCURACY, SYSTEM INTEGRATION, TITLE, NON-INFRINGEMENT AND/OR QUIET ENJOYMENT, AND THE COMPANY SOFTWARE, DOCUMENTATION AND ANY OTHER INFORMATION OR MATERIALS OTHERWISE PROVIDED IS PROVIDED "AS IS" WITH NO OTHER WARRANTY PROVIDED. NO WARRANTY IS MADE BY COMPANY ON THE BASIS OF TRADE USAGE, COURSE OF DEALING OR COURSE OF TRADE. COMPANY DOES NOT WARRANT THAT THE COMPANY SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS OR THAT THE OPERATION OF THE COMPANY SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ALL ERRORS WILL BE CORRECTED. LICENSEE ACKNOWLEDGES THAT COMPANY'S OBLIGATIONS UNDER THIS AGREEMENT ARE FOR THE BENEFIT OF LICENSEE ONLY.

5.3 Reserved.

5.4 Essential Basis. The Parties acknowledge and agree that the disclaimers set forth in this Section 5 form an essential basis of this Agreement, and that, absent any of such disclaimers, the terms of this Agreement, including, without limitation, the economic terms, would be substantially different.

PROPRIETARY AND CONFIDENTIAL

- 6. **RESERVED.**
- 7. **RESERVED.**
- 8. **GENERAL PROVISIONS.**

8.1 **Reserved.**

8.2 **Independent Contractors.** In making and performing this Agreement, Licensee and Company act and shall act at all times as independent contractors, and, except as expressly set forth herein, nothing contained in this Agreement shall be construed or implied to create an agency, partnership or employer and employee relationship between them. Except as expressly set forth herein, at no time shall either Party make commitments or incur any charges or expenses for, or in the name of, the other Party.

Reserved.

8.3 **Reserved.**

8.4 **Reserved.**

8.5 **No Third Party Beneficiaries.** The Parties acknowledge that the covenants set forth in this Agreement are intended solely for the benefit of the Parties, their successors and permitted assigns. Nothing herein, whether express or implied, shall confer upon any person or entity, other than the Parties, their successors and permitted assigns, any legal or equitable right whatsoever to enforce any provision of this Agreement.

8.6 **Reserved.** 8.7 **Reserved.**

8.8 **Reserved.**

8.9 **Reserved.**

8.10 **U.S. Government End-Users.** Each of the components that constitute the Company Software and Documentation is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the Company Software with only those rights set forth herein.

8.11 **Reserved.**

8.12 **Reserved.**

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **McAfee** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or

PROPRIETARY AND CONFIDENTIAL

any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

INTEL SECURITY PUBLIC SECTOR, INC.

INTEL SECURITY PUBLIC SECTOR, INC. LICENSE, WARRANTY AND SUPPORT TERMS

INTEL SECURITY End User License Agreement

BY EXECUTING THIS AGREEMENT IN WRITING, YOU AGREE TO THE TERMS OF THIS END USER LICENSE AGREEMENT. IF YOU ARE ACCEPTING THESE TERMS ON BEHALF OF A COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT AND WARRANT THAT YOU HAVE FULL AUTHORITY TO BIND THAT COMPANY OR LEGAL ENTITY TO THESE TERMS.

IF YOU DO NOT AGREE TO THESE TERMS:

- **DO NOT DOWNLOAD, INSTALL, COPY, ACCESS OR USE THIS SOFTWARE, AND**
- **PROMPTLY RETURN THIS SOFTWARE AND PROOF OF ENTITLEMENT TO THE PARTY FROM WHOM YOU ACQUIRED THEM**

1) Definitions.

- a) "Authorized Partner" means any of Intel's distributors, resellers or other business partners that are authorized by Intel in writing to sell Support or the Software license rights granted under this Agreement.
- b) "Documentation" means explanatory materials in printed, electronic or online form accompanying the Software in English and other languages, if available.
- c) "DATs" means detection definition files, also referred to as signature files, that contain the code(s) anti-malware software uses to detect and repair viruses, Trojan horses, and potentially unwanted programs.
- d) "Grant Letter" means a confirmation notice letter issued by Intel to you, confirming the Software and Support purchased by you, including the applicable product entitlement, as defined in the Product Entitlement Definitions (further described at Section 3(a) below).
- e) "High Risk System" means a device or system that requires extra safety functionalities such as fail-safe or fault-tolerant performance features to maintain a safe state where it is reasonably foreseeable that failure of the device or system could lead directly to death, personal injury, or catastrophic property damage. A device or system with a fail-safe feature in the event of failure may revert to a safe condition rather than break down, may include a secondary system that comes into operation to prevent a malfunction, or may operate as a backup in the event of a malfunction. A device or system with a fault-tolerant feature in the event of failure may continue its intended operation, possibly at a reduced level, rather than failing completely. Without limitation, High Risk Systems may be required in critical infrastructure, industrial plants, manufacturing facilities, direct life support devices, aircraft, train, boat or vehicle navigation or communication systems, air traffic control, weapons systems, nuclear facilities, power plants, medical systems and facilities, and transportation facilities.
- f) "Intel" means (i) Intel Americas, Inc., with offices located at 2200 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased in the United States (except as provided in subclause (vi), below), Canada, Mexico, Central America, South America, or the Caribbean, (ii) Intel Corporation UK Limited, with its registered offices located at Pipers Way, Swindon, Wiltshire SN3 1NJ, United Kingdom, if the Software is purchased in Europe, the Middle East, or Africa, (iii) Intel Semiconductor (US) LLC, with a trading address located at 69/F, Central Plaza, 18 Harbour Road, Wanchai, Hong Kong, if the Software is purchased in Asia (other than China (if the Software is purchased in RMB) or Japan) or the region commonly referred to as Oceania, (iv) Intel Kabushiki Kaisha, with offices located at Kokusai Building 5F, 1-1, Marunouchi 3-chome, Chiyoda-ku, Tokyo, 100-0005, Japan, if the Software is purchased in Japan, (v) Intel Trading (Shanghai) Co., Ltd., with a trading address located at Room IIA/B, First Floor, No. 999 Ying Lun Road, Waigaoqiao Free Trade Zone, Pudong, Shanghai, 200131 China, if the Software is purchased in China (in RMB), or (vi) Intel Security Public Sector LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased by the U.S. Government, State or Local Government, Healthcare organization or Educational institution within the United States.
- g) "Software" means the Intel software program in object code format (i) licensed from Intel and purchased from Intel or its Authorized Partners, or (ii) embedded in or pre-loaded on Intel Security- or Intel Security Public Sector, Inc.-branded hardware equipment purchased from Intel or its Authorized Partners, in each case including Upgrades and Updates that you install during the applicable Support period.
- h) "Standard" means any generally recognized technology or technical standard promulgated, distributed, specified, or published by an entity whose activities include developing, coordinating, promulgating, amending, reissuing, or otherwise producing standardized technology specifications or protocols for adoption by product manufacturers or the public. "Standards" includes "de facto" technology or technical standards that are initially introduced by one or more entities, which then become more widely adopted by others in other products; includes features characterized as "mandatory," "optional," and their equivalents; and includes versions characterized as "draft." Examples of Standards include GSM, GPRS, EDGE, CDMA, UMTS, LTE, WCDMA, WiFi (also known as 802.11[x]), Bluetooth (also known as 802.15.1), and de-facto standards such as HTML or VHS (video). Examples of entities that promulgate, distribute, specify or publish Standards include the IEEE, ITU, 3GPP, ETSI, and the USB Implementers' Forum.
- i) "Subsidiary" means any entity controlled by you through greater than fifty per cent (50%) ownership of the voting securities.
- j) "Support" or "Technical Support" means the support services offered by Intel for the support and maintenance of the Software and the Intel Security Public Sector, Inc.- or Intel Security-branded hardware equipment as further specified in the Intel Technical Support and Maintenance Terms.

PROPRIETARY AND CONFIDENTIAL

- k) "Updates" are related to content of the Software, including, without limitation, all DATs, signature sets, policy updates, and database updates for the Software, and that are made generally available to Intel's customer base as a part of purchased Support and which are not separately priced or marketed by Intel.
- l) "Upgrade" means any and all improvements in the Software that are made generally available to Intel's customer base as part of purchased Support and which are not separately priced or marketed by Intel.

2) License Grant; Proprietary Rights.

- a) Subject to the terms and conditions of this Agreement, Intel hereby grants to you a non-exclusive, non-transferable right to use the Software (for the purpose of this Agreement, to use the Software includes to download, install, and access the Software) listed in the Grant Letter solely for your own internal business operations. You are not granted rights to Updates and Upgrades unless you have purchased Support (or a service subscription granting rights to Updates and Upgrades).
- b) The Software, including, without limitation, its object code and source code, whether or not provided to you, is strictly confidential to Intel. Intel (or its licensors) owns exclusively and reserves all – and you may not exercise any – right, title, and interest in and to the Software, including, without limitation, all intellectual property rights in and to the Software, except to the extent of the limited Software use license granted to you in this Agreement. This Agreement is not an agreement of sale, and no title, intellectual property rights, or ownership rights to the Software are transferred to you pursuant to this Agreement. You acknowledge and agree that the Software and all ideas, methods, algorithms, formulae, processes, and concepts used in developing or incorporated into the Software, all future Updates and Upgrades, and all other improvements, revisions, corrections, bug-fixes, hot-fixes, patches, modifications, enhancements, releases, DATs, signature sets, upgrades, and policy and database updates and other updates in, of, or to the Software, all derivative works based upon any of the foregoing, and all copies of the foregoing are trade secrets and proprietary property of Intel, having great commercial value to Intel.

3) Copy and Use Terms.

- a) Product Entitlement: The use of the Software depends on the licenses purchased (e.g. nodes) and is subject to the Product Entitlement Definitions set forth at <http://www.Intel Security Public Sector, Inc..com/us/resources/legal/Intel Security Public Sector, Inc.-product-entitlement-definitions.pdf> on the applicable date of your Grant Letter.
- b) Multiple Platforms/Bundles: If the Software supports multiple platforms or if you receive the Software bundled with other software, the total number of devices on which all versions of the Software is installed may not exceed your product entitlement. Certain Software licensed as part of a suite-based Intel product may also require the purchase of a separate Intel server license in order to use the Software on certain types of servers, in each case as specified in the Documentation.
- c) Term: The license is effective for a limited period of time ("Term") in the event that such Term is set forth in the Grant Letter, otherwise the licenses shall be perpetual.
- d) Copies: You may copy the Software as reasonably necessary for back-up, archival or disaster recovery purposes.
- e) Subsidiaries; Managing Parties: You may permit use of the Software in accordance with the terms of this Agreement by a Subsidiary only for so long as such entity remains your Subsidiary. You also may permit a third party with which you enter into a contract to manage your information technology resources ("Managing Party"), provided that (i) the Managing Party only uses the Software for your internal operations and not for the benefit of another third party or the Managing Party, (ii) the Managing Party agrees to comply with the terms and conditions of this Agreement and (iii) you provide Intel with written notice that a Managing Party will be using the Software on your behalf. You shall be responsible for each Subsidiary's and Managing Party's compliance with or breach of the terms of this Agreement.
- f) General Restrictions: You may not, and you may not cause or allow any third party to: (i) decompile, disassemble or reverse-engineer the Software; or create or recreate the source code for the Software; (ii) remove, erase, obscure, or tamper with any copyright or any other product identification or proprietary rights notices, seal, or instructional label printed or stamped on, affixed to, or encoded or recorded in or on any Software or Documentation; or fail to preserve all copyright and other proprietary notices in all copies of the Software and Documentation made by you; (iii) lease, lend or use the Software for timesharing or service bureau purposes; sell, market, license, sublicense, distribute, or otherwise grant to any person or entity any right to use the Software except to the extent expressly permitted in this Agreement; or use the Software to provide, alone or in combination with any other product or service, any product or service to any person or entity, whether on a fee basis or otherwise; (iv) modify, adapt, tamper with, translate, or create derivative works of the Software or the Documentation; combine or merge any part of the Software or Documentation with or into any other software or documentation; or refer to or otherwise use the Software as part of any effort to develop software (including, without limitation, any routine, script, code, or program) having any functional attributes, visual expressions, or other features similar to those of the Software or to compete with Intel; (v) except with Intel's prior written permission, publish any performance or benchmark tests or analysis relating to the Software; or (vi) attempt to do any of the foregoing. You may not run or operate the Software in a cloud, Internet-based computing, or similar on-demand computing environment unless your Grant Letter specifically provides such.

4) Technical Support and Maintenance.

The Intel Technical Support and Maintenance Terms and Conditions apply if you have purchased Support. After the support or service subscription period specified in a Grant Letter has expired, you have no further rights to receive any Support including Upgrades, Updates and telephone support. You will secure any and all privacy-related rights and permissions from individual persons as may be required by regulation, statute, or other law or your internal policies or guidelines in order to disclose to Intel, in connection with Intel's performance of Support or otherwise under this Agreement, applicable personally identifiable information, data, and material.

5) Limited Warranty and Disclaimer.

- a) Limited Warranty: Intel warrants that, for a period of sixty (60) days from the purchase date ("Warranty Period"), the Software licensed hereunder will perform substantially in accordance with the Documentation (the "Limited Warranty").
- b) Exclusive Remedy: In case of any breach of the above Limited Warranty, as your exclusive remedy and Intel's entire obligation and liability Intel will (i) repair or replace the Software or (ii) if such repair or replacement would in Intel's opinion be commercially

PROPRIETARY AND CONFIDENTIAL

unreasonable, upon Intel's receipt of your written representation and promise that you have removed all instances of the Software and will not use the Software, refund the price paid by you for the applicable Software.

- c) **Exclusion of Warranty:** THE ABOVE LIMITED WARRANTY WILL NOT APPLY IF: (i) THE SOFTWARE IS NOT USED IN ACCORDANCE WITH THIS AGREEMENT OR THE DOCUMENTATION, (ii) THE SOFTWARE OR ANY PART THEREOF HAS BEEN MODIFIED BY ANY ENTITY OTHER THAN INTEL OR (iii) A MALFUNCTION IN THE SOFTWARE HAS BEEN CAUSED BY ANY EQUIPMENT OR SOFTWARE NOT SUPPLIED BY INTEL.
- d) **Disclaimer:** Except for the limited warranty set forth above, THE SOFTWARE IS PROVIDED "AS IS" AND INTEL MAKES NO REPRESENTATIONS OR WARRANTIES, AND INTEL DISCLAIMS ALL REPRESENTATIONS, WARRANTIES, AND CONDITIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE IN TRADE, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, OR SYSTEMS INTEGRATION. WITHOUT LIMITING THE FOREGOING, INTEL MAKES NO WARRANTY, REPRESENTATION, OR GUARANTEE AS TO THE SOFTWARE'S USE OR PERFORMANCE AND DOES NOT WARRANT, REPRESENT, OR GUARANTEE THAT THE OPERATION OF THE SOFTWARE WILL BE FAIL-SAFE, UNINTERRUPTED, OR FREE FROM ERRORS OR DEFECTS OR THAT THE SOFTWARE WILL PROTECT AGAINST ALL POSSIBLE THREATS.
- e) **High Risk Systems Terms:** The SOFTWARE MAY FAIL AND IS not designed, developed, TESTED, or intended TO BE RELIABLE in the context of High Risk SYSTEMS. without limiting anything else, Intel has no responsibility for, claims, suits, demands, and proceedings alleging, claiming, seeking, or asserting, any liability, loss, obligation, risk, cost, damage, award, penalty, settlement, judgment, fine, or expenses (including attorneys fees) arising from or in connection with your use of the software on or in a high risk system, including, without limitation, those that (i) could have been prevented by deployment of fail-safe or faULT-tolerant features to the high risk system, (ii) are based on a claim, allegation, or assertion THAT THE FUNCTIONING OF THE HIGH RISK SYSTEM depends or depended on the functioning of the software or that the FAILURE OF the software CAUSED A High Risk SYSTEM TO FAIL.

6) Limitation of Remedies and Damages.

- a) Under no circumstances and under no legal theory, whether in tort, NEGLIGENCE, contract or otherwise, shall either party be liable to the other UNDER THIS AGREEMENT OR IN CONNECTION WITH ITS SUBJECT MATTER for any indirect, special, incidental, PUNITIVE, EXEMPLARY, consequential, or EXTRA-CONTRACTUAL damages OF ANY KIND, loss of goodwill, loss of PERSONNEL salaries, LOST PROFITS OR REVENUE, DAMAGES DUE TO work stoppage and/or computer failure or malfunction, and/or costs of procuring substitute software or services, WHETHER OR NOT FORESEEABLE, EVEN IF THE EXCLUSIVE REMEDIES PROVIDED BY THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE AND EVEN IF EITHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR PROBABILITY OF SUCH DAMAGES.
- b) REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT AND/OR ANY OTHER LEGAL THEORY, IN NO EVENT SHALL EITHER PARTY'S AGGREGATE LIABILITY TO THE OTHER PARTY FOR DIRECT DAMAGES UNDER THIS AGREEMENT OR IN CONNECTION WITH ITS SUBJECT MATTER EXCEED THE AMOUNT OF TOTAL FEES PAID OR PAYABLE BY YOU FOR THE SOFTWARE GIVING RISE TO SUCH CLAIM DURING THE 12 MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM.
- c) No provision of this Agreement shall exclude or limit in any way (i) the liability of either party for death or personal injury caused by negligence or (ii) your liability for excess usage of and/or any breach of Intel's intellectual property rights in the Software. Furthermore, nothing in the Agreement shall exclude or limit your liability for fraud or for any other matter for which liability cannot be excluded by law.
- d) The limitation of liability in this section IS based on the fact that END USERS use their computers for different purposes. Therefore, only you can implement back-up plans and safeguards appropriate to your needs in the event THAT an error in the Software causes computer problems and related data losses. For these business reasons, you agree to the limitations of liability in this section and acknowledge that without your agreement to this provision, the fee charged for the Software would be higher.

7) Intellectual Property Indemnity.

- a) **Indemnity:** Intel will indemnify, and, at its election, defend, you against claims asserted against you in any suit or proceeding for direct patent or copyright infringement, or for Intel's trade secret misappropriation, asserted against the Software, alone and not in combination with anything. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. § 516. Pursuant to 28 U.S.C. § 516, Intel cannot assume responsibility for or control of the litigation or any settlement negotiations, provided however, that Ordering Activity (i) agrees that any litigation or settlement negotiation shall not bind Intel; (ii) shall not impair Intel's own rights, defenses, or claims against the third party claimant; (iii) shall not have the right to settle any claim, make any admissions, or waive any defenses on behalf of Intel, and (iv) shall in good faith reasonably cooperate and consult with Intel during the course of settlement negotiations and prosecution of the claim, and shall afford Intel free access to all communications and documentation with all parties, witnesses, and judicial or administrative bodies associated with such claim upon Intel's request. In compliance with the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to pay any costs, fees, or damages arising from claims against Intel relating to use of the Software by Ordering Activity.
- b) **Exclusions:** Notwithstanding anything else in this Agreement, Intel has no obligation to indemnify or defend the following claims:
 - i) those asserted against elements or features in, or operation of, the Software attributable in whole or in part to Intel's inclusion of technology given by you to Intel, or in compliance with your designs, specifications or instructions, including inclusion of software supplied by you or included at your request;
 - ii) those asserted against the Software attributable in whole or in part to the modification of the Software by anyone other than Intel, or against the use of the Software, where that use is contrary to its specification or instructions for use;
 - iii) those asserted against the combination of the Software with anything;
 - iv) those based on an allegation that the Software implements or complies with, in whole or in part, as shipped or when used, a Standard;
 - v) those including an allegation that Intel, you, or the Software indirectly infringes, including by inducing or contributing to another's infringement;

PROPRIETARY AND CONFIDENTIAL

- vi) any claim (such as a counterclaim) that was made in response to a suit or proceeding first filed by you alleging patent infringement;
- vii) those including an allegation that the Software complies, in whole or in part, as shipped or when used, with any media decoding, encoding, or transcoding technology (such as, for example, through use of an audio or video codec); and
- viii) those asserting that you willfully infringed.
- c) **Conditions:** Intel's obligations under this Section 7 are conditioned on your prompt written notice to Intel of a claim and on your giving to Intel the right to control and conduct the defense and any settlement of the claim to the extent permitted under 28 U.S.C. § 516. You must fully and timely cooperate with Intel and provide Intel with all reasonably requested authority, information and assistance. Intel will not be responsible for any costs, expenses or compromise incurred or made by you without Intel's prior written consent.
- d) **Defense, Settlement and Remedies:** At its option, Intel will control and conduct the defense and any settlement of indemnified claims to the extent permitted under 28 U.S.C. § 516. Intel may, in its sole discretion and at its own expense: (i) procure for you the right to continue using the Software; (ii) replace the Software with a non-infringing Software; (iii) modify the Software so that it becomes non-infringing; or (iv) upon your return of the Software to Intel, refund the residual value of the purchase price paid by you for the infringing Software, depreciated using a straight-line method of depreciation over a three (3) year period from the date of delivery of the Software to you.
- e) **Personal Indemnity:** The foregoing indemnity is personal to you. You may not assign, transfer or pass through this indemnity to any third party. You will notify all third parties that they must look solely to you for any indemnity for claims of infringement asserted against Software purchased from you.
- f) **Exclusive Remedy:** The foregoing states Intel's entire obligation and your exclusive remedy for claims of patent or copyright infringement, or trade secret misappropriation, by the Software.

8) Termination.

Without prejudice to your payment obligations, you may terminate your license at any time by uninstalling the Software. Upon such termination, you shall promptly return or destroy all copies of the Software and Documentation.

9) Additional Terms.

- a) **Evaluation Software:** If the Software has been identified by Intel as "Evaluation" Software, then the provisions of this section apply and shall supersede any other conflicting term of this Agreement. Your royalty-free, non-transferable, limited license to use the Evaluation Software, for evaluation purposes only, is limited to thirty (30) days unless otherwise agreed to in writing by Intel. The Evaluation Software may contain errors or other problems that could cause system or other failures and data loss. Consequently, Evaluation Software is provided to you "AS IS" and Intel disclaims any warranty or liability obligations to you of any kind. Support is not available for Evaluation Software. Any information about the Evaluation Software gathered from its use shall be used solely for evaluation purposes and shall not be provided to any third parties. The restrictions described in Section 3(g) apply. If you fail to destroy the Evaluation Software after the evaluation period has expired, Intel may, at its discretion, invoice you in an amount equal to the Intel List Price for the Software. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, INTEL'S LIABILITY AND THAT OF ITS SUPPLIERS AND AUTHORIZED PARTNERS UNDER THIS AGREEMENT RELATED TO EVALUATION SOFTWARE, OR IN CONNECTION WITH EVALUATION SOFTWARE, SHALL BE LIMITED TO THE SUM OF FIFTY (50) U.S. DOLLARS OR THE EQUIVALENT IN LOCAL CURRENCY IN TOTAL.
- b) **Beta Software:** If the Software that you have received has been identified by Intel as "Beta" Software, then the provisions of Section 9(a) above shall apply accordingly. Intel has no obligation to you to further develop or publicly release the Beta Software. Support is not available for Beta Software. If requested by Intel, you will provide feedback to Intel regarding testing and use of the Beta Software, including error or bug reports. You agree to grant Intel a perpetual, non-exclusive, royalty-free, worldwide license to use, copy, distribute and make derivative works and incorporate the feedback into any Intel product at Intel's sole discretion. Upon receipt of a later unreleased version of the Beta Software or release by Intel of a publicly released commercial version of the Beta Software, you agree to return or destroy all earlier Beta Software received from Intel.
- c) **"Free" or "Open-Source" Software:** The Software may include components (including, without limitation, programs, applications, tools, utilities, libraries, and other programming code) that are made available from third parties under a free or open source software licensing model ("FOSS Code"). FOSS Code components included with the Software are redistributed by Intel under the terms of the applicable FOSS Code license for such component; your receipt of FOSS Code components from Intel under this Agreement neither enlarges nor curtails your rights or obligations defined by the FOSS Code license applicable to the FOSS Code component. Copies of the FOSS Code licenses for FOSS Code components included with Software are included with or referenced in the Software's Documentation.

10) Notice to U.S. Government End Users.

The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement.

11) Privacy and Collection of Personal or System Information.

- a) The Software, Support or service subscription may employ applications and tools to collect personally identifiable, sensitive or other information about you and users (e.g., including, without limitation, your and users' name, address, e-mail address and payment details), their computers, files stored on their computers, or their computers' interactions with other computers (e.g., including, without limitation, information regarding network, licenses used, hardware type, model, hard disk size, CPU type, disk type, RAM size, 32 or 64 bit architecture, operating system types, versions, locale, BIOS version, BIOS model, total scanners deployed, database size, system telemetry, device ID, IP address, location, content, Intel products installed, Intel components, processes and services information, frequency and details of update of Intel components, information about third party products installed, extracts of logs created by Intel, usage patterns of Intel products and specific features, etc.) (collectively, "Data").
- b) The collection of this Data may be necessary to provide you and users with the relevant Software, Support or service subscription functionalities as ordered (e.g., including, without limitation, detecting and reporting threats and vulnerabilities on your and users' computer

PROPRIETARY AND CONFIDENTIAL

network), to enable Intel to improve our Software, Support or service subscription (e.g., including, without limitation, content synchronization, device tracking, troubleshooting, etc.), and to further or improve overall security for you and users. You may be required to uninstall the Software or disable Support or its service subscription to stop further Data collection that supports these functions.

- c) By entering into this Agreement you and users agree to the Intel Privacy Policy on the Intel Security web site (www.intelsecurity.com) and to the collection, processing, copying, backup, storage, transfer and use of this Data by Intel and its service providers, in, from and to the United States, Europe, or other countries or jurisdictions potentially outside of your or user's own as part of the Software, Support or service subscription. Intel will only collect, process, copy, backup, store, transfer and use personally identifiable information in accordance with the Intel privacy policy on the Intel Security web site (www.intelsecurity.com).

12) Audit.

Upon thirty (30) days' prior notice Intel may request, and you must provide, a Software-facilitated system-generated report (the "System Report") verifying your Software deployment. You acknowledge that the System Report is based on technological features of the Software that provide Software deployment verification. If the Software does not contain technological features that provide Software deployment verification, you will prepare and provide to Intel within the thirty (30)-day period an accurate Software deployment verification report for the Software. Intel will only request the System Report (or your prepared Software deployment verification report) one time per year and will not unreasonably interfere with the conduct of your business. However, if a System Report or your prepared Software deployment verification report identifies that you are out of compliance with the license terms of this Agreement, we will invoice you, and you will be required to purchase the additional licenses.

13) Export Controls.

You acknowledge that the Software is subject to U.S. and when applicable, European Union export regulations. You shall comply with applicable export and import laws and regulations for the jurisdiction in which the Software will be imported and/or exported. You shall not export the Software to any individual, entity or country prohibited by applicable law or regulation. You are responsible, at your own expense, for any local government permits, licenses or approvals required for importing and/or exporting the Software. For additional information regarding exporting and importing the Software, see "Export Compliance" at <http://www.Intel Security Public Sector, Inc..com/us/about-us.aspx>. Intel reserves the right to update this website from time to time at its sole discretion. If Intel receives notice that you are or you become identified as a sanctioned or restricted party under applicable law, then Intel will not be obligated to perform any of its obligations under this license if such performance would result in violation of the sanctions or restrictions.

14) Governing Law.

All disputes arising out of or relating to this Agreement or its subject matter will be governed by the substantive laws of the Federal law of the United States. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. The Uniform Computer Information Transactions Act as enacted shall not apply.

15) Confidentiality

Each party hereto acknowledges that by reason of its relationship with the other party hereunder, it may have access to confidential information and materials concerning the other party's business, technology, and/or products that is confidential to the other party ("Confidential Information"). Each party's Confidential Information is of substantial value to the party, which value could be impaired if such information was disclosed to third parties or used in violation of this Agreement. Written or other tangible Confidential Information must at the time of disclosure be identified and labeled as Confidential Information belonging to the disclosing party. When disclosed orally or visually, Confidential Information must be identified as confidential at the time of the disclosure, with subsequent confirmation in writing within fifteen (15) days after disclosure. Each party agrees that it will not use in any way for its own account or the account of any third party, such Confidential Information, except as authorized under this Agreement, and will protect Confidential Information at least to the same extent as it protects its own Confidential Information and to the same extent that a reasonable person would protect such Confidential Information. Neither party may use the other party's Confidential Information except to perform its duties or exercise its rights under this Agreement. The Confidential Information restrictions will not apply to Confidential Information that is (i) already known to the receiving party at the time of access hereunder, (ii) becomes publicly available through no wrongful act of the receiving party, (iii) independently developed by the receiving party without benefit of the disclosing party's Confidential Information, (iv) has been rightfully received from a third party not under obligation of confidentiality or (v) is required to be disclosed by law, provided the party compelled to disclose the Confidential Information provides the party owning the Confidential Information with prior written notice of disclosure adequate for the owning party to take reasonable action to prevent such disclosure, where reasonably possible. Unless otherwise agreed to by both parties, upon termination of this Agreement or an applicable Addendum, each party will return the other party's Confidential Information.

16) Miscellaneous.

- a) Except for actions for non-payment or breach of Intel's proprietary rights in the Software and Documentation, no action, regardless of form, arising out of this Agreement may be brought by either party more than six (6) years after a party knew or should have known of the claim.
- b) Any terms of this Agreement which by their nature should survive the termination of this Agreement shall survive such termination.
- c) Intel may assign this Agreement, in whole, at any time subject to your prior written consent.; This Agreement, including all documents incorporated by reference, represents the entire agreement between the parties and expressly supersedes and cancels any other communication, representation or advertising whether oral or written, on the subjects herein. If you issue an order to an Authorized Partner or to Intel and the terms and conditions of the order conflict with the terms and conditions of (i) this Agreement or (ii) the Grant Letter, then the terms and conditions specified in this Agreement and in the Grant Letter shall control. No terms or conditions of any pre-printed or boilerplate purchase order of yours or other document of yours will govern the transactions contemplated by this Agreement. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of Intel. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by Intel. If any provision of this Agreement is held invalid, unenforceable, invalid, or prohibited under law, then such provision will be deemed restated to reflect the original intention of the parties as nearly as possible in accordance with applicable law and the remainder of this Agreement shall continue in full force and effect.
- d) All notices, requests, demands and determinations for Intel under this Agreement (other than routine operational communications) shall be sent to: the applicable entity address in Section 1(f) of this Agreement addressed to "Attention: Legal Department".

PROPRIETARY AND CONFIDENTIAL

INTEL SECURITY TECHNICAL SUPPORT AND MAINTENANCE TERMS AND CONDITIONS

Intel (as defined below) will provide Technical Support services in accordance with the following terms and conditions ("Support Terms").

1. Definitions.

- a. "**Authorized Partner**" means any of Intel's authorized distributors, resellers or other business partners.
- b. "**Cloud Product**" means Intel hosted and managed platforms, including any associated plug-ins and excluding Hardware and Software.
- c. "**Customer**" means the entity which has purchased Products and to which Intel provides Support.
- d. "**Grant Letter**" means a confirmation notice issued electronically by Intel to Customer confirming Products and Support purchased by Customer, including without limitation Customer's Support Level entitlement, the Grant Number, the Support Period and download details. For Cloud Products, Grant Letter includes relevant Service Activation Guides.
- e. "**Grant Number**" means a unique number communicated by Intel in a Grant Letter confirming a customer's Support entitlement and is required when accessing Support.
- f. "**Hardware**" means INTEL SECURITY PUBLIC SECTOR, INC. and INTEL SECURITY branded hardware equipment purchased from Intel or its Authorized Partners, but excludes any Software or other intangible products.
- g. "**Intel**" means (i) Intel Americas, Inc., with offices located at 2200 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased in the United States (except as provided in subclause (vi), below), Canada, Mexico, Central America, South America, or the Caribbean, (ii) Intel Corporation UK Limited, with its registered offices located at Pipers Way, Swindon, Wiltshire SN3 1NJ, United Kingdom, if the Software is purchased in Europe, the Middle East, or Africa, (iii) Intel Semiconductor (US) LLC, with a trading address located at 69/F, Central Plaza, 18 Harbour Road, Wanchai, Hong Kong, if the Software is purchased in Asia (other than China (if the Software is purchased in RMB) or Japan) or the region commonly referred to as Oceania, (iv) Intel Kabushiki Kaisha, with offices located at Kokusai Building 5F, 1-1, Marunouchi 3-chome, Chiyoda-ku, Tokyo, 100-0005, Japan, if the Software is purchased in Japan, (v) Intel Trading (Shanghai) Co., Ltd., with a trading address located at Room IIA/B, First Floor, No. 999 Ying Lun Road, Waigaoqiao Free Trade Zone, Pudong, Shanghai, 200131 China, if the Software is purchased in China (in RMB), or (vi) Intel Security Public Sector LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased by the U.S. Government, State or Local Government, Healthcare organization or Educational institution within the United States..
- h. "**Product(s)**" means Intel's Software and Hardware product specified in a Grant Letter or Cloud Product purchased from Intel or an Authorized Partner.
- i. "**Support**", "**Technical Support**" or "**Technical Support and Maintenance**" means the support services for Intel Products purchased by Customer either from Intel or from Intel's Authorized Partner which are dependent on the Support Level purchased.
- j. "**Software**" means each Intel software program in object code format and components licensed by Intel or its Authorized Partners to Customer.
- k. "**Support Period**" means the effective time period for which the Customer has purchased Support that is confirmed in a Grant Letter or in the case of Cloud Products means the effective time period for which the customer has purchased the Cloud Product and has an active entitlement and valid account.
- l. "**Support Region**" means any one of the following five (5) regions: (i) North America, (ii) Europe, Middle East and Africa ("EMEA"); (iii) Asia Pacific ("APAC"); (iv) Japan, and (v) Latin America ("LTAM").
- m. "**Support Level(s)**" means the Intel Support offering purchased by Customer. Software and Hardware Support Levels are defined on datasheets available at:
<http://www.Intel Security Public Sector, Inc..com/us/support/support-benefits.aspx>
- n. "**Upgrade**" means any and all improvements in the Products which are made generally available to Intel's customer base as a part of purchased Support and which are not separately priced or marketed by Intel.
- o. "**Updates**" are related to content of the Product and include without limitation all DATs ("DATs" or detection definition files, also referred to as signature files, are the code anti-malware software uses to detect and repair viruses, Trojan horses and potentially unwanted programs), signature sets, policy updates, database updates for the Products which are made generally available to Intel's customer base as a part of purchased Support and which are not separately priced or marketed by Intel.

2. **Provision of Support.** Intel will provide Support to Customer during the Support Period at the Support Level that has been purchased by Customer and is confirmed to Customer in a Grant Letter or in the case of Cloud Product, based on the initial order or renewal. Customer will not be entitled to receive Support outside of the Support Period.

3. **Updates and Upgrades.** Intel grants to Customer a non-exclusive, non-transferable license to use Upgrades and Updates provided by Intel during the Support Period as a part of purchased Support. Such Upgrades and Updates are subject to the terms of the license granted by Intel to the Customer for the Software. With the exception of Cloud Product, (a) Customer shall promptly download, distribute and install all Updates as released by Intel during the Support Period and (b) Intel strongly suggests that Customer also downloads, distributes and installs all Upgrades as released by Intel during the Support Period. Customer acknowledges that any failure to do so could result in Customer's inability to receive Updates and Technical Support and therefore could cause major security risks. An Upgrade may require a hardware upgrade or new platform conversion to function properly.

PROPRIETARY AND CONFIDENTIAL

4. **Supported Versions and End of Life.** The provision of Support is limited to (a) the current version and (b) the immediately preceding version of the Product. Only the current version of Cloud Products will be supported. Notwithstanding any of the foregoing, Support is subject to Intel's End-of-Life Policy attached hereto. It is Customer's responsibility to review Intel's Product Support Lifecycle webpage at: http://www.Intel Security Public Sector, Inc..com/us/enterprise/support/customer_service/end_life.html to determine whether a Product qualifies for Support. Furthermore, Customer proactive Support notifications can be accessed by subscribing to Intel Support Notification Service (SNS) available at <http://sns.snssecure.Intel Security Public Sector, Inc..com>.
5. **Response Times.** Intel uses commercially reasonable efforts to meet the response times set forth in the escalation and response charters listed under <https://support.Intel Security Public Sector, Inc..com/SPR/WebContent/ProgramsAndPolicies/faq-corporate-technical-support.pdf>. Access to Intel's websites for the provision of Support may be suspended for brief periods due to scheduled maintenance and other factors.
6. **Bug Fixing and Remote Diagnostics.** Intel uses commercially reasonable efforts to provide work-around solutions or patches to reported software problems. With Customer's prior authorization, Intel may perform remote diagnostics to work on reported problems. In the event Customer declines remote diagnostics, Intel and Customer may agree to on-site Technical Support which is subject to an additional fee and reasonable travel and expenses, which the customer is responsible for.
7. **Support Period and Expired Support.** The Support Period either begins (i) at the date the Product was purchased or (ii) at the renewal date of the expiration of a previous Support Period. In the event the Software or Hardware Support expires, any reinstatement of Support must be purchased to cover the lapsed Support since expiration and be renewed until the Support is current. Support must be purchased within one (1) year after expiration of the previous Support Period.
8. **Support Coverage.** Support is sold based upon the quantity of all Products purchased by Customer. Upon purchasing Support for a Product, Customer must purchase the same Support Level for all Product units owned or licensed by Customer that are deployed or in use at the location(s) covered by Support. Some Support Level(s) are available for purchase by Customer on a per-product family basis and are sold per Support Region.
9. **Acquired Company Products.** From time to time Intel may acquire other companies and continue to support the products licensed by such companies ("**Acquired Products**"). The Support Level(s) defined herein may not be applicable to the Acquired Products at the time of the acquisition but Intel may within a reasonable period of time after the acquisition provide a description of the Support Level(s) available for the Acquired Products, which will become applicable once published on the Support webpage.
10. **Exclusions.** Intel has no obligations to, (a) provide Support where hardware, tools or software other than those supplied or approved by Intel have been incorporated with the Product (b) provide Support for Hardware damaged by or Hardware failures caused by Customer (c) import or export customer data, create or modify custom business rules or reports, or support custom modifications to databases, active server pages, or other code, components or programs (d) provide Support for problems that cannot be reproduced in running the Product in a configuration meeting published Intel specifications or (e) provide Cloud Product Support for issues arising from any violation of the Cloud Product Terms and Conditions.
11. **Obligations of Customer.**
 - a. **Support Process:** Customer must report Software or Hardware Product problems to Intel Support organization, and be prepared to provide Intel with (i) the Grant Number, (ii) the location of the Product, (iii) a detailed description of the problem, (iv) a description of the hardware on which the Software is loaded, including any serial number or service tag number where applicable, and (v) the names and versions of any operating systems, networks, and software running with the Software, including patches and fixes. Customer must report Cloud Product problems to Intel Support organization, and be prepared to provide Intel with (i) technical contact information and (ii) a detailed description of the problem. Intel may request that Customer takes certain actions to determine whether the problem or error is related to the Product, or other item. Customer must reasonably cooperate with Intel during this process.
 - b. **Access:** Customer shall provide Intel with sufficient, free and safe access to the Products, Customer's computer systems networks and facilities in the event that it is agreed that Intel will provide on-site support at Customer's location or facilities or that Intel will perform remote diagnostics. Intel will conform to Customer's security requirements before gaining access to Customer's facilities, provided such requirements are issued in writing to Intel reasonably prior to accessing such facilities.
 - c. **Backup and Restore:** Customer must keep adequate backup copies of data, databases, and application programs and agrees that Customer is solely responsible for any and all restoration and reconstruction of lost or altered files, data and programs.
12. **Termination.** Any terms which by their nature extend beyond the termination of this agreement remain in effect until fulfilled.
13. **Hardware specific terms.**
 - a. **Region and Geographic Limitations:** Unless otherwise agreed in writing by Intel or included as part of the applicable Support Level, Hardware is eligible for service only if it remains in the country where Customer originally installed the Hardware. Geographic restrictions or limitations may apply to certain Hardware Support Levels and are described under <http://www.Intel Security Public Sector, Inc..com/us/resources/misc/rm-dell-hw-by-country-external-1105.pdf> (provided for informational purposes only)
 - b. **Hardware Return:** Prior to returning any Hardware to Intel for repair or replacement, Customer must ensure that (i) the Hardware is free of any legal obligations or restrictions and of any Customer proprietary or confidential information that prevent Intel from exchanging, repairing or replacing the Hardware, (ii) Customer has obtained a return authorization from Intel, including a return material authorization number (a "**RMA Number**"). Hardware returned to Intel becomes the property of Intel at the time it is received by Intel and Customer shall assume ownership of all replacement Hardware provided by Intel to Customer upon shipment by Intel.

- c. **Restrictions:** Customer must not, nor permit anyone else, to remove, alter, or obscure any proprietary notices or instructional labels on the Hardware without written authorization from Intel. Customer must not install, nor permit the installation of additional hardware or software on the Hardware without written authorization from Intel or breach any tamper seal on the Hardware.
- d. **Inspection Period:** Intel reserves the right to inspect Hardware for which Support has lapsed for more than ninety (90) days by itself or by its agents and to request Customer to install the most current Upgrades and Updates before Intel agrees to renew Support for the Hardware.

14. Resident Support Account Manager Terms.

- a. If Customer purchases a Resident Support Account Manager ("**RSAM**"), Intel will provide an RSAM to provide on-site Support that Customer has acquired from Intel. Additional information on the description and scope of the RSAM's roles and responsibilities can be found at <http://www.Intel Security Public Sector, Inc..com/us/support/support-benefits.aspx>.
 - b. The RSAM will work during normal business hours as agreed upon between Intel and Customer. The RSAM may be required to be out-of-the-office due to PTO, illness, holidays, training, vacations or meetings. During this time out-of-the-office, or should the RSAM's employment with Intel end, Intel will provide to Customer the name and phone number of a temporary Support Account Manager ("**SAM**") that will cover Customer's account until the RSAM returns. The temporary SAM will provide Support services remotely.
 - c. Customer acknowledges and understands that the timeline to on-board at Customer's location is approximately ninety (90) days from the time of the notification of the requirement. During this 90-day period, Intel will assign an interim SAM to facilitate the Support services until the parties can agree upon the individual to be placed as an RSAM. Intel and Customer will work together in good faith to select the RSAM. In the event Customer rejects the candidate or delays in the selection of a reasonable candidate Intel has offered for consideration, Intel will assign an interim SAM. For avoidance of doubt, the interim SAM will not be an on-site resource and may be a shared resource with other Intel customers.
 - d. Customer acknowledges that Intel employees are quickly deployed, and any delay in the selection of a candidate may: (1) result in Customer not being able to have its desired individual perform the Support services;
- (2) result in the use of an interim SAM (as stated above); and (3) hinder the performance of the Support services as described herein. Customer also acknowledges that it might not be possible to retain a particular individual for the duration of the term of the Support Period. No fees will be refunded or credits given for the period that an interim SAM is used.

15. Warranty. INTEL WARRANTS THAT THE SUPPORT WILL BE PERFORMED IN A PROFESSIONAL AND WORKMANLIKE MANNER. FOR ANY BREACH OF THIS WARRANTY, CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, AND INTEL'S ENTIRE LIABILITY SHALL BE THE RE-PERFORMANCE OF THE NON-CONFORMING SUPPORT. INTEL SHALL ONLY HAVE LIABILITY FOR SUCH BREACHES OF WARRANTY IF CUSTOMER PROVIDES WRITTEN NOTICE OF THE BREACH TO INTEL WITHIN THIRTY (30) DAYS OF THE PERFORMANCE OF THE APPLICABLE SUPPORT. THIS WARRANTY IS CUSTOMER'S EXCLUSIVE WARRANTY AND REPLACES ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, CONFORMITY TO ANY REPRESENTATION, SKILL AND CARE. INTEL DOES NOT WARRANT OR GUARANTEE THAT SUPPORT WILL BE FREE FROM ERRORS OR DEFECTS OR THAT THE SUPPORT WILL PROTECT AGAINST ALL POSSIBLE THREATS.

Some states or jurisdictions do not allow the exclusion of express or implied warranties, so the above disclaimer may not apply to you. IN THAT EVENT SUCH EXPRESS OR IMPLIED WARRANTIES SHALL BE LIMITED IN DURATION TO THE MINIMUM PERIOD REQUIRED BY THE APPLICABLE LAW (IF ANY).

16. Limitation of Liability; Confidentiality; Audit; Export Control. Customer agrees to these Technical Support and Maintenance Terms and Conditions as part of one or more product licenses or services agreements between Intel and the Customer ("**Underlying Agreement**"). THE LIMITATION OF LIABILITY, CONFIDENTIALITY, AUDIT AND EXPORT CONTROL PROVISIONS OF THE RELEVANT UNDERLYING AGREEMENT ARE INCORPORATED INTO THESE TECHNICAL SUPPORT AND MAINTENANCE TERMS AND CONDITIONS.

17. General.

- a. **Recording:** In providing Support, Intel may record all or part of telephone calls between Customer and Intel for quality assurance and training purposes in compliance with applicable laws.
- b. **Assignment:** The provision of Support is not assignable by Customer without the prior written consent of Intel. Any attempt of assignment by Customer without such consent will be void. Intel may subcontract its obligations to provide Support hereunder to another party but with notice to the Customer.
- c. **Governing law:** All disputes arising out of or relating to this Agreement or its subject matter will be governed by the Federal Laws of the United States. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. The Uniform Computer Information Transactions Act as enacted shall not apply.

18. Entire Agreement. The Support Terms and any additional terms referenced herein constitute the entire agreement between Customer and Intel with regard to Support, and supersedes all prior negotiations, agreements, and understandings with respect to the subject matter hereof. The Support Terms may not be modified except by a written addendum agreed to by Intel and Customer.

• **Enterprise Products End of Life Policy**

April 1, 2011

Intel Security Public Sector, Inc. strives to deliver the most innovative and cost effective products, and therefore may periodically elect to discontinue specific products. This document describes Intel Security Public Sector, Inc.'s intended communication and transition plans for any discontinued product. The policy is intended to provide our customer's with the sufficient information to confidently plan the evolution of their environment to migrate to replacement technologies.

The End of Life process begins with the End of Sale announcement . Such End of Sale announcement contains an official timeline describing the product discontinuation plans including an End of Sales date and an End of Life date. Intel Security Public Sector, Inc. will exercise commercially reasonable efforts to provide the End of Sales announcement six months n prior to the effective End of Sale Date. If Intel Security Public Sector, Inc. is offering a direct replacement product, it is possible that less than six months notification will be made. Support contracts cannot extend past the End of Life date. Additionally, Intel Security Public Sector, Inc. may provide recommendations and alternatives for customers to transition from the End of Life product. During the End of Life period, Intel Security Public Sector, Inc. will meet existing customer support agreements.

End of Sale and End of Life dates and related information and announcements are posted on Intel Security Public Sector, Inc.'s web site: <http://www.Intel Security Public Sector, Inc..com/us/support/support-eol.aspx>

Intel Security Public Sector, Inc. End of Life Software Support

This policy applies to all software. If a software product is Generally Available (GA), the service level of the support contract is Intel Security Public Sector, Inc.'s Full Service Software Support (FSSS).FSSS will continue for a maximum of 1 year after the End of Sale date

Intel Security Public Sector, Inc. End of Life Hardware Support

This policy applies to hardware, firmware, and software components of Intel Security Public Sector, Inc.'s products distributed on a hardware platform (collectively referred to as Hardware). If a Hardware product is GA the, the service level of the support contract is Intel Security Public Sector, Inc.'s Full Service Hardware Support (FSHS). When a hardware product transitions to the EOL period, the first three years of support is Full Service Hardware Support (FSHS). The support level provided during the 4th and 5th years will be Limited Service Hardware Support (LSHS).

Intel Security Public Sector, Inc. Custom Software Support

When a product transitions to the End of Life period, at Intel Security Public Sector, Inc.'s discretion, Custom Software Support (CSS) may be available as an exception. To be eligible for CSS, the customer must have a current and continuous support contract in place. If available, Custom Software Support will:

- Be purchasable
- Provide limited content updates
- Be available for a limited time period
- Have specific terms and conditions
- Will never include hardware support and/or hardware warranty

Summary

	Software Products	Hardware Products
Amount of Support able to be purchased once End of Sale has been announced	One (1) Year	Five (5) Years
Is Full Service Support limited?	No	Yes: Support Service Levels will be limited in the 4 th and 5 th years
Is Custom Software Support available after the Full Service Support End Date?	At Intel Security Public Sector, Inc.'s discretion	At Intel Security Public Sector, Inc.'s discretion. Software only.

Enterprise Products End of Life Policy

April 1, 2011

DEFINITION SUMMARY

EOL Period (EOL) - End of Life Period refers to the timeframe beginning with the day that Intel Security Public Sector, Inc. announces product discontinuation until the last date that the product is formally supported by Intel Security Public Sector, Inc.. In general, after the EOL Period is announced enhancements are not made.

End of Sale Notification – The notification that establishes when the discontinued product will no longer have General Availability. EOS Notification begins the EOL Process.

End of Sale Date (EOS) – The date when a product is no longer available for purchase from current Intel Security Public Sector, Inc. Price Books. This date determines the End of Life date.

End of Life Date – The last day that the product is supported according to the terms of Intel Security Public Sector, Inc.'s standard support offering.

General Availability (GA) – Product is generally available for sale on current Intel Security Public Sector, Inc. Price Books and there has been no EOS Notification

Hardware – The term "Hardware" means hardware, firmware, and software components of Intel Security Public Sector, Inc.'s products distributed on a hardware platform, and any combination of them, but does not include any stand alone software or other intangible products whether pre-loaded or purchased separately.

Custom Software Support (CSS) - Is an individually negotiated software support contract requiring a Intel Security Public Sector, Inc. approved quote for a product where EOS has been announced. CSS requires the final release of software for the product. Custom Software Support never includes hardware warranty or hardware support.

To be eligible for CSS, Intel Security Public Sector, Inc. Technical Support coverage must be continuous. CSS will provide commercially reasonable effort workaround solutions and within the following conditions:

- The technology remains supportable according to Intel Security Public Sector, Inc. and,
- The platform it operates on is supported by our OEM technology partner (where applicable)

Full Service Software Support (FSSS) - After EOS has been announced, FSSS includes available maintenance and technical support. Security updates and maintenance will continue until End of Full Service Support. To receive Full Service Support Intel Security Public Sector, Inc. may require the latest software product versions, service pack, DAT and signature files, and scan engine [where applicable], are deployed.

Full Service Hardware Support (FSHS) - After EOS has been announced, FSHS includes hardware warranty, escalations, patches and maintenance releases, product updates, content updates, and available maintenance and technical support. To receive Full Service Hardware Support Intel Security Public Sector, Inc. may require installation of latest software/firmware and/or content updates. These elements are introduced by Intel Security Public Sector, Inc. to add features and resolve issues. If any element is not at a current version, then the total product configuration may not be supported. Intel Security Public Sector, Inc. will provide a version of software that will provide the functionality as outlined in release notes of the product.

Limited Service Hardware Support (LSHS) - When a hardware product transitions to the EOL period, the support service levels provided during the 4th and 5th years of a support contract will be limited. Limited Hardware Support includes limited hardware warranty, severity 1 bug fixes, and content updates. Software and firmware features and functionality will not be enhanced. Major software updates are not included. Hardware Support may be reduced to limited service levels. In the event the latest release of supported software requires a new hardware platform the client may be given an opportunity to purchase a comparable platform. A hardware product will not be provided cost free if a newer version of the software will not run on the older hardware

1. INFORMATION COLLECTION

Personal Information We May Collect

Intel may collect various types of personal information, including:

- Personal and business contact information (such as name, billing and shipping address, phone number, email address, and social media/messaging account ID)
- Intel Account ID
- Profile picture
- Social media postings and information
- Payment card, digital wallet, or other payment service information
- Depending on the service we are providing to you we may also need to collect more sensitive personal information (such as location, government-issued identification, photographs, audio/video recordings, images, and biometrics) directly from you

If you submit any personal information about other people to us or to our service providers, you represent that you have the authority to do so and to permit us to use their personal information in accordance with this Privacy Notice.

We and our service providers may collect personal information from a variety of sources, including:

- From you or someone acting on your behalf: We may collect personal information you or someone acting on your behalf shares with us such as your name and contact details.
- Through the Intel Services: We may collect personal information about you when you use Intel Services, for example, when you sign up for a newsletter, make a purchase, or use or install our products or apps.
- Through Third Parties' Services: We may collect personal information about you when you use third party services that utilize the Intel Services.
- Offline: We may collect personal information you provide to us offline, such as when you visit our stores, attend one of our trade shows or events, place a verbal order over the phone or contact customer services.
- From Other Sources: We may collect your personal information from other sources, such as public databases, joint marketing partners, and social media platforms. We may also receive your personal information from people with whom you are "friends" or otherwise connected on social media platforms. For example, if you elect to connect your social media account to your Intel Services account, certain personal information from your social media account will be shared with us. Such information may include personal information that is part of your social media profile or your friends' profiles. Similarly, if your social media "friends" connect their social media account to their Intel Services account, information about you may be shared with us via this "friend" connection.

Other Information We May Collect

Intel may also collect other information from your app, browser, or device that does not reveal your (or anyone else's) real world identity, for example:

PROPRIETARY AND CONFIDENTIAL

- Browser and device information
- App or device usage data
- Information collected through cookies, pixel tags, and similar technologies
- IP address
- Location data
- Aggregated, anonymized, or de-identified information
- Demographic information and other information provided by you (i.e., language, occupation, postal code).

We and our third-party service providers may collect this information in a variety of ways, including:

- Through your browser or device: Most browsers and devices collect certain information automatically, for example, type and version of operating system, screen resolution, device manufacturer and model, language, Internet browser type and version, and the name and version of the Intel Services (such as the app) you are using. We use this information, for example, to make sure that the Intel Services function properly, analyze the performance of our products, and improve and maintain the Intel Services.
- Through your use of an Intel app: When you download and use an Intel app, we and our service providers may track and collect usage data, such as the date and time the Intel app on your device accesses our servers and what information and files have been downloaded to the Intel app.
- Through cookies and similar technologies: We use cookies to make our web sites operate, work more efficiently, and provide analytic information. Technologies similar to cookies are also used in connection with some Intel Services, such as pixel tags, web beacons, clear GIFs, JavaScript, and local storage. Please view our [Intel Cookies and Similar Technologies Notice](#) for more information and how to disable/remove certain cookies.
- IP Address: IP addresses are automatically transmitted as part of any Internet communication, and collecting IP addresses is a common practice; many web sites, applications and other Intel Services collect IP addresses automatically. We use IP addresses for purposes such as communicating with your device, calculating usage levels of the Intel Services, helping diagnose server problems, security, and administering the Intel Services. Location Data: We may collect the physical location of a connected device, for example, using satellite, cell phone tower, and WiFi signals. We may use your device's physical location to provide you with personalized location-based Intel Services, content, and advertising. We may also share your device's physical location, combined with information about what advertisements you viewed and other information we collect, with our marketing partners to enable them to provide you with more personalized content and to study the effectiveness of advertising campaigns. You can choose whether to allow or deny uses and/or sharing of your device's location by changing your device settings, but if you choose to deny such uses and/or sharing, we and/or our marketing partners may not be able to provide you with the applicable personalized Intel Services, content, and advertising.

2. NOTICE

We provide access to our Privacy Notice by:

- Linking to it throughout our websites
- Referencing it in our Terms of Use, End User License Agreements
- Incorporating it into our contracts, agreements, and other documents as necessary or appropriate

3. INFORMATION USE AND DISCLOSURE

How We May Use and Disclose Personal Information

We may use personal information:

- To provide Intel Services.
- To respond to your inquiries and fulfill your requests, such as to send you technical documents or whitepapers.
- To send you marketing communications that we believe may be of interest to you, such as newsletters, in accordance with your communication preferences.
- To personalize your experience on the Intel Services by presenting products, marketing messages, offers, and content tailored to you.
- To allow you to participate in surveys, sweepstakes, contests, and similar promotions and to administer these activities. Some of these activities have additional rules, which could contain more information about how we use and disclose your personal information, so we suggest that you read these rules carefully.
- To allow you to send messages to a friend through the Intel Services. By using this functionality, you are telling us that you are entitled to use and provide us with your friend's contact information.
- To complete and fulfill your purchase, for example, to process your payments, have your order delivered to you, communicate with you regarding your purchase, provide you with related customer service, and establish and manage your Intel accounts.
- For our business purposes, such as data analysis, audits, crime/fraud monitoring and prevention, security, developing new products, testing, enhancing, improving or modifying our Intel Services, identifying usage trends, determining the effectiveness of our promotional campaigns, and operating and expanding our business activities.
- Perform accounting, auditing, billing, reconciliation, and collection activities. To send administrative information and service notifications to you, for example, information regarding the Intel Services and changes to our terms, conditions, and policies.
- Perform other activities consistent with this Notice.

Personal information may be shared or disclosed:

PROPRIETARY AND CONFIDENTIAL

- To our affiliate entities and subsidiaries for the purposes described in this Privacy Notice.
- To our authorized service providers and suppliers who provide services to us such as web site hosting, data analysis, payment processing, order fulfillment, information technology and related infrastructure provision, customer service, email delivery, credit card processing, auditing and other similar services.
- To third parties to permit them to send you marketing communications, as permitted under applicable law and in accordance with your communication preferences.
- To third party sponsors of sweepstakes, contests, and similar promotions.
- To identify you to anyone to whom you send messages through the Intel Services.
- By you, on message boards, forums, chat, profile pages and blogs to which you are able to post information and materials. Please note that any such information you post or disclose in public forums will become public information, and may be available to users and to the general public. We urge you to be very careful when deciding to disclose your personal information, or any other information, online.
- To a third party in the event of any contemplated or actual reorganization, merger, sale, joint venture, assignment, transfer or other disposition of all or any portion of our business, assets or stock (including in connection with any bankruptcy or similar proceedings).
- As we believe is required, necessary, or appropriate: (a) under applicable law, including laws outside your country of residence; (b) to comply with legal process and/or to respond to requests from competent public and government authorities including public and government authorities outside your country of residence; (d) to enforce our terms and conditions; (e) to protect our operations and those of any of our affiliates; (f) to protect our rights, privacy, security, safety, and physical and intellectual property, and/or the rights of our affiliates, you, or others; and (g) to allow us to pursue available remedies or limit the damages that we may sustain.

How We May Collect, Use and Disclose Other Information

Please note that we may collect, use, and disclose other information obtained through cookies in accordance with our [Intel Cookies and Similar Technologies Notice](#) or Intel Services. In some instances, we may combine other information with personal information (such as combining your name with your postal code). If we combine any other information with personal information, we will treat the combined information as personal information as long as it is combined and is personally identifiable.

Product Updating and Reporting

Our products and services may also process certain data to provide software updates and reports. These update functions may automatically check your system to see whether files relating to the services need to be refreshed, updated, or modernized.

Intel may also use the information to adapt the product to conform to user preferences based on actual use.

4. THIRD-PARTY SERVICES

This Privacy Notice does not address, and we are not responsible for, the policies and practices of third parties or other organizations that are not Intel service providers, including policies and practices related to privacy and security, data collection, processing, use, storage, and disclosure. This includes: (a) any third party operating any site or service to which the Intel Services link – the inclusion of a link on the Intel Services does not imply endorsement of the linked site or service by us or by our affiliates; or (b) any app developer, app provider, social media platform provider, operating system provider, wireless service provider or device manufacturer (such as Facebook, Apple, Google, Microsoft, LinkedIn, etc.) - including any personal information you disclose to other organizations through or in connection with the Intel Services or our Social Media Pages. For example, we may use and direct you to a third party payment service to process payments made through the Intel Services. If you wish to make such a payment, your personal information may be collected by such third party and not by us, and will be subject to the third-party's privacy policy, rather than this Privacy Notice.

When we share personal information with an Intel service provider, we require that they first contractually agree to comply with reasonable and appropriate privacy and security standards.

5. THIRD-PARTY ADVERTISERS

We may use third-party advertising companies to serve advertisements regarding goods and services that may be of interest to you when you access and use the Intel Services and other web sites, based on information obtained, for example, through cookies and similar technologies relating to your access to and use of the Intel Services and other web sites. Please refer to our [Intel Cookies and Similar Technologies Notice](#) on how we use cookies and how you can disable certain cookies.

Intel does not share your personal information with non-affiliated third parties for their own marketing use without your permission.

6. SECURITY

The Intel Services are designed to provide reasonable and appropriate organizational, technical, and administrative measures to protect personal information within our organization against unauthorized or unlawful access, alteration, disclosure, or destruction. Users of Intel Services must also do their part in protecting the data, systems, networks, and service they are utilizing. Unfortunately, no data transmission or storage system can be guaranteed to be 100% secure. If you have reason to believe that your interaction with us is no longer secure (for example, if you feel that your password to any Intel account has been compromised), please immediately notify us by contacting us in accordance with the "Contact Us" section below.

7. MARKETING PREFERENCES

We give you many choices regarding our use and disclosure of your personal information for marketing purposes. You may update and request access to your contact details and communication preferences by using one of the following methods: visit the specific product or service web site; use

PROPRIETARY AND CONFIDENTIAL

the [Contact Us](#) form; use the “unsubscribe” link, or send a letter to the postal address below. You may choose to update your communication preferences for the following types of marketing activities:

- To accept or refuse receiving marketing-related messages from us in the future.
- To accept or refuse our sharing of your personal information with affiliates and subsidiaries so that they may market directly to you.
- To accept or refuse our sharing of your personal information with non-affiliated third parties so that they may market directly to you.

You can also unsubscribe from Intel marketing-related messages by following the unsubscribe instructions included in each marketing-related message sent to you. We will comply with your request(s) as soon as reasonably practicable. Please also note that if you do choose not to receive marketing-related emails from us, we may still send you important administrative and transactional messages (i.e., service notifications) about your Intel Services.

8. HOW YOU CAN MANAGE YOUR PERSONAL INFORMATION

If you would like to correct, update, delete, or request access to the personal information that you have provided to us, you may contact us by: visiting the specific product or service web site; the online [Contact Us](#) form; or sending a letter to the postal address below including your name, email address, account identification, and purpose of the request.

For your protection, we will only implement requests with respect to personal information about you (not anyone else), and we may need to verify your identity before implementing your request. We will comply with your request as soon as reasonably practicable and in accordance with applicable law. We may need to retain certain information for recordkeeping purposes, as required under applicable legal obligations, and/or to complete any transactions that you began prior to requesting such change or deletion (e.g., when you make a purchase or enter a promotion, you may not be able to change or delete the personal information provided until after the completion of such purchase or promotion). Some of your information may remain within our systems and other records, in compliance with applicable law.

Storage of the information we collect from you

The information we collect may be stored and processed in servers in the United States and wherever Intel and our service providers have facilities around the globe and in accordance with local laws.

9. RETENTION PERIOD

We will retain your personal information for the period necessary to fulfill the purposes outlined in this Privacy Notice unless a longer retention period is required or permitted by law.

10. USE OF INTEL SERVICES BY MINORS

We comply with the Children’s Online Privacy Protection Act of the United States and similar laws around the world where applicable to Intel Services. We do not knowingly collect personal information from children without proper parental consent. If you believe that we may have collected personal information from someone under the age of thirteen (13), or under the applicable age of consent in your country, without parental consent, please let us know using the methods described in the Contact Us section and we will take appropriate measures to investigate and address the issue promptly.

11. INTERNATIONAL TRANSFERS OF PERSONAL INFORMATION

Intel is a U.S.-based, global company. As such, we may transfer your personal information to its parent company, Intel Corporation in the United States (U.S.), or to any Intel group company worldwide when processing that information for the purposes described in this Privacy Notice. We may also transfer your personal information to our third party service providers, who may be located in a different country to you.

Personal Information shared by an Intel entity from the European Economic Area and Switzerland is also subject to a set of binding corporate rules known as the Intel Corporate Privacy Rules (“Intel’s BCR”) which establish adequate protection of such personal information at participating Intel group companies. Intel’s BCR can be accessed [here](#).

Intel Corporation complies with the U.S.-EU and U.S.-Swiss Safe Harbor frameworks as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal information from the European Union and Switzerland. Intel has certified that it adheres to the Safe Harbor Privacy Principles of notice, choice, onward transfer, security, data integrity, access, and enforcement. We will protect the information we receive in the U.S. from the EU and Switzerland in accordance with our Safe Harbor commitments. To learn more about the Safe Harbor Program, and to view Intel’s certification, please visit <http://www.export.gov/safeharbor>.

12. CONTACT US

If you have questions or concerns about Intel’s privacy practices, you can contact us by using the [Contact Us](#) form or send a letter to the postal address listed below. Please include your contact information, name of the Intel Service or website, and a detailed description of your request or privacy concern.

Intel Corporation
ATTN: Privacy Office
M/S RNB4-145
2200 Mission College Blvd.
Santa Clara, CA 95054 USA

13. SUPPLEMENTS AND ADDITIONAL NOTICES

PROPRIETARY AND CONFIDENTIAL

Some Intel Services may have additional Notices about how such products and services process Personal Information. Please refer to the relevant Notice for the Intel Service you are using for additional information about how Intel processes Personal Information.

The following privacy supplements, policies, notices, and statements (“Notice”) are incorporated by reference into the Intel Privacy Notice:

- [Intel Worldwide Candidate Privacy Policy](#)
- [Intel Online Privacy Notice Supplement for Health-Related Data](#)
- [Intel® Technology Provider Privacy Statement](#)
- [Intel® Active Management Technology: Privacy Statement](#)
- [Security Products, Services, and Functionality Privacy Notice Supplement](#)
- [Intel Cookie and Similar Technologies Notice](#)

14. UPDATES TO THIS PRIVACY NOTICE

We may change this Privacy Notice. The “*Last Updated*” section at the top of this page states when this Privacy Notice was last revised. Any changes to this Privacy Notice will become effective when we post the revised Privacy Notice on the Intel Services. Your use of the Intel Services following these changes means that you accept the revised Privacy Notice.

If any change may materially and negatively affect the privacy of your personal information, we will use reasonable efforts to notify you in advance and give you a reasonable period of time to object to any changes.

We encourage you to periodically review this Privacy Notice to stay informed about how we collect, use, and share personal information.

Worldwide Candidate Privacy Policy

This page provides additional details on the privacy practices of the Resume/Curriculum Vitae (C.V.) section of Intel's website. This is only a supplement to Intel's corporate [privacy policy](#).

Intel will use your personal information for recruitment purposes, and if you are offered a job or become employed by Intel, for other employment-related purposes.

By submitting your resume/C.V. information to Intel, you agree that we may use it for recruitment purposes (including transferring the data to other countries, transferring your information to other companies authorized to perform specific services for Intel and/or other processing relevant to recruitment purposes). It will not be shared with others for non-recruitment purposes.

Resumes/C.V.s should include information relevant to your employment history and education (degrees obtained, places worked, positions held, relevant awards, and so forth). Intel recommends that you do not disclose sensitive personal characteristics (for example, gender, height, weight, religion, philosophical or political beliefs, financial data) in your resume/C.V. or letters to Intel.

Resume/C.V. Data Retention

Intel will not retain your personal information longer than is necessary for the purposes for which it is collected. Resumes/C.V.s may be retained in order to comply with various country requirements on applicant data reporting.

Accessing, Updating, and Removing Resume/C.V. Information

If you need to update or otherwise make changes to your resume/C.V., simply resubmit a new resume/C.V. If you wish to have your resume/C.V. completely removed from our system, please send an email to: Resume.Removal@intel.com. To aid our support agents in locating your resume/C.V., please be sure and include your name, email address and phone number as submitted with your resume/C.V.

For Users Outside the United States

Your information will be processed and/or stored in our U.S. database. By submitting your resume/C.V., you are consenting to the export of your information to the U.S. for processing and storage.

Intel Online Privacy Notice Supplement for Health-Related Data

Intel Corporation and its worldwide subsidiaries (“Intel”) respect your privacy and recognize your need for adequate protection of the health-related data you may share with us. This health-related data privacy statement is supplemental (“Supplement”) to the Intel Online Privacy Notice (“Notice”) and the Intel Corporate Privacy Rules (“ICPRs”) and is applicable to Intel's collection, storage, or use of health-related data.

This Supplement provides additional information about the privacy of your health-related data, including limitations on access to your health-related data, the use of de-identified or anonymized data, security safeguards including adequate encryption in storage and transfer, and cross-border transfers of your health-related data.

Access

Intel may have access to your health-related data with either your express consent or at the direction of a third party that you have authorized to share your health-related data. To the extent your health-related data is protected health information (“PHI”) or its regulated equivalent in other jurisdictions, Intel will handle such PHI in accordance with applicable laws and regulations.

De-identified, Anonymized, or Aggregated Data

PROPRIETARY AND CONFIDENTIAL

Intel may de-identify, anonymize, or aggregate your health-related data in compliance with applicable laws and regulations. Intel will not use nor share such information in violation of applicable laws or regulations.

Security

Intel will provide appropriate physical, technical, and administrative safeguards with respect to your health-related data and in accordance with applicable security laws and regulations. For example, when stored by Intel's service, Intel will encrypt your health-related data both in storage and in transit.

Potential Transfer of Your Health-Related Data to Other Countries

Intel may provide health-related data management, data support, and data processor products and/or services in various countries. Intel is committed to providing these products and/or services in a physical and virtual environment in accordance with applicable laws and regulations.

Supplement Updates

This Supplement updates and supersedes any prior Intel health-related data notice. We may change this Supplement at any time. The "LAST UPDATED" section at the bottom of this page lists when this Supplement was last revised. Any changes to this Supplement will become effective when we make the revised Supplement available on or through the Intel website.

How to Contact Us

You can contact Intel by using the Contact Us form or send a letter to the mailing address listed below. Please include your contact information, name of the Intel web site or service, and a detailed description of your request or privacy concern.

Security Products, Services, and Functionality Privacy Notice Supplement

This security products, services, and functionality-related data privacy notice is supplemental ("Supplement") to the Intel Privacy Notice ("Notice") and the Intel Corporate Privacy Rules ("ICPRs") and is applicable to Intel's collection, storage, and use of data related to its security products, services, and products and services containing security functionality ("Security Products, Services, and Functionality").

We care deeply about your privacy and security and your online safety is a key element of our mission. We appreciate your decision to trust us with helping to protect your digital life from theft, disruption, and unauthorized access.

This Supplement is designed to inform you about how your personal information may be collected, managed, and used by Intel's Security Products, Services, and Functionality to:

- Help safeguard your devices and protect your data;
- Personalize and manage our relationship with you;
- Investigate, respond, and manage security related incidents and events;
- Improve security related products, services, and functionality; and
- Predict future security threats and vulnerabilities.

We hope this Notice helps you understand how your data is processed, why we need to collect data to provide appropriate security, and our commitment to using the personal data we collect for the purposes discussed in this Notice. By collecting and processing data, we can help to predict threats and better protect you, your devices, and your information. Every time you turn on a connected device, connect to a network or open an electronic file, you are exposed to potentially significant risk from hackers, spammers, malware, spyware, and other forms of unauthorized access to your data and systems. This is why it is important to use security products, services, and functionality such as Intel's to help keep you and your data safe. To defend against these threats and the thousands of new threats that emerge each day, Intel's web sites, products, online services, software, apps, tools, and other services and functionality we provide both online and offline (collectively referred to as "Intel Services") may:

- Analyze data sent to/from your device(s) for risks, threats, vulnerabilities, suspicious activity, and attacks;
- Assess the reputation of a sending/receiving device to determine whether access to data or target device should be allowed or if the transaction should be continued;
- Provide threat prediction to help enhance the protection provided by Intel Services;
- Share data with threat intelligence systems, networks, and organizations to improve our products, services, and overall internet security; and
- Adapt responses to new threats based on intelligence collected from your device and our global network;

1. The Information We Collect

PROPRIETARY AND CONFIDENTIAL

Intel collects some information that is personal (i.e., information that identifies an individual on its own or in combination with other data). Intel also collects non-personal information that does not, on its own, identify an individual person. When non-personal information is combined with other information so that it does identify an individual person, we treat that combination as personal information.

Intel obtains personal information when you or someone acting on your behalf provides it to us. We also collect personal and non-personal information when you obtain or use Intel products or services or when you use a device with Intel products or services installed.

IP Addresses

An Internet Protocol address (IP address) is a numerical label assigned to each device (e.g., computer, printer, mobile phone, server) participating in a computer network that uses the Internet Protocol for communication. It is how devices find each other on a network.

While it is possible that IP addresses can be associated with a single individual's device, they most often are associated with a group of systems, one system shared by many users, or a gateway into a group of systems or devices. For instance, IP addresses included in an email communication are typically associated with the respective email service provider and not with an individual user's device.

Intel Security Products, Services, and Functionality may use IP addresses to help protect your information, your devices, and your data. For example, we may detect that a system or a group of systems associated with a particular IP address has been compromised and is sending malware or spam to some of our users. Even without identifying who owns the compromised system or who compromised it, we can assign a score to that IP address to reflect the heightened threat it poses. Our Security Products, Services, and Functionality may then be able to divert your traffic away from this IP address or block this IP address from sending malware to your Intel-protected device before your device is a victim of an attack.

The use of IP addresses and other machine data is necessary to keep security protections current, relevant, and effective as cyber threats and attacks evolve over time.

2. Security Products, Services, and Functionality Data Processing

If you install or use one of our products or services, software may operate in the background of your computer system or device environment that is designed to perform specific security and privacy related tasks, which may include:

- SPAM protection;
- Real-time virus and malware scanning and protection;
- Intrusion detection, prevention, and protection;
- Threat prevention and prediction;
- Network defense;
- User authentication;
- Data encryption;
- Mobile device lockdown, locate, and wipe; and
- Back-up and recovery activities.

3. Security Products, Services, and Functionality Updating and Reporting

Our Security Products, Services, and Functionality may also process certain data to provide updates and reports. These update functions may check your system to see whether files relating to the services need to be refreshed, updated, or modernized.

For example, certain products, Services, and functionality may transmit log and bug report files to Intel. These files contain information, including the number of checked, suspicious, infected, or unwanted files or emails, the number of infections, the date and hash values of the detected infections, and the number of false negatives/false positives. The purpose of these reports is to analyze the frequency of particular infections or the prevalence of threats. Intel also uses the information to adapt the product to conform to user preferences based on actual use.

4. Supplement Updates

We may change this Supplement. The "*Last Updated*" section at the top of this page states when this Supplement was last revised. Any changes to this Supplement will become effective when we post the revised Supplement on the Intel Services. Your use of the Intel Services following these changes means that you accept the revised Supplement.

If any change may materially affect the privacy of your personal information, we will use reasonable efforts to notify you in advance and give you a reasonable period of time to object to any changes.

We encourage you to periodically review this Supplement to stay informed about how we collect, use and share personal information.

5. Contact Us

If you have questions or concerns about Intel's privacy practices, you can contact us by using the [Contact Us](#) form or send a letter to the postal address listed below. Please include your contact information, name of the Intel web site or service, and a detailed description of your request or privacy concern.

Intel® Technology Provider Privacy Statement

Last Updated: November 23rd 2012

Overview of Privacy in the Intel® Technology Provider Program and on Intel's websites

Intel Corporation along with its worldwide subsidiaries ("Intel") is committed to respecting your privacy and recognizes your need for appropriate protection and management of the information you share with us. This privacy statement explains how we collect, use and safeguard the data we collect from you when you access the Intel® Technology Provider Program websites through any of the Intel® Technology Provider Programs intended for partners ("[Intel® Technology Provider](#)").

Since you have chosen to participate in the Intel® Technology Provider Program we will contact you in connection with that business relationship. If you give us or we otherwise collect personal or business information about you, we will treat it according to this privacy statement. Your participation in any of the Intel® Technology Provider Programs signifies your acceptance of our collection and use of any information you provide to us.

This privacy statement applies only to the Intel® Technology Provider Program websites. It supplements Intel's online [Privacy Policy](#) (click on link for further information) and it does not apply to other online or offline Intel sites or programs. We encourage you to read this privacy statement to ensure you understand Intel's privacy practices for the Intel® Technology Provider Programs. In the event of any inconsistency or conflict between this privacy statement and Intel's online Privacy Policy concerning our information handling practices of member data in connection with the Intel® Technology Provider Programs, or the Intel® Technology Provider Program Terms and Conditions, this privacy statement shall control.

On This Page

- [Types of Information We Collect](#)
- [Use of Your Information](#)
- [Sharing of Your Information](#)
- [Protecting Your Information](#)
- [Tracking Activity on our Websites](#)
- [Personalization of Program Benefits or Services](#)
- [Data Storage](#)
- [Updating Your Information](#)
- [Enforcement of this Privacy Statement](#)
- [Changes to this Privacy Statement](#)

Types of Information We Collect?

We collect a limited amount of information from you when you register to participate in any of the Intel® Technology Provider Programs which enables us to contact you at your place of business (e.g., such as your first and last name, company name, office phone number, company mailing address and e-mail address). In addition, we ask you for information that provides us with a profile of your company's business. We also collect information on the volume and types of Intel® Products you buy from our authorized distributors, or from third party distributors who participate in programs providing benefits to Intel® Technology Provider Programs members ("Program Distributors"). We may collect your company's bank account information from you to enable the direct payment to your company's account of any Intel® Technology Provider Program financial incentives for which your company is eligible. We use this bank account information only for payment processing.

The information collected by the Intel® Technology Provider Programs may vary depending on the geographic region around the globe (e.g., Europe, Africa, Asia Pacific, Latin America or North America) for the program in which your company registers. Generally, a member profile contains only the information requested as part of the registration process for the Intel® Technology Provider Programs. Additional information may be collected when you register to enter a contest offered to program members, sign up for a program event or training activity and at other times when you access the Intel® Technology Provider Program websites.

Use of Your Information

Intel will not use or share your information in a manner that differs from what is described in this privacy statement without your prior consent. We use your information for the following purposes related to the Intel® Technology Provider Programs:

- To deliver member benefits such as financial incentives or customer support programs
- To deliver member services such as newsletters, events or training activities
- To help us create and publish content relevant to you

PROPRIETARY AND CONFIDENTIAL

- To ensure our Intel® Technology Provider Program websites are relevant to the needs of our members
- To inform you of new product offerings, product discontinuances, special offers, updated information and other benefits or services available to members

Sharing of Your Information

We will not sell or rent your information. Intel may provide some or all of your personal or business profile information to certain of our direct customers in the distribution channel (specifically our authorized distributors), to Program Distributors, or third-party service providers to help us deliver products, information, benefits and services for the Intel® Technology Provider Programs (collectively referred to as "Authorized Third Parties"). Except for Authorized Third Parties, we will not provide your information to other companies or individuals without your permission.

Intel® Authorized Distributors and Program Distributors

Intel collects sales out data from its authorized distributors and Program Distributors, and uses this information for assessing your company's status in the Intel® Technology Provider Programs as well as determining the appropriate financial benefits, customer support programs or other program benefits or services for which you may be eligible. We will provide our authorized distributors and Program Distributors with the information they need in order to enable us to deliver to you relevant member benefits or services for the Intel® Technology Provider Programs. Our authorized distributors and Program Distributors, and their employees are prohibited from using the information that Intel provides to them for any purpose other than as instructed by Intel and Intel takes reasonable steps to ensure they adequately protect your information on Intel's behalf.

Third-Party Service Providers

Intel occasionally hires other companies to provide limited marketing services on behalf of the Intel® Technology Provider Programs, such as delivering email newsletters or prizes won in a contest, providing customer support services, hosting web services, processing training or other event registration, conducting program questionnaires, surveys, promotions or contests, processing payments for financial benefits or performing statistical analyses of our Intel® Technology Provider Programs. Intel will provide these third-party service providers with the information they need in order to deliver the benefits or services on behalf of the Intel® Technology Provider Programs. Our third-party service providers and their employees are prohibited from using the information that Intel provides to them for any purpose other than as instructed by Intel and Intel takes reasonable steps to ensure they adequately protect your information on Intel's behalf.

Other Disclosures

Intel may disclose your personal and business information if required to do so by law as necessary to respond to subpoenas, court orders, or other legal process. We also may choose to establish or exercise our legal rights to defend against legal claims. We may collect and possibly share your information in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, protect and defend the rights or property of Intel, situations involving potential threats to the physical safety of any person, violations of Intel's terms of use, or as otherwise required by law.

Protecting Your Information

Intel is committed to protecting the security of the information you provide to us as part of the Intel® Technology Provider Programs. We use a variety of security technologies and procedures and take reasonable and appropriate steps to protect the information that you share with us from unauthorized access, use or disclosure. For example, we store the personal and business profile information we collect in computer servers with limited access that are located in controlled facilities. Whenever we collect sensitive information, such as your company's bank account information or your company's sales out data of Intel's products sold through Intel's authorized distributors, we will take reasonable security measures to protect your information, such as encrypting the information in storage and transmission using encryption devices.

Tracking Activity on Our Websites

Registering on the Intel® Technology Provider Program Websites

When you browse any of the Intel® Technology Provider Program or Reseller Center websites and have not registered for any online service from Intel, you browse anonymously. Personal or business profile information-such as your name, address, phone number, and e-mail address-is not collected as you browse.

You will be asked to create a password for your account when you register for the Intel® Technology Provider Programs. At the time of registration, you will be requested to provide a secret answer to one of several predefined questions. We use your secret question and answer to help verify your identity to the Intel® Technology Provider Programs if there are account issues, such as needing to reset your password. Becoming a registered user enables you to view your confidential account information for the program(s) in which you are enrolled, access content that is available only to program members and perform other confidential transactions.

Use of Cookies and Other Tracking Technologies Cookies

We track how our Intel® Technology Provider Program websites are used by both anonymous visitors and our program members. One way we track web activity is by using a small text file that is sent to your browser known as a "cookie." Cookies collect information such as Internet domain and host names, Internet Protocol (IP) address, browser software and operating system types (e.g., Chrome or Internet Explorer), click-stream patterns and dates and times that our site is accessed. We also use cookies to collect information on which newsletter links are clicked by program members or whether you responded to a banner ad from outside our site or through an email link. This information is used to help us ensure we are communicating information program members want to read. It is collected in the aggregate form and not linked with individual personal information. A cookie cannot retrieve any other data from your hard drive, pass on computer viruses, or capture your e-mail address or any other personal information. Cookies from our Intel® Technology Provider Program websites can only be read by Intel websites.

Most browsers allow you to control cookies, including whether or not to accept them and how to remove them. If you choose to disable cookies in your browser, you will be able to view the text on the screens; however, you will not be able to access many important functions of the Intel® Technology Provider Programs or the Reseller Center websites and you will not experience a personalized visit.

Other Tracking Technologies

Another way we track website activity on the Intel® Technology Provider Program web pages is by using transparent electronic images called "clear

PROPRIETARY AND CONFIDENTIAL

GIFs, "Web bugs," or "Web beacons". This technology counts the number of users who visit a particular Intel® Technology Provider Program web page from specific banner ads outside the Intel® Technology Provider Program website or who clicked on links or graphics included in e-mail newsletters you receive from Intel. We do not use this technology to collect or access your personal information. Rather we use this technology as a tool to compile aggregated statistics about the usage of the Intel® Technology Provider Program websites. We may share aggregated site statistics with our service providers for the Intel® Technology Provider Programs. We do not share these aggregated site statistics with third party companies and do not allow other companies to place clear gifs or other tracking technologies on our sites.

Personalization of Program Benefits or Services

In order to provide you with a meaningful web experience and to improve the quality of services available through the Intel® Technology Provider Programs, Intel may customize its Intel® Technology Provider Program websites or email newsletters for program members based on information you provide to us both in individual (e.g., preferences, job function) and aggregate form (e.g., business profile, sales out information) to provide you information about our products or services that are of interest to you and better meet your needs based on your expressed preferences. In addition, Intel may track or collect behavioral data (e.g., newsletter or web 'clicks') and aggregate it at a role/job function level to personalize information at the role/job function level (e.g., a technical programmer may click on support information more often than another job role, so Intel may provide them with more support-type information).

Our third-party service providers may send you periodic email newsletters on behalf of Intel informing you about our products and services, as well as activities or events concerning the Intel® Technology Provider Programs. These third-party service providers may use software tools to track, measure and collect page interaction information, such as the links on which you clicked in a newsletter, based on a unique identification number that is assigned to your email address. They also retain and report to Intel the individual clicks in the newsletters solely for the purpose of analyzing product preferences and customizing subsequent email newsletters to include products or services that may be of interest to you. Occasionally Intel may include in its email newsletters information about other companies' services and products that are complementary to Intel's product or service offerings. We do not sell, rent or lease your information to these third party companies. Each email newsletter contains a link that allows you to unsubscribe for the newsletter at any time.

Data Storage

Many of our Intel® Technology Provider Program websites that collect information will store and process that information in databases in the United States; however, we may transfer your personal information to Intel Corporation in the US, to any Intel subsidiary worldwide or to third parties acting on behalf of Intel or an Intel subsidiary for the purposes of processing and/or storage. By using any of the Intel® Technology Provider Program websites, you consent to any transfer of your information outside of your country. Intel complies with all applicable laws around the globe that are designed to protect your data and abides by the Safe Harbor framework as set forth by the U.S. Department of Commerce regarding the collection, use and retention of data from the European Union. Although legal requirements may vary from country to country, Intel adheres to the principles set forth in this privacy statement and strives to provide adequate protection for your information no matter where that information is collected, transferred or retained.

Updating Your Information

Accurate contact and business profile information allows our Intel® Technology Provider Programs to learn more about your business and tailor messages, benefits and program offerings to suit your needs. We provide you with the means to ensure that the information you provide to Intel is correct and current. Click on the 'My Account ' link on your Intel® Technology Provider Program website to update your information.

Enforcement of this Privacy Statement

Should you have any additional privacy questions or comments related to this privacy policy, please use [this form](#) to contact us.

Changes to this Privacy Statement

Intel may occasionally update this privacy statement. When we make any changes to this privacy statement, we will also revise the "last updated" date at the top of the privacy statement. Intel will notify you of changes to this privacy statement by placing a prominent notice of change on the Intel® Technology Provider Program websites for a reasonable period of time or by any method customarily used for communicating with members of the Intel® Technology Provider Programs including, but not limited to, electronic mail.

Intel® Active Management Technology: Privacy Statement Last updated: 4/13/2010

Intel Corporation is committed to protecting your privacy. This statement describes what privacy-sensitive functions and capabilities Intel® Active Management Technology (Intel® AMT) enables, what Intel® AMT allows and does not allow IT administrators to do, and indicates the types of data Intel AMT stores on the user's system. This statement is supplemental to [Intel's Online Privacy Notice](#) and applies to Intel AMT only.

What is Intel AMT?

Intel AMT enables the Out-Of-Band (OOB) remote support and management of networked computer systems, in the enterprise, by authorized IT administrators.

What are the potential privacy issues raised by Intel AMT?

Remote management capabilities have been available from software vendors, and have been in use by many organizations' IT departments, for a considerable time.

However, Intel AMT allows IT administrators to remotely support and manage a user's computer, even if the user is not present or has turned off the computer.

PROPRIETARY AND CONFIDENTIAL

How can the user tell whether Intel AMT is enabled on the system?

Intel has developed a status icon to provide transparency and notification to the end user about the current status of Intel AMT. Currently, the standard Intel AMT software includes an Intel® Management and Security Status (IMSS) icon application that is installed along with drivers and services. The IMSS icon (located in the O/S system tray) displays the current status of Intel AMT on the system (enabled or disabled) and also provides instructions on how to enable/disable Intel AMT capabilities. Intel strongly recommends that OEMs load IMSS icon application, and at the present time all OEMs are doing so. However, in the future OEMs may elect not to comply with this recommendation by Intel, and additionally end-customer IT managers may choose to remove the application prior to providing Intel AMT-enabled systems to end-users. Users can also check the status of Intel AMT in their computer's BIOS settings. However, it is important to note that some enterprise IT departments may not grant users the required access to the BIOS that is necessary to enable/disable Intel AMT or check Intel AMT status.

What personal information does Intel AMT collect from the user?

Intel AMT does not collect any personal information (for example, name, address, phone number, etc.) from the user.

What type of information is sent by Intel AMT to Intel Corporation and how is that information used?

Intel AMT does not send any data to Intel Corporation.

What type of information does Intel AMT store?

Intel AMT stores information in flash memory on the system motherboard. This information includes firmware code, hardware inventory data (for example, memory size, CPU type, hard-disk type), an event log which records platform events (for example, CPU heating up, Fan Failure, BIOS POST message), Intel AMT security events (for example, a warning of Intel AMT password attack event, or System Defense filter tripping), as well as Intel AMT configuration data (for example, network settings, access control lists, and universal unique identifiers (UUIDs), including provisioning data, LAN MAC address, keys, KVM passwords, TLS certificates, and IT configured wireless network profiles). All configuration data that is deemed sensitive is stored in an encrypted form on the flash. More information regarding UUIDs may be found in the section below.

In addition, Intel AMT allows registered Independent Software Vendor (ISV) applications to store data on an area of the flash memory repository known as third party data store (3PDS). While Intel communicates what it believes to be best privacy practices for responsible data management to its ISVs, ultimately Intel does not make the determination as to what data may be stored in this area of flash memory and does not support encryption methods for ISV data. ISVs are therefore encouraged to encrypt their data prior to storing it on the flash if they deem their data to be sensitive. If you have concerns about potential privacy risks due to the data stored here, please contact the appropriate third-party software developer for further details regarding the type of information they are storing in the 3PDS area and how it is protected.

How does Intel AMT use UUIDs? What functionality do UUIDs enable and not enable on Intel AMT-enabled platforms?

Universal unique identifiers (UUIDs) are artifacts used by Intel AMT for a number of purposes, including the provisioning process, the security of the system (for example, passwords, keys, and TLS certificates), and to ensure that IT administrators are able to accurately connect to and manage a particular user's system within an enterprise.

Intel has not created any UUIDs to enable the functioning of Intel AMT, nor are UUIDs something new to Intel AMT. UUIDs are present in virtually all modern PCs, and are commonly installed by OEMs on all platforms, without relation to Intel AMT. Indeed, UUIDs are currently utilized by applications found on many PCs to isolate unique system information in order to provide expected functionality, such as the delivery of Operating System or virus control system updates. Intel AMT uses platform UUIDs in a very similar fashion – the primary difference being that in order to enable Intel AMT to access the UUID OOB, the UUID is copied to the flash memory repository.

