Subject: Re: Planning Commission Meeting Sept. 9

Hi Matt,

I appreciate your prompt response, however the policy as you have described it is seriously flawed.

If all emails to the Planning Commission have to be received by noon on the Friday before the Planning Commission meeting, but the public isn't informed of the project being on the agenda until later in the day on Friday, how does this support transparency and public engagement?

In addition, this particular weekend happens to be a holiday weekend. More notice should have been given.

You should know that there are neighbors from all areas of Lansdowne and adjacent neighborhoods who are concerned about this project. Mr. Timmer's list is mainly the people on Ascot. By not sending out advance notice of the meeting to all those who have written and spoken in the past on this project, you are ignoring their input.

Sincerely,

Judy Hanway

Hi Judy,

Thank you for the communication. I did ask that Mr. Timmer spread the word among all interested parties, so I am glad you were notified in advance. As standard policy for all projects, the email notification for the project will go out later tomorrow when the agenda is finalized.

Best,
Matt

Hello Matt,

I have not received notice from you of the 2250 Ann Arbor Saline Rd. condo project being on the agenda for the Sept 9 PC meeting. The only reason I know about it is because of an email

from Ken Timmer, one of my neighbors. I have attended every meeting on this project and have also given my email address multiple times.

I thought anyone who entered their email and/or spoke at the last meeting (concerning 2250 A2 Saline Rd.) would be notified. There is a real lack of transparency here and also a lack of respect for the neighborhood.

Sincerely,

Judy Hanway
2059 Ascot Rd.
