Subject: Comprehensive Plan- Greenvview/Pioneer Nature Area

Michelle,

Thanks for calling last week, we appreciate your time. Attached is a letter and corresponding graphics regarding the Greenvview/Pioneer Nature Area. As mentioned, we believe that the entire 44 acres should be designated Parks/Open Space/Recreational Facilities, not just the southwestern half. Please share this correspondence with the Planning Commission in advance of next week's meeting.

Thanks again,

Don Wortman