It is important to note that the UUIDs on Intel AMT-enabled systems cannot be used by Intel to track users or their PCs, nor do they allow Intel to access user systems via a back door into the platform, nor do they allow Intel to force firmware down to the platform without user consent. Any UUID stored in flash by Intel AMT is only accessible to authorized IT administrators for a particular Intel AMT-enabled platform. The list of authorized IT administrators is configured by the end customer IT during a protected process using either enterprise certificates or physical presence at the Intel AMT system (via BIOS menu or USB key) to establish trust, and thus occurs entirely with consoles residing on trusted servers designated as such by the end customer IT. In other words, neither UUIDs nor any other information can be communicated to or from any party external to the end customer via Intel AMT unless the end customer expressly configures this. To identify authorized administrators for a particular system, see the Intel AMT Software Developer Kit (SDK) documentation available at softwarecommunity.intel.com/communities/manageability, which provides an API to retrieve the ACLs or the Kerberos authorized accounts.

What type of information does Intel® Active Management Technology (Intel® AMT) send across the network?

Intel AMT sends and receives data over predefined IANA network ports: port 16992 for SOAP/HTTP, port 16993 for SOAP/HTTPS, port 16994 for Redirection/TCP, and port 16995 for Redirection/TLS. DASH compliant systems will send and receive data over ports 623 for HTTP and 664 for HTTPS. The Keyboard-video-mouse (KVM) session can run either over the above redirection ports (16994 or 16995) or over the customary RFB (VNC Server) port - 5900. The type of information sent over the network includes Intel AMT command and response messages, redirection traffic, and system alerts. Data transmitted over ports 16993 and 16995 is protected with Transport-Layer Security (TLS) if that option is enabled on the user's system.

Intel AMT may send data over either an IPV4 or IPV6 network and is compliant with RFC 3041 privacy extensions.

PROPRIETARY AND CONFIDENTIAL

What does Intel AMT allow an authenticated IT administrator to do?

- Remotely power up, power down, and reboot the system for troubleshooting and repair.
- Remotely troubleshoot the system even when the host operating system is off or damaged.
- Remotely review and change BIOS configuration settings on the system. If the BIOS screen is password-protected, the IT administrator will have to retrieve and type in this password first. (Intel AMT does not provide an override for the BIOS password).
- Configure network traffic filters to protect the system.
- Monitor registered applications in execution on the system (for example, whether antivirus software is running).
- Receive alerts generated by the Intel AMT firmware reporting events on the user's system that may require technical support, such as: CPU heating up, Fan Failure, or System Defense filter tripping. Further examples are available publicly at www.intel.com/software/manageability.
- Remotely troubleshoot the user's system by redirecting the boot process to a floppy disk, CD-ROM or an image located on the IT administrator's system.
- Remotely troubleshoot the system by redirecting keyboard input and text-mode video output on the user's systems to the IT administrator's system.
- Remotely troubleshoot the system by redirecting keyboard, video, and mouse to and from the user's system and the IT administrator's system (KVM redirection).
- Configure in what network environments Intel AMT manageability functionality will be accessible (for example, by defining trusted domains).
- Use a registered ISV application to write/delete data on the flash repository (i.e., the 3PDS area).
- Identify the user's system on the enterprise network via a UUID.
- Unprovision AMT and delete Flash contents.
- Remotely connect to systems even outside of the Enterprise network using preconfigured Client-Initiated-Remote-Access (CIRA) profiles.

Does Intel AMT allow an authenticated IT administrator to access a user's local hard drive(s)?

During a remote management session, the IT administrator does have access to the user's local hard-drives. What this means is that the IT administrator could read/write files from the user's hard disk, for instance, to repair the user's system by recovering or reinstalling a faulty application or OS. Intel AMT supports two features that help mitigate potential privacy risks raised by providing IT administrators with access to this type of information: IMSS and Audit Logging. Audit Logging capabilities provide a layer of administrator accountability by logging instances of IT administrator access to user systems via Intel AMT. However, what events are actually logged are defined by the auditor, which in the enterprise is not typically the user. While Intel recommends to its customers that remote access to the Intel AMT system is the type of information that should be logged, it is possible that this information will not be available to users in some enterprise environments. Information regarding how IMSS can provide users with notifications of instances where IT administrators have accessed their system is provided immediately below.

Does Intel AMT KVM Redirection allow an authenticated IT administrator to take remote control of a user's PC as if they are physically sitting at their keyboard?

During a remote management session with KVM redirection, the IT administrator does have control of the user's PC as if they were sitting at their keyboard. With respect to the KVM redirection session, Intel AMT enables the requirement that a KVM session cannot be started without the explicit consent from the user (KVM opt-in). To enforce the user's consent to opt-in to the redirection session, a secure output window ("sprite") is displayed on the user's screen, on top of any other window, in which the user is prompted to read out to the IT administrator a randomly-generated number. Only if the IT administrator types in the correct session number will the KVM session begin. Once a valid KVM session was invoked, the user's entire screen will be surrounded by a Red bar – indicating that an IT administrator is in the process of a KRM remediation session. This Red bar will persist as long as the session is active.

According to the OEM's settings, SOL/IDER or KVM features in Intel AMT are enabled or disabled in the BIOS. The requirement for KVM opt-in may be changed by the IT administrator through BIOS settings. Intel recommends utilizing the obligation for the user's consent in order to maintain his privacy.

How can the user tell whether an IT administrator has accessed the system through Intel AMT?

The IMSS icon enables and supports user notifications for several events, including whether an IT administrator is accessing or has accessed their system through the opening/closing of a remote redirection session (i.e., SOL/IDER), as well as System Defense activation and Remote-Boot of the user's system by an IT administrator. However, the events that are actually enabled by the IMSS, in an enterprise setting, are defined by an IT administrator, not the user. While Intel recommends that those enterprises deploying Intel AMT systems enable the IMSS notifications referred to in this paragraph, it is possible that information regarding remote connections to the Intel AMT system may not necessarily be available to all users.

How can a user clear all Intel AMT configuration and private data?

Intel AMT provides BIOS options to partially/fully unprovision an AMT system. Intel recommends end-users to fully unprovision a system before resale/recycling and verify that AMT is fully unprovisioned if you purchase a used AMT capable system.

Privacy statement updates

We may occasionally update this privacy statement. When we do, we will revise the last updated date at the top of the privacy statement.

For more information

Should you have any questions or would like more information about this privacy supplement, please use [this form](#) to contact us.

Intel Cookies and Similar Technologies Notice

Our Sites (as defined below) use Cookies and Similar Technologies to ensure that we give our visitors the best possible experience by providing you personalized information, remembering your marketing and product preferences, and helping you obtain the right information. You can find out more about Cookies and Similar Technologies, how we use them, and [how to control them](#) below.

Use of Cookies and Similar Technologies

This Notice describes how Intel, our partners, and our other third parties use Cookies and Similar Technologies (such as pixel tags, web beacons, clear GIFs, JavaScript, and local storage). We will refer to these Cookies and Similar Technologies simply as “Cookies” for the rest of Notice. We will also describe what options you may have regarding those Cookies. This Notice covers Intel’s use of Cookies that may be used in connection with the web sites (including mobile web sites and apps) owned and controlled by Intel (the “Sites”).

In some cases, we may use Cookies to collect information that is personally identifiable, or that can become personally identifiable if we combine it with other information. In such cases, the [Intel Privacy Notice](#) will apply in addition to this Intel Notice.

What are Cookies and Similar Technologies?

Cookies are small files—usually consisting of letters and numbers—placed on your computer, tablet, phone, or similar device, when you use that device to visit a web site. Cookies are widely used by web site owners to make their web sites operate, work more efficiently, and provide analytic information. These are the different types of Cookies we and our service providers may use on our Sites:

- **Essential Cookies.** These Cookies are required for the operation of our Sites (for example, to enable you to log into secure areas of our web site or use a shopping cart). These Cookies enable you to move around the Sites and use their features. Disabling these Cookies will encumber the Sites’ performance and may make the features and service unavailable.
- **Analytics and Customization Cookies.** These Cookies allow us to analyze activities on our Sites and on other sites where we post content in order to improve and optimize the way our Sites work. For example, we may use these types of Cookies to ensure that visitors can easily find the information they are looking for on our web sites. One way we do this is to recognize and count the number of visitors and see how they move around our web site when they are using it. Analytics cookies also help us measure the performance of our advertising campaigns in order to help us improve our advertising campaigns and to optimize our Sites’ content for those who engage with our advertising.
- **Functionality Cookies.** These Cookies are used to recognize you when you return to our Sites. This enables us to personalize our content for you, greet you by name, and remember your preferences (for example, your choice of language or region).
- **Advertising Cookies.** These Cookies record your online activities, including your visits to our Sites, the pages you have visited, and the links and advertisements you have clicked. One purpose of this is to help make the content displayed on our Sites more relevant to you. Another purpose is to allow us and our service providers to deliver advertisements or other communications to you that are designed to be more relevant to your apparent interests. When we and our service providers do so, this also involves partners such as publishers, data management platforms, and demand side platforms that help to manage the data. For example, if you look at one page on one of our Sites, we may cause an advertisement to be delivered to you, on our Sites or on other sites, for products referenced on that page or for similar products and services. We and our service providers and partners may also append other data to information collected by these Cookies, including information obtained from third parties, and share this information with third parties for the purpose of delivering ads to you.
-

How does Intel Collect and Use Other Information?

We and our service providers may use Cookies for a variety of purposes, including to:

- Help us and third parties obtain information about your visits to the Sites;
- Process your orders;
- Analyze your visiting patterns to improve our Sites;
- Deliver advertising, communications, and content from us and third parties, on our Sites and those of third parties, specific to your interests;
- Remember your language and other preferences;
- Help you obtain information you are looking for;
- Provide a safe and secure service for online transactions;
- Measure how many people use our Sites, and how they use them, to keep our Sites running efficiently and to better understand our Sites’ audiences.
- If you register on one of our Sites, or otherwise provide us with your personal information, we may associate that information with other information we collect from or about you or that you provide, information regarding your use of our Sites, or information we receive from or about you from third parties. We will use this combined data for marketing and analytics purposes.

How Long do Cookies Stay on My Device?

Other Cookies operate from the time you visit an Intel service to the end of that particular web browsing session. These Cookies expire and are automatically deleted when you close your Internet browser. These Cookies are called “session” Cookies.

Some Cookies will stay on your device between browsing sessions—they do not expire when you close your browser. These Cookies are called “persistent” Cookies. The length of time a persistent Cookie stays on your device varies from Cookie to Cookie. We and others use persistent Cookies for a variety of purposes, such as to store your preferences so that they are available for the next visit, and to keep a more accurate account of how often you visit our Sites, how often you return, how your use of the Sites may vary over time, and the effectiveness of advertising efforts.

Who Puts the Cookies on My Device?

Cookies may be placed on your device by Intel as the Site operator. These Cookies are called “first party” Cookies. Some Cookies may be placed on your device by a party other than Intel. These Cookies are called “third party” Cookies. For example, an Intel partner may place a third party Cookie to enable online chat services.

Cookies may also be used that allow us and third parties to know when you visit our Sites, and to understand how you interact with e-mails, advertisements, or other content. Through Cookies, aggregate and other information not identifying individual users (such as your operating system, browser version, and the URL you came from, including from e-mails and advertisements) may be obtained and used to enhance your experience and understand traffic patterns. This technology counts the number of users who visit a particular service from specific banner advertisements outside the Intel Site or who clicked on links or graphics included in e-mail newsletters received from Intel. It is also used as a tool to compile aggregated statistics about how Intel Sites are used, to perform analytics and help us to optimize our Sites, and to help serve you advertising based on your interests, as described in further detail below.

How does Intel Use Online and Mobile Advertising?

We and third parties, including technology partners, and service providers engage in interest-based advertising to deliver advertisements and personalized content that we and other advertisers believe will be of interest to you. To the extent third party vendors are using Cookies to perform these services for Intel or others, Intel does not control the use of this technology or the resulting information, and is not responsible for any actions or policies of such third parties.

Ads may be delivered to you based on your online or mobile behavior (on Intel Sites and non-Intel sites), your search activity, your responses to one of our advertisements or e-mails, the pages you visit, your general geographic location, or other information. These ads may appear on our Sites or on third party web sites. The technology partners with whom we work to help us conduct interest-based advertising may be members of self-regulatory associations such as the [Network Advertising Initiative \(NAI\)](#) and the [Digital Advertising Alliance \(DAA\)](#). For Sites directed at persons located in the European Union, we may work with technology partners who are members of the [European Digital Advertising Alliance \(eDAA\)](#). You may also see advertisements for third parties on Intel Sites or other web sites or properties, based on your visits to, and activities on, Intel Sites and other sites.

How do I Manage Cookies?

You can decide whether or not to accept Cookies. One way you can do this is through your Internet browser’s settings. Most Internet browsers allow some control of most Cookies through the browser settings (Please note that if you use your browser settings to block all Cookies you may not be able to access parts of our web site.). The following web sites provide information on how to adjust the Cookies settings on some popular browsers:

- [Apple Safari*](#)
- [Google Chrome*](#)
- [Microsoft Internet Explorer*](#)
- [Mozilla Firefox*](#)

You can also use a browser plug-in such as [Ghostery*](#) from Ghostery, Inc. or the [Tracking Protection List*](#) from TRUSTe. (A browser plug-in is a piece of software which adds extra capabilities to your browser—for example, to play video or scan for viruses.) Adobe Flash Player* is software for viewing multimedia on a computer. Web sites that use Adobe Flash* may store flash cookies on user’s devices to remember settings, preferences, and usage similar to other types of Cookies. These flash Cookies may also be known as Flash Local Shared Objects (LSOs). Intel may use Flash LSOs to provide special content, such as video and animation playback. You can find a good summary of how to manage Flash LSOs at http://www.macromedia.com/support/documentation/en/flashplayer/help/settings_manager03.html.

To find out more about interest-based advertising and your choices, visit these sites: [Digital Advertising Alliance](#), the [Network Advertising Initiative](#), and the [Interactive Advertising Bureau \(IAB\) Europe](#). You can opt out of the use of Cookies to tailor content or advertising to you by visiting the following links. Note that if you choose to opt out, you won’t necessarily see fewer ads. However, the ads you see may be less relevant to your interests.

- http://www.networkadvertising.org/managing/opt_out.asp
- <http://www.aboutads.info/choices>

How does Intel respond to a Do Not Track signal?

There is currently no industry agreed upon response to a Do Not Track signal. At this time, Intel Services and websites do not function differently based on a user’s Do Not Track signal. For more information on Do Not Track, see [All About Do Not Track](#).

Privacy at Intel

Intel is committed to privacy. For more information about Intel’s approach to privacy see our [Intel Privacy Notice](#) and the [Intel Code of Conduct](#).

How to Contact Us

If you have any questions about how Intel uses Cookies, you can contact Intel by using the [Contact Us](#) form or send a letter to the mailing address below. Please include your contact information, the name of the Intel web site or service, and a detailed description of your request or Cookie concern.

Santa Clara, CA 95054 USA

This Notice updates and supersedes [previous versions](#). We may change this Notice at any time.

The "LAST UPDATED" section at the bottom of this page lists when this Notice was last revised. Any changes to this Notice will become effective when we make the revised Notice available on or through the Sites.

LAST UPDATED: March 20, 2015

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Intercede Group** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

INTERCEDE GROUP

INTERCEDE GROUP LICENSE, WARRANTY AND SUPPORT TERMS

1. Definitions.

(A) Reserved.

(B) "Documentation" means the manuals, handbooks and other written materials related to the use of the MyID Products, whether in hard copy or soft copy form, that Intercede provides and that customarily accompany the MyID Products.

(C) "MyID Products" mean the MyID Software and Documentation provided to Customer under this Agreement.

(D) "MyID Software" means the software licensed by Customer under this Agreement, consisting of a series of instructions or statements in machine-readable, object code form only.

2. License.

(A) License for MyID Software. Intercede hereby grants, and Customer hereby accepts, a non-exclusive, non-transferable license to use the MyID Software in accordance with the instructions contained in the Documentation. Customer may make a reasonable number of copies of (1) the MyID Software for backup, testing, disaster recovery or archival purposes only and (2) the Documentation for its internal use only, so long as Customer also reproduces on such copies any copyright, trademark or other proprietary markings and notices contained on the MyID Software and Documentation and does not remove any such marks from the original.

(B) Restrictions on License for MyID Software.

(1) Incorporation of Restrictions in Invoice and Other Documents. Customer's purchase order, sales quotation or invoice, or user license certificate for the MyID Products may contain limitations with respect to the number of users, servers, asserting and relying parties, functionality options and/or other restrictions. In such a case, such limitations and restrictions are incorporated herein by reference.

(2) Restrictions on Access, Copying and Sublicensing. Customer shall not cause or permit (a) access (except to its employees, agents and consultants with a "need to know" who are bound in writing by non-disclosure obligations suitable to protect Intercede's interests in the MyID Software but no less restrictive than Customer's obligations herein), (b) copying (except as set forth in Section 2(A) above), (c) disclosure to any third party of the results of any benchmarking or competitive analysis of the MyID Software that Customer may perform, or (d) sublicensing or other dissemination of the MyID Software, in whole or in part, to any third party without Intercede's prior written consent.

(3) Third Party Software. If the MyID Software contains or is bundled with third party software, then Customer may use such third party software solely (a) for the purpose such software is included with the MyID Software and (b) for use with the particular MyID Software that Customer has licensed from Intercede as set forth in the Documentation. Customer shall not use any third-party software embedded in or bundled with the MyID Software as a standalone program or in any way independently from the MyID Software.

(4) No Modification of MyID Software. Customer shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the MyID Software to human readable form without Intercede's prior written consent.

3. Ownership and Intellectual Property Rights.

(A) Ownership of MyID Products. Intercede is the exclusive owner of the MyID Software and Documentation (including revisions, modifications and enhancements thereto) and any other specifications, documentation, ideas, know-how, techniques, processes, inventions or other intellectual property that Intercede may develop, conceive or deliver under this Agreement, including all patents, copyrights and other intellectual property rights thereto.

(B) Ownership of Trademarks. By this Agreement, Customer acquires no rights of any kind in or to any Intercede trademark, service mark, trade name, logo or product designation and shall not make any use of the same for any reason except as expressly authorized by this Agreement or otherwise authorized in writing by Intercede. Customer shall cease to use in any manner such markings or any similar markings upon the expiration or termination of this Agreement.

4. Reserved.

5. Warranty.

(A) MyID Software Warranty. Intercede warrants that the MyID Software will operate in material conformance to the Documentation for such MyID Software during the first 90 days after Customer's initial receipt of the MyID Software (the "Warranty Period"). Intercede does not warrant, however, that the MyID Software or any portion thereof is error-free. If Customer discovers a non-conformity in the MyID Software during the Warranty Period, then

PROPRIETARY AND CONFIDENTIAL

Customer shall submit to Intercede a written report describing the non-conformity in sufficient detail to permit Intercede to reproduce such non-conformity. If Intercede successfully reproduces the reported non-conformity and confirms that it is a non-conformity, then Intercede shall use reasonable efforts, at its option, to (1) correct the non-conformity, (2) provide a work around or software patch (a "Fix"), or (3) replace the MyID Software. If Intercede determines that none of these alternatives is reasonably available, then, upon Customer's request, Intercede shall refund any payments that Customer has made for the affected MyID Software and accept its return. This warranty applies only to the initial delivery of the MyID Software. All Fixes provided by Intercede constitute MyID Software hereunder and are governed by the terms hereof. Intercede warrants that each Fix will operate in material conformance to the Documentation for the applicable MyID Software during the first 30 days after Customer's initial receipt of such Fix or during the remainder of the initial Warranty Period, whichever is greater.

(B) Limitations of Warranty. The foregoing warranties do not apply if (1) repair or replacement is required as a result of causes other than normal use, including, without limitation, repair, maintenance or modification of the MyID Products by persons other than Intercede authorized personnel; Customer's accident, fault or negligence; operator error; Customer's failure to incorporate any Fixes that Intercede makes available to Customer; use of the MyID Products other than as set forth in the Documentation; or causes external to the MyID Products such as, but not limited to, failure of electrical power or fire or water damage; or (2) the MyID Products are used with software or equipment other than that for which they were designed as set forth in the Documentation.

(C) WARRANTY DISCLAIMER. OTHER THAN INTERCEDE'S EXPRESS WARRANTIES SET FORTH IN THIS SECTION 5, INTERCEDE AND ITS LICENSORS DISCLAIM ALL EXPRESS AND IMPLIED WARRANTIES AS TO ANY MATTER WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER'S SOLE REMEDY FOR BREACH OF SUCH EXPRESS LIMITED WARRANTIES IS A CORRECTION, FIX OR REFUND AS SET FORTH IN THIS SECTION 5.

1 INTRODUCTION

1.1 Purpose of the Service Level Agreement

This Service Level Agreement (SLA) provides an understanding of the service level expectation and defines a benchmark for measuring the performance of the service.

1.2 Service Level Agreement Period

This SLA will remain valid for a period specified on an ordering document.

2 Incident Reporting

All incidents must be reported through to the Help/Support Desk. Support will only be available between 9.00 am and 5.00 pm EST during normal US working hours, excluding US public holidays. Support will only be given using the English language.

Any support required outside this agreement must be agreed separately and Intercede reserve the right to make a time and materials based charge for this support.

The help desk can be contacted via support@intercede.com. All requests for support must be made by agreed nominated contacts (NC) from within the ordering activity. There will be 2 valid nominated contacts that have appropriate knowledge of the Intercede product set. Ordering Activity can purchase the right to nominate more than 2 nominated contacts on a separate ordering document.

Prior to any call to the help desk, it is the nominated contacts responsibility to check all basic system pre-requisites as defined in the manual, including troubleshooting. Intercede reserve the right to make a charge for support calls that fall into this category, by not being fully pre-checked.

All requests for support must provide details of the Company Name, Product Name and version, System details and a description of the issue, and where appropriate system and product log files.

All support calls will be registered in a call logging system, assigned a severity code, and allocated a unique reference number. Nominated contacts will be advised of the unique reference number on receipt of the support call. This severity code would be determined by agreement between Intercede Ltd and the nominated contact. The call would then be managed to resolution by Intercede

Any activities relating to each incident will be logged in the call logging system for monitoring and management reporting.

Once reported, all incidents will remain active, until ordering activity agrees to the successful resolution of the issue. At this stage the incident will be closed.

In the unlikely event that an on-site visit is required to resolve the support issue, Intercede reserve the right to make a charge for support and/or expenses dependent on the source of the issue.

2.1 Severity Codes

Severity - High

Critical part of system unavailable or major (or potentially major) impact on business.

Target response: 4hrs (and regular updates every hour) unless the call is placed after 4pm EST during the working day, in which case during the next working morning.

Severity - Medium

Part of system unavailable but non critical as the users can adapt business practices to get around the problem in the short term.

Target response: Same day unless call is placed after 10am EST, in which case next day.

Severity - Low

No immediate impact on business, inconvenient errors.

Target response: Next working day or as agreed with the caller requesting support

2.2 Incident Progressing

Each incident will remain with the support department who will update the status of the incident as each action is taken. Responsibility for the incident will remain with the Intercede Ltd support department to manage through to resolution to sign off by ordering activity.

Should further information be required the Intercede support department will contact the originator of the incident. If the originator contacts the Help/Support Desk with regard to a specific incident, the incident reference number must be quoted.

2.3 Escalation Procedures

Best endeavours will be made to answer calls effectively and it is expected that the customer will provide all such details as are requested by Intercede to help to resolve the given issue.

Intercede will process each call log to a completion agreed with the customer.

If the incident is not responded to within the agreed times specified against severity (as in 2.1), ordering activity may initiate the relevant escalation procedure.

The levels of escalation would be agreed and will typically be:

	Intercede	Ordering Activity
Level 1	Help/Support Desk	Nominated Contact
Level 2	Support Manager	IT / Project Manager
Level 3	Product Manager	Director

The levels assigned to the functions above are used in the escalation procedures shown below:

Severity - High	Level 2	When incident reported
	Level 3	Within 4 hours
Severity - Medium	Level 2	Within 1 day
	Level 3	Within 5 days
Severity - Low	Level 2	Within 5 days or As agreed

NOTE: Both Intercede and ordering activity will be responsible for communicating to the appropriate personnel within their respective organisations should escalation be necessary.

3 Problem Management

The Intercede Help/Support Desk would monitor incidents using response and resolution targets.

Response means the support team acknowledging receipt of the incident to the ordering activity nominated contact, agreeing the severity of the call, requesting further information as necessary, and conducting an initial investigation into the incident.

Resolution means providing an agreed solution to the problem. This could take the form of a short-term work around to meet the immediate need, or an agreement that the problem will be resolved in the next product release.

Intercede can 'stop the clock' while awaiting action or information (such as log file) from ordering activity.

4 Reserved.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Intermec Technologies Corporation** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

INTERMEC

INTERMEC LICENSE, WARRANTY AND SUPPORT TERMS

1.0 Definitions

- 1.1 "Documentation" means the materials accompanying the Software which describe its functions and how to install and use the Software.
- 1.2 "Intermec" means Intermec Technologies Corporation, and its affiliates..
- 1.3 "Revision" means any correction, modification, update, enhancement, or new version of the Software or Documentation.
- 1.4 "System" and "Devices" means the Intermec computer equipment You acquired and on which the Software was pre-installed or onto which it is to be installed.
- 1.5 "Software" means the computer program(s) acquired and installed on the System or any Revisions thereto. This may include programs written by Intermec as well as operating systems and application programs written by others which have been provided to You or installed on the System. Software will be provided to You in object code form only. The Software includes any disks or media on which it is recorded, any printed Documentation or any "on-line" or electronic Documentation.
- 1.6 "You" or "Your" refers to the Ordering Activity licensed to use the Software under this Attachment A.

2.0 License

- 2.1 Contractor hereby grants You a license to use the Software subject to the following terms and conditions.
- 2.2 The Software is licensed, not sold. Contractor hereby grants You a revocable, non-exclusive, terminable, limited license to use the Software on the System(s) for Your own internal business purposes. No other right or license is granted or implied. You agree not to modify, copy, distribute or otherwise disclose the Software without the prior written consent of Contractor. You further agree not to translate, reverse engineer, disassemble, de-compile, or otherwise attempt to discover the underlying source code of the Software. This license will terminate when You no longer own or You cease to use the System(s) on which You are licensed to use the Software.
- 2.3 You may not duplicate or copy the Software except that You may make a single copy of the Software solely for archival purposes. The archival copy must bear the copyright notices appearing in the original.
- 2.4 You may not sell, lease, rent, assign, sublicense, share, or transfer the Software except that You may transfer all of Your rights under this Attachment A as part of a sale or transfer of the System(s). Such a sale or transfer may only be made if You retain no copies of the Software, You transfer all of the Software (including any media, archival copies, upgrades and Documentation) and the recipient agrees to abide by the terms of this Attachment A. An upgrade may not be transferred unless You transfer all prior versions of the Software. In the event of any such transfer, You will remain liable and responsible to Contractor for the performance of all of Your duties and obligations under this Attachment A.
- 2.5 The Software is protected under the copyright laws of the United States and international copyright treaties, as well as other intellectual property laws and treaties. You acknowledge and agree that nothing in this Attachment A gives You any right, title or interest in the Software except the limited rights expressly granted herein. You acknowledge and agree that some or all of the Software may have been developed by an independent third party software supplier which holds copyright or other proprietary rights to the software product.
- 2.6 You may not remove, intentionally cover or alter any proprietary notices, copyright notices, labels or marks that are contained in or on the Software.
- 2.7 You agree that You will not export or import any portion of the Software to any country that is not party to either: (i) The Berne Convention of 1989, (ii) The Universal Copyright Convention, (iii) The Buenos Aires Convention, or (iv) a treaty with the United States of America (U.S.A.) which allows for the recognition of the property rights claimed by Intermec or its suppliers in the Software.
- 2.8 You agree to use the Software only in accordance with all applicable laws and regulations, including all applicable privacy laws.

3.0 Warranty

- 3.1 Contractor provides software on an "as is" basis only.
- 3.2 CONTRACTOR FURTHER DISCLAIMS THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE ERROR FREE. TO THE EXTENT PERMITTED BY LAW, THERE ARE NO WARRANTIES, CONDITIONS OR TERMS, WHETHER EXPRESS OR IMPLIED BY STATUTE, TRADE USAGE OR COURSE OF DEALING OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR TITLE. OTHER REPRESENTATIONS OR AFFIRMATIONS OF FACT, INCLUDING BUT NOT LIMITED TO, STATEMENTS REGARDING PERFORMANCE OF THE SOFTWARE NOT CONTAINED IN THIS ATTACHMENT A, WILL NOT BE BINDING ON INTERMEC OR ITS THIRD PARTY SOFTWARE SUPPLIERS.

PROPRIETARY AND CONFIDENTIAL

4.0 Data Charges

4.1 You understand and acknowledge that the use of the Software with mobile devices may result in the transmission of data to and from the mobile device and that such transmission of data to and from your mobile devices could result in additional carrier or service provider charges to You. CONTRACTOR DISCLAIMS ANY LIABILITY FOR AND IS NOT RESPONSIBLE FOR ANY CARRIER OR INTERNET SERVICE PROVIDER DATA COSTS OR CHARGES INCURRED BY YOU IN CONNECTION WITH YOUR USAGE OF THE SOFTWARE.

5.0 Compatibility

5.1 The Software is not compatible with all environments. Contact Intermec for information about hardware and/or software compatibility.

6.0 Support

6.1 Software support may be obtained from www.intermec.com or other location indicated in the Documentation. Contractor through Intermec will be Your primary contact for support even if the Software was written by one of Intermec's suppliers.

7.0 U.S. Government Acquisition

7.1 This provision applies to all acquisitions of this Software by or for the United States federal government. By accepting delivery of this Software the government hereby agrees that this Software qualifies as "commercial" computer software within the meaning of FAR Part 2.101, DFARS Part 227.7202-1, and DFARS 252.227-7014(a) (June 1995). The terms and conditions of this Attachment A will pertain to the government's use and disclosure of this Software, and will supersede any conflicting contractual terms or conditions. If this license fails to meet the government's minimum needs or is inconsistent in any respect with federal procurement law, the government agrees to return this Software unused to Intermec.

EXHIBIT 1 – PRODUCT WARRANTY

Contractor warrants the hardware products to be free from defects in material and workmanship under normal use and service. Contractor's obligation under this warranty is limited to correcting the defect in the product or any part thereof which is defective in material or workmanship and which within one (1) year from the date of shipment to Ordering Activity is returned to Contractor through Intermec with transportation charges prepaid. Ordering Activity must obtain a Return Material Authorization before the product may be returned. If Contractor determines the product failed due to defects in material or workmanship, Contractor shall repair or replace (at Intermec's option) the defective product free of charge.

Contractor's warranty for supplies; including spare parts, printheads, cutter assemblies, media, pre-printed labels and batteries is limited solely to free-of-charge replacement of such supplies within ninety (90) days of shipment to Ordering Activity. Replacement shall be determined by Contractor wherein such supplies fail to meet applicable specifications and were purchased directly from Contractor for use with Intermec products and provided Ordering Activity has complied with the handling, storage and shelf life requirements as specified by Intermec. Contractor shall have no responsibility whatsoever for consumable supplies purchased from any other source.

Contractor provides software on an "as is" basis only.

These warranties do not extend to any defect, fault, or accident, which is caused by improper or inadequate maintenance, installation or use by Ordering Activity or its customers; Ordering Activity's software, hardware or interfacing; modifications to the product(s) not authorized by Contractor; misuse or misapplication of the product(s) by Ordering Activity or its customers; operation of the product(s) outside environmental or electrical specifications; gross negligence, accident, or disaster.

Contractor shall not warrant and hereby specifically disclaims any express or implied warranty with respect to coverage by Intermec RF (Radio Frequency) products unless Contractor has performed a site survey installed the RF products. Ordering Activity releases Contractor from any and all liability related to coverage by the RF products if Contractor has not performed the described services.

Any representation or warranty made by any other person, including distributors, resellers, dealers, employees and representatives of Contractor, which are inconsistent or in conflict with or additive to the terms of this Warranty, shall not be binding on Contractor unless reduced to writing and approved in writing by an officer of Contractor.

THE ABOVE WARRANTIES ARE EXCLUSIVE OF, AND IN LIEU OF, ALL OTHER WARRANTIES, WRITTEN OR ORAL, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE. NO IMPLIED STATUTORY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY. CONTRACTOR SHALL NOT BE LIABLE FOR ANY DAMAGES SUSTAINED BY ORDERING ACTIVITY ARISING FROM DELAY IN THE REPLACEMENT OR REPAIR OF PRODUCTS UNDER THE ABOVE WARRANTY.

EXHIBIT 2 – MAINTENANCE SERVICES

MEDALLION STANDARD

Medallion *Standard* services are optional upgrades from the Intermec Standard Warranty that provide additional coverage for hardware failure and general wear and tear. Four levels of service are available to best suit your requirements covering both return to depot repair and on-site response offerings.

PROPRIETARY AND CONFIDENTIAL

Service Overview:

Contractor through Intermec provides a standard repair service for its branded hardware products for a period of up to 3 years from the initial hardware purchase. Extended coverage is also available for up to 3 years from the production end of build of the model. This service provides the repair or replacement (at Intermec's discretion) of faulty hardware components and includes:

- Access 24 hours/day, 7 days/week to Intermec's information and support tool. *Knowledge Central* is available at <http://intermec.custhelp.com>;
- Level 1 telephone support from one of our support technicians for troubleshooting assistance of hardware, software and installation issues. Contractor through Intermec will use commercially reasonable efforts to keep telephone support for this service available 5 days/week, 8 hours/day – excluding public and local holidays;
- Case management to help track resolution and escalation of issues;
- Escalation management to provide a single point of contact for incident management, escalation and status of incidents within the scope of this service;
- Repair or replacement (at Intermec's discretion) of faulty product, for faults caused by hardware failure due to reasonable wear and tear.
- For Medallion Standard – *Bronze, Silver and Silver Replacement*:
 - A return to depot repair service with three levels of turnaround;
 - Covers: parts, labor, and return freight;
 - Preventative maintenance is performed on the unit, where appropriate;
 - Devices are subject to a full functional test before being cleaned, re-packed and dispatched back to the supplied return address.
- For Medallion Standard – *Gold and Platinum*:
 - An on-site service with two levels of response;
 - Covers parts and labor (excluding print heads);
 - Devices are diagnosed and repaired on the customers' premises.

Service Exclusions:

Without limitation, this service does not include:

- Intermec products not covered by a valid Intermec service contract;
- Cost of carriage to an Intermec facility (Bronze & Silver only);
- Styluses, battery door covers, screen protectors, hand straps and clips;
- Ordering Activity replaceable spare parts including: cutter assemblies, print heads, media, pre-printed labels and batteries;
- Software re-installation, unless the repair requires a factory reset or software install to the latest factory version and this is not excluded within the terms of the contract with the customer;
- Components that are no longer available for purchase on a commercially reasonable basis;
- Equipment damaged during use for purposes other than for which the Equipment was designed;
- Equipment that has been damaged due to inadequate customer-provided transit packaging;
- Damage sustained due to negligence or abuse;
- Damage caused by a force majeure event;
- Equipment damaged by exposure beyond the Equipment's specified moisture, wind, dust, pressure, shock, temperature or over-voltage ratings.

Turnaround Times:

- Medallion® Standard – *Bronze* is a Return to depot 5 business day repair performed at an Intermec Repair Center;
- Medallion® Standard – *Silver* is a Return to depot 2 business day repair performed at an Intermec Repair Center;
- Medallion® Standard -- *Silver Replacement* is a return to depot 5 business day repair performed at an Intermec Repair Center, providing next business day replacement with a customer-owned, Intermec managed device;
- Medallion® Standard – *Gold* is an On-site service with a two business day response;
- Medallion® Standard – *Platinum* is an On-site service with a next business day response.

Support Procedures:

- For 24 x 7 support information, answers to common questions, or to request technical support, please visit our on-line Knowledge Central at <http://intermec.custhelp.com>;
- For all service requests, please visit <http://webapps.intermec.com/RMARequest/>
- To request a Service Repair you will need the following details:
 - Product Code;
 - Serial Number;
 - Fault Description;
 - Contract Number (if applicable);
 - Return to Address;
 - Contact Name;
 - Telephone number.

- Once you have completed the RMA request, you will be issued with an RMA number.
- For Medallion Standard – *Bronze, Silver and Silver Replacement*:
 - The address to return the faulty device(s) to will be provided during the RMA process;
 - Please print the shipping document and return your product to the address detailed on the RMA, ensuring a copy of the RMA shipping document is clearly visible.
- For Medallion Standard – *Gold and Platinum*:
 - A technician will be dispatched to arrive within the contracted timescale;
 - Service requests placed after 3pm local time, Monday to Friday will be deemed as having been placed on the next working day.

Ordering Activity Responsibilities:

In order to enable Contractor through Intermec to carry out its support obligations the Ordering Activity without limitation should:

- Check the Intermec on-line Knowledge Central for initial diagnosis and support actions;
- If a repair is required, request a Repair Authorization number using the RMA process outlined above;
- Where possible, provide a technically competent person with knowledge of the system and fault to actively assist in troubleshooting and diagnosis;
- Acknowledge responsibility for recovering your own application software after any Services have been provided;
- Any other actions that Intermec may reasonably request in order to best perform the service.
- For Medallion Standard – *Bronze, Silver and Silver Replacement*:
 - Return the faulty product to the address provided with the RMA Intermec in a timely manner;
 - Remove any replaceable items (SIM cards, SD cards, batteries etc).
- For Medallion Standard – *Gold and Platinum*:
 - Provide Intermec with full, safe and prompt access to the products;
 - Ensure the product is in an easily accessible location with adequate space, health and safety conditions;
 - Provide such telecommunication facilities as are reasonably required by Intermec for the performance of its obligations and for any other testing, diagnostic and remedial purposes at the Ordering Activity's expense.

Additional Information:

- All repair work and any parts used are supplied with a 90-day warranty valid from the date of repair.

MEDALLION SELECT

Intermec Medallion Select is a return to depot repair service covering hardware failure and limited accidental damage. Upon receipt of the faulty product, Contractor through Intermec trained staff will try to replicate the fault to effect the repair. The product will then be repaired using genuine Intermec parts and a full functional test is performed on the unit, before being cleaned, re-packed and returned within contracted turnaround time.

Service Overview:

Contractor through Intermec provides a standard repair service for its branded hardware products for a period of up to 3 years from the initial hardware purchase. This service provides the repair or replacement (at Intermec's discretion) of faulty hardware products and includes:

- Access 24 hours/day, 7 days/week to Intermec's information and support tool. *Knowledge Central* is available at <http://intermec.custhelp.com>;
- Level 1 telephone support from one of our support technicians for troubleshooting assistance of hardware, software and installation issues. Contractor through Intermec will use commercially reasonable efforts to keep telephone support for this Service available 5 days/week, 8 hours/day – excluding public and local holidays;
- Case management to help track resolution and escalation of issues;
- Escalation management to provide a single point of contact for incident management, escalation and status of incidents within the scope of this Service;
- Repair or replacement (at Intermec's discretion) of faulty product, for faults caused by hardware failure due to reasonable wear and tear or limited accidental damage sustained to screens, keypads, buttons and plastics. Covers the labor and the expedited repair or replacement of parts;
- Replacement of damaged styluses, battery door covers, screen protectors, hand straps or clips that are included with Equipment sent to the depot for repair;
- Preventative maintenance is performed on the unit, where appropriate;
- Devices are subject to a full functional test before being cleaned, re-packed and dispatched back to the supplied return address.

Service Exclusions:

Without limitation, this service does not include:

- Intermec products outside of their normal contract term;
- Devices that are beyond economical repair;
- Ordering Activity replaceable spare parts including: cutter assemblies, print heads, media, pre-printed labels and batteries

PROPRIETARY AND CONFIDENTIAL

- Software re-installation, unless the repair requires a factory reset or software install to the latest factory version and this is not excluded within the terms of the contract with the Ordering Activity;
- Components that are no longer available for purchase on a commercially reasonable basis;
- Equipment that has been damaged due to inadequate Ordering Activity-provided transit packaging;
- Damage sustained due to chronic negligence or deliberate abuse;
- Equipment damaged by a force majeure event;
- Equipment damaged by exposure beyond the Equipment's specified moisture, wind, dust, pressure, shock, temperature or over-voltage ratings.

Turnaround Times:

Medallion Select offers a return to depot repair and dispatch service on a best endeavours basis. Turnaround time is calculated as the time the faulty unit is in the Intermec Repair Center. Contracts are available providing three contracted turnaround times:

- Medallion® Standard – *Bronze* is a Return to depot 5 business day repair performed at an Intermec Repair Center;
- Medallion® Standard – *Silver* is a Return to depot 2 business day repair performed at an Intermec Repair Center;
- Medallion® Standard – *Silver Replacement* is a return to depot 5 business day repair performed at an Intermec Repair Center, providing next business day replacement of customer-owned, Intermec managed device.

Support Procedures:

- For 24 x 7 support information, answers to common questions, or to request technical support, please visit our on-line Knowledge Central at <http://intermec.custhelp.com>;
- For all service requests, please visit <http://webapps.intermec.com/RMARequest/>
- To request a Service Repair you will need the following details:
 - Product Code;
 - Serial Number;
 - Fault Description;
 - Contract Number (if applicable);
 - Return to Address;
 - Contact Name;
 - Telephone number.
- Once you have completed the RMA request, you will be issued with an RMA number and the address to return the faulty device(s) to.
- Please print the shipping document and return your product to the address detailed on the RMA, ensuring a copy of the RMA shipping document is clearly visible.

Ordering Activity Responsibilities:

In order to enable Contractor through Intermec to carry out its support obligations the customer without limitation should:

- Check the Intermec on-line Knowledge Central for initial diagnosis and support actions;
- If a repair is required, request a Repair Authorization number using the process outlined above;
- Return the faulty product to the address provided with the Intermec RMA in a timely manner;
- Remove any replaceable items (SIM cards, SD cards, batteries etc);
- Where possible, provide a technically competent person with knowledge of the system and fault to actively assist in troubleshooting and diagnosis;
- Acknowledge that they are responsible for recovering their own application software after any such Services have been provided;
- Any other actions that Intermec may reasonably request in order to best perform the service.

Additional Information:

- All repair work and any parts used are supplied with a 90-day warranty valid from the date of repair.

MEDALLION COMPLETE

Intermec Medallion Complete service is a return to depot repair service covering hardware failure and accidental damage. Upon receipt of the faulty product, Contractor through Intermec trained staff will try to replicate the fault to effect the repair. The product will then be repaired using genuine Intermec parts and a full functional test is performed on the unit, before being cleaned, re-packed and returned within contracted turnaround time.

Service Overview:

Contractor through Intermec provides a standard repair service for its branded hardware products for a period of 3 or 5 years from the initial hardware purchase (contract must be purchased within 30 days of the hardware sale). Extended coverage is also available for up to 3 years from the production end of build of the model. This service provides the repair or replacement (at Intermec's discretion) of faulty hardware products and includes:

- Access 24 hours/day, 7 days/week to Intermec's information and support tool. *Knowledge Central* is available at <http://intermec.custhelp.com>;
- Level 1 telephone support from one of our support technicians for troubleshooting assistance of hardware, software and installation issues. Contractor through Intermec will use commercially reasonable efforts to keep telephone support for this Service available 5 days/week, 8 hours/day – excluding public and local holidays;

PROPRIETARY AND CONFIDENTIAL

- Case management to help track resolution and escalation of issues;
- Escalation management to provide a single point of contact for incident management, escalation and status of incidents within the scope of this Service;
- Repair or replacement (at Intermec's discretion) of faulty product, for faults caused by hardware failure due to reasonable wear and tear or accidental damage sustained to screens, keypads, buttons and plastics. Covers the labor and the expedited repair or replacement of parts;

- Devices are subject to a full functional test before being cleaned, re-packed and dispatched back to the supplied return address.

Service Exclusions:

Without limitation, this service does not include:

- Intermec products outside of their normal contract term;
- Ordering Activity replaceable spare parts including: cutter assemblies, print heads, media, pre-printed labels and batteries;
- Software re-installation, unless the repair requires a factory reset or software install to the latest factory version and this is not excluded within the terms of the contract with the customer;
- Components that are no longer available for purchase on a commercially reasonable basis;
- Equipment damaged to the extent that the Equipment serial number is no longer verifiable;
- Equipment that has been damaged due to inadequate Ordering Activity-provided transit packaging;
- Damage sustained due to chronic negligence or deliberate abuse;
- Damage caused by a force majeure event;
- Equipment damaged by exposure beyond the Equipment's specified moisture, wind, dust, pressure, shock, temperature or over-voltage ratings.

Turnaround Times:

Medallion Complete offers a return to base depot and dispatch service on a best endeavours basis. Turnaround time is calculated as the time the faulty unit is in the Intermec Repair Center. Contracts are available providing three contracted turnaround times:

- Medallion® Standard – *Bronze* is a Return to depot 5 business day repair performed at an Intermec Repair Center;
- Medallion® Standard – *Silver* is a Return to depot 2 business day repair performed at an Intermec Repair Center;
- Medallion® Standard -- *Silver Replacement* is a return to depot 5 business day repair performed at an Intermec Repair Center, providing next business day replacement of customer-owned, Intermec managed device.

- Any other actions that Intermec may reasonably request in order to best perform the service.

Additional Information:

- All repair work and any parts used are supplied with a 90-day warranty valid from the date of repair.

PROPRIETARY AND CONFIDENTIAL

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Ivanti ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
- 3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

IVANTI

IVANTI LICENSE, WARRANTY AND SUPPORT TERMS

ATTACHMENT A - IVANTI END USER LICENSE, MAINTENANCE, AND SUPPORT SERVICES AGREEMENT

1. DEFINITIONS.

“Concurrent Users” means the maximum number of users that may concurrently use or access the Licensed Software.

“Documentation” means the user documentation IVANTI provides with the Licensed Software.

“Infringement Claim” means a claim by a non-affiliated third party against Ordering Activity asserting that Ordering Activity’s use of Licensed Software in accordance with this Agreement violates that third party’s patent, trademark, or copyright rights.

“IVANTI” means:

- Ivanti U.K. Limited, an English company, if Ordering Activity is purchasing any Licensed Software other than Wavelink or Naurtech branded Licensed Software and has its primary office located outside of North America, Central America, South America (excluding Brazil), (collectively, the “Americas”), Japan or the People’s Republic of China.
- Ivanti International Limited, an Irish company, if Ordering Activity is purchasing Wavelink or Naurtech branded Licensed Software and has its primary office located outside of the Americas), Japan or the People’s Republic of China.
- Ivanti, Inc., a Delaware corporation, if Ordering Activity has its primary office located in the Americas.
- Ivanti Comércio de Software Brasil Ltda, a Brazilian company, if Ordering Activity has its primary office located in Brazil.
- Ivanti Software K.K., a Japanese company, if Ordering Activity has its primary office located in Japan.
- Ivanti (Beijing) Information Technology Co., Ltd., a Chinese company, if Ordering Activity has its primary office located in the People’s Republic of China.

“Licensed Software” means the software, in object code form, and any Documentation accompanying this End User License Agreement (EULA) or the software.

“Ordering Activity” means the person or entity licensing the Licensed Software from IVANTI pursuant to this EULA.

“Maintenance” means IVANTI’s provision of Updates and Upgrades to the applicable Licensed Software.

“Node” means each electronic device using the Licensed Software including without limitation (a) a physical device such as a computer, handheld device, workstation, console, Seat, server, or any other electronic device; (b) a virtual machine, such as an operating environment that may be running concurrently with another operating environment on a single physical device; or (c) for the IVANTI Antivirus for Mail Servers product, an electronic or virtual mailbox (e.g., a mailbox for email).

“Node Count Data” means information periodically generated by the Licensed Software about (a) the quantity and type of current usage of the Licensed Software on a server, and (b) the non-personal, encrypted hardware configuration of that server.

“Seat” means the number of Concurrent Users authorized to use the Licensed Software.

“Support Services” means the services regarding installation, configuration and usage detailed at <http://www.ivanti.com/en-US/company/legal/support-terms> and available to Ordering Activity for purchase.

“Update” means content used to update the License Software and includes bug fixes, minor enhancements and patches, but does not include Upgrades.

“Upgrade” means a new version of Licensed Software that replaces a pre-existing version of such Licensed Software.

“User” means a natural person employed by or who otherwise provides services (whether as an independent contractor or otherwise) to Ordering Activity who is supported with or uses the Licensed Software.

2. LICENSES. The licenses that are available from IVANTI include, without limitation, the following:

(A) FULL-USE LICENSE: A “Full-Use License” is a non-exclusive, non-transferable, perpetual, and limited license to copy, install and use the Licensed Software within Ordering Activity’s organization on the total number of Nodes set forth in the purchase order. A Full-Use License does not include Maintenance or Support Services. Maintenance and Support Services must be purchased in addition to the Full-Use License.

PROPRIETARY AND CONFIDENTIAL

(B) **SUBSCRIPTION LICENSE:** A "Subscription License" is a non-exclusive, non-transferable, timelimited license to copy, install and use certain Licensed Software within Ordering Activity's organization on the total number of Nodes set forth in the purchase order. Unless a different term is specified in the purchase order to IVANTI, the term of Subscription License or renewal thereof is one (1) year. During the term of the time-limited subscription, Ordering Activity is entitled to receive Maintenance for the Licensed Software (additional Support Services also may be available for purchase by Ordering Activity). If the Subscription License is provided as software as a service (SaaS), the terms and conditions found at www.ivanti.com/saas/termsandconditions/ shall also apply in addition to the terms and conditions contained within this EULA.

(C) **USER-BASED LICENSE:** A "User-Based License" is a non-exclusive, non-transferable, perpetual, and limited license to copy, install and use the Licensed Software within Ordering Activity's organization to support the total number of Users set forth in the purchase order. A User-Based License does not include Maintenance or Support Services. Maintenance and Support Services must be purchased in addition to the User-Based License.

3. **LICENSE GRANT.** IVANTI hereby grants Ordering Activity a non-exclusive, non-transferable, restricted, license to use the Licensed Software in accordance with the type of license and subject to the quantity of Nodes purchased by Ordering Activity. Ordering Activity may make a copy of the Licensed Software only as needed for archival and backup purposes. Ordering Activity may permit third party consultants and contractors (such as third-party supplier(s) of information services) to use the Licensed Software on Ordering Activity's behalf provided that (a) all such use is in accordance with the terms and conditions of this EULA, and (b) Ordering Activity assumes full responsibility and liability for any use of the Licensed Software by such third parties in any violation of this EULA, including without limitation use in excess of the licensed number of Nodes. Ordering Activity agrees not to override or bypass the activation process or any security feature, authorization, activation, or reactivation of the Licensed Software or to assist others in doing the same.

4. **NODE COUNT VERIFICATION AND AUDIT.** Ordering Activity agrees that IVANTI may periodically verify that Ordering Activity's usage of the Licensed Software does not exceed the quantity of Nodes or User-Based Licenses purchased, subject to applicable Government security requirements.

Periodically, the Licensed Software on each server will generate Node Count Data. Each time the Licensed Software generates Node Count Data on a server, Ordering Activity agrees to send, within thirty (30) days of generation, the Node Count Data to IVANTI either automatically by the Internet or manually by email. If the node count verification process shows that Ordering Activity, including its third party consultants or contractors using the Licensed Software for Ordering Activity, is using more than the number of Nodes or other Licensed Software for which licenses have been purchased, IVANTI shall invoice Ordering Activity for such additional Nodes and/or Licensed Software at the then-current GSA Schedule price. Ordering Activity agrees not to override or bypass this node count verification process or assist others to do the same. With respect to User-Based Licenses, Ordering Activity agrees to provide IVANTI with documentation evidencing the total number of Users within thirty (30) days of IVANTI's request.

5. **USE RESTRICTIONS.** IVANTI reserves all rights not expressly granted to Ordering Activity herein. Without limiting the generality of the foregoing, Ordering Activity shall not and shall not allow others to: (a) copy, modify, adapt, rent, lease, sell, distribute, export, re-export, assign, sublicense, translate, transfer, or reprogram the Licensed Software or any portion thereof except as provided in this EULA; (b) use the Licensed Software in a service bureau, facility management, service provider, timeshare, or other similar type of environment, (c) reverse engineer, decompile, translate, merge, or disassemble the Licensed Software; (d) create derivative works based upon the Licensed Software; (e) use the Licensed Software to perform any activity which is or may be, directly or indirectly, unlawful, harmful, threatening, abusive, harassing, tortious, or defamatory, or to perform any activity which breaches the rights of any third party; (f) take any actions that would cause the Licensed Software to become subject to any open source or quasi-open source license agreement not otherwise applicable; or (g) transfer any Licensed Software or Ordering Activity's license rights under this EULA, in whole or in part without IVANTI's prior written consent, which consent shall not be unreasonably withheld or denied.

THE LICENSED SOFTWARE IS NOT INTENDED OR LICENSED FOR AND ORDERING ACTIVITY SHALL NOT USE THE LICENSED SOFTWARE IN ANY ENVIRONMENT IN WHICH FAILURE OF THE SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

6. **OWNERSHIP OF LICENSED SOFTWARE.** The Licensed Software is the proprietary property of IVANTI or its licensors. No title to or ownership of any Licensed Software is transferred to Ordering Activity. The Licensed Software is licensed to Ordering Activity, not sold. All rights, title and interest in and to the Licensed Software (including any Update or Upgrade thereto), including all worldwide intellectual property rights, shall remain with IVANTI, its licensors, vendors and/or suppliers, as the case may be. Except as otherwise expressly provided, IVANTI grants no express or implied right under any IVANTI patent, copyright, trademark, or other intellectual property right.

7. **COPYRIGHTS, TRADEMARKS, AND PATENTS.** The Licensed Software is copyrighted and protected by the laws of the United States and other countries, and by international treaty provisions combined with patents and trademarks. In no circumstance may Ordering Activity remove or alter the copyright notice, trademark notice, or other proprietary notices from the Licensed Software. Ordering Activity agrees to faithfully reproduce and include all copyrights, trademarks, and other proprietary notices on any authorized copy of any Licensed Software. IVANTI is either a registered trademark or trademark of IVANTI, Inc. or its affiliates in the United States and/or other countries. One or more patents, as well as other patent pending technology, may apply to Licensed Software.

8. **MAINTENANCE AND SUPPORT SERVICES.** Nothing in this Agreement entitles Ordering Activity to any Support Services and/or Maintenance of the Licensed Software without purchasing such Support Services and/or Maintenance.

(A) **MAINTENANCE:** During the term for which Ordering Activity has purchased the applicable Maintenance or subscription for the Licensed Software, Ordering Activity is entitled to Updates and Upgrades as and when they are made generally available to IVANTI's end users.

PROPRIETARY AND CONFIDENTIAL

(B) SUPPORT SERVICES: During the term for which Ordering Activity has purchased the applicable support, Ordering Activity is entitled to support in accordance with IVANTI's points-based support programs. Points expire at the end of each Support Services period and new points are calculated each renewal period. Support levels may be adjusted any time Ordering Activity purchases additional Support Services. For more information on the Ivanti support programs, see the Ivanti service portal at <http://www.ivanti.com/en-US/company/legal/support-terms>.

(C) NO OBLIGATION. IVANTI shall be under no obligation to furnish Maintenance and/or Support Services for the Licensed Software to the extent that such Maintenance and/or Support Services are necessary or desired as a result of: (i) the operation of the Licensed Software in environmental conditions or configurations outside those prescribed in the Documentation; (ii) Ordering Activity's failure to upgrade and update the Licensed Software to the currently supported versions of the Licensed Software or to maintain the Licensed Software in accordance with the standards of Maintenance prescribed in the Documentation or as specified in Maintenance or Support Services received by Ordering Activity from IVANTI; (iii) actions of any third party other than IVANTI or a third party authorized by IVANTI; and (iv) causes unrelated to the Licensed Software as delivered to Ordering Activity by IVANTI, including without limitation, modifications to the Licensed Software made by Ordering Activity or on Ordering Activity's behalf.

9. THIRD-PARTY SOFTWARE. The Licensed Software may be bundled with non-integrated hardware or other software programs licensed or sold by a licensor other than IVANTI. IVANTI DOES NOT WARRANT SUCH THIRD-PARTY PRODUCTS. Any and all such third-party products (e.g., drivers, utilities, operating system components, etc.) which may be distributed with the Licensed Software are provided "AS IS" without warranty of any kind, whether express or implied. Use of Microsoft's DCOM software, distributed with the Licensed Software, is conditioned upon Ordering Activity having a valid licensed copy of the applicable Microsoft operating system software on the computer on which the DCOM software is installed. Nothing in this EULA shall restrict, limit or otherwise affect any rights or obligations Ordering Activity may have, or conditions to which Ordering Activity may be subject, under any applicable open source licenses to any open source code contained in any Licensed Software. IVANTI makes no warranty that third-party software which Ordering Activity seeks to access using the licensed software shall be available for downloading to Ordering Activity's system.

10. LIMITED WARRANTY. IVANTI WARRANTS THAT FOR A PERIOD OF NINETY (90) DAYS FROM ORDERING ACTIVITY'S INITIAL ACQUISITION OF A LICENSE TO USE THE LICENSED SOFTWARE, THE LICENSED SOFTWARE WILL FUNCTION SUBSTANTIALLY IN CONFORMANCE WITH THE DOCUMENTATION ACCOMPANYING SUCH LICENSED SOFTWARE WHEN USED IN ACCORDANCE WITH THE ACCOMPANYING DOCUMENTATION. ORDERING ACTIVITY'S SOLE REMEDY FOR A BREACH OF THIS WARRANTY SHALL BE THAT IVANTI, IN ITS REASONABLE DISCRETION, WILL EITHER: (i) RESOLVE THE NONCONFORMITY, (ii) REPLACE THE LICENSED SOFTWARE WITH SOFTWARE OF SUBSTANTIALLY THE SAME FUNCTIONALITY, OR (iii) REFUND THE LICENSE FEES PAID BY ORDERING ACTIVITY FOR THE APPLICABLE LICENSED SOFTWARE. THIS LIMITED WARRANTY SHALL NOT APPLY TO UPDATES AND UPGRADES (IF ANY) TO THE LICENSED SOFTWARE OR IF ORDERING ACTIVITY HAS OBTAINED A TRIAL-USE LICENSE.

11. NO OTHER WARRANTIES. EXCEPT FOR THE FOREGOING LIMITED WARRANTY, THE LICENSED SOFTWARE, MAINTENANCE AND SUPPORT SERVICES ARE PROVIDED "AS IS", WITHOUT WARRANTY OR REPRESENTATION OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE. ANY EXPRESS WARRANTY MADE OUTSIDE OF THIS EULA IS EXCLUDED AND SUPERSEDED. NEITHER IVANTI NOR ITS LICENSORS REPRESENT OR WARRANT THAT THE LICENSED SOFTWARE WILL SATISFY ORDERING ACTIVITY'S REQUIREMENTS OR THAT THE LICENSED SOFTWARE IS WITHOUT DEFECT OR ERROR OR THAT OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR FREE. ORDERING ACTIVITY MAY HAVE OTHER WARRANTY RIGHTS PROVIDED BY LOCAL LAW.

12. INDEMNIFICATION.

(A) INDEMNIFICATION BY IVANTI: IVANTI will, at its own expense, defend or settle any Infringement Claim and indemnify Ordering Activity for any damages finally awarded against Ordering Activity, but only if: (i) Ordering Activity promptly notifies IVANTI of any Infringement Claim; (ii) IVANTI retains control of the defense, negotiations, settlement, or compromise of any Infringement Claim; and (iii) Ordering Activity provides IVANTI with all necessary authority, information, and reasonable assistance (at IVANTI's expense). IVANTI will not be responsible for any costs, expenses or compromise incurred or made by Ordering Activity without IVANTI's prior written consent. If use of Licensed Software is permanently enjoined as the result of an Infringement Claim, IVANTI will, in its sole discretion and expense, procure for Ordering Activity the right to continue using such Licensed Software, replace such Licensed Software with non-infringing product, modify such Licensed Software so that it is no longer infringing, or, if each of the foregoing is commercially unreasonable or unduly burdensome, IVANTI may elect to refund to Ordering Activity the fees, less depreciation, received by IVANTI for such enjoined Licensed Software. Depreciation shall be determined using a straight line basis over thirty-six (36) months, commencing on the effective date for IVANTI Licensed Software and on the date of first delivery to Ordering Activity of any Licensed Software or Support Services. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

(B) EXCLUSIONS: IVANTI shall not have any indemnification obligations, other responsibility or liability for any costs, expenses, or damages, settlement, or otherwise resulting from: (i) IVANTI's compliance with Ordering Activity's designs, specifications or instructions; (ii) Ordering Activity's modification (whether authorized or not) of Licensed Software; (iii) any Infringement Claim arising from Ordering Activity's combined use of Licensed Software (or any part thereof) with any Ordering Activity or other third party product; or (iv) Ordering Activity's direct or contributory infringement of any business method patent.

(C) ENTIRE OBLIGATION AND EXCLUSIVE REMEDY: The foregoing states the entire obligation and exclusive remedy of each of the parties hereto with respect to any IVANTI indemnification obligation.

13. TERMINATION OF THIS EULA. If Ordering Activity is using the Licensed Software under any timelimited license, including without limitation a Trial-Use License or Subscription License, this EULA shall terminate with regard to such Licensed Software without notice to Ordering Activity on

the last day of the specified time period. Upon expiration or termination of this EULA, Ordering Activity shall immediately cease all use of the Licensed Software and uninstall and delete all of the Licensed Software.

14. EXPORT COMPLIANCE. Ordering Activity acknowledges that the Licensed Software is exported from the United States in accordance with the Export Administration Regulations. The Licensed Software, and any product or technical information provided by IVANTI, are subject to applicable import and export regulations of the United States and/or other countries. Diversion contrary to U.S. law is prohibited. Ordering Activity agrees to comply with all applicable import and export regulations as they may be amended from time to time. Regardless of any disclosure made by Ordering Activity to IVANTI of an ultimate destination of the Licensed Software or any product or technical information, Ordering Activity agrees that it will not export, re-export or disclose (directly or indirectly) any of the Licensed Software, any product or technical information provided by IVANTI, or any portion thereof, to any country, entity or person in violation of U.S. export laws or regulations or any other law, regulation, or Government order.

15. U.S. GOVERNMENT RESTRICTED RIGHTS. The Licensed Software is provided with "RESTRICTED RIGHTS" and is deemed "commercial computer software" and "commercial computer software documentation" within the meaning of applicable civilian and military Federal acquisition regulations and any supplement thereto. Use, modification, duplication, or disclosure by the United States Government is subject to restrictions as set forth in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 227.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (DEC 2007) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14, including Alternates I, II, and III (DEC 2007) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), and any successor provisions. Use of the Company Products by the U.S. Government constitutes acknowledgment of IVANTI's proprietary rights therein. The Contractor or Manufacturer is IVANTI, Inc. (or its subsidiaries or affiliates), with an office at 698 West 10000 South, Suite 500, South Jordan, UT 84095, USA.

KBZ Communications, Inc.

Doylestown, PA 18901

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached **KBZ Communications, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

PROPRIETARY AND CONFIDENTIAL

- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or

PROPRIETARY AND CONFIDENTIAL

any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

KBZ COMMUNICATIONS, INC.

KBZ COMMUNICATIONS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

Warranty Disclaimer. EXCEPT AS EXPRESSLY STATED IN THIS ATTACHMENT A, NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, REGARDING ANY MATTER WHATSOEVER WHETHER ARISING BY STATUTE OR OTHERWISE IN LAW AND SPECIFICALLY DISCLAIMS LIABILITY IN CONNECTION WITH SUCH WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT AND ANY IMPLIED WARRANTY ARISING FROM A COURSE OF DEALING OR PERFORMANCE OR USAGE OF TRADE.

SERVICE SUMMARY

This document describes the services offerings of the KBZ ZCare Technical Support Program ("ZCare"). It outlines the deliverables by Contractor through KBZ ZCare Technical Support Services to an Ordering Activity of Contractor ("Ordering Activity"). An "Ordering Activity" is defined as either an End User customer who has purchased ZCare from Contractor for Cisco TelePresence equipment and/or systems.

Service definitions herein will focus on three core deliverables by Contractor through ZCare Technical Support Services:

1. SoftCare Software Support
2. Advanced Replacement Service
 - a. RMA Process in Support of Advance Equipment Replacement
 - b. Delivery and Collection RMA
 - c. End of Life Statement
3. Help Desk Telephone Technical Support
 - a. Help Desk Call Flow
 - b. ZCare Service Level Commitment
 - c. Escalation Procedure

This document additionally addresses Call Flow and Escalation Management for critical situations.

1. SOFTCARE SOFTWARE SUPPORT

SoftCare support is a maintenance component of the ZCare Technical Support program that makes available to the Ordering Activity, all applicable software releases. To ensure better communication and awareness of this software notification program, ZCare Technical Support Services will automatically alert the Ordering Activity when new releases are available.

The SoftCare e-mail notification will contain, at minimum, the following key information:

1. Feature list (a brief explanation of the contents and benefits of the software release)
2. Download instructions
3. Release Key information
4. WEB Release Key Generator

2. ADVANCED REPLACEMENT SERVICE

The ZCare Advanced Replacement Service provides for replacement equipment, return paperwork, and arrangement for collection of faulty equipment.

Next-day support for advanced parts exchange is available until 5:00 EST within the United States. It is the responsibility of the Ordering Activity to (1) ensure that faulty equipment is returned in original packaging provided with delivery of the replacement parts, and (2) to return and ship faulty equipment within 15 working days of receipt of the replacement equipment (unless special conditions are agreed to in advance; reviewed on a case-by-case basis).

Disclaimer: ZCare technical Support Service endeavors to deliver replacement equipment within 24 hours in the United States. However, neither Contractor nor ZCare Technical Support Services can be held liable for delays caused by events outside of our direct control.

RMA Process in Support of Advanced Parts Replacement

1. ZCare Technical Support Services will open a Work Order on an existing trouble ticket.
2. ZCare will complete an RMA with Ordering Activity shipping information, product information (serial number, part number, software version, installed options) and a fault description.
3. ZCare will forward the RMA to Cisco for processing and product shipment.
4. Replacement equipment will be dispatched from Cisco's warehouse the next business day after receipt of a correctly completed RMA. *
5. Once replacement equipment has been shipped, the warehouse will forward tracking information to ZCare Technical Support Services. Contractor through a KBZ representative will then forward this information to the Ordering Activity.
6. This policy applies Monday through Friday, local holidays excluded; regional delivery lead times apply; shipped the same day, up to 5:00 local time, for next day delivery.

PROPRIETARY AND CONFIDENTIAL

- Larger equipment shipped as freight may take 3 to 5 days for delivery.
Note: Due to the weight and dimensions of plasmas and monitors delivery time may vary for these items.

Delivery & Collection RMA

Contractor through Cisco will send replacement parts together with return paperwork. * In this case, The Ordering Activity must:

- Return all faulty units in the factory –supplied packaging delivered and containing the replacement parts
- Sign and return shipping invoice and shipping documents
- Schedule pick-up/collection of failed/replaced equipment
- Cisco will pay shipping costs in both directions *
- It is the responsibility of the Ordering Activity to ensure that faulty parts (1) returned in original packaging provided with delivery of the replacement parts, and (2) return shipped within 15 working days of receipt of the replacement parts (unless special conditions are agreed to in advance. This will be reviewed on a case-by-case basis).

END OF LIFE STATEMENT

The ZCare Technical Support Services commits to providing technical support and development on all components manufactured by Cisco for a period of five years beyond the announced en-of-sale-date. This support will include the following items:

- Spare or replacement parts** in accordance with the KBZ Return Materials Authorization (RMA) process.
- Access to ZCare Help Desk** availability 20 hours a day, 7 days a week.
- SoftCare email notifications** of related Cisco software maintenance releases.

TELEPHONE TECHNICAL SUPPORT

The Ordering Activity may report product problems and failures to Contractor through ZCare Technical Support Services via the designated toll free number: 1-888-492-2734. All calls are entered into the call tracking system.

Help Desk Call Flow and Escalation Process

When a call or email comes into the Help Desk, the problem tracking and resolution process proceeds as follows:

- Technical support representative assigns a unique Trouble Ticket Number.
- Technical support representative requests the system serial number from the Ordering Activity. If the serial number is not available, representative will still open a ticket, but shipping and troubleshooting delays may result.
- Technical support representative assess problem, and then assigns a Case Priority Level based on criteria explained in Table 1: Case Priority Levels and Response Time Targets.
- Technical support representative dispatches technician in accordance with priority level response time.
- As deployments or milestones occur within the troubleshooting process, the ZCare Online Ticketing System is updated.
- ZCare Service level offering is based on the criteria explained in Table 1: Case Priority Levels and Response Time Targets. If escalation is required outside of this regular process, the Ordering Activity should use the escalation procedure defined under “ZCare Service Level Commitment” on page 4.

Table 1: Case Priority Levels and Response Time Targets

Priority Level	Definition of Need	Response Time Target
1. Urgent	An event or combination of events causing 100% loss of system availability	30 Minutes
2. Critical	An event or multiple events causing a continuous or chronic impact to operation	1 Hour
3. High	An event or multiple events with the potential to cause an impact to operation	4 Hours
4. Normal	A condition having no immediate impact on operation but requiring maintenance action	8 Hours/ Next Business Day aid

ZCARE SERVICE LEVEL COMMITMENT

In addition to problem solving related to Cisco TelePresence equipment, Contractor through ZCare Technical Support Services will work with the Ordering Activity to collaborate in solving network issues impacting equipment used and deployment. Table 2 describes the ZCare Service level commitment by the priority level assigned to the case.

Table 2: ZCare Service Level Commitment by Priority Level

Priority Level	Service Level
1. Urgent	An existing network is down or there is a critical impact to the Ordering Activity's business operation. Cisco, Partner and End User will commit full-time resources to resolve the situation.
2. Critical	Operation of an existing network is severely degraded, or significant aspects of the Ordering Activity's business operation are being negatively impacted by unacceptable product performance. Cisco, KBZ, and Contractor will commit full-time resources during Standard Business Hours to resolve the situation.
3. High	Operational performance of the network is impaired while most business operations remain functional. Cisco, Partner, and Ordering Activity are willing to commit resources during Standard Business Hours to restore services to satisfactory levels.
4. Normal	Information or assistance is required on Cisco product capabilities, installation, or configuration. There is clearly little or no impact to the Ordering Activity's business operation. Cisco, Partner, and

Ordering Activity are willing to provide resources during Standard Business Hours to provide information or assistance as requested.
--

ESCALATION OVERVIEW

The ZCare Technical Support Services 24/7 Help Desk provides services escalation resulting from support that is not meeting the actual service levels outlined herein, or in a service emergency where support requirements dictate a response outside of the scope outlined herein. In this event, all escalations are to be directed to Shamus Doyle, KBZ Technical Services Manager by any of the following means:

Office: 215/348-9481 x 106 | Cell: 484/888-8034 | email: shamus.doyle@KBZ .com

Kony, Inc.

Suite 390
Orlando, FL 32819

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Kony, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

PROPRIETARY AND CONFIDENTIAL

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or

PROPRIETARY AND CONFIDENTIAL

any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

KONY, INC.

KONY, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. Definitions:

1.1 "Ordering Activity Application" means a Platform-enabled mobile application developed by or for Ordering Activity or the pre-configured mobile application included in the Kony Pre-Packaged Application that is configured for its use.

1.2 "Hosting Services" means the Program hosting services provided by Kony, if applicable, pursuant to an executed hosting agreement ("Hosting Agreement").

1.3 "Kony Studio" or "IDE" means the Kony Studio software, which is an integrated development environment that enables the development modification and deployment of a Ordering Activity Application or configuration of a Kony Pre-Packaged Application by or on behalf of Ordering Activity.

1.4 "Kony Development Cloud" or "Platform" means Kony's standard (non-Ordering Activity-specific) unified application platform for the design, development & deployment of native on-device and web based applications, comprising of Kony's integrated development environment and Kony's middleware server software, all of which support the operation and use of the Ordering Activity Application.

1.5 "Kony Pre-Packaged Applications" means a specific pre-configured mobile application that is designed and developed as a single code base with common and selectable features and functionality that will be configured using Kony Studio to provide for unique branding presentation, selectable integration capabilities, and flexibility to generate native on-device, mobile web, and/or SMS/MSS clients. A Pre-Packaged Application is bundled with an application specific run-time license to a single User of the Kony Studio and Kony's middleware server software.

1.6 "Maintenance / Support Services" means the support services provided by Contractor as described in Section 4 hereunder.

1.7 "Order" means an ordering document between Contractor and Ordering Activity that specifically references this Agreement and describes the Programs(s) licensed, pricing, license term and other terms associated with a transaction.

1.8 "Program(s)" means the executable code of the commercially released version of the Kony Studio, Kony Pre-Packaged Applications and Kony Development Cloud computer software program(s) or portion thereof made available to Ordering Activity by Kony hereunder, as specified on an Order. Programs also include releases, updates and upgrades to the Programs and documentation as may be made available to Ordering Activity by Contractor as part of Support Services.

2. Licensing.

2.1 Delivery. Upon execution of this Agreement, Contractor will provide a copy of the applicable Program(s) to Ordering Activity.

2.2 Grant of License. Contractor hereby grants to Ordering Activity a perpetual, limited, non-exclusive and non-transferable license, for the Programs specified on the applicable Order, to do the following but only to the extent that Programs are licensed by Ordering Activity on an Order (each such situation a permitted "Use"):

(a) Kony Studio. To install, execute and configure the documented development features of the Kony Studio, solely to create customized applications (including the right to embed and distribute Contractor's redistributable .exe libraries therein provided Ordering Activity maintains a fully paid production license to the Platform), improvements, extensions or interfaces to a Ordering Activity Application or Pre-Packaged Application. Kony Studio is licensed on a per "User" basis which is a single individual designated by Ordering Activity, which may include employees, agents, independent contractors or consultants located at Ordering Activity's facility.

(b) Kony Platform. To (i) as specified on an Order, install and execute a single User license of Kony Studio at Ordering Activity's site and execute a single or multiple production implementation of Kony's middleware server software by means of the Hosting Services, if hosted by Kony pursuant to an executed Hosting Agreement; or (ii) if not so hosted by Kony, as specified on an Order to install and execute a execute a single User license of Kony Studio at Ordering Activity's site and a single or multiple production implementation of Kony's middleware server software on Ordering Activity's server(s), each of which to (a) access and use the administrative and other functions and features of the Platform by Ordering Activity internally; and (b) allow Ordering Activity's authorized end users to access and use the end user features and functions of the Platform through supported channels; in accordance with the Order, documentation and this Agreement.

(c) Kony Pre-Packaged Applications. To (i) as specified on an Order execute a single or multiple production implementation of the Pre-Packaged Application enabled by the Platform by means of the Hosting Services, if hosted by Kony pursuant to an executed Hosting Agreement; or (ii) if not so hosted by Kony, as specified on an Order to install and execute a single or multiple production implementation of the Pre-Packaged Application enabled by the Platform on Ordering Activity's server(s); and (iii) unlimited rights to distribute the client portion of the Pre-Packaged Application to Ordering Activity authorized end users for their personal use; both of which to allow (a) Ordering Activity to access and use the administrative and other

PROPRIETARY AND CONFIDENTIAL

functions and features of the Pre-Packaged Application internally; and (b) Ordering Activity's authorized users to access and use the end user features and functions of the Pre-Packaged Application through supported channels all in accordance with the Order, documentation and this Agreement.

(d) Documentation. To use the documentation provided by Contractor in support of Ordering Activity's permitted Use of the Programs, and to reproduce the documentation (or excerpts thereof) as are reasonably necessary to support Ordering Activity's end users.

(e) Back-Up. To reproduce and install Programs(s) on a back-up server, and execute such Programs(s) on that back-up server only for back-up, back-up testing, disaster recovery and Programs fail-over purposes when Ordering Activity's production servers are inoperative. Ordering Activity agrees to maintain accurate and current records of all locations of backup copies.

3. **Restrictions.** Ordering Activity acknowledges that the Programs and their structure, organization, source code and related documentation constitute valuable trade secrets of Kony and its suppliers. Accordingly, except as expressly permitted in Section 2.2, Ordering Activity agrees not to:
- allow Use of the Programs other than as specified on an applicable Order for which Ordering Activity has paid; or
 - distribute, sell, rent, transfer, lease, lend, sublicense, loan, assign, pledge, grant a security interest in, or otherwise make available the Programs or any part or copies thereof to any third party; or
 - use the Programs in any service-bureau, timesharing, outsourcing or fee-for-service arrangement; or
 - combine or merge a Program with or into another software or incorporate any Program or portion thereof into any compilation; or
 - disassemble, decompile, reverse engineer or otherwise attempt to derive the structure, sequence or organization of source code, except as permitted by applicable law to achieve interoperability with other software if Kony does not offer the means to do so; or
 - remove or alter product identification, copyright, trademark or other proprietary markings contained in or on the Programs or documentation;
- or
- modify, adapt, recast, transform or otherwise prepare a derivative work of a Program or portion thereof; or
 - otherwise use or copy the Programs or permit any third party to do any of the foregoing.

4. **Maintenance / Support Services.**

During the term, Contractor will provide Ordering Activity with Maintenance / Support Services for the Programs in accordance with its Support Services policy as follows:

KonyOne™ Platform
SUPPORT SERVICE POLICY

Kony Support Services Overview

Support Services for the KonyOne Platform Programs (hereinafter "Programs") will include the following:

- Standard Web support on weekdays, excluding India holidays
- Telephone support for Severity 1 incidents on a 24x7x365 basis
- Error resolution and escalation support
- 24x7x365 access to Kony's Support Portal for trained and certified users
- Access to technical support bulletins
- Patches, corrections, updates and releases to the Program(s) as made available by Kony under Support Services.

Contractor through Kony will provide Ordering Activity's designated employee(s) access to its technical support team ("Kony Help Desk"), for technical support. Ordering Activity may contact the Kony Help Desk for Support Services through the following means:

Web: <http://support.kony.com> - For Kony trained and certified individuals (log error reports)

Web: <https://developer.kony.com> – For Ordering Activity's who have valid Program licenses (downloads, documentations, developers forum)

Phone: 1-877-777-7684 (for Severity 1 Incidents)

Definition of Support Severity and Response Times

Contractor through Kony will provide Support Services based on Error Reports logged by Ordering Activity in Kony's support portal (following Ordering Activity's initial investigation and confirmation the Error is related to the Programs). With respect to the Kony Studio "IDE" (Developer's Toolkit) and Kony Client Platforms, to ensure the validity of Error request, the submission of Error Reports must be reviewed and submitted by those employees or agents of Ordering Activity who have received Kony's IDE Developer Certification. Error Reports will be logged by Ordering Activity in accordance with the severity level definitions below. Contractor and Ordering Activity will work together to achieve consensus, should there be any disagreement in assigned severities. Severities assigned to Error Reports may change with time if mutually agreed to by both parties. For example, an issue may be initially categorized as Severity Low and upon further investigation; it may be mutually concluded by Contractor and Ordering Activity that the issue should be reclassified as Severity Medium.

Response and Target Resolution times for Errors will be measured from the time the Error Report is logged by Ordering Activity into Kony's support portal. Error Report activity will subsequently be managed and tracked through the portal.

"Error" means a Program function which does not operate in substantial conformance to Program documentation. Any feature request initiated by the Ordering Activity which is not documented in the Program documentation for the given release will be considered an enhancement feature request.

A "Critical" or "Severity 1" Error renders the Program completely unusable or nearly unusable or introduces a high degree of operational risk in Production environment. No Workaround is available. Until this Error is resolved, the Program's use is essentially halted. A large number of users and/or core Program functionality is severely impacted.

A "High" or "Severity 2" Error renders essential functionality of the Program to be consistently unavailable or obstructed, and causes a moderate level of hindrance or risk. Workarounds may be available, but use of the Program is acutely degraded and causes continuing operational risk. A moderate number of users are significantly impacted, but overall the Program continues to function.

PROPRIETARY AND CONFIDENTIAL

A "Medium" or "Severity 3" Error is an inconvenience or causes inconsistent behavior, which does not impede the normal functioning of the Program. It could be an Error that occurs inconsistently and affects nonessential functions or is an inconvenience which impacts a small number of users or small number of devices. It may also contain visual errors where the graphical display of the Program is not ideal, but still functioning correctly.

A "Low" or "Severity 4" Error has a small degree of significance, or is a minor cosmetic issue, or is a "one off" case. A "one off" case occurs when the Error occurs infrequently and cannot be reproduced easily. These are Errors that do not impact the daily use of the Program. A Low Error is something that does not affect normal use, and can be accepted for a period of time, but user would eventually want changed.

5. **Ordering Activity Acknowledgement and Obligations.**

5.1 Ordering Activity acknowledges and agrees that Contractor nor Kony does not monitor communications or data transmitted through the Programs or Ordering Activity Applications, nor does Contractor nor Kony have access to such communications or data, and that Contractor nor Kony shall not be responsible for the content of any such communications or transmissions. Ordering Activity shall use the Programs and Ordering Activity Applications for authorized and legal purposes. Ordering Activity is solely responsible for the activity of its users and shall ensure that they abide by all applicable laws (including but not limited to international copyright and US Export laws) in connection with Ordering Activity's and its users' use of the Programs and Ordering Activity Applications including, without limitation, those related to data privacy, international communications and the transmission of technical or personal data.

5.2 Ordering Activity acknowledges and agrees that Ordering Activity's and its users' use of the Programs and Ordering Activity Applications are dependent upon access to telecommunications and Internet services. Ordering Activity and its users shall be solely responsible for acquiring and maintaining all telecommunications and Internet services and other hardware and software required to access and use the Programs and Ordering Activity Applications, including, without limitation, any and all costs, fees, expenses, and taxes of any kind related to the foregoing. Contractor nor Kony shall not be responsible for any loss or corruption of data, lost communications, or any other loss or damage of any kind arising from any such telecommunications and Internet services.

6. **Reports.**

6.1 Reserved.

6.2 Reserved.

6.3 Reserved.

6.3 Reserved.

6.4 **Verification and Audit.** Within reasonable agency regulations, and at Contractor's written request, Ordering Activity will furnish Contractor with a certification signed by an officer of Ordering Activity verifying that the Programs are being used pursuant to the terms of this Agreement and any applicable Order. Upon at least thirty (30) days prior written notice, Contractor may audit Ordering Activity's use of the Programs to ensure that Ordering Activity is in compliance with the terms of this Agreement and the applicable Order. Any such audit will be conducted during regular business hours at Ordering Activity's facilities and will not unreasonably interfere with Ordering Activity's business activities. Ordering Activity will provide Contractor with access to the relevant Ordering Activity records and facilities. If an audit reveals that Ordering Activity has underpaid license fees to Kony during the period audited, then Ordering Activity and Contractor will work diligently to true-up the account.

7. **Ownership.** The Programs are licensed to Ordering Activity subject to the terms of this Agreement. Contractor reserves all rights not expressly granted to Ordering Activity. Contractor retains ownership of all copies of the Programs. Ordering Activity acknowledges that the Programs contain and embed valuable, unpublished information that is proprietary and confidential to Contractor and its suppliers; Ordering Activity agrees to keep all such information confidential.

8. **Reserved:**

9. **Confidentiality.**

9.1 **Definition.** By virtue of this Agreement, the parties may have access to each other's Confidential Information. "Confidential Information," as used in this Agreement, means any written, machine-reproducible and/or visual materials that are clearly labeled as proprietary, confidential, or with words of similar meaning, and all information that is orally or visually disclosed, if not so marked, if it is identified as proprietary or confidential at the time of its disclosure or in a writing provided within thirty (30) days after disclosure, and any information of any nature described in this Agreement as confidential. Contractor Confidential Information includes, without limitation, the nonpublic aspects of the Programs and any software whether in source or executable code, documentation, nonpublic financial information, pricing, business plans, techniques, methods, processes, and the results of any performance tests of the Programs. The terms and conditions of this Agreement shall be deemed the Confidential Information of both parties and neither party shall disclose such information except to such party's employees and advisors, that have a reasonable need to know such information, provided that any such third parties shall, before they may access such information, either (a) execute a binding agreement to keep such information confidential or (b) be subject to a professional obligation to maintain the confidentiality of such information.

9.2 **Exclusions.** Confidential Information shall not include information that: (a) is or becomes publicly known through no act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure without restriction on use or disclosure; (c) is rightfully disclosed to the receiving party by a third party without restriction on use or disclosure; or (d) is independently developed by the receiving party, which independent development can be shown by written evidence.

9.3 **Use and Nondisclosure.** Neither party shall make the other's Confidential Information available to any third party or use the other's Confidential Information for any purposes other than exercising its rights and performing its obligations under this Agreement. Each party shall take all reasonable steps to ensure that the other's Confidential Information is not disclosed or distributed by its employees or agents in violation of the terms of

PROPRIETARY AND CONFIDENTIAL

this Agreement, but in no event will either party use less effort to protect the Confidential Information of the other party than it uses to protect its own Confidential Information of like importance. Each party will ensure that any agents or subcontractors that are permitted to access any of the other's Confidential Information are legally bound to comply with the obligations set forth herein. Notwithstanding the foregoing, Confidential Information may be disclosed as required by any governmental agency or court, provided that before disclosing such information the disclosing party must provide the non-disclosing party with sufficient advance notice of the request for the information to enable the non-disclosing party to exercise any rights it may have to challenge or limit the disclosure.

10. **Warranty and Disclaimer.**

10.1 **Limited Warranty.** Contractor warrants to Ordering Activity that for a period of ninety (90) days from the date of delivery ("Performance Warranty Period"), the Programs, when used as permitted hereunder and in accordance with its documentation, will operate substantially as described in the documentation. If during the Performance Warranty Period, Ordering Activity notifies Contractor of a non-conformity in breach of the foregoing warranty through the applicable technical support Programs in writing, Contractor will, use commercially reasonable efforts to correct the non-conformity or provide a work-around within a reasonable period of time, or, if Contractor determines that it is unable to do so, Contractor will refund to Ordering Activity, any license fees paid for the non-conforming Program prorated from the date the non-conformity was reported to the end of the annual license term. In the event of a refund remedy, Ordering Activity's license to use the affected Program will be terminated. This provision states Contractors entire liability and Ordering Activity's sole remedy for any non-conformity in a Program.

10.2 **Disclaimer.** Ordering Activity assumes sole responsibility and liability for results obtained from the use of the Programs and Ordering Activity Applications and for conclusions drawn from such use. Ordering Activity acknowledges and agrees that Contractor makes no guarantee that the Programs or the use thereof by Ordering Activity or its users will satisfy Ordering Activity's obligation to comply with industry standards or legal or other regulatory requirements, including without limitation those pertaining to data privacy and security or internal controls. EXCEPT AS EXPRESSLY PROVIDED IN SECTION 10.1, CONTRACTOR MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, IN CONNECTION WITH THIS AGREEMENT OR THE PROGRAMS OR SERVICES. WITHOUT LIMITING THE FOREGOING, KONY DISCLAIMS ANY WARRANTY THAT THE PROGRAMS WILL BE ERROR FREE OR UNINTERRUPTED OR THAT ALL ERRORS WILL BE CORRECTED. CONTRACTOR FURTHER DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE PROGRAMS AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

11. **Infringement Indemnification.**

11.1 **By Contractor.** Subject to the limitations set forth below, and within the parameters of federal regulations, Contractor shall indemnify and defend Ordering Activity against any damages awarded against Ordering Activity in, or payable by Ordering Activity in settlement of, any suit or action brought against Ordering Activity to the extent that it is based upon a claim that the Programs, provided by Contractor hereunder, infringes or misappropriates the intellectual property rights of any third party. Contractor shall at Contractor's expense, defend any such claim for which indemnity is sought. Ordering Activity shall provide reasonable cooperation to Contractor in Contractor's defense of any such claim. Contractor's obligations under this Section are contingent upon: (a) Ordering Activity providing Contractor with prompt written notice of such claim; (b) Ordering Activity granting to Contractor sole authority and control over the defense and settlement of such claim, provided that Contractor shall not agree to any settlement unless Ordering Activity has expressly approved of the settlement in advance, which consent will not be unreasonably withheld, conditioned or delayed; and (c) Ordering Activity keeping Contractor informed of all material developments related to such claim and (where applicable) providing reasonable cooperation to Contractor, at Contractor's expense, in Contractor's defense and settlement of such claim. In the event that Contractor's right to provide the license, or the use of the Programs, is enjoined or in Contractor's reasonable opinion is likely to be enjoined, Contractor may elect to obtain the necessary rights, or replace or modify the relevant portions thereof, so that they become non-infringing, or, if the foregoing cannot be achieved on a commercially reasonable basis, terminate this Agreement without liability to Ordering Activity and provide Ordering Activity a pro-rated refund of any pre-paid fees. EXCLUDING THE COST OF DEFENSE, THE FOREGOING STATES THE ENTIRE OBLIGATION OF CONTRACTOR AND ITS LICENSORS WITH RESPECT TO ANY ALLEGED OR ACTUAL INFRINGEMENT OR MISAPPROPRIATION OF INTELLECTUAL PROPERTY RIGHTS BY THE PROGRAMS.

Contractor shall have no liability or obligation under this Section 11.1 to the extent that any third-party claims described herein are based on (a) use of the Programs in a manner that violates this Agreement; (b) any combination of the Programs with any software, programs, product, service, component, method, and/or other element that is not supplied by Contractor, to the extent the claim would have been avoided but for such combination; (c) any modification to the Programs is made by any person other than Contractor; (d) Contractor's compliance with particular specifications, instructions, or requirements furnished by Ordering Activity; or (e) any claim for which Ordering Activity is responsible.

11.2 **Reserved.**

12. **Reserved**

13. **General.**

13.1 **Reserved.**

13.2 **Waiver.** The waiver by either party of any default or breach of this Agreement shall not constitute a waiver of any other or subsequent default or breach. This Agreement may not be modified or amended except in a writing signed by a duly authorized representative of each party.

13.3 **Severability.** If any provision of this Agreement is found invalid or unenforceable, that provision will be enforced to the maximum extent permissible, and the other provisions of this Agreement will remain in force. The parties agree that neither party shall be deemed the drafter of this

Agreement and, in the event any provision in this Agreement is alleged to be ambiguous, such provision will not be construed in favor of one party on the ground that the provision was drafted by the other party.

