Subject: Nixon Road Church Rainbow Child Care Center

Greetings -

I am writing to voice my opposition to this project. I am opposed to turning Nixon Rd into a "Plymouth Rd" for the following reasons:

1. It will increase traffic by 130 cars twice a day.
2. There is a subdivision going on just north of this location that had already increased traffic to the point that a roundabout was recently installed on Green and Nixon.
3. It is very close to Clague Middle School and many children walk to school and we already have much traffic with school buses and parents dropping off children for school and after school activities.
4. There already is an existing child care center walking distance from the proposed rainbow child care center.
5. Increased traffic volume will diminish property values on Nixon Rd.
