Jacob,

Thank you for contacting the City of Ann Arbor Transportation Commission. Your comment concerning traffic signal delay and emissions will be provided as a communication item on the March 16 Transportation Commission Agenda.

Transportation staff are also copied here so that they are also aware of your comment.

Respectfully

Eli Cooper, A.I.C.P.

Transportation Program Manager

Hello, I value your time so I'll keep this short.

I know you feel congestion is your friend because it keeps people out of their cars.

Please consider that **carbon emissions are caused by car-time, not cars**. I spend 75% of my commute parked at stop-lights down Huron Parkway. That's 30 minutes of car-time that could at least be reduced to 15 with less congestion and coordinated traffic signals. Even if there were a significant increase in drivers due to easier roads, this would reduce carbon emissions.

Thank you,
Jacob Hoffmann