13.4 Reserved.

13.5 U.S. Government End Users. The Programs and documentation are "commercial items" as that term is defined in FAR 2.101, consisting of "commercial computer software" and "commercial computer software documentation," respectively, as such terms are used in FAR 12.212 and DFARS 227.7202. If the Programs and documentation are being acquired by or on behalf of the U.S. Government, then, as provided in FAR 12.212 and DFARS 227.7202-1 through 227.7202-4, as applicable, the U.S. Government's rights in the Programs and documentation will be only those specified in this Agreement.

13.6 Assignment/Successors. The parties may not assign or transfer this Agreement, in whole or in part, without the other Party's prior written consent. Any attempted assignment or transfer in violation of this Section will be null and void. Notwithstanding the foregoing, either party may assign or transfer this Agreement to its successor as part of a corporate reorganization, consolidation, merger or sale of substantially all assets of such party, provided the assignee assumes all obligations in this Agreement. Subject to the foregoing restrictions, this Agreement shall inure to the benefit of the parties and their respective successors and permitted assigns.

13.7 Non-Exclusive Remedies. Except as set forth in this Agreement, the exercise by either party of any remedy under this Agreement will be without prejudice to its other remedies under this Agreement or otherwise, subject to the limitations set forth in this Agreement.

13.8 No Third-Party Beneficiaries. This Agreement is intended for the sole and exclusive benefit of the signatories and is not intended to benefit any third party. Only the parties to this Agreement may enforce it.

13.9 Reserved.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Litera Corporation** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - ee) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
11. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
Litera Corporation

Litera Corporation LICENSE, WARRANTY AND SUPPORT TERMS

LITERA CORP. END USER LICENSE AGREEMENT

This End User License Agreement (the "Agreement") is a binding agreement between the GSA Customer ("You" or "User") and Litera® Corp. ("Litera"), a corporation organized and existing under the laws of the state of New Jersey, USA and with a principal place of business at 5000 Crossmill Road, McLeansville, North Carolina, 27301, USA regarding the use of Litera's software (the "Software") and any accompanying documentation (the "Documentation"). You agree to be bound by the terms of this Agreement. If you do not agree, you are not licensed to use the Software, and you must return any copies of the Software in your possession or control to Litera.

1. GRANT OF RIGHTS

Litera grants User a non-exclusive, non-transferable, limited License to access and use the Software solely for User's use, which is restricted to installing the Software and executing the Software's functions. Such license will be effective only for the term stated in the applicable GSA Customer Purchase Order. As such, if User has purchased a perpetual License, the Software is licensed in perpetuity. If User has purchased an annual License, it will expire on the anniversary date of the purchase unless a subsequent annual License or a perpetual License is purchased. A License may not be transferred to another party or entity without prior written approval from Litera.

2. SOFTWARE LICENSE

The license permits User to make that number of copies of the Software as the purchased License permits for use at the licensed site as stated in the applicable GSA Customer Purchase Order. A "site" means all personal computers, servers or minicomputers (including networked systems) with the same operating system platform at a single location or at different locations that are connected by a single networked system (i.e., any combination of two or more terminals that are electronically linked and capable of sharing the use of a single software product). In addition, User's employees, agents, consultants and/or independent contractors (collectively referred to as "personnel," hereinafter) who work at or are assigned to the licensed site may use the Software on personal computers located off-site. Each copy made by User must include the copyright/proprietary rights notice(s) embedded in and affixed to the Software. All other copying is prohibited.

User may not loan, lease, distribute or transfer the Software or copies to third parties, nor reverse engineer or otherwise attempt to discern the source code of the Software. Further, User may not reproduce all or any portion of the Software or the Documentation (except as expressly permitted in this Agreement). User agrees to notify its personnel who may have access to the Software of the restrictions contained in this Agreement and to ensure their compliance with these restrictions.

Title to the Software is not transferred to User. Ownership of all copies of the Software and of copies made by User is vested in Litera, subject to the rights of use granted to User in this Agreement.

3. SUPPORT

If User has acquired and paid for (i) an annual license for the Software (which includes support for the term of the annual license) or (ii) a perpetual license for the Software and the first year of Litera Software Assurance (LSA), a software support and upgrade subscription, then User is entitled to support services as follows:

- (a) Duration** - For one (1) year commencing on the Effective Date of the license term, and for subsequent one (1) year periods commencing on the anniversary dates of the Effective Date, to the extent User has executed a new or modified GSA Customer Purchase Order for such subsequent one-year period prior to the commencement of the period (each such one-year period, hereinafter referred to as a "Subscription Period").
- (b) Services Provided** - Technical support for the Software consisting of telephone, fax and email information and advice, and any updates of the Software generally made available by Litera to its subscribing licensees of the Software during the Subscription Period (collectively, "Software Support"). Such Software Support will be the obligation of Litera and will be provided by Litera or its designee(s).
- (c) Requests for Software Support** - Requests for such technical support should be submitted by User via telephone, fax or e-mail to Litera.

4. PROPRIETARY MATERIALS AND INTELLECTUAL PROPERTY

The Software itself, and material accessible to you through the Software, is the subject of intellectual property rights belonging to Litera and/or its licensors, including, without limitation, patents, copyrights, trademarks, and/or trade secrets. Except as expressly permitted by Litera, you may not reproduce, redistribute, retransmit, publish or otherwise transfer, or commercially exploit any such material.

5. CONFIDENTIALITY

User and Litera acknowledge that they may, in the course of performing their respective obligations or exercising their respective rights under this Agreement, be exposed to or acquire information that is proprietary to or confidential to the other Party or to third parties to whom such other Party has a duty of confidentiality. "Confidential Information" shall be deemed to include any and all non-public information of any form obtained or learned by each Party in connection with this Agreement (but not this Agreement itself) including, but not limited to, any information regarding either Party's business practices, policies, and strategies, technology systems and platforms, source code, all information regarding either Party's clients, and specifically including all intellectual property of Litera listed in Section 4 herein. When the end user is an agency or instrumentality of the U.S. Government, neither this EULA nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement.

User and Litera agree to hold such information in strict confidence and not to disclose such information to third parties or to use such information for any purpose whatsoever other than as contemplated by this Agreement. In the event that such Confidential Information is required to be disclosed by applicable federal law or regulation, or pursuant to a subpoena or order of a court or regulatory, self-regulatory or legislative body of competent

PROPRIETARY AND CONFIDENTIAL

jurisdiction, each Party will provide prompt written notice to the other Party of such requirement such that the other Party may seek a protective order or other appropriate remedy.

6. CHARGES AND PAYMENT

You are responsible for the payment of all fees in accordance with the FAR, the underlying GSA Schedule Contract and any applicable GSA Customer Purchase Order.

7. LIMITED WARRANTY

User acknowledges and understands that the Software and related Documentation may contain errors and omissions. Except as set forth herein, the Software and the related Documentation are provided "AS IS," and User assumes all risks of the Software's use, quality and performance. Litera agrees to use its best commercial efforts to correct errors with the Software, but shall have no responsibilities to User other than to correct any such defects or problems in the Software or the related Documentation, and to assure that the Software operates as designed.

LITERA DISCLAIMS ANY AND ALL WARRANTIES WITH REGARD TO THE SOFTWARE AND THE RELATED DOCUMENTATION, WHETHER EXPRESS OR IMPLIED, INCLUDING SPECIFICALLY THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

The performance of the Software varies with various manufacturers' equipment with which it is used.

Litera does not warrant the level of performance of the Software. Litera does not warrant that the Software or the functions contained in the Software will meet User's requirements, operate without interruption or be error-free.

8. LIMITATION OF LIABILITY

To the maximum extent permitted by applicable federal law, the following shall apply:

User's exclusive remedy for breach by Litera of its limited warranty shall be replacement of any defective medium upon its return to Litera within the warranty period or, if Litera is unable to provide a replacement that is free of defect, a prorated refund of the license fee paid by User with respect to such medium.

IN NO EVENT SHALL LITERA BE LIABLE TO USER OR ANY THIRD PARTY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS, LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OF INFORMATION, COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF LITERA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY (1) TO PERSONAL INJURY OR DEATH CAUSED BY LITERA'S NEGLIGENCE; (2) FOR FRAUD; (3) FOR EXPRESS REMEDIES UNDER LAW OR THE CONTRACT; OR (4) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

9. TERMINATION

When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Litera shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon any termination of this Agreement, User must cease all use of the Software, destroy all copies then in its possession or control and take such other actions as Litera may reasonably request to ensure that no copies of the Software remain in its possession or control.

10. U.S. Government Users.

This Section 10 applies to all acquisitions of the Software by or for the federal government, or by any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement or other activity with the federal government. The government hereby agrees that the Software qualifies as "commercial" computer software within the meaning of the acquisition regulation(s) applicable to this procurement and FAR 52.227-14 "Rights in Data" (Dec. 2007) applies. The terms and conditions of this Agreement shall pertain to the government's use and disclosure of the Software. If this Agreement fails to meet the government's needs or is inconsistent in any respect with Federal law, the government agrees to return the Software, unused. DFARS 252.7015 "Technical Data-Commercial Items"(Jun. 2013) applies only to acquisitions by the Department of Defense.

11. GENERAL

This Agreement, the underlying GSA Schedule Contract, the Schedule Price List and any applicable GSA Customer Purchase Orders embody the entire agreement between User and Litera with respect to the Software and supersede all prior understandings or agreements, oral or written, relating to the Software. This Agreement, however shall not take precedence over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order.

Failure by Litera to enforce any provision of this Agreement shall not be construed as a waiver of any provision or right.

In the event that any portion of this Agreement is held unenforceable, the remainder of the provisions shall remain in full force and effect.

Neither this Agreement nor any part or portion hereof may be assigned, sublicensed or otherwise transferred by User. Assignment by Litera is subject to FAR 52.232-23 "Assignment of Claims" (Jan. 1986) and FAR subpart 42.12 "Novation and Change-of-Name Agreements" (Sep. 2013).

Failure of a party to enforce any provision of this Agreement does not constitute and should not be construed as a waiver of such provision or of the right to enforce such provision.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Lookingglass Cyber Solutions Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay,

setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

LOOKINGGLASS CYBER SOLUTIONS, INC.

LOOKINGGLASS CYBER SOLUTIONS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. **DEFINITIONS.** Certain capitalized terms, if not otherwise defined on herein shall have the meanings set forth below in this Section 1.

1.1. **"Appliance"** shall mean, collectively, the Computer Equipment, the Licensed Software, and any third party software and any patches, updates, improvements, additions and other modifications or revised versions that may be provided by Lookingglass from time to time ordered and paid for by Ordering Activity pursuant to an Order Form.

1.2. **"Computer Equipment"** means Lookingglass' network information management hardware equipment, including the various hardware components that comprise such equipment.

1.3. **"Confidential Information"** means any material or information relating to a Party's research, development, products, product plans, services, customers, customer lists, markets, software, developments, inventions, processes, formulas, technologies, designs, drawings, marketing, finances, or other business information or trade secrets that such disclosing Party treats as proprietary or confidential. Without limiting the foregoing, the software and any databases (including any data models, structures, non-customer specific data and aggregated statistical data contained therein) of Lookingglass shall constitute Confidential Information of Lookingglass.

1.4. **"Customer Content"** means the data, media and content (structured and unstructured) generated, collected or recorded by the Ordering Activity or by any supplier or licensor to Ordering Activity that is uploaded, stored, analyzed and made available to and through the Licensed Software.

1.5. **"Data"** shall mean Lookingglass' commercially available proprietary analysis and information and third party information regarding the characteristics of certain security threats and vulnerabilities, data and analysis of malicious software and executables that is periodically provided to Lookingglass customers and the Ordering Activity through a Data Service Subscription pursuant to the terms of this Attachment A.

1.6. **"Data Service Subscription"** shall mean Lookingglass' service that Lookingglass customers may purchase through an Order Form, whereby the Data is delivered to the Appliance(s) at Ordering Activity's site for use by Ordering Activity.

1.7. **"Documentation"** shall mean Lookingglass' standard user manuals and/or related documentation generally made available to Ordering Activities of the Licensed Software.

1.8. **"Effective Date"** shall have the meaning set forth in Order Form placed with Contractor.

1.9. **"Initial Term"** shall have the meaning given such term in [Section 8.1](#).

1.10. **"Installation Services"** shall have the meaning given such term in [Section 6.2](#).

1.11. **"Intellectual Property Rights"** shall have the meaning given such term in [Section 4](#).

1.12. **"Licensed Products"** shall mean, collectively, the Licensed Software, Data and the Documentation.

1.13. **"Licensed Software"** shall mean, collectively, the executable, object code version(s) of Lookingglass' proprietary software, procedures, rules or routines, including Upgrades and updates that are furnished or developed under this Attachment A or the Maintenance Services, excluding any third party applications, that is included on an Appliance.

PROPRIETARY AND CONFIDENTIAL

1.14. "**Maintenance and Support Services**" shall mean the services described in Section 6.1 and Exhibit B.

1.15. "**Professional Services**" shall have the meaning given such term in Section 6.3.

1.16. "**Term**" means the period during which the Order Form remains in force and effect in accordance with Section 8.1.

1.17. "**Training Services**" shall have the meaning given such term in Section 6.4.

1.18. "**Updates**" means a new issuance of any Licensed Software that provides: (i) minor improvements to existing features; and/or (ii) minor additions in functionality compared to the previous issuance; and/or (iii) bug fixes, corrections, patches, or work-arounds. An Update shall be identified by the numeral change to the right of the first decimal point (e.g. a change from version 1.5 to 1.6 or from 1.4.1 to 1.4.2).

1.19. "**Warranty Period**" shall have the meaning given such term in Section 7.1.

2. PURCHASE OF APPLIANCE.

2.1. **Purchase of Appliance.** During the Term, Ordering Activity may purchase, and Contractor agrees to sell, the Appliance pursuant to one or more standard Order Forms, provided, however, that Ordering Activity's rights in, and the use of, any Licensed Software, installed on such Appliance, shall be governed by the license grant and restrictions contained in Section 3.

2.2. **Order Forms.** During the Term, Ordering Activity may order the Appliance, Data Service Subscription and/or the Maintenance and Support Services by submitting an executed Order Form.

3. SOFTWARE & DATA LICENSE.

3.1. **Software License.** Subject to the terms and conditions of this Attachment A, Contractor hereby grants to Ordering Activity a limited, non-exclusive, non-transferable, non-sublicenseable, perpetual license ("Lookingglass License") to use the Licensed Products for Ordering Activity's internal use. Ordering Activity may use the Licensed Software embedded on an Appliance only with the Appliance for which the Licensed Software is provided and registered for use. If any Licensed Software is provided on separate media, Ordering Activity may (i) only use it in accordance with the terms set forth in this Attachment A and (ii) make a reasonable number of copies solely for internal backup purposes.

3.2. **Data License.** During the Term and subject to the terms and conditions of this Attachment A, Ordering Activity may purchase a Data Service Subscription from Contractor for use with the Appliance. Upon payment of applicable GSA fees by Ordering Activity, Contractor hereby grants to Ordering Activity a non-transferable, non-sub-licensable, non-exclusive license to download, install and use the Data on the Appliance(s) only for internal Ordering Activity purposes. Ordering Activity may install and use only a single copy of the Data on a single Appliance.

4. OWNERSHIP.

4.1. **Appliances and Licensed Products.** Ordering Activity acknowledges that Lookingglass and its licensors own all right, title, and interest, including all patent, copyright, trade secret, trademark, moral rights, mask work rights, and other intellectual property rights ("**Intellectual Property Rights**") in and to the Appliances and the Licensed Products (including all components thereof), and Lookingglass expressly reserves all rights not expressly granted to Ordering Activity in this Attachment A. Ordering Activity shall not engage in any act or omission that would impair Lookingglass' and/or its licensors' Intellectual Property Rights in the Licensed Products and any other materials, information, processes or subject matter proprietary to Lookingglass. Raw data shall not be redistributed, republished, or posted for others not a party to this Attachment A to view, use, or otherwise manipulate.

4.2. **Customer Content.** Contractor through Lookingglass acknowledges that, as between the Ordering Activity and Lookingglass, Ordering Activity owns all Intellectual Property Rights in and to the Customer Content. Ordering Activity agrees that Lookingglass may copy, store, process, analyze and display such Customer Content through the Licensed Software and hereby grants to Lookingglass a non-exclusive, non-transferable right and license to use the Customer Content during the Term for the limited purposes of performing Lookingglass' obligations under this Attachment A, solely as authorized hereunder, and to collect and use any such data, in non-user specific and aggregated statistical form, for the development and maintenance of its products and services and for Lookingglass' other business purposes. Ordering Activity hereby represents and warrants that it has sufficient right to grant Lookingglass access to and use of the Customer Content, solely as authorized in accordance with the terms of this Attachment A. Ordering Activity shall be solely responsible for, and assumes the risk of, any problems resulting from, the content, accuracy, completeness, consistency integrity, legality, reliability, and appropriateness of all Customer Content. Lookingglass shall not be responsible or liable for the deletion, correction, destruction, damage, loss or failure to store any Customer Content.

5. GENERAL USAGE RESTRICTIONS.

5.1. **Prohibited Uses.** Ordering Activity will not use the Appliances or the Licensed Products for any purposes beyond the scope of the licenses granted in this Attachment A. Without limiting the generality of the foregoing, Ordering Activity will not: (i) authorize or permit use of the Licensed Products by persons; (ii) distribute any copies of the Licensed Products; (iii) assign, sublicense, sell, lease or otherwise transfer or convey, or pledge as security or otherwise encumber, Ordering Activity's rights under the licenses granted in Section 3; (iv) modify or create

PROPRIETARY AND CONFIDENTIAL

any derivative works of the Licensed Products (or any component thereof), except with the prior written consent of Contractor through Lookingglass; or (v) decompile, disassemble, reverse engineer or otherwise attempt to obtain or perceive the source code from which any component of the Licensed Products are compiled or interpreted, and Ordering Activity hereby acknowledges that nothing in this Attachment A shall be construed to grant Ordering Activity any right to obtain or use such source code.

5.2. **Proprietary Notices.** Ordering Activity shall duplicate all proprietary notices and legends of Lookingglass and its suppliers or licensors upon any and all copies of the Appliances and the Licensed Products made by Ordering Activity. Ordering Activity shall not remove, alter or obscure any Lookingglass proprietary notice or legend.

6. MAINTENANCE AND SUPPORT; OTHER SERVICES.

6.1. **Maintenance and Support Terms and Conditions.** Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass' Maintenance and Support Services by paying Contractor the then-applicable annual maintenance and support GSA fee. The terms and conditions that govern the Maintenance and Support Services as provided by Contractor through Lookingglass are attached hereto as Exhibit B. Any Updates provided to Ordering Activity pursuant to the Maintenance and Support Services shall be deemed part of the Licensed Software and shall be licensed under the terms and conditions of the grant of License in Section 3 above.

6.2. **Installation Services.** Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass' installation services, either on-site or remotely, for the Appliance ("**Installation Services**").

6.3. **Professional Services.** Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass' professional services under which support shall be provided to Ordering Activity by Contractor through Lookingglass ("**Professional Services**").

6.4. **Training Services.** Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass' training services ("**Training Services**"), under which a representative of Lookingglass shall be present at Ordering Activity's designated location to provide training services on the operation of the Appliance(s) to the Ordering Activity.

7. WARRANTIES AND LIMITATIONS.

7.1. **Limited Lookingglass Warranties.** Contractor hereby warrants, for the benefit of Ordering Activity only, that the unmodified Appliances and Licensed Software will conform in all material respects to the specifications within the Documentation for a period of ninety (90) days after the delivery date ("**Warranty Period**"), provided that such warranty will not apply to failures to conform to the specifications to the extent such failures arise, in whole or in part, from: (i) any use of the Appliances or the Licensed Software other than in accordance with the Documentation; (ii) modification of the Appliances or the Licensed Software by Ordering Activity or any third party; or (iii) any combination of the Appliances and the Licensed Softwares with software, hardware or other technology not provided by Contractor through Lookingglass under this Attachment A. Contractor further warrants that the media on which the Licensed Products are delivered to Ordering Activity will be free of material defects for Warranty Period. During the Warranty Period, Contractor will replace the Appliances, Licensed Software, and media, free of charge to Ordering Activity, provided Ordering Activity promptly notifies Contractor of such defect and returns the Products to Contractor.

7.2. ORDERING ACTIVITY ACKNOWLEDGES AND AGREES THAT DATA AND INFORMATION PROVIDED MAY BE UNEVALUATED AND UNVERIFIED, AND SHALL NOT CONSTITUTE ANY REPRESENTATION OR WARRANTY. ORDERING ACTIVITY ACKNOWLEDGES AND AGREES THEY MUST USE ITS OWN JUDGMENT IN ASSESSING THE NATURE AND ACCURACY OF THE DATA AND INFORMATION PROVIDED.

7.3. **No Other Warranties.** EXCEPT AS EXPRESSLY WARRANTED IN SECTION 7.1 OF THIS ATTACHMENT A, THE APPLIANCES AND THE LICENSED PRODUCTS, AND ANY OTHER MATERIALS, SOFTWARE, DATA AND/OR SERVICES PROVIDED BY CONTRACTOR ARE PROVIDED "AS IS" AND "WITH ALL FAULTS," AND CONTRACTOR EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND OR NATURE, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF OPERABILITY, CONDITION, TITLE, NON-INFRINGEMENT, NON-INTERFERENCE, QUIET ENJOYMENT, VALUE, ACCURACY OF DATA, OR QUALITY, AS WELL AS ANY WARRANTIES OF MERCHANTABILITY, SYSTEM INTEGRATION, WORKMANSHIP, SUITABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT. ORDERING ACTIVITY IS RESPONSIBLE FOR IMPLEMENTING APPROPRIATE PROCEDURES TO MAKE ONSITE BACK-UP COPIES OF ORDERING ACTIVITY'S PROGRAM FILES AND DATA FILES TO MINIMIZE ANY DAMAGE THAT MIGHT ARISE FROM AN ERROR OR DEFECT IN THE APPLIANCES OR THE LICENSED PRODUCTS. NO WARRANTY IS MADE BY CONTRACTOR ON THE BASIS OF TRADE USAGE, COURSE OF DEALING OR COURSE OF TRADE. CONTRACTOR DOES NOT WARRANT THAT THE APPLIANCES OR THE LICENSED PRODUCTS OR ANY OTHER INFORMATION, MATERIALS, TECHNOLOGY OR SERVICES PROVIDED UNDER THIS ATTACHMENT A WILL MEET ORDERING ACTIVITY'S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ALL ERRORS WILL BE CORRECTED. ORDERING ACTIVITY ACKNOWLEDGES THAT CONTRACTOR'S OBLIGATIONS UNDER THIS ATTACHMENT A ARE FOR THE BENEFIT OF ORDERING ACTIVITY ONLY.

8. MISCELLANEOUS.

8.1. **U.S. Government End-Users.** Each of the components that constitute the Licensed Software is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and/or "commercial computer software documentation" as such terms are

PROPRIETARY AND CONFIDENTIAL

used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the Licensed Software with only those rights set forth herein.

**EXHIBIT B
MAINTENANCE AND SUPPORT SERVICES TERMS AND CONDITIONS**

1. Definitions.

- a. **“Error”** means any reproducible failure of the Software to perform any material function set forth in the accompanying documentation.
- b. **“New Release”** means a new release of the Software issued by Lookingglass provided for the purpose of materially enhancing the functionality or performance of the Software. New Release shall be identified by the numeral to the left of the first decimal point (e.g. a change from version 1.1 to 2.0).
- c. **“Maintenance Release”** means a bug fix or minor enhancement to the Software, which is identified by the numeral to the right of the first decimal point in the Software (e.g., a change from version 1.1 to 1.2).
- d. **“Maintenance and Support Services”** means that (a) Contractor through Lookingglass shall provide Ordering Activity with all Maintenance Releases released during the term for which Maintenance and Support Services fees have been paid; (b) Contractor through Lookingglass shall answer questions from Ordering Activity regarding the operation of the Software via telephone and e mail, according to the escalation procedures set forth below; and (c) Contractor through Lookingglass shall use commercially reasonable efforts to correct any Errors in the Software reported by Ordering Activity and confirmed by Lookingglass in accordance with the priority level assigned to the Error by Lookingglass, as described in the escalation procedures set forth below.

2. Ordering Activity Obligations.

- a. Ordering Activity shall furnish descriptions and machine readable examples of Errors in the form requested by Lookingglass technical support personnel. Ordering Activity shall also assist Lookingglass’ efforts to duplicate any Errors or problems reported by Ordering Activity.
- b. Contractor through Lookingglass reserves the right to limit the number of individuals who are authorized to make requests for Maintenance and Support Services, and requests Ordering Activity to designate two (2) initial primary contacts. Such technical support contacts must be knowledgeable in the use of the Software and the Ordering Activity’s operating environment. Ordering Activity agrees to notify Lookingglass of any changes in primary support contacts within a reasonable time period.

3. Help Desk; Escalation Procedures.

- a. Contractor through Lookingglass shall provide the following support: answering of telephone calls placed to the customer support telephone number 888-SCOUT93 (726-8893), and e-mail support at support@lgscout.com. Lookingglass shall use commercially reasonable efforts to provide such support from 9 a.m. to 5 p.m. in each Continental United States Time Zone, excluding Alaska, Monday through Friday excluding U.S. holidays. Errors may be reported any time.
- b. Contractor through Lookingglass shall respond to Errors in accordance with the priority level indicated in the chart below, which priority level shall be determined by Lookingglass.

Priority	Definition	Target Response for Initial Requests*	Actions
Priority 1	Error that renders the Software inoperative or causes the Software to fail catastrophically	Within 4 business hours	Lookingglass shall promptly initiate the following procedures upon confirmation of the Error by Lookingglass: (1) assign a senior technical support manager to correct the Error; (2) notify senior Lookingglass management that a Priority 1 defect has been reported and that steps are being taken to correct the defect; (3) provide Ordering Activity with periodic reports on the status of the resolution; (4) commence work to provide Ordering Activity with a workaround or fix.
Priority 2	Error that materially restricts Ordering Activity’s use of the Software	Within 1 business day	Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.

Priority 3	Error that causes only a minor impact on Ordering Activity's use of the Software and/or a defect for which a workaround is available.	Within 2 business days	Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.
Priority 4	A cosmetic or documentation Error that does not impact use of the Software	Within 2 business days	Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.

* Target response time for support requests by e-mail or other on-line facility is within one (1) business day.

- c. The response times set forth in the chart above are target response times only. Lookingglass' sole obligation is to use commercially reasonable efforts to respond to Errors within such time frames, not to have resolved them.

4. Exclusions and Limitations. Lookingglass shall have no obligation to support:

- a. Altered, damaged or modified Software;
- b. Software that is not the current release or the most recent previous release;
- c. Errors or other software problems caused by Ordering Activity's negligence, changes made by any party other than Lookingglass, hardware malfunction, and/or other causes beyond the reasonable control of Lookingglass;
- d. Software installed in an operating or hardware environment not supported by Lookingglass.

- 5. **Maintenance Releases.** Contractor through Lookingglass' obligations to provide Maintenance Releases shall only require Lookingglass to supply such releases as soon as reasonably possible after such releases become generally available. This Maintenance and Support Services Exhibit shall not be construed to obligate Lookingglass to provide Maintenance Releases to Ordering Activity on any specific timetable.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Magnet Forensics** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

MAGNET FORENSICS

MAGNET FORENSICS LICENSE, WARRANTY AND SUPPORT TERMS

1. Definitions

- 1.1. "Agreement" means this Magnet Forensics Attachment A and the applicable ordering document.
- 1.2. "Feedback" has the meaning set out in Section 2.12.
- 1.3. "Magnet Forensics", "we", and "us" have the meaning set out in Section 12.1.
- 1.4. "Software" means all components of this software, user documentation, printed materials, and "online" or electronic documentation and any copies thereof, in whole or in part, provided to you by Magnet Forensics. Software shall include Magnet IEF, Magnet Axiom and the software embedded on a dongle, USB thumb drive, or other media that is a license key to validate authorized use of the Software by a User.
- 1.5. "Third Party Files" has the meaning set out in Section 2.13.
- 1.6. "User" means a single individual user of the Software in whole or in part (including any functionality within the Software) with his/her own license key to validate authorized use of the Software and who uses the Software in the regular course of his/her business or for personal use, in accordance with the Software user documentation, and not for the purposes of development for commercial resale or further distribution of the Software, including without limitation by resale or sublicensing, or for the purposes of providing services to third parties using the Software.
- 1.7. "You", "you", and "your" means: (i) the Ordering Activity using the Software.

2. License Grant

- 2.1. Magnet Forensics hereby grants to you a personal, non-exclusive, non-transferable license to use the Software on the computer(s) used by a single individual, solely as a User for the purposes and in accordance with the terms set forth in this Agreement and the user documentation accompanying the Software. If you wish to offer or provide access to or use of the Software, in whole or in part (including any functionality within the Software), to other persons or third parties, such persons or third parties must pay the applicable license fees, if any, to Magnet Forensics or a Magnet Forensics' authorized reseller and agree to this Agreement to be a User. Notwithstanding the foregoing, you may provide access to or use of the "Portable Case" functionality within the Software to other persons or third parties provided: (a) only one instance of the "Portable Case" functionality within the Software is in use at any time by any such other persons or third parties; and (b) such persons or third parties must pay the applicable license fees, if any, to Magnet Forensics or a Magnet Forensics' authorized reseller and agree to this Agreement to be a User. You recognize the importance of Magnet Forensics maintaining its proprietary rights over the Software and of avoiding improper use of the Software as defined by this Agreement. You do not have the right to obtain or use source code of the Software. If you are acquiring the Software on a subscription basis, then the license rights set out in this Section 2.1 apply only for the time period for which you have purchased the requisite subscription.
- 2.2. Reserved.
- 2.3. You shall not and shall ensure that Users shall not:
- (a) copy, reproduce, or modify the Software or any part thereof including the software that is provided as a license key to validate authorized use of the Software by a User;
 - (b) enhance, improve, alter, create derivative works, reverse engineer, disassemble, deconstruct, translate, decrypt, reverse compile or convert into human readable form the Software or any part thereof including the software that is provided as a license key to validate authorized use of the Software by a User;
 - (c) distribute, lend, assign, license, sublicense, lease, rent, transfer, sell or otherwise provide access to the Software, in whole or in part, to any third party on a temporary or permanent basis;
 - (d) remove, deface, cover or otherwise obscure any proprietary rights notice or identification on the Software (including without limitation any copyright notice);
 - (e) copy any written materials accompanying any portion of the Software unless specifically authorized in writing to do so by Magnet Forensics;
 - (f) use the Software to provide services to third parties (including technical or training services), or otherwise publicly display or market the Software, for the purposes of your commercial gain (which includes any monetary consideration or other compensation);
 - (g) use the Software in any unlawful manner; or
 - (h) authorize, permit or otherwise acquiesce in any other party engaging in any of the activities set forth in (a) – (g) above, or attempting to do so. For the purposes of this provision "copy" or "reproduce" shall: (i) not include: (A) making additional copies of the Software for your own use, as long as only one copy may be used at any one time and used in accordance with and for the purposes described in the user documentation; or (B) making one back-up copy of the software licensed hereunder, provided that such copy is not used simultaneously or concurrently with the original software; and (ii) include, without limitation, preinstalling the Software or any part thereof on any computers used by other persons or third parties.

PROPRIETARY AND CONFIDENTIAL

- 2.4. You acknowledge that use of the Software may result in your collection of information obtained from third parties, that such third party information is not under the control of Magnet Forensics, and Magnet Forensics is not responsible or in any way liable for the performance and nonperformance of the Software to collect such third party information, including without limitation the accuracy, completeness, interpretation, reliability, copyright compliance, legality, decency, or any other aspect of such third party information. It is solely your responsibility to evaluate the accuracy, completeness, interpretation, and usefulness of the collection of any such third party information. Magnet Forensics has no special relationship with or fiduciary duty to you, and you acknowledge that Magnet Forensics has no control over, and no duty to take any action regarding any of your acts or omissions, including without limitation: (a) what information and material you access through the Software; (b) how you may interpret or use the information and materials accessed through the Software; or (c) what actions you may take as a result of having been exposed to information and materials obtained through the Software.
- 2.5. You specifically acknowledge that the Software is not developed, or licensed for use in any nuclear, aviation, mass transit, or medical application or in any other inherently dangerous, timesensitive or mission critical applications. You agree that Magnet Forensics shall not be liable for any claims or damages arising from such use if you use the Software for such applications.
- 2.6. By entering into this Agreement with Magnet Forensics, you are representing and warranting that you have the legal right to obtain the Software from Magnet Forensics and to use it in the jurisdiction in which you are located, and that your payment for and use of the Software does and will not cause Magnet Forensics to be in breach of any applicable laws or regulations.
- 2.7. You must ensure that all your employees and contractors that use the Software comply with the terms and conditions of this Agreement to be a User.
- 2.8. Magnet Forensics may impose certain restrictions on your use of the Software, such as restrictions on site, equipment and usage (including usage of features of the Software), by providing you with such restrictions in writing at the time the Software is provided.
- 2.9 All upgrades and updates to the Software that are provided to you by Magnet Forensics pursuant to a separate support and maintenance agreement shall also be considered Software hereunder, subject to all terms, conditions and restrictions contained herein.
- 2.10 In order to use the Software, you:
- (a) must provide and maintain with Magnet Forensics up-to-date, complete and accurate registration information, including your first and last name, your valid mailing address, your phone number and your valid email address;
 - (b) consent that the personal data will be collected, used, disclosed, and processed in accordance with Magnet Forensics' Privacy Policy and, if you are using the Software on behalf of a company or other entity, you represent, warrant and undertake that you have obtained all requisite consents from the relevant individuals prior to the transfer of any personal data to Magnet Forensics; and
 - (c) must be at all times in compliance with the terms and conditions of this Agreement and applicable law.

Magnet Forensics reserves the right to change, suspend, end-of-life or otherwise discontinue any version of the Software at any time, including the availability of any feature or content, or any promotion offered by Magnet Forensics.

2.11. Magnet Forensics welcomes your feedback regarding the Software, but we cannot receive feedback unless we are able to freely use the feedback to improve the Software. Therefore, unless we otherwise agree with you in writing, you hereby agree that: (a) we own all feedback, comments, suggestions for improvement, ideas, concepts and changes that you provide to us or identify in the course of your use of the Software, and all associated intellectual property rights (collectively the "Feedback"); and (b) you hereby assign to us all of your right, title and interest in your Feedback. You will not knowingly provide us any Feedback that is subject to third party intellectual property rights. You agree to cooperate fully with us with respect to signing further documents and doing such other acts as are reasonably requested by us to confirm that we own the Feedback and to enable us to register and/or protect any associated intellectual property rights and/or confidential information.

2.12. You and/or a third party may define the structure of artifacts in a XML file ("Third Party Files") that the Software scans subject to the terms of this Agreement. Your use of any Third Party File is at your risk. Third Party Files may contain malicious code or viruses. We recommend you trust the source of Third Party Files and scan them for viruses.

3. Reserved.

4. Support

4.1. This license does not imply any rights to future upgrades or updates of the Software. However, if Magnet Forensics does provide you with any upgrades or updates to the Software, such upgrades or updates shall be subject to the terms and conditions of this Agreement. For greater certainty, you must specifically purchase support from Magnet Forensics in order to obtain upgrades or updates to the Software or any support for the Software (telephonic or otherwise) beyond Magnet Forensics' warranty obligations set forth herein, and all such support shall be subject to Magnet Forensics' Support Terms and Conditions contained herein. If You contact Magnet Forensics for support or opt-in to send diagnostics or other technical information to Magnet Forensics through email or tools provided by Magnet Forensics for such purposes, You agree that: (a) the information the disclosing party discloses to the receiving party may be confidential information that the receiving party agrees to keep in strict confidence; and (b) Magnet Forensics may collect technical information like Software version number, Software usage information, operating system and environment information, and list of installed applications that may be helpful for the diagnostics purposes. Such information will be used for the purposes of support, software updates, and improvement of the Software in accordance with Magnet Forensics' Privacy Policy.

PROPRIETARY AND CONFIDENTIAL

Subject to your security and privacy policies, You acknowledge and agree that calls and emails with Magnet Forensics and its service providers may be recorded or logged for training, quality assurance, customer service and reference purposes.

4.2. Magnet Forensics shall not be responsible for the installation or integration of the Software with any hardware or software whatsoever, whether belonging to you or any third party. In no event shall Magnet Forensics be obligated to customize or otherwise modify the Software to meet your requirements or those of any third party.

5. Intellectual Property Rights and Confidentiality

5.1. You are responsible for complying with all applicable intellectual property laws in your use of the Software.

5.2. You acknowledge that the Software, excluding third party licensed software embedded in the Software, is owned by Magnet Forensics, who retains all right, title and interest therein, and is protected by Canadian, U.S. and international copyright laws. In addition, other intellectual property laws (including patent laws) and treaties may protect the Software. It is therefore your responsibility to fully comply with such laws in using and handling the Software. Nothing herein shall be construed as constituting a sale of the Software or any portion thereof to you.

5.3. You do not acquire any intellectual property or other proprietary rights under this Agreement, including without limitation any right, title or interest in and to patents, copyrights, trade-marks, industrial designs, confidential information, or trade secrets, whether registered or unregistered, relating to the Software or any part thereof. Your only rights to the Software and any part thereof shall be those rights expressly licensed or granted to you under this Agreement. Any rights not expressly granted under this Agreement are reserved.

5.4. You acknowledge and agree that the Software: (a) was developed at considerable time and expense by Magnet Forensics and/or its affiliates; and (b) contains confidential information including the trade-secrets of Magnet Forensics and/or its affiliates. Without limiting the foregoing, confidential information includes the 'look and feel', performance, specifications, features and functionality of software, which information may not be discussed or shown to the public by you or your Users in any manner until publicly released by Magnet Forensics.

6. Warranties

6.1. Magnet Forensics warrants that the SOFTWARE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE SOFTWARE IS PROVIDED TO YOU "AS IS", WITHOUT ANY WARRANTY WHATSOEVER. Where the media on which the Software is provided is defective, or you are unable to download the Software in accordance with directions provided by Magnet Forensics, and you notify Magnet Forensics of such issues within ten (10) days of the delivery of the Software to you, Magnet Forensics will provide you with another copy of the Software at no charge to you.

6.2. THE WARRANTY SET FORTH IN THIS SECTION 6 IS THE EXCLUSIVE WARRANTY MADE BY MAGNET FORENSICS TO YOU, AND IS YOUR SOLE AND EXCLUSIVE REMEDY RESPECTING ANY DEFECTS, NON-CONFORMITIES OR PROBLEMS WITH THE SOFTWARE. MAGNET FORENSICS DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES AND CONDITIONS, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY EXPRESS OR IMPLIED REPRESENTATIONS, WARRANTIES OR CONDITIONS OF MERCHANTABILITY, MERCHANTABILITY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, DURABILITY, TITLE, NON-INFRINGEMENT, OR ANY OTHER WARRANTY OR CONDITION ARISING BY STATUTE, CUSTOM OR USAGE OF TRADE RELATED TO THE SOFTWARE PROVIDED HEREUNDER. MAGNET FORENSICS SPECIFICALLY DOES NOT WARRANT THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE. MAGNET FORENSICS DOES NOT WARRANT THAT THE SOFTWARE IS FREE FROM BUGS, ERRORS, OR LIMITATIONS. The allocations of liability in this Section 6.2 represent the agreed and bargained for understanding of the parties and Magnet Forensics' compensation hereunder reflects such allocations.

1.3. To the limited extent that Magnet Forensics is not able to disclaim any warranty respecting the Software, any implied or imposed warranty respecting the Software shall nevertheless not apply to defects, nonconformities or problems resulting from: (a) improper or inadequate maintenance or installation of the Software; (b) use of the Software in combination with software, interfaces, or other materials that are not supplied or specifically authorized by Magnet Forensics; (c) unauthorized or improper use or modification of the Software, including use that is not contemplated under the terms of this Agreement or the user documentation accompanying the Software; (d) abuse, negligence, accident, or other damage from external sources (e) improper preparation of your facilities for Software installation and use; or (f) unauthorized maintenance or repair of the Software.

7. Reserved.

8. Reserved.

9. Reserved.

10. Reserved.

11. Compliance with Laws/Export

PROPRIETARY AND CONFIDENTIAL

11.1. In using the Software, you will observe and comply with all applicable laws, ordinances, codes and regulations of governmental agencies, including federal, provincial, state, municipal and local governing bodies.

11.2. You will not use, import, export, or re-export the Software except in compliance with all applicable laws, which shall include refraining from exporting to any person or country that is on any U.S. or Canadian export control list unless you have a valid and applicable permit to do so. You hereby represent that you will not use the Software in the development, production, handling, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons or their missile delivery systems, or of materials or equipment that could be used in such weapons or their missile delivery systems, or resell or export to anyone or any entity involved in such activity.

11.3. If the Software is being licensed by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), then, as a commercial item, the Government's rights in the Software will be only as set forth (i) in this Agreement or (ii) as provided in FAR 12.212 (Computer Software) and (for Department of Defense use or disclosure) DFAR 227.7202-3 (Rights in Commercial Computer Software or Computer Software Documentation), whichever set of rights provided in (i) or (ii) are the more restrictive. Contractor or Manufacturer is Magnet Forensics Inc.

Support and Maintenance Terms and Conditions

The following section describes the terms and conditions under which you will receive support and maintenance services from Magnet Forensics Inc. ("Magnet Forensics") in relation to software purchased by you from Magnet Forensics and subject to this Magnet Forensics' Attachment A.

1. Definitions

1.1 "Software" means the software licensed to you by Magnet Forensics pursuant to the terms and conditions of the User Agreement.

1.2 "Term" means: (a) the initial thirty (30) day period after your purchase of the Software, and (b) the period for which you have purchased support and/or maintenance services from Magnet Forensics, if any.

1.3 "Updates" means software releases from Magnet Forensics, identified by Magnet Forensics as updates, which supplement a version of Software that you have obtained from Magnet Forensics and that may correct defects, bugs or programming errors in such version of Software or provide minor increases in functionality for such version of Software.

1.4 "Upgrades" means software releases from Magnet Forensics, identified by Magnet Forensics as upgrades, which replace a version of Software that you have obtained from Magnet Forensics with a newer version of such Software.

1.5 "User Agreement" means the user agreement under which Magnet Forensics provided the software to you, either by providing you with the user agreement or by providing you with access to the user agreement.

2. Support and Maintenance Services

2.1 During the Term, subject to the restrictions set forth herein, Magnet Forensics will provide support and/or maintenance services, as agreed upon by the parties on the applicable ordering document.

Support and maintenance services consist of the following:

Support Services:

- a. Advice provided telephonically and by e-mail on the use and maintenance of the Software where such Software is not operating in accordance with its specifications;
- b. Instruction provided telephonically and by e-mail on the use and maintenance of the Software where such instructions are not included in the documentation accompanying the Software; and
- c. Guidance on software failure diagnoses and suggestions for Software error correction provided telephonically and by e-mail; and
- d. Commercially reasonable efforts to correct any defects in the Software which prevent the Software from operating in accordance with its specifications (including the provision of Updates or Upgrades where necessary to correct a defect in the Software which prevents the Software from operating in accordance with its specifications).

Support services may take the form of specific bug fixes, special releases to remedy defects in the Software or, where bugs or defects are not critical (as determined in Magnet Forensics' sole discretion) inclusion of fixes in a future scheduled release of the Software.

a. Maintenance Services:

- a. the provision of Updates to the Software including, without limitation, enhancements to the Software.
- b. where specifically agreed upon by you and Magnet Forensics in your support and maintenance purchase form, the provision of Upgrades to the Software.

PROPRIETARY AND CONFIDENTIAL

2.2 Magnet Forensics' obligations to perform the support and maintenance services hereunder, as applicable, will apply only to the Software provided to you by Magnet Forensics and not to peripheral data or any third party hardware or software. Support and maintenance services shall be available between 8:30 a.m. to 5:30 p.m., Eastern Time, Monday to Friday, excluding Canadian statutory or national holidays (each a "Business Day").

2.3 The following services (the "Excluded Services") are specifically not included in the support and maintenance services:

- a. advice or instructions related to general usage of the Software;
- b. installation of the Software;
- c. on-site support related to the Software;
- d. corrections of defects found by Magnet Forensics to be:
 - i. in other than a current, unaltered release of the Software provided free of charge to you;
 - ii. caused by your negligence or that of a third party (other than a third party working on Magnet Forensics' behalf), or modifications made to the Software by you or by any third party other than a third party working on Magnet Forensics' behalf;
 - iii. arise from use or interoperability of the Software in combination with hardware or software not specifically approved by Magnet Forensics;
 - iv. caused by normal wear and tear;
 - v. caused by improper or unauthorized use of the Software;
 - vi. caused by use of the Software in a manner contrary to, or otherwise not in accordance with, documentation, guidelines or instructions provided by Magnet Forensics in relation to the Software; vii. due to external causes such as, but not limited to, power failure or electrical power surges; or viii. defects which do not prevent the Software from operating in accordance with its specifications. In the event that you wish Magnet Forensics to perform any Excluded Service, such Excluded Service must be pursuant to a separate, mutually agreed upon written agreement between you and Magnet Forensics.

3. **Reserved**

4. **Reserved**

5. **Intellectual Property Rights**

5.1 You acknowledge and agree that Magnet Forensics shall own all intellectual property rights (whether or not patentable or registrable under copyright, trade-mark or similar legislation or subject to analogous protection) in and to the Software, including any and all enhancements and modifications made to the Software, and all work conceived, created, invented produced, designed or reduced to practice by Magnet Forensics and its personnel as a result of or with respect to any and all services provided to you pursuant to this Agreement (collectively, the "Modifications"); however you shall have a non-exclusive, non-transferable license to use any enhancements and/or modifications made to the Software in the performance of an order, for your own internal purposes, at no additional cost. Your rights and obligations relating to the use of the Software shall be governed by the terms of the User Agreement regardless of whether you, your employees or contractors may have contributed to any Modifications in any way.

6. **Limited Warranty and Limited Liability**

6.1 Limited Warranty. Magnet Forensics warrants that all services provided in accordance with the terms of this Agreement shall be provided in a competent, professional manner by persons who are fully trained and qualified in respect of the Software. Magnet Forensics does not represent or warrant that the services provided hereunder will be capable of achieving a particular result for your business, or that the operation of the Software will be error free or uninterrupted, or that all errors in the Software can be found or corrected, although Magnet Forensics shall use commercially reasonable efforts to do so.

6.2 Limitation of Liability. OTHER THAN AS OTHERWISE PROVIDED IN THIS AGREEMENT AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MAGNET FORENSICS MAKES NO WARRANTY OR CONDITION, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE SOFTWARE, MODIFICATIONS, THE SUPPORT SERVICES, THE MAINTENANCE SERVICES OR ANY OTHER SERVICES PROVIDED IN ACCORDANCE WITH THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY MAGNET FORENSICS, ITS DISTRIBUTORS, AGENTS, DIRECTORS, OFFICERS, OR EMPLOYEES (COLLECTIVELY, "AGENTS") SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. OTHER THAN AS SPECIFICALLY PROVIDED IN THE USER AGREEMENT, YOU ASSUME THE ENTIRE RISK AS TO THE USE AND PERFORMANCE OF THE SOFTWARE AND THE MODIFICATIONS IN TERMS OF CORRECTNESS, ACCURACY, RELIABILITY, CURRENTNESS, OR OTHERWISE.

7. **Reserved**

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Mesosphere, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
MESOSPHERE END USER LICENSE AND SUPPORT AGREEMENT**

PROPRIETARY AND CONFIDENTIAL

1. Definitions.

- a. "Licensed Software" means the proprietary closed-source Mesosphere software components identified in a Licensed Software Order Form, including any software updates, revisions, error corrections, and enhancements to the foregoing which are provided to Ordering Activity by Mesosphere pursuant to the Support Services provided hereunder.
- b. "Open Source Stack" means the Mesosphere open source software and third-party open source software (i) which are listed under the Open Source Stack heading on an applicable Order Form and (ii) for which Mesosphere offers Support Services.
- c. "Node" means a single server (either physical or virtual) that is owned, operated or controlled by Ordering Activity operating the Licensed Software or Open Source Stack (as applicable) whether or not in a Production Environment.
- d. "Production Environment" means any live or production use of the Licensed Software (whether internal or external), including, without limitation, beta tests and limited releases of production applications for testing purposes.
- e. "Support Services" means the Support Level listed in an Order Form, as described in Mesosphere's standard Support and Maintenance Terms attached as Exhibit A.

2. Order Forms. Any purchase order issued by Ordering Activity with regard to the Licensed Software must reference this Agreement.

3. Support & Services. During the Term, Mesosphere will use reasonable commercial efforts to provide the support and maintenance services in accordance with the Support Services indicated on the applicable Order Form for the Open Source Stack and, if applicable, the Licensed Software. If and as indicated on an applicable Order Form, Mesosphere will use reasonable commercial efforts to provide certain services as set forth in as described in such Order Form.

4. Open Source. Ordering Activity acknowledges that the components of the Open Source Stack are, and elements of the Licensed Software may be, provided pursuant to various open source licenses (as may be identified to Ordering Activity by Mesosphere from time to time) (together, "Third Party Software"), and Ordering Activity's use of such components shall be governed solely by (and nothing herein shall limit any of Ordering Activity's rights under) the applicable open source licenses.

5. Grant of License. For each Licensed Software Order Form that has been issued by Ordering Activity, subject to Ordering Activity's compliance with all of the terms and conditions of the Agreement (including, without limitation, any limitations or restrictions set forth on the Licensed Software Order Form, payment of all fees, and any applicable use limitations), Mesosphere grants Ordering Activity a personal, nonsublicensable, nonexclusive right during the Order Form Term to use the Licensed Software in object code form only in accordance with Mesosphere's applicable Documentation. Ordering Activity may only use the Licensed Software to manage the maximum aggregate number of Nodes set forth on the Licensed Software Order Form; provided that Ordering Activity may not use more than one instance of the Licensed Software on any Node.

6. Ownership; Restrictions. Ordering Activity agrees and acknowledges that, as between the parties, Mesosphere and its licensors are the owners of all right, title and interest in and to the Licensed Software, any documentation therefor ("Documentation") and all intellectual property rights therein, and that Ordering Activity shall not obtain or claim any ownership interest in the foregoing. Ordering Activity agrees and acknowledges that the Licensed Software and Documentation contain the valuable trade secrets and proprietary information of Mesosphere and its licensors which have been developed at great expense. Ordering Activity shall not obscure, alter or remove any patent, copyright, trademark or service mark, marking or legend contained on or in any Licensed Software or Documentation. In addition, Ordering Activity will not (and will not allow any third party to) (i) reverse engineer or attempt to discover any source code or underlying ideas or algorithms of any Licensed Software, (ii) sell, assign, distribute, provide, lease, lend, disclose, use for timesharing or service bureau purposes, or otherwise use or allow others to use for the benefit of any third party, any Licensed Software (except as expressly and specifically authorized by Mesosphere), (iii) possess or use any Licensed Software, or allow the transfer, transmission, export, or reexport of any Licensed Software or portion thereof in violation of any export control laws or regulations administered by the U.S. Commerce Department, U.S. Treasury Department's Office of Foreign Assets Control, or any other government agency, (iv) disclose to any third party any benchmarking or comparative study involving any Licensed Software, or (v) modify, adapt, translate or create derivative works based on any Licensed Software. Prior to disposing of any media or apparatus containing any part of the Licensed Software, Ordering Activity shall completely destroy any Licensed Software contained therein. All the limitations and restrictions on Licensed Software in this Agreement also apply to Documentation. ORDERING ACTIVITY ACKNOWLEDGES THAT THE LICENSED SOFTWARE MAY INCLUDE FEATURES TO PREVENT USE AFTER THE APPLICABLE LICENSE PERIOD.

7. Reserved.

8. Reserved.

9. Reserved.

10. Feedback. Ordering Activity may, though has no obligation to, provide Mesosphere with feedback with respect to Ordering Activity's use of the Licensed Software or Open Source Stack (e.g., feedback related to usability, performance, interactivity, bug reports and test results of the Licensed Software or Open Source Stack) ("Feedback"). If it does, Ordering Activity hereby grants Mesosphere a nonexclusive, worldwide, perpetual, royalty free, fully paid-up license to freely use and make available the Feedback for any purpose.

11. Usage Review; Audit. Mesosphere reserves the right to audit Ordering Activity's use of the Licensed Software and Ordering Activity's compliance with this Agreement, including any Node restrictions or support limitations in an applicable Order Form upon five (5) days' notice, but no more frequently than once every twelve (12) months (and Ordering Activity will provide reasonable information, access, and assistance in connection with any such audit, subject to applicable Government security requirements). In the event that Mesosphere finds that Ordering Activity is not in compliance with Node or other restrictions in an applicable Order Form, or otherwise not using the Licensed Software in accordance with the terms and conditions of this Agreement, then, Mesosphere shall invoice Ordering Activity for any additional fees attributable such use at the applicable GSA list price. Provided it

PROPRIETARY AND CONFIDENTIAL

does not identify Ordering Activity, Mesosphere will be free to use for development, diagnostic and corrective purposes any data and information it so collects relating to diagnosis, problems, systems, performance, use or functionality, and may allow others to do so.

12. Indemnification. Subject to 28 U.S.C. § 516, Mesosphere shall defend and indemnify Ordering Activity from liability to third parties (including reasonable attorneys' fees) resulting from the Licensed Software infringing any United States patent, copyright or trademark, or misappropriating any trade secret, provided Mesosphere is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume control over defense and settlement to the extent permitted under 28 U.S.C. 516; Mesosphere will not be responsible for any settlement it does not approve. Mesosphere's obligations under this Section 12 shall not apply with respect to any infringement arising from: (i) Third Party Software or third party open source software; (ii) any method or process in which the Licensed Software may be used; (iii) any compliance with Ordering Activity's designs or specifications; (iv) use of other than the current unaltered release of the Licensed Software; (v) the combination, operation or use of the Licensed Software with the Open Source Stack or any software, data or hardware that is not provided by Mesosphere; (vi) any modifications to the Licensed Software that are not made by Mesosphere; (vii) Ordering Activity continuing allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement; or (viii) Ordering Activity's using such Licensed Software in a manner that is not strictly in accordance herewith. This Section 12 sets forth Mesosphere's liability (and Ordering Activity's remedy) for any claim of infringement or intellectual property rights.

13. Disclaimer. MESOSPHERE warrants that the software product will, for a period of 60 days from the date of your receipt, perform substantially in accordance with the software product's written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, MESOSPHERE DISCLAIMS ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO THE LICENSED SOFTWARE, OPEN SOURCE STACK, SUPPORT SERVICES, AND DOCUMENTATION, INCLUDING ALL IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE, ALL OF WHICH ARE HEREBY EXPRESSLY DISCLAIMED. WITHOUT LIMITING THE FOREGOING, MESOSPHERE SPECIFICALLY DISCLAIMS ANY WARRANTY THAT THE FUNCTIONS CONTAINED IN THE LICENSED SOFTWARE OR OPEN SOURCE STACK WILL MEET ORDERING ACTIVITY'S REQUIREMENTS OR WILL OPERATE IN COMBINATIONS OR IN A MANNER SELECTED FOR USE BY ORDERING ACTIVITY, OR THAT THE OPERATION OF THE LICENSED SOFTWARE OR OPEN SOURCE STACK WILL BE UNINTERRUPTED OR ERROR FREE. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

14. Limitation of Liability. THE LICENSED SOFTWARE IS NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE WHERE THE FAILURE OF THE LICENSED SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SIGNIFICANT PHYSICAL OR ENVIRONMENTAL DAMAGE ("HIGH RISK ACTIVITIES"). USE OF THE LICENSED SOFTWARE IN HIGH RISK ACTIVITIES IS NOT AUTHORIZED. THE PARTIES AGREE THAT THIS SECTION 14 REPRESENTS A REASONABLE ALLOCATION OF RISK AND THAT MESOSPHERE WOULD NOT PROCEED IN THE ABSENCE OF SUCH ALLOCATION.

15. Government Use. The Licensed Software is a "commercial item" as that term is defined at 48 C.F.R. 2.101. Any use, modification, derivative, reproduction, release, performance, display, disclosure or distribution of the Licensed Software by any government entity is prohibited, except as expressly permitted by the terms hereunder. Additionally, any use by U.S. government entities must be in accordance with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, as applicable.

EXHIBIT A MESOSPHERE SUPPORT AND MAINTENANCE TERMS

Definitions

"Business Day" means Monday through Friday (Pacific Time), excluding holidays observed by Mesosphere. "Business Hours" means 9:00 a.m. to 5:00 p.m. (Pacific Time) on Business Days.

"Secondary Support" consists solely of commercially reasonable assistance in error isolation and diagnosis.

"Support Contact" means a single named individual that is authorized to contact Mesosphere to make use of the Support Services.

"Supported Cluster" means clusters running Licensed Software subject to this Agreement.

"Supported Software" means the Licensed Software and the Mesosphere Open Source Stack. "Incident" means a single question or issue posed by a Support Contact using the Support Services.

Scope of Support Services

Support Contact(s) may contact Mesosphere technical support by opening a case via email to request information regarding the use, configuration or operation of the Supported Software running on any Supported Cluster.

The scope of the Support Services provided to Ordering Activity include questions pertaining to:

Operational support for a Supported Cluster running the Supported Software, including:

- Best practices for operating the Supported Cluster.
- Identifying, diagnosing and fixing errors in Supported Software.
- Tools and techniques for monitoring a Supported Cluster.
- Preventing and recovering from failures and troubleshooting.

Problem diagnosis and resolution, including:

- Problem isolation and diagnosis of errors in the Supported Software
- Patches and workarounds to fix bugs in the Supported Software

Support Contacts

Ordering Activity will ensure that its personnel who contact Mesosphere are: (a) knowledgeable about the operation of the Supported Software and the hardware on which the Supported Software is installed; and (b) qualified and trained with respect to the Supported Software. Ordering Activity may designate the number of Support Contacts permitted under its subscription level, to serve as liaison(s) with Mesosphere. Ordering Activity's designated Support Contacts are the sole liaisons between Ordering Activity and Mesosphere for technical support of Supported Software. To avoid interruptions in support services, you must notify Mesosphere whenever technical contact responsibilities are transferred to another individual. Support Channels

PROPRIETARY AND CONFIDENTIAL

All support requests must be submitted as follows:

- Sending an email to support@mesosphere.io a Support Contact's registered email addresses. Support Services Offerings.

The Support Services which are described below in this Support Services Policy ("Support Levels"), and are subject to the specific terms and conditions set forth therein regarding hours of operation, response times, methods of support and other matters for the Support Level. The Support Services will be provided in accordance with the applicable Support Level that has been selected and purchased by Ordering Activity. Mesosphere shall use commercially reasonable efforts to meet the applicable targeted response times set forth below. Ordering Activity acknowledges that the time required for resolution of issues may vary depending on the specific circumstances of each problem, including, without limitation, the nature of the incident/problem, the extent and accuracy of information available about the incident/problem, and the level of Ordering Activity's cooperation and responsiveness in providing materials, information, access and support reasonably required by Mesosphere to achieve problem resolution. Mesosphere addresses problem resolutions through a number of mechanisms.

Support Level

Premium Level

Times: 24 x 7 x 365

Maximum number of Support Contacts: 4

Emergency Patches: yes

Annual Incidents: unlimited

Severity	Target Response
Level 1	1 Hour
Level 2	4 Hours
Level 3	1 Business Day

For Level 1 Severity Incidents, Ordering Activity and Mesosphere each agree to:

- Assign an incident commander and to communicate that assignment and contact information
- At the request of either party, establish private chat room in which any number of team members from either party may participate in resolving the incident

Standard Level

Times: 9AM–5PM Pacific Time

Maximum number of Support Contacts: 2 Emergency Patches: no Annual Incidents:

- Level 1 & 2: 10
- Levels 3: Unlimited

Severity	Target Response
Level 1	1 Business Day
Level 2	2 Business Days
Level 3	Reasonable efforts

Severity Level Definitions.

Level 1

A Level 1 issue is a major production error within the Supported Software that severely impacts the Ordering Activity's use of the Supported Software for production purposes, such as the loss of production data or where production systems are not functioning and no work-around exists. Mesosphere will use continuous efforts during all hours to provide a resolution for any Level 1 errors as soon as is commercially reasonable.

Level 2

A Level 2 issue is an error within the Supported Software where the Ordering Activity's system is functioning for production purposes but in a reduced capacity, such as a problem that is causing significant impact to portions of the Ordering Activity's business operations and productivity, or where the Supported Software is exposed to potential loss or interruption of service. Mesosphere will use reasonable efforts during its normal hours of operation to provide a resolution for any Level 2 errors.

Level 3

A Level 3 issue is a medium-to-low impact error that involves partial and/or non-critical loss of functionality for production purposes or development purposes, such as a problem that impairs some operations but allows the Ordering Activity's operations to continue to function. Errors for which there is limited or no loss or functionality or impact to the Ordering Activity's operation and for which there is an easy work-around qualify as Level 3. Mesosphere will use reasonable efforts to provide a resolution for any Level 3 error in time for an upcoming release of Supported Software. All inbound email cases shall have an initial status of Level 3.

Ordering Activity Obligations

Ordering Activity must provide a functional Ordering Activity Project/Application description to clearly define the Ordering Activity Project/Application Mesosphere will be supporting. Ordering Activity is responsible for ensuring that its personnel that interact with Mesosphere have sufficient language

PROPRIETARY AND CONFIDENTIAL

and technical skills, and respond to and cooperate with Mesosphere in a timely manner in connection to requests for Support Services. Using good faith and reasonable judgment, Ordering Activity will assign an initial Severity Level to each report prior to reporting it to Mesosphere, and Mesosphere will assign a unique tracking number to each report as it is reported. Using good faith and reasonable judgment, Mesosphere may change the Severity Level of a report.

As a precondition for requesting Support Services from Mesosphere, Ordering Activity agrees to (and to cause each of its developers to) use reasonable efforts to: (i) attempt to solve the problem and to utilize sufficient resources to clearly understand that a problem exists before consulting Mesosphere; (ii) provide Mesosphere with sufficient information and technical data in order for Mesosphere to establish that a potential problem is not the kind of problem that is an exclusion from the Support Services; (iii) make reasonable attempts and expend reasonable resources to provide any data reasonably requested by Mesosphere to adequately address the potential problem; (iv) utilize sufficient resources to understand the instructions from Mesosphere in addressing the problem, and make reasonable attempts to correct the problem as suggested by Mesosphere. In addition, Ordering Activity agrees and acknowledges that the extent of access and the accuracy of information and technical data provided may affect Mesosphere's ability to provide the Support Services.

Support Service Exclusions.

Mesosphere will have no obligation to provide Support Services to Ordering Activity in the event that (a) following delivery by Mesosphere, the Supported Software has been changed, modified or damaged by Ordering Activity or anyone other than Mesosphere, (b) the problem is caused by Ordering Activity's negligence, misconduct, or misuse of the Supported Software, a hardware malfunction, or other causes beyond the reasonable control of Mesosphere, (c) the problem is due to third party software that is not Supported Software, (d) Ordering Activity has not installed or implemented any Supported Software releases made generally available or is running a Version of the Supported Software that is no longer supported (per the terms below), or (e) Ordering Activity's use of the Supported Software is not in compliance with the Agreement (including without limitation any Node or Ordering Activity Project/Application restrictions). The Support Services do not cover the support of any third party software which integrates with the Supported Software. In addition, the Support Services do not include the following: (i) use of any version of any Supported Software that is not designated as a production release (such as a milestone or release candidate or code contained in the sandbox or any other repository that is not packaged into a production release distribution); (ii) Ordering Activity's failure to comply with operating instructions contained in the documentation (including, without limitation, any failure by Ordering Activity to use up-to-date versions of any third party components or other dependencies as specified by Mesosphere in writing); (iii) installation, configuration, management and operation of Ordering Activity's applications; (iv) APIs, interfaces or data formats other than those included with the Supported Software; (v) custom development services; or (vi) any training.

Version Support.

Mesosphere will provide Support Services for past versions of the Supported Software as follows:

A three-place numbering scheme is used to designate released versions of the Supported Software. The format is R.V.M, where 'R' indicates the Release level, 'V' indicates the Version level, and 'M' indicates the Maintenance Fix level. An example would be version 1.1.3. Often in referring to general Licensed Software versions and releases, the maintenance level is omitted. For example, both 1.1.3 and 1.1.4 may sometimes be referred to as Version 1.1.b. Support Services shall only be provided for the current Version of the Supported Software, as well as the two prior Versions, provided that, except as may be waived by Ordering Activity, each Version will be supported for no less than the shorter of (i) three (3) months from the date the Version is initially released, and (ii) the date that Ordering Activity ceases using such Version in a Production Environment. Support for each Version is supplied via Maintenance Fixes. Ordering Activity Support will direct Ordering Activities to existing fixes/patches and workarounds applicable to the reported case. Ordering Activity Support may direct Ordering Activities to upgrade to a more current Release / Version / Maintenance Fix of the Supported Software.

THESE TERMS AND CONDITIONS DO NOT CONSTITUTE A PRODUCT WARRANTY. THIS EXHIBIT A IS AN ADDITIONAL PART OF THE AGREEMENT AND DOES NOT CHANGE OR SUPERSEDE ANY TERM OF THE AGREEMENT.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. Scope. This Rider and the attached Microfocus ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract").

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

- a) Contracting Parties. The Government Customer is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
- b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
- c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
- d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

- e) Choice of Law. Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.
- f) Force Majeure. Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.
- g) Assignment. All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.
- h) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.
- i) Customer Indemnities. Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.
- j) Contractor Indemnities. All Manufacturer Specific Terms that (1) violate DOJ's jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.
- k) Renewals. All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.
- l) Future Fees or Penalties. All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

- m) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.
- n) Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
- o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
- p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.
- r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**MICROFOCUS WARRANTY AND SUPPORT TERMS
Micro Focus Software Inc. Inc. EULA**

The End User License Agreement ("EULA") for each Micro Focus Software Inc. Product is delivered with the Product and is also located at [www.Micro Focus Software Inc.com/licensing/eula/](http://www.MicroFocusSoftwareInc.com/licensing/eula/). Each EULA is created using a standard template so that for different Micro Focus Software Inc. Products the license grant provision of the EULAs may vary but other general provisions remain similar. This Exhibit A shows the standard Micro Focus Software Inc. template for a EULA.

IF YOU DO NOT AGREE WITH THESE TERMS, DO NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE AND, IF APPLICABLE, RETURN THE ENTIRE UNUSED PACKAGE TO THE RESELLER WITH YOUR RECEIPT FOR A REFUND. THE SOFTWARE MAY NOT BE SOLD, TRANSFERRED, OR FURTHER DISTRIBUTED EXCEPT AS AUTHORIZED BY MICRO FOCUS SOFTWARE INC.

This Micro Focus Software Inc. Software License Agreement ("Agreement") is a legal agreement between You (an entity or a person) and Micro Focus Software Inc., Inc. ("Micro Focus Software Inc."). The software product identified in the title of this Agreement for which You have acquired licenses, any media and accompanying documentation (collectively the "Software") is protected by the copyright laws and treaties of the United States ("LJ_S_") and other countries and is subject to the terms of this Agreement. Any update or support release to the Software that You may download or receive that is not accompanied by a license agreement expressly superseding this Agreement is Software and governed by this Agreement. If the Software is an update or support release, then You must have validly licensed the version and quantity of the Software being updated or supported in order to install or use the update or support release.

The Software may include or be bundled with other software programs licensed under different terms and/or licensed by a licensor other than Micro Focus Software Inc. use of any software programs accompanied by a separate license agreement is governed by that separate license agreement. Any third party software that may be provided with the Software is included for use at Your option.

LICENSED USE

Commercial Software.

[License Grant specific to product is described here.]

Evaluation Software. If the Software is an evaluation version or is provided to You for evaluation purposes, then Your license to use the Software is limited solely to internal evaluation purposes and in accordance with the terms of the evaluation offering under which You received the Software and expires go days from installation (or such other period as may be indicated within the Software). upon expiration of the evaluation period, You must discontinue use of the Software, return to an original state any actions performed by the Software, and delete the Software entirely from Your system. The Software may contain an automatic disabling mechanism that prevents its use after a certain period of time, so You should back up Your system and take other measures to prevent any loss of files or data.

RESTRICTIONS

PROPRIETARY AND CONFIDENTIAL

License Restrictions. Micro Focus Software Inc. reserves all rights not expressly granted to You. The Software is licensed for Your internal use only. You may not (1) reverse engineer, decompile, or disassemble the Software except and only to the extent it is expressly permitted by applicable law; (2) modify, alter, rent, timeshare host or lease the Software or sublicense any of Your rights under this Agreement; or (3) transfer the Software or Your license rights under this Agreement, in whole or in part, without written permission by Micro Focus Software Inc.

Suite Licenses. If Your license to use the Software is for a suite of products, then for each license only one user may use the products in the suite. The suite license does not allow use of individual products in the suite by multiple users if licensed on a user basis or multiple devices if licensed on a device or server basis

Upgrade Protection. If You purchased upgrade protection or maintenance under a Micro Focus Software Inc. program for this Software, the upgrade protection or maintenance only entitles You to upgrades of the Software as a whole and does not entitle You to upgrades of any component programs or products bundled with the Software or any individual products included in a suite if the Software is licensed as a suite of products. You may separately purchase upgrade protection for individual components of the Software if permitted by the applicable Micro Focus Software Inc. policies and programs.

Upgrade Software. This section applies to You if You have purchased the Software based upon upgrade pricing. "Original Product" means the product from which You are upgrading. You are authorized to use the Software only if You are the authorized user of the Original Product and You meet the following conditions: (1) You have acquired the right to use the Software solely to replace the Original Product that You acquired legally and that is qualified to be upgraded with the Software under the Micro Focus Software Inc. policies existing at the time You acquired the Software; (2) You installed and used the Original Product in accordance with the terms and conditions of the applicable license agreement; and (3) You will not sell or otherwise transfer possession of the Original Product.

Support. Micro Focus Software Inc. has no obligation to provide support unless You purchase an offering that expressly includes support services. If You make such a purchase and no separate agreement specifically applies to the support services, then the terms of this Agreement will govern the provision of such support services ("Services"). For more information on Micro Focus Software Inc.'s current support offerings, see <http://www.Micro Focus Software Inc.com/support>

OWNERSHIP

No title to or ownership of the Software is transferred to You. Micro Focus Software Inc. and/or its licensors retain all right, title and interest in and to all intellectual property rights in the Software and Services, including any adaptations or copies thereof. You acquire only a conditional license to use the Software.

LIMITED WARRANTY

For ninety (90) days from Your date of purchase, Micro Focus Software Inc. warrants that (1) any media on which the Software is delivered is free from physical defects; and (2) the Software will substantially conform to the documentation accompanying the Software. If the defective items are returned to Micro Focus Software Inc. or if You report the nonconformity to Micro Focus Software Inc. within ninety (90) days from the date of purchase, Micro Focus Software Inc. will at its sole discretion either resolve the nonconformity or refund the license fees You paid for the Software. Any unauthorized use or modification to the Software voids this warranty. THE FOREGOING WARRANTY IS YOUR SOLE AND EXCLUSIVE REMEDY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. (The foregoing warranty does not apply to Software provided free of charge. SUCH SOFTWARE IS PROVIDED "AS IS" WITHOUT ANY WARRANTIES OF ANY KIND.)

Services. Micro Focus Software Inc. warrants that any Services purchased will be supplied in a professional manner in accordance with generally accepted industry standards. This warranty will be effective for ninety (90) days following delivery of the Services. Upon any breach of this warranty, Micro Focus Software Inc.'s only obligation is to either correct the Services so that they comply with this warranty or at its option refund the amount You paid to Micro Focus Software Inc. for the portion of the Services that fail to comply with this warranty. As files may be altered or damaged in the course of Micro Focus Software Inc. providing technical services, You agree to take appropriate measures to isolate and back up Your systems.

THE SOFTWARE IS NOT DESIGNED, MANUFACTURED OR INTENDED FOR USE OR DISTRIBUTION WITH ON-LINE CONTROL EQUIPMENT IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION, COMMUNICATION, OR CONTROL SYSTEMS, DIRECT LIFE SUPPORT MACHINES, WEAPONS SYSTEMS, OR OTHER USES IN WHICH FAILURE OF THE SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

THE SOFTWARE IS ONLY COMPATIBLE WITH CERTAIN COMPUTERS AND OPERATING SYSTEMS. THE SOFTWARE IS NOT WARRANTED FOR NON-COMPATIBLE SYSTEMS. Call Micro Focus Software Inc. or Your reseller for information about compatibility.

Non-Micro Focus Software Inc. Products. The Software may include or be bundled with hardware or other software programs or services licensed or sold by an entity other than Micro Focus Software Inc. MICRO FOCUS SOFTWARE INC. DOES NOT WARRANT NON-MICRO FOCUS SOFTWARE INC. PRODUCTS OR SERVICES. ANY SUCH PRODUCTS OR SERVICES ARE PROVIDED ON AN "AS IS" BASIS. WARRANTY SERVICE IF ANY FOR NON-MICRO FOCUS SOFTWARE INC. PRODUCTS IS PROVIDED BY THE PRODUCT LICENSOR IN ACCORDANCE WITH THE APPLICABLE LICENSOR WARRANTY.

EXCEPT AS OTHERWISE RESTRICTED BY LAW, MICRO FOCUS SOFTWARE INC. DISCLAIMS AND EXCLUDES ANY AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE TITLE OR NON-INFRINGEMENT. MICRO FOCUS SOFTWARE INC. MAKES NO WARRANTY, REPRESENTATION OR PROMISE NOT EXPRESSLY SET FORTH IN THIS LIMITED WARRANTY. MICRO FOCUS SOFTWARE INC. DOES NOT WARRANT THAT THE SOFTWARE OR SERVICES WILL SATISFY YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE OR SERVICES WILL BE UNINTERRUPTED. Some jurisdictions do not allow certain disclaimers and limitations of warranties, so portions of the above limitations may not apply to You. This limited warranty gives You specific rights and You may also have other rights which vary by state or jurisdiction.

LIMITATION OF LIABILITY

Consequential Losses. NEITHER MICRO FOCUS SOFTWARE INC. NOR ANY OF ITS LICENSORS, SUBSIDIARIES, OR EMPLOYEES WILL IN ANY CASE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT, TORT, ECONOMIC OR PUNITIVE DAMAGES ARISING OUT

PROPRIETARY AND CONFIDENTIAL

OF THE USE OF OR INABILITY TO USE THE SOFTWARE OR SERVICES, INCLUDING WITHOUT LIMITATION LOSS OF PROFITS BUSINESS OR DATA, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES.

Direct Damages_ IN NO EVENT WILL MICRO FOCUS SOFTWARE INC.'S AGGREGATE LIABILITY FOR DIRECT DAMAGES TO PROPERTY OR PERSON (WHETHER IN ONE INSTANCE OR A SERIES OF INSTANCES) EXCEED 1.25 TIMES THE AMOUNT PAID BY YOU FOR THE SOFTWARE OR SERVICES OUT OF WHICH SUCH CLAIM AROSE (OR \$50 (U.S.) IF YOU RECEIVED THE SOFTWARE FREE OF CHARGE). The above exclusions and limitations will not apply to claims relating to death or personal injury. In those jurisdictions that do not allow the exclusion or limitation of damages, Micro Focus Software Inc.'s liability shall be limited or excluded to the maximum extent allowed within those jurisdictions.

GENERAL TERMS

Term. This Agreement becomes effective on the date You legally acquire the Software and will automatically terminate if You breach any of its terms. If the Software is provided to You on a subscription basis, then Your right to possess or use the Software will terminate at the end of the applicable subscription period. Upon termination of this Agreement or any applicable subscription period, You must destroy the original and all copies of the Software or return them to Micro Focus Software Inc. and delete the Software from Your systems.

VERIFICATION. Licensor has the right to verify Your compliance with this Agreement You agree to:

- A. Implement internal safeguards to prevent any unauthorized copying, distribution, installation, or use of, or access to, the Software;
 - B. Keep records sufficient to certify Your compliance with this Agreement (including its Product use Rights Appendix), and, upon request of Licensor, provide and certify metrics and/or reports based upon such records and account for both numbers of copies (by product and version) and network architectures as they may reasonably relate to Your licensing and deployment of the Software; and
 - C. Allow a Licensor representative or an independent auditor ("Auditor") to inspect and audit Your computers and records, during Your normal business hours, for compliance with the licensing terms for Licensor's software products. Upon Licensor's and Auditor's presentation of their signed written confidentiality statement form to safeguard Your confidential information, You shall fully cooperate with such audit and provide any necessary assistance and access to records and computers. If an audit reveals that You have or at any time have had unlicensed installation, use of, or access to the Software, Licensor shall provide notice of deficiency and allow Licensee to acquire additional licenses per the terms of a new purchase order.
- Benchmark Testing_ This benchmark testing restriction applies to You if You are a software developer or licensor or if You are performing testing on the Software at the direction of or on behalf of a software developer or licensor You may not, without Micro Focus Software Inc.'s prior written consent not to be unreasonably withheld, publish or disclose to any third party the results of any benchmark test of the Software. If You are a licensor of products that are functionally similar to or compete with the Software ("Similar Products"), or are acting on behalf of such a licensor, and You publish or disclose benchmark information on the Software in violation of this restriction, then notwithstanding anything to the contrary in the Similar Product's end user license agreement, and in addition to any other remedies Micro Focus Software Inc. may have, Micro Focus Software Inc. shall have the right to perform benchmark testing on Similar Products and to disclose and publish that benchmark information and You hereby represent that You have authority to grant such right to Micro Focus Software Inc.

Open Source. Nothing in this Agreement shall restrict, limit or otherwise affect any rights or obligations You may have, or conditions to which You may be subject, under any applicable open source licenses to any open source code contained in the Software.

Transfer. This Agreement may not be transferred or assigned without the prior written approval of Micro Focus Software Inc.

Law and Jurisdiction. This Agreement is governed by the laws of the State of Utah, U.S. Any action at law relating to this Agreement may only be brought before the courts of competent jurisdiction of the State of Utah. If, however, Your country of principal residence is a member state of the European Union or the European Free Trade Association, this Agreement is governed by the laws of that country, and any action at law may only be brought before a court of competent jurisdiction of that country.

Entire Agreement. This Agreement sets forth the entire understanding and agreement between You and Micro Focus Software Inc. and may be amended or modified only by a written agreement agreed to by You and an authorized representative of Micro Focus Software Inc. NO LICENSOR, DISTRIBUTOR, DEALER, RETAILER, RESELLER, SALES PERSON, OR EMPLOYEE IS AUTHORIZED TO MODIFY THIS AGREEMENT OR TO MAKE ANY REPRESENTATION OR PROMISE THAT IS DIFFERENT FROM, OR IN ADDITION TO, THE TERMS OF THIS AGREEMENT.

Waiver. No waiver of any right under this Agreement will be effective unless in writing, signed by a duly authorized representative of the party to be bound. No waiver of any past or present right arising from any breach or failure to perform will be deemed to be a waiver of any future right arising under this Agreement.

Severability. If any provision in this Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this Agreement will remain unaffected.

Export Compliance. Any products or technical information provided under this Agreement may be subject to U.S. export controls and the trade laws of other countries. The parties agree to comply with all export control regulations and to obtain any required licenses or classification to export, re-export or import deliverables. The parties agree not to export or re-export to entities on the current U.S. export exclusion lists or to any embargoed or terrorist countries as specified in the U.S. export laws. The parties will not use deliverables for prohibited nuclear, missile, or chemical biological weaponry end uses. Please consult the Bureau of Industry and Security web page before exporting Micro Focus Software Inc. products from the U.S. Please refer to <http://www.MicroFocusSoftware.com/company/legal/> for more information on exporting Micro Focus Software Inc. software. Upon request, Micro Focus Software Inc. will provide You specific information regarding applicable restrictions. However, Micro Focus Software Inc. assumes no responsibility for Your failure to obtain any necessary export approvals.

U.S. Government Restricted Rights_ Use, duplication, or disclosure by the U.S. Government is subject to the restrictions in FAR 52.227-14 (June 1987) Alternate III (June 1987), FAR 52.227-19 (June 1987), or DEARS 25227-7013 (b) (3) (Nov 1995), or applicable successor clauses.

Contractor/Manufacturer is Micro Focus Software Inc., Inc., 1800 South Micro Focus Software Inc. Place, Provo, Utah 84606.

Other. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded.

© 1993, 2000-2013 Micro Focus Software Inc., Inc. All Rights Reserved. Micro Focus Software Inc. is a registered trademark of Micro Focus Software Inc., Inc. in the United States and other countries. *All other third party trademarks are the property of their respective owners.

Universal Amendment to Software License Agreements for Micro Focus Software Inc., Inc. Software Products

PROPRIETARY AND CONFIDENTIAL

This Universal Amendment ("Amendment") is between Micro Focus Software Inc., Inc. ("Licensor") and the Authorized End User Licensee ("Authorized Licensee"), as defined below, and modifies Micro Focus Software Inc., Inc.'s End User License Agreements (including Volume License Agreements, as applicable) for Micro Focus Software Inc. software and related services ("License Agreement") purchased by an Authorized Licensee. The Amendment is effective as of the date the End User License Agreement is effective for the Authorized Licensee ("Effective Date").

Applicability. This Amendment applies to any order placed for Licensor's software or related services by an Authorized End User Licensee which is defined as: (a) a U.S. Government federal agency or organization; or (b) a purchasing agent authorized by a U.S. Government federal agency or organization to purchase on behalf of and solely for the benefit of the U.S. Government federal agency or organization as evidenced by a written authorization letter from the U.S. Government federal agency or organization. This Amendment does not apply to any individual person or to any organization that is a commercial entity or not authorized to purchase in accordance with Subsections 1 (a) or 1(b) above.

2. Precedence. Any conflict between the License Agreement and this Amendment shall be controlled by the terms of this Amendment to the maximum extent allowed by applicable Federal law.

3. Contracting Authority. Except as authorized under FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the Licensor to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Authorized Licensee agrees that when an authorized contracting officer of the Authorized Licensee places a task order for the Licensor software, the License Agreement in effect at the time, as amended by this Amendment, shall be legally binding on Authorized Licensee. If an Authorized Licensee receives Licensor software through a task order that is not authorized by the Authorized Licensee's authorized contracting officer or Authorized Licensee fails to acknowledge that the License Agreement is binding on Authorized Licensee, Authorized Licensee shall not be deemed to have any license to the Licensor software and Licensor reserves all rights, remedies, and enforcement actions and venues available under applicable state and federal law.

4. Costs and Fees. Pursuant to the Anti-Deficiency Act, 31 U.S.C. SS the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay future costs, fees, or damages, or to otherwise expend un-appropriated funds, are hereby deleted unless imposed pursuant to a claim under the Contracts Dispute Act of 1978, as amended or other applicable Federal law. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted. If Authorized Licensee orders Licensor's software or related services from a reseller, then pricing and payment of the software license fee and any related fees for that transaction shall be between Authorized Licensee and the reseller.

5. Taxes. If Authorized Licensee is exempt by applicable law from paying sales, use or other taxes, then such exemption shall apply in accordance with applicable law.

6. Installation and Use of the Software. Installation and use of the software shall be in accordance with the License Agreement as modified by this Amendment, unless an Authorized Licensee determines that it requires different terms of use and Licensor agrees in writing to such terms.

7. Licensor Indemnification. A License Agreement may contain terms that obligate Licensor to indemnify and defend an Authorized Licensee against a claim brought by a third party. In such case, Licensor agrees it cannot assume responsibility for or control of the litigation or any settlement negotiations, provided that Authorized Licensee (i) agrees that any litigation or settlement negotiation shall not bind Licensor to the final outcome of any such litigation or settlement; (ii) shall not impair Licensor's own rights, defenses, or claims against the claimant or the rights of Licensor's other licensees; (iii) shall not have the right to settle any claim, make any admissions, or waive any defenses on behalf of Licensor; and (v) shall in good faith reasonably cooperate and consult with Licensor during the course of settlement negotiations and prosecution of the claim and shall afford Licensor free access to all communications and documentations with all parties, witnesses, and judicial or administrative body(ies) associated with such claim upon Licensor's request to the extent permitted by 28 U.S.C. 516. Any contrary provisions in the License Agreement are hereby deleted. Licensor shall have the right to intervene in a proceeding described by this paragraph at its own expense through counsel of its choice.

8. No Indemnification by Authorized Licensee. In compliance with the Anti-Deficiency Act, 31 U.S.C. SS 1341 (a)(1)(B), an officer or employee of the U.S. Government may not involve the U.S. Government in a contract or obligation for the payment of money before an appropriation is made unless authorized by law. Any provision requiring the Licensee indemnify the Licensor in the License Agreement is deleted. This provision is not a waiver of Licensor's rights to seek other remedies authorized by applicable U.S. Federal law.

9. Governing Law. The License Agreement and this Amendment shall be governed by the laws of the United States. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U. S. state, U.S. territory or district, or foreign nation are deleted.

10. Dispute Resolution and Venue. Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes between Licensor and Authorized Licensee relating to the License Agreement and to this Amendment shall be resolved in accordance with the Contract Disputes Act of 1978, as amended (41 U.S.C. 7101-7109). Authorized Licensee expressly acknowledges that Licensor shall have standing to bring a claim to enforce Licensor's rights under the License Agreement and this Amendment provided such claim is brought in a form and venue allowed by applicable U. S. federal law.

11. Termination. Licensee's termination rights shall be governed by FAR 52.212-4(1) and (m). Any provisions permitting the Licensor to terminate immediately are hereby deleted.

12. Equitable Remedies. Any provision of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, is deleted to the extent the provision violates the U.S. Government's sovereign immunity or is in violation of an applicable federal law. Nothing in this paragraph shall prevent Licensor from filing a claim or limit damages under the Contract Disputes Act of 1978, as amended (41 USC sss*7101-7109).

13. Monitoring Use of License and Audits. Any provision in the License Agreement permitting Licensor to audit, inspect, or monitor use of the software for compliance with the License Agreement is contingent upon reasonable notice to the Authorized Licensee and adherence to reasonable security measures, including any requirements for personnel to be cleared prior to accessing sensitive facilities or equipment if clearances are normally required for such access.

14. Advertisements and Endorsements. Any provisions allowing Licensor to use the name or logo of any Authorized Licensee to advertise or to imply an endorsement of Licensor's products or services are hereby deleted. Unless specifically authorized by an Authorized Licensee, such use of the name or logo of any U.S. Government entity is prohibited.

15. Confidentiality. Public Access to Information. Licensor agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges that the License Agreement and this Amendment may be made available to the public. Except for Licensor's

PROPRIETARY AND CONFIDENTIAL

software and documentation included with the software, of which Licensor deems as proprietary and confidential, the Authorized Licensee shall not be prohibited from disclosing the terms of the Licensing Agreement and this Amendment, as required by law, including the Freedom of Information Act.

16. Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer. Any third party manufacturer will be brought into the negotiation, or the components acquired separately under Federally compatible agreements, if any. Contractor indemnities do not constitute effective migration.

17. Limitation of Liability. Subject to the following: This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. ssss 3729-3733.

Mmodal Services, Ltd.
5000 Meridian Blvd., Suite 200
Franklin, TN 37067

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached MModal Services, Ltd (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”).

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

- a) Contracting Parties. The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
- b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
- c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
- d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

e) Choice of Law. Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

f) Force Majeure. Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

g) Assignment. All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

h) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

i) Customer Indemnities. Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

j) Contractor Indemnities. All Manufacturer Specific Terms that (1) violate DOJ’s jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

k) Renewals. All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

l) Future Fees or Penalties. All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

m) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties.

PROPRIETARY AND CONFIDENTIAL

n) Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.

o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A – MMODAL

This agreement and the underlying GSA Schedule Contract, Schedule pricelist, and purchase order which by this reference are incorporated herein (together referred to hereinafter as the "Agreement" or "End User Agreement") is a binding agreement between MModal Services, Ltd. and/or its Affiliates (hereinafter referred to as "M*Modal") and the entity identified in the purchase order as the licensee of software from M*Modal (hereinafter referred to as "Ordering Activity"). M*Modal and Ordering Activity may be referred to herein individually as a "Party" and collectively as the "Parties."

1 DEFINITIONS. The following terms when used with capital letters shall have the corresponding definitions:

1.1 "Access Credentials" means any user name, identification number, password, license or security key, security token, PIN or other security code, used alone or in combination to verify an individual's identity and authorization to access and use the Software.

1.2 "Affiliate" means, with respect to any person or entity, any other person or entity that directly, or indirectly through one or more intermediaries, Controls, is Controlled by or is under common Control with such person or entity. "Control" means the possession of the power to direct or cause the direction of the management or policies of such person or entity, whether through the ownership of equity interests, voting power or voting control, or by Agreement. Without limiting the generality of the foregoing, the holding of fifty percent (50%) or more of the equity interests of an entity, fifty percent (50%) or more of the voting power of an entity, or the voting control of an entity shall each be deemed Control.

1.3 "Authorized User" means each of the individuals employed or engaged by Ordering Activity at a Facility with appropriate Access Credentials to the Software and/or Services.

1.4 "Ordering Activity Data" means clinical information, in any form or medium, collected, downloaded or otherwise received from Ordering Activity or an Authorized User by or through the Software.

1.5 "Ordering Activity Systems" means the Ordering Activity's information technology infrastructure, including computers, software, hardware, databases, electronic systems (including database management systems) and networks, whether operated directly by Ordering Activity or through third-party services.

1.6 "Confidential Information" means business or technical information disclosed by one Party (the "Disclosing Party") to the other Party (the "Receiving Party"), in any form or medium, tangible or intangible, in connection with this Agreement and (a) is designated either in writing or orally as confidential at or within a reasonable time after such disclosure, (b) by the nature of the circumstances surrounding such disclosure would, in good faith, reasonably be expected to be treated as confidential information of the Disclosing Party, whether or not such information is identified as such by the Disclosing Party, or (c) has or could have commercial value or other utility in the business or prospective business of the Disclosing Party. Confidential Information shall not include information that: (d) is shown by written documentation to already have been in the possession of, or known to, the Receiving Party prior to disclosure and prior to such Receiving Party having an obligation of confidentiality with respect to such Confidential Information, in each case provided that, to the extent such Confidential Information was obtained by the Receiving Party from a third party, such third party did not commit a breach of an obligation of confidence with respect to such Confidential Information, or (e) becomes publicly available through no fault or breach of the Receiving Party.

