

### 3/11/2019 Micromobility Subcommittee Meeting Notes

Prepared by: Scott Trudeau

Attending: Scott Trudeau, Molly Kleinman, Larry Keeler, Lisa Solomon, Raymond Hess, John Fournier; 2 members of public

Staff presented an updated draft of proposed ordinance revisions further refining definitions of and operating rules for personal mobility devices and micromobility service operators. Updates included language changes to incorporate earlier subcommittee feedback & to be more consistent with the State Motor Vehicle Code. The subcommittee reviewed & discussed the changes and agreed with staff that the draft was ready for legal review. The subcommittee will review the draft again after legal review (hopefully on our scheduled April 1 meeting) before recommending to the full transportation commission.
