Subject: Project ZBA 19-030

Hello -

I would like to express my support for Alyssa Michaelides' parking variance request as outlined in Project ZBA 19-030. I believe her salon will be well supported and an asset to the Ann Arbor community at its new location. Based on my understanding of this project, the parking variance will not result in a hinderance to the community.

Thank you,
Brenda Shellenberger

Subject: Laky's Salon Parking Variance

Hello,

I am writing on behalf of Laky's Salon. I have been a customer of Laky's for over 30 years and am well acquainted with the amount of traffic that his salon generates.

Not only does he provide great customer service, but he always maintains the interior and the exterior of the salon meticulously. There are always seasonal plantings in the gardens and snow is always immediately removed. An asset for the City for sure!

He and his daughter, Alyssa, are the only stylists at the salon. At any given time there are two customers in the salon. So, the salon requires two spaces to park. These spaces are available in the exiting driveway at 1323 Franklin Blvd.

Laky and Alyssa both walk to work so they are not in need of any parking space.

On their behalf, I am petitioning that a variance be allowed.

Thank you for your consideration.

Sincerely,
Betty Fox

Subject: Project Number ZBA 19-030.

Good Day,

I am writing in support for Alyssa Michaelides new salon, project Number ZBA 19-030. I have been a client at her fathers salon, Lakys, for over 17 years and have remained their customer because they do beautiful work. I believe they are conscientious, caring people who contribute a valuable service to their clientele. Ann Arbor can only benefit from the granting of the parking variance necessary to grow Alyssa's business in her new location.

I greatly wish I could be able to attend the hearing regarding this project unfortunately I will be out of the state. Please feel free to contact me if you would like to speak personally regarding this letter of support.

Most Sincerely,
Susan Cox