1.7 "Deliverables" means work produced from the Software, created for and delivered to Ordering Activity under this Agreement.

1.8 "Facility" means the Ordering Activity location where Software is downloaded and/or installed.

1.9 "Intellectual Property Rights" means all (a) patents, patent disclosures and inventions (whether patentable or not), (b) trademarks, service marks, trade dress, trade names, logos, corporate names and domain names, together with all of the goodwill associated therewith, (c) copyrights and copyrightable works (including computer programs), mask works, and rights in data and databases, (d) trade secrets and know-how, and (e) all other intellectual property rights, in each case whether registered or unregistered and including all applications for, and renewals or extensions of, such rights, and all similar or equivalent rights or forms of protection in any part of the world.

1.10 "M*Modal Materials" means the Software, User Guide, M*Modal Systems and any other information, data, documents, materials, works, content, devices, tools, methods, processes, know-how, hardware, software and other technologies and inventions possessed by M*Modal prior to the

PROPRIETARY AND CONFIDENTIAL

commencement of or independent of M*Modal's delivery of the Services or Products, or acquired, developed or used by M*Modal in the performance of Services or licensing of Software (other than Ordering Activity Confidential Information and Ordering Activity Data), and any modifications, enhancements and derivative works thereof, regardless of who or how created, and all Intellectual Property Rights attendant thereto.

1.11 "M*Modal Systems" means the information technology infrastructure, including all computers, software, hardware, databases, electronic systems (including database management systems) and networks, whether operated directly by M*Modal or through third-party services, used by M*Modal in providing Services or Software.

1.12 "Services" means any services provided by M*Modal to Ordering Activity pursuant to the Agreement.

1.13 "Specifications" means the descriptions concerning the functionality, features, and requirements of the Software listed within the User Guide.

1.14 "Software" means M*Modal branded software applications including any maintenance releases and the appropriate User Guide Ordering Activity is granted a license to under this Agreement.

1.15 "Third Party Products" means any non-M*Modal branded materials or equipment.

1.16 "User Guide" means the operator and/or user manual and written instructions for the Software.

2 EFFECT OF TERMINATION. In the event of termination or expiration of this Agreement (a) M*Modal will cease providing any Services; (b) the licenses related to this Agreement shall terminate, unless expressly stated otherwise in the Agreement; (c) Ordering Activity shall immediately cease using any M*Modal Confidential Information and destroy all copies of M*Modal Materials and other M*Modal Confidential Information that Ordering Activity has not previously returned to M*Modal; and (d) M*Modal shall immediately cease using any Ordering Activity Confidential Information and destroy all copies of Ordering Activity Data and other Ordering Activity Confidential Information that M*Modal has not previously returned to Ordering Activity. Notwithstanding the above, a Party may retain a copy of the other's Confidential Information to comply with its legal obligations, or to the extent Confidential Information is embedded in the Receiving Party's off-site disaster recovery or information technology backup systems until such systems are purged in accordance with the Receiving Party's systematic back-up and archiving procedures.

3 RESERVED.

4 INTELLECTUAL PROPERTY

4.1 General: Except for the limited license(s) granted herein, all right, title and interest in and to M*Modal Materials are retained by M*Modal or its licensors. Absent the prior, written consent of M*Modal, neither Ordering Activity nor any Authorized User shall alter or remove any trademark, copyright, trade secret, patent, proprietary or other legal notice or legend contained in or on copies thereof. Ordering Activity shall make reasonable efforts to protect M*Modal Materials from unauthorized use. Ordering Activity unconditionally and irrevocably assigns to M*Modal its entire right, title and interest in and to any Intellectual Property Rights that Ordering Activity may now or hereafter have in or relating to the M*Modal Materials (including any rights in derivative works or patent improvements), whether held or acquired by operation of law, Agreement, assignment or otherwise. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost.

4.2 Continuous Improvement: Ordering Activity acknowledges and agrees that M*Modal may use, compile (including creating statistical or other models), and analyze Ordering Activity Data to (a) improve, develop or otherwise modify M*Modal Materials, and (b) use computerized processes to tailor and deliver to Ordering Activity relevant communications. To the extent Ordering Activity Data is used or compiled in or with any M*Modal Materials, all Intellectual Property Rights in such M*Modal Materials shall be solely owned by M*Modal.

4.3 Ordering Activity Data and Deliverables: Except for the limited purpose of performing Services or providing Software, and except for the limited license(s) granted herein, all right, title and interest in and to Ordering Activity Data is retained by Ordering Activity. Subject to this Agreement, and except to the extent Deliverables include any M*Modal Materials or M*Modal Confidential Information, M*Modal hereby assigns to Ordering Activity all Intellectual Property Rights in and to the Deliverables, whether held or acquired by operation of law, contract, assignment or otherwise. Ordering Activity is responsible for making and maintaining its own backup copies of any Ordering Activity Data and Deliverables.

4.4 License Grant: Any license granted to Ordering Activity in the Software (a) is non-exclusive and non-transferable; and (b) extends to Ordering Activity and Authorized Users to access and use the Software in the United States solely for Ordering Activity's internal business purposes. The Software shall be downloaded and installed on only computing device for a single Authorized User. The term of the license shall be set forth in the ordering documents.

4.5 License Restrictions: Without expanding the limited license grant herein, Ordering Activity and Authorized Users shall not (a) disassemble, decompile, reverse compile or reverse engineer the Software, or take any action in order to derive a source code equivalent of the Software, (b) release to any third party results of any benchmark, performance, or functionality tests performed on the Software, (c) release to any third party results obtained through use of the Software other than the Deliverables, (d) incorporate, bundle or pre-load any portion of the Software into any software or computing device of Ordering Activity except as expressly set forth in this Agreement, (e) copy, modify or create derivative works of the Software, (f) sublicense the Products or any portion thereof to a third party, or otherwise permit use of the Software including, without limitation, timesharing or networking use by any third party, except as expressly set forth in this Agreement, (g) link, combine or use the Software with any open source software without the written permission of M*Modal if such linkage, combination or use would create a risk, or have the "viral" effect, of disclosing or licensing M*Modal source code or rendering any M*Modal patent unenforceable under the GNU General Public License or under the terms of any other open source license applicable thereto, or (h) cause the Software to interact with the functionality of a Third Party Product similar to that contained in the Software. For clarification, a Third Party Product shall not be deemed to "interact with" the Software if such Third Party Product does not export or import data from the Software to such Third Party Product, or vice versa.

5 M*MODAL WARRANTIES AND DISCLAIMERS.

5.1 M*Modal warrants that, for a period of ninety (90) days from completion of implementation, in the case of Products implemented by M*Modal, or shipment in all other cases (the "Warranty Period"), Products shall materially function in accordance with applicable Specifications and the media on which Software is distributed shall be free from defects in materials and workmanship. Ordering Activity must provide M*Modal with written notice of breach of this warranty during the Warranty Period setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity's sole and exclusive remedy, M*Modal shall, at M*Modal's option, (a) repair or replace that portion of the Products effected.

PROPRIETARY AND CONFIDENTIAL

5.2 M*Modal warrants that it shall perform Services using personnel of required skill, experience and qualifications and in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and shall devote adequate resources to meet its obligations under this Agreement. Ordering Activity must provide M*Modal with written notice of breach of this warranty within thirty (30) days after performance of Services setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity's sole and exclusive remedy, M*Modal shall, at M*Modal's option re-perform the Services.

5.3 The limited warranties set forth above do not apply to problems arising out of or related to:

5.3.1 Products, or the media on which it is provided, that is modified or damaged by Ordering Activity;

5.3.2 Any operation or use of, or other activity relating to, the Products other than as specified in the User Guide, including any incorporation in the Products of, or combination, operation or use of the Products in or with, any technology or service not specified for Ordering Activity's use in the User Guide or expressly authorized by M*Modal in writing;

5.3.3 Ordering Activity's or any Authorized User's negligence, abuse, misapplication or misuse of the Products;

5.3.4 Ordering Activity's failure to promptly install maintenance releases that M*Modal has previously made available to Ordering Activity;

5.3.5 Operation of or access to Ordering Activity Systems; and

5.3.6 Third Party Products.

5.4 To the extent applicable, M*Modal shall pass through to Ordering Activity any warranty provided to M*Modal for Third Party Products.

5.5 OTHER THAN THE WARRANTIES EXPRESSLY SET FORTH ABOVE OR IN THIS AGREEMENT, M*MODAL MAKES NO FURTHER OR ADDITIONAL WARRANTIES IN CONNECTION WITH ANY PURCHASE, LICENSE OR SALE OF SERVICES OR PRODUCTS. M*MODAL DOES NOT WARRANT THAT THE OPERATION OF ANY PRODUCTS WILL BE UNINTERRUPTED OR ERROR FREE. M*MODAL DISCLAIMS ANY OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT.

6 ORDERING ACTIVITY WARRANTIES AND ACKNOWLEDGEMENTS. Ordering Activity warrants that Ordering Activity and any person or entity using the Software shall (a) use the Software consistent with the User Guide and this Agreement; (b) comply with all applicable laws and regulations, including export and import laws, in connection with receipt or use of the Software; (c) be responsible for the accuracy and legality of information provided to M*Modal; and (d) be responsible for identifying errors in the results from use of the Software or before relying on such results. Ordering Activity agrees that its purchases are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by M*Modal regarding future functionality or features. Ordering Activity further acknowledges that M*Modal may make changes to the Software determined reasonably necessary by M*Modal so long as such changes do not materially decrease the functionality of the Software.

MobileIron, Inc.

Mountain View, CA 94043

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached **MobileIron, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

PROPRIETARY AND CONFIDENTIAL

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PROPRIETARY AND CONFIDENTIAL

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

MOBILEIRON INC.

MOBILEIRON INC. LICENSE, WARRANTY AND SUPPORT TERMS

This End User License Agreement (“Agreement”) is entered into as of the later date signed below (“Effective Date”) by and between MobileIron, Inc. (“MobileIron”), a Delaware corporation having its principal place of business at 415 East Middlefield Road, Mountain View, CA 94043, and the customer/ordering activity specified below or an ordering activity identified in an order to a MobileIron reseller (“Customer”).

This Agreement consists of this page, the attached terms and conditions, and the attached schedule(s), which are incorporated by reference. This Agreement constitutes the entire agreement between the parties with respect to its subject matter and supersedes and cancels all prior agreements, representations, communications, and understandings of the parties, written or oral, relating to such subject matter, and is not intended to confer upon any person other than the signatories below any rights or remedies and does not modify any terms and conditions between Customer and any prime contractor regarding the terms and conditions of the prime contractor’s prime contract. This Agreement prevails over any conflicting, or additional terms of any ordering document, acknowledgment, confirmation or other document issued by Customer to MobileIron before or after the execution of this Agreement unless such conflicting or additional terms have been introduced via an amendment and accepted in writing by both parties. The headings of sections of this Agreement are for convenience and are not for use in interpreting this Agreement.

Except as otherwise provided in this Agreement, all legal notices will be given in writing to the addresses below and will be effective (a) when personally delivered, (b) on the reported delivery date if sent by a recognized international or overnight courier, or (c) five business days after being sent by registered or certified mail (or ten days for international mail). For clarity, purchase orders, invoices, and other documents relating to order processing and payment are not legal notices and may be delivered electronically in accordance with MobileIron and Customer’s standard ordering procedures.

This Agreement is agreed to and executed by authorized representatives of the parties.

TERMS AND CONDITIONS

1. **Definitions.**
 - a. “Documentation” means the written and/or electronic release notes, implementation guides, or other published technical documentation about specific Software that is provided by MobileIron to Customer together with the delivery of the Software.
 - b. “License Term” means the term of the license granted for specific Software, as identified in the relevant Order and starting when the Software is first made available for download by Customer.
 - c. “Order” means any purchase order, product schedule or ordering document between Customer and MobileIron (or an authorized reseller, if applicable) that identifies the products and/or services licensed or sold and any applicable licensing parameters (e.g., the number of licenses).

PROPRIETARY AND CONFIDENTIAL

- d. "Software" means the object code version of MobileIron proprietary computer programs (including any software accessed as a service) described in the relevant Order, including any Documentation and Updates.
- e. "Updates" means any correction, update, upgrade, patch, or other modification or addition made by MobileIron to specific Software.

2. **License Grant.**

- a. **Software License.** Subject to the terms and conditions of this Agreement, during the applicable License Term, MobileIron hereby grants to Customer (i) a non-exclusive, non-transferable and non-sublicensable license for Customer to use the Software solely for Customer's internal use with Customer's ordinary business operations and in accordance with the applicable Documentation, and (ii) the right to maintain a reasonable number of copies of the Software on its systems for backup and recovery purposes. Subject to the restrictions in Section 3, below, Customer may provide Software licenses to its employees, contractors, and affiliates (and any employees and contractors of such affiliates), provided Customer is responsible for their actions that violate the terms of this Agreement.
- b. **Trial License.** The terms applicable to Software apply to trial copies of Software ("Trial Software"), except for the following different or additional terms: (i) the License Term for Trial Software is thirty (30) days, which MobileIron may extend upon written consent; (ii) the trial period shall commence on the date that MobileIron delivers the Trial Software to Customer; (iii) Trial Software is provided "AS IS" without warranty of any kind, and MobileIron disclaims all warranties, indemnities, and all other liabilities for Trial Software; (iv) Customer is not entitled to any support and maintenance services or any Updates for Trial Software; and (v) either party may terminate the license for Trial Software upon five (5) days' written notice to the other party.

3. **Use Restrictions.** As a condition of the license granted in Section 2, Customer shall not itself and shall not authorize or permit any third party to: (a) reverse engineer, decompile, decode, decrypt, disassemble, or attempt to derive any source code from the Software (except and only to the extent any foregoing restriction is prohibited by applicable law); (b) modify, adapt, or create any derivative works based on the Software; (c) distribute, sell, license, lease, transfer, or otherwise provide any Software to third parties except as expressly provided in this Agreement; (d) provide the Software as a service to third parties, including but not limited to on a service bureau, SaaS, or time-sharing basis; (e) unbundle any component of any Software; or (f) use the Documentation except for supporting Customer's authorized use of the Software; or (g) use the Software to store or transmit malicious code or infringing, libelous, unlawful or tortious material; or (h) disrupt the integrity or performance of any Software accessed as a service; or (i) employ or authorize a MobileIron Competitor to use or view the Software or Documentation, or to provide management, hosting, support or similar services with regard to the Software without the prior written consent of MobileIron. "MobileIron Competitor" means Good Technology by Blackberry, AirWatch by VMWare, Maas360 by IBM Corporation, XenMobile by Citrix, and InTune by Microsoft.

4. **Payment; Additional Licenses; Reporting.** Customer shall pay the fees for MobileIron products and/or services as set forth in the applicable Order. If Customer is purchasing through a reseller, payment terms will be determined by Customer and the reseller. If Customer is purchasing directly from MobileIron, all fees shall be paid in U.S. dollars and are due within thirty (30) days of the invoice. Customer shall pay all applicable fees, insurance costs, and taxes, excluding taxes on MobileIron's net income. If the actual number of registered devices or users (as applicable) exceed the number of licenses purchased by Customer in the applicable Order, then Customer shall (a) immediately cease such excess usage or (b) purchase additional licenses to cover the excess usage. Fees for excess usage shall be based on MobileIron's then-current price list or as specified in the Order or in the Reseller's prime contract. Upon written request by MobileIron, Customer shall provide a usage report, which in certain cases may be generated using the Software, or provide MobileIron reasonable access to the system administrator logs or portal solely for the purpose of certifying the number and type of registered devices or users. MobileIron's infrastructure may enable MobileIron to access the device or user count for the Software.

5. **Confidentiality.**

- a. **Definition.** "Confidential Information" means non-public information provided by one party ("Discloser") to the other ("Recipient") that is designated as confidential or reasonably should be considered as such, excluding information that (i) is or becomes public through no fault of the Recipient, (ii) was known to Recipient before the disclosure without a duty of non-disclosure, (iii) is disclosed to Recipient by a third party without violation of any confidentiality restrictions, or (iv) is independently developed by the Recipient without access to or use of the Discloser's information. MobileIron Confidential Information includes but is not limited to all Software (and any derivatives, performance data, benchmark results, security assessments, product roadmaps and any other technical information relating to the Software), Documentation and its derivatives, and MobileIron's pricing. The terms and conditions of this Agreement are the Confidential Information of both parties.
- b. **Non-disclosure and Non-Use.** The Recipient shall (i) only use the Confidential Information of the Discloser to exercise its rights and/or to perform under this Agreement, (ii) use the same degree of care to prevent unauthorized use and disclosure of Discloser's Confidential Information as it does for its own confidential information, but in no event less than reasonable care, and (iii) with respect to employees, contractors, or agents of Recipient, limit access to the Discloser's Confidential Information only to those employees, contractors, or agents who have a need to access such Confidential Information and who are subject to confidentiality obligations at least as restrictive as those specified in this Section 5. The Recipient may disclose the Discloser's Confidential Information to the extent required by any court, governmental body, or law or regulation, provided that, if legally permissible, Recipient shall provide prompt written notice to the Discloser of such disclosure. Upon written request of the Discloser, the Recipient shall return or destroy, at Discloser's option, the Discloser's Confidential Information. The Confidential Information of MobileIron is exempt from release under the Freedom of Information Act pursuant to 5 U.S.C. 552(b)(4) and is subject to the Federal Trade Secrets Act, 18 U.S.C. 1905.

6. **Ownership.** All Software is licensed and not sold. MobileIron and its suppliers- own and retain all right, title, and (except as expressly licensed in this Agreement) interest in and to the Software and its derivative works. Customer is not obligated to provide MobileIron with any suggestions or feedback about the products or services ("Feedback"). To the extent Customer does provide Feedback to MobileIron,

Customer assigns ownership of such Feedback to MobileIron and MobileIron may use and modify such Feedback without any restriction or payment.

7. **Indemnity.**

- a. **Indemnification.** Subject to 28 USC 518, MobileIron shall at its cost and expense (i) defend or settle any claim brought against Customer and its directors, officers and employees ("Customer Indemnitee(s)") by an unaffiliated third party alleging that Customer's use of the Software infringes or violates that third party's intellectual property right(s), and (ii) pay, indemnify and hold Customer Indemnitees harmless from any settlement of such claim or any damages finally awarded to such third party by a court of competent jurisdiction as a result of such claim.
- b. **Procedures.** MobileIron's indemnification obligation is conditioned on Customer Indemnitee(s): (i) giving MobileIron prompt written notice of such claim, (ii) permitting (subject to 28 USC 518) MobileIron to solely control and direct the defense or settlement of such claim, provided MobileIron shall not settle any claim in a manner that requires Customer to admit liability or pay money without Customer's prior written consent, and (iii) providing MobileIron all reasonable assistance in connection with the defense or settlement of such claim, at MobileIron's cost and expense.
- c. **Remedies.** If such a claim occurs or in MobileIron's opinion is reasonably likely to occur, MobileIron may at its expense and sole discretion: (i) procure the right to allow Customer to continue using the applicable Software, (ii) modify or replace the applicable Software to become non-infringing, or (iii) if neither (i) nor (ii) is commercially practicable, terminate Customer's license to the affected portion of applicable Software and refund (or cause the authorized reseller to refund) a portion of the pre-paid, unused license fees paid by Customer corresponding to such Software. In the case of a perpetual license, the unused portion of the license fees shall be determined on a pro-rata basis over a three (3) year period starting from the initial delivery of the Software.
- d. **Exclusions.** MobileIron shall have no obligations under this Section 7 if the claim is based upon or arises out of: (i) any modification to the applicable Software not made by or at the direction of MobileIron, (ii) any combination or use of the applicable Software with any third party equipment, products or systems, to the extent that such claim is based on such combination or use, (iii) Customer's continued use of the allegedly infringing technology after being notified of the infringement claim, (iv) Customer's failure to use Updates made available by MobileIron, (v) Customer's failure to use the Software in accordance with the applicable Documentation, and/or (vi) use of the Software outside the scope of the license granted under this Agreement. The remedies specified in this Section 7 constitute Customer's sole and exclusive remedies, and MobileIron's entire liability, with respect to infringement of third party intellectual property rights.

8. **Support and Maintenance Services.** Support and maintenance services shall be provided in accordance with the support and maintenance terms and conditions specified in Schedule B, attached hereto.

9. **Warranties.**

- a. **Software.** For ninety (90) days following the commencement of the applicable License Term, MobileIron represents and warrants to Customer that the Software materially conforms to the specifications specified in the relevant Documentation. Customer's sole and exclusive remedy and the entire liability of MobileIron for MobileIron's breach of this warranty will be for MobileIron, at its option, to repair or replace such Software or refund the license and associated support and maintenance fees paid for such non-conforming Software, in which case the license to the Software shall terminate.
- b. **Professional Services.** Customer may order professional services from MobileIron. Such professional services shall be subject to the terms and conditions of this Agreement and mutually agreed-upon statement of work (if any). For ninety (90) days following the date of delivery of any professional service by MobileIron to Customer, MobileIron represents and warrants that such professional services shall be professional, workman-like and performed in a manner conforming to generally accepted industry standards and practices for similar services. Customer's sole and exclusive remedy and the entire liability of MobileIron for MobileIron's breach of this warranty will be for MobileIron, at its option, to re-perform the non-conforming services or refund the fees paid for such non-conforming professional services.
- c. **Exclusions.** The express warranties do not apply if the applicable Software or hardware (i) has been modified, except by or at the direction of MobileIron, (ii) has not been installed, used, or maintained in accordance with this Agreement and Documentation, (iii) has been subjected to abnormal physical or electrical stress, misuse, negligence or accident, and/or (iv) is used with equipment, products or systems not specified in the Documentation. Additionally, these warranties only apply if notice of a warranty claim is provided within the applicable warranty period.
- d. **Disclaimer.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR THE WARRANTIES EXPRESSLY STATED IN THIS SECTION 9, THE SOFTWARE, AND SERVICES ARE PROVIDED "AS IS," AND MOBILEIRON PROVIDES NO OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND MOBILEIRON SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.

10. **Term and Termination.** The license granted herein with respect to specific Software shall remain effective until the License Term for the relevant Software expires or the license for the relevant Software is terminated. This Agreement shall remain effective until the earliest of (a) termination in accordance with this Section 10, (b) expiration of the applicable License Term or (c) expiration of the applicable Support & Maintenance Term. If MobileIron agrees to reinstate a lapsed subscription license, then the terms of this Agreement shall apply. Either party may terminate this Agreement: (a) upon thirty (30) days' written notice of a material breach by the other party, unless the breach is cured within the 30-day notice period, or (b) immediately, if the other party ceases to do business, becomes insolvent, or seeks protection under any bankruptcy or comparable proceedings. In addition, the parties may terminate this Agreement by mutual written consent. For perpetual licenses only, the license grant in Section 2 shall survive expiration or termination of this Agreement unless MobileIron has terminated due to Customer's uncured material breach. In addition, Sections 1, 3-7, and 9-12, and all liabilities that

accrue prior to termination shall survive expiration or termination of this Agreement for any reason. Any dispute regarding a termination for breach under this section, will be resolved in accordance with the Contract Disputes Act.

11. **Limitation of Liabilities.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR ANY BREACHES OF OR FOR LIABILITY ARISING OUT OF SECTION 3 (RESTRICTIONS), 5 (CONFIDENTIALITY), OR CUSTOMER'S PAYMENT OBLIGATIONS, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY IN CONNECTION WITH THIS AGREEMENT OR THE SUBJECT MATTER HEREOF (UNDER ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STATUTE, TORT OR OTHERWISE) FOR: (a) ANY LOST PROFITS, LOST BUSINESS OPPORTUNITIES, LOST DATA, OR SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES OR SUCH DAMAGES OR LOSSES WERE REASONABLY FORESEEABLE, OR (b) AN AMOUNT THAT EXCEEDS THE TOTAL FEES PAYABLE TO MOBILEIRON FOR THE RELEVANT SOFTWARE, OR SERVICE DURING THE TWELVE-MONTH PERIOD BEFORE THE EVENT GIVING RISE TO SUCH LIABILITY. THESE LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY SPECIFIED IN THIS AGREEMENT. MULTIPLE CLAIMS SHALL NOT EXPAND THE LIMITATIONS SPECIFIED IN THIS SECTION 11.
12. **General.**
- a. **Export/Import.** Software and Documentation may be subject to U.S. and foreign import and export control laws and regulations. Customer agrees to comply with all such regulations applicable to Customer, including obtaining applicable import licenses.
 - b. **U.S. Government Rights.** The Software and Documentation are "commercial items" as that term is defined at FAR 2.101. If Customer is the US Federal Government (Government) Executive Agency (as defined in FAR 2.101), MobileIron provides the Software and Documentation, including any related technical data, and/or professional services in accordance with the following: If acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense (DoD), the Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement. If acquired by or on behalf of any Executive Agency within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative or Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as defined in this Agreement. If any Federal Executive, Legislative, or Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with MobileIron to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. If this Agreement fails to meet the Government's needs or is inconsistent in any way with Federal law, and the parties cannot reach a mutual agreement on terms for this Agreement, the Government agrees to terminate its use of the Software and Documentation and return the Software and Documentation and any other software or technical data delivered as part of the Software and Documentation, unused, to MobileIron. This U.S. Government Rights clause in this Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement.
 - c. **In-Licensed Materials and Open Source.** The Software may contain or may interoperate with software services or other technology that is not owned by MobileIron but has been licensed to MobileIron by a third party or that is available under open source or free software licenses ("In-Licensed Materials"). The In-Licensed Materials may be subject to additional terms and conditions, as identified on Schedule A, attached hereto, or as otherwise made available to Customer. Such terms and conditions are incorporated by reference herein. To the extent MobileIron uses open source software in its Software, the applicable licenses shall not restrict the license rights granted to Customer under this Agreement or impose further obligations or restrictions upon Customer, provided Customer uses the Software in accordance with this Agreement.
 - d. **Governing Law and Jurisdiction.** This Agreement, and the rights and duties of the parties arising from this Agreement, shall be governed by, construed, and enforced in accordance with Federal common law of the United States and where there is no Federal common law, the laws of the State of California, excluding its conflicts-of-law principles. The sole and exclusive jurisdiction and venue for actions arising under this Agreement shall be state and federal courts in Santa Clara, California, and the parties agree to service of process in accordance with the rules of such courts. The Uniform Computer Information Transactions Act and the United Nations Convention on the International Sale of Goods shall not apply. The foregoing is subject to the Contract Disputes Act.
 - e. **Assignment.** Neither party may assign this Agreement without prior written consent of the other party, provided however, subject to FAR 42.12, either party may do so to a successor-in-interest of substantially all of its business and/or assets. Any assignment in violation of this Section 12.e shall be void. Subject to the foregoing, all rights and obligations of the parties under this Agreement shall be binding upon and inure to the benefit of and be enforceable by and against the successors and permitted assigns.
 - f. **Data Communications.** MobileIron shall only collect, access, use, store, safeguard, disclose and transfer ("Process") Personal Information (i) for the purposes of this Agreement, including without limitation, to implement and deliver the Software and its features and associated services, provide Customer support, and help Customer prevent or address service or technical problems, (ii) as otherwise expressly permitted by Customer in writing, or (iii) as compelled by law. Customer shall make such disclosures, obtain such consents, and provide such access, choices and other applicable rights to individual users with regard to the Processing of Personal Information as are required under applicable law, rules or regulations. "Personal Information" means any information relating to an identified or identifiable individual user that is obtained by or communicated to MobileIron by Customer in performance by MobileIron of its obligations under this Agreement. MobileIron collects, analyzes, and uses aggregated, de-identified technical data and related information (such as product or feature usage, device metrics/metadata and/or mobile application usage) to facilitate market research, product development/improvement and to provide support and maintenance services. MobileIron may use, store, or disclose such information or material derived from such information, as long as it is in a form that does not identify or is not attributable to any individual.

PROPRIETARY AND CONFIDENTIAL

- g. Equitable Relief. The parties agree that a material breach of this Agreement adversely affecting MobileIron's or its suppliers' intellectual property rights in Software or either party's Confidential Information may cause irreparable injury to such party for which monetary damages would be an inadequate remedy and the non-breaching party shall be entitled, to the extent permitted under Federal procurement law, to equitable relief (without a requirement to post a bond) in addition to any remedies it may have under this Agreement or at law.
- h. Publicity. MobileIron may publicly disclose that Customer is a customer of MobileIron and a licensee of the Software, including in a list of MobileIron customers and other promotional materials, however, MobileIron will not state or imply that Customer endorses any MobileIron product or service.
- i. Independent Contractor. The parties are independent contractors. This Agreement shall not establish any relationship of partnership, joint venture, employment, franchise or agency between the parties.
- j. Waiver & Severability; Amendments. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver of any other provision or any subsequent breach. If any provision of this Agreement is held to be illegal, invalid or unenforceable, the provision will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remaining provisions of this Agreement will remain in full force and effect. This Agreement may only be amended, or any term or condition set forth herein waived, by written consent of both parties.

MOBILEIRON, INC.
Schedule A: Terms and Conditions Related to In-Licensed Materials and Third Party Products
(version August 12, 2015)

MobileIron and Customer have entered into one or more agreement(s) relating to the use and license of MobileIron software, which may contain In-Licensed Materials (the "Customer Agreement"), and the following terms and conditions shall apply.

I. IN-LICENSED MATERIALS

The software licensed under the Customer Agreement may contain or be provided with the In-Licensed Materials listed below. Such In-Licensed Materials shall be deemed "Software" (and subject to the same terms and conditions applicable to "Software") under the Customer Agreement notwithstanding anything to the contrary therein; provided, however, in connection therewith, additional or different terms are applicable as identified below. In-Licensed Materials shall have the meaning set forth in the Customer Agreement if defined therein; otherwise "In-Licensed Materials" means software, services or other technology software that is not proprietary to MobileIron but has been licensed to MobileIron and is contained in or may interoperate with the Software.

A. MobileIron "Silver" or "Gold" Bundle, also sold as Core:

1. **Cell Tower Information** (only applies to Customers outside the United States). If Customer is provided any cellular tower identification information with associated latitude and longitude location information, Customer agrees that neither it nor its end users will use such latitude and longitude location information to create a latitude/longitude lookup database for cellular towers.
2. **SMS Messaging.** (a) Customer will not use SMS messaging service to transmit inappropriate content. Inappropriate content includes any content that (a) is unsolicited, (b) causes the introduction of viruses, worms, Trojan horses, e-mail bombs, cancelbots or other similar computer programming routines, (c) is unlawful or offensive as determined by MobileIron's suppliers in their sole discretion, (d) is misleading or inaccurate, or (e) infringes the intellectual property of any person.
3. **Microsoft® Exchange Activesync.** (a) With respect to Microsoft® Exchange Activesync, the provision of this service (or software, as applicable) to you does not grant, and you do not receive, any rights under any Microsoft intellectual property with respect to any smartphone or other device software that you use to access this service (or to access the functionality provided by software, as applicable). (b) With respect to Microsoft® Exchange Activesync, use is limited to internal use (including such use by agents or contractors exclusively on Customer's behalf) as part of the Core offering for the sole purpose of managing hand-held devices of Customer's employees, agents and/or contractors.
4. **Email+.** (a) "Email+ Device Software" means MobileIron's Email+ client device email software delivered by MobileIron to Customer, including any updates, modifications or upgrades of the same delivered to Customer during the term of the Agreement. (b) "EAS-Enabled Server" means (i) Microsoft Exchange server 2003, 2007, 2010 or any subsequent version thereof released during the term of the Agreement, (ii) any Microsoft owned or operated server that provides Windows Live Hotmail services, and (iii) any server software licensed by Microsoft to implement the Microsoft Exchange ActiveSync™ Protocol. (c) MobileIron grants to Customer a non-exclusive right to permit Customer Representatives to use and reproduce the Email+ Software (in object code form) only: (i) in mobile phones, smartphones, laptops, or tablets that are managed by MobileIron's Software and (ii) for Customer's use with services provided by EAS-Enabled Servers.
5. **Splunk Universal Forwarder.** (a) The Splunk Universal Forwarder may forward data generated by the MobileIron Core product to Splunk Enterprise, a separate third party product not licensed or distributed by MobileIron. In order to be licensed to use the Splunk Universal Forwarder, Customer is required to obtain a license to Splunk Enterprise, directly or indirectly, from Splunk Inc. (b) Customer may not use any part of the Splunk Universal Forwarder, including third party code, in a manner not related to the MobileIron Core product. (c) MobileIron disclaims all warranties and indemnities in connection with the Splunk Universal Forwarder and Splunk Enterprise. Splunk Inc. makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to the Splunk Universal Forwarder.
6. **Mobile@Work In-House App SDK.** (a) MobileIron Mobile@Work In-House App SDK is a custom SDK designed to allow Customer to brand Mobile@Work with Customer's own branding. MobileIron offers this SDK without any additional charge. Use by Customer is optional and deemed acceptance of the terms below. (b) MobileIron is willing to license this SDK on the same terms and conditions as "Software," except that: (i) Customer may only use this SDK to brand Mobile@Work with its own branding; (ii) Customer may distribute its branded Mobile@Work application through its enterprise AppStore; and (iii) MobileIron will only support the current version of this SDK and the immediately preceding version for 6 months following the release of the current version.

B. MobileIron "Platinum" Bundle (includes the terms and conditions for the MobileIron "Silver" and "Gold" Bundle as well as the additional terms below):

1. MobileIron Help@Work for iOS is a custom SDK designed to allow Customer to develop the Help@Work for iOS app, which will allow the Customer's help-desk administrator to remotely view the screen of a managed iOS device, while working with the individual device-holder on troubleshooting workflows.
2. **Authorized Developer.** Customer represents and warrants that it has a valid Apple iOS Developer Program Enterprise License Agreement and hereby appoints MobileIron as an Authorized Developer under such agreement solely in connection with MobileIron's provision of Help@Work for iOS to Customer.
3. **Help@Work for iOS Display Finder.** If Customer at its option chooses to download the Help@Work for iOS Display Finder component, Customer will be required to accept the accompanying Apple end-user software license agreement (EULA), which solely governs the Apple software included therewith.
4. **ServiceConnect Integrations.** (a) "ServiceConnect Integrations" are software modules provided by MobileIron that integrate MobileIron Core or MobileIron Cloud with separate third party products and/or services not licensed or distributed by MobileIron (e.g. ServiceNow or Splunk). In order to be licensed to use a ServiceConnect Integration, Customer is required to obtain a license to the relevant third party product or service, directly or indirectly, from the third party ("Underlying Third Party"). (b) Customer may not use any part of any ServiceConnect Integrations, including third party code, in a manner not related to the MobileIron Core or MobileIron Cloud product. (c) Customer agrees that the Underlying Third Party does not in any way warrant the accuracy, reliability, completeness, usefulness, non-infringement, or quality of any ServiceConnect Integration and that the Underlying Third Party shall not be liable or responsible in any way for any losses or damage of any kind, including lost profits or other indirect or consequential damages, relating to Customer's use of or reliance upon any ServiceConnect Integration. (d) MobileIron disclaims all warranties and indemnities in connection with

PROPRIETARY AND CONFIDENTIAL

the ServiceConnect Integrations and the third party product or services on which the ServiceConnect Integrations run. The Underlying Third Party makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to any ServiceConnect Integration. (e) The Underlying Third Party may, at any time and for any reason, discontinue its product or service, or discontinue or disrupt interoperability with the ServiceConnect Integration. MobileIron shall have no liability for any such discontinuance or disruption.

MOBILEIRON, INC.
Schedule B: Support & Maintenance Agreement
(version May 26, 2016)

If Customer has paid fees to obtain support and maintenance services directly from MobileIron, this Support and Maintenance Agreement (“SMA”) applies to such support and maintenance services. If Customer has paid fees to obtain support and maintenance services directly from an authorized reseller, the terms regarding support in this SMA shall not apply and shall instead be determined between Customer and the relevant authorized reseller, and the terms regarding maintenance are set forth in Section 3 below.

1. Definitions.

- a. “Designated Support Contact” means any Customer employee appointed by Customer who has been trained and certified by MobileIron to be a primary Customer contact with MobileIron for support services.
- b. “Incident” means when the Supported Software does not seem to materially perform in accordance with the specifications specified in the relevant Documentation.
- c. “Response” means when MobileIron support personnel have (i) triaged the Incident, (ii) contacted Customer, and (iii) begun initial troubleshooting on the Incident.
- c. “Support & Maintenance Term” means the duration of support and/or maintenance services that MobileIron must provide, as specified in the relevant Order. The initial Support & Maintenance Term shall commence when the Software is first made available for download by Customer. Any renewal Support & Maintenance Term shall commence upon the day immediately following the end of the then-current Support & Maintenance Term.
- d. “Supported Software” means the current shipping release of the Software and any prior release for one (1) year after such prior release has been superseded by a subsequent shipping release. (For example, if Software shipping version 5.0 is released in January 2016, version 5.1 is released in June 2016, and version 5.2 is released in December 2016, MobileIron shall support version 5.0 until June 2017, version 5.1 until December 2017, and version 5.2, assuming version 5.2 has not been superseded yet.)

2. Support Services.

- a. Support and Trouble Tickets. During the Support & Maintenance Term, MobileIron shall use commercially reasonable efforts to provide support services to Customer, as described below. The Designated Support Contact may report Incidents to MobileIron through MobileIron’s Support Portal (available at <https://help.mobileiron.com>) or support telephone helpline, and thereafter, the parties may cooperate to address the Incidents via email, telephone or the Support Portal. MobileIron shall provide Customer with a trouble ticket number that Customer can use to track the status of Incidents. MobileIron may close the trouble ticket without further responsibility if Customer fails to respond to a request for additional information or to confirm that the trouble ticket is resolved within ten (10) days of MobileIron’s request or receipt of a patch or workaround (as applicable). Support services for Supported Software are available to Customers who have purchased direct support services or higher, for twenty-four hours per day and seven days per week.
- b. Initial Response Times for Technical Support Issues. MobileIron shall provide Responses for Incidents that have been properly reported through the Support Portal in accordance with the table below:

Severity Level	Description	Initial Response Time for Direct Support	Initial Response Time for Premium Plus Support
1	A severity one (1) issue is a catastrophic production problem which may severely impact Customer’s production systems or that causes Customer’s production systems to go down or not function. There may be a loss of production data and no procedural work around exists.	1 hour	30 minutes
2	A severity two (2) issue is an issue where Customer’s production systems are functioning but does so in a severely reduced capacity. The situation causes significant impact to portions of Customer’s business operations and productivity. The systems are exposed to potential loss or interruption of service, including disruption of Customer’s High Availability Configuration.	4 hours	2 hours
3	A severity three (3) issue is a medium-to-low impact problem which involves partial non-critical functionality loss. This issue impairs some operations but allows Customer to continue to function. This may be a minor issue with limited/no loss of functionality or impact to Customer’s operation and there is an easy circumvention or avoidance by the end user. This includes errors in Documentation.	1 business day	1 business day
4	A severity four (4) issue is for a general usage question or recommendation for a future product enhancement or modification. There is no impact on the quality, performance or functionality of the product.	5 business days	5 business days

* MobileIron business hours are 6 am-6 pm PT, Monday through Friday (excluding holidays)

b. **Limitations.** MobileIron shall have no obligations under this Section 2: (i) if the Incident cannot be reproduced by MobileIron, (ii) if the Supported Software has been modified or repaired, except by or at the direction of MobileIron, (iii) if the Supported Software has not been installed, used or maintained in accordance with the Documentation, (iv) the Supported Software is used with equipment, products or systems not supplied by MobileIron, (v) Customer does not permit MobileIron timely access to the logs or to perform remote troubleshooting sessions on the affected server or component, as reasonably requested by MobileIron, and/or (vi) for information or data contained in, stored on, or integrated with any Supported Software.

3. **Maintenance Services.**

- a. **Maintenance.** During the Support & Maintenance Term, MobileIron (or authorized reseller, if applicable) shall make available to Customer all Updates to the extent generally released to other MobileIron customers that purchased the same maintenance services. Such maintenance services shall apply only to the current shipping release of the Software and, for security fixes only, the immediately prior release.
- b. **Reinstatement.** If the Support & Maintenance Term expires without renewal, this SMA shall terminate as of the expiration date. Customer may reinstate this SMA by paying MobileIron an amount equal to the support and/or maintenance fees that would have been payable during the period of lapse and a reinstatement fee.

4. **General.** MobileIron may revise the terms of this SMA, provided that: (a) such revision is made to its standard SMA terms made generally available to other customers, (b) MobileIron provides written/email notice of such revision at least sixty (60) days prior to the expiration of the then-current Support & Maintenance Term, (c) such revisions only apply to renewal terms, and (d) renewal is subject to mutual agreement. Any delay or failure in the performance by MobileIron shall be excused if and to the extent caused by a cause or event that is not reasonably foreseeable or otherwise caused by or under the control of MobileIron, including but not limited to acts of God (including but not limited to fire, flood, earthquake, storm, hurricane or other natural disaster), war, hostilities (whether war be declared or not), invasion, act of foreign enemies, mobilization, requisition or embargo, rebellion, revolution, insurrection, military or usurped power, civil war, acts or threats of terrorism, riots, strikes or labor disputes (excluding by MobileIron employees).

**MOBILEIRON, INC.
SOFTWARE-AS-A-SERVICE (SAAS) TERMS OF USE
FEDERAL END USER
(version May 26, 2016)**

This Software-as-a-Service Terms of Use (“Agreement”) is entered into as of the later date signed below (“Effective Date”) by and between MobileIron, Inc. (“MobileIron”), a Delaware corporation having its principal place of business at 415 East Middlefield Road, Mountain View, CA 94043, and the customer/ordering activity specified below or an ordering activity identified in an order to a MobileIron reseller (“Customer”).

This Agreement consists of this page, the attached terms and conditions, and the attached schedule(s), which are incorporated by reference. This Agreement constitutes the entire agreement between the parties with respect to its subject matter and supersedes and cancels all prior agreements, representations, communications, and understandings of the parties, written or oral, relating to such subject matter, and is not intended to confer upon any person other than the signatories below any rights or remedies and does not modify any terms and conditions between Customer and any prime contractor regarding the terms and conditions of the prime contractor’s prime contract. This Agreement prevails over any conflicting, or additional terms of any ordering document, acknowledgment, confirmation or other document issued by Customer to MobileIron before or after the execution of this Agreement unless such conflicting or additional terms have been introduced via an amendment and accepted in writing by both parties. The headings of sections of this Agreement are for convenience and are not for use in interpreting this Agreement.

Except as otherwise provided in this Agreement, all legal notices will be given in writing to the addresses below and will be effective (a) when personally delivered, (b) on the reported delivery date if sent by a recognized international or overnight courier, or (c) five business days after being sent by registered or certified mail (or ten days for international mail). For clarity, purchase orders, invoices, and other documents relating to order processing and payment are not legal notices and may be delivered electronically in accordance with MobileIron and Customer’s standard ordering procedures.

This Agreement is agreed to and executed by authorized representatives of the parties.

TERMS AND CONDITIONS

3. Definitions.

- a. "Documentation" means the written and/or electronic release notes, implementation guides, or other published technical documentation about the applicable SaaS Product that is provided by MobileIron to Customer together with access to the SaaS Product.
- b. "License Term" means the term of the access rights granted for the SaaS Product, as identified in the relevant Order, starting when MobileIron delivers to Customer the relevant credentials to access and use the SaaS Product.
- c. "Order" means any purchase order, product schedule or ordering document between Customer and MobileIron (or an authorized reseller, if applicable) that identifies the products and/or services licensed or sold and any applicable licensing parameters (e.g., the number of licenses).
- d. "SaaS Product" means the mobile enterprise management services made available by access to and use of software hosted by MobileIron to which Customer has purchased a license under the relevant Order. References in this Agreement to the SaaS Product shall include the Software.
- e. "Software" means the object code version of MobileIron proprietary computer programs made available by MobileIron for download by Customer for use in connection with any SaaS Product, including any Documentation and Updates.
- f. "Updates" means any correction, update, upgrade, patch, or other modification or addition made by MobileIron to specific Software.

4. Rights of Access and Use.

- a. Access and Use. Subject to the terms and conditions of this Agreement, during the applicable License Term, MobileIron hereby grants to Customer (i) a non-exclusive, non-transferable and non-sublicensable license for Customer to access and use the SaaS Product and to copy, and install the Software, in each case, solely for Customer's internal use with Customer's ordinary business operations and in accordance with the applicable Documentation, and (ii) the right to maintain a reasonable number of copies of the Software on its systems for backup and recovery purposes. Subject to the restrictions in Section 3, below, Customer may provide access to the SaaS Product to its employees, contractors, and affiliates (and any employees and contractors of such affiliates), provided Customer is responsible for their actions that violate the terms of this Agreement.
- b. Trial License. The terms applicable to the SaaS Product apply to trial copies of the SaaS Product ("Trial Product"), except for the following different or additional terms: (i) the License Term for Trial Product is thirty (30) days, which MobileIron may extend upon written consent; (ii) the trial period shall commence on the date that MobileIron first provides Customer credentials to access the Trial Product; (iii) Trial Product is provided "AS IS" without warranty of any kind, and MobileIron disclaims all warranties, indemnities, and all other liabilities for Trial Product; (iv) Customer is not entitled to any support and maintenance services or any Updates for Trial Product; and (v) either party may terminate the license for Trial Product upon five (5) days' written notice to the other party.

3. Use Restrictions; Customer Obligations. As a condition of the license granted in Section 2, Customer shall not itself and shall not authorize or permit any third party to: (a) reverse engineer, decompile, decode, decrypt, disassemble, or attempt to derive any source code from the SaaS Product (except and only to the extent any foregoing restriction is prohibited by applicable law); (b) modify, adapt, or create any derivative works based on the SaaS Product; (c) distribute, sell, license, lease, transfer, or otherwise provide any SaaS Product to third parties except as expressly provided in this Agreement; (d) provide the SaaS Product as a service to unaffiliated third parties, including but not limited to on a service bureau, SaaS, or time-sharing basis; (e) unbundle any component of any SaaS Product; or (f) use the Documentation except for supporting Customer's authorized use of the SaaS Product; or (g) use the SaaS Product to store or transmit malicious code or infringing, libelous, unlawful or tortious material; or (h) disrupt the integrity or performance of any SaaS Product accessed as a service; or (i) employ or authorize a MobileIron Competitor to use or view the SaaS Product or Documentation, or to provide management, hosting, support or similar services with regard to the SaaS Product without the prior written consent of MobileIron. "MobileIron Competitor" means Good Technology by Blackberry, AirWatch by VMWare, Maas360 by IBM Corporation, XenMobile by Citrix, and InTune by Microsoft. Customer shall use commercially reasonable efforts to prevent unauthorized access to or use of any SaaS Product and notify MobileIron promptly of any such unauthorized access or use.

13. Payment; Additional Licenses; Reporting. Customer shall pay the fees for MobileIron products and/or services as set forth in the applicable Order. If Customer is purchasing through a reseller, payment terms will be determined by Customer and the reseller. If Customer is purchasing directly from MobileIron, all fees shall be paid in U.S. dollars and are due within thirty (30) days of the invoice. Customer shall pay all applicable fees, insurance costs, and taxes, excluding taxes on MobileIron's net income. If the actual number of registered devices or users (as applicable) exceed the number of licenses purchased by Customer in the applicable Order, then Customer shall (a) immediately cease such excess usage or (b) purchase additional licenses to cover the excess usage. Fees for excess usage shall be based on MobileIron's then-current price list or as specified in the Order or in the Reseller's prime contract. Customer acknowledges that MobileIron's delivery and support infrastructure may enable MobileIron to access the device or user count for the SaaS Product. Upon written notice by MobileIron, Customer shall certify in writing the number and type of registered devices or users.

14. Confidentiality.

PROPRIETARY AND CONFIDENTIAL

- a. **Definition.** "Confidential Information" means non-public information provided by one party ("Discloser") to the other ("Recipient") that is designated as confidential or reasonably should be considered as such, excluding information that (i) is or becomes public through no fault of the Recipient, (ii) was known to Recipient before the disclosure without a duty of non-disclosure, (iii) is disclosed to Recipient by a third party without violation of any confidentiality restrictions, or (iv) is independently developed by the Recipient without access to or use of the Discloser's information. MobileIron Confidential Information includes but is not limited to all SaaS Products (and any derivatives, performance data, benchmark results, security assessments, product roadmaps and any other technical information relating to the SaaS Products), Documentation and its derivatives, and MobileIron's pricing. The terms and conditions of this Agreement are the Confidential Information of both parties.
 - b. **Non-disclosure and Non-Use.** The Recipient shall (i) only use the Confidential Information of the Discloser to exercise its rights and/or to perform under this Agreement, (ii) use the same degree of care to prevent unauthorized use and disclosure of Discloser's Confidential Information as it does for its own confidential information, but in no event less than reasonable care, and (iii) with respect to employees, contractors, or agents of Recipient, limit access to the Discloser's Confidential Information only to those employees, contractors, or agents who have a need to access such Confidential Information and who are subject to confidentiality obligations at least as restrictive as those specified in this Section 5. The Recipient may disclose the Discloser's Confidential Information to the extent required by any court, governmental body, or law or regulation, provided that, if legally permissible, Recipient shall provide prompt written notice to the Discloser of such disclosure. Upon written request of the Discloser, the Recipient shall return or destroy, at Discloser's option, the Discloser's Confidential Information. The Confidential Information of MobileIron is exempt from release under the Freedom of Information Act pursuant to 5 U.S.C. 552(b)(4) and is subject to the Federal Trade Secrets Act, 18 U.S.C. 1905
15. **Ownership.** MobileIron and its suppliers own and retain all right, title, and (except as expressly licensed in this Agreement) interest in and to the SaaS Product and its derivative works. Customer is not obligated to provide MobileIron with any suggestions or feedback about the products or services ("Feedback"). To the extent Customer does provide Feedback to MobileIron, Customer assigns ownership of such Feedback to MobileIron and MobileIron may use and modify such Feedback without any restriction or payment.
16. **Indemnity.**
 - a. **Indemnification by MobileIron.** Subject to 28 USC 518, MobileIron shall at its cost and expense (i) defend or settle any claim brought against Customer and its directors, officers and employees ("Customer Indemnitee(s)") by an unaffiliated third party alleging that Customer's use of the SaaS Product infringes or violates that third party's intellectual property right(s), and (ii) pay, indemnify and hold Customer Indemnitees harmless from any settlement of such claim or any damages finally awarded to such third party by a court of competent jurisdiction as a result of such claim.
 - b. **Remedies.** If a claim under Section 7.a occurs or in MobileIron's opinion is reasonably likely to occur, MobileIron may at its expense and sole discretion: (i) procure the right to allow Customer to continue using the applicable SaaS Product, (ii) modify or replace the applicable SaaS Product to become non-infringing, or (iii) if neither (i) nor (ii) is commercially practicable, terminate Customer's license to the affected portion of applicable SaaS Product and refund (or cause the authorized reseller to refund) a portion of the pre-paid, unused license fees paid by Customer corresponding to such SaaS Product.
 - c. **Exclusions.** MobileIron shall have no obligations under this Section 7 if the claim is based upon or arises out of: (i) any modification to the applicable SaaS Product not made by or at the direction of MobileIron, (ii) any combination or use of the applicable SaaS Product with any third party equipment, products or systems, to the extent that such claim is based on such combination or use, (iii) Customer's continued use of the allegedly infringing technology after being notified of the infringement claim, (iv) Customer's failure to use Updates made available by MobileIron, (v) Customer's failure to use the SaaS Product in accordance with the applicable Documentation, and/or (vi) use of the SaaS Product outside the scope of the license granted under this Agreement. This Section 7 constitutes Customer's sole and exclusive remedies, and MobileIron's entire liability, with respect to infringement of third party intellectual property rights.
 - d. **Procedures.** MobileIron's indemnification obligation is conditioned on Customer: (i) giving MobileIron prompt written notice of such claim, (ii) permitting (subject to 28 USC 518) MobileIron to solely control and direct the defense or settlement of such claim, provided MobileIron shall not settle any claim in a manner that requires Customer to admit liability or pay money without Customer's prior written consent, and (iii) providing MobileIron all reasonable assistance in connection with the defense or settlement of such claim, at MobileIron's cost and expense.
17. **Support and Maintenance Services.** Support and maintenance services shall be provided in accordance with the support and maintenance terms and conditions specified in Schedule B, attached hereto.
18. **Warranties.**
 - a. **SaaS Product.** MobileIron represents and warrants to Customer that the SaaS Product materially conforms to the specifications specified in the relevant Documentation. Customer must notify MobileIron of any warranty deficiencies within thirty (30) days from the provision of the deficient SaaS Product. Customer's sole and exclusive remedy and the entire liability of MobileIron for MobileIron's breach of this warranty will be for MobileIron, at its option, to (i) repair such SaaS Product (and/or deliver new applicable Software) or (ii) terminate the applicable License Term and refund any prepaid, unused subscription fees paid to MobileIron for the unused period of any such terminated License Term.
 - b. **Professional Services.** Customer may order professional services from MobileIron. Such professional services shall be subject to the terms and conditions of this Agreement and mutually agreed-upon statement of work (if any). For ninety (90) days following the date of delivery of any professional service by MobileIron to Customer, MobileIron represents and warrants that such professional services shall be professional, workman-like and performed in a manner conforming to generally accepted industry standards and practices for similar services. Customer's sole and exclusive remedy and the entire liability of MobileIron for MobileIron's breach of this warranty will be for MobileIron, at its option, to re-perform the non-conforming services or refund the fees paid for such non-conforming professional services.

- c. **Exclusions.** The express warranties do not apply if the applicable SaaS Product(i) has been modified, except by or at the direction of MobileIron, (ii) has not been installed, used, or maintained in accordance with this Agreement and Documentation, (iii) has been subjected to abnormal physical or electrical stress, misuse, negligence or accident, and/or (iv) is used with equipment, products or systems not specified in the Documentation. Additionally, these warranties only apply if notice of a warranty claim is provided within the applicable warranty period.
- d. **Disclaimer.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR THE WARRANTIES EXPRESSLY STATED IN THIS SECTION 9, THE SAAS PRODUCT, AND SERVICES ARE PROVIDED "AS IS," AND MOBILEIRON PROVIDES NO OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND MOBILEIRON SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.
19. **Term and Termination.** The access rights granted herein with respect to the SaaS Product shall remain effective until the License Term for the relevant SaaS Product expires or the license for the relevant SaaS Product is terminated. This Agreement shall remain effective until the earliest of termination in accordance with this Section 10, or expiration of the applicable License Term. If MobileIron agrees to reinstate a lapsed subscription license, then the terms of this Agreement shall apply. Either party may terminate this Agreement: (a) upon thirty (30) days' written notice of a material breach by the other party (or three (3) business days in the case of a failure to pay), unless the breach is cured within the notice period, or (b) immediately, if the other party ceases to do business, becomes insolvent, or seeks protection under any bankruptcy or comparable proceedings. In addition, the parties may terminate this Agreement by mutual written consent. In addition, Sections 1, 3-7, and 9-12, and all liabilities that accrue prior to termination shall survive expiration or termination of this Agreement for any reason. For ninety (90) days after the expiration or termination of this Agreement, upon Customer's request, MobileIron shall permit Customer to access the SaaS Product solely to the extent necessary for Customer to retrieve applications uploaded to such SaaS Product by Customer. After such 90-day period, MobileIron may delete all Customer Data in MobileIron's possession or control. Any dispute regarding a termination for breach under this section, will be resolved in accordance with the Contract Disputes Act.
20. **Limitation of Liabilities.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR ANY BREACHES OF OR FOR LIABILITY ARISING OUT OF SECTION 3 (RESTRICTIONS), 5 (CONFIDENTIALITY), OR CUSTOMER'S PAYMENT OBLIGATIONS, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY IN CONNECTION WITH THIS AGREEMENT OR THE SUBJECT MATTER HEREOF (UNDER ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STATUTE, TORT OR OTHERWISE) FOR: (a) ANY LOST PROFITS, LOST BUSINESS OPPORTUNITIES, LOST DATA, OR SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES OR SUCH DAMAGES OR LOSSES WERE REASONABLY FORESEEABLE, OR (b) AN AMOUNT THAT EXCEEDS THE TOTAL FEES PAYABLE TO MOBILEIRON FOR THE RELEVANT SAAS PRODUCT, OR SERVICE DURING THE TWELVE-MONTH PERIOD BEFORE THE EVENT GIVING RISE TO SUCH LIABILITY. THESE LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY SPECIFIED IN THIS AGREEMENT. MULTIPLE CLAIMS SHALL NOT EXPAND THE LIMITATIONS SPECIFIED IN THIS SECTION 11.
21. **General.**
- a. **Export/Import.** The SaaS Product and Documentation may be subject to U.S. and foreign import and export control laws and regulations. Customer agrees to comply with all such regulations applicable to Customer, including obtaining applicable import licenses.
- b. **U.S. Government Rights. U.S. Government Rights.** The Software and Documentation are "commercial items" as that term is defined at FAR 2.101. If Customer is the US Federal Government (Government) Executive Agency (as defined in FAR 2.101), MobileIron provides the Software and Documentation, including any related technical data, and/or professional services in accordance with the following: If acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense (DoD), the Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement. If acquired by or on behalf of any Executive Agency within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative or Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as defined in this Agreement. If any Federal Executive, Legislative, or Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with MobileIron to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. If this Agreement fails to meet the Government's needs or is inconsistent in any way with Federal law, and the parties cannot reach a mutual agreement on terms for this Agreement, the Government agrees to terminate its use of the Software and Documentation and return the Software and Documentation and any other software or technical data delivered as part of the Software and Documentation, unused, to MobileIron. This U.S. Government Rights clause in this Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement.
- c. **In-Licensed Materials and Open Source.** The SaaS Product may contain or may interoperate with software services or other technology that is not owned by MobileIron but has been licensed to MobileIron by a third party or that is available under open source or free software licenses ("In-Licensed Materials"). The In-Licensed Materials may be subject to additional terms and conditions, as identified on Schedule A, attached hereto or as otherwise made available to Customer. Such terms and conditions are incorporated by reference herein. To the extent MobileIron uses open source software in its SaaS Product, the applicable licenses shall not restrict the license rights granted to Customer under this Agreement or impose further obligations or restrictions upon Customer, provided Customer uses the SaaS Product in accordance with this Agreement.

- d. Governing Law and Jurisdiction. This Agreement, and the rights and duties of the parties arising from this Agreement, shall be governed by, construed, and enforced in accordance with Federal common law of the United States and where there is no Federal common law, the laws of the State of California, excluding its conflicts-of-law principles. The sole and exclusive jurisdiction and venue for actions arising under this Agreement shall be state and federal courts in Santa Clara County, California, and the parties agree to service of process in accordance with the rules of such courts. The Uniform Computer Information Transactions Act and the United Nations Convention on the International Sale of Goods shall not apply. The foregoing is subject to the Contract Disputes Act.
- e. Assignment. Neither party may assign this Agreement without prior written consent of the other party, provided however subject to FAR 42.12, either party may do so to a successor-in-interest of substantially all of its business and/or assets. Any assignment in violation of this Section 12.e shall be void. Subject to the foregoing, all rights and obligations of the parties under this Agreement shall be binding upon and inure to the benefit of and be enforceable by and against the successors and permitted assigns.
- f. Data Communications. MobileIron shall only collect, access, use, store, safeguard, disclose and transfer (“Process”) Personal Information (i) for the purposes of this Agreement, including without limitation, to implement and deliver the SaaS Product and its features and associated services, provide Customer support, and help Customer prevent or address service or technical problems, (ii) as otherwise expressly permitted by Customer in writing, or (iii) as compelled by law. Customer shall make such disclosures, obtain such consents, and provide such access, choices and other applicable rights to individual users with regard to the Processing of Personal Information as are required under applicable law, rules or regulations. “Personal Information” means any information relating to an identified or identifiable individual user that is obtained by or communicated to MobileIron by Customer in performance by MobileIron of its obligations under this Agreement. MobileIron collects, analyzes, and uses aggregated, de-identified technical data and related information (such as product or feature usage, device metrics/metadata and/or mobile application usage) to facilitate market research, product development/improvement and to provide support and maintenance services. MobileIron may use, store, or disclose such information or material derived from such information, as long as it is in a form that does not identify or is not attributable to any individual.
- g. Equitable Relief. The parties agree that a material breach of this Agreement adversely affecting MobileIron’s or its suppliers’ intellectual property rights in the SaaS Product or either party’s Confidential Information may cause irreparable injury to such party for which monetary damages would be an inadequate remedy and the non-breaching party shall be entitled, to the extent permitted under Federal procurement law, to equitable relief (without a requirement to post a bond) in addition to any remedies it may have under this Agreement or at law.
- h. Publicity. MobileIron may publicly disclose that Customer is a customer of MobileIron and a licensee of the SaaS Product, including in a list of MobileIron customers and other promotional materials, however, MobileIron will not state or imply that Customer endorses any MobileIron product or service.
- i. Independent Contractor. The parties are independent contractors. This Agreement shall not establish any relationship of partnership, joint venture, employment, franchise or agency between the parties.
- j. Waiver & Severability; Amendments. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver of any other provision or any subsequent breach. If any provision of this Agreement is held to be illegal, invalid or unenforceable, the provision will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remaining provisions of this Agreement will remain in full force and effect. This Agreement may only be amended, or any term or condition set forth herein waived, by written consent of both parties.

MOBILEIRON, INC.
Schedule A: Terms and Conditions Related to In-Licensed Materials
(version August 12, 2015)

MobileIron and Customer have entered into one or more agreement(s) relating to the use and license of MobileIron software, which may contain In-Licensed Materials (the "Customer Agreement"), and the following terms and conditions shall apply.

I. IN-LICENSED MATERIALS

The software licensed under the Customer Agreement may contain or be provided with the In-Licensed Materials listed below. Such In-Licensed Materials shall be deemed "Software" (and subject to the same terms and conditions applicable to "Software") under the Customer Agreement notwithstanding anything to the contrary therein; provided, however, in connection therewith, additional or different terms are applicable as identified below. In-Licensed Materials shall have the meaning set forth in the Customer Agreement if defined therein; otherwise "In-Licensed Materials" means software, services or other technology software that is not proprietary to MobileIron but has been licensed to MobileIron and is contained in or may interoperate with the Software.

A. MobileIron "Silver" or "Gold" Bundle, also sold as Core:

1. **Cell Tower Information** (only applies to Customers outside the United States). If Customer is provided any cellular tower identification information with associated latitude and longitude location information, Customer agrees that neither it nor its end users will use such latitude and longitude location information to create a latitude/longitude lookup database for cellular towers.
2. **SMS Messaging.** (a) Customer will not use SMS messaging service to transmit inappropriate content. Inappropriate content includes any content that (a) is unsolicited, (b) causes the introduction of viruses, worms, Trojan horses, e-mail bombs, cancelbots or other similar computer programming routines, (c) is unlawful or offensive as determined by MobileIron's suppliers in their sole discretion, (d) is misleading or inaccurate, or (e) infringes the intellectual property of any person.
3. **Microsoft® Exchange Activesync.** (a) With respect to Microsoft® Exchange Activesync, the provision of this service (or software, as applicable) to you does not grant, and you do not receive, any rights under any Microsoft intellectual property with respect to any smartphone or other device software that you use to access this service (or to access the functionality provided by software, as applicable). (b) With respect to Microsoft® Exchange Activesync, use is limited to internal use (including such use by agents or contractors exclusively on Customer's behalf) as part of the Core offering for the sole purpose of managing hand-held devices of Customer's employees, agents and/or contractors.
4. **Email+.** (a) "Email+ Device Software" means MobileIron's Email+ client device email software delivered by MobileIron to Customer, including any updates, modifications or upgrades of the same delivered to Customer during the term of the Agreement. (b) "EAS-Enabled Server" means (i) Microsoft Exchange server 2003, 2007, 2010 or any subsequent version thereof released during the term of the Agreement, (ii) any Microsoft owned or operated server that provides Windows Live Hotmail services, and (iii) any server software licensed by Microsoft to implement the Microsoft Exchange ActiveSync™ Protocol. (c) MobileIron grants to Customer a non-exclusive right to permit Customer Representatives to use and reproduce the Email+ Software (in object code form) only: (i) in mobile phones, smartphones, laptops, or tablets that are managed by MobileIron's Software and (ii) for Customer's use with services provided by EAS-Enabled Servers.
5. **Splunk Universal Forwarder.** (a) The Splunk Universal Forwarder may forward data generated by the MobileIron Core product to Splunk Enterprise, a separate third party product not licensed or distributed by MobileIron. In order to be licensed to use the Splunk Universal Forwarder, Customer is required to obtain a license to Splunk Enterprise, directly or indirectly, from Splunk Inc. (b) Customer may not use any part of the Splunk Universal Forwarder, including third party code, in a manner not related to the MobileIron Core product. (c) MobileIron disclaims all warranties and indemnities in connection with the Splunk Universal Forwarder and Splunk Enterprise. Splunk Inc. makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to the Splunk Universal Forwarder.
6. **Mobile@Work In-House App SDK.** (a) MobileIron Mobile@Work In-House App SDK is a custom SDK designed to allow Customer to brand Mobile@Work with Customer's own branding. MobileIron offers this SDK without any additional charge. Use by Customer is optional and deemed acceptance of the terms below. (b) MobileIron is willing to license this SDK on the same terms and conditions as "Software," except that: (i) Customer may only use this SDK to brand Mobile@Work with its own branding; (ii) Customer may distribute its branded Mobile@Work application through its enterprise AppStore; and (iii) MobileIron will only support the current version of this SDK and the immediately preceding version for 6 months following the release of the current version.

B. MobileIron "Platinum" Bundle (includes the terms and conditions for the MobileIron "Silver" and "Gold" Bundle as well as the additional terms below):

1. MobileIron Help@Work for iOS is a custom SDK designed to allow Customer to develop the Help@Work for iOS app, which will allow the Customer's help-desk administrator to remotely view the screen of a managed iOS device, while working with the individual device-holder on troubleshooting workflows.
2. **Authorized Developer.** Customer represents and warrants that it has a valid Apple iOS Developer Program Enterprise License Agreement and hereby appoints MobileIron as an Authorized Developer under such agreement solely in connection with MobileIron's provision of Help@Work for iOS to Customer.
3. **Help@Work for iOS Display Finder.** If Customer at its option chooses to download the Help@Work for iOS Display Finder component, Customer will be required to accept the accompanying Apple end-user software license agreement (EULA), which solely governs the Apple software included therewith.

PROPRIETARY AND CONFIDENTIAL

4. ServiceConnect Integrations. (a) “ServiceConnect Integrations” are software modules provided by MobileIron that integrate MobileIron Core or MobileIron Cloud with separate third party products and/or services not licensed or distributed by MobileIron (e.g. ServiceNow or Splunk). In order to be licensed to use a ServiceConnect Integration, Customer is required to obtain a license to the relevant third party product or service, directly or indirectly, from the third party (“Underlying Third Party”). (b) Customer may not use any part of any ServiceConnect Integrations, including third party code, in a manner not related to the MobileIron Core or MobileIron Cloud product. (c) Customer agrees that the Underlying Third Party does not in any way warrant the accuracy, reliability, completeness, usefulness, non-infringement, or quality of any ServiceConnect Integration and that the Underlying Third Party shall not be liable or responsible in any way for any losses or damage of any kind, including lost profits or other indirect or consequential damages, relating to Customer’s use of or reliance upon any ServiceConnect Integration. (d) MobileIron disclaims all warranties and indemnities in connection with the ServiceConnect Integrations and the third party product or services on which the ServiceConnect Integrations run. The Underlying Third Party makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to any ServiceConnect Integration. (e) The Underlying Third Party may, at any time and for any reason, discontinue its product or service, or discontinue or disrupt interoperation with the ServiceConnect Integration. MobileIron shall have no liability for any such discontinuance or disruption.

MOBILEIRON, INC.
Schedule B: Support & Maintenance Agreement
(version May 26, 2016)

If Customer has paid fees to obtain support and maintenance services directly from MobileIron, this Support and Maintenance Agreement (“SMA”) applies to such support and maintenance services. If Customer has paid fees to obtain support and maintenance services directly from an authorized reseller, the terms regarding support in this SMA shall not apply and shall instead be determined between Customer and the relevant authorized reseller, and the terms regarding maintenance are set forth in Section 3 below.

5. Definitions.

- a. “Designated Support Contact” means any Customer employee appointed by Customer who has been trained and certified by MobileIron to be a primary Customer contact with MobileIron for support services.
- b. “Direct Support Case Pack” means a direct support package that limits the number of Incidents for which the Customer is able to obtain direct support from MobileIron.
- c. “Incident” means when the SaaS Product does not seem to materially perform in accordance with the specifications specified in the relevant Documentation.
- d. “Response” means when MobileIron support personnel have (i) triaged the Incident, (ii) contacted Customer, and (iii) begun initial troubleshooting on the Incident.

6. Support Services.

- a. Support and Trouble Tickets. During the License Term, MobileIron shall use commercially reasonable efforts to provide support services to Customer, as described below. The Designated Support Contact may report Incidents to MobileIron through MobileIron’s Support Portal (available at <https://help.mobileiron.com>) or support telephone helpline, and thereafter, the parties may cooperate to address the Incidents via email, telephone or the Support Portal. MobileIron shall provide Customer with a trouble ticket number that Customer can use to track the status of Incidents. MobileIron may close the trouble ticket without further responsibility if Customer fails to respond to a request for additional information or to confirm that the trouble ticket is resolved within ten (10) days of MobileIron’s request or receipt of a patch or workaround (as applicable). Support services for the SaaS Product are available for twenty-four hours per day and seven days per week, unless the Customer has purchased a Direct Support Case Pack, in which case support services are available during business hours, which are 6 am-6 pm pacific, Monday through Friday (excluding holidays).
- b. Initial Response Times for Technical Support Issues. MobileIron shall provide Responses for Incidents that have been properly reported through the Support Portal in accordance with the table below. The Response times set forth below shall not apply to the Direct Support Case Pack:

Severity Level	Description	Initial Response Time for Standard SaaS Subscription	Initial Response Time for Premium Plus Support
1	A severity one (1) issue is a catastrophic production problem which may severely impact Customer's production systems or that causes Customer's production systems to go down or not function. There may be a loss of production data and no procedural work around exists.	1 hour	30 minutes
2	A severity two (2) issue is an issue where Customer's production systems are functioning but does so in a severely reduced capacity. The situation causes significant impact to portions of Customer's business operations and productivity. The systems are exposed to potential loss or interruption of service, including disruption of Customer's High Availability Configuration.	4 hours	2 hours
3	A severity three (3) issue is a medium-to-low impact problem which involves partial non-critical functionality loss. This issue impairs some operations but allows Customer to continue to function. This may be a minor issue with limited/no loss of functionality or impact to Customer's operation and there is an easy circumvention or avoidance by the end user. This includes errors in Documentation.	1 business day	1 business day
4	A severity four (4) issue is for a general usage question or recommendation for a future product enhancement or modification. There is no impact on the quality, performance or functionality of the product.	5 business days	5 business days

- b. Limitations. MobileIron shall have no obligations under this Section 2: (i) if the Incident cannot be reproduced by MobileIron, (ii) if the SaaS Product has been modified or repaired, except by or at the direction of MobileIron, (iii) if the SaaS Product has not been installed, used or maintained in accordance with the Documentation, (iv) the SaaS Product is used with equipment, products or systems not supplied by MobileIron, (v) Customer does not permit MobileIron timely access to the logs or to perform remote troubleshooting sessions on the affected server or component, as reasonably requested by MobileIron, and/or (vi) for information or data contained in, stored on or integrated, with any SaaS Product. MobileIron’s obligations to provide maintenance for software installed on Customer’s premise (e.g., Sentry or Connector) shall apply only to the current shipping release of the Software and any prior release for one (1) year after such prior release has been superseded by a subsequent shipping release.

PROPRIETARY AND CONFIDENTIAL

(For example, if Sentry shipping version 5.0 is released in January 2016, version 5.1 is released in June 2016, and version 5.2 is released in December 2016, MobileIron shall support version 5.0 until June 2017, version 5.1 until December 2017, and version 5.2, assuming version 5.2 has not been superseded yet.)

7. **Maintenance Services.** During the License Term, MobileIron (or authorized reseller, if applicable) shall make available to Customer all Updates to the extent generally released to other MobileIron customers that purchased the same maintenance services. Such maintenance services shall apply only to the current shipping release of the SaaS Product and, for security fixes only, the immediately prior release.
8. **General.** MobileIron may revise the terms of this SMA, provided that: (a) such revision is made to its standard SMA terms made generally available to other customers, (b) MobileIron provides written/email notice of such revision at least sixty (60) days prior to the expiration of the then-current Support & Maintenance Term, (c) such revisions only apply to renewal terms, and (d) renewal is subject to mutual agreement. Any delay or failure in the performance by MobileIron (including in SaaS Product availability) shall be excused if and to the extent caused by a cause or event that is not reasonably foreseeable or otherwise caused by or under the control of MobileIron, including but not limited to acts of God (including but not limited to fire, flood, earthquake, storm, hurricane or other natural disaster), war, hostilities (whether war be declared or not), invasion, act of foreign enemies, mobilization, requisition or embargo, rebellion, revolution, insurrection, military or usurped power, civil war, acts or threats of terrorism, riots, strikes or labor disputes (excluding by MobileIron employees) ("Force Majeure").

Multivista Franchise Systems, LLC
203-38 Fell Avenue
North Vancouver B.C., Canada

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Multivista Franchise Systems, LLC** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

MULTIVISTA

MULTIVISTA LICENSE, WARRANTY AND SUPPORT TERMS

Service Descriptions

This Attachment A described below combines Contractor's state-of-the-art Multivista indexing and navigation system with inspection-grade digital photography designed to capture actual conditions throughout construction and at critical milestones. The Multivista system will utilize actual construction drawings, making such drawings interactive and accessible anywhere through a secure on-line interface. For all documentation referenced herein, indexing and navigation is organized by both time and location throughout the Project.

Site Survey and Progressions Sets:

"Progression" photo sets are performed at pre-determined intervals throughout the duration of construction. Progression photos broadly track all aspects of construction through time.

The Site Survey and Progression Sets are generally included in all subscriptions to the Multivista system. They are critical tools for the communication and project management aspects of all product types.

- **Site Survey (Pre-Construction):** The pre-construction site survey is a one-time shoot that provides coverage of the site and its immediately surrounding area to carefully memorialize conditions before a project begins.
- **Exterior Progression Shoots:** Exterior Progression photos are taken from key perspectives along site perimeters and 360 degrees around each building envelope during erection. Exterior progressions track the construction of building elevations and all work within the immediate vicinity of the exterior of the building, including some site work. Exterior progressions are performed, approximately, at monthly intervals and are coordinated with the pace of erection. Exterior progression documentation typically begins at substantial framing, and not at commencement of site work. Exterior progressions can begin at commencement of site work for the purpose of *broadly capturing site work upon request.*
- **Interior Progression Shoots:** Interior Progression photos track the interior improvements from when interior work begins (typically, at the commencement of stud-work) to completion. Interior Progressions broadly track the improvements from logical perspectives. Interior Progressions are designed to provide comprehensive coverage of the various trades coming together over time. Interior progressions are performed, approximately, at monthly intervals and are coordinated with the pace of erection.

Detailed Sets ("Exact-Built[®]):

Detailed photo sets serve as "visual as-builts" which are performed at critical milestones during construction. They offer a higher concentration of photos and perspectives than the Progression shoots and/or focus on details of particular interest or importance to the Ordering Activity.

The Fundamental Exact-Built[®]:

Depending on the product type, subscriptions to the Multivista System generally include at least two out of three of the following Exact-Built[®] shoots which, when combined with the Site Survey and Progression Shoots, result in an unparalleled permanent documentation package superior to any known "best-practices."

- **Pre-Slab Exact-Built[®]:** This process will include overlapping images of all roughed-in MEP, cabling systems and other structural components *within* the building envelope(s), post inspection (where necessary), just prior to the concrete being poured.

PROPRIETARY AND CONFIDENTIAL

- Interior MEP Exact-Built®: Mechanical, Electrical, Plumbing (MEP) and all other systems in walls and ceilings will be documented post-inspection and pre-insulation, sheet rock or dry wall installation. This process provides a high concentration of overlapping coverage allowing for all finished systems to be viewed in great detail. This Exact-Built® sweeps the entire project: every wall and every ceiling, on every floor of every building, throughout the entire Project. Note that this will not capture pre-slab, site, or in-slab-on-deck systems or other “horizontal” MEP work.
- Interior Finished Condition Exact-Built®: At Certificate of Occupancy or other “finished” milestone as the Ordering Activity designates, all walls, ceilings and floors in their post-inspection, completed condition are documented in exceptional detail.
- Elevation Exact-Built®: – documentation of the entire building and skin capturing all exterior facades of building, to include windows and exterior skin to be determined by the Ordering Activity.

Custom Exact-Built®:

These Exact-Built® shoots are project-specific Detailed Sets that are not generally included in standard subscriptions to the service, but can be added to scope upon request.

- Existing Condition Exact-Built®: At Certificate of Occupancy or other “finished” milestone as the Ordering Activity designates, all walls, ceilings and floors in their post-inspection, completed condition are documented in exceptional detail.
- Slideshows: Slideshows capture miscellaneous occurrences or conditions while a photographer is on-site to perform any other shoot in the Order. These conditions are those that do not fit neatly into the building envelope interface (i.e., materials stored on site). Slideshows are not linked to architectural plans in the same manner as the formal shoots; however, they will be dated, labeled and stored on the Ordering Activity’s interface. Thus, all of Ordering Activity’s information remains in one “place.” Owner and Superintendent photograph collections of critical events or conditions may also be provided to Contractor for incorporation into the Slideshow collections.

Web Camera Hosting Packages

Web hosting is integrated into the Multivista Documentation Software. This includes live 24/7 image stream; static images (1920x1080 resolution), archived every 15 minutes between 6:00am and 6:00pm local time with ability to perform historical review; camera stream re-broadcasting capable of supporting up to twelve (12) concurrent users. Installation and Webhosting are included with the Web Camera options.

- 3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - PoE Connection Kit
- 2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - PoE Connection Kit
- 3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - 5.8 GHz Wireless Connection Kit
- 2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - 5.8 GHz Wireless Connection Kit
- 3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - Cellular Connection Kit
- 2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - Cellular Connection Kit
- 3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - Cellular Connection Kit - Lightning Zone
- 2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - Cellular Connection Kit - Lightning Zone

Video Services:

Contractor uses high definition video equipment to document “As Delivered” construction events.

Documentation comprises of Video recordings of dynamic events during the construction process. This deliverable may include but not limited to owner or process training videos, specific milestones or events and inspections. The deliverable includes post production editing. The final deliverable will be on a DVD or hard drive format and is not hosted on the Contractor’s Multivista website or server.

Additional Items

Contractor will accommodate, without charge, limited additional items that may be captured during our scheduled visits and included in the Slideshow section of our service. Additional items requested which are of significant scope, may be ordered separately.

Miscellaneous

- 1) SERVICES: Contractor shall provide professional services in accordance with the Order. Contractor will begin a Project Set-Up only after receipt of electronic plans from the architect of the Project in an acceptable format. Thereafter, Contractor requires at least ten (10) business days for Project Set-Up *prior to the first shoot* contemplated by the Order.
- 2) DETAILED PHOTO SETS: Because of the volatile nature of construction schedules, IT IS THE SOLE RESPONSIBILITY OF THE ORDERING ACTIVITY TO PROVIDE CONTRACTOR AT LEAST 24 HOURS NOTICE PRIOR TO THE TIME THAT A DETAILED SET MUST BE PERFORMED. To the extent look-ahead schedules are made available to Contractor, Contractor will endeavor to communicate with the Project owner’s representative or superintendent regarding upcoming Detailed Set shoots. However, Contractor will not be responsible if such Detailed Sets are not performed due to lack of notice pursuant to this provision.
- 3) AGENT/OWNER’S REPRESENTATIVE: Ordering Activity must designate a specific person or persons authorized to and responsible for scheduling site visits and Detailed Shoots.
- 4) STANDARD OF CARE: Services provided by Contractor under this Attachment A will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar

PROPRIETARY AND CONFIDENTIAL

circumstances. Contractor makes no warranties or guarantees, either expressed or implied, of the fitness of its documentation for any particular use.

- 5) OWNERSHIP OF DOCUMENTS: Contractor makes no warrants as to the professional nature of the photograph other than to capture the construction progress. Notwithstanding the foregoing, the underlying proprietary software, processes, procedures and all other proprietary information used to create these instruments of service, including all intellectual property rights associated therewith, shall at all time remain the sole property of Contractor and/or its suppliers.
- 6) SITE VISITS/OBSERVATION: Contractor shall visit the project and/or construction site at appropriate intervals and take photos of the construction progress. Visits to the project site and observations made by Contractor as part of services provided during construction under this Attachment A shall not make Contractor responsible for monitoring of the work. Contractor employees will report to the site office prior to working on site. The site superintendent shall be the designated person granting permission onto the site in order to ensure safe access for Contractor employees.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

NEC Corporation of America
9140 Guilford Road
Columbia, MD 21046

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **NEC Corporation of America** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NEC CORPORATION OF AMERICA ("NEC")

NEC CORPORATION OF AMERICA LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS

1.01 "CPU" means a central processing unit in the System or SubSystem.

1.02 "Computer Program" means any instruction or instructions in object-code format for controlling the operation of a CPU.

1.03 "Licensed Product" means:

a: The Computer Program furnished hereunder to the Ordering Activity (herein also referred to as "LICENSEE").

b: The Computer Program manuals, documentation and any other material for the licensed Computer Program.

c: (i) "PBX" as used herein shall mean hardware PRODUCTS. (ii) "PBX Applications" as used herein shall mean computer software which executes in conjunction with the PBX hardware PRODUCTS utilizing external interfaces and include the following applications.

- Global Navigator
- Unified Communications for Business (UCB)
- Unified Communications for Enterprise (UCE)
- UM Products (UM8700, UM4730, UM8500, UM8000)

d: (i) "ECP" as used herein shall mean UNIVERGE® SV7000, UNIVERGE® SV8500 and NEC Spherical® hardware PRODUCTS.

(ii) "Applications" as used herein shall mean PBX Applications as defined in Section 1.03 (c) above.

THE TERM "LICENSED PRODUCT" DOES NOT MEAN OR INCLUDE THE SOURCE CODE FORMAT FOR THE COMPUTER PROGRAM.

2. GRANT OF RIGHTS

2.01 Contractor hereby grants the LICENSEE, and the LICENSEE hereby accepts, a personal, non-transferable and non-exclusive right to use the Licensed Product on 1 CPU at a time, or a single system where multiple CPU's are provided in the configuration, solely for its internal business purposes. The LICENSEE understands that the Licensed Product furnished to the LICENSEE is furnished solely for use in conjunction with the related hardware Licensed PRODUCTS sold by Contractor to LICENSEE. The LICENSEE has no right to use the Licensed Product so furnished on any CPU other than that such CPU or for any purpose not specified herein.

2.02 LICENSEE and Contractor expressly acknowledge and agree that NEC and/or NEC's licensors retain ownership of and title to their respective portions of the License Product and no right, title or interest to the intellectual property in the Licensed Product is hereby transferred to the LICENSEE or Contractor, except as expressly granted herein.

2.03 The LICENSEE shall not transfer possession of the Licensed Product, nor any rights conferred herein to any third party, except to a third party who acquires title to the LICENSEE'S related hardware Licensed PRODUCTS, provided such transferee has executed and provided to NEC, a signed copy of this Attachment A and has tendered to NEC, the then-current license transfer fee.

2.04 LICENSEE hereby agrees that it shall not reverse compile, disassemble, alter, add to, delete from, or otherwise modify the Licensed Product, except to the extent that such modification capability is an intended feature of the Licensed Product.

3. LIMITED WARRANTY AND REMEDIES

3.01 a: For a period of 14 months from date of shipping to the LICENSEE'S site, Contractor warrants that the PBX and the UNIVERGE® SV8500 hardware will substantially conform to published performance specifications applicable as of the date of this

PROPRIETARY AND CONFIDENTIAL

Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

b: For a period of 120 days from date of shipping to LICENSEE's site, Contractor warrants that the UNIVERGE SV8500 software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

c: For a period of 90 days from date of shipping to the LICENSEE's site, Contractor warrants that the Applications software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

d: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the UNIVERGE® SV7000 hardware will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

e: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the NEC Spherical® PRODUCTS software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

f: For a period of 14 months from date of shipping to the LICENSEE'S site, Contractor warrants that the UNIVERGE® SV8500 hardware and the NEC Spherical® hardware will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

g: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the Unified Communications Enterprise (UCE), Unified Communications Business (UCB), CallCenterWorX and Global Navigator software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

h: For a period of 180 days from date of shipping to the LICENSEE's, Contractor warrants that the Unified Messaging (UM8700, UM4730, UM8500, UM8000) software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

3.02 Contractor's liability for any Licensed Product which is shown to be defective during its warranty period is limited to:

- a: replacing the Licensed Product or part thereof with a functionally equivalent Licensed Product or part,
- b: repairing the Licensed Product, or
- c: issuing credit for the depreciated value of the Licensed Product

The choice of which of the above warranty remedies to utilize concerning any particular Licensed Product shall be Contractor's.

3.03 In the event that any Licensed Product is shown to be defective during the warranty period, the LICENSEE, who purchased or leased such Licensed PRODUCTS, shall:

- a: notify Contractor promptly in writing of any claims,
- b: provide Contractor and/or NEC, with an opportunity to inspect and test the Licensed PRODUCTS claimed to be defective, and
- c: (if repair or replacement of the Licensed Product is selected) return the Licensed Product to Contractor or NEC, in accordance with instructions provided.

3.04 The above warranty excludes coverage for Licensed PRODUCTS which were installed, repaired or maintained by an unauthorized service provider or which were subjected to misuse, abuse, improper installation or application, improper maintenance or repair, alteration, accident or negligence in use, improper temperature, humidity or other environmental condition (including, but not limited to, lightning or water damage), storage, transportation or handling, unless caused by NEC or its authorized representative.

3.05 THE LICENSED PRODUCT WARRANTY CONTAINED IN THIS ATTACHMENT A IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (BUT NOT LIMITED TO) ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, INCLUDING BUT NOT LIMITED TO PREVENTION, DETECTION OR DETERRENCE OF TOLL FRAUD, COMPUTER VIRUSES OR OTHER UNAUTHORIZED OR IMPROPER USE OF THE SOFTWARE PRODUCTS.

4. TERMINATION

PROPRIETARY AND CONFIDENTIAL

4.01 Upon termination, the LICENSEE shall immediately discontinue the use of the Licensed Product and shall return all copies of the Licensed Product to Contractor.

5. REGISTRATION AND ACTIVATION

5.01 PRODUCT LICENSES delivered through the electronic licensing portals offered by NEC will be required to be registered and activated prior to the licenses being used or technical support being provided.

5.02 At the time of LICENSE registration, the Contractor is required to provide NEC with accurate LICENSEE contact information.

NetApp, Inc.

Sunnyvale, CA 94089

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **NetApp, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

PROPRIETARY AND CONFIDENTIAL

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NETAPP, INC.

NETAPP, INC. LICENSE, WARRANTY AND SUPPORT TERMS

END USER LICENSE AGREEMENT

This end user license agreement ("Agreement") is a contractual agreement between the GSA Customer ("You" or "Your") and NetApp ("NetApp"), and provides the terms under which NetApp licenses its i) software, including where relevant, backup and recovery, disaster recovery, storage efficiency and management software, operating systems, protocols, updates and upgrades ("Software"), and ii) technical documentation describing the Software ("Documentation") to You, whether supplied by NetApp, Your NetApp distributor, reseller or partner. Any support is provided under a separate agreement.

- 1. Acceptance.** You agree that this Agreement will exclusively govern NetApp's license and Your use of the Software and Documentation unless You have a separate applicable written agreement with NetApp which governs NetApp's license and Your use of the Software and Documentation.

If You are accepting this Agreement on behalf of an U.S. Government agency or instrumentality (whether as an employee, contractor, , agent or otherwise), You represent and warrant that You have full authority to bind it. If You do not agree to the above, do not download, install, copy, access, or use the Software and Documentation , and promptly return the Software and Documentation to the party from whom it was obtained.

- 2. License Grant.** Subject to the terms of this Agreement, NetApp grants to You a , non-exclusive, worldwide, limited and terminable license, without the right to sublicense, to i) install and use the Software (in object code form) for Your internal purposes, and ii) use the Documentation in support of Your use of the Software. The Software may either be licensed for use with i) a specific storage controller identified by a unique serial number ("Controller-based licenses"), or ii) independent of a storage controller ("Standalone licenses"). Software is licensed in accordance with one of the following license types:
- a) "Life-of-controller licenses": Controller-based licenses granted for the period of time during which Your controller is operable;
 - b) "Perpetual licenses": Standalone licenses granted in perpetuity;
 - c) "Term licenses": Controller-based licenses or Standalone licenses granted for a fixed period of time;
 - d) "Capacity licenses": Controller-based licenses or Standalone licenses granted for a specified amount of storage capacity or usage; and
 - e) "Subscription licenses": Term licenses or Capacity licenses which may be purchased on a periodic basis.

Certain license types may require the installation and use of AutoSupport™.

Each storage controller deployed in a cluster or a high-availability pair or group must have the same Controller-based licenses as the other storage controllers in that cluster, high-availability pair or group. Subject to NetApp's prior written agreement, and in the context of non-disruptive operations within a cluster, You may deploy storage controllers with different Controller-based licenses and failover from one storage controller to another for the time required to remedy a failure, provided that all storage controllers in the cluster have the same hardware and software support offerings in effect at all times.

Use of the Software outside of the scope of this Agreement constitutes a material breach and You agree to execute a new or modified GSA Customer Purchase Order and promptly pay to NetApp any additional license fees contained therein , calculated in accordance with NetApp's GSA SchedulePrice List.

