Subject: Please Save Thurston Nature Center

Hi City Planning Officials,

As I am sure you are already aware, the land needed by AAPS to create a staging ground and road in order to construct a new Thurston School is owned by the City, not AAPS. I am asking you to take advantage of this new development to stop construction plans on that site in order to save a small yet crucial part of the Thurston Nature Center. AAPS has known for at least 11 months that this delicate prairie was not their property, but has acted as if it were.

Please reconsider building permits and exercise the City's right and obligation to protect this land.

Thank you,

Ann Arbor resident and voter Tricia Guest
