Hello Transportation Commission and staff,

If you haven't heard of this, I highly recommend learning about it. There is a virtual press conference tomorrow at noon, but it will be available to view after the fact.

I hope you can take some time for it as it is really the tack we should be taking to improve our streets for everybody. I appreciate all your time and effort to make Ann Arbor a safer and more enjoyable place to live and get around.

Thank you,