- 3. License Restrictions.** Except as otherwise expressly licensed to You, You shall not, nor shall You allow any third party to:

PROPRIETARY AND CONFIDENTIAL

- a) reverse-engineer, decompile or disassemble the Software or otherwise reduce it to human-readable form except to the extent required for interoperability purposes under applicable federal law or as expressly permitted in open-source licenses;
- b) remove or conceal any product identification, copyright, proprietary, patent or other notices in the Software and Documentation;
- c) assign or otherwise transfer, in whole or in part, the Software and Documentation licenses to another party or Controller-based licenses to a different storage controller;
- d) use the Software and Documentation to perform services for third parties in a service bureau, managed services, commercial hosting services or similar environment;
- e) modify, adapt or create a derivative work of the Software and Documentation; and
- f) publish or provide any Software benchmark or comparison test results.

4. Intellectual Property Rights And Protection. The Software and Documentation is licensed, not sold, to You. It is protected by intellectual property laws and treaties worldwide, and contains trade secrets, in which NetApp and its licensors reserve and retain all rights not expressly granted to You. No right, title or interest to any trademark, service mark, logo or trade name, of NetApp or its licensors is granted to You.

NetApp will defend You against claims brought by a third party alleging that the Software infringes any patent, trademark or copyright ("IP Claim") and indemnify You for a settlement amount or the judgment amount finally awarded for such IP Claim (collectively, "Damages") provided that You have:

- a) promptly notified NetApp in writing of the IP Claim;
- b) provided information and assistance to NetApp.

The GSA Customer affords NetApp the opportunity to intervene in any litigation, at its own expense, through counsel of its choosing. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

NetApp has no liability for claims that arise from:

- a) unauthorized modification or use of the Software by You or a third party;
- b) combination, operation, or use of the Software with any products not provided by NetApp;
- c) services offered by You or revenues earned by You for such services;
- d) NetApp's compliance with or use of designs, specifications, instructions or technical information provided by You or a third party on Your behalf; or
- e) Your failure to install an upgrade, new version, change or modification made available or requested by NetApp.

NetApp may, at its discretion:

- a) substitute the Software with a functional equivalent in all material respects;
- b) modify the Software so long as it remains a functional equivalent in all material respects;
- c) work with the Government to obtain for You, at NetApp's expense, the right to continue use of the Software; or
- d) take back such Software and refund to You the purchase price paid for it, less depreciation As provided for in U.S. Department of Treasury regulations.

NetApp's cumulative aggregate liability arising under this section 4 will not exceed USD\$500,000. To the extent permitted by applicable federal laws, this section 4 sets out Your exclusive remedies for any IP Claim. Nothing contained in the this Section 4 shall be

|
 construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to 28 U.S.C. § 516.

5. Direct Warranty. NetApp warrants to You that for a period of ninety (90) days from the date of first delivery of the Software to You, or such other minimum periods under applicable federal laws, (the "Software Warranty Period"), for the initially-shipped version of such Software, that i) the Software will materially conform to the then-current Documentation in effect on the date of Software delivery, and ii) the media containing the Software will be free from physical defects. NetApp does not warrant that Your use of the Software will be error-free or uninterrupted. In the event of any material defect in the Software during the Software Warranty Period, NetApp will, at its sole discretion and expense, repair or replace the Software, or refund the purchase price paid by You for the non-conforming Software. This warranty covers only material defects in the Software that are reproducible and verifiable and does not cover software, other items, or any services provided by persons other than NetApp or a NetApp distributor, reseller or partner. The Software warranty will be void if You or any third parties misuse, neglect, improperly install or test, attempt to repair or modify (except as authorized by NetApp in writing), or use the Software beyond the range of the intended use. TO THE EXTENT PERMITTED BY APPLICABLE FEDERAL LAWS, THE FOREGOING WARRANTIES AND REMEDIES ARE EXCLUSIVE AND NO OTHER WARRANTY OR REMEDY, WHETHER WRITTEN OR ORAL, IS EXPRESSED OR IMPLIED. NETAPP SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY, ACCEPTABLE QUALITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

- 6. Limitation of Liability.** Except for claims arising under section 4 above, and regardless of the basis of the claim (e.g. contract, tort or statute), the total liability of NetApp and its licensors, under or in connection with this Agreement, shall not exceed the amount actually received by NetApp for the Software or the minimum amounts permitted by applicable laws. NetApp and its licensors are not liable for:
- a) any indirect, incidental, exemplary, special or consequential damages;
 - b) loss or corruption of data;
 - c) loss of revenues, profits, goodwill or anticipated savings;
 - d) procurement of substitute goods and/or services; or
 - e) interruption to business; even if it has been advised of the possibility of such claims or damages.

The foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by NetApp's negligence; (2) for fraud; (3) for express remedies under law or the contract; or (4) for any other matter for which liability cannot be excluded by law.

- 7. Audit.** You grant NetApp and its independent accountants the right to examine Your Software usage once annually during regular business hours upon reasonable notice to verify compliance with this Agreement. If the audit discloses material non-compliance, Subject to Government security requirements. NetApp will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement. Following any non-compliance, you may be subjected to more frequent audits.

- 8. Termination.** This Agreement is effective until terminated. Termination shall be governed by applicable Federal Acquisition Regulations, the underlying GSA schedule contract and/or the terms of any applicable GSA Customer Purchase Order. When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, the Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon termination of this Agreement, all rights to use the Software and Documentation cease and You shall, at NetApp's request, promptly return or destroy all copies of the Software and Documentation, including any license enablement keys, in Your possession or under Your control. Sections 1, 3, 4, 5, 6, 8, 10, 11, 12, 13, 14 and 15 shall survive termination of this Agreement.

9. RESERVED

- 10. U.S. Government Regulations.** Software and Documentation license rights granted to governments and other public sector entities include the rights stated herein and customarily provided to commercial end-user customers. In particular, NetApp provides the licenses for Software and Documentation in this Agreement to the U.S. federal government pursuant to FAR 12.211 (Technical Data) and 12.212 (Computer Software), FAR 52.227-14 "Rights in Data" (Dec. 2007) and for the Department of Defense pursuant to DFARS 252.227-7015 (Technical Data – Commercial Items) and DFARS 227.7202-3 (Rights in Commercial Computer Software or Computer Software Documentation).

Some Software components have been designed to enable compliance with 'non-rewriteable and non-erasable' US government regulations. When enabled, they i) will preserve data in a non-rewriteable and non-erasable format, ii) may disable other Software restoration functionality, and iii) could limit support and recovery procedures, if relevant. You will ensure that Your internal processes and systems, including but not limited to the use of the Software, comply with all applicable "non-rewriteable and non-erasable" US government regulations. NetApp fully disclaims any associated liability.

- 11. Export Control Laws And Regulations.** The Software and Documentation is subject to applicable export control laws and regulations of the United States and You agree to comply with them. You represent and warrant that You:
- a) will not, directly or indirectly, export or re-export the Software and Documentation to, or use the Software and Documentation in, countries subject to U.S. embargoes or trade sanctions programs, unless authorized by U.S. export licenses or other government authorizations;
 - b) will comply with any updates and revisions that the U.S. Government makes to the sanctions, embargoes and the countries specified in section 11(a) above;
 - c) are not a party, nor will you export or re-export to a party, identified on any government export exclusion lists, including but not limited to the U.S. Denied Persons, Entity, and Specially Designated Nationals Lists; and
 - d) will not use the Software and Documentation for any purposes prohibited by United States law, including but without limitation, the development, design, manufacture or production of nuclear, missile, chemical, biological weaponry or other weapons of mass destruction.
- 12. Data Privacy.** You have sole responsibility for personal data managed or stored using the Software and agree to comply with all applicable data privacy laws.
- 13. Financed Software.** This Agreement also applies to "Financed Software," which means Software and Documentation licensed to You for a limited period of use pursuant to the terms of a financing agreement between You and NetApp or its authorized third party financing partner (an "Approved Financing Agreement"), subject to the following:

PROPRIETARY AND CONFIDENTIAL

- a) The particular Financed Software, period of use, installation site and other transaction-specific conditions shall be as agreed in the applicable Approved Financing Agreement; and
- b) Notwithstanding any contrary terms in this Agreement, all licenses for Financed Software terminate at the expiration of the term of the Approved Financing Agreement or when sooner terminated by NetApp (whether in accordance with this Agreement or the Approved Financing Agreement).

You agree that the license granted under section 2 above and NetApp's termination rights under section 8 above may be affected by an authorized third party financing partner's rights under the applicable Approved Financing Agreement, even if such partner has paid to NetApp all or any portion of the license fees for the Financed Software.

- 14. Evaluation Software.** Subject to the terms of this Agreement, as amended by this section 14, NetApp may grant to You evaluation licenses for the Software and Documentation at no cost for a ninety (90) days period from the initial delivery of the Software to You, Your NetApp distributor, reseller or partner, whichever is the earlier, or such other period as agreed by NetApp in writing. Such licenses may only be used in a non-production environment to assess the suitability of the Software and Documentation for Your needs. Notwithstanding section 5 above, the evaluation Software and Documentation is licensed to You on an "AS IS" basis and all warranties, whether express, implied, statutory or otherwise are excluded to the maximum extent permitted by applicable federal law..
- 15. General.** This Agreement shall be construed pursuant to the laws of the United States of America notwithstanding any conflict of law provisions. The GSA Customer affords NetApp the opportunity to intervene in any litigation that arises from Your use of the Software and Documentation, at its own expense, through counsel of its choosing. Nothing contained in the this Section 15 shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to 28 USC 516. NetApp does not waive any of its rights under this Agreement by failing to or delaying the exercise of its rights or partially exercising its rights at any time. To the extent that any provision of this Agreement is determined to be invalid or unenforceable, the remainder of this Agreement shall remain in full force and effect. This Agreement may not be changed except by an amendment accepted by an authorized representative of each party. In the event of a dispute between the English and non-English versions of this Agreement (where translated for local requirements), the English version of this Agreement shall govern. This Agreement, the underlying GSA Schedule Contract, the Schedule Price List and any applicable GSA Customer Purchase Orders represent the entire agreement and understanding between NetApp and You with respect to the Software and Documentation and supersede any previous communications, representations or agreements between NetApp and You. This Agreement, however shall not take precedence over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order which is signed by both parties.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **NetScout Systems, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NETSCOUT SYSTEMS, INC.

NETSCOUT SYSTEMS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

Definitions

"APIs" mean the software application interfaces and workflow methods made generally available by Contractor through NetScout in certain Products to enable integration, implementation, and interoperability with third party hardware and software.

"Documentation" means any installation guides, reference guides, operation manuals and release notes provided with the Product in printed, electronic, or online form.

"Enterprise" means an entity that has been assigned a Maintenance account number. In the event an entity has multiple Maintenance account numbers, each Maintenance account is a separate Enterprise and requires a separate Enterprise License.

"Enterprise License" means the Software identified in the Quotation as an Enterprise License.

"Evaluation Product" shall have the meaning set forth below in Section 8.

"Hardware" means hardware products generally available on the schedule price list.

"Maintenance" means technical support services for the Products that Contractor through NetScout makes available upon purchase in accordance with the support services terms described herein.

"Managed Services" means your use of Products to perform network management and monitoring services for Service Provider Customers. Title to the Hardware and licenses to Software remain with you and are not resold to Service Provider Customers.

"Outsourcer" means a third party facility manager or outsourcer who has entered into a then-current services agreement with you in which you may permit access to and operation of the Products at your authorized data center and access to Maintenance for Outsourcer solely to perform Outsourcing Services.

"Outsourcing Services" means network management and monitoring services performed by Outsourcer strictly for you and as described in Section 6.

"Pre-Released Products" shall have the meaning set forth below in Section 8.

"Product" means Software and Hardware provided by Contractor through NetScout.

"Quotation" means the document under which Contractor offers for sale and license its Products, Maintenance, and associated services.

"Service Provider" means Ordering Activity when acting in the capacity of providing Managed Services to Service Provider Customers.

"Service Provider Customer" means a third party, who has an agreement with You for Managed Services, provided that such Managed Services would not be a violation of United States ("U.S.") export restrictions.

"Software" means NetScout proprietary programs in object code and the firmware contained on the Hardware. The term Software does not include APIs.

"Software Development Kit" or "SDK" means the NetScout API, together with applicable documentation, any sample code, and any sample applications provided with the API.

"Unsupported Products" shall have the meaning set forth below in Section 8.

"Updates" means maintenance releases, enhancements, corrections, bug fixes, and modifications made to the Software that are provided to Ordering Activities generally as part of Maintenance pursuant to a valid Maintenance contract.

"You" or "Your" means Ordering Activity.

1. License Grant. Subject to payment of the applicable license fee and the terms set forth in this Attachment A, Contractor grants You a limited, non-exclusive, non-transferable license to use the Software and the Documentation for Your own internal business purposes. Such usage is limited to the number of licenses for which You paid the applicable license fee and is subject to the limitations set forth in the Documentation. You may make a copy of the Software for archival or backup purposes only ("Copy"). The Copy may not be used to implement fault tolerant, redundant, or contingency environments (collectively "Redundant Environments").

If You are purchasing an Enterprise License, the foregoing license grant is hereby extended to allow You to install, copy, and use an Enterprise License throughout your Enterprise for Your internal use only, subject to the terms and limitations set forth in this Attachment A and the Documentation.

2. License Restrictions.

(a) Without limiting this Attachment A, Contractor retains all right, title, and interest in and to the Software, including without limitation the Enterprise License, and all Updates, Documentation, and Copies, and all patents, copyrights, trade secrets, trademarks, and other intellectual property rights therein. Contractor retains all rights to the intellectual property associated with the Hardware except as expressly granted in this Attachment A, and the above Software restrictions will apply to Hardware to the extent applicable. The Software, Documentation, and Copies are protected under copyright laws, and any permitted Copies must include all copyright, government-restricted rights, and other proprietary notices or legends included on the Software when it was shipped or first provided to You.

Without limiting the generality of the foregoing, You, Your employees, and Your consultants will not and will not authorize or permit any third party to:

- i. copy or reproduce any part of the Software or Documentation, except as permitted above;
- ii. transfer the Software without Contractor's prior written authorization. Transfers will only be permitted for products with no more than minimal differences in price, features and functionality and provided that the transfer does not increase the number of licensed copies;
- iii. sell, market, distribute, sublicense, lease, provide timeshares, rent, or grant other rights in the Software to others or permit third parties to access the Software, without the written consent of Contractor; or
- iv. modify, develop, port, translate, localize, reverse engineer, de-compile, disassemble, or create derivative works based on the Software, except to the extent expressly permitted by applicable law and solely to extent the parties shall not be permitted by that applicable law to exclude or limit such rights.

(b) In the event You are purchasing an Enterprise License and if You use the Enterprise License Software on or with hardware that does not meet the technical specifications set forth in the Documentation, then: (i) Contractor will not warrant the performance or results obtained by using the Enterprise License Software and Contractor disclaims all liability with respect to the foregoing, (ii) You assume the risk as to the results and performance of the Enterprise License Software, and (iii) Your rights and Contractor's obligations with respect to Maintenance, warranty, and indemnification for the Enterprise License Software are waived. The Enterprise License is strictly limited to the NetScout Software identified in a Quotation as an Enterprise License and does not apply to any other NetScout Software. An Enterprise License may not be deployed for government entities, for which the scope of the license must be separately determined in each case.

(c) For Service Providers, the Software License may be used for Service Provider's internal business purposes only, including for monitoring and managing Service Provider's own networks and to perform Managed Services for Service Provider Customers. Separate Enterprise Licenses must be purchased for deployment and use for each end user customer of such Service Provider. Service Provider will maintain MasterCare Maintenance for Products associated with the Managed Services on behalf of its Service Provider Customers and, if Service Provider has signed a Partner Enabled Support addendum, will provide directly to Service Provider Customer technical telephone support, Updates identified for such Service Provider Customer and received under a valid Maintenance contract, return material authorization, Maintenance, and shipping and telephone logistical support. Service Provider will provide the name and address of the Service Provider Customer for whom Service Provider is purchasing Hardware or licenses to Software for Managed Services.

Service Provider will not replace or make repairs or modifications to (collectively "Repairs") the Hardware or any of its components. Transfers of Products from an identified location to a different location will require Contractor's prior written consent, and Service Provider will notify Contractor of the name and new address the Service Provider Customer associated with such transfer.

3. License Term. The license is effective until terminated. You may terminate the license at any time by destroying the Software, Documentation, and Copies, and providing written certification to Contractor that all of the foregoing have been destroyed.

4. Limited Warranty. Contractor warrants that the media on which the Software is recorded will be free from defects in materials and workmanship under normal use and service for a period of 90 days from the original date of shipment of the Software ("Media Warranty Period"). Contractor warrants that the Software for a period of 90 days ("Software Warranty Period") and the Hardware for a period of 12 months ("Hardware Warranty Period"), in either case from its original date of shipment or when first made available to You for download, will substantially conform to the Documentation. If, during (a) the Media Warranty Period, a defect in the media occurs and is reported to Contractor, the media may be returned to Contractor, and Contractor will replace the media without charge to You, or (b) the Software Warranty Period or Hardware Warranty Period, a failure of the Software or Hardware to conform as warranted occurs and is reported to Contractor, Contractor, at its option, will use commercially reasonable efforts to repair or replace the non-conforming Software or Hardware.

The foregoing warranties will apply provided You give Contractor prompt written notice of the material defect or nonconformity within the warranty period specified above and return the defective media or non-conforming Software or Hardware to Contractor in accordance with Contractor's return process.

5. Warranty Limit. The warranty set forth in Section 4 does not apply to any failure of the Software or Hardware caused by (a) Your failure to follow NetScout's installation, operation, or maintenance instructions, procedures, or Documentation; (b) Your mishandling, misuse, negligence, or improper installation, de-installation, storage, servicing, or operation of the Product; (c) unauthorized modifications or repairs; (d) use of the Products in combination with equipment or software not supplied by Contractor or authorized in the Product Documentation; and (e) power failures or surges, fire, flood, accident, actions of third parties, or other events outside Contractor's reasonable control. Contractor cannot and does not warrant the performance or results that may be obtained by using the Products, nor does Contractor warrant that Products are appropriate for Your purposes or error-free.

EXCEPT AS OTHERWISE PROVIDED IN SECTION 4, THE WARRANTY SET FORTH IN SECTION 4 IS YOUR REMEDY AND CONTRACTOR'S LIABILITY FOR DEFECTIVE MEDIA OR NONCONFORMING PRODUCTS AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT.

6. Outsourcing. Outsourcer may perform Outsourcing Services, provided that (a) Outsourcer accesses such Products and Maintenance to process Your data solely for Your internal business purposes and does not use such Products and Maintenance to perform any services for customers other than You, (b) Outsourcer uses the Products and Maintenance in accordance with the terms of this Attachment A, and (c) You provide written notification to Contractor of the proposed transaction and identification of the proposed Outsourcer and the affected Products and Maintenance. In any event, You will remain responsible for all payment and other obligations hereunder, which will remain in full force.

If You want to relocate any Products from Your own site(s) to the data processing facility of Outsourcer, the installation and operation of the Products will be strictly limited by You and Outsourcer to computer processors exclusively dedicated for access, use and benefit solely for You and as to which access, use or benefit for any other person or entity is precluded. You acknowledge and agree that the Software cannot, at any time, be (a) simultaneously operating on more than a single computer, unless otherwise indicated in Section 1, or (b) copied to implement a Redundant Environment without collective payment of the applicable GSA fee.

7. U.S. Government Restricted Rights. All NetScout Software, including the Documentation and technical data, sold or delivered pursuant to this Attachment A for Government use are commercial as defined in Federal Acquisition Regulation ("FAR") 2.101 and any supplement and further is provided with RESTRICTED RIGHTS. All Software was fully developed at private expense. Use, duplication, release, modification, transfer, or disclosure (for purposes of this section, "Use") of the Software is restricted by the terms of this Attachment A and further restricted in accordance with FAR 52.227-14 for civilian Government agency purposes and 252.227-7015 of the Defense Federal Acquisition Regulations Supplement ("DFARS") for military Government agency purposes, or the similar acquisition regulations of other applicable Government organizations, as applicable and amended. The Use of the Product is restricted by the terms of this Attachment A, in accordance with DFARS Section 227.7202 and FAR Section 12.212. All other Use is prohibited except as described herein.

8. Additional Terms and Limitations for Unsupported Products.

(a) Evaluation Products. Prior to You making a decision to purchase Products, Contractor through NetScout may distribute Product for testing, evaluation, or demonstration purposes ("Evaluation Product"). Subject to the terms of this Attachment A, if NetScout provides You with an Evaluation Product, then NetScout grants You a temporary, revocable, non-exclusive, non-transferable license to use the Evaluation Product set forth in the applicable NetScout Evaluation Request Form and the Documentation solely for testing, evaluation, or demonstration purposes ("Purpose"). Evaluation Product that is Software contains a license key that disables the Software after 30 days, or other term as agreed to by the parties, and which will render the Evaluation Product unusable. If, after using the Evaluation Product, you wish to continue such use, you must purchase the Product.

(b) Pre-Released Product. Subject to the terms of this Attachment A, if the product You have received with this license is not yet commercially available ("Pre-Released Product"), then Contractor grants you a temporary, revocable, nonexclusive, non-transferable license to use the Pre-Released Product as provided to You by Contractor and the associated Documentation, if any, solely for testing purposes at the direction of Contractor. Additionally, You acknowledge that (i) Contractor has not promised or guaranteed to You that the Pre-Released Product will be announced or made available to anyone in the future; (ii) Contractor has no express or implied obligation to You to announce or introduce the Pre-Released Product; and (iii) You understand that Contractor may not introduce a

PROPRIETARY AND CONFIDENTIAL

product similar to or compatible with the Pre-Released Product. Accordingly, You acknowledge that any use of the Pre-Released Product or any product associated with the Pre-Released Product is done entirely at Your own risk. During the term of this Attachment A, if requested by Contractor, You will provide feedback to Contractor regarding use of the Pre-Released Product, including error or bug reports. If You have been provided the Pre-Released Product pursuant to a separate written agreement, Your use of the Pre-Released Product is also governed by such agreement. Upon receipt of a later, unreleased version of the Pre-Released Product or release by Contractor of a publicly released commercial version of the Pre-Released Product, whether as a stand-alone product or as part of a larger product, You agree to return or destroy all copies of earlier Pre-Released Product received from Contractor and to abide by the terms of this Attachment A for any such later versions of the Pre-Released Product.

(c) APIs. Contractor through NetScout may make APIs generally available. You may use the SDK to design, develop, and test software programs; make a single copy of the SDK for back-up purposes only; copy the runtime components of the SDK ("Runtime Component") into software code created through your use of the SDK; and reproduce and distribute such Runtime Component solely as a component of Your software code. You may not use the SDK to develop a product or service that competes with products or services offered by NetScout, or incorporate the Runtime Component in a product that competes with the products offered by NetScout.

(d) Unsupported Products. If the product You have received with this license is or includes (i) Evaluation Products, (ii) Pre-Released Products, or (iii) SDKs (collectively "Unsupported Products"), then You acknowledge and agree that You will take all precautions and safeguards necessary to protect Your data and systems from loss or damage. Additionally, to the extent that any provision in this section is in conflict with any other term or condition in this Attachment A, this section shall supersede such other term(s) and condition(s) with respect to the Unsupported Products, but only to the extent necessary to resolve the conflict. Furthermore, You acknowledge that the Unsupported Products may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, Unsupported Products are provided to You "AS-IS" and Contractor disclaims any warranty obligations to You of any kind. Maintenance is not available for the Unsupported Products. Contractor through NetScout may change, suspend, or discontinue any aspect of the Unsupported Products at any time, including the availability of any Unsupported Product, and impose limits on certain features and services or restrict Your access to parts or all of Pre- Released and SDK Products. Your Use of the Evaluation or Pre-Release Product is limited to 30 days unless otherwise agreed to in writing by Contractor. The restrictions in Section 2 herein, apply to Your use of Unsupported Products.

(e) Contractor's ownership rights in Section 2 apply to Unsupported Products, including any output such as the Runtime Component, but do not include any original software code you may develop. The inclusion of the Runtime Components in Your original code created through your use of the SDK in no way alters Contractor's ownership rights in the Runtime Component. Contractor may develop software programs substantially similar or identical to those developed by You through Your use of the SDK and reserves the right to sell and distribute those software programs.

9. Product Returns. Prior to returning Evaluation Products or Pre-released Products to Contractor through NetScout, You must remove any (i) confidential, proprietary, or personal information, including without limitation, personal health information or personally identifiable information (as such is defined under applicable local law, regulation or directive, including without limitation, in the U.S., the Gramm-Leach- Bliley Act, and Health Insurance Portability and Accountability Act, HITECH Act), and (ii) removable media such as floppy disks, CDs, or PC Cards. In addition, You are responsible for backing up Your data on the Evaluation Products or Pre- Released Products. NetScout is not responsible for any of your confidential, proprietary, or personal information or removal thereof; lost or corrupted data; or damaged or lost removable media.

EXHIBIT A – MAINTENANCE AND SUPPORT SERVICES

1. **Maintenance Descriptions.** Contractor through NetScout offers the following Maintenance support services. Remote access to NetScout Products and systems, networks, and equipment may be necessary to perform Maintenance services. "Normal Business Hours" are Monday through Friday, 8:00 a.m. – 8:00 p.m. EST for North America and 8:00 a.m. – 5:00 p.m. local time for all other regions. Unless otherwise agreed to in writing by NetScout, Product is eligible for Maintenance support services provided such Product remains in the location to which such Product was originally shipped, and with respect to Hardware, provided such Hardware is within the Hardware Coverage Period.

A. **MasterCare Support.** Subject to the terms herein, MasterCare Support services includes: 24x7 access to technical support engineers; one hour priority response on severity 1 technical support calls; maintenance releases, enhancements, corrections, bug fixes, and modifications made to the Software that are provided to Ordering Activities generally as part of Maintenance pursuant to a valid maintenance contract (collectively referred to as "Updates") for covered Products; access to electronic incident submission and technical documentation such as user guides, frequently asked questions, and release notes; advanced replacement or onsite repair of Hardware during the Coverage Period; 24x7 access to self-help on the MasterCare portal for technical answers; knowledge transfer through NetScout's online learning center; electronic MasterCare newsletter; discount on unlimited registrations to NetScout's user forum conference; and registered access to the MasterCare portal. Live technical telephone support is provided 24x7 for severity 1 issues received by telephone and non-severity 1 issues received by telephone during Normal Business Hours. All non-severity 1 issues received by telephone message, email or web outside of Normal Business Hours will be returned next business day. NetScout's service level guidelines are located at http://www.netscout.com/library/Support/NetScout_mc_Mastercare_Support.pdf.

B. **Gold Support.** Subject to the terms herein and for existing Ordering Activities who wish to renew previously purchased legacy Gold Support services, Gold Support services include: live telephone technical support during Normal Business Hours; Updates for covered Products; 72-hour return repair or onsite repair of Hardware, depending on the Product family; 24x7 access to self-help on the MasterCare portal for technical answers; knowledge transfer through NetScout's online learning center; electronic MasterCare

PROPRIETARY AND CONFIDENTIAL

newsletter; and registered access to the MasterCare portal. 72-hour return repair on Hardware means the time from which the Hardware is received at Contractor through NetScout to the time the repairs are completed. It does not include the shipping time back to the Ordering Activity. 72-hour return repair on Hardware is on a per Hardware unit basis. If multiple Hardware units are returned for repair, additional time may be required.

C. **Supplemental Maintenance Offerings.** Ordering Activities purchasing MasterCare Support may also purchase one of the following Supplemental Maintenance Offerings. If an engineer or technical account manager is not available due to a holiday, paid time off, or training, a Contractor through NetScout remote back-up support engineer or technical account manager will provide remote back-up coverage during that time and to the extent practicable.

➤ **OnSite Engineer Services.** Onsite Engineer Services ("OSE Services") are provided by a Contractor through NetScout technical support engineer located at customer's designated site and may include any one or more of the following, as agreed to by the parties: local assistance with day-to-day administration of customer's network performance management environment, including: (i) installation of operating system and Software upgrades; (ii) Hardware maintenance, Software patches, and service pack installation, and (iii) oversight of monitored element changes; backup maintenance such as regular configuration, password and community string backups, and offsite storage of the data required during disaster recovery efforts; customization assistance for designing new reports and workspaces, discovering and configuring complex, custom or unknown applications, and integrating third-party tools; implementation assistance for installing and configuring new NetScout Products; beta testing new NetScout Products and features when requested; and resolving support issues, and escalating service needs. The OSE Services will be performed 40 hours a week from 9:00 a.m. to 5:00 p.m. local time, Monday through Friday, excluding Ordering Activity holidays and paid time off, provided the number of Ordering Activity holidays is at least equal to the number of holidays NetScout provides to its employees in the applicable territory. For a maximum period of two weeks during the initial term and renewal terms, the onsite engineer will not be at Ordering Activity's designated site performing the OSE Services due to training at NetScout's corporate headquarters.

➤ **Remote Site Engineer Services.** Remote Site Engineer Services ("RSE Services") is an annual service available to Ordering Activities, provided by a Contractor through NetScout shared remote technical support engineer located at a NetScout facility, and may include any one or more of the following, as agreed to by the parties: daily health and stability check on both devices and data; remote assistance with day-to-day administration of customer's NetScout performance management environment, including operating system and Software upgrades, Hardware maintenance, Software patches and service pack installation, and oversight of monitored element changes; backup maintenance, such as regular configuration, password and community string backups, and off-site storage of the data required during disaster recovery efforts; customization assistance for designing new reports, defining targeted workspaces, discovering and configuring complex, custom and unknown applications, and integrating third-party tools; implementation assistance installing and configuring new NetScout Products; facilitation of beta testing of new Products and features when requested; and annual onsite technical review visit to assist with planning, migration, implementation and resolution of outstanding support issues. The RSE Services will be performed 20 hours per week, Monday through Friday, between the hours of 9:00 a.m. and 5:00 p.m. local time in Westford, Massachusetts, and excluding NetScout holidays and paid time off.

➤ **Technical Account Manager Services.** Technical Account Manager Services ("TAM Services") are provided by a Contractor through NetScout shared remote technical account manager located at a NetScout facility as the point of contact for all technical issues regarding NetScout Products and includes the following: 24x7 remote assistance; support for five Ordering Activity contacts; escalation of technical service requests as required; ownership of all client Ordering Activity care issues; acting as a direct liaison to NetScout engineers, quality assurance and other technical support experts; communication and knowledge transfer on product introductions, updates, new features, filters, and patches; provide a conduit for networking and sharing best practices; managing weekly status calls to discuss open issues, upcoming rollouts, or other projects affecting Ordering Activity's NetScout environment; providing monthly NetScout server "health checks" to ensure products are stable and running efficiently; unlimited free registration for NetScout User Forum events.

2. **Term and Renewal.** Unless otherwise agreed to by the parties in writing, the initial term for (i) MasterCare Support will be 12 months commencing on the date specified in Contractor's quote, (ii) OSE Services will be 12 months commencing on the date the engineer arrives at Ordering Activity's designated site, and (iii) RSE and TAM Services will be 12 months commencing on the date that the account becomes active, or as agreed to by the parties. MasterCare or Gold Support may be renewed for up to two years after discontinuation of sale of the applicable Product.

3. **Continuing Availability.** If Contractor through NetScout discontinues a Product, NetScout will continue to make MasterCare or Gold Support available for no less than two years from the date of discontinuation of sale. For Software, such MasterCare or Gold Support will include bug fixes and telephone technical support for the then-current Software release and immediately preceding release.

4. **Substitutions; Software Updates.** Contractor through NetScout reserves the right to substitute functionally compatible products not affecting network configurations. Updates include all bug fixes and enhancements which become elements of the standard Product.

5. **Warranty.** Contractor warrants that Maintenance support services will be performed in a good and workmanlike manner. Ordering Activity's remedy for breach of this warranty will be for Contractor to re-perform the Maintenance support services at no expense to Ordering Activity. NetScout Products are warranted in accordance with these Attachment A terms. EXCEPT FOR THE FOREGOING WARRANTY, CONTRACTOR MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, RELATED TO MAINTENANCE. CONTRACTOR EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE IN CONNECTION WITH MAINTENANCE.

PROPRIETARY AND CONFIDENTIAL

6. **Limitations and Exclusions.** Contractor through NetScout is not obligated to provide Updates containing additional features and enhancements other than defect corrections, or to provide MasterCare or Gold Support on Software beyond one release back from the current version. NetScout is not liable for delays caused by third parties. Geographical restrictions or limitations may apply to the Maintenance support services described herein and such services may not be available in all areas. If Ordering Activity has a party other than NetScout make repairs to the Products, such acts will void any warranty related to the Products. NetScout is not obligated to provide Maintenance support services with respect to claims resulting from the fault or negligence of Ordering Activity or a third party; improper or unauthorized use of the Products; repair of Products by a party other than NetScout or its authorized contractor; a force majeure event and any causes external to the Product such as power failure or electric power surge; modification to factory default configurations; or use of the Products in combination with equipment or software not supplied by NetScout or recommended in the Product documentation. Functional upgrades such as faster processors, increased memory / flash, etc. are not covered under MasterCare or Gold Support and are separately chargeable at the then-current GSA price.

7. **Repairs.** A Return Material Authorization ("RMA") number must be obtained prior to the return of defective Products for repair or replacement. If Contractor through NetScout receives Products without a valid or correct RMA number identified on the outside of the packaging of such Products, NetScout will have no obligation to provide MasterCare or Gold Support with respect to such Products. Prior to returning defective Products to NetScout for repair or replacement, Ordering Activity must remove any confidential, proprietary, or personal information, including without limitation, personal health information or personally identifiable information, as such is defined under applicable local law, regulation or directive, including without limitation, in the United States, the Gramm-Leach-Bliley Act, Health Insurance Portability and Accountability Act, and HITECH Act. In addition, Ordering Activity is responsible for backing up Ordering Activity's data on the hard drive(s) and any other storage device(s) in the hardware. NetScout is not responsible for any of Ordering Activity's confidential, proprietary, or personal information or removal thereof; lost or corrupted data; or damaged or lost removable media.

8. **Ordering Activity Obligations.**

A. **Access to Products.** Ordering Activity will grant the Contractor through NetScout engineer reasonable access to NetScout Products and any related systems, networks or equipment reasonably necessary to enable the engineer to perform MasterCare or Gold Support. Additionally during any OSE Services term, Ordering Activity will (i) make available to the engineer a dedicated office space, telephone, and telephone line in a location that is within a reasonable proximity of the Products ("Office Area"), and (ii) designate an employee of Ordering Activity to act as a central point of contact for the engineer to coordinate the performance of OSE Services.

B. **MasterCare Support Coverage for Products.** OSE, RSE and TAM Services are an extension of MasterCare Support, therefore, Ordering Activity must purchase and continuously maintain throughout the OSE, RSE or TAM Services term MasterCare Support coverage on all NetScout Products it has provisioned from Contractor through NetScout. Contractor will not be obligated to provide OSE, RSE or TAM Services if customer does not fulfill its payment obligations, or procure and continuously maintain MasterCare Support coverage on all NetScout Products owned or in the possession of Ordering Activity.

New Net Technologies, LLC
9128 Strada Place
Naples, FL 34108

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached New Net Technologies, LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
- 12. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Northrop Grumman Systems Corporation**, acting through Systems Modernization and Services Division ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

PROPRIETARY AND CONFIDENTIAL

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NORTHROP GRUMMAN SYSTEMS CORPORATION

NORTHROP GRUMMAN LICENSE, WARRANTY AND SUPPORT TERMS

This License Agreement ("Agreement") is made and entered into and effective as of the last signature below (the "Effective Date") by and between Northrop Grumman Systems Corporation, a corporation incorporated under the laws of the State of Delaware, United States of America, by and through its Information Systems Sector, Civil Division with offices at _____(hereinafter referred to as "Licensor") and the United States of America ("Government"), acting through _____, with offices at _____(hereinafter referred to as "Licensee") either or both of which may be referred to as "Party" or "Parties".

1. Commercial Items. The software and documentation provided hereunder are "Commercial Items" as defined by Federal Acquisition Regulation ("FAR") 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation" as defined in FAR 12.212. No other regulation or data rights clause applies to the delivery of this software and documentation to the Government. Accordingly, the terms and conditions of this License govern the Government's use and disclosure of the Software, and supersede any conflicting terms and conditions of any contract pursuant to which the software and documentation is delivered to the Government.

2. Grant of License. Licensor hereby grants to Licensee for the term identified in Schedule A, non-exclusive, non-transferable and personal, irrevocable, indivisible right and license to use the licensed subject matter (software and documentation) specified in Schedule A in accordance with the terms and conditions of this Agreement. Licensee shall use the licensed subject matter solely as installed in sites listed in Schedule A on the number of workstations for which Licensee has paid a license fee. Licensee shall not decompile, disassemble, or otherwise reverse engineer the licensed software. The right to revise, modify or enhance the licensed software is expressly prohibited. All terms and conditions of this Agreement are material terms of the license granted by this Agreement.

2. Permitted Use. The Permitted Use is set forth in Schedule A and has the meaning set forth below.

Named Users: The number of users is limited to those for whom Licensee has paid a license fee in accordance with Schedule A. For purposes of this Agreement, a "Named User" is a person who has usage rights to the software. Named users who directly or indirectly use the Software must be counted towards the number of named users for whom Licensee has paid a license fee. Further, each person accessing the software's functionality is a user of the software, whether or not using software components to access the software's functionality, and must be counted towards the number of authorized named users.

Concurrent Users: The number of users is limited to those for whom Licensee has paid a license fee in accordance with Schedule A. For purposes of this Agreement, a "Concurrent User" is any person recognized by the Licensee who has usage rights to the software. Users who directly or indirectly use the Software must be counted towards the number of concurrent users for whom Licensee has paid a license fee. Further, each person accessing the software's functionality is a user of the software, whether or not using software components to access the software's functionality, and must be counted towards the number of authorized concurrent users who may use the Software at the same time without regard to the number of different "registered" or "named" users. Each concurrent user may make unlimited use of Software from any computers or devices at any locations worldwide.

Core-Based Server License: The number of Cores is limited to those for whom Licensee has paid a license fee in accordance with Schedule A for each such license. For purposes of this Agreement, an unlimited (until Core capacity is reached) number of authorized users may use the software, provided that the total number of Cores residing on all computers where the software is installed does not exceed the permitted number of Cores identified on Schedule A. When the Software is installed and distributed across multiple computers, all the Cores in each of these computers count toward the total number of Cores licensed. "Core" means the processor or execution core contained in the same integrated circuit within a computer's central processing unit, whether such Cores are virtual or physical. Licensee may not permit any unauthorized third party to access or to use the software. Licensee may not use the Software in the operation of a service bureau, commercial time sharing or in any other resale capacity.

PROPRIETARY AND CONFIDENTIAL

3. **Proprietary Rights.** Licensee acknowledges that the licensed software contains valuable trade secrets of the Licensor. Licensee shall not assign, license, disclose or otherwise transfer the licensed software or any copy thereof without the written consent of Licensor. All copyright, patent, trade secret, confidential information and other intellectual and proprietary rights in the licensed software are and shall remain the valuable property of Licensor. Title to the licensed subject matter and all rights therein, including rights in patents, trade secrets and copyrights shall remain vested in Licensor.
4. **Copies.** Licensee may make copies of the licensed software solely for archival and backup purposes. All archival and backup copies of the software are subject to the provisions of this Agreement. Licensee shall reproduce all titles, trademarks, copyright and restricted rights notices in such copies. Except as provided in this section, Licensee may not copy the licensed subject matter (software and documentation) in whole or in part, for any purpose. Licensee agrees not to extract ideas, algorithms or procedures from the licensed subject matter (software and documentation) for any purpose, including without limitation, for the purpose of creating any works that are intended to be used as a substitute for the software or to be used by or for a third party.
5. **Export.** Licensee agrees to comply with all applicable export laws and regulations including those of the United States of America (US). Licensee shall not export, re-export or transmit, directly or indirectly, the licensed subject matter or any part thereof to any country for which US Export Administration Regulations or US International Traffic in Arms Regulations require prior authorization unless such prior authorization is obtained.
6. **Confidentiality.** The licensed subject matter, including the design and elements of the database tables, as well as any information that is marked confidential and those rights designated proprietary in Section 3, is confidential information, the disclosure of which would harm Licensor. Licensee agrees, to the full extent permitted by law: (i) to hold the confidential information in strict confidence; (ii) not to disclose any confidential information to any third party unless authorized in writing by Licensor; (iii) not to disclose any confidential information to any third party unless required by law or court order; and (iv) to use the confidential information solely in accordance with the terms of this Agreement.
7. **Warranty.** Licensor warrants for a period of thirty (30) days that the licensed software will substantially conform to the applicable technical specifications for the Software that is published in the documentation supplied to Customer. Except as expressly stated in the foregoing, Licensor furnishes the licensed subject matter, and Licensee agrees to accept same, on a strictly "as is" basis. Licensor makes no representations, warranties, guarantees, affirmations or obligations as to the uses, suitability, performance, capabilities, reliability or accuracy of the licensed subject matter for use in any fashion by Licensee. **Licensor expressly disclaims any warranty of merchantability and warranty of fitness for a particular purpose.** Notwithstanding the foregoing, Licensor agrees to repair defects in the licensed software for a period of ninety (90) days from delivery of the licensed software. Licensor does not warrant that the operation of the licensed software will be uninterrupted or error-free.
8. **Limitation of Liability.** Licensor shall have no liability to Licensee for any loss, claim, remedy, suit, action, damages, and/or liability under any cause of action whatsoever whether in contract or tort including but not limited to action by agents or employees of Licensee or third party bodily injury, or property damage based on products liability, strict liability, or negligence concerning any defects, bugs or deficiencies or lack thereof of any nature in the licensed subject matter. Licensor shall not be liable to Licensee for special, indirect, incidental or consequential loss or damage including, without limitation, any punitive damages arising out of or in connection with the license granted under this or any business activity of Licensee. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.
9. **Services.** The license fees do not include any maintenance, online help, implementation support or other support services. The Parties will enter into a separate software maintenance agreement. The manner and periods in which, and the terms and conditions under which, such maintenance will be performed will be solely as set forth in that agreement. Under a separate agreement, Licensor will make training available to Licensee pursuant to Licensor's standard training procedures, at Licensor's standard rates at a location to be mutually determined by the Parties. Licensee shall limit use of the licensed software to its employees who have been appropriately trained.
10. **Governing Law.** Any allegation that the Licensor has breached this Agreement shall be governed by the Contract Disputes Act, 41 U.S.C. § 7101 et seq. Any dispute under this License may be resolved only in a forum expressly authorized by federal law for that dispute. The statute of limitations for, and the resolution of, such disputes will be governed by applicable federal law.
11. **General.** This Agreement may be modified or amended solely in writing by both Parties. The provisions of this Agreement shall be deemed severable, and the unenforceability of any one or more provisions shall not affect the enforceability of any other provisions. Licensee may not assign or otherwise transfer this Agreement or any of the rights granted therein without the prior written consent of Licensor. No failure or delay by either Party in exercising any right, power or remedy will operate as a waiver, and no waiver will be effective unless it is in writing and signed by the waiving party. Any provision of this Agreement that imposes or contemplates continuing obligations on a party will survive termination of this Agreement. This Agreement is separate and distinct from any services associated with the software delivered hereunder.

SCHEDULE A

The Licensed Subject Matter consists of the following:

PROPRIETARY AND CONFIDENTIAL

A. Licensed Software.

Product	License Term	Permitted Use License Metric	License Quantity

B. Licensed Documentation.

Document

C. License Fee. The License Fee of \$_____ is payable upon the Effective Date of this Agreement.

D. Delivery. Licensor shall deliver the licensed subject matter electronically within thirty (30) days of the Effective Date of this Agreement.

E. Terms and Conditions. The terms and conditions applicable to term software licenses (special item number 132-32), perpetual software license (special item number 132-33) and maintenance as a service (Special item number 132-34) of general purpose commercial information technology software per GSA Schedule GS-35F-0511T.

Oak Park, IL 60301

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached NowSecure (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

PROPRIETARY AND CONFIDENTIAL

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any

PROPRIETARY AND CONFIDENTIAL

because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NOWSECURE

NOWSECURE LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITION OF TERMS

"Account" means a set of data and Users representing an individual, company or organization with a common billing address, and common Subscription or Subscriptions.

"Account Owner" means the first User, unless subsequently changed through Account management interface, which is responsible for assigning Account roles, inviting additional Users, Subscription and billing management, payment, and Account terminations.

"Affiliate" means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity.

"Control" means the ability, whether directly or indirectly, to direct the affairs of another by means of ownership, contract or otherwise.

"Agreement" means this Subscription Agreement.

"Anonymized Data" means information or data that is anonymized, aggregated or de-identified and/or compiled on a generic basis and which does not name or identify a Client, specific individual or natural person, whether derived from Client Data as defined below, access or usage patterns, or another source.

"Client", "You" or "Your" means the company or other legal entity for which you are accepting this Agreement, and Affiliates of that company or entity.

"Client Data" means all data that is provided to the Services by or on behalf of Client or End Users for the purpose of access, storage, analysis or processing by the Services, including without limitation Personal Information;

"Documentation" means Our online user guides, documentation, and help and training materials, as updated from time to time, accessible at nowsecure.com or subdomains of nowsecure.com, within the Software or by login to the applicable Service.

"Evaluation" Any Subscription labeled as evaluation, trial, no cost use, or free plan.

"Harmful Content" means code, files, scripts, or programs intended to deceive, disrupt or do harm to Us or other users of the Services, including, for example, viruses, worms, time bombs and Trojans.

"Other Applications" means a Web-based or offline software application not provided by Us that interoperates with any Service or Software.

"Order Form" means an ordering document, schedule, or similar instrument specifying the Services to be provided hereunder, whether for payment or Evaluation, that is entered into between You and Us or any of Our Affiliates, including any addenda and supplements thereto. By entering into an Order Form hereunder, an Affiliate agrees to be bound by the terms of this Agreement as if it were an original party hereto.

"Personal Information" means Client Data that names or identifies a natural person including non-public personal data, such as passport number, social security number, driver's license number; financial account numbers; or sensitive personal data, when personally identifiable. Personal Information shall not include Anonymized Data.

"Services" means the services that are ordered by You under an Order Form and made available by Us, including associated Software components and Documentation.

PROPRIETARY AND CONFIDENTIAL

“Software” means the software made accessible to You as part of the respective Services, including mobile, web or desktop software as applicable;

“Subscription” means a specific period and level of Services, requiring payment of specified fees or provided at no cost, purchased or accepted by You by means of Order Form(s), whether electronic or written.

“User” or **“End User”** means an individual who is authorized by You to use a Service pursuant to a valid Order Form and this Agreement, for whom You have ordered the Service, and to whom You (or We at Your request) have supplied a user identification and password. Users may include, for example, Your employees, consultants, contractors and agents, and third parties with which You transact business.

“NowSecure”, “We,” “Us” or “Our” means NowSecure, Inc., a Delaware Corporation.

2. ACCEPTANCE MEANS AND ENTITY

2.1. RESERVED.

2.2. RESERVED.

2.3. **PROHIBITED ACCESS.** YOU MAY ACCESS THE SERVICES SOLELY FOR YOUR OWN LAWFUL BUSINESS OR PERSONAL USE AND YOU MAY NOT ACCESS THE SERVICES FOR COMPETITIVE ANALYSIS OR MONITORING THE AVAILABILITY OF THE SERVICE OR MEASURING ITS PERFORMANCE OR FUNCTIONALITY, OR FOR ANY OTHER BENCHMARK OR ASSESSMENT PURPOSE, WITHOUT PRIOR WRITTEN CONSENT FROM US. ANY PARTY OFFERING A COMPETITIVE PRODUCT OR SERVICE MAY NOT ACCESS THE SERVICES FOR ANY REASON.

3. ACCESS AND USE GRANT; RESTRICTIONS

3.1. **Access Grant.** Subject to the terms of this Agreement and applicable ordering document, We grant You a limited, non-transferable, non-exclusive license to use the Services during the Term detailed in the applicable ordering document, solely for Your own internal business purposes in accordance with the applicable Terms of Use.

3.2. **Limitations.** The rights granted hereunder are limited and the Services may only be accessed and used: (a) in the Territory as detailed in the relevant Order Form; (b) in accordance with the functional description of the Service(s) in the Documentation, including the relevant Order Form; and (c) in accordance with applicable Terms of Use for any related Software, including mobile application software, which is provided for use in connection with the Service.

3.3. **Additional Use Restrictions.** You may not use the Services outside the scope set out in this Agreement without Our prior written consent. You may not: (a) modify, alter, tamper with or make derivative works based upon the Services; (b) reverse engineer, decompile, disassemble or otherwise attempt to discover the source code or underlying ideas or algorithms of the Services, except to the extent that applicable law specifically prohibits such restrictions; (c) access the Services in order to build a competitive product or service or copy any ideas, features, functions or graphics thereof; (d) license, sublicense, sell, resell, transfer, assign, distribute or otherwise commercially exploit or make available to any third party the Services or access to the Services in any way; (e) copy or reproduce all or any part of the Services except as expressly permitted in this Agreement; or (f) access or use the Services in a way intended to avoid or exceed usage limits or quotas.

4. YOUR RESPONSIBILITIES

4.1. **Client Software and Equipment.** You are responsible for obtaining and maintaining all hardware, software and communications equipment necessary to access and use the Services and for paying all third-party access charges (e.g., ISP, telecommunications) incurred while using the Services. You acknowledge that minimum hardware, software, and communications requirements apply to use the Services.

4.2. **Usage Limits.** Unless otherwise provided in the applicable Order Form, the Services are purchased as time-limited Subscriptions and are subject to usage limits, including, for example, the quantities specified in Order Forms. Unless otherwise specified, a quantity in an Order Form refers to a specific number of End Users, and the Service or Content may not be accessed by more than that number of Users. If You exceed a contractual usage limit, You agree to reduce Your usage so that it conforms to the limit or execute an Order Form for additional quantities of the applicable Services promptly upon Our request, and pay any undisputed invoice for excess usage in accordance with payment terms in the applicable Order Form and this Agreement.

4.3. **Actions of End Users.** You are responsible for Your actions, including the actions of End Users, while using the Services, and for the contents of Your and their transmissions through the Services. You agree to ensure that You and all End Users

PROPRIETARY AND CONFIDENTIAL

will (a) abide by all Laws applicable to use of the Services; (b) not upload or distribute Harmful Content; (c) not interfere with or disrupt the Services, the data contained therein or the networks connected thereto; (d) not attempt to gain unauthorized access to the Services or its related systems or networks; and (e) notify Us immediately of any unauthorized use of any password or account or any other known or suspected breach of security.

4.4. Reserved.

4.5. Reserved.

5. OUR RESPONSIBILITIES

- 5.1. Provision of Services.** We will make the Services available to You pursuant to this Agreement and the applicable Order Forms and Terms of Use. We may provide Services in association with Affiliates or contractors, in accordance with the terms of this Agreement, including Confidentiality provisions.
- 5.2. Protection of Your Data.** We will maintain administrative, logical and physical safeguards to protect the security, confidentiality and integrity of Client Data, as described in the Documentation. Safeguards will include measures designed to prevent unauthorized third-party access, as well as prevent access, use, or disclosure of Client Data by Our personnel except (a) in order to provide and improve the Services and prevent or resolve problems, and in accordance with the Confidentiality provisions in this Agreement and published Privacy Policy; (b) as compelled by law as described in this Agreement; or (c) as You expressly permit in writing.
- 5.3. Service Level.** Unless otherwise set forth in the Documentation or Relevant Order Form, we will use commercially reasonable efforts make the Services available 24 hours a day, 7 days a week, except for: (a) limited planned maintenance downtime, of which We shall give at least 8 hours advance electronic notice and which We shall schedule to the extent practicable during non-business hours; (b) Evaluation, no cost, or Beta Test limited license use; (c) use of specific features as a beta test participant; or (d) any unavailability caused by circumstances beyond Our reasonable control, such as Force Majeure, Internet service provider failure or delay, Network hosting provider failure or delay, or denial of service attack.
- 5.4. Support.** Unless otherwise set forth in the Documentation or Relevant Order Form, and with the exception of Evaluation, no cost, or Beta Test limited license use of the Services, we will provide Our standard support for the purchased Services to You as specified in the applicable Order Form. Unless otherwise specified on the applicable Order Form, standard support shall mean email-based support with next-business day response. For Evaluation, no cost, or Beta Test limited license use, unless otherwise set forth in writing to the contrary, support shall only be provided in Our sole discretion.
- 5.5. Our Personnel.** We will be responsible for the performance of Our personnel (including Our employees and contractors) and their compliance with Our obligations under this Agreement, except as otherwise specified herein.
- 5.6. Modifications to the Services.** We may issue modifications to the Services from time to time according to Our development schedule ("Updates") for which We maintain exclusive control. We are under no obligation under this Agreement to provide any Updates to the Services.

6. PROPRIETARY RIGHTS AND LICENSES

- 6.1. **Reservation of Rights.** We and Our licensors reserve all respective right, title and interest in and to the Services, including all related intellectual property rights, and including all unpatented inventions, patent applications, patents, design rights, copyrights, trademarks, service marks, trade names, domain name rights, mask work rights, know-how and other trade secret rights. We own all rights to any suggestions, ideas, enhancement requests, feedback, recommendations or similar information provided by You or any other party relating to the Services. No rights are granted to You hereunder other than as expressly set forth herein.
- 6.2. **Reservation of Your Rights.** To the extent You upload code or other software as a part of this license and with respect to Your logo or trademarked intellectual property, You retain all right, title and interest to Your copyrights, trademarks, service marks, trade names and all other proprietary intellectual property (collectively "Client IP").
- 6.3. **License Grant for Client Data and Client IP.** In order to enable provision of the Services, You grant Us a worldwide limited-term license to host, copy, process and display Client Data, subject to limitations of Confidentiality and the applicable Privacy Policy. This license is granted for the duration of any Subscription term, plus any retention period following termination of a Subscription term, which, under any circumstances shall not exceed one year. To the extent You choose to include Client IP in Client Data (for example, adding a logo to a personalized web page) You grant Us a similar worldwide limited-term license to host, copy, process and display such Client IP, only as necessary to provide You the Services.
- 6.4. **License Grant for Anonymized Data.** You grant Us a perpetual, non-exclusive, worldwide right and license to retain, use, adapt, display, and distribute Anonymized Data, whether derived from Client Data or another source, without restriction. By definition, Anonymized Data excludes Personal Information.
- 6.5. **Reserved.**
7. **RESERVED.**
8. **RESERVED.**

9. REPRESENTATIONS, WARRANTIES AND DISCLAIMERS

- 9.1. **Representations.** Each party represents that it has validly entered into this Agreement and has the legal power to do so.
- 9.2. **Our Warranty.** With the exception of Evaluation, no cost, or Beta Test limited license use, We warrant that (a) this Agreement, relevant Order Forms, and the Documentation accurately describe the safeguards in place for protection of the security, confidentiality and integrity of Client Data, (b) the Services will function in all material respects as specified in the Documentation, and (c) We will not materially decrease the overall security of the Services during a Subscription term. Our Warranty does not apply to (a) improper use of the Service including any noncompliance by You or any End User with Section 5 hereof, (b) errors or problems in Your network or equipment (c) interruptions in Internet access or other downtime caused by network or third party services; or (d) problems caused by any breach by You of Your obligations under this Agreement.
- 9.3. **Your Warranty.** You warrant that you have obtained all authorizations, consents and licenses necessary to fully perform this Agreement, to use the Services, to access Client Data provided thereto, and for Us to use the Client Data as permitted in this Agreement.
- 9.4. **Disclaimers.** EXCEPT AS EXPRESSLY PROVIDED HEREIN, NEITHER PARTY MAKES ANY WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND EACH PARTY SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. WE DO NOT WARRANT THAT THE SERVICES WILL BE TIMELY, UNINTERRUPTED OR ERROR FREE, NOR THAT THE SERVICE WILL MEET YOUR REQUIREMENTS. YOU ACKNOWLEDGES AND AGREE THAT WE EXERCISE NO CONTROL OVER, AND ACCEPT NO RESPONSIBILITY FOR, YOUR COMPLIANCE WITH ANY LAW OR REGULATION APPLICABLE TO YOU OR YOUR END USERS. THESE DISCLAIMERS WILL APPLY UNLESS APPLICABLE LAW DOES NOT PERMIT THEM. THE SERVICE MAY BE SUBJECT TO LIMITATIONS, DELAYS AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS. WE ARE NOT RESPONSIBLE FOR ANY DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE RESULTING FROM SUCH PROBLEMS.
- 9.5. **No Warranty for High Risk Activities.** We specifically disclaim any express or implied warranty of fitness of the Services for usage where the use or failure of the Service could lead to death, personal injury or environmental damage ("High Risk Activities"), including for example the operation of nuclear or chemical processing facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems environments.

12. RESERVED.

13. LAWS AND COMPLIANCE

13.1. **Data Privacy Laws.** You agree to comply with all applicable data protection and privacy Laws, including all Laws that govern Your provision of Personal Information to Us so that We may process such Personal Information as contemplated by this Agreement. We agree to comply with all data protection and privacy Laws that are applicable to Us in provision of the Services. To the extent that You have legal requirements that reasonably must be executed by Us, You agree to specify such requirements in a Security Schedule, and the parties will engage in good faith efforts to accommodate those requirements to the extent technically feasible.

13.2. **Third Party Requests.** We will respond to third party requests about Your Client Data or use of the Services by You or End Users, to the extent any response is required by applicable law. In order to facilitate resolution of these requests, We may pass them on to You or provide contact information for You to such third party. We will notify You of any such request compelling Us to provide Your Client Data to a third party, prior to providing such data, unless notification is legally prohibited or we have reasonable cause to believe such notification could cause harm.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Nutanix** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

- h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

PROPRIETARY AND CONFIDENTIAL

- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

NUTANIX END USER LICENSE AGREEMENT

IMPORTANT – READ CAREFULLY

READ THIS END USER LICENSE AGREEMENT (THE “**AGREEMENT**”) BEFORE DOWNLOADING, INSTALLING, COPYING, CONFIGURING, ACCESSING, DEPLOYING, USING NUTANIX SUPPORT AND/OR USING THE SOFTWARE. BY EXECUTING THIS AGREEMENT IN WRITING, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT. YOU FURTHER AGREE THAT YOU ARE BOUND BY AND ARE A PARTY TO THIS AGREEMENT, AND, IF YOU ARE ACCEPTING THESE TERMS ON BEHALF OF ANOTHER PERSON OR A COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT AND WARRANT THAT YOU HAVE FULL AUTHORITY TO BIND THAT PERSON, COMPANY, OR LEGAL ENTITY TO THESE TERMS.

YOUR USE OF THE SOFTWARE IS EXPRESSLY CONDITIONED ON YOUR ACCEPTANCE OF THE TERMS AND CONDITIONS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT:

- DO NOT ORDER OR PURCHASE THE SOFTWARE
- DO NOT DOWNLOAD, INSTALL, COPY, CONFIGURE, ACCESS, DEPLOY, CLICK ON AN “ACCEPT” BUTTON, USE NUTANIX SUPPORT AND/OR OTHERWISE USE THE SOFTWARE
- DELETE THE UNUSED SOFTWARE AND RETURN THE UNUSED SOFTWARE TO THE VENDOR FROM WHICH YOU ACQUIRED IT

This Agreement is between You, on behalf of the company, partnership or business entity that You represent (“You” or “Your”) and either (a) Nutanix, Inc. a Delaware corporation, with offices located at 1740 Technology Drive, Suite 150, San Jose, CA 95110, USA if the Software was purchased in the United States, Mexico or Canada; or (b) Nutanix Netherlands, B.V. incorporated and registered in The Netherlands with its registered office at Scorpius 100, 2132 LR Hoofddorp, The Netherlands, if the Software was purchased in any other country ((a) and (b) are referred to herein as “Nutanix”).

“*Software*” means any Nutanix software, library, utility, tool or other computer or program code, in object (binary) or source-code form provided, directly or indirectly to You as well as to any copies (whether complete or partial) made by or on Your behalf, including without limitation firmware. The term “*Software*” also includes any updates, upgrades or other new features, functionality or enhancements to the Software made available directly or indirectly to You. “*Documentation*” means any on-line read me, help files, or other explanatory materials related to the Software.

This Agreement applies to all Software and Documentation made available by Nutanix to You.

1. License Grant and Entitlement. The Software and Documentation are licensed, not sold, to You by Nutanix. This Agreement confers no title or ownership and is not a sale of any rights in the Software. Subject to the terms and conditions of this Agreement, the terms of Your entitlement which evidences Your authorization to use the Software and the authorized scope of use of the Software (“Entitlement”), and payment of the purchase price and/or all fees, You are hereby granted a personal, limited, non-assignable, non-exclusive, non-sublicensable and non-transferable right to run one copy of the object code version of the Software on one authorized Nutanix system during the period of the license and for internal business operations only (“Permitted Use”). The Entitlement shall be specified in writing on the order or equivalent document issued by Nutanix or the party from whom You have lawfully acquired the products. The Entitlement shall specify the name of the product, the number of Licensed Units and the usage level and feature set authorized. Your Permitted Use is limited to the number of Licensed Units stated in Your Entitlement. “Licensed Unit” means the unit of measure by which Your use of Software is licensed, as described in Your Entitlement. If You have multiple Licensed Units, You may install and use as many copies of the Software as You have Licensed Units, in each case, on an authorized Nutanix system and only as permitted herein. Use of the Software outside the scope of Your Entitlement is unauthorized and void the warranty and/or support obligations of which You may otherwise be entitled. You agree to use Your best efforts to prevent and protect the contents of the Software and Documentation from unauthorized disclosure or use. Nutanix and its licensors reserve all rights, including but not limited to ownership and intellectual property rights, not expressly granted to You. There are no implied licenses granted by Nutanix under this Agreement. Except as expressly specified above, You shall have no rights to the Software.

2. Use.

2.1 Limitations on Use. You must not use the Software or Documentation except as permitted by this Agreement. You must not:

- (a) alter, decompile, disassemble, modify, unbundle or create any derivative works of the Software, the underlying source code, or the Documentation in any way, including without limitation customization, translation or localization;

- (b) port, emulate the functionality, reverse compile, reverse assemble, reverse engineer, create derivative works, or otherwise reduce to human readable form or attempt to separate any of the components of the Software or derive the source code for the Software;
- (c) copy, redistribute, encumber, sell, rent, lease, license, sublicense, or otherwise transfer rights to the Software or Documentation, use the Software for the benefit of any third party or on a hosted basis;
- (d) remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in the Software or Documentation or any product in which the Software is embedded
- (e) disclose the results of testing, benchmarking or other performance or evaluation information related to the Software or the product to any third party without the prior written consent of Nutanix;
- (f) access or use the Software or Documentation for any competitive purposes (e.g. to gain competitive intelligence; to design or build a competitive product or service, or a product providing features, functions or graphics similar to those used or provided by Nutanix; to copy any features, functions or graphics; or to monitor availability, performance or functionality for competitive purposes);
- (g) use any "locked" or key restricted feature, function or capability without first purchasing the applicable license and obtaining a valid key, even if such feature, function or capability is enabled without a key; or
- (h) distribute any copy of the Software to any third party, including as may be embedded in equipment sold in the secondhand market.

You must not cause, encourage or permit any third party to do any of the foregoing.

If You believe that any of the foregoing restrictions are prohibited by Federal law, You agree to provide Nutanix with at least ninety (90) days advance written notice of Your belief and provide all reasonably requested information from Nutanix to evaluate Your claim. Nutanix may, in its discretion, impose reasonable conditions, on such use of the Software, or offer to provide alternatives to ensure that Nutanix's proprietary rights in the Software are protected and to reduce any adverse impact on Nutanix's proprietary rights.

2.2 Third Party Software. You acknowledge that the Software may contain copyrighted software of third parties which are obtained under a license from such parties ("Third Party Software"). All third party licensors retain all right, title and interest in and to such Third Party Software and all copies thereof, including all copyright and other intellectual property rights. Your use of any Third Party Software shall be subject to, the terms and conditions of this Agreement, and the applicable restrictions and other terms and conditions set forth in any Third Party Software documentation or printed materials, including without limitation an end user license agreement.

3. **Open Source Components.** Software may use or include one or more of the open source software components listed in the Nutanix open source attribution file, which is available at www.nutanix.com/opensource. Please refer to the open source attribution file for the open source license disclosures and pertinent terms.
4. **Proprietary Rights.** You acknowledge and agree that the Software belongs to Nutanix or its licensors. You agree that You neither own nor hereby acquire any claim or right of ownership to the Software and Documentation or to any related patents, copyrights, trademarks or other intellectual property, including all modifications and derivative works of any of the foregoing. Nutanix and its licensors retain all right, title and interest both tangible and intangible in and to all copies of the Documentation and the Software at all times, regardless of the form or media in or on which the original or other copies may subsequently exist. This license is not a sale of the original or any subsequent copy. The Software and Documentation are protected by copyright and other intellectual property laws and by international treaties. Any and all other copies of the Software or Documentation made by You are in violation of this license. All content accessed through the Software is the property of the applicable content owner and may be protected by applicable copyright law. This license gives You no rights to such content. All trademarks used in connection with the Software and Documentation are owned by Nutanix, its affiliates and/or its licensors and other suppliers, and no license to use any such trademarks is provided hereunder. All suggestions or feedback provided by You to Nutanix with respect to the Software shall be Nutanix's property and deemed Confidential Information of Nutanix. You hereby assign to Nutanix all right, title and interest in and to any feedback provided to Nutanix.
5. **Support.** Nutanix's support obligations for the Software, if any, are set forth in the Support Terms and Conditions, which may be found at <http://www.nutanix.com/support/support-terms/>. Nutanix does not provide any product maintenance or support services under this Agreement. Product maintenance and support services, if any, will be provided under a separate agreement. This Agreement does not entitle You to any product updates at any time in the future.

6. **Term and Termination.** This Agreement and Your right to use the Software and Documentation may be terminated by You at any time upon written notice. Upon expiration or termination of this Agreement for any reason: (a) all licenses granted by Nutanix shall immediately terminate; (b) You shall immediately discontinue use of the applicable Software and products; (c) You shall promptly remove Your confidential data, if any, and immediately return the products and related materials to Nutanix or the party from whom the product was obtained; (d) You shall destroy all copies of the Software and Documentation in Your possession, custody or control; and (e) if requested, You shall certify to Nutanix in writing that such return or destruction has occurred. The preamble as well as Section 2, 4, 6, 7, 8, 10, 12, 14, 15 and 16 shall survive any expiration or termination of this Agreement.

7. **NO WARRANTY.** EXCEPT AS PROVIDED IN THE NUTANIX LIMITED WARRANTY, WHICH MAY BE FOUND AT [AT EXHIBIT B \(ATTACHED\)](#) YOU AGREE THAT THE SOFTWARE AND DOCUMENTATION ARE PROVIDED "AS IS" AND THAT NUTANIX AND ITS LICENSORS MAKE NO OTHER WARRANTIES AS TO THE SOFTWARE OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION UNINTERRUPTED USE, ACCURACY, AND DATA LOSS. NUTANIX AND ITS LICENSORS DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WRITTEN OR ORAL, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE (EVEN IF NUTANIX KNOWS OR SHOULD HAVE KNOWN OF SUCH PURPOSE), AND ANY WARRANTIES ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE, OR THAT THE SOFTWARE WILL BE COMPATIBLE OR WORK WITH ANY THIRD PARTY SOFTWARE OR HARDWARE OR ANY OTHER NUTANIX PRODUCTS. NUTANIX AND ITS LICENSORS DO NOT WARRANT THAT THE SOFTWARE OR DOCUMENTATION OR ANY RESULTS OF USE THEREOF WILL BE FREE OF DEFECTS, ERRORS OR VIRUSES, RELIABLE OR ABLE TO OPERATE ON AN UNINTERRUPTED BASIS OR IN A PARTICULAR ENVIRONMENT OR THAT ERRORS THEREIN, IF ANY, WILL BE CORRECTED. YOU FURTHER ACKNOWLEDGE THAT THE SOFTWARE IS NOT INTENDED OR SUITABLE FOR USE IN SITUATIONS OR ENVIRONMENTS WHERE THE FAILURE OR TIME DELAYS OF, OR ERRORS OR INACCURACIES IN THE CONTENT, DATA OR INFORMATION PROVIDED BY THE NUTANIX SOFTWARE COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

LIMITATION OF LIABILITY. TO THE FULLEST EXTENT PERMITTED BY LAW, NUTANIX AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY DAMAGES, WHETHER IN CONTRACT OR TORT (INCLUDING NEGLIGENCE) OR ANY OTHER LEGAL OR EQUITABLE THEORY, ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION ANY INDIRECT, CONSEQUENTIAL, SPECIAL, EXEMPLARY, INCIDENTAL DAMAGES, EVEN IF NUTANIX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR FOR ANY LOST REVENUES, GOODWILL OR PROFITS, BUSINESS INTERRUPTION, PROCUREMENT OF SUBSTITUTE HARDWARE, SOFTWARE OR SERVICES, LOST DATA, WORK STOPPAGE, RE-RUN TIME, INACCURATE OUTPUT, COMPUTER FAILURE OR MALFUNCTION. YOU AGREE THAT YOU SHALL HAVE THE SOLE RESPONSIBILITY FOR PROTECTING YOUR DATA, BY PERIODIC BACKUP OR OTHERWISE. IN ANY CASE, NUTANIX'S SOLE LIABILITY AND YOUR EXCLUSIVE REMEDY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE THE REPLACEMENT OF THE SOFTWARE FOUND TO BE DEFECTIVE, WITH THE EXCEPTION OF DEATH OR PERSONAL INJURY CAUSED BY THE NEGLIGENCE OF NUTANIX TO THE EXTENT APPLICABLE LAW PROHIBITS THE LIMITATION OF DAMAGES IN SUCH CASES. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OR LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATIONS MAY NOT APPLY TO YOU IN WHICH CASE NUTANIX'S LIABILITY UNDER THIS AGREEMENT WILL NOT EXCEED THE AMOUNT OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Nutanix's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

8. **Infringement.** Subject to the remainder of this section, Nutanix shall defend or settle, at its own expense, any third-party action against You to the extent based upon a claim that the Software infringes any copyright or trademark or misappropriates any trade secret, and will pay such damages or costs as are finally awarded against You attributable to such claim, provided that You (i) notify Nutanix promptly in writing of any such action, (ii) give Nutanix control of the defense and/or settlement of such action to the extent permitted by 28 USC 516, (iii) give Nutanix all reasonable information and assistance, and (iv) are not in material breach of this Agreement. Should the Software become, or in the opinion of Nutanix be likely to become, the subject of such an infringement claim, Nutanix may replace or modify, in whole or in part, the Software to make it non-infringing. Nutanix assumes no liability hereunder for: (a) any method or process in which the Software may be used; (b) its compliance with Your specifically requested specifications; (c) use of software other than a current unaltered release of the Software or use of any older version of the Software when the use of a newer release of the Software made available to You would have avoided the infringement; (d) the combination, operation or use of the Software with non-Nutanix products or services; or (e) use of the Software in a manner or for a purpose for which it was not intended. THIS SECTION SETS FORTH NUTANIX'S ENTIRE LIABILITY AND OBLIGATION AND YOUR SOLE REMEDY FOR ANY CLAIMS OR ACTIONS RELATED TO INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS.

9. **Confidentiality.** "*Confidential Information*" shall mean the Software and Documentation and all other information disclosed to You that Nutanix characterizes as confidential at the time of its disclosure either in writing or orally, except for information which You can demonstrate: (a) is previously rightfully known to You without restriction on disclosure; (b) is or becomes, from

no act or failure to act on Your part, generally known in the relevant industry or public domain; (c) is disclosed to You by a third party as a matter of right and without restriction on disclosure; or (d) is independently developed by You without access to the Confidential Information. You shall use Your best efforts to preserve and protect the confidentiality of the Confidential Information at all times. You shall not disclose, disseminate or otherwise publish or communicate Confidential Information to any person, firm, corporation or other third party without the prior written consent of Nutanix. You shall not use any Confidential Information other than in the course of the activities permitted hereunder. You shall notify Nutanix in writing immediately upon discovery of any unauthorized use or disclosure of Confidential Information or any other breach of this Agreement, and will cooperate with Nutanix in every reasonable way to regain possession of Confidential Information and prevent any further unauthorized use. If You are legally compelled to disclose any of the Confidential Information, then, prior to such disclosure, You will (i) immediately notify Nutanix prior to such disclosure to allow Nutanix an opportunity to contest the disclosure, (ii) assert the privileged and confidential nature of the Confidential Information, and (iii) cooperate fully with Nutanix in protecting against any such disclosure and/or obtaining a protective order narrowing the scope of such disclosure and/or use of the Confidential Information. In the event such protection is not obtained, You shall disclose the Confidential Information only to the extent necessary to comply with the applicable legal requirements. The foregoing obligations shall survive any termination or expiration of this Agreement.

10. Technical Information. You agree that Nutanix may collect or process technical and related information arising from Your use of the Software which may include but may not be limited to internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services.

11. Compliance with Laws; Export Control. Each Party shall comply with all laws applicable to the actions contemplated by this Agreement. You acknowledge that the Software is of United States origin, and is subject to the U.S. Export Administration Regulations, and may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) You are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department lists of Specially Designated Nationals, Foreign Sanctions Evaders, Sectoral Sanctions Identifications, or Palestinian Legislative Council; or the U.S. Commerce Department Denied Persons List, Entity List, or Unverified List; or the U.S. State Department Nonproliferation Sanctions, or Debarred List; and (2) You will not permit the Software, directly, or indirectly, to be used for any purposes prohibited by law, including any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and Documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of Software and Documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this Agreement. You agree that the Software may not be exported/re-exported to Cuba, Iran, North Korea, Sudan and Syria. Furthermore, You agree not to resell, transfer, or re-export products without prior authorization from Nutanix or the U.S. government to any military entity of: Albania, Armenia, Azerbaijan, Belarus, Cambodia, China (PRC), Georgia, Iraq, Kazakhstan, Kyrgyzstan, Laos, Macau, Moldova, Mongolian P.R., Russia, Tajikistan, Turkmenistan, Uzbekistan, Ukraine, Vietnam.

12. Governing Law. To the extent permitted by applicable law, this Agreement is governed by and construed in accordance with the substantive Federal laws of the United States. This Agreement will not be governed by the conflict of laws rules of any jurisdiction or the U.N. Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

13. Miscellaneous. If any part of this Agreement is held invalid or unenforceable, that part shall be construed to reflect the parties' original intent, and the remaining portions remain in full force and effect. The controlling language of this Agreement is English. If You have received a translation into another language, it has been provided for Your convenience only. A waiver by either party of any term or condition of this Agreement or any breach thereof, in any one instance, shall not waive such term or condition or any subsequent breach thereof. You may not assign, delegate any performance, or otherwise transfer by operation of law or otherwise this Agreement or any rights or obligations herein. You agree not to copy, sell, give or assign the Software or any part thereof to a third party. You represent and warrant that the performance of any activities contemplated by this Agreement do not and shall not conflict with any other agreement or obligation to which You are a party or by which You are bound. This Agreement shall be binding upon and shall inure to the benefit of the Parties, their successors and permitted assigns. This Agreement, together with the terms of the GSA Schedule Contract, constitutes the entire and sole agreement between You and Nutanix with respect to the Software and Documentation and supersedes all prior and contemporaneous agreements relating to the Software and Documentation, whether oral or written (including any inconsistent terms contained in a purchase order). This Agreement may be amended only in writing signed by authorized representatives of both Parties and specifically referring to this provision. This Agreement will be interpreted without being construed for or against either Party. The words "includes" and "including" and the abbreviation "e.g." will be deemed to be followed by the words "without limitation".

14. User Outside the U.S. If You are using the Software or Documentation outside the U.S., then the following shall apply: (a) You confirm that this Agreement and all related documentation is and will be in the English language; (b) You are responsible for complying with any local laws in Your jurisdiction which might impact Your right to import, export or use the Software and Documentation, and You represent that You have complied with any regulations or registration procedures required by applicable law to make this license enforceable.

EXHIBIT A - Support Terms & Conditions

1. **SUPPORT.** Customer is not entitled to support unless Customer has ordered and paid for Support as provided in the Order. Nutanix will use reasonable efforts to provide support services as described in these Support Terms and Conditions ("Support") at the level Customer has purchased (e.g., Basic, Production or Mission Critical) for the term Customer has purchased, which commences upon Product shipment. Nutanix's Support contact information is at www.nutanix.com/support. Support is contacted primarily through Nutanix's web support portal (generally accessible on a 24x7x365 basis excepting periodic maintenance or network unavailability) and secondarily through telephone and email support. Nutanix's Support obligation is limited to using reasonable efforts to remedy a reported failure of the Products to substantially operate in accordance with Nutanix's official specifications (a "problem"). Support does not include Hardware or Software installation, training, consulting services or preventative maintenance.
 - A. **SOFTWARE SUBSCRIPTION.** Support may include a subscription to new releases of the Software that are commercially released by Nutanix during Customer's term of Support which may include bug fixes, patches releases, and major updates ("Releases"), but does not include enhancements or upgrades licensed by Nutanix for a separate fee at Nutanix's discretion. Any Releases may only be installed as an update to the Customer's original Software on the original Hardware. All Releases will be subject to the terms and conditions set forth in the GSA Schedule Contract of which these Support Terms and Conditions are a part, and the EULA or Click-wrap. Customer can download Releases from <http://support.nutanix.com>. Notwithstanding the foregoing, Nutanix has no obligation to deliver Release(s) to Customer. In addition, Nutanix does not guarantee that future Releases will be compatible with the Hardware Customer has purchased.
 - B. **HARDWARE SUPPORT.** If Nutanix determines that replacement parts are required for Support, and Hardware Support is included in the Support services purchased by Customer, then Nutanix will use reasonable efforts to deliver them to Customer, at no charge, by the target delivery time ("TDT"), which begins after Nutanix has diagnosed the problem. For critical parts, Nutanix's TDT is 4 hours for Platinum Plus Service, and next business day for Gold and Platinum Service if the problem is diagnosed by Nutanix before 3pm Pacific Standard Time (PST). For non-critical parts, Nutanix TDT is within a reasonable time after the problem is diagnosed by Nutanix. Nutanix actual delivery times may vary if Customer's location is remote and/or if common carriers encounter delays or require special transportation arrangements reaching Customer's site, or if customs clearances impose delays. Platinum Plus Service is not available in all locations. Replacement parts may be new or refurbished at Nutanix's option. Defective parts must be returned to Nutanix. If Customer has purchased Nutanix no-return-disk option, then Customer will not be invoiced for a replacement disk drive if Customer does not return a failed drive. All Products that are replaced become Nutanix property. Unless Customer requests otherwise, Nutanix or a Nutanix subcontractor will typically provide on-site installation of the replacement part with Customer's reasonable assistance.
 - C. **SOFTWARE SUPPORT.** Nutanix may provide Customer with Software Support as part of the Support Services package purchased by Customer. All problem classifications shall be determined by Nutanix in its sole and absolute discretion. Nutanix classifies Software problems as either: P1—Customer's production use is stopped or so severely impacted that Customer cannot reasonably continue use of the Products; P2—important Product features are unavailable with no acceptable workaround, but Customer's production use is continuing; P3 — important Product features are unavailable but a workaround is available, or less significant Product features are unavailable with no reasonable workaround, but Customer's production use is continuing; P4 —all other problems. Customer must expeditiously provide Nutanix with notice of any problem. Once notice is received, Nutanix will use reasonable efforts to acknowledge Customer's problem report and commence Support efforts to resolve the problem(s). When it becomes necessary (and in Nutanix's sole discretion), Nutanix will provide on-site technical support in Nutanix's discretion, and if so provided in Nutanix's discretion, Nutanix will be responsible for travel and related expenses incurred in providing the on-site Support. If Nutanix determines that Customer's problem was not caused by Nutanix Products and if the onsite Support was requested by Customer, then Nutanix may invoice Customer Nutanix's then-current daily time and materials rate under the GSA Schedule pricelist.
2. **EXCLUSIONS.** Nutanix will have no Support obligations for any conditions attributable to: (i) negligence or misuse or abuse of the Products; (ii) use of the Products other than in accordance with Nutanix's official specifications; (iii) modifications, alterations or repairs to the Products made by a party other than Nutanix or a party authorized by Nutanix; (iv) any failure by Customer or a third party to comply with environmental and storage requirements for the Products specified by Nutanix, including, without limitation, temperature or humidity ranges; or (v) use of the Product with any non-Nutanix apparatus, data or programs outside the typical, recommended or reasonably anticipated use of the Products within their specifications.
3. **CONDITIONS TO NUTANIX'S SUPPORT OBLIGATIONS.** Customer needs to do the following as a condition to Nutanix's provision of Support: (i) pay all applicable fees; (ii) designate from time to time a reasonable number of authorized persons trained by Nutanix who can contact Nutanix for Support, which persons are Customer's only personnel entitled to contact Nutanix for Support; (iii) register all Products with Nutanix, and provide notice to Nutanix of all sites and site moves; (iv) provide Nutanix access to Customer's site and/or network and personnel as Nutanix reasonably requests to assist Nutanix in performing the Support; (v) enable Nutanix's automated alert system on the Products which sends regular system status reports and alerts to Nutanix when certain critical system events occur in the Product at Customer's site; (vi) use the Products in a supported configuration and maintain the Software within the then-current prior two Releases; (vii) install recommended

replacement parts in the Products as reasonably directed by Nutanix; (viii) refrain from arbitrarily changing Product settings or configurations reasonably recommended by Nutanix; (ix) ensure that proper licenses have been obtained for all Software and adhere to all licensing terms and conditions; and (x) make available to Nutanix any of Customer's systems data, information and other materials reasonably required by Nutanix for the Support ("Customer Materials"), the accuracy of which is Customer's responsibility. Subject to Customer's rights in the Customer Materials, Nutanix will exclusively own all rights, title and interest in and to any software programs or tools, utilities, technology, processes, inventions, devices, methodologies, specifications, documentation, techniques and materials of any kind used or developed by Nutanix or Nutanix's personnel in connection with performing Support ("Nutanix Materials"), including all worldwide patent rights (including patent applications and disclosures), copyright rights, moral rights, trade secret rights, know-how and any other intellectual property rights therein;. Customer will have no other rights in the Nutanix Materials except as expressly agreed to in writing by Nutanix and Customer. Nothing in these Purchase Terms and Conditions will be deemed to restrict or limit Nutanix's right to perform similar services for any other party or to assign any employees or subcontractors to perform similar services for any other party. Customer agrees that it may be necessary for Nutanix to collect, process and use Customer's data in order to perform Nutanix obligations to provide Support. Customer consents to these activities and to the transfer of the data to Nutanix affiliated companies and service providers located throughout the world who are subject to confidentiality agreements with Nutanix. Nutanix will not be responsible for Customer's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Products returned to Nutanix for repair.

4. **REINSTATEMENT OF SUPPORT.** If Customer has not continuously purchased and complied with the terms and conditions of Support, Customer may request that Nutanix perform an inspection of the Products and any professional services Nutanix reasonably determines are required for the Products to be certified as substantially operating within their official Product specifications. After Nutanix's certification, Customer may reinstate Support if Nutanix then offers it in general commercial availability and upon payment to Nutanix of: (i) for any Products that have been off Support for more than ninety (90) days; (ii) the pro rata Support fees that would have been payable at Nutanix's then applicable annual rate of Support for the period the Products were not covered by Support; and (iii) the Support fees for the annual period commencing upon the reinstatement of Support.
5. **NON-TRANSFERABILITY.** If Customer sells or otherwise transfers any Hardware to any third party, Customer will either de-install and remove the Software from such Hardware prior to sale or transfer, or provide Nutanix with reasonable notice and an opportunity to remove or disable such Software prior to any sale or transfer of the Hardware. Subject to availability of resources, Nutanix will provide de-installation services to Customer at Nutanix's then current time and materials rates provided Customer has complied with these Purchase Terms and Conditions and entered into a separate agreement with Nutanix to receive such de-installation services. Subject to availability of resources, Nutanix will provide re-installation and re-certification services to a third party purchaser or transferee of Nutanix Hardware, in each case at Nutanix's then current time and materials rates provided the purchaser or transferee has: (i) met Nutanix credit requirements; (ii) obtained a Software license from Nutanix; (iii) entered into a separate agreement with Nutanix to receive re-installation and re-certification services; (iv) obtained re-certification of the Products as installed; and (v) paid any Support reinstatement fees and purchased at least a one (1) year term of annual Support from Nutanix commencing upon the date of Product transfer. Customer's remaining outstanding term of Support is not transferable. Notwithstanding the foregoing, Nutanix reserves the right to refuse to grant a Software license or provide Services to a proposed purchaser or transferee as determined in Nutanix's sole and absolute discretion.
6. **RELATIONSHIP OF THE PARTIES.** Nutanix is performing Support as an independent contractor, and not as an employee, agent, joint venturer or partner of Customer, and neither of the parties has the authority to bind the other by contract or otherwise. Nutanix acknowledges and agrees that Nutanix personnel are not eligible for or entitled to receive any compensation, benefits or other incidents of employment that Customer makes available to its employees. Nutanix is solely responsible for all taxes, expenses, withholdings, and other similar statutory obligations arising out of the relationship between Nutanix and Nutanix personnel and the performance of Support by Nutanix personnel.
7. **ENGLISH.** All Support will be provided in the English language unless agreed otherwise. The parties confirm that they have requested that the Purchase Terms and Conditions of which these Support Terms and Conditions are a part and all related documents be drafted in English at the express wishes of the parties. Les parties ont exigé que le présent contrat et to Nutanix les documents connexes soient rédigés en anglais selon la volonté expresse des parties.
8. **CAPITALIZED TERMS.** Capitalized terms not defined herein shall have the meaning set forth in the Purchase Terms and Conditions of which these Support Terms and Conditions are a part, which may be found at www.nutanix.com/support.

EXHIBIT B – LIMITED WARRANTY

1. **EQUIPMENT.** Nutanix warrants solely to Customer that the Hardware will be substantially free from material defects in material and workmanship for the one (1) year period from the date of shipment of the Products (the "Hardware Warranty Period"). Nutanix's entire liability, and Customer's sole and exclusive remedy, under this warranty will be for Nutanix, at Nutanix's option: (i) to use reasonable efforts to repair the defective Hardware within a reasonable period of time; (ii) to replace the defective Hardware; or (iii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, to accept return of the Product for a refund of the amount paid for the Product and the pre-paid and unused portion of any remaining term of Support for the Product. If Customer has purchased Nutanix's no-return-disk option, then Customer will not be invoiced for a replacement disk drive if Customer does not return a failed drive. All Products that are replaced become

Nutanix's property. Nutanix will not be responsible for Customer's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Product returned to Nutanix for repair, whether under warranty or not. This Limited Warranty applies only to Nutanix-branded products. Third party products resold by Nutanix may have separate warranty terms, which can be found at www.nutanix.com/support.

2. **REPLACEMENT PARTS.** All replacement parts carry a warranty on the terms and conditions set forth immediately above of the following duration: (i) if the replacement part is installed with more than ninety (90) days remaining on the Hardware Warranty Period, then the warranty on the replacement part shall be until the expiration of the Hardware Warranty Period; (ii) if the replacement part is installed during the Hardware Warranty Period but with fewer than ninety (90) days remaining on the Hardware Warranty Period, then the warranty on the replacement part shall be ninety (90) days from the date of installation of the replacement part; and (iii) if the replacement part is installed after the expiration of the Hardware Warranty Period under the terms and conditions of Support, then the warranty on the replacement part shall be the earlier of ninety (90) days from the date of installation of the replacement part and the last day of Support. Replacement parts may be new or refurbished.
3. **SOFTWARE.** Nutanix warrants to Customer that the Software will substantially perform in accordance with Nutanix's official Product specifications for the ninety (90) day period from the date of shipment of the Products. Nutanix does not warrant that the operation of the Software will be uninterrupted or error free, or that all defects can be corrected. Nutanix's entire liability, and Customer's exclusive remedy, under this warranty will be for Nutanix, at Nutanix's option: (i) to use reasonable efforts to remedy the defective Software within a reasonable period of time so as to cause it to operate as warranted; (ii) to replace the affected Software; or (iii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, to accept return of the affected Software for a refund of the amount paid by Customer for the affected Software and the pre-paid and unused portion of any remaining term of Support for the affected Software.
4. **SERVICES.** Nutanix will use reasonable efforts to provide Services in a workmanlike manner. Customer must notify Nutanix of any failure to so perform within ten (10) days after the date on which such failure first occurs. Nutanix's entire obligation, and Customer's exclusive remedy, under this warranty will be for Nutanix, at Nutanix option: (i) to use reasonable efforts to re-perform the deficient Services within a reasonable period of time; or (ii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, refund the portion of any Services fee that corresponds to the failure to perform.
5. **EXCLUSIONS.** Nutanix will have no obligation under these Limited Warranties to the extent that any problem with a Product results from or is otherwise attributable to: (i) negligence or misuse or abuse of the Product; (ii) use of the Product other than in accordance with Nutanix's official specifications; (iii) modifications, alterations or repairs to the Product made by a party other than Nutanix or a party authorized by Nutanix; (iv) any failure by Customer or a third party to comply with environmental and storage requirements for the Product specified by Nutanix, including, without limitation, temperature or humidity ranges; or (v) use of the Product in combination with any non-Nutanix apparatus, data or programs outside Nutanix's typical, recommended or reasonably anticipated use of the Products within their official Product specifications. Customer shall be solely liable for all freight, storage, and repair costs associated with any return that, in Nutanix's sole discretion, is not eligible for return hereunder, and Nutanix may invoice Customer for any of the foregoing costs.
6. **WARRANTY DISCLAIMER.** EXCEPT PURSUANT TO THE LIMITED WARRANTIES EXPRESSLY DESCRIBED ABOVE, NUTANIX DOES NOT MAKE, AND HEREBY EXPRESSLY DISCLAIMS ANY WARRANTY OR REPRESENTATION WITH RESPECT TO THE PRODUCTS OR SERVICES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF Limited Warranties Page 2 MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, ACCURACY, RELIABILITY, AND NON-INFRINGEMENT. SOME JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS SO THE FOREGOING LIMITATIONS MAY NOT APPLY TO CUSTOMER. NUTANIX DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCTS WILL BE UNINTERRUPTED OR ERROR FREE.
7. **HAZARDOUS USE RESTRICTION.** THE PRODUCTS ARE NOT DESIGNED FOR USE IN HAZARDOUS ENVIRONMENTS REQUIRING FAILSAFE PERFORMANCE, INCLUDING OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, AND LIFE SUPPORT OR WEAPONS SYSTEMS, OR ANY OTHER SYSTEM WHOSE FAILURE COULD LEAD TO INJURY, DEATH, ENVIRONMENTAL DAMAGE, OR MASS DESTRUCTION.
8. **CAPITALIZED TERMS.** Capitalized terms not defined herein shall have the meaning set forth in the Purchase Terms and Conditions of which these Limited Warranties are a part, which may be found at www.nutanix.com/support.

