Re: Public Hearing 8-15-2023
3680 Packard Rd.
Blossom Dental Bldg.

My name is Shirley Hamilton and I reside at 3025 Turnberry Lane, Ann Arbor, Michigan since 1994.

Access to the Blossom Dental Building will be provided via one new curb on Turnberry Lane. This access should be denied. As a cut-thru in my subdivision will ^{be} a traffic risk to me and added traffic for everyone.

The traffic situation on Turnberry Lane has never been good. I know how difficult it is just to get out of my driveway. When coming into the subdivision (I have my indicators on) to turn into my driveway and cars speed around me.

At one time the speeding was so bad police were patrolling Turnberry streets. Cars drive in excess of the

Legal speed limit (25 MPH)

Not that long ago a speeding driver took out the Turnberry mailboxes that are on the right as you come into the subdivision. A 25 MPH sign was installed near the mailboxes. Was that a help no. There are so many that speed when they come into subdivision and when exiting. Just trying to get my mail from the mailbox I have had scary moments. When mail truck is in front putting in mail - no concern for mail man. Speeding as usual.

Even if there was not speeding, the added traffic is going to be an added burden for all Turnberry residents. It's already bad enough.

A cut-thru is a bad idea on Turnberry Lane and should not happen.

Thank You,
Shirley Samilton
