Subject: No to Rezoning R1 and R2 amendment to low intensity residential designation.

To whom it may concern,

This rezoning amendment needs to be halted in place at tomorrows 4-14-26 meeting. It is clear that the city is still not operating in the interest of its tax paying residents. I have been to local town hall meetings with the mayor and our council rep. Everyone at the meeting made their desires clear and that the city is acting on its own behalf and not that of the residents. As stated above in the subject header, the rezoning R1 and R2 amendment to a low intensity residential designation needs to be halted at tomorrows meeting. Thank you for your attention to this matter. Copied above are two of my neighbors that feel the same as I do about the change of residential zoning for the City of Ann Arbor. We look forward to your response.

Jeff Yahr, 1813 Baldwin Ave.

Julie VanHouten, 1808 Baldwin Ave.

Robert Dascola, 1815 Baldwin Ave.

Respectfully,

Jeffrey S. Yahr
