**Subject:** Plymouth/Praire new planning new use

For the building on west side of praire/plymouth intersection.

I would not want to see a multi use strip mall on this corner at all for traffic patterns especially in morning with school traffic from Thurston and backup on west bound Plymouth road left turn lane to huron parkway.

I understand there is consideration for a bank with a drive through emptying onto praire, I'm not as concerned.

I think the opposite would be better a bank exiting onto plymouth, right turn only

More concerned they are not trying to resue the building. and caution planning around the neighborhood pool in summer with kids riding their bikes to get to the pool. It would be nice to see a speed bump on praire in the location north of briarcliff intersection and possibly in front of thruston.
