**Subject:** Thurston Nature Ceter- City-Owned Prairie

Planning Commission,

I am writing to urge you to deny AAPS's request to pave over the Thurston Nature Center South Prairie. This parcel is owned by the city and is ecologically sensitive and important to our community and the nature center's ecosystem. It has been an important prairie habitat for decades. Tell AAPS NO.

Lisandra Fernandez-Silber

Bluett Rd resident and soon-to-be Thurston parent
