Subject: housing on golf courses.

Do you realize that you will be taking away from the seniors playing golf. At a reasonable cost.

Do you realize that you will be taking away the college students. playing golf at a reasonable cost

Do you realize that you will be taking away the summer camps for young kids to learn golfing. They are the ones that will replace the seniors. Do you realize that you are taking away the lessons for adults to learn golf.

How about taking care of those who live in Ann Arbor. Instead of those you will be bringing into Ann Arbor from outside the city.

They will not be able to play. They can't afford to play at the other courses in the surrounding area. Try pricing them out. And you will see. I thought you were for the people. Try taking care of those who have lived here for years.

I am for one will fight this to the end. You are messing with a group of city people that love golf and look forward to playing.

You will stir up a hornet's nest big time. be ready.