OpenGov, Inc.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **OpenGov, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All

Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
- 3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

OPENGOV, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. SOFTWARE SERVICES

- 1.1 Subject to the terms and conditions of these OpenGov Terms and Conditions (the "Agreement"), OpenGov will use commercially reasonable efforts to perform the software services (the "Software Services") identified in the applicable Software Agreement entered into by OpenGov and Ordering Activity ("Software Agreement").
- 1.2 Ordering Activity understands that OpenGov's performance depends on Ordering Activity timely providing OpenGov with a copy of the Ordering Activity's chart of accounts in .csv or .xls format. In addition, Ordering Activity agrees to provide OpenGov with five or more years of general ledger data, also in .csv or .xls format, including budget data for the current year and actual expense and revenue data for past years. Any dates or time periods relevant to OpenGov's performance will be extended appropriately and equitably to reflect any delays caused by Ordering Activity's failure to timely deliver any such materials. OpenGov shall not be liable for any delays in performance under this Agreement resulting from Ordering Activity's failure to meet these obligations.

2. RESTRICTIONS AND RESPONSIBILITIES

- 2.1 This is a contract for access to the Software Services and Ordering Activity agrees not to, directly or indirectly: reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code, object code, or underlying structure, ideas, or algorithms of the Software Services, documentation or data related to the Software Services, except to the extent such a restriction is limited by applicable law; modify, translate, or create derivative works based on the Software Services; or copy, rent, lease, distribute, assign, sell, or otherwise commercially exploit, transfer, or encumber rights to the Software Services; or remove any proprietary notices.
- 2.2 Ordering Activity will use the Software Services only in compliance with all applicable laws and regulations (including, but not limited to, any export restrictions).
- 2.3 Ordering Activity shall be responsible for obtaining and maintaining any equipment and other services needed to connect to, access or otherwise use the Software Services and Ordering Activity shall also be responsible for (a) ensuring that such equipment is compatible with the Software Services, (b) maintaining the security of such equipment, user accounts, passwords and files, and (c) for all uses of Ordering Activity user accounts with or without Ordering Activity's knowledge or consent.
- 3. **OWNERSHIP.** OpenGov retains all right, title, and interest in the Software Services and all intellectual property rights (including all past, present, and future rights associated with works of authorship, including exclusive exploitation rights, copyrights, and moral rights, trademark and trade name rights and similar rights, trade secret rights, patent rights, and any other proprietary rights in intellectual property of every kind and nature) therein.

4. RESERVED.

- 5. **DATA LICENSE.** Ordering Activity grants OpenGov a non-exclusive, transferable, perpetual, worldwide, and royalty-free license to use any data or information submitted by Ordering Activity to OpenGov for the development of new software or the provision of the Software Services.

6. RESERVED.

7. RESERVED.

8. WARRANTY AND DISCLAIMER

- 8.1 OpenGov represents and warrants that: (i) it has all right and authority necessary to enter into and perform this Agreement; and (ii) the Software Services shall be performed in a professional and workmanlike manner in accordance with generally prevailing industry standards.
- 8.2 Ordering Activity represents and warrants that (i) it has all right and authority necessary to enter into and perform this Agreement; (ii) it owns all right, title, and interest in and to all data provided to OpenGov for use in and in connection with this Agreement, or possesses the necessary authorization thereto; and (iii) OpenGov's use of such materials in connection with the Software Services will not violate the rights of any third party.
- 8.3 OPENGOV DOES NOT WARRANT THAT THE SOFTWARE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SOFTWARE SERVICES. EXCEPT AS SET FORTH IN THIS SECTION 8, THE SOFTWARE SERVICES ARE PROVIDED "AS IS" AND OPENGOV DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

Santa Clara, CA 95054

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Palo Alto Networks, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All

Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PALO ALTO NETWORKS

PALO ALTO NETWORKS LICENSE, WARRANTY AND SUPPORT TERMS

PALO ALTO NETWORKS MAINTENANCE AND SUPPORT SERVICES ARE NOT GOVERNED BY THIS EULA, AND ARE GOVERNED BY A SEPARATE GLOBAL SUPPORT SERVICES TERMS AND CONDITIONS ("EUSA") DETAILED IN EXHIBIT A.

1. LICENSE GRANT AND RESTRICTIONS.

- 1.1 **Software License Grant.** Subject to the terms and conditions of this EULA, Palo Alto Networks grants to End User a nonexclusive license to: (i) use the Software solely as part of the Hardware with which the Software is delivered, or (ii) in accordance with the published specifications. The Software is solely for End User's internal business purposes unless otherwise agreed to with Palo Alto Networks in a separate written agreement. All other rights in the Software are expressly reserved by Palo Alto Networks.
- 1.2 **Subscription Services Limited Right to Use.** Palo Alto Networks grants to End User the limited right to use the Subscription Services solely in connection with the Hardware and/or Software and solely for End User's internal business purposes.
- 1.3 **License Restrictions.** End User shall maintain the Products in strict confidence and shall not: (a) except in accordance with Palo Alto Networks license transfer procedure (<https://www.paloaltonetworks.com/support/support-policies/secondary-marketpolicy.html>, for informational purposes only), sell, resell, distribute, transfer, publish, disclose, rent, lend, lease or sublicense the Products, or make the functionality of the Products available to any other party (excluding contractors or other third party providing IT services to Customer) through any means (unless otherwise permitted in writing by Palo Alto Networks as expressly agreed to in a separate Managed Security Services Provider agreement), including, without, limitation, by uploading the Software or Subscription Services to a network or file-sharing service or through any hosting, application services provider, service bureau or other type of services; (b) modify, translate or create derivative works based on the Software or Subscription Services, in whole or in part, or permit or authorize a third party to do so; (c) disassemble, decompile, reverse compile, reverse engineer or otherwise attempt to derive the source code of the Software, in whole or in part, or permit or authorize a third party to do so, except to the extent such activities are expressly permitted by applicable law in the jurisdiction of use notwithstanding this prohibition; (d) disclose, publish or otherwise make publicly available any benchmark, performance or comparison tests that End User runs (or has run on its behalf by a third party) on the Products; (e) duplicate the Software except for making a reasonable number of archival or backup copies, provided that End User reproduces on or in such copies the copyright, trademark and other proprietary notices or markings that appear on the original copy of the Software (if any) as delivered to End User.
- 1.4 **Affiliates.** If End User purchases the Product for use by any End User Affiliate (defined below), End User shall: (a) provide each such End User Affiliate with a copy of this EULA; (b) ensure that each such End User Affiliate complies with the terms and conditions therein; and (c) be responsible for any breach of these terms and conditions by any such End User Affiliate. For purposes of this EULA, "Affiliate" means any entity that Controls, is Controlled by, or is under common Control with End User or Palo Alto Networks, as applicable, where "Control" means ownership, directly or indirectly, of 50% or more of the voting interest of End User or Palo Alto Networks, as applicable.

2. OWNERSHIP.

The Software and Subscription Services are licensed, not sold. Palo Alto Networks retain all right, title, interest and ownership of the Software and Subscription Services, including copyrights, patents, trade secret rights, trademarks and any other intellectual property rights therein. End User shall not delete or in any manner alter the copyright, trademark, or other proprietary rights notices or markings that appear on the Software and Subscription Services or related documentation as delivered to End User. To the extent you provide any suggestions or comments related to the Products to Palo Alto Networks or its authorized third party agent,

Palo Alto Networks shall have the right to retain and use any such suggestions or comments in current or future products or services, without your approval or further compensation to you.

3. RESERVED.

4. WARRANTY, EXCLUSIONS AND DISCLAIMERS.

4.1 Warranty. Palo Alto Networks warrants that, under normal authorized use (a) the Hardware shall be free from defects in material and workmanship for one (1) year from the date of shipment; and (b) the Software will substantially conform to Palo Alto Networks' published specifications for three (3) months from the date of shipment. As End User's sole and exclusive remedy and

Palo Alto Networks' and its suppliers' liability for breach of warranty, Palo Alto Networks shall, at its option and expense, repair or replace the Hardware or correct the Software, as applicable. All warranty claims must be made on or before the expiration of the warranty period specified herein. Replacement Products may consist of new or remanufactured parts that are equivalent to new. All Products that are returned to Palo Alto Networks and replaced become the property of Palo Alto Networks. Palo Alto Networks shall not be responsible for End User's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Product returned to Palo Alto Networks for repair or upon termination, whether under warranty or not.

4.2 Exclusions. The warranty set forth above shall not apply if the failure of the Product results from or is otherwise attributable to: (i) repair, maintenance or modification of the Product by persons other than Palo Alto Networks -authorized third party; (ii) accident, negligence, abuse or misuse of a Product; (iii) use of the Product other than in accordance with Palo Alto Networks' specifications; (iv) improper installation or site preparation or any failure by End User to comply with environmental and storage requirements for the Product specified by Palo Alto Networks, including, without limitation, temperature or humidity ranges; or (v) causes external to the Product such as, but not limited to, failure of electrical systems, fire or water damage.

4.3 Disclaimers. EXCEPT FOR THE WARRANTIES EXPRESSLY STATED AND AS OTHERWISE PROHIBITED BY APPLICABLE LAW, THE HARDWARE, SOFTWARE AND SUBSCRIPTION SERVICES ARE PROVIDED "AS IS". PALO ALTO NETWORKS AND ITS SUPPLIERS MAKE NO OTHER WARRANTIES AND EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE. PALO ALTO NETWORKS DOES NOT WARRANT THAT (I) THE PRODUCT WILL MEET END USER'S REQUIREMENTS, (II) USE THEREOF SHALL BE UNINTERRUPTED OR ERROR-FREE, OR (III) THE HARDWARE, SOFTWARE OR SUBSCRIPTION SERVICES WILL PROTECT AGAINST ALL POSSIBLE THREATS WHETHER KNOWN OR UNKNOWN.

5. RESERVED.

6. RESERVED.

7. END USER DATA.

Palo Alto Networks utilizes industry standard practices and policies to maintain administrative, physical and technical safeguards for the protection and security of End User Data (defined below). End User is hereby notified and acknowledges that Palo Alto Networks Products may include interaction and communication with facilities hosted outside of the country where End User purchased or utilizes the Products. End User is further notified and acknowledges that some Subscription Services may allow End User, in its sole discretion, to send data to Palo Alto Networks, where such data may contain personally-identifiable, sensitive, and/or confidential data and information (collectively, "End User Data"). End User represents and warrants that End User's use of the Subscription Services and related submission of End User Data complies with all applicable laws, including those related to data privacy, data security, international communication and the exportation of technical, personal or sensitive data. Palo Alto Networks is not a data processor or data collector, and the inclusion of such personally identifying or sensitive data in End User Data is solely incidental to the provision of the Subscription Services. Submission of End User Data to Palo Alto Networks shall be at End User's sole discretion and at its own risk, and Palo Alto Networks assumes no responsibility for receipt of such End User Data. End User Data sent to Palo Alto Networks may be stored by Palo Alto Networks. End User further acknowledges that Palo Alto Networks may anonymize such End User Data to use for statistical purposes and share samples of such anonymized End User Data with other third party security-related researchers, vendors and customers.

8. GENERAL.

8.1 Reserved.

8.2 Reserved.

8.3 Reserved.

8.4 Reserved.

8.5 Reserved.

8.6 Reserved.

8.7 U.S. Government End Users. This section applies to United States Government End Users only and does not apply to any other End Users. The Software and its documentation are “commercial computer software” and “commercial computer software documentation,” respectively; as such terms are used in FAR 12.212 and DFARS 227.7202. If the Software and its documentation are being acquired by or on behalf of the U.S. Government, then, as provided in FAR 12.212 and DFARS 227.7202-1 through 227.7202-4, as applicable, the U.S. Government’s rights in the Software and its documentation shall be as specified in this EULA.

8.8 Open Source Software. The Products may contain or be provided with components subject to the terms and conditions of open source software licenses (“Open Source Software”). A list of Open Source Software can be found at <https://www.paloaltonetworks.com/company/third-party-software.html>, for informational purposes only.

8.9 Reserved.

8.10 Authorization Codes, Grace Periods and Registration. Your Product may require an authorization code for activation for support of Your Product or to access Subscription Services. The authorization codes will be issued at the time of order fulfillment and sent to You via email. The service period will commence in accordance with the grace period policy at <https://www.paloaltonetworks.com/support/support-policies/grace-period.html>, for informational purposes only. You are hereby notified that, upon applicable grace period expiration, if any, Palo Alto Networks reserves the right to register Your Product and activate support services (if purchased) on Your behalf without further notification to You.

8.11 WildFire Related Microsoft Licenses. End User acknowledges that certain WildFire offerings require licenses for certain Microsoft software, including Windows and Office, as described further in the relevant Wildfire documentation. Where Microsoft software is provided with certain WildFire offerings, Palo Alto Networks has procured or otherwise provided the necessary Microsoft licenses for the WildFire offering. Customer is hereby notified and acknowledges that Microsoft updates and upgrades (software assurance) are not provided with the WildFire product and must be obtained by Customer directly from Microsoft in order for Customer to utilize later versions of Microsoft products beyond the versions initially provided with the WildFire offerings.

8.12 Reserved.

2. DEFINITIONS

- a) **"Business Hours"** means Mondays through Fridays, 7:00 am – 6:00 pm PST, excluding U.S. and California holidays.
- b) **"Hardware"** means the appliance and server agent products listed on Palo Alto Networks' then-current published product price list.
- c) **"Major Releases"** means significant modifications or improvements to the Software that: (i) are designated by a change in the 1st digit of the version release number (e.g., v5.0 to v6.0); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.
- d) **"Minor Releases"** means minor modifications or improvements to the Software, cumulative bug fixes from Maintenance Releases since the last Minor Release and new bug fixes, as applicable, that: (i) are designated by a change in the 2nd set of digits of the version release number (e.g., v5.00 to v5.01); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.
- e) **"Maintenance Releases"** means bug fixes to the Software that: (i) are designated by a change in the 3rd set of digits of the version release number (e.g., v5.00.01 to v5.00.02); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.
- f) **"Palo Alto Networks Standard Support," "Palo Alto Networks Premium Support," and "Palo Alto Networks 4 Hour Premium Support"** refer to software and hardware support programs offered by Palo Alto Networks, as further detailed in Section 3 below.
- g) **"Palo Alto Networks Support Plans"** means Palo Alto Networks Standard Support, Palo Alto Networks Premium Support, Palo Alto Networks 4 Hour Premium Support, and any other support plan for the Products described in this Agreement or on the Palo Alto Networks Support Web Site.
- h) **"Palo Alto Networks Support Web Site"** means the web site currently located at <https://support.paloaltonetworks.com>, or any successor site thereto, as specified by Palo Alto Networks.
- i) **"Products"** means, collectively, Hardware and Software.
- j) **"Software"** means the software products listed on Palo Alto Networks' then-current published product price list, including any software embedded in Hardware.

3. DESCRIPTION OF SUPPORT PLANS

Each Product under a Palo Alto Networks Support Plan must be registered by Customer in the Palo Alto Networks Support Web Site in order to access the features available on such site. In consideration of Customer's purchase of a Palo Alto Networks Support Plan, Palo Alto Networks will use commercially reasonable efforts to provide the applicable services, as set forth in the table entitled "Support Plans and Services Offered" above, which are more fully described as follows: a) **Technical Support**

- i. Telephone support available during the times specified for the Palo Alto Networks Support Plan purchased by Customer.
- ii. Support cases created via the Web will be classified as non-critical and will have a response time based on the severity classification as set forth in the table entitled "Support Plans and Services Offered" above. b) **Secure Web Access**
 - i. Access to the Palo Alto Networks Support Web Site to acquire the latest software fixes, feature releases, software release notes, signature updates, FAQs, case management and technical documentation.
 - ii. Palo Alto Networks will use commercially reasonable efforts to ensure that the Palo Alto Networks Support Web Site is available 24x7.

Palo Alto Networks reserves the right to modify the support plans offered. Please refer to the Palo Alto Networks Support Web Site for the most current support plan descriptions.

4. SUPPORT OPTIONS

Customer shall choose from three support plans: (i) Palo Alto Networks Standard Support, (ii) Palo Alto Networks Premium Support, or (iii) Palo Alto Networks 4 Hour Premium Support.

Based upon the Customer's selection and payment of the applicable fees per the purchase, Palo Alto Networks shall have the following obligations:

a) Palo Alto Networks Standard Support

- i. Maintain and support the list of releases as defined as the current support releases on the Palo Alto Networks Support Web Site.
- ii. Make available all supported Maintenance Releases, Minor Releases and Major Releases. iii. Verify and correct identified defects in the Software for the currently supported Maintenance Releases. iv. Provide access to Palo Alto Networks online support through the Palo Alto Networks Support Web Site including, but not limited to, knowledge base/FAQ, case management and software downloads.

- v. Provide technical telephone support Monday through Friday, excluding Palo Alto Networks' designated holidays, in accordance to the times listed on Palo Alto Networks Support Web Site.
- vi. Provide a return and repair service for Hardware defects.

Customer may access Palo Alto Networks technical call center numbers and website address as listed in the table entitled "Support Plans and Services Offered" above.

b) Palo Alto Networks Premium Support

Includes all of the support services described under Palo Alto Networks Standard Support plus the following:

- i. After hours technical telephone support on a 7x24 (seven days per week, 24 hours per day) basis for Severity 1, critical issues.
- ii. Provide a next business day ship advance replacement for Hardware defects.

c) Palo Alto Networks 4 Hour Premium Support

This support option is available only for Products located within a specified range of a Palo Alto Networks Service Location. Includes all of the support services described under Palo Alto Networks Premium Support plus commercially reasonable efforts by Palo Alto Networks to deliver the replacement hardware to the Customer within four hours.

5. RMA POLICY AND PROCESS

In those situations when it is necessary for Customer to return a Product to Palo Alto Networks, Customer must request Palo Alto Networks to issue a Return Material Authorization (RMA) Number prior to shipment. Each RMA Number will be uniquely identified and records will be maintained to record significant information regarding the processing of the Product.

- a) **Return and Repair:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone or email or via the Palo Alto Networks Support Web Site. Palo Alto Networks Support will work with Customer to confirm the Hardware problem and issue an RMA Number to be used in connection with shipping the Product back to Palo Alto Networks. Customer shall repackage the Product in the original packaging (shipping damage that occurs as a result of insufficient packaging is not covered under this Agreement), note the RMA Number on the shipping label and ship the Product to the specified Palo Alto Networks location. Products will be repaired or replaced within 10 business days from receipt of the defective Product by Palo Alto Networks. Palo Alto Networks will pay all shipping costs that it incurs in connection with shipping the repaired or replacement Product to Customer.
- b) **Advance Replacement:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone or via the Palo Alto Networks Support Web Site. Palo Alto Networks Support will work with the Customer to confirm the Hardware problem and issue an RMA Number to be used in connection with shipping the Product back to Palo Alto Networks. Palo Alto Networks will ship a replacement Product to Customer by the next business day and a prepaid return airbill will be included with the shipping documents affixed to the exterior of the shipping carton. Palo Alto Networks will pay all shipping costs that it incurs in connection with shipping the replacement Product to Customer. Upon receipt of a replacement Product, Customer shall return the defective Product to Palo Alto Networks in the replacement Product's packaging (shipping damage that occurs as a result of insufficient packaging is not covered under this Agreement), the airbill affixed to the exterior of the shipping carton and the designated courier service contacted for pickup. If Palo Alto Networks does not receive the returned Product within 10 business days after the date of Customer's receipt of the replacement Product, Customer will be charged current list price of the replacement Product.
- c) **4 Hour RMA Replacement:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone. Palo Alto Networks Support will work with the Customer to confirm the Hardware problem and issue an RMA Number to be used by Palo Alto Networks for administrative purposes. Palo Alto Networks will use its commercially reasonable efforts to have a replacement Product delivered to Customer within four hours of the time the Customer receives an RMA number. Customer must have an authorized representative available to accept delivery of the replacement Product. If Palo Alto Networks (or its subcontractor) is unable to complete delivery because Customer does not have an authorized representative available, Palo Alto Networks reserves the right to charge Customer for costs incurred in making a subsequent delivery.

6. CUSTOMER OBLIGATIONS

During the term of this Agreement, Customer shall:

- a) Operate at the then-current Maintenance Release; and
- b) Use reasonable efforts to isolate, collect all error and log files to enable Palo Alto Networks to fulfill its obligations herein.

7. LIMITATIONS

The following services are expressly excluded from the Palo Alto Network Support Plans:

- a) Repair or replacement of Product required as a result of causes other than normal use, including without limitation: (i) repair, maintenance or modification of the Product by persons other than Palo Alto Networks -authorized personnel; (ii) accident,

fault or negligence of Customer; (lii) user error or misuse of the Product; or (iv) causes external to the Product such as, but not limited to, failure of electrical systems or fire or water damage or hardware failure, operation system software failure or any other damage and failure not caused by Palo Alto Networks.

- b) Maintenance or technical services for any third party software or hardware, whether or not such third party software or hardware is provided by Palo Alto Networks.

8. RESERVED.

9. NO WARRANTY

Nothing in this Agreement shall be construed as expanding or adding to the warranty set forth in the EULA. PALO ALTO NETWORKS MAKES, AND CUSTOMER RECEIVES, NO WARRANTIES OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, ARISING IN ANY WAY OUT OF, RELATED TO, OR UNDER THIS AGREEMENT OR THE PROVISION OF MATERIALS OR SERVICES HEREUNDER, AND PALO ALTO NETWORKS SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.

Phantom Cyber Corporation
2479 E. Bayshore Road, Suite 180
Palo Alto, CA 94303

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Phantom Cyber Corporation (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All

Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
13. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
PHANTOM CYBER CORPORATION
PHANTOM CYBER CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS

Phantom™ Product License Terms

Your access to and use of this software, including any updates or support you may receive from us (collectively "Phantom"), is governed by the terms and conditions of this agreement between you and Phantom Cyber Corporation, as supplemented or modified by the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Orders. As used in this agreement, "you" refers to you as an individual as well as other individuals you allow to access or use Phantom on your computer systems, and any legal entity you control, work for, or represent when you access or use Phantom. The terms "us" and "we" refers to Phantom Cyber Corporation.

By Executing this agreement in writing, you accept these terms and conditions. If you do not accept them, DO NOT EXECUTE THIS DOCUMENT.

1. Licensed Use Rights and Limits. Phantom is licensed to you on an annual subscription basis for installation and permitted use by you for your internal business purposes on equipment you own or control located in the United States (your "System"). Your permitted use of Phantom is subject to the limits of the subscription you selected when ordering Phantom in terms of the duration of your subscription set forth in the ordering document (the "Term") as well as the number of "Actions" per day (the 24 hour period measured using Coordinated Universal Time "UTC") executed by Phantom on your System based on the "Playbooks" you have selected for use, as these terms are used in the Phantom product documentation. If you agree with all the terms and conditions of this agreement and execute it in writing, then you may install and use Phantom on your System up to the maximum number of permitted daily Actions. You may not share a license you acquire with a third party, nor may you install or use Phantom on equipment that you do not own or control.

(a) Reserved .

(b) Reserved .

(c) Full Enterprise Version; Support. If you acquire a license for the "Full Enterprise" version of Phantom, you will receive a license key which will enable your installation of Phantom to operate with full functionality during the Term up to the maximum number of daily Actions applicable to the subscription you ordered. You will also be entitled during the Term to limited customer support in the English language made available through our website including support forums, product documentation, tutorials, community pages, and product updates if and when available. If your license to the Full Enterprise Version expires and is not renewed, your license will then convert to that of a limited functionality Community Edition and you will no longer be eligible for customer support.

2. Other License Limitations. Phantom is licensed, not sold. Phantom is protected by copyright and other intellectual property laws and treaties. This agreement only gives you limited rights to use Phantom. We reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use Phantom only as expressly permitted in this agreement. In doing so, you must comply with technical limitations in Phantom that only allow you to use it in certain ways. You may not:

- work around the technical limitations in Phantom;
- reverse engineer, decompile or disassemble Phantom, except and only to the extent that applicable law expressly permits, despite this limitation;
- install on unauthorized computers or use Phantom beyond limits specified in this agreement;
- use Phantom to develop or disclose the results of any benchmarking of performance
- publish Phantom for others to copy;

- distribute Phantom to any third party;
- rent, lease or lend Phantom; or
- transfer Phantom or this agreement to any third party.

2. Reserved.

3. Your Feedback. If you give feedback about Phantom to us, you give to us, without charge, the right to use that feedback for any purpose. You will not give feedback that is subject to a license that requires us to license our software or documentation to third parties because we include your feedback in them. These rights survive this agreement.

4. Customer service. We will use commercially reasonable efforts during our normal business hours to provide or make available limited customer support services to you upon request related to Phantom during the Term if you have a full enterprise license. Any supplemental software code, updates or materials provided to you as part of customer service for Phantom will be considered part of Phantom and subject to the terms and conditions of this agreement.

5. U.S. Government Restricted Rights. Phantom and its accompanying documentation are deemed to be commercial computer software as defined in FAR 12.212 and subject to restricted rights as defined in FAR Section 52.227-14 "Commercial Computer Software - Restricted Rights" and DFARS 227.7202, "Rights in Commercial Computer Software or Commercial Computer Software Documentation," as applicable, and any successor regulations. Any use, modification, reproduction release, performance, display or disclosure of Phantom by the U.S. Government shall be solely in accordance with the terms of this agreement.

6. Export Restrictions. Phantom is subject to applicable U.S. export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to Phantom. These laws include restrictions on destinations, end users and end use. You agree not to export Phantom to any prohibited country, entity, or person for which an export license or other governmental approval is required.

7. DISCLAIMER OF WARRANTIES. We warrant that Phantom will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, PHANTOM IS LICENSED "AS-IS." TO THE FULL EXTENT PERMITTED BY APPLICABLE LAW, WE EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS, AND WE MAKE NO WARRANTIES THAT: (I) OUR PRODUCTS, SERVICES, AND/OR WEBSITE WILL MEET YOUR REQUIREMENTS; (II) OUR PRODUCTS, SERVICES, AND/OR WEBSITE WILL BE UNINTERRUPTED, TIMELY, SECURE, OR ERROR-FREE; (III) THE RESULTS THAT MAY BE OBTAINED FROM YOUR USE OF THE PRODUCTS, SERVICES, AND/OR USE OF THE WEBSITE WILL BE ACCURATE OR RELIABLE; (IV) THE QUALITY OF ANY PRODUCTS AND/OR SERVICES PURCHASED OR INFORMATION OBTAINED BY YOU THROUGH THE PRODUCTS, SERVICES, AND/OR WEBSITE WILL MEET YOUR EXPECTATIONS; OR (V) ANY ERRORS IN THE PRODUCTS, SERVICES, AND/OR WEBSITE WILL BE CORRECTED. PHANTOM IS NOT DESIGNED, INTENDED OR LICENSED FOR USE IN HAZARDOUS ENVIRONMENTS WHERE A SOFTWARE MALFUNCTION COULD CAUSE PROPERTY DAMAGE OR PERSONAL INJURY, AND WE SPECIFICALLY DISCLAIM ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR SUCH PURPOSES. WE DO NOT WARRANT IN ANY WAY THIRD-PARTY PRODUCTS, INCLUDING BUT NOT LIMITED TO "PLAYBOOKS" OR "APPS" YOU MAY DEVELOP YOURSELF OR OBTAIN FROM ANY THIRD PARTIES THROUGH OUR COMMUNITY PAGES OR ELSEWHERE. YOU ASSUME ALL RISKS IN USING THIRD-PARTY PRODUCTS OR SERVICES WITH PHANTOM.

8. LIMITATION ON AND EXCLUSION OF DAMAGES. OUR LIABILITY UNDER THIS AGREEMENT IS LIMITED. YOU CAN RECOVER ONLY DIRECT DAMAGES UP TO THE AMOUNT THAT YOU PAID FOR PHANTOM. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES. THIS LIMITATION APPLIES TO ALL CLAIMS RELATED TO PHANTOM, INCLUDING WITHOUT LIMITATION CLAIMS FOR BREACH OF CONTRACT, BREACH OF WARRANTY, GUARANTEE OR CONDITION, STRICT LIABILITY, NEGLIGENCE, OR OTHER TORT TO THE EXTENT PERMITTED BY APPLICABLE LAW. IT ALSO APPLIES EVEN IF WE KNEW OR SHOULD HAVE KNOWN ABOUT THE POSSIBILITY OF THE DAMAGES. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

9. Reserved.

10. Applicable Law; Forum. California state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. Without limiting the parties' rights and obligations under the Arbitration Provision of this agreement, you agree that any lawsuit filed to resolve any Claim you have with us arising out of or relating to this agreement will be brought exclusively in a state or federal court located in or for Santa Clara County, and you agree to submit to the personal jurisdiction of such courts for the purpose of such Claims.

11. **Entire Agreement; Severability.** This Agreement, together with the underlying GSA Schedule Contract and Schedule Pricelist, as well as any ordering documents prepared or signed by Phantom specifying the Term of the subscription and applicable limitations (such as the maximum number of daily Actions) constitutes a complete and exclusive statement of the terms of the agreement between the parties with respect to its subject matter. This agreement may not be amended, supplemented or otherwise modified except by a written agreement executed by an authorized representative of both parties. If for any reason any provision of this agreement is held to be invalid or unenforceable to any extent, then (a) such provision will be interpreted, construed or reformed to the extent reasonably required to render the same valid, enforceable and consistent with the original intent underlying such provision; (b) such provision will remain in effect to the extent that it is not invalid or unenforceable; and (c) such invalidity or unenforceability will not affect any other provision of this agreement.

Procore Technologies, Inc.
6309 Carpinteria Ave.
Carpinteria, CA 93101

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Procore Technologies, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

 - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

- h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A – PROCORE TECHNOLOGIES

PROCORE Subscription TERMS

1. **Background.** Procore has developed certain construction project management Software (defined below), to which it provides access as part of its Services (defined below). Ordering Activity wishes to enter into this Agreement for a subscription to the Services identified on an Ordering Document. Procore desires to make those Services available to Ordering Activity subject to the terms of this Agreement.

2. **Definitions.** The capitalized terms listed below have the following meanings:

2.1 "Agreement" means, collectively, the terms of the Ordering Document, the underlying GSA Schedule Contract, the Schedule pricelist, and these terms.

2.2 "Authorized User" means any individual who is authorized by virtue of such individual's relationship to, or permissions from, Ordering Activity, to access and use the Services pursuant to Ordering Activity's rights under this Agreement.

2.3 "Construction Volume" means the aggregate dollar value of the construction work performed, planned, or put in place by Ordering Activity for all Ordering Activity Projects during a given time period, most often a one-year period.

2.4 "Ordering Activity Content" means any content created by or on behalf of Ordering Activity or an Authorized User in connection with the Services and Ordering Activity Projects.

2.5 "Ordering Activity Data" means the data provided by Ordering Activity to Procore regarding Authorized Users, including personally identifiable information.

2.6 "Ordering Activity Project" means each distinct construction project constrained by a specific scope, budget, and schedule, as specified in a construction project agreement. The Project lifecycle phases for typical construction projects may include initiation, planning, design, demolition, construction, commissioning, and closeout. Procore considers projects in the construction phase to be subject to restriction in number by "project caps" within an Ordering Document that specify how many simultaneous projects may be managed under the terms of a Procore subscription. The construction phase is considered to commence with the bid and award process, and is considered to be complete upon the project owner's written acknowledgement of substantial completion, or the award of a certificate of occupancy from the local regulatory or governmental authority responsible for determining substantial completion.

2.7 "Documentation" means the online screen-share demonstration materials, marketing collateral, and other materials in written or electronic form provided to Ordering Activity by Procore in connection with Ordering Activity's subscription to the Services.

2.8 "Enhancements" means the following: minor modifications, revisions, and corresponding Documentation with respect to the Services, including the addition of enhancements or improved performance made available by Procore to the Services; however, Enhancements do not include the addition of New Features not originally included as part of the Services described on a particular Ordering Document.

2.9 "Maintenance Modifications" means bug fixes, patches, modifications, or revisions to the Services that correct errors therein; however Maintenance Modifications do not include New Features not originally included as part of the Services described on a particular Ordering Document.

2.10 "New Features" means those significant technological or service features and/or tools that Procore develops over time, which are offered to Ordering Activities as additional features for a fee and are distinct from included Enhancements and Maintenance Modifications.

2.11 "Ordering Document" means the order form document issued by Ordering Activity.

2.12 "Services" means Procore's distinct services purchased by Ordering Activity as specified on the Ordering Document.

2.13 "Site" means app.procore.com and all associated Procore mobile applications.

2.14 "Software" means Procore's software programs and any associated user interfaces and related technology that Procore uses to provide the Services, and that Procore makes available pursuant to this Agreement, including any Enhancements and Maintenance Modifications thereto.

2.15 "Subscription Fee" means the agreed-upon subscription fee for the Services as stated on the Ordering Document.

3. Provision of Service/Responsibilities.

3.1 Subscription Rights and Access. Procore grants Ordering Activity the nonexclusive limited-time subscription and right to use the Services in accordance with this Agreement. Further, Procore agrees that Ordering Activity may access and use, and permit each Authorized User to access and use, the Services for its intended purpose, in accordance with the specifications set forth in any Documentation and subject to the terms of this Agreement and the limits on Construction Volume, Projects, and/or other use restrictions specified on each Ordering Document. Procore shall provide to Ordering Activity the necessary passwords, security protocols and policies, and network links or connections to allow Ordering Activity and its Authorized Users to access the Services. Procore shall provide the Ordering Activity and Authorized Users with (a) support for the Services as outlined in Exhibit A, and (b) access to Enhancements and Maintenance Modifications as they become available. Ordering Activity and its Authorized Users are solely responsible for ensuring that they have sufficient and compatible hardware, software, telecommunications equipment, and Internet service necessary for the use of the Site and Services. All other rights not expressly granted in this agreement are reserved by Procore.

3.2 Site Updates. Procore may change, modify, upgrade, or discontinue any aspect or feature of the Site in whole or in part. Such changes, upgrades, modifications, additions, or deletions will be effective immediately upon notice thereof, which may be made by posting such changes to the Site. In the event Procore modifies or discontinues any content or feature of the Site which results in reduction of functionality or degradation of the Site, Procore shall provide comparable functionality.

3.3 Limitations. Ordering Activity shall not, and shall not authorize or permit any Authorized User to (a) rent, loan, or re-license rights to access and/or use the Services or Software (except as specifically provided herein); (b) copy, modify, disassemble, decompile, or reverse engineer software included as part of the Services; (c) share identification or password codes with persons other than Authorized Users, or permit Ordering Activity's account to be accessed by individuals who are not Authorized Users; (d) access, use, or permit a third party to access or use the Services or Software for purposes of competitive analysis, including the development, provision, or use of a competing software or service or for any other purpose that may be to Procore's detriment or commercial disadvantage; or (e) use the Services in any way not expressly provided for in this Agreement. Ordering Activity shall be responsible for all activities that occur under Ordering Activity's account and for all actions of Ordering Activity or its Authorized Users and both Ordering Activity and Authorized Users shall use the Services in accordance with this Agreement. Ordering Activity shall notify Procore of any unauthorized use of Ordering Activity's passwords or account, or any other breach of security that is known or suspected by Ordering Activity. Ordering Activity and its Authorized Users shall abide by all applicable local, state, and national laws and regulations in connection with their use of the Services. Ordering Activity shall be responsible for any breach of this Agreement by its Authorized Users and agrees to enter into agreements with its Authorized Users that contain terms that impose no less restrictions in all material respects than those imposed on Ordering Activity herein, including, but not limited to, the provisions regarding the use of the Services and protection of Procore's intellectual property.

3.4 Ordering Activity Content. Procure will process Ordering Activity Content as instructed by Ordering Activity in order to perform the Services. The Parties acknowledge and agree that the Ordering Activity is at all times the data controller and Procure is a data processor. Ordering Activity represents and warrants that it has all necessary rights in the Ordering Activity Content to grant Procure the right to use, and Ordering Activity hereby grants Procure a non-exclusive, worldwide, royalty-free and fully paid license to use, the Ordering Activity Content as necessary for Procure to provide the Services. All rights in and to the Ordering Activity Content not expressly granted to Procure in this Agreement are reserved by Ordering Activity. Ordering Activity represents and warrants that any Ordering Activity Content hosted by Procure as part of the Services will not (a) infringe or violate the rights of any third party; (b) be deceptive, defamatory, obscene, or unlawful; or (c) contain any viruses, worms, or other malicious computer programming codes intended to damage Procure's system or data. Ordering Activity acknowledges that any use of the Services by Ordering Activity or Authorized Users contrary to or in violation of the representations and warranties of Ordering Activity in this section constitutes unauthorized and improper use of the Services. Ordering Activity shall have the sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all Ordering Activity Content. The Parties acknowledge that Procure does not and cannot review all Ordering Activity Content and will not be responsible for such content.

3.5 Ordering Activity Data. Procure will process Ordering Activity Data as instructed by Ordering Activity in order to perform the Services. The Parties acknowledge and agree that the Ordering Activity is at all times the data controller and Procure is a data processor. Ordering Activity represents and warrants that Ordering Activity shall only provide to Procure the minimum amount of personally identifiable information for each Authorized User to enable the Authorized User to enjoy the benefit of this Agreement. Ordering Activity represents and warrants that Ordering Activity is entitled to transfer relevant Ordering Activity Data to Procure so that Procure may lawfully use, process, and transfer the Ordering Activity Data in accordance with this Agreement on Ordering Activity's behalf and Ordering Activity shall ensure the same; Ordering Activity shall ensure that the relevant third parties, including data subjects, have been informed of, and have given their consent to, such use, processing, and transfer as required by all applicable data protection legislation. Ordering Activity acknowledges that Procure is reliant on Ordering Activity for direction as to the extent to which Procure is entitled to use and process the Ordering Activity Data. Procure shall process the Ordering Activity Data only in accordance with the terms of this Agreement and any written instructions given by Ordering Activity. Ordering Activity acknowledges and agrees that the Ordering Activity Data may be transferred or stored in the United States of America in order to carry out the Services and Procure's other obligations under this Agreement. Ordering Activity acknowledges and agrees that the Ordering Activity Data may be shared with third parties only as necessary to provide the Services. Procure will not be liable for any claim brought by an Authorized User arising from any action or omission by Procure, to the extent that such action or omission resulted from Ordering Activity's instructions.

3.6 Ordering Activity Acknowledgement. As of the effective date listed on the Ordering Document, Ordering Activity acknowledges and agrees that an authorized representative of Ordering Activity has evaluated the features and functionality of the Services in a means satisfactory to Ordering Activity and accepts that the Services have been demonstrably shown to have all of the features and functionality that have been represented to Ordering Activity. Ordering Activity agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features, nor dependent on any oral or written public comments made by Procure regarding future functionality or features.

3.7 Non-Procure Applications. Procure or third parties may make available third-party products or services ("Non-Procure Applications"). Any use by Ordering Activity and any exchange of data between Ordering Activity and the provider of Non-Procure Applications is solely between Ordering Activity and the applicable provider. Procure does not warrant or support Non-Procure Applications or other non-Procure products or services. If Ordering Activity installs or enables a Non-Procure Application for use with the Services, Ordering Activity hereby grants Procure permission to allow the provider of that Non-Procure Application to access Ordering Activity's data and content as required for the interoperation of that Non-Procure Application with the Services. Procure is not responsible for any disclosure, modification, or deletion of any of Ordering Activity's data or content resulting from access by a Non-Procure Application. The Services may contain features designed to interoperate with Non-Procure Applications. To use such features, Ordering Activity may be required to obtain access to Non-Procure Applications from their providers, and may be required to grant Procure access to Ordering Activity's account(s) on the Non-Procure Applications.

3.8 Reserved.

4. Reserved.

5. Reserved.

6. Proprietary Rights.

Procure will retain all worldwide rights in the intellectual property in and on the Site, the look and feel of the Site, and all copyrights in and to its content. The Site is copyrighted, trademarked, or otherwise protected, and owned or licensed by Procure. Nothing in this Agreement grants Ordering Activity or any Authorized User an express or implied right to use any Procure intellectual property except as set forth in section 3.1 above. All proprietary rights in the Services, including the Software as well as any aggregate usage statistics, traffic patterns, and other non-personally identifiable data collected by Procure in connection with use of the Services, will be the sole and exclusive property of Procure. Procure retains the royalty-free right to use any suggestions, ideas, feedback, or other

recommendations provided by Ordering Activity or Authorized Users relating to the Services. Ordering Activity hereby grants Procore the right to contact Ordering Activity and Authorized Users in connection with their use of the Services unless otherwise stated on the Ordering Document.

7. Warranties and Liability.

7.1 Limited Warranty. Each Party warrants that it has all necessary authority to enter into and perform its obligations under this Agreement. Procore represents and warrants that (1) the Services will perform in accordance with the Documentation under normal circumstances, and (2) the Services provided hereunder will be performed in a professional manner in accordance with prevailing industry Standards. Provided that Ordering Activity notifies Procore of any breach of the foregoing warranty during the Term, Procore shall, as Ordering Activity's sole and exclusive remedy, provide the support services set forth in Exhibit A to this Agreement. The Services may contain links to sites on the Internet that are owned and operated by third parties. Ordering Activity acknowledges and agrees that Procore is not responsible for the availability of, or the content located on or through, any such external site.

7.2 Disclaimer. Except as specifically provided in this Agreement, Procore disclaims all other warranties and conditions, express or implied. Procore expressly disclaims any implied warranties, including the warranties of merchantability, fitness for a particular purpose, title and non-infringement. Procore does not warrant that the operation of the Services will be uninterrupted or error-free.

7.3 Reserved.

EXHIBIT A
SUPPORT AND MAINTENANCE

1. Service-Level Agreement.

Procore has a service-level objective for the Services of 99.9% availability, 24 hours a day, 7 days a week, 365 days a year. Downtime does not include (i) problems caused by factors outside of Procore's reasonable control, and (ii) unavailability of the Services during scheduled maintenance. Scheduled maintenance is communicated to users through "in app" notifications, with a minimum of a 24 hour notice of the scheduled maintenance.

During the Term of this Agreement, the Services will be operational and available to Ordering Activity at least 99.9% of the time in any calendar month (the "Procore SLA"). If Procore does not meet the Procore SLA, and if Ordering Activity meets its obligations under this Procore SLA, Ordering Activity will be eligible to receive the Service Credits described below. This Procore SLA states Ordering Activity's sole and exclusive remedy for any failure by Procore to provide the Service.

Definitions. The following definitions shall apply to the Procore SLA.

- a. "Downtime" means the inability to utilize the Services in the normal course of business due to a failure within the Service and not resulting from (i) factors outside of Procore's reasonable control, (ii) Ordering Activity's systems or equipment, or (iii) third party products, services or equipment not supplied by Procore.
- b. "Downtime Period" means a period of ten consecutive minutes of Downtime. Intermittent Downtime for a period of less than ten minutes will not be counted towards any Downtime Periods.
- c. "Monthly Uptime Percentage" means total number of minutes in a calendar month minus the number of minutes of Downtime suffered from all Downtime Periods in a calendar month, divided by the total number of minutes in a calendar month.
- d. "Scheduled Downtime" means those times where Procore notifies Ordering Activity of periods of Downtime at least twenty-four hours prior to the commencement of such Downtime. There will be no more than six hours of Scheduled Downtime per calendar month. Scheduled Downtime is not considered Downtime for purposes of this Procore SLA, and will not be counted towards any Downtime Periods.

Monthly Uptime Percentage	Days of Service
< 99.9% - ≥ 99.0%	3
< 99.0% - ≥ 95.0%	7
< 95.0%	15

Service Credits. Service Credit shall be applied against the Service cost. If service is discontinued for any reason, the Service Credit shall be in the form of a rebate at the end of service. Service Credit shall be computed by dividing the number of Days of Service credited by the number 365 and multiplied by the Annual Service GSA Fee set forth in the applicable Ordering Document. In order to receive any of the Service Credits described above, Ordering Activity must notify Procore, within thirty days from the end of the month during which Ordering Activity becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Ordering Activity's right to receive a Service Credit.

Maximum Service Credit. The aggregate maximum number of Service Credits to be issued to Ordering Activity for any and all Downtime Periods that occur in a month shall not exceed fifteen days of Service Credit.

2. Support.

During the Term, Ordering Activity and Authorized Users will have access to technical support via telephone, online chat, email, or self-paced online tutorials. Support hours will be 5:00 a.m. to 10:00 p.m. Pacific Time ("PT") Monday through Friday, and 10:00 a.m. to 6:00 p.m. PT Saturday and Sunday, excluding holidays. Support does not include training sessions on the features and functionality of the Services (implementation) or training in computer skills considered prerequisite to an individual's ability to use personal computers, the Internet/World Wide Web, and online software.

Upon Procore's receipt of a support request, Procore will use commercially reasonable efforts to answer questions and provide standard error corrections to known problems. In the event of any problems or errors involving the Services that Procore cannot immediately resolve, Procore will begin working on a resolution to the problem and will work diligently and in a commercially reasonable manner on the problem until it is resolved.

3. Data Backup and Return.

During the Term, Procore shall make commercially reasonable efforts to protect the security of Ordering Activity's data, and shall complete daily data backups of Ordering Activity's data to an archive format that will be kept physically separate from the Procore database and web server hardware. The Services do not replace the need for Ordering Activity to maintain regular data backups or redundant data archives.

Procure contracts with a third-party data center provider to provide essential technology services such as network connectivity to the Internet for the servers running the Services. Personnel access to the data center used by Procore for these Services is restricted, and all entrances and common areas are monitored 24x7 via closed-circuit cameras. Public access to the data center is forbidden. Fire-suppression systems are located in the data center, and power systems in the data center are designed to run uninterrupted even in the event of a total power outage. All servers are supplied with Uninterruptible Power Supply ("UPS") power sources that will continue to run if utility power fails. The UPS power subsystem is fully redundant, with instantaneous fail over in case the primary UPS fails. In the event

of an extended power outage, onsite diesel generators can run indefinitely. Generators are regularly tested to ensure functionality in the event of an emergency.

All Ordering Activity Content is the property of the Ordering Activity. Upon restriction, suspension or termination of an Ordering Activity account, Procure will allow Ordering Activity, at no additional cost, to export all of Ordering Activity Content as well any additional data that may be readily exported from the Services to a standard electronic file format. At Procure's sole discretion, an Ordering Activity's area within the Services may be kept active as long as the Ordering Activity is provided with "read-only" access. Ordering Activity shall accept this access as a full substitute for a complete file export of Ordering Activity's project data.

4. Maintenance.

4.1 Unplanned Outages. If a system failure should occur that creates an outage of the Services, Procure will utilize all reasonable means to end the outage as soon as possible. Outages due to the Internet, hosting providers, and/or Ordering Activity or Authorized User systems are outside Procure's control and, in such event, Procure will assist the Ordering Activity or Authorized User in the diagnosis but may not be able to resolve the problem.

4.2 Preventative Maintenance. From time to time, Procure or its hosting providers will perform preventative maintenance, such as updating servers and routers with security patches, and software upgrades. Procure will provide notice prior to any interruption in the Services and will keep any resulting downtime reasonable. Procure will use all reasonable efforts to perform such maintenance at hours convenient for the Ordering Activity and Authorized Users.

Project Remedies, Inc.
10 E. Maple Dr.
Woodland Hills, UT 84653

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

3. **Scope.** This Rider and the attached **Project Remedies, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

4. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**PROJECT REMEDIES INC.
SOFTWARE LICENSE AGREEMENT
ATTACHMENT A**

ss) Section 1: **GRANT OF LICENSE**

- 1.1 Contractor through Project Remedies, Inc. ("PRI") hereby grants to Ordering Activity ("Client"), and Client hereby accepts, a nonexclusive, nontransferable, perpetual license to use the software program(s) in accordance with its associated documentation (collectively, the "Software"). The Software may only be used on one or more production servers, for which a valid license key has been issued, and on one or more test / development servers, for which a valid license key has been issued, in accordance with the terms set forth below. Client may however assign this agreement to a successor in interest through merger or acquisition, to a parent or subsidiary, or to a purchaser of all or substantially all of the assets of the division that is to use the Software. Any assignment of Client's interest, other than as described herein is prohibited without prior written consent of PRI. For purposes of this Attachment A only, the definition of "Client" shall include Client affiliate organizations, which shall agree to use the software program(s) pursuant to the terms and conditions of this Attachment A.
- 1.2 Client is authorized to use the Software for Client's own internal business purposes. Client will not copy or reproduce the Software, except for back-up and archival purposes.
- 1.3 Client shall not, directly or indirectly, nor shall Client permit others to: copy, duplicate or furnish to others any physical, magnetic or optical version of the Software provided by PRI; remove any copyright or other notice contained or included in the Software or any material provided by PRI; or change, modify, reverse engineer, decompile, disassemble or create derivative works from the Software or any other material provided by PRI.
- 1.4 Reserved.

Section 2: **RESERVED**

Section 3: **DELIVERY**

- 3.1 Contractor through PRI will deliver the Software to Client upon receipt of Client's purchase order. PRI software will be installed on Client's Remedy test / development server by PRI consultants working with Client's Remedy Action Request System administrator. The software will be tested by Client personnel to insure that the Software performs substantially in accordance with the functionality documented in the APM Getting Started Guide, the APM Time Tracking Quick Reference Guide and the APM Administrator Notes, which are incorporated herein by reference.
- 3.2 Reserved.

tt) Section 4: **SYSTEM MAINTENANCE AND SUPPORT**

- 4.1 During the term of the purchase order, Contractor through PRI will provide the following maintenance services at the GSA Schedule fees noted on the Quotation.
1. Any known problem solutions relating to the Software as such solutions become known to PRI.
 2. Timely response to Client's requests for corrections of program coding errors.
 3. Telephone support in the form of counsel and advice on the use and maintenance of the Licensed Material during PRI's normal business hours.
 4. All releases, modifications, refinements and enhancements which PRI elects to incorporate into and make part of the Software and does not separately or additionally price or market.
- 4.2 Client understands and agrees that all solutions, corrections, modifications, refinements, enhancements and new releases supplied by PRI are to be implemented within the normal production schedule of Client. Client further recognizes that its failure to so implement such solutions, corrections, modifications, enhancements and new releases may render the Software unusable or nonconforming to system documentation and Client agrees to assume all risks arising therefrom. Any modification made to the Software by Client's personnel other than those authorized by PRI shall invalidate PRI's obligations under this section.

4.3 Reserved.

Section 5:

WARRANTIES

5.1 Contractor through PRI warrants that, so long as Client uses the Software properly and in accordance with its intended use, the Software will perform substantially in accordance with the APM Getting Started Guide, the APM Time Tracking Quick Reference Guide and the APM Administrator Notes, which are incorporated herein by reference, for a period of ninety (90) days from the date all software is successfully installed, and the media on which the Software is distributed and the associated documentation will be free of physical defect for a period of ninety (90) days from the date of delivery. PRI's entire liability and your exclusive remedy shall be, at Project Remedies Inc.'s option, either (a) product replacement, or (b) refund of the license fee.

5.2 Contractor through PRI warrants the Software is free from computer viruses introduced as a result of the negligence or intentional acts of PRI, its agents or employees and that PRI, its agents or employees will not embed any device in the Software or take any action to disrupt or terminate its operation of such Software.

5.3 Contractor through PRI further warrants that it is the sole owner of, or that it has the right to license the use of, the Software being used for Client's purposes, and that it has the right to provide Client with a nonexclusive license for the use of the Software.

5.4 The Software (i) is designed to be used prior to, during, and after the calendar year 2000 AD; (ii) will operate during each such time period without any error or interruption relating to, or the product of, data or input which includes an indication of or reference to a date ("Date Data") which represents or references different centuries or more than one century; (iii) will, under normal use and service, record, store, process and present calendar dates falling on or after September 9, 1999, January 1, 2000 and February 29, 2000, in the same manner, and with the same functionality, data integrity and performance, as the Software records, stores, processes and presents calendar dates on or before September 8, 1999, December 1, 1999 and February 29, 1996; and (iv) recognizes the year 2000 as a leap year. PRI shall cooperate with any year 2000 problem identification and/or testing procedure carried out by Client and/or securities industry groups, without charge to Client. Notwithstanding anything else in this or any other agreement, PRI consents to Client releasing information regarding any such procedure or the results thereof.

5.5 EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, LICENSOR EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES CONCERNING THE LICENSED MATERIALS OR THE SERVICES TO BE RENDERED HEREUNDER, WHETHER EXPRESS OR IMPLIED, INCLUDING (WITHOUT LIMITATION) ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Section
RESERVED

6:

Section 7: **RESERVED**

Section 8: **TITLE**

PRI shall retain title to the Software including all versions and embodiments thereof and all additions and modifications thereto. PRI does not by this Attachment A convey any proprietary interest therein to Client. Client agrees that the Software, including all changes made thereto by anyone and any materials related thereto that are supplied by or developed by PRI, is the valuable property of PRI. Client further agrees to treat the Software and related materials accordingly and agrees diligently to preclude all access to the Software except as provided herein, to keep the same confidential, by using the same care and discretion that Client uses with respect to its own confidential property.

Section 9: **RESERVED**

Section 10: **RESERVED**

uu)

Section 11 U.S. GOVERNMENT RESTRICTED RIGHTS

The Software is provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause of the DFARS 52.227-7013 or subparagraphs (c)(1) and (2) of the Rights in Data at 48 CFR 52.227-14 or any successor rules of regulation. The manufacturer of the Software is Project Remedies Inc., 2034 Palisades Dr., Suite W, Pacific Palisades, CA 90272 USA.

Section 12 **EXPORT**

The United States Government strictly controls the exportation of technical materials. Client agrees that Client will not directly, or indirectly, without prior written consent, if required, of the Office of Export Licensing of the U.S. Department of Commerce, Washington DC, 20230, export or transmit the Software to Afghanistan, the People's Republic of China or to any group Q, S, W, Y, or Z country (as specified in Supplement No. 1 to Section 770 of the U.S. Export Administration Regulations or a successor thereto) issued by the U.S. Department of Commerce or to any country to which such transmission is restricted by applicable regulations or statutes.

Section 13 **RESERVED**

Proofpoint, Inc.
892 Ross Drive
Sunnyvale, CA 94089-1443

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Proofpoint, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any

excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention

procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

PROOFPOINT, INC.

PROOFPOINT, INC. LICENSE, WARRANTY AND SUPPORT TERMS

The following terms apply to each GSA Customer ("Customer") license of Proofpoint Products from Vinitech Inc, ("Reseller") under the GSA Schedule Contract, "License":

"Proofpoint Products" means the appliance, service or software listed in the GSA Schedule Price List by Vinitech Inc., on June 15, 2014, and licensed by Customer from Vinitech pursuant to a GSA Customer Purchase Order ("Order").

"Documentation" means the description of the Proofpoint Product(s) contained in the then current Proofpoint Product descriptions provided by Proofpoint to Customer upon purchase or License of the Proofpoint Product(s), and the user manuals relating to the use of the Proofpoint Products that are either provided on-line at the time of Customer's purchase of the Proofpoint Product, embedded in the Proofpoint Product(s) or delivered with the Proofpoint Product. The Documentation does not contain additional legal terms and conditions, but serves to provide the Customer with user manuals and specifications applicable to the Proofpoint Product.

"Mailbox" means a separate account on Customer's e-mail server for sending or receiving messages or data within Customer's e-mail system or network. Aliases and distribution lists shall not be counted as separate mailboxes provided each person who has access to such aliases and distribution lists has a separate account on Customer's email server for the receipt of messages or data within Customer's e-mail system or network. For Proofpoint Product Social Archive and/or Governance, "Mailbox" hereunder shall be deleted and replaced with **"Named User"**.

License. Customer is granted a limited term, non-sublicensable, non-transferable, and nonexclusive license to access or use the Proofpoint Products licensed by Customer from Reseller during the applicable subscription term, for its intended purposes, solely for Customer's internal business purposes and not for further use by or disclosure to third parties and in accordance with the Proofpoint Products Documentation and any applicable federal laws or regulations. Customer's right to access or use Proofpoint Products is limited to those parameters set forth in the applicable GSA Customer Purchase Order ("Order") provided to Proofpoint including, but not limited to the maximum number of Mailboxes ("Licensed Mailbox Count") (and storage if applicable) for each module and the type of deployment (i.e., SaaS or appliance).

License Restrictions.

Customer will not and will not allow any third party to:

- a) copy, modify, or create derivative works of the Proofpoint Products or Proofpoint Products Documentation;
- b) reverse engineer, decompile, translate, disassemble, or discover the source code of all or any portion of the Proofpoint Products except and only to the extent permitted by applicable federal law notwithstanding this limitation, provided however, that in any case, Customer shall notify Proofpoint in writing prior to any such action and give Proofpoint reasonable time to adequately understand and meet the requested need without such action being taken by Customer;

- c) remove, alter, cover or obscure any notice or mark that appears on the Proofpoint Products or on any copies or media;
- d) sublicense, distribute, disclose, rent, lease or transfer to any third party any Proofpoint Products;
- e) export any Proofpoint Products in violation of U.S. laws and regulations;
- f) attempt to gain unauthorized access to, or disrupt the integrity or performance of, a Proofpoint Product or the data contained therein;
- g) access a Proofpoint Product for the purpose of building a competitive product or service or copying its features or user interface;
- h) use a Proofpoint Product, or permit it to be used, for purposes of: (a) product evaluation, benchmarking or other comparative analysis intended for publication outside the Customer's organization without Proofpoint's prior written consent; (b) infringement or misappropriation of the intellectual property rights of any third party or any rights of publicity (e.g. a person's image, identity, and likeness) or privacy; (c) violation of any federal law, statute, ordinance, or regulation (including, but not limited to, the laws and regulations governing export/import control, unfair competition, antidiscrimination, and/or false advertising); (d) propagation of any virus, worms, Trojan horses, or other programming routine intended to damage any system or data; and/or (e) filing copyright or patent applications that include the Proofpoint Product and/or Documentation or any portion thereof; or
- i) upload or download, post, publish, retrieve, transmit, or otherwise reproduce, distribute or provide access to information, software or other material which: (i) is confidential or is protected by copyright or other intellectual property rights, without prior authorization from the rights holder(s); (ii) is defamatory, obscene, contains child pornography or hate literature; or (iii) constitutes invasion of privacy, appropriation of personality (e.g. image, identity, likeness), or unauthorized linking or framing.

Proofpoint Products are for use with normal business messaging traffic only, and Customer shall not use the Proofpoint Products for the machine generated message delivery of bulk, unsolicited emails or in any other manner not prescribed by the applicable Proofpoint Products Documentation.

Customer Responsibilities. Customer is responsible for (i) all activities conducted under its user logins; (ii) obtaining and maintaining any Customer equipment and any ancillary services needed to connect to, access or otherwise use the Proofpoint Products and ensuring that the Customer equipment and any ancillary services are (a) compatible with the Proofpoint Products and (b) comply with all configuration requirements set forth in the applicable Proofpoint Product Documentation; and (iii) complying with all federal laws, rules and regulations regarding the management and administration of its electronic messaging system, including but not limited to, obtaining any required consents and/or acknowledgements from its employees, agents, consultants and/or independent contractors (collectively referred to as "personnel," hereinafter) and service providers (if applicable) in managing its electronic messaging system and/or social media systems (as applicable). Customer shall be solely responsible for any damage or loss to a third party resulting from the Customer's data, or where Customer's use of the Proofpoint Products are in violation of federal law, or of this Agreement, or infringe the intellectual property rights of, or has otherwise harmed, such third party.

Customer shall (i) take all necessary measures to ensure that its users use Proofpoint Products in accordance with the terms and conditions of this Agreement; and (ii) in the case of any purchase of Proofpoint Secure Share, users of the Proofpoint Product will need to resist to use the Secure Share. For the purposes of Proofpoint's compliance with its obligations under this Agreement, Customer consents to and authorizes Proofpoint (and its authorized subcontractors, subject to approval by the Contracting Officer) to retain, store and transmit any Customer information and data, subject to Government security requirements that Customer discloses to Proofpoint and pursuant to the normal functioning of Proofpoint Products. Customer information and data includes, but is not limited to (i) all configuration, rules and policies executed at Customer's direction; (ii) any document management or retention protocols that would delete, track, transmit or route documents or other data; (iii) any requests by Customer or required hereunder for log, access, support-related or other transmissions under this Agreement.

If Customer has elected to route outbound email through the Proofpoint Product via the Software as a Service deployment, such as Proofpoint Security Services or MTA, Customer is responsible for maintaining the outbound email filtering applicable Proofpoint Product configuration settings established by Proofpoint to filter and block emails identified by Proofpoint as either containing a virus or having a spam score of ninety-five (95) or higher.

Support and Service Levels. For Customer who purchase Support Services, Proofpoint shall provide Support Services in accordance with Proofpoint's standard support terms which are currently described on Exhibit A.

Reporting. Customer is under no obligation to increase the number of Mailboxes its uses for subscription based Proofpoint Products based on Mailbox count. However, Customer understands and agrees that if Customer adds Mailboxes to the Licensed Mailbox Count for such Proofpoint Products that exceed 10 percent of the Licensed Mailbox Count, it will execute a new or modified Order for the additional mailboxes.

Customer shall also audit its Mailbox count on the thirtieth (30th) day preceding each anniversary of the Effective Date. Proofpoint may also itself at any time produce a count of the actual Mailbox Count for verification by Customer. If such number exceeds the Licensed Mailbox Count then Customer will execute a new or modified Order for the additional mailboxes.

Warranty Disclaimer. PROOFPOINT DISCLAIMS (AND PROOFPOINT IS ALSO REQUIRED UNDER ITS CONTRACTS WITH ITS SUPPLIERS AND LICENSORS TO STATE THAT SUCH SUPPLIERS AND LICENSORS ALSO DISCLAIM) ANY AND ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, INCLUDING WITHOUT LIMITATION REGULATORY COMPLIANCE, PERFORMANCE, ACCURACY, RELIABILITY, AND NONINFRINGEMENT. PROOFPOINT DOES NOT WARRANT THAT THE ACCURACY OF THE PROOFPOINT PRODUCTS WILL MEET CUSTOMER'S REQUIREMENTS OR THAT NO EMAIL WILL BE LOST OR THAT THE PROOFPOINT PRODUCTS WILL NOT GIVE FALSE POSITIVE OR FALSE NEGATIVE RESULTS OR THAT ALL SPAM AND VIRUSES WILL BE ELIMINATED OR THAT LEGITIMATE MESSAGES WILL NOT BE OCCASIONALLY QUARANTINED AS SPAM. PROOFPOINT DOES NOT WARRANT THE OPERATION OF THE PROOFPOINT PRODUCTS WILL BE UNINTERRUPTED OR ERROR-FREE. PROOFPOINT DOES NOT WARRANT THE ACCURACY OF MANAGEMENT OF ANY DOCUMENT, OR THAT NO DOCUMENT WILL BE LOST. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT.

Disclaimer of Liability. All direct, consequential, incidental, special, punitive, exemplary, and indirect damages (including lost profits and loss of data) are disclaimed on behalf of Proofpoint (and Proofpoint is also required under its contracts with its suppliers and licensors to state in this Agreement that such suppliers and licensors also disclaim such damages herein): the foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by Proofpoint's negligence; (2) for fraud; (3) for express remedies requiring the specific type of relief under the law or the contract; or (4) for any other matter for which liability cannot be excluded by law.

Proofpoint Contract Rights. Customer agrees that Proofpoint is a party to this Agreement with all rights to enforce such provisions to this Agreement, including but not limited to the right to monitor and reset harmful outbound email configuration settings impacting the Proofpoint platform.

Law. This Agreement shall be governed by the federal law of the United States. The Uniform Computer Information Transaction Act shall not apply to this Agreement.

Force Majeure. Pursuant to FAR 52.212-4(f), either party shall be liable to the other for any delay or failure to perform hereunder due to circumstances beyond such party's reasonable control, including, acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, earthquakes, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers, and other acts beyond a party's reasonable control or possession including acts, civil unrest, acts of terror, strikes or other labor problems (excluding those involving such party's employees) or third party service disruptions involving hardware, software or power systems and denial of service attacks.

Open Source Software: Proofpoint Appliance/Software for Customer On-Site Deployment. Open Source Software may be a component of the Software provided to Customer for on-site deployment. Proofpoint is required by Open Source Software requirements to inform the end user of certain facts, including the following:

"Open Source Software" means various open source software, including GPL software which is software licensed under the GNU General Public License as published by the Free Software Foundation, and components licensed under the terms of applicable open source license agreements included in the materials relating to such software. Open Source Software is composed of individual software components, each of which has its own copyright and its own applicable license conditions. Customer may obtain information, (including, if applicable, the source code) regarding the inclusion of Open Source Software in the Software by sending a request, with Customer's name and address to Proofpoint at the address specified in the Order. Customer may redistribute and/or modify the GPL software under the terms of the GPL. A copy of the GPL is included on the media on which Customer receives the Software or included in the files if the Software is electronically downloaded by Customer. This offer to obtain a copy of the source files for GPL software is valid for three (3) years from the date Customer acquired the Appliance Software.

Proofpoint Product - Email Archive. Proofpoint has third party technology included in the Proofpoint Product Email Archiving Service for the purpose of extracting text from email attachments. Proofpoint or its reseller or distributor will negotiate third party rights, if any, with the GSA Customer at the time it enters into an Order for the Proofpoint Product Email Archiving Service.

Termination. When the end user is an instrumentality of the U.S., recourse against the United

States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Proofpoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Within thirty (30) days after expiration or termination of the License to use the Proofpoint Product, Customer shall: (i) certify in writing to Proofpoint that all copies of the Software, Software Updates, and Documentation in any form, including partial copies or extracts thereof, have been destroyed or returned to Proofpoint, and (ii) retrieve or dispose of Customer data from or within the Proofpoint Products and/or systems. Upon 30 days of termination of the License to use the Proofpoint Product, Customer data in the Proofpoint Product and/or systems may be rendered illegible, deleted or written over, including any back-up Customer data.

Exhibit A

SUPPORT SERVICES PROGRAM FOR PROOFPOINT CUSTOMERS

Overview: The support services described herein are provided by Proofpoint to each GSA Customer (“Customer”) pursuant to the terms and conditions of the applicable license agreement (“Agreement”) between each Customer and Proofpoint or between a Customer and an authorized Proofpoint partner. Capitalized terms not otherwise defined herein shall have the meaning set forth in the Agreement. Subject to customer paying the applicable support related fees, Proofpoint will provide the support described herein.

1. Bronze Support services consist of the following:

1.1 Error Corrections. Proofpoint shall use commercially reasonable efforts to correct and/or provide a work-around for any error reported by Customer in the current unmodified release of the Software in accordance with the priority level reasonably assigned to such error by Customer.

1.2 Software and Documentation Updates. Proofpoint shall provide to Customer one (1) electronic copy of all updated revisions to the Documentation and one (1) electronic copy of generally released bug fixes, maintenance releases and updates of the Software (collectively, “Updates”). Updates do not include products or options that are designated by Proofpoint as new products or options which are subject to the execution of a new or modified Order. Software releases are supported for the current and prior release that are designated by a change to the right of the decimal (e.g. 1.1 to 1.2). Prior to discontinuing support services for any Software product line, Proofpoint shall provide at least six (6) months advance notice on the customer support portal.

1.3 Support Requests and Named Support Contacts. Technical support is available during the technical support hours for the primary support center specified in the an applicable Order. Technical support hours for the Americas are Monday through Friday, 12:00 UTC to 03:00 UTC the following day (e.g. 07:00am to 10:00pm EST during standard time and excluding Proofpoint holidays). Customer may initiate electronic Support requests through Proofpoint’s web-based call submission and tracking system (“CTS”) at any time. Support requests submitted via CTS will be addressed by Proofpoint during the Support hours listed above. Customer will promptly identify two internal resources who are knowledgeable about Customer’s operating environment and operation of the Proofpoint

GSA CUSTOMER:	PROOFPOINT, INC.:
Individual Signing: [print name]	Individual Signing: [print name]

	PROOFPOINT, INC. ADDRESS: 892 Ross Drive Sunnyvale, CA 94089 USA Attn: General Counsel

Products (collectively, "Named Support Contacts"). Named Support Contacts will serve as primary contacts between Customer and Proofpoint and are the only persons authorized to interact with Proofpoint Technical Support, including accessing CTS to submit and track cases. All Support requests will be tracked in CTS and Customer can view the status of Customer's cases on CTS at any time.

1.4 Platinum Support. In addition to the Bronze support services defined above, Customer shall receive (i) two additional Named Support Contacts (for a total of four) and Proofpoint shall provide assistance for Priority I errors, as reasonably determined by Proofpoint, 24 hours per day x7 days per week, 365 days per year; (24x4x365) and (ii) a dedicated phone line for submitting cases. Handling of non-Priority I errors will take place during the support hours specified in Section 1.3 above.

1.5 Premium Support. In addition to the Bronze and Platinum support services defined above, Customer shall receive (i) two additional Named Support Contacts (for a total of six) and (ii) Proofpoint will assign a designated Technical Account Manager to Customer's account.

1.6 Global Time Zone Add On. Any Customer that has purchased support at the Platinum level or higher, may purchase the Global Time Zone Add On. Customer may submit a new Order to receive six additional Named Support Contacts (for a total of twelve) and Proofpoint shall provide assistance for errors of any priority, as reasonably determined by Proofpoint, 24x7, 365 and (ii) a dedicated phone line.

1.7 Named Support Contact Training. In order to receive support in accordance with the foregoing, within ninety days of the Effective Date, all Named Support Contacts must take and pass exam(s), as applicable and available, to become an "Accredited Engineer" (<http://www.training.proofpoint.com/accredited-engineer/>) for each Proofpoint Product licensed by Customer. If any Named Support Contact fails to pass the exam, Proofpoint may reasonably request that such Named Support Contact be replaced by Customer. Failure to pass the applicable exam(s) may result in limited access to CTS.

2. Priority Levels of Errors and Responses

In the performance of Support services, Proofpoint will apply the following priority ratings.

2.1 Priority I Errors.

A "Priority I Error" means a Software program error which both (i) prevents some critical function or process from substantially meeting the Documentation and (ii) seriously degrades the overall performance of such function or process such that no useful work can be done and/or some primary major function of the Software or Appliance is disabled. Priority I Errors shall receive an initial response within one (1) hour (during standard Support hours referenced above), of the case being submitted to Proofpoint. In addressing a Priority I Error, Proofpoint shall use all reasonable efforts to develop suitable workaround, patch, or other temporary correction to restore operation as soon as possible. Proofpoint's efforts to resolve a Priority 1 Error will include the following: (1) assigning one or more senior Proofpoint engineers on a dedicated basis to develop a suitable workaround, patch, or other temporary correction; (2) notifying senior Proofpoint management that such P1 Error has been reported; (3) providing Customer with periodic reports on the status of corrections; and (4) providing a final solution to Customer as soon as it is available.

2.2 Priority II Errors.

A "Priority II Error" means a Software program error which both (i) degrades some critical function or process from substantially meeting the Documentation and (ii) degrades the overall performance of such function or process such that useful work is hindered and/or some major function of the Software or Appliance is not operating as expected but can be worked-around. Priority II Errors shall receive an initial response within four (4) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

2.3 Priority III Errors. Description: A "Priority III Error" means a Software program error which both (i) prevents some non-essential function or process from substantially meeting the Documentation and (ii) significantly degrades the overall performance of the Software or Appliance. Priority III Errors shall receive an initial response within eight (8) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

2.4 Priority IV Errors.

A "Priority IV Error" means a Software program error which prevents some function or process from substantially meeting the Documentation, but does not significantly degrade the overall performance of the Software or Appliance. Priority IV Errors shall receive an initial response within sixteen (16) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to include a workaround, patch, or other temporary correction in the next Software update.

3 Customer's Cooperation.

Proofpoint's obligation to provide Support services is conditioned upon the following: (i) Customer's reasonable effort to resolve the problem after communication with Proofpoint; (ii) Customer's provision to Proofpoint of sufficient information and resources to

correct the problem, including, subject to Government security requirements, remote access as further discussed in these policies, (iii) Customer's prompt installation of all Software maintenance releases, bug fixes and/or work-arounds supplied by Proofpoint, and (iv) Customer's procurement, installation and maintenance of all hardware necessary to operate the Software. As related to Priority I Errors, Customer shall provide continuous access to appropriate Customer personnel and the Appliance (if applicable) during Proofpoint's response related to the Priority I Error or Proofpoint shall be permitted to change the Priority of the error. During the term of the Support services, for purposes relating to providing Support to Customer and subject to Government security requirements, Proofpoint may obtain information regarding Customer's e-mail communications. Customer agrees that Proofpoint may use any statistical data generated relating to Customer's e-mail subject to Government security requirements. Notwithstanding the foregoing, Proofpoint shall not disclose the source and content of any such e-mail.

4. Reproducing Problems; Remote Access.

Support services assistance is limited to Software on platforms that are fully supported, running unaltered on the proper hardware configuration. For a reported error, Proofpoint will use commercially reasonable efforts to reproduce the problem so that the results can be analyzed. Proofpoint's obligation to provide the Support services described herein, including without limitation meeting the response times set forth in Section 2 above, is subject to Customer providing shell or Web-based remote access to Customer's computer system(s) and network subject to Government security requirements. Any such remote access by Proofpoint shall be subject to Proofpoint's compliance with Customer's security and anti-virus procedures and the confidentiality requirements set forth in the license agreement between Proofpoint and Customer. Any delay occasioned by Customer's failure to provide the foregoing remote access shall extend the response time periods set forth in Section 2 accordingly. Proofpoint will notify Customer of any additional work required by the GSA Customer's failure to provide access and will afford the GSA Customer an opportunity to execute a new or modified Order. . If Customer fails to provide remote access to its computer system(s) and network and Proofpoint and Customer cannot agree on a mutually satisfactory alternative method of reproducing the problem, Proofpoint shall not be obligated to resolve the problem.

5. Support Services Conditions.

5.1 Support Issues Not Attributable to Proofpoint. Proofpoint is not obligated to provide Support services for problems related to: (i) unauthorized modifications and/or alterations of the Software, (ii) improper installation of the Software by non-Proofpoint personnel, use of the Software on a platform or hardware configuration other than those specified in the Documentation or in manner not specified in the Documentation, or (iii) problems caused by the Customer's negligence, hardware malfunction, or thirdparty software. Proofpoint may offer Support services for problems caused by any of the above pursuant to the execution of a new or modified Order.

5.2 Exclusions from Support services.

The following items are excluded from Support services:

- (a)** In-depth training. If a Support request is deemed to be training in nature, and will require an extended amount of time, Customer will be referred to Proofpoint's training or consulting departments.
- (b)** Assistance in the customization of an application. Support services do not include providing assistance in developing, debugging, testing or any other application or customization.
- (c)** Information and assistance on third party products. Issues related to the installation, administration, and use of enabling technologies such as databases, computer networks, and communications (except an Appliance) are not provided under Proofpoint Support services.
- (d)** Assistance in the identification of defects in user environment. If Proofpoint concludes that a problem being reported by a Customer is due to defects in Customer's environment, Proofpoint will notify the Customer. Additional support by Proofpoint personnel to remedy performance issues due to the user environment are categorized as consulting services, which are provided pursuant to the execution of a new or modified Order.
- (e)** Installation. Support Services provided herein do not include the use of Proofpoint Support services resources to perform installation of updates or Customer-specific fixes. If Customer wishes to have Proofpoint perform services related to any of the above items, such services will be performed pursuant to a mutually executed Order and a SOW, if required by the Contracting Officer.

6. Description of Appliance Support Services.

6.1 Services.

For as long as the Appliance purchased by Customer is under Proofpoint's Appliance warranty Customer shall contact Proofpoint for any and all maintenance and support related to the Appliance. If support for the Appliance purchased by Customer includes on-site support, Proofpoint shall provide or cause to be provided 8-hour response service during the support hours specified in Section 1.3. A technician will arrive on-site subject to Government security requirements, depending on Customer's location and the availability of necessary parts, as soon as practicable (within the business hours specified in Section 1.3) after problem determination. Optional 24x7 service is available subject to Section 1.4.

6.2 Customer Obligations.

Customer must also install remedial replacement parts, patches, software updates or subsequent releases as directed by Proofpoint in order to keep Customer's Appliance eligible for Support services. Customer agrees to give Proofpoint at least thirty (30) days written notice prior to relocating an Appliance. It is Customer's responsibility to back up the data on Customer's system, and to

provide adequate security for Customer's system. Proofpoint shall not be responsible for loss of or damage to data or loss of use of any of Customer's computer or network systems. Subject to Government security requirements, Customer agrees to provide the personnel of Proofpoint or its designee with sufficient, free, and safe access to Customer's facilities necessary for Proofpoint to fulfill its obligations.

6.3 Exclusions.

Appliance Support services do not cover parts such as batteries, frames, and covers or service of equipment damaged by misuse, accident, modification, unsuitable physical or operating environment, improper maintenance by Customer, removal or alteration of equipment or parts identification labels, or failure caused by a product for which Proofpoint is not responsible.

Prosoft Systems
4000 Legato Rd. Suite 1100
Fairfax, VA 22033

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Prosoft Systems** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any

excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention

procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A - PROSOFT SYSTEMS

1 1 PROSOFT SYSTEMS INTERNATIONAL SOFTWARE LICENSE

1.01 SCOPE OF LICENSE. The Software Product is licensed, not sold. This Agreement only gives Ordering Activity some rights to use the Software Product. Prosoft reserves all other rights. Unless applicable law gives Ordering Activity more rights despite this limitation, Ordering Activity may use the Software Product only as expressly permitted in this Agreement. In doing so, Ordering Activity must comply with any technical limitations in the Software Product that only allow Ordering Activity to use it in certain ways. Ordering Activity may not:

- work around any technical limitations in the Software Product;
- reverse engineer, decompile or disassemble the Software Product, except and only to the extent that applicable law expressly permits, despite this limitation;
- remove, minimize, block or modify any notices of Prosoft or its Affiliates or suppliers in the Software Product;
- use the Software Product in any way that is against the law;
- share, publish or lend the Software Product, or provide the Software Product as a stand-alone hosted as solution for others to use, or transfer the Software Product or this Agreement to any third party; or

1.02 License Types:

The scope and term of Ordering Activity's license is limited to the exact license type listed in the Ordering Activity's license certificate, order form, or other documentation provided upon purchase of Software Product.

1.03 CRM Licensing Requirements

Access to Microsoft Dynamics CRM Organization(s) via a Software Product does not remove or substitute baseline Microsoft Dynamics CRM licensing requirements.

1.04 Reserved.

2 RESERVED

2 3 SUPPORT SERVICES

3.01 Prosoft may, in its sole discretion, provide Ordering Activity with support services related to the Software Product ("Support Services"), as set forth in the applicable ordering document. Any supplemental software code provided as part of the Support Services shall be considered part of the Software Product and subject to the terms and conditions of this Agreement. With respect to technical information Ordering Activity provides to Prosoft as part of the Support Services, Prosoft may use such information for its business purposes, including for product support and development. Prosoft will not utilize such technical information in a form that

identifies Ordering Activity. Prosoft will not utilize such information in a manner that discloses Ordering Activity's confidential information to any third party.

3 4 UPGRADES

4.01 Software Products labeled as upgrades will be available to Ordering Activity upon the purchase of Prosoft annual software maintenance offering as set forth in the applicable ordering document. A Software Product labeled as an upgrade replaces and/or supplements the product that formed the basis for Ordering Activity's eligibility for the upgrade. Any such upgrade shall be considered part of the Software Product subject to the then-current terms and conditions of this Agreement.

5 RESERVED

4 6 INTELLECTUAL PROPERTY

6.01 Software Products and other deliverables are protected by copyright and other intellectual property rights laws and international treaties. Prosoft (1) does not transfer any ownership rights in any Software Products and (2) reserves all rights not expressly granted to Ordering Activity under this Agreement.

5 7 WARRANTY & REMEDIES

7.01 Prosoft warrants that the Software Product will perform substantially as described in the applicable Software Product documentation for ninety (90) days from the date it is delivered to Ordering Activity. If it does not and Ordering Activity notifies Prosoft within the warranty term, then Prosoft will, at its option and sole discretion, (1) repair or replace the Software Product or (2) return the price Ordering Activity paid for the Software Product license, and Ordering Activity must uninstall and destroy all copies of the Software Product in its possession.

7.02 The remedies above are Ordering Activity's remedies for breach of the warranties in this section. Ordering Activity waives any breach of warranty claims not made during the warranty period.

7.03 Exclusions. The warranties in this Agreement do not apply to problems caused by accident, abuse or use inconsistent with this Agreement, including failure to meet minimum system requirements. These warranties do not apply to free, trial, preview, evaluation, pre-release or beta products, or to components of Software Product that Ordering Activity is permitted to redistribute.

7.04 Disclaimer. Except for the limited warranties above, Prosoft provides no other warranties or conditions and disclaims any other express, implied or statutory warranties, including warranties of quality, title, non-infringement, merchantability and fitness for a particular purpose.

7.05 Ordering Activity represents and warrants that it has the legal right and power to enter into this Agreement and that it will not use the Software Product in a way or for any purpose that infringes or misappropriates any third party's intellectual property or personal rights.

Pulse Secure
2700 Zanker Road, Suite 200
San Jose, CA 951314

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Pulse Secure** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any

excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention

procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PULSE SECURE

PULSE SECURE LICENSE, WARRANTY AND SUPPORT TERMS

**PULSE SECURE SOFTWARE END USER LICENSE AGREEMENT
LAST REVISED: NOVEMBER 17, 2015**

PLEASE CAREFULLY READ THIS END USER LICENSE AGREEMENT ("AGREEMENT") BEFORE DOWNLOADING, INSTALLING, OR USING THE SOFTWARE. BY EXECUTING THIS AGREEMENT IN WRITING, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS AGREEMENT.

IF YOU ACQUIRED THE SOFTWARE (EITHER STAND-ALONE OR AS PART OF PULSE SECURE HARDWARE) AND YOU DO NOT AGREE WITH THE TERMS OF THIS AGREEMENT, THEN DO NOT INSTALL OR USE THE SOFTWARE AND CONTACT PULSE SECURE WITHIN 30 DAYS OF THE PURCHASE REGARDING THESE TERMS OR A REFUND.

IF YOU AND PULSE SECURE HAVE SIGNED A SEPARATE WRITTEN AGREEMENT COVERING YOUR RIGHTS AND DUTIES WITH RESPECT TO THE SOFTWARE, THEN THAT WRITTEN AGREEMENT TAKES PRECEDENCE OVER ANY CONFLICTING TERMS OF THIS AGREEMENT.

IF YOU ARE ACCEPTING THIS AGREEMENT ON BEHALF OF AN ENTERPRISE'S END USERS, IT IS YOUR RESPONSIBILITY TO COMMUNICATE THE INFORMATION IN THIS AGREEMENT TO THE ENTERPRISE END USERS AND ENSURE COMPLIANCE WITH THE TERMS AND CONDITIONS CONTAINED HEREIN. BY EXECUTING THIS AGREEMENT IN WRITING, YOU ARE INDICATING THAT YOU UNDERSTAND THIS AGREEMENT AND ACCEPT ALL OF ITS TERMS. IF YOU ARE ACCEPTING THE TERMS OF THIS AGREEMENT ON BEHALF OF A COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT AND WARRANT THAT YOU HAVE THE AUTHORITY TO BIND THAT COMPANY OR OTHER LEGAL ENTITY TO THE TERMS OF THIS AGREEMENT.

This Agreement governs Your rights and duties with respect to the Software. Capitalized terms used in this Agreement are defined in Section 28 (Definitions).

1. License Grant.

a. When You purchase or rightfully receive a license to a Software product, Pulse Secure grants You a revocable, non-exclusive, non-transferrable right to install and use that Software for the term stated in Your Proof of Entitlement.

b. Subject to the terms and conditions set forth herein, as long as Your use of the Software does not exceed the scope of the License Metric and quantity of License Metric Units that You purchased, You may install and use the Software on any device that supports it (and You may move the Software from one device to another). Notwithstanding the foregoing, the operating system software (and any separately licensable Software products that may be included along with the operating system software in the

object code image You receive from Pulse Secure) and its Updates, may ONLY be installed and used on another Pulse Secure Platform that You have purchased or leased from Pulse Secure or an Approved Source for Your own use and not for resale.

2. Licensing Model(s)

Software offered by Pulse Secure employs trust-based or programmatic license enforcement. Where applicable, it is Your responsibility to both monitor Your usage level, and purchase sufficient License Metric Units to meet Your Software usage.

3. License Name

Each Software product is identified by a unique name. This name, when combined with a Version number corresponds to a specific base set of product features and functionality identified for that Version of the Software in the Documentation.

4. Term of License

a. **Subscription/Term-based License.** If Your license is a Subscription or a Term-based license, then the term of the Subscription shall be twelve (12) months from the Start Date, unless Your Proof of Entitlement states otherwise. You may, however, renew or reinstate Your Subscription or renew Your Term-based license, subject to the terms of the applicable SDD. Renewals and/or reinstatements are subject to the terms of Pulse Secure Policies at the time of the renewal and/or reinstatement.

b. **Special Purpose License.** If Your license is a Special Purpose License (see Section 6, below), then its term shall be as stated in Your Proof of Entitlement. If You have no Proof of Entitlement or if Your Proof of Entitlement fails to state a license term, then the term of Your Special Purpose License shall be thirty (30) days from date that You first received the Software, whether via download or otherwise.

c. **Perpetual License.** If You have a valid Proof of Entitlement that clearly states that Your license is "Perpetual," then, except as stated below, Your license is perpetual, subject only to termination for nonpayment of license fees or other breach of this Agreement. An otherwise perpetual license to operating system software (as well as any separately licensable Software products that may be included along with the operating system software in the object code image You receive from Pulse Secure) and its Updates nonetheless terminates if and when You sell or otherwise transfer the Pulse Secure Platform on which You use it, or when Your lease to that Pulse Secure Platform terminates.

5. License Metrics

License Metrics include the following:

a. **Managed Users** - the number of individuals to which You and Your authorized users grant access for one or more services furnished, managed, or provisioned by any instance of the Software. A Managed User who accesses such services through multiple devices is nonetheless counted as a single Managed User.

b. **Concurrent Sessions** – the number of devices to which You and Your authorized users grant access for one or more services concurrently furnished, managed, or provisioned by any instance of the Software.

c. **Other Forms of License.** Other License Metrics may be defined for specific Software products.

6. Special Purpose Licenses

Special Purpose Licenses are limited, short-term licenses that may not be used for any production or commercial application or similar use.

a. **Demonstration Use/NFR-based License.** If Your Proof of Entitlement for certain Software (or a separate written agreement with Pulse Secure) identifies Your license as "Demonstration Use", "Not for Resale" or with words of like meaning, AND if You are a Pulse Secure-authorized distributor or reseller, then for the license term (see Section 4, above) You may use the Software, but only to demonstrate features and performance of the Software to prospective buyers, and only while You remain a Pulse Secure-authorized distributor or reseller. The Software provided under this license may not be resold. Maintenance Services must be purchased along with the Demonstration Use/NFR license.

b. **Research and Development Use-based License.** If Your Proof of Entitlement for certain Software (or a separate written agreement with Pulse Secure) identifies Your license as "Research and Development Use", "Lab Use" or with words of like meaning, then for the license term (see Section 4, above) You may install and use the Software, but only for internal research and development.

c. **Evaluation Use-based License.** If Your Proof of Entitlement for certain Software (or a separate written agreement with Pulse Secure) identifies Your license as "Evaluation Use" or with words of like meaning, then for the license term (see Section 4, above) You may install and use the Software, but only for internal evaluation of the Software.

d. **Beta Use-based License.** If Your Proof of Entitlement for certain Software (or a separate written agreement with Pulse Secure) identifies Your license as "Beta Use" or with words of like meaning, then for the license term (see Section 4, above) You may install and use the Software, but only for internal evaluation of a Beta Version of the Software.

e. Education Use-based License. If Your Proof of Entitlement for certain Software (or a separate written agreement with Pulse Secure) identifies Your license as "Educational Use," "Training Use" or with words of like meaning, then for the license term (see Section 4, above) You may install and use the Software solely as a training tool in a Pulse Secure-authorized class that You conduct in the use of that Software. You may so use the Software only while You are operating under a valid agreement with Pulse Secure. You may not, however, allow anyone to access the Software other than the instructor and the students duly enrolled in the class, and You may not allow students to copy or download or remove any copy of Software or to use the Software other than for conduct of coursework.

7. Maintenance Services; Updates.

a. General. Subject to the Pulse Secure Policies, Pulse Secure may make available Maintenance Services. All Maintenance Services are subject to the terms and conditions of this Agreement and the applicable SDD.

b. Subscriptions. If Your Software is licensed under a Subscription, the applicable Maintenance Services for that Software shall be included in the Subscription for the term of the Subscription, as indicated in your Proof of Entitlement and applicable SSD. If Your license is not a Subscription License, then Maintenance Services are available only if You order them separately and purchase them at an additional fee.

c. Updates. Updates are available to You only as a part of Maintenance Services. By downloading or taking delivery of any Update, Your rights with respect to the Update are subject to the following: (1) the terms of the latest revision of this Agreement posted at the time of Your receipt of the Update; (2) the then-current applicable SDD; (3) any then-current Pulse Secure Policies; and (4) Your Proof of Entitlement for the Software. Your rights to use the Update are also subject to Your ceasing all use of the replaced Software (or, as the case may be, the replaced portion of the Software in the case where an Update is provided in the form of a patch).

8. License Restrictions, Limitations and Prohibitions

This Section 8 supersedes any contrary provision elsewhere in this Agreement and applies to all varieties of licenses, whether Special Purpose Licenses, Subscriptions, Perpetual or otherwise:

a. No Rights or Licenses Implied. Licenses or rights in the Software not expressly granted in this Agreement shall not arise by implication or otherwise.

b. Approved Source. You shall have no right or license in the Software unless You rightfully received the Software from an Approved Source.

c. No Sublicensing or Assignment. You may not sublicense, transfer or assign, whether voluntarily or by operation of law, any right or license in or to the Software or under any Proof of Entitlement. Any attempted sublicense, transfer or assignment shall be void.

d. If You are a party to a transaction (or related series of transactions) involving a merger, consolidation or other corporate reorganization (collectively, a "Restructure") where You do not survive the transaction(s), the transaction(s) shall also be deemed a prohibited transfer.

e. You are Sole Licensee. No rights or licenses in the Software or any Maintenance Services shall arise under this Agreement in favor of anyone other than You.

f. Separately Licensable Software. The software image that contains Software product that You license from Pulse Secure or its Approved Sources might also include additional unlicensed features or functionality that You may not use unless You purchase a separate license under a separate order and at an additional fee. Specific features and functionality are included in Your license to the Software product You licensed only if published Pulse Secure Documentation for that Version of the Software identifies those features and functionality as being included.

g. Restrictions on charging a fee for access or use. You shall not allow any authorized user of the Software or other third party to grant anyone else access for a fee or other consideration to services, content or resources that are generated, managed, distributed, provisioned, billed or enabled by the Software.

h. Other Use Restrictions and Prohibitions. You shall not, directly or indirectly:

- (i) Decompile, disassemble or reverse engineer the Software or modify, unbundle, or create derivative works based on the Software, except as expressly permitted by applicable law without the possibility of contractual waiver. If the law requires Pulse Secure to provide interface information to You to adapt the Software, Pulse Secure, at its option, may either (A) provide the information to You subject to Your acceptance of non-disclosure and use limitation terms that Pulse Secure reasonably requires, or (B) perform that adaptation itself at a reasonable charge for services;
- (ii) Copy the Software except for archival purposes or as necessary for You to install and make use of the Software as expressly licensed by Pulse Secure;

- (iii) Detach or separate any libraries, files, modules or other components embedded within a Software product or within a particular software image You have received even if any such library, file, module or other component is separately licensable, or use any such modules, files or other components separately from the Software product or software image in which it is embedded (except to the extent that a documented feature of the Software product is implemented by doing so);
- (iv) Furnish any copy of the Software or other means of access to the Software to any third party other than to Your contractor(s) solely for Your benefit in performing contract services for You and in that case only if that contractor has agreed to adhere to the terms of this Agreement. If You do furnish Software or access to Software to Your contractor(s), You shall remain fully and primarily responsible to Pulse Secure for compliance with all provisions of this Agreement;
- (v) Remove (or, if the license includes the right to make copies of the Software, fail to include in those copies) any readme files notices, disclaimers, marks and labels included in the Software as delivered by Pulse Secure; or
- (vi) Use or allow use of the Software in violation of any applicable law or regulation or to support or facilitate any illegal activity.

9. License and Maintenance Contract fees; Taxes.

a. Fees. Unless otherwise specified in, Your Proof of Entitlement or a separate written agreement between You and Pulse Secure; License fees, Subscription fees and fees for Maintenance Services contracts are due and payable in advance upon Your placement of an order.

b. Taxes. All prices and fees payable in respect of any license to Software (including any Subscription) or any Maintenance Services contract entered into with Pulse Secure are exclusive of tax. You shall be responsible for paying taxes arising from the licensing or delivery of Software (including any Subscription) or purchase of Maintenance Services. If applicable, valid exemption documentation for each taxing jurisdiction shall be provided to Pulse Secure prior to invoicing, and You shall promptly notify Pulse Secure if Your exemption is revoked or modified. All payments that You make shall be net of any applicable withholding tax. You will provide reasonable assistance to Pulse Secure in connection with such withholding taxes by promptly providing Pulse Secure with valid tax receipts and other required documentation showing Your payment of any withholding taxes; completing appropriate applications that could reduce the amount of withholding tax to be paid; applying for reduced tax rates; and notifying and assisting Pulse Secure in any audit or tax proceeding related to transactions hereunder. Your obligations under this Section 9.b shall survive termination or expiration of this Agreement. Pulse Secure shall state separately on its invoices taxes excluded from the prices and fees, and You agree either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

10. Termination.

a. Effect of Termination or Expiration. If Your license term expires without renewal or reinstatement or otherwise terminates, then You shall promptly destroy or return to Pulse Secure all copies of the Software and related documentation in Your possession or control.

b. Survival. The provisions of Sections 8, 9.b, 10.c, 10.d and 11-28 shall survive termination or expiration of this Agreement.

11. Recordkeeping and Audit.

a. Your Duty to Monitor Use. You agree to monitor Your use of all Software and generate accurate, complete and auditable records of the levels of that use.

b. Reports of Excess Use; Purchase of Additional License Metric Units. If at any time Your maximum level of use of the Software exceeds the number of License Metric Units You have purchased, then on or before ten (10) days after the last day of the calendar quarter in which Your level of use first exceeded that limit, You shall (i) notify Pulse Secure in writing of Your maximum level of use and (ii) order and purchase sufficient License Metric Units (in increments of the applicable minimum allowable number of License Metric Units) to meet or exceed the maximum level of use of the Software during such calendar quarter. Your Proof of Entitlement or separate written agreement with Pulse Secure may require You to report on Your usage more often. Failure either to timely report such excess use or to timely purchase and pay for the required additional License Metric Units in accordance with this subsection 11.b shall be a material breach of this Agreement.

c. Pulse Secure's Right to Audit. In order to enable Pulse Secure to verify Your compliance with this Agreement, You shall, throughout the term of the license and for three (3) years thereafter, provide to Pulse Secure and its professional advisors access to such facilities, personnel, records and reports, for their inspection and copying, as reasonably necessary to validate compliance with this Agreement but no more than once every 12 months. Pulse Secure and its professional advisors shall comply with all Your security requirements. This includes:

i) all Software monitoring records generated and maintained under this Section 11, and

ii) all other written or electronic data and reports that You generate or receive relevant to a determination of whether You have complied with this Agreement.

d. If any inspection under subsection 11.c discloses that You used the Software in excess of applicable License Metric Units and failed to timely comply with subsection 11.b, then on notice of the inspection results, Pulse Secure shall immediately:

- i) invoice You and You shall purchase and pay for sufficient additional License Metric Units (in increments of the applicable minimum allowable License Metric Units) to meet or exceed Your maximum level of use of the Software; and that may have been required for Your use which at any time exceeded Your purchased License Metric Units;
- ii) invoice You and You shall purchase and pay for contracts for Maintenance Services sufficient to cover Your new total number of License Metric Units;

The remedy stated in this Section 11.d is in addition to any other remedy Pulse Secure may otherwise have.

12. Confidentiality. The parties agree that aspects of the Software and associated documentation are the confidential property of Pulse Secure. As such, You shall exercise all reasonable commercial efforts to maintain the Software and associated documentation in confidence, which, at a minimum includes restricting access to the Software to Your employees and contractors having a need to use the Software for Your internal business purposes.

13. Your Data.

Pulse Secure treats Your information in accordance with its Privacy Policy found at <http://www.pulsesecure.net/legal/privacy-policy>.

14. Ownership.

Pulse Secure and Pulse Secure's licensors, respectively, retain exclusive ownership of all right, title, and interest in and to all intellectual property in the Software. Nothing in this Agreement constitutes a sale or other transfer or conveyance of any right, title, or interest in the Software.

15. Limited Warranties.

a. Software Limited Warranty

(1) SOFTWARE LICENSED UNDER A SPECIAL PURPOSE LICENSE ARE FURNISHED "AS IS" WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED.

(2) For any other license of Software under this Agreement, Pulse Secure warrants for Your sole benefit that for a period of ninety (90) days from the Start Date (the "Software Warranty Period"), the Software shall substantially conform to the Documentation. You may not make a software warranty claim after the lapse of the Software Warranty Period. YOUR SOLE AND EXCLUSIVE REMEDY AND THE ENTIRE LIABILITY OF PULSE SECURE FOR BREACH OF ANY WARRANTY REGARDING SOFTWARE UNDER THIS SECTION 15 SHALL BE THE REPLACEMENT OF THE DEFECTIVE SOFTWARE.

b. Restrictions: No warranty will apply if the Software (i) has been altered, except by Pulse Secure; (ii) has not been installed, operated, repaired, or maintained in accordance with the Documentation and instructions supplied by Pulse Secure; (iii) has been subjected to unreasonable physical, thermal or electrical stress, misuse, negligence, or accident or (iv) has been licensed pursuant to a Special Purpose License. In addition, Software is not designed or intended for (i) use in the design, construction, operation or maintenance of any nuclear facility, (ii) navigating or operating aircraft; (iii) operating life-support or life-critical medical equipment or (iv) incorporation in a dwelling or for personal, family, or household purposes or otherwise for use as a consumer product, and Pulse Secure disclaims any express or implied warranty of fitness for such uses. You are solely responsible for backing up its programs and data to protect against loss or corruption. PULSE SECURE WARRANTY OBLIGATIONS DO NOT INCLUDE INSTALLATION, REINSTALLATION OR MAINTENANCE SERVICES OF ANY KIND.

c. Disclaimer of All Other Warranties. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 15, TO THE EXTENT PERMITTED BY LAW, PULSE SECURE DISCLAIMS ALL WARRANTIES IN AND TO THE SOFTWARE (WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE), INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NONINFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE. PULSE SECURE DISCLAIMS ANY WARRANTY, REPRESENTATION OR ASSURANCE THAT THE SOFTWARE, OR ANY EQUIPMENT OR NETWORK RUNNING THE SOFTWARE, WILL OPERATE WITHOUT ERROR OR INTERRUPTION, OR WILL BE FREE OF VULNERABILITY TO INTRUSION OR ATTACK. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, THAT WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty fails of its essential purpose.

16. Limitation of Damages. To the extent permitted by law:

a. IN NO EVENT SHALL THE CUMULATIVE LIABILITY OF PULSE SECURE, ITS DIRECTORS, OFFICERS, EMPLOYEES, AFFILIATES, SUPPLIERS AND LICENSORS TO YOU FROM ALL CAUSES OF ACTION AND ALL THEORIES OF LIABILITY (WHETHER UNDER CONTRACT OR STATUTE, IN TORT (INCLUDING PRODUCT LIABILITY) OR OTHERWISE), EXCEED THE: (i) PRICE PAID TO PULSE SECURE FOR LICENSED RIGHTS TO THE SOFTWARE, FOR THE CURRENT SUBSCRIPTION, OR FOR THE CURRENT CONTRACT FOR MAINTENANCE SERVICES, WHICHEVER GAVE RISE TO THE CLAIM.

b. IN NO EVENT SHALL ANY BREACH BY PULSE SECURE IN CONNECTION WITH ANY REPRESENTATIONS, WARRANTIES OR COMMITMENTS, EXPRESS OR IMPLIED, RELATING TO THE SOFTWARE OR WITH ANY DUTIES RELATING TO FURNISHING YOU WITH MAINTENANCE SERVICES EXCUSE YOUR UNAUTHORIZED USE OF SOFTWARE OR IMPAIR PULSE SECURE'S RIGHT TO TERMINATE ANY LICENSE BASED ON YOUR BREACH OF THIS AGREEMENT.

c. NEITHER PULSE SECURE NOR ITS DIRECTORS, OFFICERS, EMPLOYEES, AFFILIATES, SUPPLIERS OR LICENSORS SHALL BE LIABLE FOR ANY LOST PROFITS, LOSS OF DATA, OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES ARISING FROM THIS AGREEMENT OR RELATING TO THE PULSE SECURE PLATFORM, SOFTWARE, USE OF THE SOFTWARE OR TO ANY MAINTENANCE SERVICES.

d. BECAUSE SOME JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SOME OR ALL OF THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

e. TO THE EXTENT PERMITTED BY LAW, PULSE SECURE DISCLAIMS ANY AND ALL LIABILITIES OR OBLIGATIONS WHATSOEVER RELATED TO THE PULSE SECURE PLATFORM, SOFTWARE OR ITS LICENSING TO OR USE BY ANYONE OTHER THAN YOU.

f. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM PULSE SECURE'S NEGLIGENCE; (2) FRAUD; OR (3) ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

g. Pulse Secure has set its prices and entered into this Agreement in reliance upon the disclaimers of warranty and the limitations of liability stated above. Those disclaimers and limitations reflect an allocation of risk between Pulse Secure and You, and they form an essential basis of the bargain between Pulse Secure and You.

17. Compliance with Laws; Export Requirements.

You shall comply with all applicable laws and regulations in connection with the movement and use of the Software and any Maintenance Services. You acknowledge and agree that the Software as well as related technical data and assistance that may be furnished in the course of the Maintenance Services may contain encryption or encryption technology and are all subject to legal and regulatory controls and restrictions on export and re-export, including those of the U.S. Department of Commerce. You warrant and represent that the Software was not furnished to You as a result of an export or re-export or import in violation of US or other applicable laws or regulations, that You are not on any Denied Persons list or other list published by the US Government of parties to whom exports or re-exports of products subject to export controls are forbidden, that no Software is located in or controlled from a site in a Group E country, and that You are not using any Software or technology furnished hereunder or in connection with any Maintenance Services to further activities in support of the development, manufacture or use of nuclear fuel or weapons, missiles, or chemical or biological weapons. You further covenant that You will immediately notify Pulse Secure if at any time those warranties and representation become no longer accurate. Regardless of any disclosure You might make to Pulse Secure of an ultimate destination of the Software, You shall not export, either directly or indirectly, any Software without first obtaining any and all necessary approvals from the U.S. Department of Commerce or any other agency or department of the United States Government as required. You understand and agree that Pulse Secure may without liability or breach impose certain restrictions and conditions on Maintenance Services in order to protect against violation of export control laws.

18. Commercial Computer Software.

The Software is a "commercial item" as defined at Federal Acquisition Regulation (48 C.F.R.) ("FAR") section 2.101 comprised of "commercial computer software" and "commercial computer software documentation" as those terms are used in FAR 12.212. Consequently, regardless of whether You are the US Government or a department or agency thereof, You shall acquire only those rights with respect to the Software that are set forth in this Agreement and the Proof of Entitlement.

19. Third Party Software

Any licensor of Pulse Secure whose software is embedded in the Software shall be a third party beneficiary with respect to this Agreement, and that licensor shall have the right to enforce this Agreement in its own name as if it were Pulse Secure. Certain third party software may be provided with the Software and is subject to the accompanying license(s), if any, of its respective owner(s). This Software is licensed subject to open source software licenses. For information, click here <http://www.pulsesecure.net/techpubs/licensing/attribution> or contact opensource@pulsesecure.net.

20. Governing Law.

This Agreement (including all documents incorporated herein) and the terms of any contract for Maintenance Services with Pulse Secure shall be governed by the Federal laws of the United States (without reference to its conflicts of laws principles). The provisions of the U.N. Convention for the International Sale of Goods shall not apply. The provisions of the Uniform Computer Information Transactions Act shall not apply.

21. Force Majeure

Except for Your duty to make payment for, Software licenses or contracts for Maintenance Services, and except for Your unauthorized installation or use of Software, neither party will be responsible for any failure or delay in its performance due to causes beyond its reasonable control, including, but not limited to, acts of God, war, riot, embargoes, acts of civil or military authorities, fire, floods, earthquakes, accidents, strikes, or fuel crises ("Force Majeure"), provided that the party gives prompt written notice thereof to the other party and uses its diligent efforts to resume performance. Either party shall be entitled to terminate this Agreement if the Force Majeure event continues for a period of one month.

22. Applicability of This Agreement.

a. Separate Signed Agreements. If You and an authorized representative of Pulse Secure have signed a valid separate written agreement governing Your use of any or all Software licensed from Pulse Secure, then with respect to that Software that signed agreement will take precedence over any inconsistent terms of this Agreement.

b. Transition Rules. If You licensed any Software from Pulse Secure under a different End User License Agreement, then this Agreement shall apply to that Software if and when, following posting of this Agreement at <http://www.pulsesecure.net/support> You either purchase additional License Metric Units for the Software, renew the license at the end of the license term or reinstate the license after the license expires.

23. Complete Agreement; Modifications.

Except as otherwise provided in subsection 22.a, this Agreement together with the Applicable SDD, constitutes the entire agreement between the parties regarding its subject matter and supersedes all prior agreements, commitments or representations, oral or written related to the Software and Maintenance Services. The terms and conditions of this Agreement will supersede all pre-printed terms and conditions contained on any purchase order, task order or other business form submitted by either party to the other. Except as otherwise provided in subsection 22.a, this Agreement may not be amended or modified except by a writing executed by the duly authorized representatives of both parties.

24. Severability.

If any portion of this Agreement is held invalid, the parties agree that such invalidity shall not affect the validity of the remainder of this Agreement. This Agreement and associated documentation have been written in the English language, and the parties agree that the English version will govern.

25. Notification.

Except as otherwise provided elsewhere in this Agreement, any report or notice under this Agreement shall be given in a writing, if to Pulse Secure by mail to 2700 Zanker Road, Suite 200, San Jose, CA 95134 USA, Attn: Legal Department, provided that the notice identifies You by name, address and email address; or, if to You, by email to Your contact email address (or by mail addressed to Your street address that is associated with Your user account for registration with Pulse Secure. If You have no such user account, then notification shall be deemed given to You by emailing or mailing notice to any office or contact email address for the Approved Source from which You acquired Your license.

26. Waiver.

The failure of Pulse Secure to require Your performance of any provision of this Agreement shall not affect Pulse Secure's full right to require such performance at any time thereafter; nor shall its waiver of a breach of any provision hereof be taken to be a waiver of the provision itself.

27. Translations.

Several translations of this Agreement may appear at <http://www.pulsesecure.net/support>. To the extent of any inconsistency between the English version of this Agreement and any non-English version the English version shall govern.

28. Definitions.

The following definitions apply to capitalized terms used this Agreement:

- "Agreement" means this End User License Agreement ("EULA").
- "Approved Source" is Pulse Secure, or a distributor or reseller authorized by Pulse Secure to distribute Software and Maintenance Services in the territory in which You are located.
- "Beta" is a version of the Software that (i) is still in its testing phase and has not yet been released commercially and (ii) Company agrees to provide feedback regarding use of and improvements to the Software.
- "Documentation" for a particular Software Version or Release means Pulse Secure's published User Guide, Release Notes and feature listings for that Version or Release.
- "License Metric" is a parameter for the access or use of the Software, as described in Section 5.

-
- "License Metric Unit" is a unit of measurement for the number of seats for the License Metric that You purchased for access or use of the Software.
 - "Maintenance Services" for Software means the set of software maintenance services described in the Applicable SDD.
 - "NFR" means "Not for Resale" and is limited to demonstration use by a Reseller.
 - "Proof of Entitlement" is a Pulse Secure order confirmation or other Pulse Secure-issued written or electronic confirmation of Pulse Secure's grant to You of a license. The Proof of Entitlement must identify You, the Software licensed, any applicable License Metric and, if applicable, the License Metric Units. The Proof of Entitlement must also indicate whether the license is a Subscription, the term of the license and, if it is a Special Purpose License, the kind of Special Purpose License. If Your license is to operating system software (as well as any separately licensable Software products that may be included along with the operating system software in the object code image You receive from Pulse Secure) and its Updates, proof of Your purchase of the Pulse Secure Platform on which the operating system software runs shall serve as Your Proof of Entitlement but only as long as You own or lease the Pulse Secure Platform.
 - "Pulse Secure" means Pulse Secure, LLC.
 - "Pulse Secure Platform" means any hardware router, switch or other network hardware, equipment or devices marketed and sold by Pulse Secure.
 - "Pulse Secure Policies" are Pulse Secure's then-current policies and procedures, which may be found at <http://www.pulsesecure.net/support>
 - "Release" is a particular object code image of a software product that is identified by a Release denomination starting with "x.y" followed by additional image identifying string.
 - "SDD" means the Service Description Document detailing Maintenance Services for the specific Software, which may be found at <http://www.pulsesecure.net/support>
 - "Software" means the software product identified in Your Proof of Entitlement, and includes 1) machine-readable instructions and data, 2) components, files, and modules, 3) any accompanying audio-visual content, and 4) accompanying activation keys, if any, and 5) associated Documentation. Except where the context otherwise requires, Software includes any Update of that Software that You rightfully receive under a Subscription or contract for Maintenance Services.
 - "Special Purpose License" means any of the licenses described in Section 6 of the Agreement.
 - "Start Date" means the date of acceptance of this Agreement through use of the Software or otherwise.
 - "Subscription" means a license to Software for a finite, fixed term of use.
 - "Update" means software that is an upgrade, bug fix, patch or other Release of Software licensed hereunder that Pulse Secure makes generally available free of incremental charge to customers purchasing a Subscription or contract for Maintenance Services.
 - "Version" means one or more Releases of a particular software product with a common "x.y" denomination in the first two places of the Release identifier.
 - "You" means the legal entity, or other business, governmental or not-for-profit organization (but excluding any parent, subsidiary or other affiliate of any of the foregoing) that (A) is the original end user purchaser of a license to the Software from an Approved Source, (B) accepts the terms of this Agreement, and/or (C) is identified as "Customer" or "End User" in the applicable Proof of Entitlement, if any.
- END OF DOCUMENT-

Puppet Labs
926 NW 13th Avenue, #210
Portland, OR 97209

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Puppet Labs** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - ss) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - tt) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - uu) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - vv) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - ww) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - xx) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - yy) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - zz) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any

excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- aaa) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- bbb) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- ccc) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- ddd) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- eee) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- fff) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- ggg) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- hhh) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- iii) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- jjj) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- kkk) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- lll) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention

procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

mmm) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

nnn) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

PUPPET LABS

PUPPET LABS LICENSE, WARRANTY AND SUPPORT TERMS

This Software License Agreement ("Agreement") is between Puppet Labs, Inc., a Delaware corporation, ("Puppet Labs") and the Ordering Activity, as defined by GSA Order ADM4800.2H and as revised from time to time ("Customer").

This Agreement includes the terms and conditions of the GSA Schedule Contract, the Order, and the terms and conditions below. It constitutes the complete agreement between the parties regarding the license, support and maintenance of Puppet Enterprise™ software (the "Software"), and supersedes all prior or contemporaneous agreements or representations, written or oral, concerning that same subject matter. Any modifications to this Agreement must be in writing signed by a duly authorized representative of both parties. SHOULD A CONFLICT EXIST BETWEEN THE TERMS AND CONDITIONS OF THIS AGREEMENT AND THE TERMS AND CONDITIONS OF THE SCHEDULE CONTRACT, THE SCHEDULE CONTRACT SHALL PREVAIL.

TERMS AND CONDITIONS

1. **ORDERS.** "Order" means an order placed by an Ordering Activity under the GSA Schedule Contract.
2. **LICENSE.** Subject to Customer's compliance with this Agreement, Puppet Labs grants to Customer a worldwide, limited, non-transferrable, revocable license to use the Software for the purpose of managing Customer's IT infrastructure (whether on premises or in the cloud). Customer may reproduce the Software and use multiple copies concurrently, subject to the pricing terms of Section 6.
3. **SOURCE CODE.** The source code for the Software is available through www.puppetlabs.com.
4. **THIRD PARTY SOFTWARE.** The Software includes components that included under open source licenses from third parties (the "Third Party Software"). The components are listed at <http://www.puppetlabs.com/puppet-enterprise-components-licenses/>.
5. **RESTRICTIONS.** The Software is licensed, not sold. Customer may not use the Software other than for Customer's internal business purposes, and not for the purposes of any third party nor for any timesharing, rental, Internet, or application service provider, commercial hosting services, or service bureau basis. Other than as granted in Section 2, Puppet Labs and its licensors retain all right, title and interest in and to the Software, including all intellectual property rights, registered or unregistered, and wherever in the world those rights may exist (collectively, the "Puppet Labs Rights"). The Puppet Labs Rights include graphics, user and visual interfaces, design, structure, selection, coordination, expression, "look and feel", arrangement, trademark, logo and other distinctive brand features of the Software (collectively, the "Puppet Labs Marks"). This Agreement does not permit Customer to distribute any product or service using the Puppet Labs Marks, including in connection with any Open Source Components. Puppet Labs shall retain title to all copies of the Software provided to Customer or made by Customer. There are no implied rights or licenses in this Agreement. All rights are expressly reserved by Puppet Labs.
6. **FEES AND PAYMENT.** Customer will pay a fee for a license subscription and for support and maintenance (per Section 7) based on the number of "Nodes" managed by the Software. A "Node" is a single network-connected device such as a server, desktop, or laptop (virtual machines that have a unique IP address are a separate Node from the physical machine on which they reside).

7. SUPPORT; CHANGES.
 - 7.1 Support and Maintenance. In connection with any Paid License, Puppet Labs will provide Customer the support and maintenance services ("Support Services") listed on Exhibit A, at either the "Standard" or the "Premium" level, as indicated in the Order. There is no support or maintenance available in connection with a Free License. If Support Services are terminated for any reason, any later reinstatement is at Puppet Labs' sole option, including without limitation the condition that Puppet Labs offers Support Services to its customers generally for the Software in question.
 - 7.2 Modules and Customer Changes. Puppet Labs makes available certain modules ("Modules") that may be used in connection with the Software, either bundled with the Software (including in an update or upgrade later provided) or through its web site forge.puppetlabs.com ("Puppet Forge"). Any Modules bundled with the Software are licensed under this Agreement, and any Modules obtained through the Puppet Forge are subject to their accompanying license. Except for Modules that are bundled with the Software or where otherwise indicated by Puppet Labs on the Puppet Forge, Puppet Labs is not liable to support any Module, nor are such Modules covered by the warranty and indemnity terms of this Agreement. Furthermore, to the extent permitted by law, Puppet Labs is not responsible to support, and is not liable under this Agreement in any way (including warranty and indemnity) for, any changes made by Customer to the Software.
8. WARRANTY; DISCLAIMER
 - 8.1 General Warranties. Puppet Labs represents and warrants that it has sufficient ownership or authority to grant to Customer the license stated in Section 2. Each party represents and warrants that: (a) it has the full power and authority to enter into this Agreement and to carry out its obligations under this Agreement; and (b) it has complied, and will in the future comply, with all applicable laws in connection with the execution, delivery and performance of this Agreement.
 - 8.2 Product Warranty. Puppet Labs warrants to the Customer that the Software will perform in all material respects as specified in its accompanying documentation under normal use for a period of thirty (30) calendar days from initial receipt or access. Customer's exclusive remedy for a breach of this limited warranty is to return any allegedly defective Software and Puppet Labs, at its option, will replace it or refund any fee paid for the Software. This warranty applies to Third Party Software only to the extent its failure to operate causes the Software to fail to conform to this warranty.
 - 8.3 Disclaimer. EXCEPT AS EXPRESSLY SET FORTH IN SECTION 8, PUPPET LABS DISCLAIMS ANY AND ALL WARRANTIES AND REPRESENTATIONS WITH RESPECT TO THE SOFTWARE, INCLUDING THE WARRANTIES OF NON-INFRINGEMENT, TITLE, AND THOSE THAT MAY ARISE FROM ANY COURSE OF DEALING OR PERFORMANCE. THIS CLAUSE DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(O). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 USC 7101-7109.
9. LIMITATION OF LIABILITY. EXCEPT AS STATED BELOW, EACH PARTY'S LIABILITY TO THE OTHER UNDER THIS AGREEMENT IS LIMITED AS FOLLOWS: (A) NEITHER SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, PUNITIVE, CONSEQUENTIAL, RELIANCE, OR SPECIAL DAMAGES (INCLUDING ANY DAMAGE TO BUSINESS REPUTATION, LOST PROFITS, LOST DATA OR LOST SAVINGS); AND (B) NEITHER SHALL BE LIABLE TO THE OTHER FOR ANY AMOUNTS IN EXCESS OF THE GREATER OF FIVE HUNDRED DOLLARS (\$500) OR THE AMOUNTS PAID BY CUSTOMER TO PUPPET LABS IN THE TWELVE (12) MONTHS PRIOR TO THE EVENT GIVING RISE TO LIABILITY. THESE LIMITS DO NOT APPLY TO ANY LIABILITY THAT ARISES FROM ANY CLAIM FOR UNPAID FEES OR THE UNLICENSED USE OF THE SOFTWARE. THESE LIMITS APPLY REGARDLESS OF THE FORM OF CLAIM (CONTRACT, TORT OR OTHERWISE) AND EVEN IF THIS SECTION 9 IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. SOME JURISDICTIONS MAY NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL, SPECIAL CONSEQUENTIAL, OR OTHER DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. IN SUCH EVENT, LIABILITY WILL BE LIMITED TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW. THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 USC 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75—PRICE REDUCTIONS, CLAUSE 52.212-4(H)—PATENT INDEMNIFICATION, AND GSAR 552.215-72—PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION).
10. EXPORT CONTROL. As required by the laws of the United States and other countries, Customer represents and warrants that Customer: (a) understands that the Software and its components may be subject to export controls under the U.S. Commerce Department's Export Administration Regulations ("EAR"); (b) is not located in a prohibited destination country under the EAR or U.S. sanctions regulations; (c) will not export, re-export, or transfer the Software to any prohibited destination or persons or entities on the U.S. Bureau of Industry and Security Denied Parties List or Entity List, or the U.S. Office of Foreign Assets Control list of Specially Designated Nationals and Blocked Persons, or any similar lists maintained by other countries, without the necessary export license(s) or authorization(s); (d) will not use or transfer the Software for use in connection with any nuclear, chemical or biological weapons, missile technology, or military end-uses where prohibited by an applicable arms embargo, unless authorized by the relevant government agency by regulation or specific license; and (e) understands that countries including the United States may restrict the import, use, or export of encryption products (which may include the Software and the components) and agrees that Customer shall be solely responsible for compliance with any such import, use, or export restrictions.
11. GOVERNMENT USERS. The Software contains "commercial computer software" as that term is described in DFAR 252.227-7014(a)(1). If acquired by or on behalf of a civilian agency, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement as specified in 48 C.F.R. 12.212

(Computer Software) and 12.11 (Technical Data) of the Federal Acquisition Regulations and its successors. If acquired by or on behalf of any agency within the Department of Defense, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement as specified in 48 C.F.R. 227.7202 of the DOD FAR Supplement and its successors.

12. GENERAL. The laws of the United States govern this Agreement. Customer and Puppet Labs may only amend or modify this Agreement, or waive any right under this Agreement, in a writing that is signed by both parties and that expressly references this Agreement. No waiver of any breach of any provision of this Agreement shall constitute a waiver of any prior, concurrent or subsequent breach of the same or any other provisions. Headings are used in this Agreement for reference only and will not be considered when interpreting this Agreement. As used in this Agreement, "includes" (or "including") means without limitation.

Exhibit A
Support and Maintenance Terms
Last Updated on January 15, 2014

These Support Services Terms describe the Support Services which current, compliant subscribers of Support Services are entitled to receive pursuant to the Software License Agreement between Puppet Labs and Customer ("Master Agreement"). These Support Services Terms form an integral part of, and are incorporated by reference into, the Master Agreement. Capitalized terms used in these Support Services Terms without definition have the meaning defined in the Master Agreement.

1. Definitions.

"Error" means a malfunction in the Software that can be duplicated by Puppet Labs that materially degrades the use or performance of the Customer business system the Software manages ("Business System").

"Fix" means the repair or replacement of object code versions of the Software to remedy an Error.

"Priority 1 Error" means an Error that renders the Software inoperative or materially degraded with respect to the Business System, such that: (i) the Business System's production system is severely impacted or completely shut down, or (ii) the Business System's system operations or mission-critical applications are down "Priority 2 Error" means an Error that degrades Software performance with respect to the Business System.

"Priority 3 Error" means an Error that affects Customer's use of the Software, but does not materially degrade Software performance with respect to the Business System.

"Technical Contact" means a Customer employee technically familiar and competent with Customer's systems (including the Business System), infrastructure and use of the Software, who: (i) has "read, write and execute" access to the necessary files, English language communication skills and relevant technical knowledge; and (ii) is the designated Customer contact to receive Support Services, and to resolve Customer technical issues related to the Software. The permitted number of Technical Contacts is based on the level of Support Services purchased by Customer, and is set forth in the table below. The first two (2) Technical Contacts are set forth in the applicable Order Form, and may be changed by Customer upon five (5) business days prior written notice to Puppet Labs.

"Update" means subsequent releases of the Software that are generally made available by Puppet Labs to those of its customers using the Software as part of Support Services at no additional charge, other than media and handling charges. Updates may include updated code to accommodate changes in applicable industry standards. Updates shall not include any releases, enhancements, functionality or products which Puppet Labs licenses separately or provides at a fee separate from the Support Services fee. Updates are delivered only on an as if and when available basis.

2. Support Services Coverage. Subject to these Support Services Terms, including the table set forth below, and the other terms of the Master Agreement (including, without limitation, Customer's payment of the applicable Support Services fees to Puppet Labs), Puppet Labs will provide Customer with the Support Services described herein for the applicable Software, exclusive of any integration issues between the Software and applicable Third Party Software. Customer shall designate the permitted number of Technical Contacts who are responsible for resolving user issues, and only such Technical Contacts may contact Puppet Labs for the provision of Support Services. Support Services do not include anything not set forth in these Support Services Terms, and specifically excludes support of any hardware or any software other than the Software, including without limitation, any integration with Third Party Software. The Support Services telephone numbers, email address and Puppet Labs Support Portal are located at <http://puppetlabs.com/services/customer-support>.

3. Software Maintenance. Puppet Labs will periodically, and in its sole discretion, provide Customer with Fixes to Errors and Updates to Software.

4. Customer Obligations. Customer and its Technical Contacts shall: (i) make reasonable efforts to resolve Customer issues or identify issues as relating to the Software prior to contacting Puppet Labs for Support Services; and (ii) provide Puppet Labs with sufficient information and resources to address the Error, and access to the personnel, hardware, and any additional software as reasonably necessary to enable Puppet Labs to reproduce, analyze and address the Error.

5. Exclusions. Puppet Labs is not obligated to provide Support Services when: (i) the Software has been changed, modified or damaged; (ii) the issue is caused by Customer's negligence, misuse of software or hardware, hardware malfunction or other causes other than the Software; (iii) the issue is caused by hardware, third party software or infrastructure; or (iv) the version of the Software is not a currently supported version, as determined by Puppet Labs' announced policies regarding the support of such versions.

6. Free Public Training. For Premium Support Services customers, during each yearly term of Premium Support Services, Puppet Labs offers upto four (4) placements per Support Services term in public classes offered by Puppet Labs at no additional cost to Customer. These free classes (i) are only offered to current Premium Support Services customers, (ii) must be given directly by Puppet Labs (and not a Puppet Labs training partner), (iii) must be taken during the current Support Services term, and (iv) expire at the end of the current Support Services term and Customer is not entitled to any compensation if the classes are not used. The four (4) class sessions may be taken by up to four individuals, but in no event will Customer receive more than four (4) individual free class sessions per Support Services term (e.g. one individual may take four class sessions or four individuals may each take one class session).

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Qualtrics, LLC** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

QUALTRICS, LLC

QUALTRICS, LLC LICENSE, WARRANTY AND SUPPORT TERMS

1.0 Background

Contractor through Qualtrics will provide the Qualtrics Service to Ordering Activity ("Licensee") as an end user customer. Qualtrics will use, operate, and/or make available applicable software, hardware, network, systems, platforms, and/or other technologies and expertise reasonably required to provide the Qualtrics Service to Licensee. The Qualtrics Service shall be hosted on Qualtrics' servers. Qualtrics may, at its election, outsource the hosting to a trusted third party in the business of hosting Internet services and/or applications.

2.0 License of Qualtrics Service

Contractor grants Licensee a non-exclusive, non-transferable worldwide license and lease, during the term of the Delivery Order, to use the Qualtrics Service for Licensee's own internal business purposes.

- 2.1 Access:** During the term of the Delivery Order, provided that Licensee has paid all fees due and owed to Contractor and is in compliance with the terms of this Attachment A, Licensee will be able to access the Qualtrics Service by going to the web site specified in Exhibit 1. The Qualtrics Service will prompt Licensee for its login and password information and, if correct, will provide Licensee with access to the Qualtrics Service.
- 2.2 Unauthorized Duplication or Use:** Licensee shall use commercially reasonable efforts to prevent its employees and other third parties from making unauthorized copies of any content in the Qualtrics Software or using the Qualtrics Service in violation of this Attachment A. If Licensee discovers any such unauthorized duplication or use, it will promptly notify Contractor through Qualtrics and take commercially reasonable actions to resolve the problem as soon as reasonably possible.
- 2.3 Restrictions:** Licensee is not permitted to sublicense the Qualtrics Software to third parties without written permission of Qualtrics except to affiliates and third party vendors solely for providing services for Licensee and not for their own use.

3.0 Support and Maintenance

In consideration of the fees paid by Licensee, as part of the Qualtrics Services, Contractor through Qualtrics will provide the following support and maintenance services:

- 3.1 Technical Support:** Contractor through Qualtrics shall provide Licensee with telephone-based and web site-based technical support services to assist Licensee in utilizing the Qualtrics Service, including the Software. Licensee may telephone or e-mail Qualtrics' offices for support during Qualtrics' regular business hours, 6:00 p.m. Sunday to 6:00 p.m. Friday U.S. Mountain Time (0100 Monday to 0100 Saturday GMT), except U.S. holidays. Qualtrics will respond to telephone calls or e-mails based on the following criteria: (a) the order that such calls or e-mails are received; and (b) the relative importance of such calls or e-mails as reasonably determined by Qualtrics. Qualtrics shall make reasonable, good faith efforts to respond to technical support requests and to correct errors within a reasonable time. Licensee agrees to cooperate with Qualtrics in providing such documentation and information as Qualtrics may reasonably request, so that Qualtrics can verify and reproduce the reported error. Additionally, Licensee may log on to the support web site to register e-mail requests.
- 3.2 Modifications and Enhancements:** Contractor through Qualtrics may also make modifications to the Qualtrics Service to improve and enhance the Qualtrics Service, as it deems appropriate in its sole discretion, by adding additional service options, improving the user interface and otherwise responding to its licensees' feedback and requests. Qualtrics will make all such improvements and enhancements (including, but not limited to, error corrections, bug fixes and performance or functionality improvements) available to Licensee under the terms of this Attachment A at no additional charge. Licensee may also utilize Qualtrics' support web site to make enhancement requests and other special requests.

4.0 Account Managers

Each party shall appoint an Account Manager, as set forth on the signature page. The Account Managers shall be responsible for addressing and resolving issues relating to the delivery and use of the Qualtrics Service. Either party may change its Account Manager upon written notice to the other party.

5.0 Ownership

Subject to the licenses and rights granted herein, the parties acknowledge that:

- 5.1 As between the parties, Qualtrics owns all right, title and interest in and to the Qualtrics Service, all related software and technology, and all Qualtrics content provided in connection with the Qualtrics Service, including all intellectual property rights in the foregoing. Qualtrics reserves all rights not expressly granted to Licensee in this Attachment A.
- 5.2 Licensee owns all right, title and interest in and to any questions, responses, and other data and information input by Licensee and its survey recipients in the surveys conducted through the Qualtrics Service ("Data") including, but not limited to, any survey created by Licensee, as well as any additional data provided by the Licensee as part of the survey process including personally identifiable information provided by Licensee's survey recipients and respondents. All such Data shall be deemed Confidential Information of Licensee pursuant to the terms of the Schedule Contract and shall not be utilized by Qualtrics for any purpose other than to perform its obligations under this Attachment A or as agreed to in writing by an authorized representative of Licensee.

6.0 Term and Termination

- 6.1 Term: The initial term of a Delivery Order is one (1) year from the Effective Date. A Delivery Order may be renewed for additional one (1) year term upon mutual agreement in writing.
- 6.2 Effect of Termination: Upon termination of the Delivery Order for any reason, Contractor through Qualtrics shall discontinue providing the Qualtrics Service to Licensee and Licensee shall cease using the Qualtrics Service. Each party shall promptly return or destroy all Confidential Information of the other party, as applicable, in accordance with the terms of the Confidential Information in section of the Schedule Contract. Within thirty (30) days of the date of termination, Licensee shall pay to Contractor all outstanding undisputed fees due to Contractor as of the effective date of termination. For thirty (30) days of the date of termination, Licensee shall have reasonable access to retrieve and secure its data contained in the service. In addition, any terms that by their nature extend beyond termination of the Delivery Order shall survive.

7.0 Representations and Warranties

- 7.1 By Contractor: Contractor represents and warrants to Licensee that:
 - (a) it has the power and authority to enter into a Delivery Order and perform its obligations hereunder, and such performance will not breach any separate agreement by which Contractor is bound;
 - (b) it will comply with the laws, rules and regulations that apply to Contractor in connection with the conduct of its business and its provision of the Qualtrics Service;
 - (c) it will not knowingly infringe on any party's patent, trademark, mask work, copyright, trade secret, or other intellectual property right; and will not violate any laws, rules, or regulations applicable to Qualtrics or the Qualtrics Service; and
 - (d) it will use commercially reasonable efforts to allow Licensee to access the Qualtrics Service seven (7) days per week, twenty-four (24) hours per day with a goal of ninety-nine percent (99%) reliability to the Qualtrics Service, excluding downtime (i) scheduled in advance for maintenance on a periodic basis, or (ii) due to faults caused by Licensee or Licensee's system, or (iii) due to other causes outside of the reasonable control of Qualtrics, including without limitation malfunction or cessation of Internet services by any third party network or ISP.
 - (e) it will use commercially reasonable efforts to ensure that updates and/or new releases will not introduce, any program, routine, subroutine, or data (including malicious software or "malware," viruses, worms, and Trojan Horses) that are designed to disrupt the proper operation of the Service or any software or system used by Licensee in connection with the Service, or which, upon the occurrence of a certain event, the passage of time, or the taking of or failure to take any action, will cause the Service or any system or software used in connection with the Software to be destroyed, damaged, or rendered inoperable.
 - (f) to the best of Contractor's knowledge, it shall not violate the software as delivered to the Licensee shall not violate any proprietary rights of third parties, including, without limitation, patents, copyrights or trade secrets; and, that the software as delivered to the Licensee will not violate any applicable law, rule, regulation or contractual obligations or confidential relationships which Contractor may have or with any third party, or violate the privacy of any third party from whom Contractor through Qualtrics may obtain any information in connection therewith.
- 7.2 By Licensee: Licensee warrants and represents to Contractor that:
 - (a) it has the power and authority to enter into a Delivery Order and perform its obligations hereunder, and such performance will not breach any separate agreement by which Licensee is bound;

(b) it will comply with the laws, rules and regulations that apply to Licensee in connection with the conduct of its business and its use of the Qualtrics Service; and

(c) it will not knowingly utilize (or allow utilization of) the Qualtrics Service in any manner prohibited by this Attachment A or written Qualtrics policies provided to Licensee, or reverse engineer or tamper with the security of any Qualtrics computer software.

7.3 Limitation of Warranties: EXCEPT AS SET FORTH IN THIS SECTION 7, (i) NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY, AND (ii) ALL PRODUCTS AND SERVICES ARE PROVIDED BY CONTRACTOR ON AN "AS IS" BASIS. CONTRACTOR DOES NOT WARRANT THAT THE QUALTRICS SERVICE OR ITS SOFTWARE WILL BE ERROR-FREE OR THAT ALL NON-CONFORMITIES CAN BE OR WILL BE CORRECTED. CONTRACTOR DOES NOT MAKE ANY WARRANTIES, REPRESENTATIONS OR CONDITIONS WITH RESPECT TO ANY THIRD PARTY CONTENT, EXPRESS OR IMPLIED. EXCEPT AS SET FORTH IN THIS SECTION 7, EACH PARTY EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS OR WARRANTIES, CONDITIONS AND REPRESENTATIONS RELATED TO THE SUBJECT MATTER OF THIS ATTACHMENT A, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT AND MERCHANTABILITY.

Exhibit 1

1. **QUALTRICS SERVICE:** Develop and host the survey website which includes all survey development tools, e-mail delivery capabilities, online analysis tools, online survey libraries, tutorials and help facilities.
2. **SCOPE OF LICENSE:** The term of the license for the Qualtrics Software is one year, beginning on the date below and includes features as outlined below.
3. **SUPPORT AND TRAINING:** Contractor through Qualtrics will provide online tutorials, phone support and respond to e-mails during normal business hours. Qualtrics will provide a U.S. toll free number that may be used for contacting Qualtrics regarding support issues. As each survey project tends to be uniquely structured the majority of training will occur through telephone and e-mail support. Quarterly training calls may also be scheduled by the Qualtrics Account Manager to discuss and/or demonstrate new features that have been made available by Qualtrics.
4. **BRANDED SURVEY SITE:** This license will operate under a branded platform, which will be created by Qualtrics. The cost of this branded platform is included in the bid. Any changes to the site and domain are also included in the bid.
5. **SKINS TO MATCH:** The corporate branded solution comes with skins in a library that can be used to change the look and feel of a survey. Licensee will have the ability to request new skins that will fit their branding.
6. **REQUESTS:** A "Request" is a server call sent to Contractor through Qualtrics that occurs each time a site intercept code is triggered. Qualtrics will provide information on the number of requests to Licensee each month. In the event Licensee exceeds the number of allotted Monthly Requests by fifty percent (50%), or in the event Licensee exceeds the number of allotted Yearly Requests, Licensee must pay the overage at the current order rate.
7. **DISTRIBUTION OF USERNAMES AND PASSWORDS:** Contractor through Qualtrics will give the Licensee account manager an admin login name and password. With this admin login the account manager will be able to view the use of all users and create new usernames and passwords with unique permissions.

Red Hat, Inc.
1801 Varsity Drive
Raleigh, NC 27606

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Red Hat, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

RED HAT, INC.

RED HAT, INC. LICENSE, WARRANTY AND SUPPORT TERMS

This U.S. Government Supplement ("Supplement") and the Red Hat Enterprise Agreement (www.redhat.com/licenses/us.html), including its Appendix 1 (http://www.redhat.com/licenses/rhel_us_appendix1.pdf) (Note: Red Hat Learning Services, Training Units, and Consulting Units under Appendix 2, http://www.redhat.com/licenses/rhel_us_appendix2.pdf, are not provided under GSA contracts) ("Enterprise Agreement"), establish the terms and conditions enabling Red Hat, Inc. ("Red Hat") to provide Red Hat Products to U.S. Government agencies, including any "Ordering Activity", defined as an entity authorized to order under GSA contracts as set forth in GSA ORDER 4800.2G ADM (the "Client"). The Enterprise Agreement and this Supplement cover the use of Software or Services by any Ordering Activity. Notwithstanding anything to the contrary, the use of Software or Services from Red Hat by an Ordering Activity *does not* constitute that Ordering Activity's assent or acceptance of the Enterprise Agreement. Red Hat agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, *et seq.*, Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; and 41 U.S.C. 423 relating to procurement integrity. This Supplement modifies the terms and conditions of the Enterprise Agreement for U.S. Government agencies as follow:

1.0 Enterprise Agreement Section 2.2, Changes to Work and Delays, is replaced with the following: "2.2 Changes to Work and Delays. Changes to the Services will be made only through a written change order signed by both parties consistent with GSAR Clause 552.243-72 Modifications (Federal Supply Schedule) (July 2000) (Deviation I 2010) (AUG 1987). In the event that (a) Client fails to timely fulfill its obligations under an Order Form, and this failure adversely impacts the provision of Services, or (b) events outside of either party's reasonable control cause a delay in or otherwise affect Red Hat's ability to perform its obligations under an Order Form, Red Hat will be entitled to appropriate relief, including adjusting the timing of its delivery of applicable Services subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I 2010) (AUG 1987), and 52.212 -4 (f) Excusable delays. (JUN 2010).

2.0 Enterprise Agreement Section 3.0 Fees:

The following is deleted from Section 3.1, Fees and Expenses: "Client will reimburse Red Hat for all reasonable expenses Red Hat incurs in connection with the performance of Services."

Section 3.2.1 is replaced with the following: If credit terms are provided to Client, Red Hat will invoice Client for the Fees upon Red Hat's acceptance of the applicable Order Form and upon acceptance of any future order in accordance with FAR 52.212-4(g) and FAR 52.212-4(i). Unless otherwise specified in an Order Form and subject to Red Hat's approval of credit terms, Client will pay Fees and expenses, if any, no later than thirty (30) days from the date of each invoice. Except as otherwise provided in this Agreement, any and all payments made by Client pursuant to this Agreement are non-refundable.

Section 3.3, Taxes, is deleted in its entirety.

3.0 Enterprise Agreement Section 5.0, Reporting and Inspection:

The following is deleted from Enterprise Agreement Section 5.1, Reporting, "no later than thirty (30) days from the date of the invoice", and replaced with, "as provided in the Agreement".

Enterprise Agreement Section 5.2, Inspection, is replaced with the following: "5.2 Inspection. During the term of this Agreement and for one (1) year thereafter: (a) If Client's security requirements are met, Red Hat or its designated agent may inspect Client's facilities and records to verify Client's compliance with this Agreement. Any such inspection will take place only during Client's normal business hours and upon no less than ten (10) days prior written notice from Red Hat. Red Hat will give Client written notice of any non-compliance, including the number of underreported Units of Software or Services ("Notice"); or (b) If Client security requirements are not met and upon Red Hat's request, Client will run a self assessment with tools provided by and at the direction of Red Hat ("Self Assessment") to verify Client's compliance with this Agreement. Within thirty (30) days from Red Hat's request, Client will finalize the Self Assessment and provide Red Hat with the results in the form of a written report certified by Client's authorized officer including the number of underreported Units of Software or Services (the "Report"). In either event, after providing Notice(s) or Report(s) and receipt of an invoice, Client will make payment to Red Hat or its authorized channel partner for the applicable Services provided with respect to the underreported Units. Notwithstanding the foregoing, nothing in this section prevents the Government from disputing any invoice in accordance with the Contract Disputes Act (41 U.S.C. §§7101-7109)."

4.0 Enterprise Agreement Section 6, Term and Termination:

Enterprise Agreement Section 6.1 is replaced with the following: "6.1 Term and Termination of Agreement. The term of this Agreement will begin on the Effective Date and will terminate at the expiration of all Order Forms issued hereunder."

Enterprise Agreement Section 6.2.1: The following is deleted: "Thereafter, the term for Subscription Services will automatically renew for successive terms of one (1) year each, unless either party gives written notice to the other of its intention not to renew at least sixty (60) days before the commencement of the next renewal term."

Enterprise Agreement Section 6.2.2 is replaced with the following: "6.2.2 Termination shall be governed by the FAR 52.212-4 (l) Termination for the Government's Convenience, and (m) Termination for Cause. The termination of an individual Order Form will not terminate any other Order Form or this Agreement unless otherwise specified in the written notice of termination. Without prejudice to any other right or remedy of Red Hat and consistent with FAR 52.212-4 (l) Termination for the Government's Convenience, and (m) Termination for Cause, in the event an Order Form is terminated, Client will pay Red Hat (or the Business Partner from whom Client purchased such Software or Services) for all Services provided up to the effective date of termination."

5.0 Enterprise Agreement Section 8.1: The following is added to Section 8.1, Limitation of Liability: "..., EXCLUDING REPROCUREMENT COSTS. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31. U.S.C. §§ 3729-3733."

6.0 Enterprise Agreement Section 9.1: The following is added to Section 9.1, Obligations: "Confidential Information may be subject to full or partial disclosure under the Freedom of Information Act, 5 U.S.C. §552."

7.0 Enterprise Agreement Section 11, Open Source Assurance Program, is deleted in its entirety.

8.0 Enterprise Agreement Section 12, Governing Law/Consent to Jurisdiction, is replaced with the following: "12. Governing Law/Consent to Jurisdiction. The validity, interpretation and enforcement of this Agreement, including end user license agreement for Software, will be governed by and construed in accordance with the laws of the United States without giving effect to the conflicts of laws provisions thereof or the United Nations Convention on Contracts for the International Sale of Goods. This Agreement is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this Agreement shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal or state laws or regulations are enacted, it will not apply to this Agreement, and the governing law will remain as if such law or regulation had not been enacted."

9.0 Enterprise Agreement Section 13 Miscellaneous

Enterprise Agreement Section 13.2, Assignment is replaced with the following: "13.2 Assignment. Assignments are subject to FAR Clause 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements."

Enterprise Agreement Section 13.4, Force Majeure is replaced with the following: "13.4 Force Majeure. Except as may be otherwise provided herein, this Agreement is subject to FAR 52.212 -4 (f) Excusable delays. (JUN 2010)."

Enterprise Agreement Section 13.5, Non-solicitation, is replaced with the following: "13.5 Reserved."

The third and fourth sentences of Section 13.6, Export and Privacy, are deleted in their entirety.

The following is deleted from Enterprise Agreement Section 13.7, Dispute Resolution, "No claim or action, regardless of form, arising out of this Agreement or an Order Form may be brought by either party more than one (1) year after the cause of action has accrued.", and replaced with, "No claim or action, regardless of form, arising out of this Agreement or an Order Form may be brought by either party more than six (6) years after the cause of action has accrued."

The following is deleted from Section 13.11, Complete Agreement, "of the State of New York and".

10.0 Enterprise Agreement Section 14, Waiver of Jury Trial, is deleted in its entirety.

11.0 The second paragraph of Appendix 1, Exhibit 1.C, Section 1. is replaced with the following: "If you use any of the Subscription Services or Software associated with JBoss Developer Studio Portfolio Edition for Production Purposes, or use the Red Hat Enterprise Linux Software Subscription entitlement independently of your use of the JBoss Developer Studio Subscription, you will be required to purchase the applicable number of Units of the applicable Software Subscription. Red Hat does not provide Production Support or Development Support for JBoss Developer Studio Portfolio Edition."

12.0 Red Hat Products purchased under the Enterprise Agreement and this Supplement may require access to certain Red Hat websites or portals covered by "terms of use" (e.g. https://access.redhat.com/site/help/terms_conditions.html) ("Red Hat Portal Terms of Use"). In the event of any conflict between this Red Hat Terms of Use and this Supplement, this Supplement will take precedence. In the event Red Hat Terms of Use include terms requiring Client to indemnification obligation of Client, such indemnification obligations shall be deleted and the remaining terms and conditions shall be interpreted so as to be consistent with U.S. federal law.

RedOwl Analytics, Inc.
1111 Light Street, Suite 250
Baltimore, MD 21230

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached RedOwl Analytics, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) Contracting Parties. The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) Assignment. All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

-
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
 - k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
 - l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
 - m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
 - n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
 - o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
 - p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
 - q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
 - r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
 - s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
 - t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
 - u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
 - v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A – REDOWL ANALYTICS
MASTER LICENSE AND SERVICES AGREEMENT

This MASTER LICENSE AND SERVICES AGREEMENT (this “Agreement”) is made and entered into effective as of the ___ day of _____, 201__ (the “Effective Date”), by and between RedOwl Analytics, Inc., a Delaware corporation having its principal place of business at 1111 Light Street, Suite 250, Baltimore, Maryland 21230 (“RedOwl”), and _____ having its principal place of business at _____ (“Customer”).

RedOwl and Customer desire to establish terms and conditions under which Customer is authorized to license software and purchase services from RedOwl.

In consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties, intending to be legally bound, covenant and agree as follows:

1. Definitions

Capitalized terms used in this Agreement are defined in this Section 1 or the section in which they are first used.

- 1.1** “Agreement” means this Master License Agreement and Services Agreement, including any Order Form(s), Exhibit(s) or Attachment(s) attached hereto or which reference this Agreement.
- 1.2** “Ordering Activity Data” means all data and information provided by Ordering Activity that is: (i) input into or processed by the Software; (ii) all output therefrom; and (iii) any Ordering Activity information or data developed or derived from the data provided by Ordering Activity.
- 1.3** “Deliverable(s)” means a deliverable created by RedOwl pursuant to a Statement(s) of Work under the Professional Services Terms.
- 1.4** “Documentation” means the standard documentation for the Software as provided by RedOwl upon Ordering Activity’s download, installation or access to the Software, excluding any RedOwl sales or marketing materials.
- 1.5** “Environment” means the environment in which the Software may be used, as designated in the Order Form, whether that environment is on Ordering Activity’s premises, in a public or private cloud, in a virtual private cloud or in another operating environment.
- 1.6** “Error” is as defined in the Support Services Terms.
- 1.7** “Machines” means the number of named physical or virtual machines that are running the Software as such number is specified in the Order Form.
- 1.8** “New Version” is as defined in the Support Services Terms.
- 1.9** “Order Form” means an order form that references this Agreement which is executed by RedOwl and Ordering Activity, issued by Ordering Activity, evidencing a subscription to the Software and Support Services and the fees for such.
- 1.10** “Order Form Effective Date” means the date specified at the top of the applicable Order Form, which indicates the date the Order Form is effective between the parties.
- 1.11** “Professional Services” means collectively the professional services (including any Training) provided by RedOwl to Ordering Activity pursuant to the Professional Services Terms.
- 1.12** “Professional Services Terms” means the terms set forth to govern the Professional Services as set forth in Exhibit B.
- 1.13** Reserved.

-
- 1.14** “Services” means the Support Services and Professional Services provided pursuant to this Agreement by RedOwl.
- 1.15** “Software” means RedOwl’s proprietary information technology software (in object code form) as specified in the Order Form, including Updates and New Versions, and any Documentation provided therewith.
- 1.16** “Subscription Model” means the licensing model under which Ordering Activity has elected a subscription license for the Subscription Term (i) to the Software as downloaded by Ordering Activity from RedOwl and the Support Services provided therewith, or (ii) to the Software which Ordering Activity is given access by RedOwl (but which remains on RedOwl’s servers) and the Support Services provided therewith.
- 1.17** “Statement of Work” or “SOW” means a separate document executed by RedOwl and Ordering Activity that references this Agreement and specifies the Professional Services to be performed.
- 1.18** “Subscription Term” the term of the subscription to the Software and Support Services pursuant to the Subscription Model as such term is set forth on the Order Form.
- 1.19** “Support Services” means the maintenance and support services for the Software made commercially available by RedOwl as set forth in the Support Services Terms.
- 1.20** “Support Services Terms” means the terms that govern the Support Services as set forth in Exhibit A.
- 1.21** “Training” means the instruction provided by RedOwl with respect to the Software, as further defined in the Professional Services Terms and Statement of Work.
- 1.22** “Update” is as defined in the Support Services Terms.
- 1.23** “User” means the user(s) or items authorized to be monitored by the Software as such number is specified in the applicable Order Form.
- 2.** Operational Terms
- 2.1** Reserved.
- 2.2** Reserved.
- 2.3** Delivery. RedOwl will promptly deliver the Software to the Environment where the Software is to be installed or deliver a link to Ordering Activity for its access to the Software. The Software will be deemed accepted by Ordering Activity upon delivery to the Environment or upon delivery of the link to Ordering Activity.
- 2.4** Installation and Conversion of Ordering Activity Data. Except as specified in the Order Form, Ordering Activity shall be solely responsible for (i) installation and configuration of the Software in the Environment, (ii) any conversion of Ordering Activity Data required to make such data compatible with the Software, and (iii) subject to Government security policies, providing RedOwl access to and a license to use the Ordering Activity Data as necessary to fulfill RedOwl’s obligations under this Agreement. If the parties agree that RedOwl is to perform installation and configuration services, such shall be considered Professional Services hereunder and Ordering Activity shall issue an Order Form for such professional Services.
- 2.5** Hosting. RedOwl and Ordering Activity agree that the Software will initially be installed and operated on systems owned or controlled by Ordering Activity (including through a third party service provider). In the event that the parties thereafter decide that RedOwl shall host and operate the Software on behalf of Ordering Activity on systems owned or controlled by RedOwl (including through a third party service provider), then the parties agree to execute a hosting addendum.
- 3.** License
- 3.1** License Grant to Software. Subject to the Subscription Model and the terms and conditions of this Agreement, during the Subscription Term, RedOwl hereby grants to Ordering Activity a non-exclusive, nontransferable, non-assignable, non-sublicensable license to use the Software in accordance with the Users and/or Machines in the Environment solely for the purpose of analyzing the Ordering Activity Data and rendering reports of the results of such analysis to Ordering Activity for Ordering Activity’s sole benefit.
- 3.2** License Restrictions to Software. Each license granted under Section 3.1 is subject to the restrictions below. Without limiting the foregoing Ordering Activity shall not: (i) modify, adapt, alter, publicly display, publicly perform, translate or create derivative works of the Software; (ii) distribute, sell, sublicense, lease, rent, loan or otherwise transfer the Software to any third party or use the Software for the benefit of any third party; (iii) reverse engineer, decompile, reverse compile, translate, adapt or disassemble or in any way attempt to reconstruct or discover any

source code or algorithms of the Software; (iv) disclose, outside of Ordering Activity, any performance information or analysis (including without limitation benchmarks) from any source relating to the Software or publish any information derived from the Software; (v) use the Software for any timesharing or service bureau purposes; (vi) remove, alter or obscure any proprietary notices on the Software; (vii) use the Software in any manner other than as described in the Documentation, this Agreement, or in excess of the license parameters set forth in the Order Form; (viii) use the Software or any component or any information derived therefrom to create a competitive product or service; or (ix) allow any third party (including any hosting service) to do any of the foregoing.

- 3.3** Access to Information from Ordering Activity's Use of the Software. During the term of this Agreement, RedOwl reserves the right to request from Ordering Activity any logs, reports, data or additional information in order for RedOwl to ensure the Software is functioning properly, improve the Software, and ensure Ordering Activity is using the Software only in environments supported by RedOwl. RedOwl may, upon Ordering Activity's consent, access the foregoing information directly. In any event upon RedOwl's request for such information, Ordering Activity will promptly supply such data or other information requested by RedOwl as it relates to this section.
- 3.4** License to Use Text. During the term of this Agreement, Ordering Activity hereby grants to RedOwl a non-exclusive license to use any disclaimer text as included in emails ingested by the Software (such as text included at the bottom of an email that states "important notice," "confidential and proprietary information," etc.) for the purpose of improving and developing the functionality of the Software and to ensure that such information is eliminated from that which is analyzed by the Software.
- 4.** Support Services. RedOwl shall provide the Support Services for the Software specified in the Order Form in accordance with the Support Services Terms. If the Software includes any supplier components, such suppliers shall not provide any support or maintenance services for such components under this Agreement.
- 5.** Professional Services. Ordering Activity will be responsible for configuring and installing the Software in its Environment and learning to use the Software, unless Ordering Activity has purchased Professional Services. RedOwl will provide Professional Services in accordance with the Professional Services Terms set forth in Exhibit B and the applicable Order Form and Statement of Work.
- 6.** Fees and Payment
- 6.1** Reserved.
- 6.2** Support Services Fees. For the Subscription Model the Support Services for the Software are included in the subscription fees for such, and no additional Support Services fees are due. Support Services shall commence on the Effective Date (or such other date specified in the Order Form) and may be renewed annually as part of the subscription at the option of the parties.
- 6.3** Professional Services Fee. For any Professional Services, Ordering Activity shall pay the fees as specified in the Order Form.
- 6.4** Payment. Payment of all fees due hereunder shall be made within thirty (30) days after the date of invoice, unless otherwise agreed in the Order Form or Statement of Work. All payments must be made in U.S. Dollars.
- 6.5** Taxes. RedOwl shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) to you or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- 6.6** Reserved.
- 6.7** Audit Rights. During the term of this Agreement and for twelve (12) months thereafter, RedOwl (or a third party auditor designated by RedOwl and reasonably acceptable to Ordering Activity) may audit Customer's facilities and records to ensure that Customer's use of the Software is in compliance with this Agreement. Any such audit will be conducted during normal business hours, subject to applicable Government security requirements and only upon at least ten (10) days prior written notice. If the audit reveals any usage in excess of that which is authorized under the applicable Order Form, Customer shall pay all fees related to such excess usage within thirty (30) days of receiving an invoice for the excess usage fees.
- 7.** RedOwl Intellectual Property. As between the parties, the Software and Deliverables, including, but not limited to, copyrights, trade secrets, trademarks, service marks, patents, modifications, improvements and all other software, data, content, user interface, analytics, reports and outputs, documentation, manuals, notes, supporting information, any other digital information that RedOwl provides to Ordering Activity, and all intellectual property rights related thereto and therein are the exclusive property of RedOwl. Except for the rights expressly granted by RedOwl to Ordering Activity under this Agreement, (i) RedOwl (and its suppliers) reserves all right, title and interest in and to the Software, the Deliverables, all intellectual property named above and the rights therein, whether created before or during the course of this Agreement and any new intellectual property created and/or provided to Ordering Activity hereunder, and (ii) no right, title, ownership interest in or to the Software (including that which is provided under the Support Services), the Deliverables, or other intellectual property whether by implication, estoppel or otherwise, is granted, assigned or transferred to Ordering Activity under or in connection with this Agreement. Ownership of derivative works should be as set forth in the copyright statute,

17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

8. Ordering Activity Data. Ordering Activity agrees that it shall provide Ordering Activity Data to RedOwl only to the extent such data is necessary for RedOwl to perform its obligations under this Agreement. Upon Ordering Activity's request, RedOwl shall deliver to Ordering Activity a copy of all Ordering Activity Data in RedOwl's possession or control in a mutually agreed, commercially reasonable, and readily accessible format.

9. Reserved.

10. Representations and Warranties; Disclaimer

10.1 Ordering Activity Warranties. Ordering Activity represents and warrants that it owns the Ordering Activity Data or has obtained all applicable permissions, authorizations, or licenses from each of its data sources or systems and has all rights that are or may be necessary for Ordering Activity to provide the Ordering Activity Data hereunder and for Ordering Activity and RedOwl to use such in connection with and as contemplated under this Agreement. RedOwl disclaims any responsibility or liability for the accuracy, quality, integrity, legality, reliability, appropriateness and intellectual property ownership or right to use the Ordering Activity Data.

10.2 RedOwl Warranties. RedOwl warrants to Ordering Activity that, for a period of ninety (90) days from the Effective Date (the "Warranty Period"), the Software, when used as permitted under this Agreement and in accordance with the Documentation, will operate in substantial conformity with the Documentation. RedOwl's sole liability (and Ordering Activity's sole and exclusive remedy) for any breach of this warranty shall be, in RedOwl's sole discretion, to replace the non-conforming Software or use commercially reasonable efforts to correct the nonconformity; provided that RedOwl is notified in writing of such non-conformity within the Warranty Period. This warranty shall not apply if: (i) the Software is used outside the scope of this Agreement or used inconsistently with the Documentation; (ii) the Software is modified or altered in any way except by RedOwl; or (iii) any nonconformity in the Software is due to misuse of the Software by Ordering Activity. Any replacement or Error correction will not extend the original Warranty Period.

10.3 Disclaimer. EXCEPT FOR THE EXPRESS WARRANTIES PROVIDED IN THIS SECTION 10, THE SOFTWARE, SERVICES, AND ANY OTHER DELIVERABLES OR MATERIALS PROVIDED HEREUNDER ARE PROVIDED "AS IS," AND REDOWL MAKES NO OTHER WARRANTIES. TO THE MAXIMUM EXTENT PERMITTED BY LAW, REDOWL EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, RESULT, EFFORT, TITLE AND NON-INFRINGEMENT. REDOWL DOES NOT WARRANT THAT THE SOFTWARE, SERVICES, DELIVERABLES, OR ANY OTHER MATERIALS WILL BE PROVIDED ERROR FREE, WILL OPERATE WITHOUT INTERRUPTION OR WILL FULFILL ORDERING ACTIVITY'S REQUIREMENTS. ORDERING ACTIVITY ACKNOWLEDGES THAT IT HAS RELIED ON NO WARRANTIES OTHER THAN THE EXPRESS WARRANTIES SET FORTH IN SECTION 10 AND THAT NO WARRANTIES ARE MADE BY ANY OF REDOWL'S SUPPLIERS OR CONTRACTORS. ORDERING ACTIVITY ACKNOWLEDGES AND AGREES THAT THE PRICES OFFERED UNDER THIS AGREEMENT REFLECT THESE NEGOTIATED WARRANTY PROVISIONS. TO THE EXTENT THAT REDOWL CANNOT DISCLAIM ANY WARRANTY AS A MATTER OF APPLICABLE LAW, THE SCOPE AND DURATION OF SUCH WARRANTY WILL BE THE MINIMUM REQUIRED UNDER SUCH LAW.

11. Indemnification

11.1 RedOwl Indemnification. Subject to Sections 11.2 and 11.3, RedOwl will (i) defend and/or settle at its own expense any action brought against Customer by a third party, to the extent that such action is based on a claim that the Software infringes such third party's U.S. patents or Berne Convention copyrights existing as of the Effective Date, and (ii) indemnify Ordering Activity for those costs and damages finally awarded against Ordering Activity in any such action that are attributable to such claim, or those costs and damages agreed to in a monetary settlement of such claim. The foregoing obligations are conditioned on Ordering Activity: (a) promptly providing RedOwl with written notice of any claim; (b) giving RedOwl control of the defense thereof and any related settlement negotiations; and (c) cooperating and, at RedOwl's request and expense, assisting in such defense. Customer may, at its expense, participate in such defense if it chooses. RedOwl will not reimburse Customer for any expenses incurred by Customer without the prior written approval of RedOwl. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

11.2 Infringement Remedy. If the Software becomes, or in RedOwl's opinion is likely to become, the subject of an infringement claim that RedOwl is required to defend pursuant to Section 11.1, then RedOwl may (at its option and expense) either (i) procure for Customer the right to continue using the affected Software, or (ii) replace or modify the affected Software so that it becomes non-infringing. In the event RedOwl is unable to do that which is specified in subsections (i) or (ii), RedOwl may, with the consent of Ordering Activity, terminate Ordering Activity's license to the infringing Software and refund Ordering Activity for the unused portion of the license.

SECTIONS 11.1 AND 11.2 STATE REDOWL'S ENTIRE LIABILITY AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR CLAIMS AND ACTIONS RELATED TO INFRINGEMENT, MISAPPROPRIATION OR VIOLATION OF ANY INTELLECTUAL PROPERTY OR OTHER PROPRIETARY RIGHTS.

11.3 Exclusions. Notwithstanding the foregoing, RedOwl will have no obligation under this Section 11 or otherwise with respect to any infringement claim to the extent based upon: (i) any use of the Software not in accordance with this Agreement or the Documentation; (ii) any use of the Software in combination with other products, equipment, software or data not provided by RedOwl; (iii) any use of any release of the Software other than the most current release made available to Customer; (iv) any modification of the Software by any person or entity other than RedOwl; (v) any use of the Software after RedOwl has either made available to Customer a release that would have overcome the infringement or has terminated Customer's right to use the Software pursuant to Section 11.2; (vi) any intellectual property owned or licensed by Customer; or (vii) open source software.

12. Reserved.

13. Term and Termination

13.1 Term. The term of this Agreement will begin on the Effective Date and will continue until the date of termination stated on the Purchase Order.

13.2 Termination. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, RedOwl shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

13.3 Effects of Termination. Upon expiration or termination of this Agreement for any reason, all rights and obligations under this Agreement shall terminate except as specifically provided under this Section 13.3, and Customer shall immediately pay all amounts owed to RedOwl under this Agreement prior to such expiration or termination and shall immediately cease any use of the Software or services provided thereby and, at RedOwl's option, either return or destroy such Software (and all copies thereof) with a certificate of such return or destruction. Customer will also return to RedOwl all Confidential Information obtained during the course of this Agreement. In addition, within ten (10) days after the expiration or termination of this Agreement or Customer's written request at any other time, RedOwl shall permanently delete all copies of the Customer Data in RedOwl's possession or control and certify in writing to Customer that it has fully complied with the requirements set forth herein. Sections 1, 6, 7, 9, 10, 11, 12, 13.3 and 14 will survive the expiration or termination of this Agreement for any reason.

14. General

14.1 Notices. All notices under this Agreement must be delivered in writing in person, by courier, by facsimile or by certified or registered mail (postage prepaid and return receipt requested) to the other party at the address set forth in this Agreement and will be effective upon receipt or three (3) business days after being deposited in the mail as required above, whichever occurs sooner. Either party may change its address by giving written notice of the new address to the other party.

14.2 Security. RedOwl shall employ commercially reasonable measures designed to ensure the security of the Ordering Activity Data (including, without limitation, encrypting all Ordering Activity Data using commercially reasonable industry practices). In addition, Ordering Activity understands that it is responsible for maintaining appropriate security, protection and backup of the Ordering Activity Data. Ordering Activity agrees that any log-in credentials and private keys generated hereunder are for Ordering Activity's internal use only, and Ordering Activity may not sell, transfer or sublicense them to any other entity or person.

14.3 Compliance with Export Control Laws. Ordering Activity acknowledges and agrees that it will comply with all applicable export and import control laws and regulations of the United States and foreign jurisdictions in which the Software and Deliverables are used and, in particular, Ordering Activity will not export or re-export the Software or Deliverables without all required United States and foreign government licenses. .

14.4 U.S. Government End Users. The Software and each Deliverable is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the Software and Deliverables with only those rights set forth under this Agreement. This section is in lieu of, and supersedes, any other FAR, DFARS, or other clause or provision that addresses government rights in computer software or technical data.

**15. EXHIBIT A to
the MASTER
LICENSE AND
SERVICES
AGREEMENT**

1. Definitions

Capitalized terms used in these Support Services Terms are defined in the Master License and Services Agreement, this Section 1 or the Section in which they are first used.

- 1.1** "Error" means any Severity 1, 2, 3, or 4 error as defined herein.
 - 1.2** "New Version" means any upgrade, major release or new version of the Software for which RedOwl charges separately.
 - 1.3** "Severity 1 Error" means an Error that impacts the critical functions of the Software so that basic system functions cannot be performed, the Software is not operational, Ordering Activity is unable to perform tasks, and no workaround is available.
 - 1.4** "Severity 2 Error" means an Error that disables major functions in the Software and which may be repetitive in nature and impacts timely performance of tasks; Software functions are impacted, and Ordering Activity's ability to perform tasks is significantly impeded; no workaround is available.
 - 1.5** "Severity 3 Error" means an Error that disables only certain nonessential functions in the Software as described in the Documentation; impact is confined to inconvenience and negligible impact on the ability to perform tasks, and Ordering Activity can still perform basic functions; and a reasonable workaround will be provided if available.
 - 1.6** "Severity 4 Error" means an enhancement request, Documentation Error or minor flaw in the Software.
 - 1.7** "Severity Level" means the severity level 1, 2, 3, or 4 assigned to an Error.
 - 1.8** "Support Hours" means Monday through Friday 8 a.m. – 6 p.m. Eastern Standard Time (excluding holidays).
 - 1.9** "Update" means any Error correction, workaround, or other update that RedOwl makes generally commercially available to customers that have purchased Support Services; updates do not include any New Version or custom development.
- 2.** Support Coordinators. Ordering Activity shall designate up to two (2) support coordinators to receive and coordinate the Support Services provided herein (each a "Support Coordinator"). If requested by RedOwl, each Support Coordinator shall attend Software training sessions required by RedOwl. Ordering Activity's support inquiries shall only be initiated by the Support Coordinators specified in the Order Form. Support Coordinators may be amended from time to time upon written notice to RedOwl.
- 3.** Supported Software. RedOwl will provide Support Services for the most current version of the Software generally commercially released by RedOwl and the immediately prior version of the Software. All versions of the Software will be supported for a minimum of twelve (12) months following release ("Supported Software"). For purposes of this Section 3, version is defined as a change of the tenths place of the version number (i.e. a change from 4.0 to 4.5 constitutes a new version whereas a change from 4.5 to 4.5.1 does not).
- 4.** Maintenance. RedOwl will provide Updates for the Supported Software during the Subscription Term.
- 5.** Error Correction
- 5.1** Service Levels. When a Support Coordinator notifies RedOwl of a suspected Error in the Supported Software, Ordering Activity shall provide RedOwl with sufficient information to (i) reproduce and verify the Error, and (ii) enable RedOwl to assign a Severity Level to the Error ("Error Report"). Ordering Activity shall make reasonable efforts to confirm that the Error is caused by the Supported Software and not by any other hardware or software used by Ordering Activity. Upon receipt of an Error Report, RedOwl shall reasonably assign a Severity Level to such Error and shall use commercially reasonable efforts to respond to such Error in accordance with the service levels set forth in Attachment 1 to Exhibit A.
 - 5.2** Exclusions. RedOwl will have no obligation to correct Errors caused by: (i) improper installation of the Supported Software; (ii) altered or modified Supported Software, unless altered or modified by RedOwl; (iii) use of the Supported Software in a manner inconsistent with the Documentation; (iv) any combination of the Supported Software with hardware or software not specified in the Documentation; (v) defects in Supported Software due to accident, hardware malfunction, abuse or improper use; or (vi) versions of Software other than the Supported Software.
 - 5.3** Additional Services. If Ordering Activity requests that RedOwl provide services in connection with the exclusions specified in Section 5.2 or services that are otherwise outside the scope of these Support Services Terms, RedOwl, at its discretion and subject to its available resources, may elect to provide such services on a time-

and materials basis at RedOwl's then-current GSA rates and Ordering Activity shall issue a separate Order Form for such services.

- 5.4** Ordering Activity Obligations. As a condition to RedOwl's Support Services obligations, Ordering Activity must: (i) assist RedOwl in identifying and correcting Errors; (ii) execute reasonable diagnostic routines in accordance with instructions provided by RedOwl (and inform RedOwl of the results of such tests); (iii) ensure that the Support Coordinators are sufficiently qualified and familiar with the Supported Software and Ordering Activity systems so as to provide RedOwl with reasonable assistance in diagnosing and addressing Errors; and (iv) provide reasonable access to the Supported Software as requested by RedOwl for diagnostic and maintenance purposes, including remote access.

- 6.** Reserved.

16. ATTACHMENT 1 to EXHIBIT A to the MASTER LICENSE AND SERVICES AGREEMENT

1) Resolution Procedures

When Ordering Activity reports an Error, RedOwl will:

- Analyze the problem and determine case priority with Ordering Activity.
- Work with internal resources to identify and fix the Error.
- Keep up-to-date status information.
- Provide problem resolution to Ordering Activity in form of additional product information, a patch or a workaround.
- Follow-up with Ordering Activity.
- Make available all relevant commercially available Updates.
- Provide Professional Services at current GSA rates as requested and purchased by Ordering Activity.
- Schedule conference calls with Ordering Activity to discuss any possible Errors, solutions and additional features.

2) Response and Resolution Schedule

RedOwl will analyze each Error and assign a Severity Level. RedOwl will respond to each Error as defined below and will provide an action plan in the stated time assuming RedOwl support personnel can establish contact with Ordering Activity after the initial report.

Severity 1 Error

Response and Resolution:

For a Severity 1 Error, RedOwl shall provide:

- An initial response within four (4) hours from the time RedOwl becomes aware of the Error during Support Hours.
- Periodic reports on the status of correcting such Error until a patch or workaround has been provided to Ordering Activity.
- A plan for resolution within one (1) business day of the time RedOwl becomes aware of the issue.
- RedOwl will make commercially reasonable efforts to resolve this issue in the shortest amount of time possible including, but not limited to sending RedOwl engineers onsite to trouble shoot the problem and delivery of a patch release to resolve the issue.
- A resolution for the issue in the next release of the Software to the extent that this is commercially feasible.

Severity 2 Error

Response and Resolution:

For a Severity 2 Error, RedOwl shall provide:

- An initial response within eight (8) hours from the time RedOwl becomes aware of the Error during Support Hours.
- Periodic reports on the status of correcting such Error until a patch or workaround has been provided to Ordering Activity.
- A plan for resolution within three (3) business days of the time RedOwl becomes aware of the issue.

Severity 3 Error

Response and Resolution:

For a Severity 3 Error, RedOwl shall provide:

- An initial response within two (2) business days from the time RedOwl becomes aware of the issue during Support Hours.
- Resolution in a future release of the Software to the extent that this is commercially feasible.

Severity 4 Error

Response and Resolution:

For a Severity 4 Error, RedOwl shall provide:

- An initial response within three (3) business days from the time RedOwl becomes aware of the Error during Support Hours.
- Priority 4 requests will be addressed on a case by case basis and RedOwl will advise Ordering Activity if such request will be reflected in subsequent Software releases.

EXHIBIT B to the MASTER LICENSE AND SERVICES AGREEMENT PROFESSIONAL SERVICES TERMS

These Professional Services Terms set forth the terms and conditions under which RedOwl will provide Professional Services related to the Software during the term of the Agreement.

1. Services Provided

1.1 Statement of Work. Ordering Activity may from time to time purchase Professional Services from RedOwl by entering into a Statement of Work and issuing an Order Form for such Professional Services. A Statement of Work will specify: (i) the Professional Services, including any Deliverables that RedOwl will provide to Ordering Activity; (ii) specifications for the Deliverables; (iii) a schedule for completion of the Professional Services and delivery of the Deliverables; (iv) the fees and other specific terms under which RedOwl will provide the Professional Services and Deliverables; and (v) any other terms upon which the parties agree.

1.2 Additions and Changes. The parties may modify a Statement of Work by a written change order signed by both parties. RedOwl will have no obligation to perform any additional Professional Services or changes to the Professional Services until a change order has been agreed upon by the parties.

1.3 Time and Manner of Performance. Subject to the terms and conditions of these Professional Services Terms, RedOwl will use commercially reasonable efforts to provide Ordering Activity with the Professional Services and Deliverables specified in the Statement of Work.

2. Reserved.

3. Installation and Implementation Fee. As part of its Professional Services, RedOwl will perform set-up services to include installation and configuration of the Software and perform an initial data load. The initial data load will include up to six (6) months of Ordering Activity's historical communications data (email, Bloomberg messages) and up to six (6) months of securities transaction history including both professional and employees' personal account trading data at the beginning of the initial Subscription Term. RedOwl will deploy the Software in the Environment and will coordinate with Ordering Activity's technical counterparts on the deployment and implementation. The fee for this ingest will be as set forth in the Order Form and in accordance with the GSA Schedule price list. RedOwl will ingest Ordering Activity's historical data from six (6) months prior to initial Subscription Term or another date specified by Ordering Activity.

4. Analytic Support. As part of its Professional Services, RedOwl will provide analytic support for the initial Subscription Term as set forth in the Statement of Work. The fees for such will on a time and materials basis as set forth in the Statement of Work.

5. Training. RedOwl will provide Ordering Activity's staff with Training at Ordering Activity's facilities for the fees and hours specified in the Order Form in accordance with the GSA Schedule price list. Training materials will be provided in English, may not be modified or reproduced, and may only be used by those students attending the Training classes. Training purchased must be used by Ordering Activity within six (6) months of the date of the applicable Order Form and/or Statement of Work.

6. Reserved.

7. Ordering Activity Obligations

As a condition to RedOwl's obligations under these Professional Services Terms, Ordering Activity must provide the following:

7.1 Ordering Activity-provided Materials. Ordering Activity agrees to provide at its own expense, the software, hardware, computers, equipment and facilities required to operate the Deliverables, including those specified in the relevant RedOwl Systems Requirement document(s).

7.2 Access to Facilities. Subject to Government security requirements, Ordering Activity agrees to provide RedOwl access to the Ordering Activity facilities in order for RedOwl to perform the Professional Services.

-
- 7.3** Cooperation and Assistance. Ordering Activity agrees to provide RedOwl the cooperation and assistance as RedOwl reasonably requests in connection with the Professional Services. Such cooperation and assistance will include, without limitation, providing to RedOwl in a timely manner answers to questions, and technical consultation with respect to Ordering Activity's operating environment.
- 8.** Reserved.
- 9.** Termination
- 9.1** Term. The term of these Professional Services Terms will be in accordance with the Agreement, unless otherwise specified in this Section 9 or the Statement of Work.
- 9.2** Reserved.
- 9.3** Termination. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, RedOwl shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.
- 9.4** Effects of Termination. Upon termination of a Statement of Work and the applicable Order Form, RedOwl shall cease to provide any Professional Services under such Statement of Work. Ordering Activity will pay, any outstanding fees or expenses related to such Statement of Work. Upon termination of the Agreement, Ordering Activity shall immediately cease any use of the Deliverables and, at RedOwl's option, either return or destroy such Deliverables (and all copies thereof) with a certificate of such return or destruction.
- 10.** Proprietary Rights. Unless otherwise specified in a Statement of Work, the Deliverables (including any Training materials), and all intellectual property rights therein, are and will remain the exclusive property of RedOwl or its suppliers, regardless of whether Ordering Activity or Ordering Activity's employees or agents contribute to the conception or join in the development of the Deliverables. RedOwl also owns all copies of the Deliverables and any modifications, upgrades, updates and derivatives thereto, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. Ordering Activity and its suppliers own or have any and all right, title and interest in and to proprietary Ordering Activity-provided materials. Subject to the terms and conditions of this Agreement, RedOwl hereby grants to Ordering Activity a non-exclusive, non-transferable, non-assignable, non-sublicensable license to use the Deliverables, in accordance with this Agreement and the Statement of Work, solely in connection with the Software. Ordering Activity may make one (1) copy of the Deliverables for archival or backup purposes only. Ordering Activity's use of all Deliverables is subject to the license restrictions in Section 3.2 of the Agreement, and the license to the Deliverables shall terminate in accordance with Section 9.4 above.

Riverbed Technology, Inc.
501 Second Street, Suite 410
San Francisco, CA 94107

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Riverbed Technology, Inc.** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- ee) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
- nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All

Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

RIVERBED TECHNOLOGY, INC.

RIVERBED TECHNOLOGY, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. These terms and conditions ("Attachment A") shall apply to the sale or license of Products or Services from Contractor to the customer on the applicable Order ("Ordering Activity"). This Attachment A constitutes the agreement between Contractor and Ordering Activity with respect to such Products and Services, to the exclusion of any pre-printed or contrary terms of any purchase order (or similar document) and supersedes and cancels any prior discussions, understandings or representations between the parties. "Products" are Riverbed's currently generally available products, including hardware, software and documentation, listed on Contractor's GSA price list. "Services" means Riverbed's currently generally available maintenance and support services and any professional services listed on Contractor's GSA price list or that are otherwise sold to Ordering Activity hereunder. "Software" means machine readable software provided by Riverbed, whether incorporated into or provided for use in or with a hardware Product or provided as a Product separate from any hardware (whether initially, as part of maintenance or support or otherwise), and any related documentation.
2. Ordering Activity will purchase from Contractor the Products and/or Services by submitting a written purchase order to Contractor (an "Order"). The terms and conditions of this Attachment A will apply to the Order and supersede any different or additional terms on Ordering Activity's purchase orders. The Products and Services are not for resale.
3. Contractor warrants to Ordering Activity that the Services will be provided in a professional manner in accordance with generally accepted industry standards. Contractor warrants to Ordering Activity that the Products, upon original shipment by Contractor, will conform in all material respects to the applicable published specifications for such Products for a period of one (1) year with respect to hardware and ninety (90) days with respect to Software from the date of original shipment by Contractor of the nonconforming Product (but not replacements). Products obtained from Contractor that do not comply with the warranty and are returned by Ordering Activity to Contractor during the warranty period (and for which a Contractor through Riverbed RMA has been issued) will be repaired or replaced at Contractor's option. Contractor will bear the cost of freight and insurance for return of goods to Ordering Activity. If Contractor cannot, or determines that it is not practical to, repair or replace the returned Product, the price paid by Ordering Activity therefor will be credited to Ordering Activity. Contractor **MAKES NO OTHER WARRANTIES WITH RESPECT TO THE PRODUCTS OR ANY SERVICES AND DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. CONTRACTOR ALSO MAKES NO WARRANTY REGARDING NONINTERRUPTION OF USE OR FREEDOM FROM BUGS.** The above warranty does not extend to any Product that is modified or altered, is not maintained to Riverbed's maintenance recommendations, has its serial number removed or altered or is treated with abuse, negligence or other improper treatment (including, without limitation, use outside the recommended environment). Ordering Activity's remedy with respect to any nonconformity, deficiency, warranty or defect with respect to the Products and/or Services is as stated above.
4. Any Software is not sold, but rather is licensed pursuant to the applicable Riverbed license agreement, Exhibit A herein, that governs use of the Software solely for Ordering Activity's internal use in or with that Product strictly in accordance with the accompanying documentation and any other use restrictions applicable for that Product. Such license is non-exclusive, non-transferable, non-sublicensable and does not include the right to (and Ordering Activity will not) modify, reverse engineer (except to the extent applicable law prohibits reverse engineering restrictions), incorporate or use in any other works, create derivatives of, or copy any portion of such software, or use the software or Product for the benefit of any third party. If a Product is provided to any unit or agency of the United States Government ("U.S. Government"), the following provisions shall apply: All software and accompanying documentation are deemed to be commercial, including computer databases, related documentation, technical data and manuals as defined in FAR 2.101. Therefore, pursuant to FAR 12.212 and DFARS 227.7202, any use, modification, reproduction, release, performance, display or disclosure of the software and accompanying documentation by the U.S. Government shall be governed solely by the terms of this Attachment A and shall be prohibited except to the extent expressly permitted by the terms herein.

Subject to Ordering Activity's compliance with all terms of this Attachment A and payment of Contractor's support and maintenance fees for the level of Riverbed support purchased (i.e., Silver Gold, or Platinum Level), Contractor through Riverbed will provide its then standard corresponding support and maintenance Services, the current version of which is located under Exhibit C herein ("Support Services"). Contractor through Riverbed will not provide, and Ordering Activity will not request, any Support Services for any Product with respect to which a Support contract is not then in effect and with respect to which Support fees have not been timely and fully paid to Contractor. Ordering Activity will not escalate calls to Contractor through Riverbed for Support Services nor install updates, upgrades, bug fixes or the like on any Product with respect to which a Support contract is not then in effect and with respect to which Support fees have not been timely and fully paid to Contractor. Contractor obligations under any Support plan with respect to any Product is subject to payment of applicable Support fees. The purchase or renewal of Support for any Product purchased by Ordering Activity requires the purchase or renewal of Support for all Products purchased by Ordering Activity. Riverbed retains ownership of any intellectual property resulting from Services. Ordering Activity may renew Support by submitting an Order for renewal of that Support. Ordering Activity may purchase annual Support for a Product that provides for one (1) to five (5) years of support subject to Riverbed's end of sale policy at www.riverbed.com/supportpolicy. If Ordering Activity purchases Support for a Product that provides for more than one year of support, the support period in excess of one year may be cancelled by Ordering Activity at any time without cause by providing written notice to Contractor, and any unused, prepaid amount (reduced by the amount of any additional discount provided because Ordering Activity purchased more than one (1) year of Support) will be refunded to Ordering Activity within 45 days of Contractor's receipt of such written notice. For example, if Support is cancelled after one year of a three year period, Contractor will refund two years of prepaid, unearned support. All obligations of Contractor to provide support services will be terminated on receipt of the cancellation notice.

EXHIBIT A – LICENSE AND PRODUCT WARRANTY TERMS

- LICENSE GRANT.** Subject to the terms of this Attachment A and provided Ordering Activity has paid the applicable fees, Contractor hereby grants Ordering Activity a limited, personal, non-sublicensable, non-transferable, nonexclusive license to use or access the Product solely for Ordering Activity's internal business use in accordance with the Riverbed documentation that accompanies it and any other use restrictions applicable for that Product, including without limitation any additional use restrictions set forth as Exhibit B herein. Except as expressly set forth in Exhibit B herein, Ordering Activity may use each licensed copy of the Software only as embedded in or for execution on a specific unit (or replacement thereof) of Riverbed hardware ("Hardware") owned or leased by Ordering Activity (including any units of replacement Hardware provided as part of warranty or support services). Ordering Activity may copy configurations of the Software solely for backup purposes. Without granting any additional licenses hereunder, Ordering Activity may authorize its contractors and outsourcers to use or operate the Products solely on Ordering Activity's behalf and provided Ordering Activity obtains such third parties' binding consent to abide by the terms of this Attachment A and provided Ordering Activity shall be responsible for such parties' use and compliance. Such parties are not, and shall not be deemed to be, third party beneficiaries under this Attachment A for any reason. See Exhibit B for any additional Product or service specific use rights or restrictions or limitations.
- LICENSE RESTRICTIONS.** Except as permitted by this Attachment A, Ordering Activity shall not, nor authorize anyone else to, directly or indirectly: (i) copy, modify, or distribute the Product; (ii) reverse engineer, disassemble, decompile or attempt to discover the source code or structure, sequence and organization of the Product (except where the foregoing is expressly prohibited by applicable local law, and then only to the extent so prohibited); (iii) rent, lease, or use the Product for timesharing or service bureau purposes for third parties, or otherwise use the Product on behalf of any third party; or (iv) publish or disclose any information or results relating to performance, performance comparisons or other "benchmarking" activities. Notwithstanding anything to the contrary herein, Ordering Activity may utilize the Software pursuant to a leasing arrangement whereby the Ordering Activity leases the Product from a third party. Ordering Activity shall maintain and not remove or obscure any proprietary notices on the Product. As between the parties, title of and all ownership rights in the intellectual property rights in and to the Software, and any copies or portions thereof, shall remain in Riverbed and its suppliers or licensors. The Software is protected by the copyright laws of the United States and international copyright treaties. This Attachment A does not give Ordering Activity any rights not expressly granted herein.
- GOVERNMENT USE.** If Ordering Activity is part of an agency, department, or other entity of the United States Government ("Government"), the use, duplication, reproduction, release, modification, disclosure or transfer of the Product is restricted in accordance with the Federal Acquisition Regulations as applied to civilian agencies and the Defense Federal Acquisition Regulation Supplement as applied to military agencies. The Product and documentation qualify as "commercial items" "commercial computer software" and "commercial computer software documentation." In accordance with such provisions and as such any use of the Product or documentation by the Government shall be governed solely by the terms of this Attachment A. All other use is prohibited.
- SUPPORT AND UPGRADES.** This Attachment A does not entitle Ordering Activity to any support, upgrades, patches, enhancements or fixes for the Product (collectively, "Support"). Ordering Activity must make separate arrangements for Support and pay any fees associated with such Support. Any software upgrades, patches, enhancements or fixes provided as part of Support for the Software that may be made available by Contractor through Riverbed shall become part of the Software and subject to this Attachment A. The terms of Riverbed's standard support services are located under Exhibit C herein.

Product Warranty Statement

STANDARD WARRANTY; WARRANTY DISCLAIMER. Contractor warrants only to Ordering Activity that the Products, when shipped by Contractor, will conform in all material respects to the applicable published specifications for such Products. Such

warranty does not apply to units that have been damaged, mishandled, mistreated or used or maintained or stored other than in conformity with such specifications and Contractor's instructions. EXCEPT FOR BODILY INJURY, ORDERING ACTIVITY'S REMEDY FOR ANY BREACH OF THE FOREGOING WARRANTY SHALL BE THE REPAIR OR REPLACEMENT OF OR (AT CONTRACTOR'S OPTION OR IF REPAIR OR REPLACEMENT IS IMPRACTICAL) REFUND OF THE FEES RECEIVED BY CONTRACTOR FOR RETURNED NON-CONFORMING UNITS OF PRODUCT FOR WHICH FULL DOCUMENTATION AND PROOF OF NON-CONFORMITY IS PROVIDED TO CONTRACTOR (AND FOR WHICH A SUPPLIER RMA HAS BEEN ISSUED) WITHIN ONE YEAR IN THE CASE OF HARDWARE COMPONENT, OR NINETY DAYS IN THE CASE OF SOFTWARE (WHETHER OR NOT EMBEDDED), AFTER THE ORIGINAL NON-CONFORMING UNITS (BUT NOT REPLACEMENTS) ARE SHIPPED BY CONTRACTOR. SUCH REFUND SHALL BE PAID TO THE ORDERING ACTIVITY MAKING THE WARRANTY CLAIM. EXCEPT FOR THE FOREGOING, CONTRACTOR PROVIDES THE PRODUCT "AS IS" AND WITHOUT WARRANTY OF ANY KIND, AND HEREBY DISCLAIMS ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, ACCURACY, RELIABILITY AND NON-INFRINGEMENT. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS ATTACHMENT A. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS SO THE FOREGOING LIMITATIONS MAY NOT APPLY TO ORDERING ACTIVITY. THE PRODUCT IS NOT DESIGNED FOR USE IN ANY DEVICE OR SYSTEM IN WHICH A MALFUNCTION OF THE PRODUCT WOULD RESULT IN FORESEEABLE RISK OF INJURY OR DEATH TO ANY PERSON. THIS INCLUDES OPERATION OF NUCLEAR FACILITIES, LIFE-SUPPORT SYSTEMS, AIRCRAFT NAVIGATION OR EMERGENCY COMMUNICATION SYSTEMS AND AIR TRAFFIC CONTROL.

EXHIBIT B – ADDITIONAL USE RIGHTS

1. The following additional terms apply to any Riverbed products designated as a "spare" or "cold spare":

If a Riverbed product is being provided as a "spare" or "cold spare" as identified at the time of sale or on Contractor's GSA price list ("Spare"), then such Spare is provided solely as a replacement unit and is not supplied for independent productive use. Ordering Activity agrees to use any Spare solely for replacement of a fully licensed product that is no longer operational and has been disconnected from Ordering Activity's network and power supply. Ordering Activity must contact Riverbed Support to transfer any applicable support service plans from the fully licensed product to the Spare. Upon replacement, the Spare shall become a fully licensed product subject to this Attachment A terms, whereupon the product removed from production shall become a Spare. Any use by Ordering Activity contrary to the foregoing is prohibited.

2. The following additional terms apply to any Riverbed products designated as a "lab unit" or "lab product" or "development license":

If a Riverbed product is being provided as a "lab unit", "lab product" or "development license" as identified at the time of sale or on Contractor's GSA price list ("Lab Unit"), then such Lab Unit is provided solely for Ordering Activity's internal lab testing and not in a production environment. Lab Units may not be resold or transferred or used for the benefit of any third party. Any use by Ordering Activity contrary to the foregoing is prohibited.

3. Steelhead Mobile client software:

Steelhead Mobile client software may be copied onto Ordering Activity's laptops or other personal computers, provided that the total number of concurrent users does not exceed the number of concurrent user licenses acquired by Ordering Activity.

4. CMC-VE software:

Each instance of CMC-VE software licensed by Ordering Activity may be (a) installed on a single server or cluster of servers operating as a single entity running a supported operating system or computing platform and used in production to manage Riverbed devices, and (b) installed on a single backup server or cluster of backup servers operating as a single entity running a supported operating system or computing platform and used only if the primary server or server cluster specified in (a) above fails. Only one copy of a single CMC-VE instance may be running or used at any time. Ordering Activity may use CMC-VE software instance(s) purchased by Ordering Activity to manage Riverbed devices only up to the total number of CMC-VE management licenses purchased by Ordering Activity, and CMC-VE management licenses can only be used with a single CMC-VE instance at a time. Ordering Activity may copy the software solely for backup and/or disaster recovery purposes. For Ordering Activities who are using CMC-VE software to manage Riverbed devices used to deliver a managed or outsourced service to its end customers, such CMC-VE software may not be resold, transferred, sublicensed or distributed to the end customer, and each instance of such CMC-VE software may be used to manage Riverbed devices for only one end customer.

5. Virtual Steelhead software:

Each instance of Virtual Steelhead software licensed by Ordering Activity may be installed on a single server or cluster of servers operating as a single entity that is identified to Riverbed at the time of purchase or download that is running a supported operating system or computing platform (the "Licensed Server"). Only one copy of a single Virtual Steelhead instance may be running or used at any time. Provided that the Virtual Steelhead software is covered by the then current Riverbed maintenance and support plan, Ordering Activity may transfer the Virtual Steelhead software from the designated Licensed Server to another designated server, provided that the new designated server is identified to

Riverbed at the time of transfer and, upon transfer, the Virtual Steelhead software on the original Licensed Server may no longer be used and must be de-installed using any de-installation instructions provided by Riverbed. Ordering Activity may use each Virtual Steelhead instance(s) purchased by Ordering Activity to optimize the amount of bandwidth and number of TCP connections licensed by Ordering Activity for that instance. Ordering Activity may copy the software solely for backup and/or disaster recovery purposes.

6. AirPcap, Pilot PE, Cascade Pilot, WiFi Pilot:

Each instance of Software may be installed on a single server or device and only one copy of a single software instance may be running or used at any time.

7. Whitewater:

Each instance of Virtual Whitewater software licensed by Ordering Activity may be installed on a single server or cluster of servers operating as a single entity that is identified to Riverbed at the time of purchase or download that is running a supported operating system or computing platform (the "Licensed Server"). Only one copy of a single Virtual Whitewater instance may be running or used at any time. Provided that the Virtual Whitewater software is covered by the then current Riverbed maintenance and support plan, Ordering Activity may transfer the Virtual Whitewater software from the designated Licensed Server to another designated server, provided that the new designated server is identified to Riverbed at the time of transfer and, upon transfer, the Virtual Whitewater software on the original Licensed Server may no longer be used and must be de-installed using any de-installation instructions provided by Riverbed. Ordering Activity may use the Whitewater appliance and Virtual Whitewater instance(s) purchased by Ordering Activity to transmit data to and from designated service provider cloud environments up to the number of terabytes licensed by Ordering Activity from Riverbed. Ordering Activity may copy the software solely for backup and/or disaster recovery purposes.

8. Cloud Steelhead:

Each instance of Cloud Steelhead software licensed by Ordering Activity (a) may be installed in either a designated service provider cloud environment or at a Ordering Activity site, and may be used for the term of the license purchased by Ordering Activity to optimize the amount of bandwidth and number of TCP connections licensed by Ordering Activity for that instance, (b) includes access to Riverbed's Cloud Portal and use of Riverbed's Discovery Agent software, which may be used for the term of the license purchased by Ordering Activity, and (c) includes Riverbed's then standard software maintenance and support services, as described [in Exhibit C herein](#), for the term of the license purchased by Ordering Activity. With respect to any instances of Cloud Steelhead software installed at a Ordering Activity site, such Cloud Steelhead software may only be used to optimize traffic between such Ordering Activity and the Ordering Activity's designated service provider cloud environment and cannot be used solely to optimize traffic on such Ordering Activity's network.

9. Stingray Aptimizer Software:

Each instance of the Stingray Aptimizer software licensed by Ordering Activity may be installed on a single server that is identified to Riverbed at the time of purchase or download that is running a supported operating system or computing platform (the "Licensed Server"). Use of each instance(s) purchased by Ordering Activity is limited to the type and scope of use licensed by Ordering Activity as specified in the applicable Product description as follows: (a) SharePoint Aptimizer software may be used to accelerate SharePoint, for the Ordering Activity's internal intranet on a per seat basis, or the Ordering Activity's external facing website up to a designed number of unique visitors per day, (b) Website Aptimizer software may be used to accelerate designated Ordering Activity websites, up to a designed number of unique visitors per day or on a per server basis. Provided that the software is covered by the then current Riverbed maintenance and support plan, Ordering Activity may transfer the software from the designated Licensed Server to another designated server, provided that the new designated server is identified to Riverbed at the time of transfer and, upon transfer, the software on the original Licensed Server may no longer be used and must be de-installed using any de-installation instructions provided by Riverbed. Ordering Activity may copy the software solely for backup and/or disaster recovery purposes.

10. Stingray Traffic Manager and Application Firewall Software:

Each instance of Stingray Traffic Manager or Application Firewall software (including software and virtual appliances) licensed by Ordering Activity may be installed on a single server or cluster of servers operating as a single entity that is identified to Riverbed at the time of purchase or download that is running a supported operating system or computing platform (the "Licensed Server"). Only one copy of a single Stingray instance may be running or used at any time. Provided that the Stingray software is covered by the then current Riverbed maintenance and support plan, Ordering Activity may transfer the Stingray software from the designated Licensed Server to another designated server, provided that the new designated server is identified to Riverbed at the time of transfer and, upon transfer, the Stingray software on the original Licensed Server may no longer be used and must be de-installed using any de-installation instructions provided by Riverbed. Ordering Activity may use each Stingray instance(s) purchased by Ordering Activity to manage, secure and accelerate application traffic in the manner licensed by Ordering Activity for that instance. Ordering Activity may copy the software solely for backup and/or disaster recovery purposes.

11. Stingray Traffic Manager Software, Term License:

Each instance of Stingray Traffic Manager software licensed by Ordering Activity on a term basis may be installed in either a designated service provider cloud environment or at a Ordering Activity site installed on a single server or cluster of servers operating as a single entity that is identified to Riverbed at the time of purchase or download that is running a supported operating system or computing platform (the "Licensed Server"), and may be used for the term of the license purchased by Ordering Activity to manage, secure and accelerate application traffic in the manner licensed by Ordering Activity for that instance. Each such instance includes Riverbed's then standard software maintenance and support services, as described in Exhibit C herein, for the term of the license purchased by Ordering Activity. Only one copy of a single Stingray instance may be running or used at any time. Provided that the Stingray software is covered by the then current Riverbed maintenance and support plan, Ordering Activity may transfer the Stingray software from the designated Licensed Server to another designated server, provided that the new designated server is identified to Riverbed at the time of transfer and, upon transfer, the Stingray software on the original Licensed Server may no longer be used and must be de-installed using any de-installation instructions provided by Riverbed.

EXHIBIT C – MAINTENANCE AND SUPPORT SERVICES

1. Software Maintenance

- a. Software Updates. Ordering Activity shall be entitled to receive, and Contractor through Riverbed shall provide Ordering Activity e-mail notification of, all maintenance releases, updates and upgrades to Product software as Riverbed, in its sole discretion, makes them generally available without additional charge to Riverbed's Support Services Ordering Activities. The contents of all maintenance releases and updates shall be decided upon by Riverbed in its sole discretion. Ordering Activity may obtain updates by downloading the updates from Riverbed's Support care website (support.riverbed.com). Product software maintenance releases and updates may only be installed on Products that are covered by then current support and maintenance services. Any such software provided by Riverbed shall be subject to this Attachment A.
- b. Supported Software. Contractor through Riverbed supports the current major release of Product software, plus certain prior versions of software in accordance Riverbed's support policy available at: www.riverbed.com/supportpolicy.
- c. Error Corrections. Contractor through Riverbed shall use its reasonable efforts to correct any reproducible programming error in the Product software attributable to Riverbed with a level of effort commensurate with the severity of the error, provided that Riverbed shall have no obligation to correct all errors in the Product software. Upon identification of any programming error, Ordering Activity shall notify Riverbed of such error and shall provide Riverbed with enough information to reproduce the error. Riverbed shall only be responsible for correcting errors that are (1) attributable to Riverbed and (2) reproducible by Riverbed on unmodified Product software as delivered to Ordering Activity.

2. Hardware Replacement

- a. Return Material Authorization. Before returning any Product, Ordering Activity must contact Riverbed Support and obtain a Return Material Authorization (RMA) number by calling the designated support telephone number or logging a request via the Support website. If Riverbed Support verifies that the Product is likely to be defective, Contractor through Riverbed will issue Ordering Activity an RMA number, which allows Ordering Activity to return the defective unit to Riverbed for repair or replacement.
- b. Shipping. Contractor through Riverbed cannot accept any Product without an RMA number on the package. Ordering Activity must deliver the defective Product along with the RMA number to Riverbed. If Ordering Activity ships the Product on their own account, Ordering Activity assumes the risk of damage or loss in transit. Ordering Activity must use the original container (or the equivalent); Ordering Activity will be responsible for any damage in transit if Ordering Activity fails to use adequate packaging. Riverbed will provide Ordering Activity with the shipping address at the time of RMA issuance. Responsibility for shipping costs, both return shipping from the Customer to Riverbed and Riverbed's shipment of replacement Products to Ordering Activity, shall be as set forth in Table 1 below.

Table 1: Service Contract Shipping Cost Responsibilities

Region		Silver		Gold		Gold Plus		Platinum		Dead on Arrival	
		Riverbed	Customer	Riverbed	Customer	Riverbed	Customer	Riverbed	Customer	Riverbed	Customer
North America	To Customer	x		x		X		x		x	
	To Riverbed		x	x		X		x		x	
Latin America	To Customer	x		x		X		x		x	
	To Riverbed		x		x		X	x		x	
EU States	To Customer	X		x		X		x		x	
	To Riverbed		x	x		X		x		x	
Non EU States, MEA	To Customer	x		x		X		x		x	
	To Riverbed		x		x		X	x		x	
APJ	To Customer	x		x		X		x		x	
	To Riverbed		x		x		X	x		x	

- c. Repair or Replace. Contractor through Riverbed may replace or repair the Product with either a new or reconditioned Product.
- d. Dead on Arrival Products: For RMAs that are issued by Contractor through Riverbed within the first thirty (30) days after original Product shipment, Riverbed will ship a new (not refurbished) advance replacement unit via express delivery; such Product may be shipped from Riverbed’s manufacturing facilities. In such circumstance, Ordering Activity has 30 days to return the defective unit after the replacement has been shipped. Advance replacement for requests confirmed by 2:00 pm PST USA by Riverbed will be shipped for next business day delivery, provided that special configurations may require additional time before a new replacement unit can be shipped; delivery time may depend on International customs clearing and export/import laws and regulations for non-US destinations.
- e. Silver-level Ordering Activities: For RMAs that are issued by Contractor through Riverbed within the first ninety (90) days after original Product shipment, Riverbed will ship an advance replacement unit via express delivery. In such circumstance, Ordering Activity has 30 days to return the defective unit after the replacement has been shipped. Advance replacement for requests confirmed by 2:00 pm local time (using the timezone of the location of the nearest replacement Product depot) by Riverbed will be shipped for next business day delivery; delivery time may depend on International customs clearing and export/import laws and regulations for non-US destinations. For RMAs that are issued by Riverbed after the first ninety (90) days after original Product shipment, at Ordering Activity’s request, Riverbed will ship a replacement unit within ten (10) business days via ground delivery once Riverbed confirms receipt of the defective unit at the shipping address designated by Riverbed at the time of RMA issuance.
- f. Gold-level Ordering Activities: For RMAs that are issued by Contractor through Riverbed, Riverbed will ship an advance replacement unit via express delivery. In such circumstance, Ordering Activity has 30 days to return the defective unit after the replacement has been shipped. Advance replacement for requests confirmed by 2:00 pm local time (using the timezone of the location of the nearest replacement Product depot) by Riverbed will be shipped for next business day delivery; delivery time may depend on International customs clearing and export/import laws and regulations for non-US destinations.
- g. Gold-Plus-level Ordering Activities: For RMAs that are issued by Contractor through Riverbed, at Ordering Activity’s request, Riverbed will deliver replacement Product to the applicable installation location within 4 hours, 24 hours per day, 7days per week, provided that the delivery time may be greater than 4 hours based on the location, and 4 hour coverage may only be available during business hours in some locations. Please contact Riverbed to determine if Gold Plus support is available in your area, and if it is, the applicable Product delivery time. Riverbed will use reasonable endeavors to establish service spares close to the installation location within thirty (30) days of (a) shipment of the applicable Product, (b) notice from Ordering Activity that the installation location has moved, or (c) upgrade by Ordering Activity from Silver or Gold to Gold Plus support; Product delivery times may be impacted until such service spares are established. Gold Plus may not be available at the new location or the delivery time may be impacted.
- h. Platinum-level Ordering Activities: For RMAs that are issued by Contractor through Riverbed, at Ordering Activity’s request, Riverbed will either (a) ship an advance replacement unit via express delivery, or (b) provide on-site Product repair or replacement within 4 hours, provided that the on-site response time may be greater than 4 hours based on the location. Please contact Riverbed to determine if on-site support is available in your area, and if it is, the applicable on-site response time. Riverbed will use reasonable endeavors to establish

service spares and trained local field engineers close to the installation location within thirty (30) days of (a) shipment of the applicable Product, (b) notice from Ordering Activity that the installation location has moved, or (c) upgrade by Customer from Silver or Gold to Platinum support; on-site response times may be impacted until such service spares and local field engineers are established. If the Product is shipped to Ordering Activity for next business day delivery, Ordering Activity has 30 days to return the defective unit after the replacement has been shipped. Advance replacement for requests confirmed by 2:00 pm local time (using the timezone of the location of the nearest replacement Product depot) by Riverbed will be shipped for next business day delivery; delivery time may depend on International customs clearing and export/import laws and regulations for non-US destinations.

3. Ordering Activity Support

- a. Support. Contractor through Riverbed will provide Ordering Activity with technical support by the following methods: World Wide Web, email and telephone. Such support will include:
 - i. Assistance related to questions on the installation and operational use of the Product;
 - ii. Assistance in identifying and verifying the causes of suspected errors in the Product; and
 - iii. Providing workarounds for identified Product errors or malfunctions, where reasonably available to Riverbed.
 - iv. Ordering Activity will designate the contact information of two named individuals to act as support liaisons to utilize the support and will ensure that such persons will be properly trained in the operation and usage of the Product; Riverbed will not be obligated to provide support or maintenance services to any other individuals. Ordering Activity agrees to provide reasonable access to all necessary personnel to answer questions about any problems reported by Ordering Activity regarding the Product. Ordering Activity also agrees to promptly implement all updates and error corrections provided by Riverbed under this Attachment A. Upon request, Ordering Activity will provide access for on-line diagnostics of the Product during error diagnosis.
- b. Support Web Site. Contractor through Riverbed may provide Ordering Activity with an authorized account to access Riverbed's Support website. Riverbed may make available the following services through its Support web site:
 - i. Product software releases that can be downloaded by Ordering Activity;
 - ii. Documentation for Product;
 - iii. Issuing trouble reports identified by Ordering Activity through Riverbed's Support website;
 - iv. Issuing suggestions for enhancements through Riverbed's Support website.
- c. Telephone Support. Telephone support shall include Direct Hotline Support. Ordering Activity may contact Support directly 7x24 via telephone at 1-888-RVBD-TAC (1-888-782-3822) or 1-415-247-7381.
- d. Special Services. Ordering Activity may request maintenance and support services not specifically provided for in this Attachment A.

4. Product Obsolescence

Riverbed's End of Sale and End of Support policy is available at: www.riverbed.com/supportpolicy.

5. Support Service Levels

A problem is defined as a situation where the software does not function as intended. The detail below defines priority levels of each problem type. Contractor through Riverbed will use commercially reasonable efforts to provide the service level responses included below.

Priority 1

- Definition: A catastrophic problem that severely impacts the Ordering Activity's ability to conduct business. This may mean that the Ordering Activity's systems and/or Product are down or not functioning and no procedural workaround exists.
- Riverbed Response: Contractor through Riverbed to respond within one (1) hour. The objective is to get the Ordering Activity back on line within 24 hours and to downgrade the problem severity accordingly. Efforts to isolate, diagnose, and deliver a work-around or repair shall be continuous. When the severity level has been changed to "Priority 2" or "Priority 3," the appropriate guidelines should be followed.

Priority 2

- Definition: A high-impact problem in which the Ordering Activity's operation is disrupted but there is capacity to remain productive and maintain necessary business-level operations. The problem may require a fix be installed on the Ordering Activity's system prior to the next planned commercial release of the software.
- Riverbed Response: Contractor through Riverbed to respond within four (4) hours following receipt of a call. Efforts to isolate, diagnose, and deliver a work-around or repair problems shall be continuous during business hours.

Priority 3

- Definition: A medium-to-low impact problem that involves partial loss of non-critical functionality. The problem impairs some operations but allows the Ordering Activity to continue to function. This may be a minor issue with limited loss or no loss of functionality or impact to the Ordering Activity's operation.
- Riverbed Response: Contractor through Riverbed to respond within eight (8) hours following the receipt of a call. Action should be appropriate to the nature of the escalation.

Priority 4

- **Definition:** Minor problems: all other errors. This includes documentation errors. The inconvenience is slight and can be tolerated.
- **Riverbed Response:** Contractor through Riverbed to respond within the next business day following the receipt of a call during normal business hours. Riverbed's support organization will respond in a manner appropriate to the nature of the call.

6. Escalation Procedures

If problems are not responded to as targeted above, Ordering Activity may escalate the issue to appropriate Riverbed management personnel. Contractor through Riverbed provides systematic escalation management to Ordering Activity with current service plans. The Riverbed escalation process notifies levels of management throughout the life cycle of the technical issue. This ensures that the appropriate resources resolve outstanding technical problems as efficiently as possible.

SEVERITY	NOTIFICATIONS		
	Escalation Engineer	Manager	Executive Staff
1. Critical	Within 1 Hour	1 Hour	4 Hours
2. High	Within 4 Hours	8 Hours	24 Hours
3. Minor	Within 8 Hours	Weekly	N/A
4. Informational	Within 24 Hours	N/A	N/A

To escalate a case, email support@riverbed.com or call 1-888-RVBD-TAC (1-888-782-3822) or 1-415-247-7381. A case follows this escalation path: Support Engineer to Local TAC Manager to Regional Support Director to Director of Support Operations to VP Support.

7. Continuous Support Coverage

Regardless of where the case originates, Riverbed Support endeavors to solve the case when it is opened. The Support team uses a "follow the sun" process to hand-off cases between different Support Centers.

For example, between Monday and Friday, 8 AM - 5 PM GMT, a case from Europe will be routed to the Amsterdam Support Center. After regular business hours in Europe, the case may be routed to the New York or San Francisco Support Center, when the Amsterdam office is closed. If the case remains open, it is passed back to the Amsterdam Support Center for the beginning of their next business day.

8. Case Handling

Contractor through Riverbed is committed to ensuring Ordering Activity success and satisfaction. All support services professionals are rigorously trained on Riverbed products, their underlying technologies, and industry leading technical problem-solving methodologies. Case handling follows these steps:

An Ordering Activity can open a case in one of the following ways:

- call 1-888-RVBD-TAC (1-888-782-3822) or 1-415-247-7381
- send an email to support@riverbed.com
- generate a ticket directly from the Riverbed Support web site support.riverbed.com

When Ordering Activities open a case, they should be prepared to provide the following:

- Serial number of hardware component with issue
- Detailed description of the problem
- Priority level and impact of the problem
- Indication of the activity that was being performed when the problem occurred
- Software version
- Configuration data

Once a case is submitted, the issue is assigned to an escalation engineer ("EE"). Every EE is trained to perform extensive troubleshooting to quickly resolve the issue. All opened cases are tracked in Riverbed's online support tracking system. While working to resolve an issue, the EE may need to access information on the Ordering Activity system relative to the failure, or may need to recreate the failure to get additional information. If the problem is related to the system configuration, the Ordering Activity may be asked to provide a network diagram and configuration information. If the Ordering Activity and the EE agree, the Ordering Activity may send log files or trace files to Riverbed through email or upload them to the Riverbed Support FTP site for further review.

Note: Any information sent to Riverbed to help resolve Ordering Activity problems is treated as confidential.

A case is closed when all parties agree the reported issue has been resolved. If the Ordering Activity issue is determined to be an enhancement, a Feature Request is entered into the Riverbed defect tracking system. A Feature Request is handled and processed by Product Management and Engineering.

Consistently improving quality of service is a very high priority within Riverbed. After closing a case, a survey is sent to the Ordering Activity asking for feedback as to how the case was handled and where Riverbed can improve. Ordering Activity Support managers and executives review the survey responses, and take action where appropriate. Individual entries in this survey may be shared on the Support website anonymously, but identifiable submitter details are not shared. Individual entries will not be used for marketing purposes. The sole purpose of these survey results is to evaluate and improve Riverbed services.

9. Restrictions

Ordering Activity is entitled to receive Support Services only on Products for which Ordering Activity has purchased Support Services; Support Services commence upon sale of the applicable Product by Riverbed. Contractor through Riverbed will not be obligated to provide any Support Services: (1) on Products that: (a) have been altered, modified, mishandled, or damaged, (b) have not been installed, operated, repaired, or maintained in accordance with Riverbed's specifications, documentation and instructions, or (c) have been misused or operated outside of the environmental specifications for that Product; (2) where the problem relates to Ordering Activity's or a third party's network, systems, hardware, software, or other problem beyond the reasonable control of Riverbed; or (3) to any geographic location or to any customers in violation of applicable laws or regulations. Ordering Activity acknowledges and agrees that Riverbed's ability to provide Support Services is dependent on Ordering Activity providing accurate Product installation location information, and any failure to do so may impact Riverbed's ability to provide the Support Services. Remote access to the Products on Ordering Activity's network may be required to diagnose or resolve a support problem, and Ordering Activity's failure to provide such access may impact Riverbed's ability to resolve the support problem. Riverbed will not be responsible for any Product replacement or repair delays caused by Riverbed's compliance with export/import laws and regulations. Riverbed's obligations under any Support Service plan with respect to any Product is subject to Riverbed's receipt of the applicable annual Support Services fee. Riverbed retains ownership of any intellectual property resulting from Support Services.

**EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **RSA Security** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

-
- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
 - k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
 - l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
 - m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
 - n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
 - o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
 - p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
 - q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).
 - r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
 - s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
 - t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
 - u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All

Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

RSA SECURITY

RSA SECURITY LICENSE, WARRANTY AND SUPPORT TERMS

**End User Software License Agreement
For Use with GSA Schedule 70**

RSA Security LLC, located at 174 Middlesex Turnpike, Bedford, MA 01730 ("Licensor"), and _____, with a principal place of business at _____ ("Customer"), agree that this End User Software License Agreement ("EULA") shall govern any Software listed on an Order accepted by Licensor after the date of last signature below (the "Effective Date").

1. DEFINITIONS.

- A. "Documentation"** means the then-current, generally available, written user manuals and online help and guides for Products provided by LICENSOR.
- B. "Products"** mean **"Equipment"** (which is the hardware delivered by LICENSOR to Customer) and/or **"Software"** (which is any programming code provided by LICENSOR to Customer as a standard product, also including microcode, firmware and operating system software).
- C. "Product Notice"** means the notice by which LICENSOR informs Customer of product-specific use rights and restrictions, warranty periods, warranty upgrades and maintenance (support) terms. Product Notices may be delivered in an LICENSOR quote, otherwise in writing and/or a posting on the applicable LICENSOR website, currently located at http://www.emc.com/products/warranty_maintenance/index.jsp
- D. "Software Release"** means any subsequent version of Software provided by LICENSOR after initial Delivery of Software, but does not mean a new Product.
- E. "Eligible Ordering Activities"** are those agencies and activities authorized under 552.238-78 Scope of Contract (Eligible Ordering Activities) and GSA Order ADM 4800.2G, February 16, 2011, to use GSA Schedule 70. An Eligible Ordering Activity is a "Customer". Eligible Ordering Activities that are Executive agencies (as defined in FAR Subpart 2.1), including non-appropriated fund activities as prescribed in 41 CFR 101-26.000, are referred to as "Executive Customers". All other Eligible Ordering Activities are referred to as "Other Customers".

2. LICENSE TERMS.

- A. General License Grant.** LICENSOR grants to Customer a nonexclusive and nontransferable (except as otherwise permitted herein) license (with no right to sublicense) to use (i) the Software for Customer's internal business purposes; and (ii) the Documentation related to Software for the purpose of supporting Customer's use of the Software. Licenses granted to Customer shall, unless otherwise indicated on the LICENSOR quote, be perpetual and commence on Delivery of the physical media or the date Customer is notified of electronic availability, as applicable.
- B. Licensing Models.** Software is licensed for use only in accordance with the commercial terms and restrictions of the Software's relevant licensing model, which are stated in the Product Notice and/or LICENSOR quote. For example, the licensing model may provide that Software is licensed for use solely (i) for a certain number of licensing units; (ii) on or in connection with certain equipment, or a CPU, network or other hardware environment; and/or (iii) for a specified amount of storage capacity. Microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic functions, is licensed for use solely on such Equipment.
- C. License Restrictions.** All Software licenses granted herein are for use of object code only. Customer is permitted to copy the Software as necessary to install and run it in accordance with the license, but otherwise for back-up purposes only. Customer may copy Documentation insofar as reasonably necessary in connection with Customer's authorized internal use of the Software. Customer shall not, without LICENSOR's prior written consent (i) use Software in a service bureau, application service provider or similar capacity; or (ii) disclose to any third party the results of any comparative or competitive analyses, benchmark

testing or analyses of LICENSOR Products performed by or on behalf of Customer; (iii) make available Software in any form to anyone other than Customer's employees or contractors; or (iv) transfer Software to an Affiliate or a third party.

- D. Software Releases.** Software Releases shall be subject to the license terms applicable to Software.
- E. Audit Rights.** LICENSOR shall have the right to audit Customer's usage of Software to confirm compliance with the agreed terms. Such audit is subject to reasonable advance notice by LICENSOR and shall not unreasonably interfere with Customer's business activities. Customer will provide LICENSOR with the support required to perform such audit and will, without prejudice to other rights of LICENSOR, address any non-compliant situations identified by the audit by forthwith procuring additional licenses. If the Customer is an Executive Customer non-compliant situations are subject to paragraph 2.F. Disputes.
- F. Disputes.** For a EULA with an Executive Customer LICENSOR shall comply with FAR 52.212-4 (d) Disputes for requests for equitable adjustment, claims, appeals or actions arising under this EULA, including Executive Customer breaches of the terms governing use of the Software. EULA's with Other Customers are not subject FAR 52.212-4 (d) Disputes. .
- G. Reserved Rights.** All rights not expressly granted to Customer are reserved. In particular, no title to, or ownership of, the Software is transferred to Customer. Customer shall reproduce and include copyright and other proprietary notices on and in any copies of the Software. Unless expressly permitted by applicable mandatory law, Customer shall not modify, enhance, supplement, create derivative works from, reverse assemble, reverse engineer, decompile or otherwise reduce to human readable form the Software without the manufacturer's prior written consent, nor shall Customer permit any third party to do the same.
- H. Other License Terms.** If a particular Product is provided with a "clickwrap" agreement included as part of the installation and/or download process, or a "shrinkwrap" agreement included in the packaging for the Product, the terms of such clickwrap or shrinkwrap agreement shall, in case of conflict with the terms of this EULA, (i) prevail with regard to Products for which LICENSOR is not the licensor; and (ii) not prevail with regard to Products for which LICENSOR is the licensor.

3. PRODUCT WARRANTY.

- A. Software Warranty.** LICENSOR warrants that Software will substantially conform to the applicable Documentation for such Software and that any media will be free from manufacturing defects in materials and workmanship until the expiration of the warranty period. LICENSOR does not warrant that the operation of Software shall be uninterrupted or error free, that all defects can be corrected, or that Software meets Customer's requirements, except if expressly warranted by LICENSOR in its quote. Support Services for Software are available for separate purchase and the Support Options are identified at the Product Notice.
- B. Warranty Duration.** Unless otherwise stated on the LICENSOR quote, the warranty period for Products shall be as set forth at the Product Notice. Equipment warranty commences upon Delivery. Software warranty commences upon Delivery of the media or the date Customer is notified of electronic availability, as applicable. Equipment upgrades are warranted from Delivery until the end of the warranty period for the Equipment into which such upgrades are installed.
- C. Customer Remedies.** LICENSOR's entire liability and Customer's exclusive remedies under the warranties described in this section shall be for LICENSOR, at its option, to remedy the non-compliance or to replace the affected Product. If LICENSOR is unable to effect such within a reasonable time, then LICENSOR shall refund the amount paid by Customer for the Product concerned as depreciated on a straight line basis over a five (5) year period, upon return of such Product to LICENSOR. All replaced Products or portions thereof shall be returned to and become the property of LICENSOR. If such replacement is not so returned, Customer shall pay LICENSOR's then current spare parts price therefore. If the Customer is an Executive Customer, LICENSOR claims for non-returned Products are subject to paragraph 2.F. Disputes.

LICENSOR shall have no liability hereunder after expiration of the applicable warranty period.

- D. Warranty Exclusions.** Warranty does not cover problems that arise from (i) accident or neglect by Customer or any third party; (ii) any third party items or services with which the Product is used or other causes beyond LICENSOR's control; (iii) installation, operation or use not in accordance with LICENSOR's instructions or the applicable Documentation; (iv) use in an environment, in a manner or for a purpose for which the Product was not designed; (v) modification, alteration or repair by anyone other than LICENSOR or its authorized representatives; or (vi) in case of Equipment only, causes not attributable to normal wear and tear. LICENSOR has no obligation whatsoever for Software installed or used beyond the licensed use, for Equipment which was moved from the Installation Site without LICENSOR's consent or whose original identification marks have been altered or removed. Removal or disablement of Equipment's remote support capabilities during the warranty period requires reasonable notice to LICENSOR. Such removal or disablement, or improper use or failure to use applicable Customer Support Tools shall be subject to a surcharge in accordance with LICENSOR's then current standard rates.
- E. No Further Warranties.** Except for the warranty set forth in this EULA, LICENSOR (INCLUDING ITS SUPPLIERS) MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, WRITTEN OR ORAL. IN SO FAR AS PERMITTED UNDER APPLICABLE LAW, ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING WARRANTIES ARISING BY STATUTE, COURSE OF DEALING OR USAGE OF TRADE.

- 4. INDEMNITY.** LICENSOR shall (i) defend Customer against any third party claim that a Product or Service infringes a patent or copyright enforceable in a country that is a signatory to the Berne Convention; and (ii) pay the resulting costs and damages finally awarded against Customer by a court of competent jurisdiction or the amounts stated in a written settlement negotiated by LICENSOR. The foregoing obligations are subject to the following: Customer (a) notifies LICENSOR promptly in writing of such claim; (b)(1) if Customer is an entity for which the Department of Justice (DoJ) has the statutory right to exercise sole control over the defense, DoJ shall have that right, provided that DoJ shall consult appropriately with LICENSOR and/or RSA Security LLC, and LICENSOR and/or RSA Security LLC shall have the right to intervene through its own counsel and at its own expense; (b)(2) for all other Customers, Customer grants LICENSOR sole control over the defense and settlement thereof; (c) reasonably cooperates in response to an LICENSOR request for assistance; and (d) is not in material breach of this EULA. Should any such Product or Service become, or in LICENSOR's opinion be likely to become, the subject of such a claim, LICENSOR may, at its

option and expense, (1) procure for Customer the right to make continued use thereof; (2) replace or modify such so that it becomes non-infringing; (3) request return of the Product and, upon receipt thereof; refund the price paid by Customer, less straight-line depreciation based on a five (5) year useful life for Products; or (4) discontinue the Service and refund the portion of any pre-paid Service fee that corresponds to the period of Service discontinuation. LICENSOR shall have no liability to the extent that the alleged infringement arises out of or relates to: (A) the use or combination of a Product or Service with third party products or services; (B) use for a purpose or in a manner for which the Product or Service was not designed; (C) any modification made by any person other than LICENSOR or its authorized representatives; (D) any modifications to a Product or Service made by LICENSOR pursuant to Customer's specific instructions; (E) any technology owned or licensed by Customer from third parties; or (F) use of any older version of the Software when use of a newer Software Release made available to Customer would have avoided the infringement. THIS SECTION STATES CUSTOMER'S SOLE AND EXCLUSIVE REMEDY AND LICENSOR'S ENTIRE LIABILITY FOR THIRD PARTY INFRINGEMENT CLAIMS.

5. LIMITATION OF LIABILITY.

- A. Limitation on Direct Damages.** EXCEPT WITH RESPECT TO CLAIMS ARISING UNDER SECTION 4 ABOVE, LICENSOR'S TOTAL LIABILITY AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY TYPE WHATSOEVER, ARISING OUT OF PRODUCT OR SERVICE PROVIDED HEREUNDER, SHALL BE LIMITED TO PROVEN DIRECT DAMAGES CAUSED BY LICENSOR'S SOLE NEGLIGENCE IN AN AMOUNT NOT TO EXCEED (i) US\$1,000,000, FOR DAMAGE TO REAL OR TANGIBLE PERSONAL PROPERTY; AND (ii) THE PRICE PAID BY CUSTOMER TO LICENSOR FOR THE SPECIFIC SERVICE (CALCULATED ON AN ANNUAL BASIS, WHEN APPLICABLE) OR PRODUCT FROM WHICH SUCH CLAIM ARISES, FOR DAMAGE OF ANY TYPE NOT IDENTIFIED IN (i) ABOVE OR OTHERWISE EXCLUDED HEREUNDER.
- B. No Indirect Damages.** EXCEPT WITH RESPECT TO CLAIMS REGARDING VIOLATION OF LICENSOR'S INTELLECTUAL PROPERTY RIGHTS OR CLAIMS ARISING UNDER SECTION 4 ABOVE, NEITHER CUSTOMER NOR LICENSOR SHALL HAVE LIABILITY TO THE OTHER FOR ANY SPECIAL, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, OR INDIRECT DAMAGES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, REVENUES, DATA AND/OR USE), EVEN IF ADVISED OF THE POSSIBILITY THEREOF.
- C. Regular Back-ups.** As part of its obligation to mitigate damages, Customer shall take reasonable data back-up measures. In particular, Customer shall provide for a daily back-up process and back-up the relevant data before LICENSOR performs any remedial, upgrade or other works on Customer's production systems. To the extent LICENSOR's liability for loss of data is not anyway excluded under this EULA, LICENSOR shall in case of data losses only be liable for the typical effort to recover the data which would have accrued if Customer had appropriately backed up its data.
- D. Limitation Period.** Unless otherwise required by applicable law, the limitation period for claims for damages shall be eighteen (18) months after the cause of action accrues, unless statutory law provides for a shorter limitation period.]
- E. Suppliers.** The foregoing limitations shall also apply in favor of LICENSOR's suppliers.

6. EXPORT CONTROL. The Products, Services and the technology included therein provided under this EULA are subject to governmental restrictions on (i) exports from the U.S.; (ii) exports from other countries in which such Products and technology included therein may be produced or located; (iii) disclosures of technology to foreign persons; (iv) exports from abroad of derivative products thereof; and (v) the importation and/or use of such Products and technology included therein outside of the United States or other countries (collectively, "**Export Laws**"). Customer shall comply with all Export Laws. Diversion contrary to U.S. law or other Export Laws is expressly prohibited.

7. TERM AND TERMINATION. This EULA takes effect on the Effective Date and continues until terminated in accordance with the following:

- A.** EULAs with Executive Customers may be (i) terminated for cause pursuant to FAR 52.212-4(m) or (ii) for convenience pursuant to FAR 52.212-4 (l).
- B.** For EULAs with Other Customers LICENSOR may terminate licenses for cause if Customer breaches the terms governing use of the Software and fails to cure within thirty (30) days after receipt of LICENSOR's written notice thereof. Upon termination of a license, Customer shall cease all use and return or certify destruction of the applicable Software (including copies) to LICENSOR. Any provision that by its nature or context is intended to survive any termination or expiration, including but not limited to provisions relating to payment of outstanding fees, confidentiality and liability, shall so survive.

8. MISCELLANEOUS.

- A. References.** LICENSOR may identify Customer for reference purposes unless and until Customer expressly objects in writing.
- B. Notices.** Any notices hereunder shall be in writing.
- C. Entire Agreement.** This EULA and each purchase order (i) comprise the complete statement of the agreement of the parties with regard to the subject matter thereof; and (ii) may be modified only in writing. All terms of any purchase order or similar document provided by Customer, including but not limited to any pre-printed terms thereon and any terms that are inconsistent or conflict with this EULA and/or LICENSOR quote, shall be null and void and of no legal force or effect, even if LICENSOR does not expressly reject to such terms when accepting a purchase order or similar document provided by Customer; however, terms in such document deviating from a LICENSOR quote do become binding upon the parties when expressly accepted by LICENSOR in writing in an order acknowledgement or similar document.
- D. Force Majeure.** Except for payment of fees, neither party shall be liable under this EULA because of a failure or delay in performing its obligations due to any force majeure event, including strikes, riots, insurrection, terrorism, fires, natural disasters, acts of God, war, governmental action, or any other cause which is beyond the reasonable control of such party.

- E. Assignment.** Customer shall not assign this EULA or a purchase order or any right herein or delegate any performance without LICENSOR's prior written consent, which consent shall not be unreasonably withheld. LICENSOR may use LICENSOR Affiliates or other sufficiently qualified subcontractors to provide Services to Customer, provided that LICENSOR shall remain responsible to Customer for the performance thereof.
- F. Governing Law.** To the extent not preempted by federal law or regulation, this EULA is governed by the laws of the Commonwealth of Massachusetts. To the extent permitted by law, the courts of the Commonwealth of Massachusetts shall be exclusively competent to rule on disputes arising out of or in connection with this EULA and all purchase orders. The U.N. Convention on Contracts for the International Sale of Goods does not apply.
- G. Waiver.** No waiver shall be deemed a waiver of any prior or subsequent default hereunder.

IN WITNESS WHEREOF, the parties have caused this Software License Agreement to be signed on the respective dates indicated below.

RSA SOFTWARE USE RIGHTS

RSA software products (“Software”) are licensed by RSA to customers who order 1) directly from RSA (“Direct End-Users”) under a signature-bearing agreement between RSA or the applicable EMC affiliate and the Direct End-User, 2) under the terms of an End-User License Agreement (“EULA”) that is between RSA or the applicable EMC affiliate and the entity making productive use of the Software, or 3) through channel partners under the terms of a EULA that is between RSA or the applicable EMC affiliate and the entity making productive use of the Software. The information in this Software Use Rights (“SUR”) document is provided to further define the license rights and limitations for Software products.

RSA Software is licensed via a Unit of Measure used to quantify the scope of license rights based on a particular licensing model for such RSA Software. Some Agreements, schedules, or quotes refer to the UOM as a “license unit” or such other similar term. Use of the RSA Software beyond the scope of the rights granted requires additional or modified license grants, and additional payment of applicable license and maintenance fees.

- **Appliance (APP).** An appliance is the Hardware provided to Customer which has been loaded with the RSA Software.
- **Central Processing Unit (CPU).** RSA Software licensed on a “per CPU” basis means the maximum number of CPUs upon which you may install and use this RSA Software. A CPU is a single central processing unit within a computer system.
- **Collector Device (CD).** RSA Software licensed on a “collector device” basis means the number of source devices and applications from which events are collected within the Customer environment. The Server is licensed to run a single instance on the RSA® enVision® Appliance.
- **Concurrent (CNC).** RSA Software licensed on a “per concurrent User” or “per concurrent client connection” basis means the maximum number of Users or client connections that may concurrently use or access the RSA Software.
- **Database (DB).** RSA Software licensed on a “per Database” basis means the maximum number of Databases with which you may use the RSA Software. A “Database” is a data repository managed by a Server.
- **Events per Second (EPS).** RSA Software licensed on an “Events per Second” basis is defined as the number of events collected per second within the customer environment.
- **Field of Use (FOU).** RSA Software licensed on a “Field of Use” basis is licensed with a license restriction on a field of use, number of users, servers, platforms, or other restrictions. A “Field of Use” is defined as a license restriction as outlined in a Schedule, Quote, or Purchase Order subject to the terms and conditions of the Agreement.
- **File System (FS).** RSA Software licensed on a “per file system” basis means each file server to be encrypted. Separate licenses for production and development systems are required.
- **Instance (INST).** RSA Software licensed on a “per Instance” basis means the maximum number of individual installations of an RSA Software application, or “Instances,” you may use at the same time in a production environment. For each Instance of the RSA Software license hereunder for production use, the Customer will receive the right to use two (2) additional Instances in non-production use (including standby/development/disaster recovery). License fees for additional Instances (both production and non-production) will be quoted on request.
- **Number of Connections.** RSA Software licensed on a “Number of Connections” basis means the RSA Software is licensed per connection between each computer FIM connects to.

- **Server (SVR/SRVR).** RSA Software licensed on a “per server” basis means the maximum number of physical servers on which you may install and use the RSA Software.
- **User (USR).** RSA Software licensed on a “per User” basis (sometimes referred to as a per “seat”) basis means the maximum number of Users that may be authorized to use or access the RSA Software, regardless of whether such Users are actively using or accessing the RSA Software at any given time. Except as otherwise agreed in an applicable Agreement, Schedule, or Quote, “User” means your agents, employees, consultants, or independent contractors authorized by you to use the RSA Software on your behalf. RSA Archer® Software Specific USR qualifiers: Different categories of Users (USR) will apply for RSA Archer Software licensed on a per User basis (these do not apply where the RSA Archer Software is licensed on a per Instance (INST) basis).
- **Full Access User (USR-FAU).** Means a User with unrestricted access, with authority to create, update, and/or delete system entries, to all nine (9) core solutions of the RSA Archer Software including: Policy Management, Risk Management, Compliance Management, Incident Management, Vendor Management, Threat Management, Enterprise Management, Business Continuity, and Audit Management. This further includes unlimited User access to On-Demand applications, the Training and Awareness solution, Questionnaires, and Exchange Applications.*
- **Assessment User (USR-AU).** Assessment Users are authorized to use the RSA Archer Software for the purpose of conducting up to four (4) assessments each year using the following core solutions of the RSA Archer Software only: (i) Risk Management, (ii) Vendor Management, and/or (iii) Compliance Management Solutions. Assessment Users have authority to create, update, and delete system entries (subject to the foregoing limitations on accessible core solutions of the RSA Archer Software and frequency).*
- **Read-Only User (USR-ROU).** Read-Only Users may only access the following core solutions of the RSA Archer Software: (i) Policy Management, (ii) Training & Awareness, and/or (iii) Business Continuity Management Solutions. Read-Only Users are not permitted to create, update, and/or delete any system entries.*

** Please refer to the generally available product documentation for descriptions of the foregoing core solution components.*

ADDITIONAL INFORMATION

Additional disclaimer applicable to RSA Archer Software: “RSA Security LLC and its affiliates explicitly disclaim any warranty or guarantee of the accuracy, currency, completeness, or adequacy, of the content provided herein, and shall in no event be liable for any loss, damage, liability, or expense suffered by any person in connection with reliance by that person on any such material or otherwise. In no event shall the inclusion of any of the content provided herein be construed as legal advice. **INFORMATION PROVIDED AT THIS SITE IS PROVIDED 'AS IS' WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.**”

Additional copyright information applicable to RSA Archer Software: “Portions Copyright © 2002 to 2010 Corporate Web Solutions Ltd./WebAvail Productions Inc.”

Additional terms applicable to RSA Archer Software: RSA may identify Customer for reference purposes and use Customer’s logo in its marketing material unless and until Customer expressly objects in writing.

Restrictions on use of RSA SecurID solution: For all purposes under the Agreement, token records to RSA SecurID authenticators shall be deemed RSA Software and be subject to the restrictions on transferability set forth in Section 4(c) of the Agreement.

Restrictions on use of RSA enVision Software:

- (1) RSA enVision Software identified in an order as a test system may be used in non-production environments only;
- (2) enVision Software identified in an order as a standby system may be used with cold-standby deployments only. The foregoing is subject to the following exception: In the event the production system that the standby system has been purchased with is unavailable due to failure or maintenance, the standby system may be used in a production environment. In no event may redundant system pairs operate concurrently beyond the use required due to failure or maintenance. Use of the standby system in a production environment shall be subject to the license restrictions of the production environment it is replacing;
- (3) Customer may receive the enVision Software in more than one medium. Customer may not use or install the other medium on another computer and may not loan, rent, lease, or otherwise transfer the other medium to another user; and
- (4) Customer understands that enVision Software is bundled with products which are subject to the Microsoft Software License Terms, currently located at <http://www.rsa.com/node.aspx?id=2469> and <http://msdn.microsoft.com/en-us/sqlserver/aa937726>, which Customer agrees to accept.

Restriction on Use of RSA Authenticators: Customer shall use the RSA authenticators only to authenticate to RSA Software. Customer shall not use any hardware cards, tokens, or other devices not provided by RSA to authenticate to the RSA Software, unless otherwise authorized by RSA in writing.

Restriction on Use of RSA Archer Software:

If Customer is licensing RSA Archer software on a term basis, the following provisions shall apply:

Software License Term: Notwithstanding anything to the contrary in this Quotation or the Governing Agreement(s), whether stated in a section entitled "Grant of License" or elsewhere, no perpetual licenses are granted to Customer for the use of the RSA Archer Software and the following provisions shall apply:

The initial term of the license granted by RSA to Customer to use the such RSA Archer Software (the "Initial Term") shall commence on the effective date of this Quotation and remain in effect for (i) the period stated on the first page of this Quotation; or (ii) where no such period is so stated for three (3) years, unless sooner terminated in accordance with the Governing Agreement(s). The Initial Term shall automatically renew for consecutive additional one (1) year periods (each a "Renewal Term") provided that (1) Customer pays the applicable license fee (as specified in this Quotation or as otherwise quoted by an RSA representative or channel partner) prior to expiration of the then current term, and (2) neither party has sent the other party written notice of termination at least sixty (60) days prior to the end of the then current term.

No rights of termination for convenience will apply during the Initial Term or any Renewal Term and any provisions to the contrary in the applicable Governing Agreement(s) will be deemed amended to give effect to this provision. The license rights granted hereunder shall not survive termination of the Governing Agreement(s) and such Agreement(s) are deemed amended to give effect to this provision.

Pricing and Payment: The "Net Price" listed on the first page of this Quotation in the applicable row of the "Products" table shows the total amount that Customer shall pay for the license of RSA Archer Software for the Initial Term. RSA shall invoice Customer annually in advance for one (1) year's worth of license and maintenance fees for each year of the Initial Term and any Renewal Term. For example: if the Initial Term is three (3) years RSA will send Customer an invoice for 1/3 of the "Net Price" after the RSA Archer Software is made available to Customer through electronic file transfer or shipment of media containing such Software. In certain instances, RSA may invoice term licenses for RSA Archer software in a different manner. In such a case, the amount due for each year of the term license shall be set forth in the row entitled "Miscellaneous" on the first page of this Quotation.

If Customer is licensing RSA Archer Software bundled with other RSA software (SKU: BLP-P Solution Platform-perpetual license), the following provision shall apply:

Software License: Notwithstanding anything to the contrary in this Quotation or the Governing Agreement(s), whether stated in a section entitled "Grant of License" or elsewhere, Customer shall only be able to utilize the RSA Archer Software for internal purposes with other RSA software which Customer has licensed.

Restriction on Use of RSA NetWitness Products:

If Customer is purchasing RSA NetWitness Products, the following provisions shall apply:

RSA may use all or any portion of information and knowledge gained by RSA in connection with such products, including, without limitation, such information and knowledge regarding attacker and beacon activity, to improve hardware, software, and/or services. RSA may also share it with others, such as hardware and software vendors who may use it to improve how their products interoperate with or support RSA products or services. To the extent that any services specified in any contract resulting from this Quotation, including without limitation installation, configuration, and/or maintenance services, constitute "defense services" as defined under the U.S. International Traffic in Arms Regulations ("ITAR"), 22 CFR 120.9, then RSA's commitment to provide such services shall be subject to the receipt of any required authorization from the U.S. Department of State, and the delivery schedule and pricing for such services shall be reasonably adjusted as appropriate to reflect such requirements. RSA shall not be liable for any delay in performing or failure to perform defense services due to delays or refusal by the U.S. Department of State to grant any such required authorization.

If Customer is licensing RSA NetWitness products or services on a term basis, the following provisions shall apply:

To the extent the first page of a Quotation offers a NetWitness product or service on a term or subscription basis, notwithstanding anything to the contrary in this Quotation or the Governing Agreement(s), no perpetual licenses are granted to Customer for the use of such product or service. The term license to such product or service shall commence on the effective date of this Quotation and remain in effect for the period stated on the first page of this Quotation.

Restriction on Use of RSA Adaptive Authentication On-Premise Product:

If Customer licenses the RSA Adaptive Authentication On-Premise Product, the provisions set forth on Schedule 1 hereto shall apply.

SCHEDULE 1

ADAPTIVE AUTHENTICATION PRODUCT SPECIFIC TERMS & CONDITIONS

1. Definitions.

The following terms shall have the definitions below or set forth elsewhere herein. All references to “Section” shall refer to sections of this Schedule, unless otherwise specified herein.

“Active End User” means an account holder or other client of the Customer (an “End User”) whose identity has been processed or profiled or scored or authenticated or otherwise verified by the Product at least once in the course of the six (6) months immediately preceding the then current date.

“Active End User Ceiling” means the maximum number of Active End Users which Customer is licensed to store at any given time using the Product and as set out in applicable Quote.

RSA “eFraud Network™” database means a database owned and operated by RSA which contains information aggregated by RSA, discovered by the parties as part of the performance of their obligations under this Schedule, obtained, and/or procured from third parties and/or resulting from risk and fraud assessments carried out by RSA and includes without limitation IP addresses, Phishing website URLs, and any other related data.

“Exhibit” means Exhibits A, B, and/or C attached hereto, the terms of which are incorporated herein by reference;

“Product” means (a) the RSA consumer software suite described in Exhibit A and developed by RSA together with any Software releases, fixes, or patches delivered pursuant to the Maintenance Services, known as the RSA Adaptive Authentication Web Protection System.

2. License, Ownership.

A. RSA hereby grants Customer a perpetual, non-exclusive, nontransferable license to run and use those components of the Product as selected in an RSA issued Quote, for Customer's own use for the purpose of processing Active End User authentication information on its web portals, online services, and/or its electronic transaction clearing systems. Such license shall be subject always to the Active End User Ceiling as further detailed in this Schedule.

B. Additional Software License Restrictions. Customer will not directly or indirectly use the Product for its internal enterprise authentication purposes. For the purpose of the Schedule, “internal enterprise authentication” means authenticating a login request (which request may originate either remotely or from Customer or an Affiliate's premises) of an employee, consultant, or an agent of Customer (or an Affiliate) for the purpose of granting the requestor access to Customer (or an Affiliate's) computer networks for the purpose of performing their assigned work.

C. Ownership and/or License of the eFraud Network database information. RSA shall retain and own all right, title, and interest and all intellectual property rights (including but not limited to copyrights, trade secrets, trademarks, and patent rights) to all information which is collected, submitted to, and made available on the eFraud Network in the course of the performance by either party of their obligations under this Schedule (or where such title cannot be granted or otherwise transferred to RSA, then Customer agrees to grant RSA an unconditional, unlimited, unrestricted, royalty free license to use, distribute, and/or otherwise make available such information).

D. RSA Trademark License. For so long as this Schedule remains in force, RSA grants Customer the right to use the “Secured by RSA” trademarks described in Exhibit C (the “RSA Mark”) solely for the purpose of displaying the RSA Mark on the End User facing web-based log in pages of its online services in compliance with Section 3 (on next page). Customer's use of the RSA Mark will conform at all times with RSA's quality and usage requirements and will be subject to prior review and approval by RSA. Customer will not seek to register any trademarks of RSA in any country in the world. Any use of the RSA Mark shall be in accordance with RSA's reasonable policies regarding advertising and

trademark usage as established from time to time.

3. RSA Branding of the Active End User interface to the Licensed Software.

For so long as Customer is subscribing for the Maintenance Services, Customer will (unless it is a U.S. governmental entity) place the following words: “Secured by RSA”, in the form of the trademark logo attached hereto under Exhibit C, on (i) the client facing web-based user interface which is deployed by Customer for the purpose of allowing Active End Users access to the Product; and (ii) whenever the personal security image of the site-to-user authentication module (as described in Exhibit A) is shown. Nothing else herein shall prevent Licensee from separately branding its security processes which may use the Licensed Software and other security processes.

4. Billing Files.

Customer will provide RSA with the billing files as generated by the billing utility component of the Product (as further detailed in the Documentation) at the end of each calendar month for the purpose of evidencing its ongoing compliance with the Active User Ceiling from time to time and subject to RSA’s audit rights under the Agreement.

5. Product Delivery.

RSA Software shall be delivered to the Customer at the email address specified in [Exhibit A](#).

6. Authorized Active End Users; Active End User Ceiling Increases.

Customer may increase the authorized Active End User Ceiling from time to time by way of a purchase order referencing this Schedule. Where Customer has exceeded its then authorized Active End User Ceiling, Customer will promptly (and in any event in not less than thirty (30) days from the date the Active End User Ceiling is first exceeded) procure an increase to its then licensed authorized Active End User Ceiling, for the fees and in the minimum increments set out in a Quote so as to meet or exceed its actual use of the Product. Such increases will be procured by way of a purchase order referencing the Quote. Where Customer has upgraded the authorized Active End User Ceiling, RSA will invoice Customer the adjusted Maintenance Services fees on a pro-rata basis for the Maintenance Services year then in progress on the date of such upgrade in a Quote.

7. Maintenance Services.

Customer hereby purchases the Enhanced Support and Data Services as further described in Exhibit B for the Products ordered under this Schedule for a term of one (1) year (the “Initial Maintenance Term”) commencing on the date the Product is first made electronically available for download. Thereafter, Maintenance Services shall renew on an annual basis, subject to Customer’s payment of RSA’s invoice for the applicable Maintenance Services fees. RSA may increase the Maintenance Services fee, to be effective at the commencement of any future annual period, provided that RSA notifies Customer, in writing, of such fee increase at least thirty (30) days prior to the end of the previous annual period.

A

Base Product Description:

The Product without Additional Features is available for the license fees detailed in a signed Quote.

Product—RSA Adaptive Authentication Components—Login
Risk Based Authentication at Login (web-channel device identification using secure cookies, Flash Shared Objects, device forensics and network forensics including IP geolocation. This can be applied only during account login).
Baseline Policy Manager and Risk Models. (One set of policies per institution and generic risk models.)
Secondary Authentication: Challenge Questions. (Challenge Questions, including enrollment to collect challenge questions and answers.)
RSA eFraud Network Access. (Shared fraud data.) It is understood by the parties that Customer’s access to the eFraud Network shall be contingent on Customer’s agreement to submit non-identifiable fraud data via log files for inclusion in RSA eFraud Network’s aggregated database and subject to Customer’s ongoing subscription to the Enhanced Support and Data Services.
Case Management Module. Provides the Client functionality to track and update Active End User activities that were flagged for follow-up or authentication.
Site to User Authentication Module. (Enrollment and maintenance of image assignments, and image pool of 38,000 images.)

Description of Additional Features:

These components of the Product are available for extra license fees as detailed in a signed Quote.

Product—Transaction Monitoring
Assessment, analysis, and scoring of post-login transactions activities by a Bayesian, self-learning risk engine that leverages both device and behavioral profiling. A case management application allows investigating high risk transactions, marking the fraudulent ones, and feeding feedback into the risk engine. A partial list of such post-login transaction activities includes but is not limited to: transferring funds, making online payments, establishing payees, viewing check images, changing personal information, etc.
Product—Mobile Protection
The RSA Adaptive Authentication Mobile Protection Module provides strong authentication to End Users who access online banking applications via a mobile device (i.e., mobile phone, smart phone, iPhone, PDA, Blackberry, etc.). This module complements RSA Adaptive Authentication’s web channel protection module. It is powered by the same risk-based authentication technology and provides the Customer with a unique risk model designed to address specific mobile transaction characteristics. By using the Mobile Protection Module, the Customer benefits from multi-channel fraud protection.

Service—Authentication Methods

OneTime Password (“OTP”). OTP generated by Adaptive Authentication and sent by Customer to the End User.

Out of band (“OOB”) Phone Call. OOB phone call (telephone confirmation, using RSA’s service and infrastructure and telephone numbers stored in Customer’s systems. Depending on the selected integration method, the OOB phone feature requires additional telephony infrastructure and involves set up costs and fees to make the phone calls.

OOB SMS. One Time Password generated by Adaptive Authentication and sent by RSA to End User via OOB SMS using phone numbers stored in Customer’s system (only for phones that support SMS). The OOB SMS feature involves set up costs and fees to send the SMS. Delivery of SMS messages (or timing of delivery) is not guaranteed.

B

Enhanced Support and Data Services

Customer acknowledges that the Basic Support Services (as described on the Support Website) are not available for the Product licensed under this Schedule.

In addition to then current Enhanced Support Services which will be provided as detailed on the Support Website, the Customer will also receive the Data Services described hereunder.

1. Definitions.

In addition to those defined terms of the Agreement and the Schedule, the following definitions shall be used for purposes of this Exhibit B.

- A. **“Data Services”** means, the delivery by RSA on an ongoing basis of (i) the Information; and (ii) updates to the eFraud Network; and RSA making available the online statistical analysis tools for the use of the Customer. The Information and any other data delivered pursuant to the Data Services will be deemed to form part of the Product under the Schedule.
- B. **“Geo-Location Service”** means the geo-location component made available with the Product.
- C. **“Information”** means the data and information derived from the Geo-Location Service.
- D. **“Support Website”** means RSA’s online support resource currently located at <http://www.rsa.com/node.aspx?id=1067>.

2. RSA Data Feeds for Adaptive Authentication.

Customer will receive the following Data Services:

- A. Delivery of eFraud Network database updates. Updates to the eFraud Network database will be made available to Customer by RSA via Internet protocol from RSA hosted servers. Where configured in accordance with the Documentation, the Product will automatically download the updates on a periodic basis and load them into a local data store, which is used for run-time analysis of inbound transactions.
- B. Delivery of Information. Information updates will be made available by RSA to Customer via Internet protocol from RSA hosted servers. Customer will download the updates on a periodic basis and load the Information into the Product for run-time analysis of inbound transactions.
- C. Online Statistical Analysis Tools. RSA will make available to Customer a set of reports or tools for generating reports, which will be hosted on RSA web servers, to allow Customer to understand Product system usage levels and patterns.

3. Enhancements to Maintenance Services.

Customer may purchase enhancements to the Maintenance Services, including the Personalized Support options Services, as described on the Support Website.

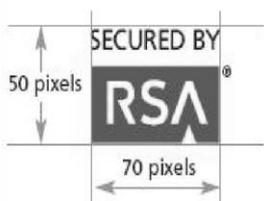

4. Additional Customer Obligations.

- A. Network and Device Forensics. In addition to those obligations set out on the Support Website, Customer shall provide to RSA daily scrubbed data activity logs, the case log file and the forensic data logs as further described in the Documentation. RSA will review these logs in order to provide the Maintenance Services hereunder and to improve forensic analysis of future Software Releases of the Product. Customer shall not transmit, send, or otherwise provide, directly or indirectly, to EMC any data that is considered personally identifiable under the laws of the jurisdictions applicable to Customer’s installation and use of the Product and Customer’s operations, and shall indemnify EMC for all third-party claims arising as a result of Customer’s breach of this obligation.

Trademark and Usage Guide

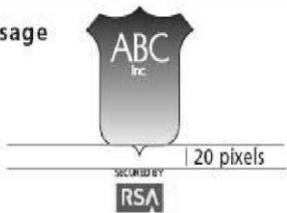

SECURED BY RSA—Logo Designator for RSA Adaptive Authentication Customers

The SECURED BY RSA logo has been designed as an indicator that the customer is using the RSA Adaptive Authentication solution. It is designed for web and print use and is not intended to be a substitute for the corporate logo or for use in locations other than the web pages or promotional material of companies that have purchased Adaptive Authentication. Nor is the SECURED BY RSA mark to be used as a substitute for the corporate logo in places where the Customer corporate logo is appropriate. This logo is not posted. Logo files may be obtained by contacting the Identity Protection and Verification solutions group at RSA corporate headquarters. It is to be used at the size indicated below. The logo consists of the RSA brick and the words SECURED BY. These two components should not be separated or changed; SECURED BY should always appear in the same proportions and relationship to the RSA notched rectangle.

<p>Correct size and layout</p> 	<p>Incorrect: altered layout</p> 	<p>Incorrect: altered proportions</p> 
<p>Incorrect: combination with corporate logo</p> <p>The words "The Security Division of EMC" are not part of the SECURED BY RSA logo. The corporate logo, which includes the word "The Security Division of EMC", is a separate mark; the two logos may not be combined.</p>		

In customer applications, the logo is to be seen only as a third-party mark that indicates the security features of the customer’s website. Therefore the following restrictions apply to use:

(i) The logo may not be enclosed by the Customer’s logo or other artwork so as to appear to be part of the Customer’s logo.

<p>Correct Usage</p> 	<p>Incorrect Usage</p> 
---	---

(ii) The logo may be placed adjacent to the customer’s logo or other artwork as long as there is sufficient empty (white) space between the two logos. Sufficient space online is defined as 20 pixels in any direction from the outer edges of the SECURED BY RSA logo. Sufficient space in print is defined as .5 inches in any direction from the outer edges of the logo.

EMC², EMC, the EMC logo, the RSA logo, RSA, RSA Archer, eFraud Network, enVision, and NetWitness, are registered trademarks or

RSA Warranty and Replacement Parts Maintenance Table

- B. Restrictions on use of the Geolocation Service and Information. Customer will not (a) reproduce or distribute the Geo-Location Service in a manner that allows its users to access the Geo-Location Service in any way other than through aggregate reports generated by the Product (as described in the Documentation); or (b) use the Information to create or otherwise support the transmission of unsolicited commercial email.

RSA Warranty and Replacement Parts Maintenance Table

Product	Standard Warranty Period and Support Option	Support Option Upgrade during Warranty Period	Initial Product Installation	Support Options during Maintenance Period	RMA-Parts Replacement	Customer Performed Tasks (*1)	Designated Customer Replaceable Units (CRU's) (*2)
RSA Software	90 days: defective media replacement Support during warranty available with purchase or a maintenance support option	N/A	Installation not included. Performed by Customer or may be available for separate purchase	Basic, (*6) Enhanced	N/A	Customer Installation of subsequent Software Releases	N/A
RSA Tokens	Full Lifecycle of Token up to 6 months from expiration	N/A	Installation not included. Performed by Customer or may be available for separate purchase	Basic, Enhanced	Standard Token Replacement (*3) Advanced Token Replacement (*4)	N/A	N/A
RSA Appliance	90 Days	N/A	Installation not included. Performed by Customer or may be available for separate purchase	Enhanced	Advanced Replacement (*5) - Next Business Day (Requests must be in by 2pm EST or 4pm Western Europe Time). 1st Year Advanced Replacement Maintenance for years 2 through 5	Customer(*7) Installation of subsequent Software Releases	Appliance
SaaS	N/A Hosted Solution(*8)	N/A	Performed by RSA	Basic, Enhanced	N/A	RSA Operation responsible for installation and maintenance of Hosted environment	N/A

1. Customer-Performed Tasks:

Customer-performed tasks are product support tasks that Customer is authorized by RSA to perform. RSA will provide diagnostic tools and documentation to enable customers to perform replacement of designated Equipment and other service tasks.

2. Customer Replaceable Units (CRUs):

CRUs are specific assemblies, components or individual parts of designated RSA Equipment that Customer is authorized by RSA to self replace. In the event of a Failure or technical issue, a customer may remove and replace a CRU by using RSA provided diagnostic tools and/or documentation. Assemblies or components not designated as CRUs, must be serviced and/or replaced by RSA or an RSA authorized service partner.

** Authentication Manager and Authentication Manager Express CRU parts limited to complete Appliance**

3. Standard Token Replacement:

The System/Security Administrator at your company will return any non-expired tokens that no longer function properly to RSA. Replacements will be shipped within 5 days after the defective token is received. A printable form will be e-mailed back to the customer containing a pre-filled return form with RMA numbers and ship-to information. More details can be found here: <https://selfservice.rsasecurity.com/TWR/>

4. Advanced Token Replacement:

After filling out the appropriate information, RSA will ship out replacements for each valid token within 2 or 3 days. It is the customer's responsibility to ship the defective tokens back within 60 days of the receipt of the replacement tokens. If not, RSA will invoice for the amount of the replacement tokens shipped. More details can be found here: <https://selfservice.rsasecurity.com/TWR/>

5. Advanced Replacement:

Appliances are shipped out same day or next business day. Secure ID Appliances must be returned within 15 days of Receiving replacement or full value of Replacement Appliance will be incurred by Customer. For all other Appliances, Customer has 10 days to return faulty appliances.

6. Basic support not available for AA on Prem, Access Manager, DPM, or Authentication Manager

7. DPM Appliance installation performed by RSA/EMC Professional Services

8. SaaS

90 day defective media replacement. For both Archer and Adaptive Authentication for the Web on Premise

Archer On Premise: Installation not included. Performed by Customer or may be available for separate purchase

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached **SAP NS2** (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
 - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
 - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
 - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
 - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
 - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
 - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
 - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
 - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
 - i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
 - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

SAP NS2

SAP NS2 LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS

"Chip" Electronic circuitry containing one or more Cores, usually on a silicon wafer.

"Chip License", or "CH" The limited right to install the Program on a Chip and to Use such Program in a production environment.

"Chip Development and Testing License" or "DH" The limited right to install the Program on a Chip and to Use such Program for development and testing purposes only and not in a parallel production environment. See "Chip" and "Chip License".

"Chip Standby License" or "SH" The limited right to access and Use a Standby Copy of a Program licensed under a Chip License in the event of an interruption of a production copy of the same Program. See "Chip", "Chip License".

"Cluster License", or "CL" The limited right to Use the Program on any number of Servers at the single physical location specified for such license in the applicable Purchase Order, but only if each such Server is part of a load-balanced or failover configuration and in the aggregate provides no greater access to the Program or any associated data than would be provided by a single Server operating alone.

"Concurrent User" or "CU" A specific, identifiable, unique input/output device capable of directly or indirectly accessing and using a Program such as (without limitation) a terminal, personal computer, single user workstation, personal digital assistant ("PDA"), wireless device or real time device. See "Concurrent User License".

"Concurrent User License" The limited right for a maximum number of Concurrent Users equal to the quantity of such licenses purchased, as indicated in the applicable Purchase Order, to directly or indirectly access the Program on a single specified licensed Server at any given instant in time.

"Core" A functional unit within a computing device that interprets and executes software instructions.

"CPU" The unit of measurement used in the CPU License type (see "CPU License") and the Internet Access License type (see "Internet Access License"). Unless otherwise specified on the Purchase Order, for Sybase Programs, the number of CPUs is equal to the number of Processors or Cores on a Machine, and for iAnywhere Solutions Programs, the number of CPUs is equal to the number of Chips on a Machine irrespective of the number of Processors or Cores.

"CPU Development and Testing License" or "DT" The limited right to install the Program on a Machine on which the number of CPUs is no greater than the number of licenses purchased, as specified on the Purchase Order, and to Use such Program for development and testing purposes only and not in a parallel production environment. See "CPU" and "CPU License".

"CPU License" or "CP" The limited right to install the Program on a Machine on which the number of CPUs is no greater than the number of licenses purchased, as specified on the Purchase Order. The number of Seats that may access the Program shall be limited only by the capacity of the licensed CPUs, and may include internal usage by Seats within the Ordering Activity's organization, and external usage by Seats outside of the Ordering Activity's organization accessing the Program via the Internet ("Internet Users"). Internet Users may not Use the Program to develop or modify applications or perform other programming tasks, and may only Use the Program in conjunction with Ordering Activity's applications. The license fee payable by Ordering Activity for each copy of the Program installed on a Machine shall be determined by multiplying the number of CPUs on the Machine by the applicable rate, each as specified on the Purchase Order. In the event that the number of CPUs on the Machine is increased, Ordering Activity shall report such increase, execute a new Purchase Order and pay an additional amount determined by multiplying the incremental CPUs by the then applicable rate per CPU set forth in the GSA Price List.

"Data Storage Unit" or "DSU" The unit of measurement used in the Storage License types which quantifies the volume of data stored inside the main database of a Program. Certain Programs tend to compress data to an amount less than the raw data. The amount of compression applied to the data may vary depending on the characteristics of the data and the data types Used in the Program.

"Documentation" Installation instructions and user manuals supplied with the Program.

"ESD" means Electronic Software Download.

"Floating License" or "FL" The limited right to install the Program on any number of workstation Machines, provided that at any given instant in time the total number of such workstation Machines on which Ordering Activity is permitted to Use the Program simultaneously may not exceed the number of licenses purchased.

"Internet Access License" or "IC" The limited right to permit "External Internet Seats" to access a licensed Program, provided the number of CPUs on the Machine on which the licensed Program is installed is no greater than the quantity of such licenses purchased, as specified on the Purchase Order. The number of "External Internet Seats" shall be limited only by the capacity of the licensed CPUs. "External Internet Seats" shall mean Seats which access the specified Program via the Internet; provided that the person at such Seat is not acting in the capacity of an employee, agent or independent contractor of Ordering Activity. External Internet Seats may query the Program database and update such database to the extent allowed by Ordering Activity's application, but may not Use the Program to develop or modify applications or perform other programming tasks. Ordering Activity may not Use the specified Program in connection with a website hosted by Ordering Activity on behalf of third parties. An Internet Access License does not cover intranet usage or other internal usage and Ordering Activity must acquire the necessary Seat licenses for all internal usage of the Program. If Ordering Activity purchases (or renews) Support for a Program for which an Internet Access License has been obtained, Ordering Activity shall purchase the same level of Support for the Internet Access License as for such Program. The license fee payable by Ordering Activity for each copy of the Program installed on a Machine shall be

determined by multiplying the number of CPUs on the Machine by the applicable rate, each as specified on the Purchase Order. In the event that the number of CPUs on the Machine is increased, Ordering Activity shall report such increase, execute a new Purchase Order and pay an additional amount determined by multiplying the incremental CPUs by the then applicable rate per CPU set forth in the GSA Price List.

"Machine" A single computer hardware system identified on the applicable Purchase Order running a single copy of the Operating System Software.

"Mainframe Base" or "MB" The basic license fee applicable for certain mainframe Programs based upon the mainframe Machine model set forth in the applicable Purchase Order. For each copy of a Program designated as license type MB, Ordering Activity shall also pay the applicable MSU License fee based upon the then current MSU rating of the mainframe Machine. See also "MSU (Millions of Service Units) License".

"Major Version" A major release of a Program containing new features and functions.

"MSU (Millions of Service Units) License" or "MU" The license fee payable by Ordering Activity for each copy of the Program shall be determined by multiplying the number of MSUs for the Machine by the applicable rate and adding the applicable Mainframe Base rate thereto, all as specified in the applicable Purchase Order. In the event that the number of MSUs for the Machine is increased, Ordering Activity shall report such increase, execute a new Purchase Order, and pay an additional amount determined by multiplying the incremental number of MSUs by the then applicable MSU rate for the Program and adding any incremental base rate fee thereto, all as set forth in the GSA Price List. The number of users shall be limited only by the capacity of the licensed MSUs, and may include internal users within the Ordering Activity's organization, and external users outside of the Ordering Activity's organization accessing the Program via the Internet ("Internet Users"). Internet Users may not Use the Program to develop or modify applications or perform other programming tasks, and may only Use the Program in conjunction with Ordering Activity's applications.

"Multi-core Coefficient or Multi-core Scaling Coefficient" The scaling coefficient set forth in the GSA Price List which is applied to License and Support Price to determine the List Price for eligible License Types and Machines.

"Networked License" The limited right for the number of Seats equal to the quantity of such licenses purchased, as specified in the Purchase Order, to directly or indirectly access a Program installed on a licensed Server or Servers in a single network.

"Networked Seat" see "Seat".

"Operating System Software" The operating system software on which the Program is licensed to be Used, as specified on the Purchase Order.

"OT" denotes "other", for products or services included on a Purchase Order, which are not otherwise defined.

"Primary Copy" A licensed copy of the Program provided by SAP Government Support and Services, Inc. or made available by SAP Government Support and Services, Inc. for electronic download, including a copy provided initially as a trial copy.

"Processor" means "Core".

"Program" The object code version of the software product(s) listed in the Purchase Order, as well as any and all Updates and authorized copies. Although the Program media may contain other software products, Ordering Activity is licensed to install and Use only the designated Program.

"Quantity of Licenses" The number of a particular license type, such as (without limitation) Server or Seat, licensed for a particular Program pursuant to a Purchase Order.

"Seat", or "ST" A specific, identifiable, unique input/output device capable of directly or indirectly accessing and using a Program such as (without limitation) a terminal, personal computer, single user workstation, personal digital assistant ("PDA"), wireless device or real time device. See "Networked License".

"Secondary Copy" A licensed copy of the Program reproduced by Ordering Activity from the Primary Copy.

"Server" A computer containing software, which permits it to await and fulfill services to other computers.

"Server License" or "SR" The limited right to install a copy of a Program on a Server, for access solely by licensed Seats or licensed Concurrent Users, as applicable.

"Standalone Seat" or "SS" The limited right to install the Program on a single workstation Machine (and not a server Machine) for access solely by the single workstation Machine upon which it resides.

"Standby Concurrent User License" or "SC" The limited right to access and Use a Standby Copy of a Program licensed under a Concurrent User License in the event of an interruption of a production copy of the same Program. See "Concurrent User License".

"Standby Copy" means a copy of a Program pre-installed on a separate Machine for the purpose of processing data duplicated from a production copy of the same Program. The Standby Copy may be accessed and Used in the event of a failure of the production Machine for the duration of such failure.

"Standby CPU License" or "SF" The limited right to access and Use a Standby Copy of a Program licensed under a CPU License in the event of an interruption of a production copy of the same Program.

"Standby Server License" or "SV" The limited right to install a Standby Copy of a Program licensed under a Server License in the event of an interruption in the operation of a production copy of the same Program.

"Storage License" or "TB" The limited right to store data in a Program such that the quantity of DSUs Used is no greater than the number of DSUs licensed, as specified in the Purchase Order. The license fee payable by Ordering Activity shall be determined by multiplying the number of DSUs by the applicable rate, each as specified on the Purchase Order. In the event the number of DSUs in a Program is increased, Ordering Activity shall report such increase, execute a new Purchase Order and pay an additional amount determined by multiplying the incremental storage capacity by the then applicable rate per DSU set forth in the GSA Price List. Storage may only be licensed in whole DSUs, and the number of DSUs shall be rounded up to the next higher whole DSU when determining the number of Storage Licenses required.

"Storage Development and Testing License" or "DB" The limited right to store data in a Program up to the number of DSUs licensed, and to Use such data for development and testing purposes only and not in a parallel production environment. See "DSU" and "Storage License."

"Storage Standby License" or "SB" The limited right to store data in a Standby Copy of a Program up to the number of DSUs licensed, and to Use such data in the event of an interruption of a production copy of the same Program. See "DSU" and "Storage License".

"Support" The technical support plan selected by Ordering Activity.

"Updates" means error corrections, maintenance releases and Major Versions of the Program made available to Ordering Activity under certain Sybase Support plans.

"Upgrade" means (i) transfer of the Program to a Machine of a higher Sybase Machine Class, i.e. transfer to a Machine that provides greater processing capacity, or (ii) Ordering Activity migration from one edition of a Program to another edition with increased functionality, e.g. from Advanced Edition to Enterprise Edition.

"Use" means to install, load, view, print, update, access, utilize, or store the Program.

2. UTILIZATION LIMITATIONS

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the ordering activity, commercial computer software and related documentation shall be subject to the following:
 - (1) Title to and ownership of the software and documentation shall remain with the SAP, unless otherwise specified. SAP reserves all rights in and title to the Software and Documentation not expressly granted to an Ordering Activity;
 - (2) Software licenses are by site, by ordering activity and as specified in the applicable order.
 - (3) The ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of SAP. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

3. GUARANTEE/WARRANTY

- a. Unless specified otherwise in this contract, SAP standard commercial guarantee/warranty as stated herein will apply to this contract.
 - (1) **GUARANTEE.** The term of the warranty is one year for software and 90 days for Maintenance. All guarantees are from date of shipment.
 - (2) **PROGRAMS.** For the term indicated above, Contractor, through SAP, warrants that the Programs, when properly used, will operate in all material respects in conformity with SAP's published specifications for such version, and the Program media shall be free of defects.
 - (3) **MAINTENANCE.** Contractor, through SAP, warrants that technical support and on-site technical support shall be performed by qualified individuals in accordance with generally accepted industry standards.
 - (4) **DOCUMENTATION.** The Program documentation is provided as is, without any warranty.c
- b. The Contractor and SAP disclaims all other warranties and conditions, express and implied, including without limitation the implied warranties of merchantability and fitness for a particular purpose. No warranty is made regarding the results on any Program or Maintenance or that all errors in the Programs will be corrected or that the Program's functionality will meet the Ordering Activity's requirements.
- c. **REMEDIES.** For any breach of the above warranties, the Ordering Activity's remedy and SAP NS2 entire liability shall be:
 - (1) **PROGRAMS.** The correction of Program errors that cause breach of the warranty, or, if Licensor is unable to make the Program operate as warranted, the Ordering Activity shall be entitled to a refund of the license fees paid for the affected Program.

(2) MAINTENANCE. The correction or reperformance of the maintenance, or if Licensor is unable to perform the maintenance as warranted, the Ordering Activity shall be entitled to recover the fees paid to Licensor for the unsatisfactory maintenance.

- d. WARRANTY EXCLUSION AND LIMITATION OF DAMAGES. Except as expressly set forth herein, there are no warranties expressed or implied in no event will Licensor be liable to the Ordering Activity for consequential damages as defined in the Uniform Commercial Code, Section 2-715 in effect in the District of Columbia as of January 1, 1973, i.e.: Consequential damages resulting from Licensor's breach include (a) any loss resulting from general or particular requirements and needs of which Contractor at the time of contracting had reason to know and which could not reasonably be prevented by cover or otherwise; and (b) injury to person or property proximately resulting from any breach of warranty.

4. TECHNICAL SERVICES

Provided the ordering activity has entered into a valid maintenance agreement, the Contractor, through SAP NS2NS2, without additional charge to the ordering activity, shall provide a hot line technical support number 1-800-8SYBASE for the purpose of providing user assistance and guidance in the implementation of the software. The technical support number is available from 7:00AM to 5:30PM Eastern time.

5. MAINTENANCE OF GENERAL PURPOSE INFORMATION TECHNOLOGY SOFTWARE (Maintenance as a Product CLIN 132-32 or 132-33)

- a. ELIGIBILITY REQUIREMENTS: The following two support requirements will apply:
- (1) The ordering activity must purchase the same support level for all SAP products licensed on a given CPU.
 - (2) The ordering activity must purchase the same support level for all their CPUs at a given site. The ordering activity may choose to reinstate support for a license which has not been supported for some period of time. The charge to the ordering activity for reinstatement of maintenance support will be based on maintenance charges that would have been incurred from date of cancellation to date of reinstatement.
- b. The Contractor through SAP shall provide first year maintenance support in accordance with the terms and conditions for the SAP Secure Enterprise Support as describe herein below. The support fees shall be calculated at 22% of the Net License Fees for the software supported under the SAP Secure Enterprise Support Plan.
- c. Maintenance may be renewed directly with SAP for one-year options on the anniversary of each project (CBS) as long as SAP NS2 offers support for the products.
- d. Effective January 1, 2013, support renewal for pervious "Sybase" customers will be migrated at the time of their annual renewal to the SAP Secure Enterprise Plan in accord with SAP's current practices.

SAP NS2 Secure Enterprise Support

1. Definitions:

- 1.1 "Go-Live" marks the point in time from when, after implementation of Enterprise Support Solution or an upgrade of Enterprise Support Solution, the Enterprise Support Solution can be used by Ordering Activity for processing real data in live operation mode and for running Ordering Activity's business in accordance with the Agreement.
- 1.2 "Ordering Activity Solution" shall mean Enterprise Support Solutions and any other software licensed by Ordering Activity from third parties provided such third party software is operated in conjunction with Enterprise Support Solutions.
- 1.3 "Production System" shall mean a live SAP system used for running Ordering Activity's internal business operations and where Ordering Activity's data is recorded.
- 1.4 "SAP NS2 Enterprise Support" shall mean the global support program delivered commercially by SAP as further defined herein.
- 1.5 "SAP Software Solution(s)" shall mean a group of one or multiple Production Systems running Ordering Activity Solutions and focusing on a specific functional aspect of Ordering Activity's business.
- 1.6 "Secure Enterprise Support" shall mean the support program delivered under this Addendum comprising SAP Enterprise Support and Secure Support as further defined herein.
- 1.7 "Secure Support" shall mean the secure support delivered commercially by SAP NS2 as further defined herein, delivered in conjunction with SAP Enterprise Support.
- 1.8 "Service Session" shall mean a sequence of support activities and tasks carried out remotely to collect further information on an incident by interview or by analysis in a Production System resulting in a list of recommendations. A Service Session could run manually, as a self-service or fully automated.
- 1.9 "Top-Issue" shall mean issues and/or failures identified and prioritized jointly by SAP and Ordering Activity in accordance with SAP standards which (i) endanger Go-Live of a pre-production system or (ii) have a significant business impact on Ordering Activity's core Production System.
- 1.10 "SAP Software" shall mean the "Sybase" or "SAP" software, previously licensed by the Ordering Activity, under separate Agreement, to be supported under this SAP Secure Enterprise Support Plan.

2. Scope:

SAP NS2 ENTERPRISE SUPPORT. Ordering Activity may request and Contractor, through SAP NS2, shall provide through this Attachment A, to such degree as SAP makes such services generally available within the Geographic Scope of the GSA Schedule Contract, SAP Enterprise Support services. SAP Enterprise Support is delivered by Contractor through SAP and currently includes:

Continuous Improvement and Innovation

- New software releases of the licensed Enterprise Support Solutions, as well as tools and procedures for upgrades.
- Support packages - correction packages to reduce the effort of implementing single corrections. Support packages may also contain corrections to adapt existing functionality to changed legal and regulatory requirements.
- During mainstream maintenance for an SAP release, SAP's current practice is to provide one enhancement package or other update per calendar year.
- Technology updates to support third-party operating systems and databases.
